NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 303 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet, (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11). in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole sum secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on February 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesot, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and Twenty-five Dollars ($25.00) attorney's fees stipulated in said mortgage.

Dated June 24th, 1918.

LOUIS KRUSE,
Mortgagee.

THEO. QUALE,
Attorney for Mortgagee.
Thief River Falls, Minn.

Proposals For Bids For Construction of Sewer Improvement.

The City Council of the City of Thief River Falls, Minnesota, will receive sealed bids under the above title up to Eight O'clock P. M., on August 10th, 1918, at which time the bids will be opened and considered, for furnishing all labor, skill and material for the construction of a bridge and abutments for sewer improvements within the City of Thief River Falls, Minnesota, such bids to be made upon a basis of cash payment for the work and labor, and no bid will be considered unless accompanied with a cash deposit or duly certified check payable to the order of the Treasurer of the City for at least fifteen per cent of the amount bid. Such bids to be in accordance with the plans and specifications now on file with the City Clerk of the *City of Thief River Falls*, Minnesota. The City Council reserves the right to reject any and all bids.

Dated at Thief River Falls, Minnesota, July 8, 1918.

A. H. AKRE,
City Clerk.
Thief River Falls, Minn.

J-18-25-A-1.

Notice of Expiration of Redemption No. 787.

Office of the County Auditor, County of Pennington, State of Minnesota.

To W. S. Barclay.

You are hereby notified that the following described piece or parcel of land, situate in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

The W½ of SW¼ of Section 2, Township 152, Range 43 is now assessed in your name; that on the 11th day of May, A. D., 1914 at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for the said County of Pennington on the 18th day of March, A. D., 1914 in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1912 for the said County of Pennington the above described piece or parcel of land was sold for the sum of $15.49, and the amount required to redeem said piece or parcel of land from said sale, exclusive of the cost to accrue upon this notice, is the sum of $15.49 and interest as provided by law at the rate of 12 per cent per annum from said 11th day of May, 1914 to the day such redemption is made, and also subsequent taxes and interest as follows:

$16.37 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1915 to the day such redemption is made, and $15.29 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1916 to the day such redemption is made, and $14.71 and interest thereon at the rate of 12 per cent per annum from the 23rd day of January, 1917 to the day such redemption is made, and $18.00 and interest thereon at the rate of 12 per cent per annum from the 22nd day of January, 1918 to the day such redemption is made.

And that said tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said piece or parcel of land from said sale will expire sixty (60) days after the service of this notice and proof thereof has been filed in my office.

Witness my hand and official seal this 8th day of July, A. D., 1918.

(Seal) T. P. ANDERSON,
County Auditor,
Pennington County, Minnesota.

J-18-25-A-1.

Notice of Expiration of Redemption No. 900.

Office of the County Auditor, County of Pennington, State of Minnesota.

To Selma Nelson.

You are hereby notified that the following described piece or parcel of land, situate in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

The Southwest Quarter of Section 15, Township 152, Range 39, is now assessed in your name; that on the 10th day of May, A. D., 1915 at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, A. D., 1915 in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1913 for the said County of Pennington, the above described piece or parcel of land was sold for the sum of $44.67 and the amount required to redeem said piece or parcel of land from said sale, exclusive of the cost to accrue upon this notice is the sum of $44.67 and interest as provided by law at the rate of 12 per cent per annum from said 10th day of May, 1915, to the day such redemption is made, and also subsequent taxes and interest as follows:

$69.25 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1916 to the day such redemption is made, and $65.80 and interest thereon at the rate of 12 per cent per annum from the 23rd day of January, 1917 to the day such redemption is made, and $55.76 and interest thereon at the rate of 12 per cent per annum from the 22nd day of January, 1918 to the day such redemption is made.

And that said tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said piece or parcel of land from said sale will expire sixty (60) days after the service of this notice and proof thereof has been filed in my office.

Notice of Sale in Ditch Proceedings. SALE OF DITCHING JOBS.

Notice is hereby given, that on he 5th day of August, 1918, at 8:30 o'clock p. m., at the office of the County Auditor in the City of Thief River Falls, Minnesota, I will sell the jobs of digging and cleaning the Ditch No. 32 of Pennington county, ordered by the Board of County Commissioners of Pennington county, State of Minnesota; by their order bearing date August 15th, 1918, viz: For the work as one job, and also for one or more sections of 100 feet each, and also for one or more of the construction jobs, each of said sections to be known and numbered by stakes as shown by the report of the Engineer in said matter, commencing at the one including the outlet, and from thence, successively, up stream to the one including the source 3711.0 cubic yards, to the lowest responsible bidder or bidders, and that bids are invited for said work; said work to be completed within the time required and in the manner specified, in said Engineer's report. And no bid will be entertained which exceeds more than thirty (30) per cent over and above the estimate cost of the construction, in any case, as stated in the said order; and the successful bidder will be required to give a satisfactory bond, to be approved by the Auditor of said County, with two freehold sureties, for the faithful performance and fulfillment of his contract, and to pay all damages that may accrue by reason of his failure to complete the job within the time required in the contract. The said order and estimates and profile are on file, and may be seen at my office.

The approximate amount of work to be done in the construction of said ditch is as follows:

All bids must be accompanied by a certified check payable to the Auditor of said county, for not less than ten per cent of the amount of each bid.

The right to reject any and all bids is hereby reserved.

Dated July 16th, 1918.

T. P. ANDERSON,
County Auditor Pennington county,
State of Minnesota. —J-18-25

THE world is crying for food. Never since the Dark Ages has there been such an international food shortage.

It is the duty of every man, woman and child in America to work and plan constantly to increase the output of food.

The world simply *must* have more bread, meat, vegetables and fruits, or millions of men, women, and little children *must* die of starvation.

Food production will be stimulated greatly by a study of the large exhibits of farm products at the Minnesota State Fair, September 2 to 7.

Mail Clerk Examinations.

The United States Civil Service commission announces an open competitive examination for railway mail clerks, men only, on August 10. These examinations will be held at various points in the state, Crookston being the nearest to Thief River Falls. The salary paid at the entrance is $1,100 per year. The position is open to men between the ages of 18 and 35 years.

HAZEL

Mr. and Mrs. Elmer Kolp and son Arthur, were Sunday guests at the T. J. Sumpter home near here.

The Young Peoples' meeting at the Simon Ahlberg home on Sunday was well attended and a good program rendered.

Only a few attended the dance at Hazel Saturday evening, given by Mr. and Mrs. Chas. Aldrich.

Miss Ethel Sandberg will be employed at the W. E. Reese home near Plummer for a few weeks.

Miss Hilda Carlson is visiting with friends here this week.

On Saturday evening the Gunderson young folks entertained a number of friends at a party. Games were played and a fine lunch served.

Carl Peterson and his nephew Reuben Julin, of Fort Francis, Canada, arrived Monday to spend the summer with the former's parents, Mr. and Mrs. Anton Peterson.

Mesdames Denhart, Elias Peterson and Ed. Larson were entertained at the W. E. Reese home near Plummer on Monday afternoon in honor of their son Orval's first birthday anniversary. He received many pretty gifts.

Word has been received that Frank and George Peterson arrived safely in France. They are with the engineers and enjoy army life immensely.

GERMANTOWN

Miss Clara Johnson is employed at the Skogstad home this season.

Miss Frieda Ristau was an electric car passenger from Thief River Falls last Monday and will remain home for some time.

Misses Martha and Ida Bundlund of Goodridge were visiting with their sister, Mrs. Clarence Wayne last week.

Mr. and Mrs. Nels Wayne of Rollis are visiting at the Will and Clarence Wayne homes.

The dance at the Cumming's home on Saturday evening, was well attended.

Last Thursday night a gang of auto thieves operated in our township. Andrew Nelson who has a new Overland, found his car near the state road, he having taken out the storage batteries, the thieves were unable to take it farther. The barking of the dogs at the Ole Holgeson farm interferred with their work there, but they made a get-a-way with Ole Peterson's Ford at Hazel, and nothing has been seen or heard of it since.

Mrs. G. Wilson shopped at Plummer Monday.

Henry Nelson who has been employed at the saw mill in Baudette, returned to Plummer last Wednesday.

Geo. Grant was a caller at Hans Hensen's in Mayfield Monday.

Sam Hanson left Sunday night for northern Wisconsin, where he was called by the serious illness of his mother.

Mr. and Mrs. T. A. Berghdal visited their sons Gust and Alfred at Plummer on Sunday.

Mr. and Mrs. Albert Follman and Mrs. C. J. Peterson of Plummer autoed to Oscar Wilson's Sunday.

Charles Carlson brought cattle to Plummer Friday to be shipped.

Miss Dorothy Evensen took in the dance at Hazel Saturday night.

Louis Evenson and Oscar Peterson attended the basket social and dance in the Singer barn near Rhoda Saturday.

Mr. and Mrs. K. Tharvilson and Mr. and Mrs. Isaac Wilson and son Stanley, visited at O. B. Gunderson's Sunday, near Thief River Falls.

Sam Hansen and son Palmer, were out in Hickory township and rented hay meadow Friday.

Proceedings of Pennington County Board of Equalization

Thief River Falls, Minnesota, July 15th, 1918.

Pursuant to law, Peter C. Wold, R. McGinn, Olof Larson, J. S. Roy and Oscar J. Peterson, constituting the County Board of Pennington County Minnesota, met at the office of the County Auditor in the City of Thief River Falls, at 10 o'clock a. m., and in conjunction with T. P. Anderson, County Auditor, took and subscribed to the Statutory oath and entered upon their duties as the County Board of Equalization in and for the County of Pennington State of Minnesota.

On roll call members reported present as follows: Commissioners Wold, McGinn, Larson, Roy and Peterson. Members absent; none.

On motion duly carried Olof Larson was duly elected Chairman of the Board of Equalization.

The Board proceeded to equalize the Personal Property of the Townships as well as the Villages and the City of Thief River Falls, as follows:

Changes made by the County Board of Equalization, for the year 1918:

Changes made by the County Board of Equalization, Pennington County Minnesota.

Having examined, compared and equalized the returns of the Assessment of Real and Personal Property of the County for the year 1918, on motion carried the Board of Equalization adjourned sine-die.

OLOF LARSON,
Chairman, County Board of Equalization.

T. P. ANDERSON,
County Auditor.

ST. HILAIRE

An accident occurred on the main road two miles south of Red Lake Falls Sunday morning when two cars almost clashed together. The Misses Hazel Wallin, Carrie Moore and Elizabeth Johnson and Messrs. Roy Johnson, Marvin Miller and Lester Radke were on their way to Maple Lake in the car owned by Marvin Miller. While going around a large bend, a large car came speeding up and before the cars bumped together, Marvin, turned his car towards the right and tipped into a large ditch, throwing the occupants out. No one was seriously hurt except Elizabeth Johnson, who was jarred up pretty bad. Mr. and Mrs. Chapter of this village appeared at the place of the accident just as the occupants were thrown out of the car. Miss Johnson was rushed back to Red Lake Falls where Dr. Watson was summoned. It was found that no bones were broken but Miss Johnson will have to remain in bed for a week or two from bruises on her arms and back.

Miss Anna Anderson left for Crookston Friday having made a week's visit at the home of her friends, Miss Esther Fricker. She will visit there for some time before leaving for Monterey, Minn., where she will spend the summer visiting with relatives.

Edward Lambert and Henry Patnode of Red Lake Falls, visited in this village Sunday evening.

Christ Kruse returned from St. Paul Friday.

Mr. and Mrs. N. E. Beebe and children and Mrs. T. Thompson autoed to Crookston Wednesday where they visited with friends.

Miss Gertrude Harder, who is employed on the George Whalen farm, near Red Lake Falls, made an over-Sunday visit at the home of her friends, Miss Lulu Allen.

Mr. and Mrs. J. Polensky, of Duluth and Mr. and Mrs. Fred Steinhauer, of Holt, autoed to this village, Wednesday where they visited at the home of Mrs. Steinhauer's sister, Mrs. Albert Severson.

Mrs. John Walbeck and daughter, Ebba, Mrs. Oscar Follman and Misses Enga, and Nellie Folstad shopped and visited at Thief River Falls Tuesday.

Mr. and Mrs. Elmer Burkee, Mr. and Mrs. James Amble, Mr. and Mrs. Glenn Martz and Mr. and Mrs. Charter and Miss Gladys Olson, autoed to Maple Lake Sunday where they spent the day.

Mrs. H. O. Jackson and Mrs. H. W. Shaulis left for Crookston Thursday where they visited at the home of Mrs. Jackson's son, Alton Jackson. They returned on Saturday.

Miss Nora Johnson, who has been taking up a nurses training course at Minneapolis, arrived here Tuesday for a visit at the home of her parents, Mr. and Mrs. C. Jackson.

Mr. and Mrs. A. Satterberg and Mr. and Mrs. G. Follman and daughter, Mildred, spent the week-end visiting with relatives and friends at Cass Lake.

Miss Esther Nelson, who has been taking a nurses training course at Chicago, arrived at this village Thursday via the Soo at Hazel for a visit at the home of her parents, Mr. and Mrs. N. A. Nelson.

A large crowd attended the sociable given on the M. E. church lawn last Friday evening.

Miss Myrtle Swanson of Crookston arrived in this village Friday for an extended visit at the home of her grandmother, Mrs. J. Walbeck, who resides on a farm south of this village.

Nels Benoit made an over-Sunday visit with friends at Red Lake Falls.

Mrs. Ebikhausen, and children returned to their home at Crookston on Thursday having made a week's visit at the home of her friend, Mrs. Thyra Larson.

Miss Selma Simonson returned Tuesday to Thief River Falls having made a week's visit at the home of her parents, Mr. and Mrs. Peter Simonson.

Miss Luella Williams of Thief River Falls arrived Friday for a brief visit at the Ole Loberg home.

A large number of people around this village gave a surprise party at the August Swenson school-house last Friday evening, on Mr. and Mrs. Bennie Johnson who returned last week from their honeymoon trip. The evening was spent in playing many interesting games. A luncheon was served to seventy-five people, after which a large leather chair was presented to Mr. and Mrs. Johnson. A very enjoyable time was spent by all those who attended.

Mr. and Mrs. W. Janda and Mrs. H. M. Kalland who have been visiting for the past three weeks with relatives at Drayton, N. D., returned last week Wednesday. Mr. and Mrs. Janda returned the same day to their home at Thief River Falls.

H. A. Olson transacted business at Hazel Monday.

Mrs. August Stenquist and son, Ferdinand, of Drayton, N. D., autoed to this village Sunday for a visit at the home of Mr. and Mrs. Ole Brink, of this village, and Mr. and Mrs. Gundor Linquist, of Black River township. They returned on Monday.

Mr. and Mrs. Merritt of St. Paul, arrived in this village Tuesday for a visit at the home of their friend, Mrs. Anna Martz. Mr. Merritt returned the same day but Mrs. Merritt will remain here for an indefinite visit.

Miss Myrtle Gigstad returned home Monday having made a two weeks' visit at the home of her friend, Miss Ella Brandt, who resides on a farm in Black River township.

Messrs. Gilbert Nass and Alex Ifykum, of Roseau, autoed to this village last week Monday for a visit at the home of Mr. Nass' sister, Mrs. E. Peterson. They left the same day for Grand Forks where Mr. Nass will consult a physician.

Fred Gunstad returned to Thief River Falls Monday having made an over-Sunday visit with friends in this village.

Bert and Eli Roy and Rudolph Grandbois returned to Red Lake Falls Sunday having made a brief visit with friends here.

Having made a week's visit at the R. Wallin home, Mrs. Gustafson returned to her home at Crookston, on Friday.

Mrs. Peter Simonson and daughters, Laura and Selma, returned Wednesday via the Soo at Hazel from Cass Lake, where they made a week's visit at the Podvin and Ittner homes.

Mrs. Stadsvold and daughter, Florence, returned to their home at Crookston, Friday, having made a five weeks' visit at the home of Mrs. Stadsvold's sister, Mrs. I. Johnson.

Mr. and Mrs. H. A. Orperud, Mrs. Ole Orperud and Curus Orperud and daughter, Margaret of Litchville, N. D., autoed to this village Sunday for an extended visit at the A. Satterberg and G. Follman homes.

A man may get tired of ordinary tobacco—but never of Real Gravely Chewing Plug, with its pure, clean taste and lasting quality.

Around Our Town

A baby girl came to brighten the home of Rev. and Mrs. G. A. Tungseth, 709 Knight avenue north, last Saturday.

The Ladies' Aid of the Methodist church will be entertained at the church on Wednesday, July 31, by Mrs. Will and Mrs. Joslin.

Mrs. Earl Cody and son Earl, who have ben visiting during the week at the home of Dr. Jennie M. Eastman, returned to their home today.

H. H. Spink has accepted a position as general utility man in the accounting department of the First National bank, beginning his duties last week.

Miss Agnes Crompe arrived in this city Monday morning from her home in Crookston for a week's visit at the home of her aunt, Mrs. N. Majeres.

Mr. and Mrs. J. A. H. Lemieux, accompanied by their daughter, Marie, and Mr. Lindsay, all of St. Paul, spent Tuesday as guests of the W. B. Fuller family.

Mr. and Mrs. A. B. Rommem and children, accompanied by Mr. and Mrs. Olof Nordhagen and little son Orrin, motored to Maple Lake Sunday for the day.

Mrs. Anna C. Watson returned to her home in this city yesterday morning after a three weeks' visit at the home of her daughter, Mrs. Jason Weatherhead of Ada.

Mrs. R. H. Ross and infant son, Richard Harold, Jr., were discharged from the Physicians hospital this noon and returned to their home, 116 Markley avenue north.

Mrs. Julia Anderson returned to her home in this city this morning from Davenport, Iowa, where she has been visiting for a month at the home of her niece, Mrs. Peterson.

Miss Anna Roth of Madison, Ind., and Miss Louise Mehrekens of Cincinnati, Ohio, the former a sister and the latter a niece of Fred Roth, are visiting at the Roth home for a short time.

Pure kettle rendered lard, No. 5 pails, $1.35 at the City Meat Market. E. L. Rolland. Other startling reductions in food prices. For particulars see advertisement on this page. —j-25.

Miss Clara Waxbik who had been a guest of Miss Alfreda Knudson in this city for three weeks, left yesterday afternoon for her home in Grand Forks. She was accompanied by Miss Knudson who will visit her for a few weeks.

Wm. Froehlich of St. Claire, Minn., arrived in this city Monday morning and is a guest at the home of his son, Dr. H. W. Froehlich. Misses Ida and Emma Kamrath of New Ulm, nieces of Dr. Froehlich, are also guests at his home this week.

August Lundgren, accompanied by his daughter, Miss Florence Lundgren, R. Swenson and Miss Edith Allen of Warren, motored to this city yesterday for a brief visit. While in this city Miss Lundgren and Miss Allen were guests of Miss Ruth Kiland.

Rev. G. O. Schultz, pastor of the German church at Goodridge, was in the city yesterday, having returned from a trip through southern Iowa. Rev. Schultz says that the crops in that section are the best for years, this applying to nearly everything growing.

A. J. Wedge, Jr., of Bemidji, was in the city on busines the first of the week. Mr. Wedge says that the crops to the east of Thief River Falls are doing very well, a sufficient amount of rain having fallen during the past ten days to insure against any danger of loss from drought.

Another bunch of Thief River Falls boys have successfully crossed the ocean and are probably by this time in France. Relatives of James Havel, a member of the contingent leaving here on April 26, have been notified of his safe arrival. Havel is a member of the 358th regiment of infantry.

Corp. Hugh Bottelson, son of Mr. and Mrs. Andrew Bottelson of this city, arrived here Monday morning from Camp Dodge, Iowa, to spend a ten days' furlough at his home and with friends. Corp. Bottelson is a member of the U. S. Army Hospital corps at Camp Dodge, and is in Company A, Barracks No. 1.

Mr. and Mrs. Willis Akre, Mr. and Mrs. E. F. Dolan and Miss Avis Akre left Sunday morning for a trip to the cities and other points where they will visit for a week or ten days. They went by auto and covered 210 miles the first day, according to word received from them at Fergus Falls, which point they reached Sunday night.

Mr. and Mrs. I. O. Eggen and son Edwin, returned to their home in Kelliher, Minn., in company with Miss Agnes Rommem of this city, the first of this week after a week's visit in this city at the home of Mrs. Eggen's sister, Mrs. A. B. Rommom. They also visited at the home of Mrs. Eggen's mother, Mrs. S. Nordhagen of Rosewood and her sister, Mrs. A. Gulseth of Viking.

Mr. and Mrs. Maurice DeWein, accompanied by Mr. DeWein's mother of Burlington, Iowa, motored to this city last Saturday for a brief visit with friends. They were accompanied here from Oklee by Mrs. DeWein's mother, Mrs. J. C. R. Charest and were guests here over Sunday. They left Oklee Tuesday morning for their home accompanied by Mrs. Charest who will visit her daughter until after the departure of Mr. DeWein who leaves with the drafted men on the 29th of this month. Mrs. DeWein will return to Oklee with her mother for an extended visit the first of next month.

Mr. and Mrs. Ferdy Brown leave tomorrow for Miles City, Mont., where they will make their new home. Mr. Brown has accepted a position with the Lindsay-Miles City company as credit man. For the past two years Mr. Brown has had charge of the office of the Thief River Grocery company and this new position is a splendid promotion. The Lindsay-Miles City Grocery company is one of the many houses owned by the Nash Brothers. Miss Lena Lonson, former bookkeeper for the Grocery company here has been promoted to Mr. Brown's position and Mrs. Gertrude Carew is now bookkeeper.

Temperance Speaker Coming.

Fred B. Wyman of the Minnesota Anti-Saloon league, will speak at the First Swedish Evangelical church on the question of national prohibition on Tuesday evening, July 30, at eight o'clock. Mr. Wyman is an affective speaker and is doing good work in the campaign for a dry Minnesota.

FAIR INCREASE IN LIVE STOCK

ASSESSMENT ROLLS SHOW 400 MORE MILCH COWS THAN YEAR AGO.

THE GAIN IN SHEEP IS 661

HOGS ARE POOR THIRD WITH AN INCREASE OF BUT 211 HEAD.

Dairy cattle in Pennington county increased at the rate of two cows for every three inhabitants during the past year, according to the reports of the different township assessors which have now been gone over by the board of review. For a year during which it was predicted that the bovine census would show a decided decrease this is doing pretty well.

Some Have Decreased.

There are fewer cows this year than last in seven townships and one village, these being Goodridge town and village, Highlanding, Norden, Numedal, Polk Center, Rocksbury and Wyandotte. Hickory is credited with the largest gain, there being an increase there of 98, while Rocksbury is the heaviest loser, having 74 less than a year ago. Following is the record for the two years:

	1918	1917
Bray	250	200
Black River	246	202
Cloverleaf	163	159
Deer Park	306	287
Goodridge	125	135
Highlanding	455	462
Hickory	429	331
Kratka	338	272
Mayfield	254	227
North	351	318
Norden	317	340
Numedal	103	114
Polk Center	163	185
Rocksbury	558	632
River Falls	316	266
Reiner	257	208
Sanders	394	369
Smiley	451	412
Silverton	241	224
Star	380	328
Wyoandotte	331	340
St. Hilaire Vil.	88	83
Goodridge, Vil.	7	11
Thief River Falls	59	68
Total	6582	6183

Sheep on the Increase.

There are over 3,000 head of sheep in the county the number having grown from 2,484 to 3,145 during the year. Rocksbury leads with a total of 451, followed closely by Numedal, 439, and Smiley, 435. Following are the number in each township for the two years:

	1918	1917
Bray	12	1
Black River	1	1
Cloverleaf	121	152
Deer Park	106	80
Goodridge	152	115
Highlanding	247	233
Hickory	63	54
North	98	133
Norden	88	75
Numedal	439	296
Polk Center	.....	1
Rocksbury	451	320
River Falls	104	80
Reiner	296	230
Sanders	435	358
Smiley	435	358
Silverton	193	75
Star	121	108
Wyandotte	44	34
St. Hilaire, Vil.	14	12

The Hog Census.

The hogs in the county number 1,780, this being an increase of 171 over a year ago. The town of Smiley leads in this division with 196, the smallest number being in Goodridge where there are only 33. Sanders, Star, Highlanding and Polk Center have made notable increases in this class of live stock.

One-Third More Autos.

A year ago there were 434 automobiles in the county. Now there are 634. The automobiles increased just half as fast as the cows, and there may be a connection. It is certain that the dairy sections of the country are where the most automobiles are to be found.

Notice.

Having decided to close my blacksmith shop Aug. 1st, I hereby notify all those who have repair work in the shop to get same and pay the charges before that date or the work will be held until charges are fully paid.

J-25 ED. A. SCHULTZ, Thief River Falls.

Hospital Notes.

Those who entered the Physicians' hospital up to this morning are: Miss Alice Wilson, city; John Erickson, Goodridge; Mrs. Bertha Austad, city; Mrs. Belle Baird, Erie; Miss Jennie Folden, Holt; Mrs. M. Wobonskonski, city; Mrs. Marie Mieres, city; Warren Johnson, city; Miss Alice Silbness, Newfolden; Mrs. Bessie Mohagen, city; Miss Rose Ellingson, city; Clement Cote, city and Mrs. Louise Schmitt, city; Mrs. John Schunedal, city; Carl Jenson, city; Geo. Gusa, Middle River; Miss Alice Bakke, city; Elliott Kulpolsky, Mahnomen; Mrs. Tina Hermanson, city; Ernest Wart, Grygla and Shirley, Ersyl and Leigh Anderson, children of Mr. and Mrs. T. P. Anderson, city.

Was Good Picnic.

The proceeds of the picnic given by the members of Bethania church at the O. M. Peterson place in Smiley township, amounting to $32.20, were this week turned over to Treasurer T. L. Melgaard. The picnic was a success in every way and well attended by the people of the neighborhood.

MADE OFFICER OF BANKERS' COUNCIL

GEORGE G. JOHNSON TO REPRESENT NINTH DISTRICT ON EXECUTIVE COMMITTEE.

Thief River Falls was honored at the recent meeting of the United States Council of State Bankers' association held at St. Louis. An executive committee composed of one member from each reserve district was named, and George G. Johnson, vice president of the First and Peoples State bank of this city was selected as the representative from the Ninth. The delegates present at the meeting represented more than one-half of the entire banking resources of the country.

Thirty states were represented and Willis Booth of San Francisco was elected president and F. C. Nisson of New York, secretary. An executive committee, one from each federal reserve district, was chosen. The purpose of the organization is to secure closer co-operation between state and savings banks and trust companies. Resolutions pledging the resources of the bankers present, 185 in all, to winning the war, were adopted.

FINE RECORD FOR ARMY ACCEPTANCES

SMALLEST PERCENTAGE OF REJECTED MEN OF ANY COUNTY IN STATE.

It is doubtful if any county in the United States has a better record than Pennington when it comes to the number of men declared physically fit for army service. Over 200 enlisted and selected men have been sent out during the past year and out of this number just five have been returned by the army surgeons. Recently when the rejections at Camp Grant became so regular as to almost cause an investigation there were just two returned out of a class of 40 sent down. That this is not due to the prospective soldiers hailing from this county being dropped from the list of eligibles by the home doctors is proven by the fact that these reject very few. It is a matter of record that there must be something serious and incurable the matter before the board's examining physicians will reject a man. The record is one of which the community may well be proud.

The doctors who examined the recently registered class of 1918 say that it would be hard to find more perfect specimens. Out of the 44 coming under their observation there were just three who could not be passed. One of these was a cripple and the other two were epiliptics.

CREAM STATIONS ARE NONESSENTIAL

DAIRY COMMISSIONER ASSERTS CREAMERIES CAN HANDLE ENTIRE PRODUCT.

An estimate of the cream buying stations throughout the state, shows there are approximately 1,600 and that they are engaged in apparently nonessential work. This report has been forwarded to the Public Safety Commission and to A. D. Wilson, state food administrator, by James Sorenson, commissioner of the state dairy and food department.

"I respectfully suggest that the Safety Commission and the Federal Food administration investigate and issue such rules and regulations as may be necessary to insure economical and efficient handling of the dairy products," says Mr. Sorenson.

"There are 800 local and co-operative creameries in the state. Instead of giving these local creameries opportunity to exist on a paying basis, and to furnish better products than when the cream is shipped long distances," the cream stations and cream shipping have hindered progress of the local creameries and have caused an inferior grade of products to be made.

Waste of Transportation.

"The railroads are taxed beyond capacity in handling war materials, and it seems a waste of transportation and labor to be hauling millions of pounds of cream on through trains when this cream could be turned into a better quality of butter by the local creameries.

"Cream stations encourage the shipping and use of much sour cream which lowers the standard of butter. I believe that in the interest of conservation and efficiency, the cream should be handled and churned by the hundreds of good local creameries."

SALVAGE STORE IS RED CROSS SCHEME

WILL OPERATE TWO AFTERNOONS EACH WEEK, CORNER SECOND AND MAIN

A sort of clearing house for all Red Cross donations, outside of cash and farm produce, has been under consideration for some time and the matter has now reached a point where the announcement of the opening date can be made with certainty. The first day of collection and sale will be Saturday, after which the store will be open during two afternoons of each week, Tuesday being the other day selected. The store will be located at the corner of Main avenue and Second street, in the building formerly occupied by the Thief River Valley Land company. Persons wishing to donate to the Red Cross are invited to bring in everything of which use can be made. Clothing, shoes, reading matter, furniture—anything and everything that may be converted into cash.

It is expected that some of the material collected may be used in its present state, for shipment to the needy of the war-devastated countries but for the most part it will disposed of at regular sale. It is a much easier matter to send the money direct than it is to attempt the shipping of the more bulky articles.

The ladies in charge hope that those who wish to contribute will act early so as to give the institution a standing at once. Prospective purchasers are also asked to look over the stock on hand as they may here find just what they have been seeking at a greatly reduced price.

TO KEEP RIGHT ON TRYING FOR WATER

ANOTHER WELL CONTRACT LET BY COUNCIL TO SWANSON CONCERN.

The city council members are determined that the citizens of Thief River Falls shall be provided with an ample supply of pure water, but the securing of it is becoming just a little discouraging. The one well that is in working condition is doing good service and gives every indication of being able to produce all that can be expected of it, but the Duluth avenue prospect is proving something of a disappointment. The Swanson Artesian Well company, the concern doing the drilling, has had more or less hard luck at this location. In attempting to pull back the 14 inch pipe so as to permit of a point being placed at the bottom, it was broken off and could not be raised. A former well at the same location proved a failure also and had to be abandoned. Well drilling is all guess work, however, and has to be continued until results are arrived at.

Larson is Appointed.

It was not a particularly busy session for the council. Mayor G. A. Penney sent in the name of Carl B. Larson as a member of the cemetery board to fill the vacancy caused by the resignation of A. B. Tessum. This appointment was approved by the council and will be most satisfactory to the citizens.

L. D. McAdams was awarded the contract for the abutment to be constructed at the sewer outlet for $961.

IS CANDIDATE FOR OFFICERS' SCHOOL

G. HOWARD SMITH TO TAKE EXAMINATION — SERGEANT HIGHEST RANK.

The next school for officers in the army of the United States will be opened at three different points in the country on Sept. 15. Attorney G. Howard Smith of this city, who has had an application in for some time, left yesterday for Minneapolis to take the preliminary examination.

The school is open to enlisted or drafted men or men subject to draft who have been inducted into the army. The infantry school will be located at Camp Pike, Ark., the field artillery at Camp Taylor, near Louisville, Ky., and the machine gun division at Camp Hancock, Agusta, Ga.

In order to be eligible for the field artillery a candidate must have a working knowledge of algebra, quadratic equations and plane geometry. A student will enter the school as a private and receive private's pay. If he then passes the examinations after four months' of study, he will start as a sergeant. In case he fails he is placed in the army as a private or non-commissioned officer. The proposition does not appear as attractive as did the former officers' classes, but there is no doubt but that there will be a large number of applicants. While the graduate begins his career with a very low rank, his experience puts him in line for rapid promotion.

Women Wanted

The war is creating a big demand for women and young men with a knowledge of bookkeeping, banking, shorthand and typewriting. Wages are large and the chances for promotion are splendid. Write the Union Commercial College, Grand Forks, N. Dak., for a free catalog and full particulars.

NEW PRINCESS THEATRE

The Shows as You Like Them

Thursday, July 25—
A wonderful attraction: MARY FULLER and CHARLES RICHMAN in "THE PUBLIC BE DAMNED"
A great picture exposing the food shortage and its causes. A picture every American citizen should see. Also a comedy. Adults 20c; children 11c.

Friday, July 26—
SESSUE HAYAKAWA, The famous Japanese actor in "THE CITY OF DIM FACES"
Also a clever comedy.

Saturday, July 27—
EMILY STEVENS in "OUTWITTED"
A wonderful play of irresistable appeal; also a two reel Keystone comedy.

Special Sunday, July 27—
WILLIAM S. HART in "THE TIGER MAN"
A leap in the saddle and away! The clatter of horses' hoofs! A shot the silent night! That's Hart!!! A comedy. Adults 20 children First show 7:15; second 9.

Monday, July 28—
MARGUERITE FISHER in "MOLLY, GO GET 'EM"
A charming five reel feature; also a Billie Rhode's comedy.

Tuesday, July 29—
Matinee and night.
A magnificent picture, MAE MARSH in one of her best productions, "THE CINDERELLA MAN"
From the famous Broadway Play. Also Screen Telegram.

LINA CAVALERI, the world famous beauty in "LOVES CONQUEST"
Based on Victor Sardon's famous drama Gismonda; also a two reel Keystone comedy.

Matinees Tuesdays, Wednesdays and Saturdays, 5c and 10c, at 2:30. Evenings 17c and 11c. First Show 7:30; second 9.

Notice of Tax Sale of Unredeemed Lands in Pennington County, Minnesota, Under Sections 2127, 2128 and 2129, General Statutes 1913, As Amended By Chapter 332, General Laws of 1915.

Pursuant to the provisions of Sections 2127, 2128 and 2129 General Statutes 1913, as amended by Chapter 332, General Laws 1915, and Chapter 334, General Laws 1915, notice is hereby given, that on Monday the 12th day of August, 1918, at 10 o'clock in the forenoon, at the office of the County Auditor in the County Court House at Thief River Falls, in Pennington County, Minnesota, all tracts or parcels of land situate in Pennington County, bid in for the State, and not assigned to purchasers or redeemed within three years from the date of the tax sale at which said parcels were offered and no bid in by the State, will be offered at public sale, and will be sold to the highest bidder therefor. The current taxes will be included in all cases. No parcel will be sold for less sum than the aggregate taxes, penalties, interest and costs charged against it, unless the cash value therefor, fairly determined by the County Board and approved by the Minnesota Tax Commission, shall be less than such aggregate; provided, however, that all parcels bid in for the State for the taxes of 1907 prior years, and not assigned to purchasers or redeemed as aforesaid, may be disposed of for one-half of the total taxes as originally assessed; and provided further, that all tracts, offered at sale, held under Chapter 543, General Laws 1913, and not sold to an actual purchaser at said sale or subsequently assigned, will be offered for not less than fifty (50) per cent of the assessed valuation thereof for 1916 and taxes for the year 1915 with penalty and interest in full. Purchasers shall forthwith pay the amount of their respective bids to the County Treasurer. Said sale will begin at the time and place named above and will continue from day to day until every such tract or shall have been offered for sale under the provisions of said statutes. The list of said real property, subject to said sale, and which will be offered for sale, unless previously redeemed, is now on file in the office of said County Auditor, and of the State Auditor of said State.

Owners or interested parties may redeem their property by paying the full amount due to the County Treasurer, at any time before sale and within sixty (60) days after proof of service of the Notice of Expiration of Redemption has been filed with the County Auditor. After the Notice of Expiration of Redemption has been served, as provided in Section 2148 General Statutes 1913, the Chairman of the Minnesota Tax Commission is authorized to issue a deed in the name of the State, to the person entitled thereto. (See Chapter 332, General Laws 1915.)

Dated at Thief River Falls, Minnesota, July 24, 1918.

(Seal.) T. P. ANDERSON,
County Auditor,
j24-a-1-8. Pennington County, Minn.

MINNESOTA HISTORICAL SOCIETY

1918 CLASS MUST FILL NEXT CALL

NOT ENOUGH MEN AVAILABLE IN COUNTY UNDER ORIGINAL REGISTRATION.

EIGHT GO NEXT THURSDAY

ORDERED TO JEFFERSON BARRACKS FOR GENERAL SERVICE—TWO OTHERS.

Eight men selected for service in the national army will leave next Thursday to take up their training duties at Jefferson Barracks, Mo. They are: Alexander Swanson, St. Hilaire; Ward Long, Thief River Falls; Clarence Syrtvedt, Rhoda; Robert Dempsey, Rudell; Harry Stucy, Erie; Joseph Stangl, Mahnomen; Nicholas Olson, Rhoda and Ole Gunderson, Rhoda. The preponderance of men from the country in the list is accounted for by the fact that these have been exempted as long as possible by reason of their being employed at farm labor. The number of men available in Class 1 is now so small, however, that many who were formerly exempted will have to take their places in the line.

Class of 1918 is Next.

Two men will leave on the 15th for special service, being assigned to the university of Indiana for training. These are Fred W. Gunstad of The Times mechanical force and Victor McLeod of Goodridge. Both are members of the class of 1918.

The regulation August draft call will have to be supplied from the list of those who registered on June 5, this year. Should the call be for approximately the same number as in July it will mean that about 40 of these young men will have to go. The 1917 class list is not depleted but the government has exempted the railroaders and those actually engaged in crop production for the present and the opportunity to go first will fall to those who registered last. This will come as no surprise to these lads as they have been warned by the members of the registration board that their call might be expected at any time. They are all anxious to get into the fray and there will be no trouble in meeting the requirements.

County Auditor T. P. Anderson, clerk of the board, states that including the last registrants there will be about 30 men left with which to meet the September call. By that time it is also likely that the age limits will have been extended and a new registration ordered.

HOME GUARDS WILL GIVE FAIR DANCE

AFFAIR WILL BE STAGED AT AUDITORIUM ON TUESDAY EVENING.

In accordance with ancient and approved custom, there will be a big dance given as a proper side diversion to the big county fair. The evening of the second day has been turned over to Company C, Minnesota Home Guard, and the members of this organization will be the hosts at the function. The dance will be given at the Auditorium on the evening of Tuesday, Aug. 6th, and is to be the most elaborate affair of its kind ever attempted by the company.

The best orchestra procurable will furnish the music and the supper arrangements will be looked after by competent parties. Hall decorations will be on a scale in keeping with the importance of the occasion and the dignity of the hosts. Everything is going to be just a little bit finer than anything before has ever been.

The officers and members of the company want to see how it feels to have the organization out of debt, and the proceeds will be devoted to the liquidation of obligations. No one gets anything in the shape of pay out of all the work they are required to do in order to put an affair of this kind across properly, the members themselves paying their way the same as other folks. But they sure will have a good time. Full dress uniforms, of course.

NURSE TO FOLLOW BABY CLINIC HERE

WILL HOLD EXAMINATIONS IN DIFFERENT SECTIONS OF THE COUNTY.

The Minnesota Public Health association is sending a practical nurse to follow the free clinics held under the direction of the State Board of Control in the better baby campaign now being conducted throughout the state. Such nurse will be in Thief River Falls to begin her work on Aug. 12, and will examine all children under five years of age free of all charges. She will examine all babies after they have been registered, weighed and measured in order that any defects may at once be disclosed and their correction begun. She will be at the Northrup, Washington and Knox schools in the city and at the following other places in the county, besides St. Hilaire and Goodridge: Districts No. 44, 48, 28, 30, 31 and 66.

A more complete announcement of the plan it is hoped to follow, will appear in The Times next week.

County Superintendent E. A. Mostue announces that the members of rural school boards as well as the teachers who may be spending their vacations in the vicinity of their schools are expected to extend every assistance to those in charge of this work. He hopes that school boards particularly will see that as much publicity as possible is given of the time and place of meeting and that the use of the building be given free.

LETTERING ON OAT STRAW MYSTIFIES

Many farmers have noticed it but none seem to know what it means. It is claimed that all oat straw this year is marked in a manner never before noted and there is considerable speculation as to what causes the markings. These are in the form of a perfect letter "B" and are found on every oat leaf in the fields. The mark occurs about the center of the leaf and is the same in every case. Men who have farmed in this section for years say they have never before seen anything like it and are somewhat mystified concerning its portent. No matter what the variety of oats or where the seed came from, the lettering is invariably there, they say.

✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚

FRED T. SCANLON SEVERLY WOUNDED

AMONG THOSE WHO RETIRED ON FIRST DAY OF OFFENSIVE.

Corporal Fred T. Scanlon, of Thief River Falls, a member of the 151st field artillery, was seriously wounded on June 15, the first day of the big drive which has ended so disastrously for the enemy. This information is contained in a telegram received by T. D. Scanlon, father of the young man, yesterday. No details of any kind were given, the telegram simply stating that the wound was "severe."

Corporal Scanlon was among the first four to enlist from Thief River Falls when President Wilson issued the call, the others being Ralph Falk, Glen C. Anderson and Martin Langseth. He tried for both the navy and the infantry but was found too light. He kept on applying, however, and was finally accepted for the artillery. After a term of training he was sent across and shortly after word was received that he had been made a corporal. He is the second Thief River Falls man to be wounded in action, the first being Leo Miller.

Old Lady Hurt.

Mrs. Ward, a lady 73 years of age, residing at Plummer, had two ribs broken and sustained other injuries when a horse became frightened and started to run away with the rig in which she was riding one day last week. She had started for Thief River Falls with a boy as driver. A neighbor intended making the trip with them and in opening the gate to the latter's yard the lad allowed the lines to fall against the horse's heels. Mrs. Ward was thrown out before the horse could be stopped.

LOCAL HOSPITAL ON FAVORED LIST

IS ONE OF CIVILIAN INSTITUTIONS RECOGNIZED FOR TRAINING OF NURSES.

The Physicians' hospital, located in this city, has been highly complimented by being named by the United States government as one of the institutions which may be selected by student nurses as a place of training. So far as announced this is the only hospital in this section of the state upon which this honor has been conferred.

Young women registering for a nurse's course in response to the appeal of the government have the right to choose for themselves the hospital at which they prefer to serve their apprenticeship, the only requirement being that it be one of those to which the proper recognition has been extended. The department is getting out a handbook containing full instructions to novices in the nursing field and these contain the names of all the hospitals at which they may begin their course. Nurses may serve the first two years of their term here, after which a course of one year will have to be taken at one of the big city hospitals.

A Youthful Aviator.

Richard, the seven-year-old son of H. L. Ward of Cloverleaf township, is suffering from a broken arm. The youngster attempted to hang to a hay rope while his brother pulled him to the top of the barn, but became tired after getting up about ten feet and fell to the ground. The break is a particularly troublesome one, being just below the ball where the arm joins the shoulder.

HAIL SUFFERERS WILL BE HELPED

MEETING FOR PURPOSE OF FORMING PLANS TO EXTEND AID.

PRESENT LAWS MAY COVER

FARMERS WILL MEET AT BANNER SCHOOL HOUSE ON MONDAY EVENING.

At a special meeting of the directors of the Thief River Falls Commercial club held on Tuesday it was determined to extend to the farmers whose crops suffered in the hail storm of Saturday, every possible assistance in procuring for them such relief as is possible under existing laws and to lend every assistance in obtaining legislation for the better protection of those suffering damage from visitations of this kind in the future.

Must Make Survey.

No definite course of action has been mapped out and nothing will be done until the officers of the club are advised as to the nature of the assistance they can render, but in all possibility the most important and hardest work will be the securing of proof of damage in each individual case. This will require a great amount of work and should be done for the hail sufferers at no cost whatever to them.

Meeting Monday Night.

There will be a meeting of Farmers' clubs at the Banner school house Monday evening for the purpose of organizing to investigate the situation and to make plans for obtaining such relief as the law permits. All officers and directors and as many members of the Commercial club as possible should attend this meeting and learn what they can do to assist in this movement.

This matter is of great importance, not only to those having sustained a loss, but to the whole community, and it is expected that every business man will take a personal interest in seeing that everything is done to obtain for them every possible relief.

Damage is Considerable.

That the freakish hail storm which hit Pennington county early Saturday afternoon was the worst visitation of its kind in the history of the section is certain. No estimate of the damage that is even remotely correct has likely been made, the guesses varying from $100,000 to $500,000 and more. The storm made a clean sweep where its full effects were felt, while in certain localities it left nothing in the shape of grains standing.

Not in Hail Belt.

The oldest inhabitant cannot remember when hail previously caused any considerable amount of damage in Pennington county. So secure did our people feel against anything of this kind that but few had protected themselves with hail insurance. The storm was a freak from every standpoint. The weather was actually cold for this time of year and held none of the usual signs foretelling a storm of this kind.

Crossed Diagonally.

The storm traveled from the southwest toward the northeast, making its first appearance in Bray township, as indicated by the reports. Traveling through a section of Sanders it struck almost straight eastward through the center of Rocksbury, after which it again turned slightly to the north through Smiley township and into Silverton. Here it followed the state road, doing much damage on both sides, but did not extend to the tracks of the Minnesota Northwestern railway. The country about Mavie escaped with slight injury, while Goodridge was not heavily hit. The storm continued through Pennington county and into Marshall, apparently spending its force in the forests east of Thorhult region. It is probable that one-fifth of the total area of the county was in the track of the storm, damage of a greater or less degree being reported from about this extent of territory.

Many Hit Hard.

From south and west of Thief River Falls considerable damage is reported, but the region about St. Hilaire seems to have escaped entirely. In Rocksbury township the loss is perhaps greatest, this being partly due to the fact that the land is more generally cultivated there than at other points struck. Silverton and Cloverleaf also were hit hard, but the destruction was not so general. The far eastern section of the county seems to have escaped practically without damage. Star, Hickory and Reiner townships reporting only nominal losses. A sort of overhang storm hit this last-named section the same day and knocked down some grain in scattered fields, but the loss was not great.

To Officers' Training Camp.

G. Howard Smith, attorney at law and secretary of the Thief River Falls Commercial club, expects to receive a call to join the next class at the officers' training school at Camp Pike near Little Rock, Ark., sometime before August 15. Camp Pike is the location of the school for infantry officers, to which branch Mr. Smith has been assigned. He has been notified to be ready to leave on five days' notice and is busy putting his business and private affairs in shape. His law practice will be turned over to Perl W. Mabey to look after until his return.

Mr. Smith will be the third Thief River Falls man to enter the school for officers, County Attorney H. O. Kjomme and Ralph Falk having preceded him. The former is now a first lieutenant while Falk was awarded a second lieutenancy.

Mrs. Smith and little daughter will reside in St. Paul while Mr. Smith is away.

✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚

CALL MEETING OF HAIL SUFFERERS

All farmers whose crops were damaged by the hail storm of Monday are asked to meet at the Commercial club rooms at 11 o'clock next Saturday forenoon for the purpose of discussing the situation.

Merchants and bankers in the county are also invited to be present as they are vitally interested in the matters to be discussed.

Senator D. P. O'Neill will be present for the purpose of explaining the intent of the law passed at the last session of the legislature extending relief to those whose crops are destroyed by hail.

✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚

M'CRUM AWARDED FRENCH WAR CROSS

DISTINGUISHED WHILE ACTING AS AMBULANCE DRIVER UNDER FIRE.

Pennington county has one soldier boy who is the proud wearer of a foreign decoration, earned by his display of coolness and bravery on the field of battle. Wesley McCrum, son of Mr. and Mrs. I. W. McCrum, is the soldier and the croix de guerre given by the republic of France in recognition of distinguished service, is the decoration he is entitled to wear. Details of the particular achievement for which this honor was conferred is lacking, but in a letter the young soldier says that it was something that necessitated his going without anything to eat for 48 hours. There is no doubt but that there were other unpleasant experiences connected with the proceeding.

McCrum is the first Thief River Falls boy, so far as known, to be decorated for bravery on the battle field. He is one of four brothers who are serving in different divisions of our fighting forces.

NEW BAND LEADER ASSUMES CONTROL

HAS ONLY REMNANTS OF FORMER FINE ORGANIZATION BUT WILL CARRY ON.

After the Thief River Falls band, formerly one of the best in the state, has been trimmed down to where the remaining members are either too old or too young to join the military establishment of Uncle Sam, we are going to build up the organization again. A good start has been made in the selection of a competent leader. D. J. Cordes, formerly of Polson, Mont., and an instructor with years of experience to his credit, arrived last week and has taken charge. Mr. Cordes will take the available members of the former Minnesota State band and the more promising among those who make up the juveniles and will soon have a very acceptable layout. There are quite a number of the youngsters who are exceptionally good and with the help to be had from old-timers they will do very well.

Mr. Cordes will drill both the men and boys and will devote whatever attention is necessary toward getting them in shape to meet any demand. The first public appearance under his leadership will probably be during the county fair, at which they have been engaged to play on all three days.

FINAL REPORT ON THIRD BOND SALE

SHOWS TOTAL FOR PENNINGTON COUNTY TO HAVE BEEN $304,600.

Chairman George G. Johnson of the third Liberty Loan campaign, has received, the final returns of the result in Pennington county and finds further reason for congratulating the people and thanking those who helped to make the drive a success. The report shows that the total subscribed was $304,600, which is certainly some showing when it is remembered that the county's allotment was only $185,000.

The railroad workers showed up particularly strong in the final tabulation. It was estimated that the amount which might be expected from this source was $17,000, but the returns show that $20,750 was subscribed.

In the three campaigns the people of the county have subscribed a total of $469,005. The first call a little over a year ago brought out only $62,500. In November when the government again needed funds we raised it to $102,905. In the last drive went nearly three to one better than this.

An Unwelcome Guest.

George Christo of the Minnesota Candy Kitchen, is not particularly afraid of tarantulas, having run across them before, but he does not keep them around for the children to play with. A big, hairy fellow arrived in a bunch of bannanas at his store the other day and is now on display in a glass bottle. The giant insect was not particularly active when first seen by Mr. Christo, but has revived considerably in the bottle and seems to feel alright. Along with the spider was found a white ball of considerable size around which the tentacles are often found wound. Mr. Christo says that this ball contains the eggs of the insect and expects soon to have a whole colony. The tarantula eats flies, which is the only redeeming feature about the ugly brute.

Returned to Camp.

Corporal Hugh Bottelson who had been in this city for a week visiting at the home of his parents, Mr. and Mrs. Andrew Bottelson and with friends, left Sunday night for Fort DesMoines, Ia., where he is a member of the Medical Detachment of the U. S. Army.

All Subscriptions Must Be Paid in Advance

On July 1st postage rates on all newspapers in the United States were increased by act of congress. Prices of paper have again increased, as well as wages, and every item of expense that enters into the production of a newspaper.

The Government Requests

that all waste of paper be eliminated as far as possible and that papers be sent only to subscribers who have paid for them.

We Are Going to Comply With This Request

and on August 15th every paper that is not paid for in advance will be stopped. This rule will be enforced without favor to anyone. If your paper is not paid in advance by August 15th it will be stopped. We still have a few of the big WAR MAPS left and they will be given away as long as they last to those paying their subscription in advance.

Statements Have Been Mailed This Week

to all subscribers whose subscription has expired or will expire before August 15th. If you want the paper continued you must pay in advance. All subscriptions will positively be stopped on the day they expire.

NORTHERN MINNESOTA'S GREATEST COUNTY FAIR OPENS MONDAY MORNING

Greatest Display of Live Stock and Agricultural Products Ever Seen at a Similar Show in This Section of the Country.

MANY WONDERFUL AMUSEMENT FEATURES

Dairy, School, Household, Red Cross and War Activities Departments All Represented and Given Places of Honor.

When the seventeenth annual fair of the Pennington County Agricultural society is opened to the admission of the public on Monday morning there will be found displayed the greatest variety of the finest products of the field, orchard, dairy, garden and kitchen ever seen at a similar exhibition in northern Minnesota. Pennington county has always had good fairs, but this one will so far outclass any previous attempt that it will be hard to recognize it as being sponsored by the same patrons and conducted under practically the same management.

From the Outside Districts.

Every community in Pennington county is taking a lively interest in this fair. There is a keen rivalry between the farmer's clubs of the different localities over which one shall receive the award for the best general exhibit. Districts never before contributing particularly strong to the displays at the fair will this year bring in their best. From Goodridge, for instance, will come 150 head of cattle and a large number of sheep and chickens. There will be six herd exhibits from the St. Hilaire region alone, and it now looks as if even the housing facilities added this year are going to be severely taxed.

Pure Bred Sheep.

The sheep division is going to be one of particular interest. Secretary N. W. Tarrant and County Agent R. P. White have been going over the list of entries and are convinced that the finest lot of pure bred sheep ever seen in this section will be placed on exhibition at this fair.

Another Shorthorn Class.

It has been deemed advisable to divide the Shorthorn cattle into two classes and prizes will now be awarded for both the milk and beef strains.

Every Guernsey sire in the county—and there are about a dozen of the very finest owned here—will be entered. The same holds good with relation to the Holsteins, but there are not so many of them.

Uniform Grain Display.

Grain exhibits must be entered on Monday forenoon in order to be assured of positions. The judges in this division, G. L. Sterns, John Bratrud, C. W. McDaniel and W. H. Frederick, warn all exhibitors against sending in samples too small to conform to the rules. Heretofore it has often happened that an excellent exhibit could not be given any consideration because it was too small. All grain sheafs must be at least six inches in diameter in order to be regarded as a prize contender. The samples will be looked after and returned to the owner at the close of the fair.

The Canning Exhibit.

There will be a canning demonstration carried on at the grounds under the supervision of F. G. Wells, agricultural instructor at the high school. The best methods of putting up vegetables and fruits will be fully explained, this being one of the most valuable features connected with the household economics division of the fair.

The Red Cross Booth.

All those who have been making scrap books for the soldiers are notified to hand these in at the Red Cross booth at the fair grounds before noon of Monday. The members of the different church organizations who are putting on a food display must also have their articles entered at the same time. These displays are simply for exhibition and will not be awarded prizes.

An Added Feature.

In order to raise money for the Red Cross a number of Shetland pony races will be held, the boy or girl doing the riding paying a small sum for the privilege. Fred Beerbower has donated the use of his six ponies for this purpose.

The Free Attractions.

There will be numerous free attractions each day of the fair, these being pulled off in front of the grand stand. There are so many of them that their order has not been arranged, but there will be new ones for each day of the fair.

No Admission Charged.

No admission will be charged for getting into the grounds on the first day, the usual prices prevailing on the remaining days of the fair.

Everybody boost and everybody come.

RESULT OF PEAT WORK IS SHOWN

ENTIRE SECTION INTERESTED IN PROCEEDINGS IN GOLDEN VALLEY SATURDAY.

OF GREATEST IMPORTANCE

PRACTICAL PLANS FOR RECLAIMING THESE LANDS TO BE PRESENTED.

The largest gathering of people interested in the reclamation of peat lands ever seen in the state will be present on visiting day at the Golden Valley station next Saturday. The work carried on under the direction of Dr. F. J. Alway on selected plots has attracted state-wide attention and reports of results will be watched for by thousands of persons in northern Minnesota.

Crookston will send a large delegation and numbers are expected from Warren, Argyle and other points having peat lands in their neighborhood. The route taken will be through Thief River Falls and Mavie, the road being in excellent condition. Visitors are asked to bring their lunches, with the exception of cream for the coffee, which will be furnished free by the farmers living in the neighborhood of the plots.

What Will Be Seen.

Three areas are included, namely a portion of unburned peat land, burned peat, and mineral soil where there is no peat. The Dahl farm, which was selected, has all of these three conditions. All kinds of crops are grown on each of the three areas. In addition, the unburned area has an application of potash, acid phosphate, and manure, while the burned area has various cultural treatments.

The events of visiting day include inspection of plots at one o'clock followed by a program at three o'clock at which Superintendent C. G. Selvig will preside. Addresses will be given by Senator D. P. O'Neil, of Thief River Falls; Dr. J. F. Alway, University Farm, St. Paul; Argonomist R. O. Westley, Northwest Experiment Station and John Huseby, county agent for Marshall county and R. P. White, county agent for Pennington county. Inspection of plots will be resumed following the addresses, after which a picnic lunch will be served.

Many Kinds of Crops.

The possibilites of peat land have been given a thorough test in these experiments. The following will be found growing on soil having undergone different kinds of preparation and the visitor will be able to judge for himself of the results: Wheat, spring rye, barley, oats, field peas, flax, potatoes, rutabagas, rape, alfalfa, sweet clover, broom grass, western rye grass, a mixture of red top, red clover and timothy and a mixture of alsike clover, red top and timothy. These will be shown growing on burned and unburned peat and on land plowed in the autumn as well as in the spring.

Is Important Matter.

Every business man in the city as well as the nearby farmers should make it a point to be present at this meeting. The subject to be handled is one of the most important confronting the people of this section and the results obtained thus far the most noteworthy of any secured in the state up to the present time.

✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚

RED CROSS PLEDGES.

While payments on pledges to the National Red Cross are coming in as well as can be expected, there are still some delinquents and these are asked by the committee to make remittances at their earliest possible convenience.

✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚ ✚

PLAN WORKS IN OTHER SECTIONS

"SHOCK TROOPS" VOLUNTEERING FOR SERVICE TO SAVE THE CROPS.

CROOKSTON MEN IN LINE

MERCHANTS AND OTHERS GLADLY SIGN UP TO WORK WHERE NEEDED.

They are taking the shortage of harvest help as a grave matter in some localities and people in all walks of life are striving to do what they can to save the situation. Experienced harvesters are not to be had and the work will have to be done by men in other lines if a serious loss is to be avoided. Up to date neither the farmers themselves nor the merchants in Pennington county seem to realize the urgency of the call that has gone forth and unless a campaign is started to get all concerned together for the purpose of mapping out a sensible working plan a large amount of grain that is ready for the binder will remain standing much longer than is good for it.

What Others are Doing.

Business and professional men in nearby communities have not been so slow in realizing the danger. In Crookston, for instance, a meeting was held at which 44 of the most prominent citizens of the place signed an agreement to go wherever their services might be needed and help in the fields. These names were secured at the meeting and it is expected that four times as many will have been attached to the list when a canvass is completed. Among those who are thus volunteering are many who are well known in Thief River Falls, including G. A. Youngquist, Harold P. Miller, Dr. Nelson, Tom Morris, Martin O'Brien and L. R. Silverton. These men mean business and stand ready to go when called upon.

An Iowa Instance.

Manager G. L. Sterns of the Northwestern Telephone exchange, received a newspaper from his old home town, Iowa Falls, the other day which shows that the plan is being followed with success in that state. As the article contains many suggestions that may prove of value here, we reproduce the sections most likely to apply to the situation:

"Twenty-one men went out to Addison Westgate's Wednesday evening after supper and shocked a field of oats for him. Tom Hale made the arrangements and was the generalissimo in command. Squads of men could just as well go out this wey every day. It would do the men good and there are lots of people in town who would be glad to help. These volunteers ask no pay but if any of the farmers insist upon compensating them the money will be turned over to the Red Cross chapter of this city. George E. Healey, of the Rock Island round house, has been named as Mr. Hale's assistant to help boost this work.

Railroaders Help.

"Friday night, sixty men responded to the call. At the Mort Mellinger farm, six acres of grain were shocked. The men then proceeded to the Chas. Elzig place where twenty-eight acres were soon taken care of. They then visited the Smalldridge farm and put eighteen acres more in shock. The work was done before dark and the men were back in town by 9:30.

"Last night, this volunteer help went to the Ray Elzig place and tomorrow night will shock the grain of Guy Acuff. Twenty-four men from the Rock Island roundhouse helped in the work Friday night. As calls from other come, they will be taken care of."

Put It Off No Longer.

It may be that when the time comes there will be plenty of volunteers, but these cannot be placed to the best advantage if they wait until the last minute to declare themselves. Register for service now by sending the coupon printed in this week's issue of The Times to G. Howard Smith, secretary of the Commercial club. In this manner a line can be had on the supply of labor available as well as a record of just what each man is able to do in order to help out. Your services may not be needed but you might show your good intention by offering them anyway.

Red Cross Bulletin

PUBLISHED UNDER THE DIRECTION OF THE MILITARY RELIEF COMMITTEE.

That frequent cheerful letters from home actually help to make the American soldiers less subject to shell shock in battle is one of the significant facts brought back from hospitals in France by W. Frank Persons, Director General of the Department of Civilian Relief, American Red Cross. Mr. Persons has just returned to Washington after spending four weeks with the American Expeditionary Forces in France, studying conditions which might affect the morale of the American fighter. He has been with our troops at reception camps, supply and naval bases and concentration points behind the line. The American soldiers billeted in little French hamlets seemed to interest him particularly because they must maintain their morale under conditions that offer no suggestion of American life or institutions.

"Of the morale of our fighting men I heard only uniform approval throughout France," said Mr. Persons. "They are maintaining that morale under conditions which, because of loneliness, strangeness and remoteness, do not, in themselves, predispose to buoyance of mind. It is obvious that we in America must do certain things that will help directly to overcome the absence in such surroundings of anything suggestive of American life. The English and the French military authorities are fully awake to the tremendous benefit to morale of maintaining home interests and satisfying the homing instinct of their soldiers. They therefore make a ten-day furlough every four months a regular feature of their military system and make it possible, if not obligatory, that the leave shall be used for a visit home. Our soldiers, cannot come for such visits. Therefore, as far as it is possible to do so, we must take the American home to them, must keep them constantly in touch with American life as we are living it from day to day in city, town or rural district. The recreation agencies and the canteens maintained by the Red Cross help by supplying the American articles they like, and particularly by giving contact with those who speak English and who really understand what a young American means when he talks about 'back home.'

"Very important in keeping the American home a living reality in France are letters from home—cheerful letters giving complete news—personal news not worth a line perhaps in any newspaper but of real moment to every member of that particular family group. These letters must come regularly and frequently and leave no gaps in home history. And this serial story of the home life should be illustrated with plenty of snapshots and pictures. News and frequent pictures of the children are peculiarly important. Those at home see the children daily. But from a distance of 3,000 miles and in a war environment, it is difficult to imagine a two-year-old as a three-year child or to make a satisfactory mental picture of how a child left in curls and rompers looks as a real boy with hair cut short and sticking his hands into his first pants' pockets. Such home news keeps brother, father or uncle buoyed up and in fine fighting spirit. Its absence may send him into battle worried, blue or morose and in no mental shape to take care of himself or to do his full part in protecting his trench mates."

Wheat Pledge Revoked.

Another step toward partial resumption by the nation of its old habit of eating was taken on Monday by the food administration in releasing *housewives from voluntary* pledges to curtail the consumption of wheat. This follows closely the release of hotels, restaurants, clubs and dining car services from their pledge, effective Aug. 1.

No change has been made, the food administration announced, in the half and half rule, and purchasers of wheat flour will be required to continue the purchase of an equal weight of wheat substitutes. Bakers still are required to make "victory bread" containing at least 25 per cent wheat substitutes. Coming in of the new wheat crop has made it possible for the release of voluntary wheat saving pledges, the administration said.

Unclaimed Letters.

The following is a list of the unclaimed letters at the postoffice of Thief River Falls, Minn., for the week ending July 27, 1918. If not called for in two weeks from the above date they will be sent to the Dead Letter Office at Washington, D. C.:

Bidler, Mr. Robert J.
Forde, Mr. William
Leen, Mr. Henry
Mahone, Mr. Pat
Nernburr, Mr. O.
Olson, Mr. Andrew
Rossett, Ludvig
Schlegel, Mr. Arthur
Staukastau, Mrs.
Spalding & Stewart
Swanson, Mr. J. P.
Swenson, Mr. Bengt
Trulson, Mrs. S. W.
Wagnor, Mr. Gorg.

When calling for the above letters please state that they were advertised.

JOHN MORGAN, P. M.

Local Druggist Pleased.

We are highly pleased with the QUICK action of buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, the appendicitis preventative. ONE SPOONFUL relieves sour stomach, gas, and constipation AT ONCE. F. J. Stebbins, druggist.

BOYS OUTNUMBER GIRLS IN SCHOOL

THEY ONLY HAVE THEM BEATEN BY THREE VOTES, HOWEVER.

FEW STICKERS IN THE CITY

PERCENTAGE OF PUPILS HERE ATTENDING ENTIRE YEAR IS VERY SMALL.

During the past school year the boys outnumbered the girls by just three in Pennington county, according to the report sent by Supt. E. A. Mostue to the state superintendent of instruction. The total number attending with sufficient regularity to be reckoned with in the state aid distribution was 2,731, of whom 1,367 were of the sterner persuation and 1,364 of the gentler. The city schools accounted for 1,157, the girls predominating here, there being 603 of them as compared with 554 boys. There were almost exactly 400 more attendants in the rural schools than in the city.

Country Has Majority.

The number of pupils between the ages of five and eight years was 596, and of these 290 were in the city and 306 in the country. The big division was naturally that between the ages of eight and 16 years, 2,317 coming under this head, of whom 1,068 were city dwellers and 1,249 rurals. From 16 to 21 years the number was only 299, the city being credited with 260 of them. This makes the total school-age population of the county at this time 3,212.

Rurals Stick to Work.

In the city there were only 98 pupils between the ages of eight and 16 who attended the entire year, while the country boasts 751 such. In the record for attendance, however, the city is far ahead, the report showing that the average number of days each pupil was present is 150 for the city as compared with but 93 in the outlying districts.

The total number of teachers in the county during the term was 136, of whom only 11 were males. There were 52 teachers in the city and 84 in the country. Their average monthly pay was $107 for men and $68.75 for women in the city, the ratio being $69.50 and $52 respectively in the country.

Few Teachers Stay.

There are 15 teachers in the city who have taught the same school for three years or more and 12 who have kept the same job for more than two years. In the country the three year record is held by but six while those who have been two years at the same post number 18. Fifty-four teachers have taught the same country school for more than one term while there are only 25 in this division in the city.

Arbor Day means more to the pupil in the country as there were 255 trees planted by them on that holiday, while not a single twig is credited to their city cousins.

TO HOLD CHILD WELFARE CLINIC

DR. E. J. HUENKENS WILL BE HERE FOR THIS PURPOSE AUG. 31.

HIS SERVICES ARE FREE

NURSE WILL ALSO BE SENT TO ASSIST IN GETTING WORK ORGANIZED.

The great, nation-wide campaign that is now being carried on in the interest of children's welfare is receiving more and more attention as the aim of the work is being disclosed to our people. Its successful prosecution will mean the saving of many thousands of infants from an early death and the insuring of healthy bodies for a vast number of others. This undertaking is in accordance with the orders of the government and is one of the most vitally important conservation measures our people are being asked to observe.

Welfare Clinic.

Mrs. H. W. Froehlich, president of the Woman's club, some time ago received word from Dr. H. M. Bracken, executive officer of the state board of health, stating that a Division of Child Conservation had been created by the board and that Dr. E. J. Huenekens of Minneapolis had been made director. Mrs. Froehlich at once addressed Dr. Huenekens in regard to the possibility of securing a clinic for this city and is advised that he will be here on Saturday, August 31st, for the purpose. It is hoped to have the weighing and measuring of the infants in the county completed by that time.

Clinical Work Free.

In his letter Dr. Bracken says: "The board will be in a position to give you Dr. Huenekens' services without any expense to your community, he acting in an advisory way, as you understand, and visiting Thief River Falls from time to time to direct the work of the clinic. We will also be in position to send a nurse, free of charge, to your community, to stay a sufficient length of time to assist the nurse whom you may employ."

Is One of the First.

Thief River Falls is the second city at which a clinic will be established in the state, Little Falls being the first. This speaks well for the interest shown by our people in the movement and it is to be hoped that this will continue. A special invitation has been extended to the local physicians to be present at the clinic in order that they may be made acquainted with the purpose of the undertaking.

Is Most Important.

No work of more far-reaching importance has ever been begun in this country. Attendance at this clinic is one of the duties parents owe to their children and to the race, as upon a thorough understanding of the matters discussed may depend the future health, usefulness and happiness of their offspring. Dr. Huenekens is one of the foremost authorities in the state on the subject of child welfare and development and what he has to say may be taken as coming from a source not to be disputed.

Notice of the place of meeting and final arrangements will appear at a later date.

The City Churches

Presbyterian Church, R. L. Barackman, Pastor—Aug. 4. 10 a. m., Sunday school. 11 a. m., morning worship. Sermon subject, "On a Rock." 8 p. m., evening worship. Subject "The Name Above Every Name." Thursday 8 p. m., praise and prayer. Tuesday afternoon, Red Cross at the Red Cross rooms. Friday, Aug. 2nd, Ladies' Aid society meets with Mrs. P. W. Sharp, 409 Atlantic avenue.

Christian Science Church—Services are held in the auditorium of the Public Library every Sunday at 10:45 a. m. Subject for next Sunday is "Love." Sunday School immediately following the services. All are cordially invited to attend.

Our Saviour's Lutheran Church, A. N. Skogerboe, Pastor—English services next Sunday at 11 a. m., and Norwegian service at 7:45 p. m. Service at Mavie at 3 p. m. Our Saviour's Young Peoples' society meets next Friday evening, Aug. 2nd, at 8 o'clock. The last confirmants are cordially invited. Prayer meeting Thursday evening at 8 o'clock.

Norwegian Lutheran Church, I. T. Austad, Pastor—Sunday school picnic at Nels Maren's Park at 11 a. m. Young Peoples' League Aug. 5th at eight o'clock p. m.

Zion Lutheran Church, George Larson, Pastor—Services in city at 11 a. m. Services at Bethlehem church at 11 a. m. Martinus Evenson will preach. Confirmants will read after service. Rindal Ladies' Aid meets at Mrs. Sagen's Friday at 2 p. m., Aug. 9. Rindal's Young Peoples' society meets Sunday evening at 8 p. m. Prayer meetings Wednesday evenings in the church basement.

St. John's Lutheran Church, F. J. Seltz, Pastor—Services in the English language at Thief River Falls next Sunday forenoon at 10:30; at Holt in the afternoon at 3 o'clock.

Methodist Episcopal Church, James A. Orrock, Pastor—Services for Aug. 4: Sunday school at 10 a. m. There will be no morning preaching service. Epworth League at 7 p. m. Evening service at 8 p. m. Preaching by Rev. LaBoe.

"Wear-Ever" Aluminum Cooking Utensils Are Household Necessities

They are superior to utensils made of other materials because:

1. They are light in weight, bright as silver, absolutely pure and wholesome.
2. There is no enamel plating to flake or wear off. The finish is the natural finish of the metal.
3. They will not burn or scorch food as readily as other utensils.
4. They retain heat longer than other utensils.
5. They save fuel, time and strength.
6. They do not contain or form any of the poisonous substances sometimes found in iron, tin, copper or enameled ware.
7. There are no joints, seams or solder to leak and give trouble.
8. They are finished in the best possible manner.

200 SHAPES AND STYLES

The "Wear-Ever" trade mark means safety, saving, service. Look for it on the bottom of every utensil.

Phillips-Laing Hardware Co.

Bargains in Used Cars

Act quickly if interested as these cars are positive snaps at the prices we ask:

One Roadster . . . $200
One 5-passenger Buick $250
One 7-pass. Studebaker $600

Have also on hand one new 1918 four-cylinder Buick that can be bought at the old price.

Fred D. Haug Auto Co.
Thief River Falls, Minn.

Our Business is With The Farmer

NINETY per cent of our business is what is known as "farmer trade." This has been our aim since we first opened the "Consumers Wholesale Grocery" and our efforts to interest the buyer from the farm have been successful. Because it was an injustice to him to charge city deliveries against the purchases he carried home with him we inaugurated the "Cash and Carry System" in this city. Because he buys in large quanities we decided to handle goods in original packages as far as possible, saving all the loss of weighing and the cost of handling. This saving we returned to him in the shape of lower prices for his groceries.

WE SELL CHEAPER BECAUSE---

We keep no books
Sell for cash and have no bad accounts
Cut out the middleman's profit—and
Charge for any deliveries we make,
Deal in large as well as small quantities
Cater particularly to the business of the farmer.

Are We Supplying Your Needs?

If not we are both losing money. We positively guarantee our prices to be the lowest in the city. A trial order will convince you.

ZEH & CURRAN
Consumers Wholesale Grocers Thief River Falls, Minn.

A Special Sale of Slightly Damaged Musical Goods

At the recent fire, which threatened our store and stock, a number of instruments were slightly scratched or otherwise injured in being moved about. The damage can hardly be noticed and the instruments are in every way as good as new.

We will place the lot on sale at a considerable reduction from the original selling price. This presents an unusual opportunity for anyone to secure a high class instrument at a price that cannot be duplicated anywhere at this time.

Drop in and look these offerings over. The price will astonish you.

Thief River Music Company
Union Block

Fair visitors are invited to come in and hear the latest records played on the famous Edison Diamond Disk Phonograph.

SEEK TO ENFORCE SOW THISTLE LAW

TOWN CHAIRMEN ADVISED HOW TO PROCEED WHERE MATTER IS DISREGARDED.

There is a stringent law on the state books of Minnesota providing for the punishment of any person who permits noxious weeds to go to seed on his premises. The greatest danger from this source in the northwest is the sow thistle and County Agent R. P. White has started a campaign for the purpose of reminding the authorities of their duties in connection with the eradication of this pest.

During the past week Mr. White has sent to all mayors, village presidents and township chairmen in Pennington county copies of Section 5167, of the General Statutes, which covers this particular point. This provides that the chairman of each town board or mayor or president of a village council is empowered and required to serve notice upon those who permit sow thistle and other noxious weeds to remain upon their premises that they have them destroyed at once. If this request is not heeded the officer may proceed to have the menace removed and the cost may be charged up against the property and added to the general taxes on the same. The owner is allowed six days in which to *comply with the order.*

In cases where the weeds are so intermixed with growing grain that their removal is impossible without injury to the surrounding crops, an agreement may be entered into by the owner with the officer in charge providing for the destruction of the weeds on a specified part of the farm and the treatment of the remainder after the crop has been removed.

This is a matter of much importance to all our farmers and the village and town officials to whom the notices are addressed should see that the law is complied with.

Liked the Part He Heard.

Sunbeam: Walter and Lenard McAndress, Myrom Heggestuen and ye editor autoed down to Thief River Falls Tuesday evening to hear the speech of Fritz Osten-Sacken on patriotism. We were certainly well repaid for our trouble, although we arrived so late that we could only obtain small space standing room at the fartherest end from the speaker, and were unable to hear all he said, as there were some ladies near us that seemed to be of the opinion that they had met to discuss how to make war bread, and we would first hear Kaiser Wilhelm said so and so, and the remark, that "I always scald my corn meal," or "I mix mine into a stiff dough and set it over night." However, we heard enough, so we wished we could have got there earlier, so as to obtain a front seat.

Received Foreign License.

The first northwestern Minnesota concern to receive a government exporters' license, so far as known, is the Econ-O-Kleen Fuel company of this city. A number of orders have been received by the company from France but these could not be shipped until the regulation license required before articles of any kind can be exported had been received.

The business of this company is growing by leaps and bounds. The sales thus far for the month of July are nearly as large as for the preceding three months combined.

MAY INCREASE USE OF PEAT AS FUEL

COMMODITY CONSIDERED AS WORTHLESS MAY PROVE OF IMMENSE VALUE.

If it should be demonstrated that the peat covering overlying large stretches of territory in northern Minnesota might with little cost be converted into fuel, the problem of getting rid of it would be solved. Coal is going to be scarce and wood is costly in many sections where peat is plentiful. In older countries the bogs are put to this use and have furnished heat for the inhabitants for ages.

Peat is considered a curse where there is much of it, but seems to have a number of features that make it valuable. For instance those who produce stock food will be interested to know that over 50,000 tons of peat were used in compounding it in 1917. This is according to the United States Geological Survey and the value of the product used in this manner was place at $51,400.

Every year increased attention is being paid to the use of peat, of which there is unlimited amounts in Pennington county and northwestern Minnesota. It may be used as a fertilizer in connection with general farming operations, as an ingredient in stock food, but more especially as fuel. In 1917 the value of peat sold in the United States was over $700,000, 18 plants were operating and many new companies were organized during the year. The production in 1918 will be greatly increased.

Swift & Company U.S.A.

Profits and Prices

Profits may be considered from two angles:

1st—Their effect on prices;
2nd—As a return to investors.

When profits are small as compared with sales, they have little effect on prices.

Swift & Company's profits are only a fraction of a cent per pound on all products sold, and if eliminated entirely would have practically no effect on prices.

Swift & Company paid 10 per cent dividends to over 20,000 stockholders out of its 1917 profits. It also had to build extensions and improvements out of profits; to finance large stocks of goods made necessary by unprecedented requirements of the United States and Allied Governments; and to provide protection against the day of declining markets.

Is it fair to call this profiteering?

Swift & Company, U.S.A.

RECRUITING FALLS OFF DURING JULY

EXPECTED THAT CHANGE IN AGE LIMIT WILL BOOST ENLISTMENTS.

Despite most valiant efforts to keep the number of recruits secured in the Minnesota district this month up to the usual thousand mark at least, it was unavailing. Army recruiting slumped off during the month of July almost fifty per cent, and, while Major D. Yost, recruiting officer for the district, looked for a slight falling off during the summer months, he states that he will look to Civilian Recruiting committees throughout the state to make up the loss in the months to come.

Major Yost attributes the slump to the fact that urgent calls for harvest hands from all sections of the country and the "Work or Fight" order have sent thousands of men to the farms. The slump has affected states west of here to an even greater extent than it has Minnesota.

All signs point to a change in the draft age limits as soon as congress reconvenes next month. The concensus of opinion is that the ages will be lowered as well as raised and will in all probability require the registration of men from 19 to 21 years and from 31 to 40 years of age. Such changes would prove a boon to recruiting as there is always a rush of recruits previous to the registration of new classes for the draft.

The victorious advance of American troops on the western front has done much to stir the fighting spirit of Young America and the greater proportion of men enlisting at the present time are men under the draft age limit. Men under 21 years must present satisfactory evidence to establish their age before they will be accepted. Consent of parents or guardian is not necessary for enlistment if over 18 years of age, but before applicants will be accepted documentary evidence of the fact must be presented to the recruiting officer.

SUGAR ALLOWANCE IS AGAIN REDUCED

CUT FROM THREE TO TWO POUNDS PER MONTH PER PERSON.

Sugar regulations for August announced by the national food administration this week provide that the monthly per capita use of sugar for regular household purposes be reduced from 3 to 2 pounds. Householders should bear this fact in mind and readjust their uses of sugar for ordinary household purposes to the new amount.

Retailers are requested to note this change on their sheets for consumer's pledges and to insert the new minimum upon these pledge sheets used during the month.

Sugar for canning purposes will be put upon a per capita basis and sufficient sugar will be allowed to bring each family's allotment for canning and preserving up to 10 lbs., for each member of the household by August 31. Under this arrangement a family of two will be allowed to buy during the month enough sugar to make their total for canning and preserving this season 20 pounds, a family of three 30 pounds, a family of four 40 pounds, a family of five 50 pounds. In the event that before the July restrictions went into effect they secured for canning more than 10 pounds per capita in a household, they will not be permitted to buy any additional sugar for canning during August.

New canning certificates will be supplied to retailers and county food administrators. This certificate is to be signed on honor by the head of the family and turned in to the dealer. The dealer forwards the certificates to his county food administrator for checking.

YOUR LOCAL PAPER A PUBLIC UTILITY.

(Minnesota Farm Review.)

Your local paper, the paper published in your home community, is one of the best things you have. It is one of the strongest ties that bind you to the others in your particular corner of the world. Through it you are kept in touch with that corner's round of affairs, and through it you share the joys of others and help them bear their burdens. It is what the farmer would call the evener on which all are pulling together for the progress of the community.

You ought not therefore, to look on it as something to be read and then cast aside. You ought to regard it, rather, as an agency for good to which you can give strength by cooperation. A local paper is not a private institution; it is a public utility, and its usefulness is increased as it is supported by the community—by you. This means that you must contribute to it giving it news and backing the editor in the good things he tries to promote. If such co-operation were given every good paper by every good citizen in his community, the editor could accomplish vastly more than he does. When you are disposed to grumble at the failure of the editor to get results, then ask yourself whether you have given him your share of support.

This applies with double force to the teacher. The teacher who gets anywhere is the one who sees his school in its relation to the community, who spares no pains to interest the community in the work of his school or his part of the school. To accomplish this end the teacher should be in closest touch with his local paper, keeping the public informed through it as to the work of his school or his department. He should have no fear of lack of co-operation on the part of the editor. The editor is keen for school news, and you as a teacher are in the position to see that he gets it, and through the publishing of the news of your school you keep awake the interest of the community in the school.

Look upon the local paper, therefore as your condjutor. It will aid your school, lifting it to a greater efficiency. It will aid you, lifting you to higher rounds of the educational ladder.

Fourth Liberty Loan.

The Treasury department virtually has decided to hold the Fourth Liberty Loan campaign in the three weeks period between September 28 and Saturday, October 19.

ABSOLUTE CONTROL OF LABOR SUPPLY

GOVERNMENT WILL FIRST TAKE THOSE NEEDED FOR WAR SUPPLIES.

That there will be an acute shortage of both skilled and unskilled labor in the near future is certain. The government has taken the matter in hand and will strive to see that all sections of the country are supplied, first taking what is needed in the war industries. Following are the latest orders on the subject:

All recruiting and distribution of labor to be controlled by the United States Employment Service of the Department of Labor.

Stabilization of wages to be effected by the War Labor Policies Board and to be enforced by governmental departments.

Advisory board for each state to control and deal with all local labor problems. Employers and workers to be represented on board.

Promotion of war work to the exclusion of all industries where products non-essential to the war are manufactured.

Enterprises other than, those engaged in war work prohibited from advertising for labor or recruiting labor except under direct supervision of the United States employment service.

Concerns employing less than 100 men are subjects to same restrictions as employers engaged in non-war work.

No employer shall advance pay or arrange for the transportation of labor except through the agency or with the consent of the United States employment service.

Officers with local boards in each county will control the labor supply of that county, arrange all transportation and for all transfer of workers from one war industry to another.

NO PIE OR CAKES AT THE STATE FAIR

SUGAR AND LARD NEEDED FOR OTHER PURPOSES, SAYS MANAGEMENT.

No pie, cake or fancy pastry of any kind will be exhibited at the coming Minnesota State Fair, Sept. 2 to 7, this year.

Since the fair is a "War Exposition," it is believed that frills in cooking must be discouraged everywhere.

"Altogether too much sugar, lard and other ingredients needed elsewhere in winning the war are required for pie and cake," says Mrs. Bertha Dahl Laws, Superintendent of the Woman's Work department. "You won't catch the fair encouraging things of that nature this year."

A big bread exhibit is to be shown. Not a single loaf of bread made entirely from wheat flour, however, will be accepted. Only bread made either wholly or in part of wheat flour substitutes can be exhibited.

The canning exhibit will be a big feature. Canned fruit and vegetables of all kinds will be shown. Demonstrators will explain how canning can be done scientifically in the home, so that the Northwest may cut down its waste in fruit and vegetables in seasons of plenty in the near years to come.

It will be a wonderful exhibit.

DRAFT LIMIT MAY BE MADE 19 TO 35

LAW WILL BE EXPANDED TO MEET ANY NEED ARISING.

Draft ages will be expanded to meet the military requirements of the United States.

Secretary Baker has made clear that his recommendations to Congress when that body finishes its summer recess will not take into consideration the labor situation. It is his purpose to disturb industry as little as possible.

The secretary's present attitude on the subject is taken to mean that he will propose reducing the minimum age to nineteen years and increasing the maximum age to thirty-five years. This would add approximately 7,000,000 men to those liable for military service. Of the 7,000,000 about 2,000,000 could be drafted into the army as the selective service law now is being administered.

While the disposition in Congress is not to send a boy into the trenches until he is old enough to vote, Secretary Baker shares the view of army officers that the age limit should be dropped to 19. Given a year's training the boy will not be called upon to fight until he is 20.

SLACKERS HAVE NO STANDING IN COURT

JUDGE GRINDELAND REFUSES TO ACCEPT THEIR WORD AS WITNESSES.

A man must have done something to show that he is entitled to be recognized as a citizen of the United States before he will be accepted as such in the jurisdiction of District Judge Andrew Grindeland. The judge was conducting hearings on applications for citizenship here last week and refused to accept John Myhrer and Peter Holte as witnesses for Ole Hedalen. Ole himself was all right, having bought Liberty Bonds and also contributed according to his means to the Red Cross. Not so his witnesses, however. Myhrer and Holte, one a carpenter earning $4 per day and the other a bachelor farmer, stated that they could not see their way clear to buy anything in the line of government securities or help the Red Cross. Judge Grindeland absolutely refused to accept them as witnesses, and Hedalen, who is both well known and highly regarded, simply went out and picked up a couple of other men who were able to show a keener appreciation of their citizenship privileges.

Had Claimed Exemption.

Erling P. Dahl had claimed exemption from military duty because he was not a citizen of the United States in spite of the fact that in his taking out his first papers he had foresworn all allegiance to every other country and ruler. Naturalization Agent R. K. Doe therefore recommended that his application for full citizenship rights be denied, and the court so ruled. Attempts were made to show that Dahl had employed this means of gaining exemption through a misunderstanding, as he would have been physically disqualified anyway, but the court would accept no excuse for him.

Twelve applications were favorably passed upon. The next hearing will be held on January 9, 1919.

NO COAL ALLOWED IF WOOD IS PLENTY

TIMBERED SECTIONS OF STATE ALL AFFECTED BY NEW ORDER.

Persons residing in Pennington county who are inclined to feel peeved over not getting just the kind of coal they prefer, or feel as if they are being discriminated against because they can not have all of this fuel they can get away with, should consider the condition in which other sections of the state find themselves. Beltrami county, for instance, is to be allowed no coal at all for domestic use, and it is likely that the order will include such other heavily timbered counties as Itasca, Koochiching, Cass, St. Louis, Carlton, Cook and Lake. The Bemidji Sentinel has the following to say on the subject:

"Beltrami county will have to get along without coal next winter, the safety commission having ruled that counties where wood is plentiful will not be inconvenienced by doing without coal.

"The order is not a surprise, for if there is any county in the state that can get along without coal and not suffer, it is this county, and the others in the timber belt. It may be an inconvenience to those who are equipped with hard coal burners, but there will be no complaint.

"Owing to the lack of labor the production of coal will be short, and from what there is the war industries must be first supplied, and then the big cities and the prairie country where there is no wood available."

SAVING THE CROPS.

It surely cannot be that the business men of Thief River Falls regard the matter of harvesting the crops of the county as of no very great importance, but so far they have certainly been most backward in offering their services to help fill the gap in the ranks of ordinary farm workers made by the calls of the army and navy. Crops are almost ready to be harvested and as yet not a single business man has offered to put in even a single day as a worker on one of the farms of the county. Secretary G. Howard Smith of the Commercial club has asked all those who will volunteer to help out in this pinch to send in their names, but so far not one coupon has found its way to his office.

This is a most unsatisfactory condition and one of which the government has been forced to take cognizance. Thief River Falls is not alone in its neglectful attitude by any means, and the warning sent out by Secretary of Labor Wilson applies to all those communities where the importance of the subject has not been grasped. The time is growing short and when actual harvesting begins there will be no working plan in operation to meet the situation. Secretary Wilson suggests that boys of 16 be asked to fill the places where men are not available or where these are unwilling to do their share of the work that must be apportioned among all if the crops are to be safely garnered.

The securing of the Northwest's crop of grain this year is as important as furnishing men for the trenches. Our soldiers and civilians alike will face an absolute food shortage if even a small percentage of the grain now ripening is permitted to go to waste. And that it will be wasted is certain unless volunteer workers come forward to help save it.

Those who believe that when the time comes there will be plenty of men to do the work are making a mistake that is liable to prove ruinous. Grand Forks county in North Dakota alone is advertising all over the country for 15,000 men. Cass county in the same state is in no better shape. Hundreds of communities are bidding for the men still available. Wages will go to unheard of heights before harvest is even begun, and at that the men will not be procurable.

The farmer is himself largely to blame for the lack of interest shown by the people of the cities in this matter. He is inclined to ridicule the proposition that "dudes" come out to help with the work, forgetting that these same dudes in a great many instances were farm boys but a few years ago. The farmers of Kansas and Nebraska laughed at the idea too, but when they found that the only way to save their crops was to put the city men to work they were glad enough to avail themselves of the opportunity. The work was accomplished and the farmers saved from a loss of millions of dollars.

As a matter of fact the farmer seems to realize his position even less than does the city man. The latter is more willing to do the work than the farmer is to have him try. This is the wrong view to take and is liable to prove very expensive. If a dozen representative farmers in this county were to ask the men of the city to meet them at the Commercial club rooms for the purpose of talking the matter over, their request would meet with a ready response. At such a meeting the subject could be discussed and the actual situation disclosed. The farmer who is able to get along without help would have none forced upon him, that is certain, while the one who is in danger of losing his crop because of a lack of labor would find men in plenty who would be willing to help him out of the difficulty.

As matters now stand one does not know what the other wants.

ARE OUR GIRLS SLACKERS?

On two different occasions within the past couple of weeks the people in this city have heard speakers of rather more than local renown refer to the young women of the United States in terms of reproach. These speakers maintained that the girls are falling down in the share alloted to them in the war program and that they had better stop and take stock of what their delinquency is liable to mean to the men fighting on the battle field.

One man said that the women of this country as a whole have failed to measure up to expectations and that in self-sacrificing work they are so far behind their sisters in the allied countries that they will never catch up. Particularly did this apply to girls in their teens, according to the speaker. These started in on this Red Cross work with an enthusiasm that was most admirable, but as soon as they found that there was actual work—oftimes not of the most agreeable kind—connected with the program of helpfulness, they began to fall away and find other things to engage their attention.

This came as a surprise and a shock to most of us. We were under the impression that the women of the country had most nobly responded to the call made upon them. We believe yet that the speaker was wrong, particularly so far as his remarks applied to Thief River Falls and Pennington county. Our women and girls have accomplished wonders and if there is any abatement in their enthusiasm it must have come to the surface very lately.

That there are a large number who are not doing all they can is, however, quite probable. The other day one of the ladies who is devoting a large share of her time to this enterprise offered to give instructions in a certain department of the work to a number of apprentices and set a date for their meeting with her at the Red Cross rooms. The attendance was so slim as to prove disappointing, notwithstanding the fact that the labor to be performed was both light and interesting.

At this time of year there are large numbers of girls who have considerable time on their hands. Studies are at an end for the present and many are wondering how best to spend their vacation period. Could a better use of the time be made than employing it in making bandages and other necessities for our soldiers? It would seem as if the girls would be clamoring for an opportunity to be useful in this highly important field. It is fully as essential as any other class of war work and it is the one department that must be taken charge of by the women if the requirements of our army and navy are to be met.

It is to be hoped that the speaker had been misinformed as to the part our women are playing in this crisis. It may be that some are permitting their enthusiasm to cool, but we still believe that the large majority are as earnestly striving to hold up their end of this load as they were when first called upon.

THE FARMER'S CARNIVAL.

The county fair as an institution in this section has not yet reached the dignity or importance attained by it in older communities. Throughout the Middle and Eastern states the county fair is one of the big, outstanding events of the year, as important in its way as Fourth of July or Thanksgiving. Up in this newer country we have not yet reached this stage, but we are rapidly coming to it.

County fairs even here have changed greatly in the past few years. It is not so very long ago that these events were regarded as chiefly valuable for the excuse they presented for getting drunk and seeing a horserace. Some fairs added something in the way of a "girl" show to the program, this particular part being also open to considerable criticism.

All this has now changed. There are still horse races, but they are of the kind that any lover of horseflesh likes to see. There are more amusement attractions than ever, but the performers and performances are of a class with which no fault can be found. In fact, the past history of any troup looking for bookings these days is closely scrutinized, and any containing objectionable features is liable to find itself without dates. People want entertainment as much as ever, but it must be clean.

There is another direction in which the fair is now reaching out. The dates for the exhibit are regarded by many as "home-coming time." Former citizens who are residents of other localities find in the fair an excellent excuse for renewing old acquaintances. They know that everybody in the county will be at the fair and that they will thus have an opportunity to talk over old times and visit with their former neighbors. This is really one of the most pleasing features of the entire proceeding.

All these things have been considered in the arrangements for the Pennington county fair, which begins next Monday and continues until Wednesday night. There will be the usual displays, the only difference being that these will be larger and better than ever before. But there will be many new features, not the least among which will be this attempt to have the fair dates recognized as the time for old timers to get together from far and near to compare notes and swap reminiscences.

The fair will be a regular mid-summer festival at which there will be something to interest everyone. Prove that you are interested in its success by being present. Bring the family.

NOT A GENERAL DISASTER.

A destructive hail storm in Pennington county is something so out of the ordinary that people have hardly yet recovered from their surprise over the visitation of Saturday. Men who have resided in the neighborhood for 28 years say that nothing of the kind has happened before as far back as they can remember.

However that may be, the hail came and caused considerable damage. This is not so great as at first reported and the crop destroyed is but a small percentage of the total in the county. But this is small comfort to the man hailed out, and there is no getting around the fact that there are quite a number of these.

A hail storm is a most destructive agent at any time, but coming just as much of the grain was about ready for the binder the havoc wrought is more than ordinarily severe. On the other hand there will be considerable salvage because of the fact that the growth was so far advanced. The fields struck will yield a vast store of cattle feed and this is an item not to be despised at this time. It cannot make up for the grain destroyed but will cut the total down to a very considerable extent.

The amount of the loss is variously estimated, the best authorities placing it between five and eight per cent of the acreage in the county. This will not greatly affect the final total, which still promises to be the best in years. That this unusual storm should hit the section at a time when there is such great need for the products and while the high prices prevail is regretable, of course, but it can only be considered as one of the chances a person takes. These are no greater for the farmer than for men engaged in other lines of business and, so far as setbacks of this kind are concerned, they are less liable to be encountered in northwestern Minnesota than in almost any other section of the United States.

Everyone is sorry for those who lost their crops and will do all in their power to prevent the misfortune from discouraging them. Our farmers are a philosophical lot and take the fat years with the lean without a great deal of grumbling. Thus far the former have far outnumbered the latter and will continue to do so.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

S. A. Swanson, register of deeds of Red Lake county, had just completed the work of changing the records made necessary by the formation of the county from a part of what was previously Polk county. The task was begun in February, 1897.

Prof. M. E. Todd, formerly of Twin Valley, was employed as principal at the Knox School, and Miss Martha Brown was selected as teacher of the primary department.

Capt. H. C. Buhse, a veteran tug man from the head of the lakes, came up for the purpose of taking charge of the Steamer Viking, having leased the boat.

The Republican county convention for Marshall county went on record as endorsing Andrew Grindeland for state senator and W. W. Calkins of Ada for district judge.

Anton Langseth was in Minneapolis, where he expected to undergo an operation for appendicitis.

Delegates to the Republican county convention which was held at Red Lake Falls during the week were: I. C. Richardson, F. J. Stebbins, C. L. Dobner, J. W. Eastman and John Kivel.

Ten Years Ago.

Lightning struck the barn of O. L. Cronstrom, residing five miles northeast of the city, and the building was burned to the ground. Mr. Cronstrom managed to save the horses.

Postmaster Frank H. Kratka, who was holding the office under appointment by President Roosevelt, was also the first postmaster of the village of Thief River Falls. In making his report for the year 1908, he compared conditions as follows: During his first term of office, from 1887 to 1888, the receipts totalled $47.00 and a soap box contained the books and the cash. When Mr. Kratka again took the office in 1907 the receipts had increased to $8,167 and the office was in the third class.

Julien Provencher purchased the Hotel Evelyn from Col. Harris. Mr. Provencher was formerly a traveling man whose home was in Minneapolis.

In a good base ball game the home team defeated Crookston by a score of 3 to 1. In the lineup are noted the names of Nason and Fuller.

T. S. Brokke received notice that his pay as general delivery clerk at the postoffice had been increased from $600 to $800 per annum, he having completed his first year in the service.

Fred Haug and Malcomb Eberhart started for Winnipeg in Mr. Winton's car, but found the roads so bad after crossing the border that they turned back.

Everybody was boosting the county fair.

Got to Have 'Em.

(Baudette Region.)

The government has ordered us to drop our exchanges, but it will have a sweet time stopping us from tossing our eyes at Old Man Atkinson's Hibbing Ore, Bess Wilson's Redwood Falls Gazette, Mrs. Dare's Walker Pilot, the Bemidji and other county papers, the Lake City Leader, the Wabasha Herald, Thief River Falls Times, Red Lake Falls Gazette, and a score of other papers from which we spear inspiration. In these tough times we don't think any more of a dollar and a half than we do of our right eye, but we will wear out our elbows if necessary in digging into our pockets for money for our exchanges. We can always get a new set of elbows, but nowhere else in the country can we get an eyeful of such snappy stuff as is turned out by Minnesota's collection of pencil pushers.

City News

Dan Nordstrom of Oslo, visited in this city Monday evening on business.

Miss Jeanette Shaffer of Minneapolis is a guest at the home of Mr. and Mrs. Abe Sapero.

Miss Myrtle Blair visited with her friends in Mahnomen last Sunday, returning Monday morning.

Mr. and Mrs. Arthur E. Williams and son, Raymond, of Red Lake Falls visited in this city with friends Monday.

Miss Ruth Sandstrom returned to her home in Plummer, last Friday evening, after a brief visit here with friends.

Miss Alvina Lautenbach will leave tomorrow for Crookston where she expects to spend the remainder of the summer.

Miss Winifred Reynolds of Virginia, Minn., is a guest at the home of her aunt, Mrs. J. M. Skog, 915 LaBree avenue north.

Mr. and Mrs. Harry Booren and son returned Sunday morning from Stillwater, after a visit at the home of Mr. Booren's parents.

Miss Marie Philipson arrived in this city Monday afternoon from her home in Middle River, for a brief visit with her sister, Miss Josephine Philipson.

Mr. and Mrs. Harry Oppedahl returned to their home in Grand Forks, Monday evening, after a few days' visit at the home of Mr. and Mrs. E. L. Oppedahl.

Miss Bernice Stoltz of Argyle, returned to her home last Friday morning after a several days' visit in this city as the guest of Miss Lillian Provencher at the Hotel Evelyn.

Mrs. Dan Schreck and little daughter, Irene, returned to their home in Lockhart, Minn., Monday afternoon, after a week's visit at the home of Mrs. Schreck's mother, Mrs. Aug. Lautenbach.

Harold Miller, formerly teller in the First State bank in this city, visited with friends Monday and attended to matters of business. He returned to his home in Crookston Monday evening.

Mrs. G. Christofferson of Fergus Falls, Minn., returned to her home Monday afternoon after a two weeks' visit at the home of her daughter, Mrs. Bessie Shay, who lives a few miles from this city.

Tobias Reep, accompanied by his daughter, Miss Ella, motored to this city last Saturday evening for a brief visit with friends. Miss Reep also visited here at the home of Miss Agnes Frederickson, Monday.

Miss Beatrice Dale who is spending the summer in this city at the home of her sister, Mrs. J. N. Nesse, left last Saturday evening for her home in McIntosh to spend Sunday. She returned Monday morning.

Willis Fasel, manager in the office of the Spooner saw mill, will arrive the latter part of the week for a few days' visit at the home of his parents, Mr. and Mrs. A. H. Fasel, before he enlists in the U. S. army.

J. H. Baugh of Warren, visited here with friends last Monday evening enroute to Mahnomen to attend to business matters. Mr. Baugh returned to this city Tuesday night and left yesterday morning for Warren.

Miss Blanche Johnson will return to her home Saturday morning from Minneapolis, where she took a several weeks' course in piano at the McPhail Conservatory. Miss Johnson will open her studio the first of September to continue the School of Piano.

Mr. and Mrs. Frederick and son, William, returned the first of the week from the Twin Cities where they visited for two weeks with relatives and friends. Mr. Frederick attended to business in the southern part of the state during their absence.

Norman G. Charboneau, a member of Company C, 309 Field Signal Battalion at Camp Sherman, Ohio, arrived in this city last Saturday morning for a few days' visit at the home of his parents, Mr. and Mrs. G. Charboneau. He left for camp Monday evening.

Mr. and Mrs. J. E. Sundberg and son, Bert, arrived in this city last Saturday evening from their home in Kennedy, N. D., and are guests at the home of Mrs. Sundberg's mother, Mrs. O. H. Frederickson. Mrs. A. E. Babcock of Bronson, Minn., is also a guest at the home of her mother.

Miss Ruby Anderson, daughter of Mr. and Mrs. Andy Anderson is expected to return to her home Saturday morning from Minneapolis where she has been studying piano at the McPhail Conservatory during the summer. Miss Anderson will be accompanied here by her aunt, Mrs. Florence Nason of Minneapolis and also her cousin Dorothy, who will make her home here with Mr. and Mrs. Anderson.

A. L. LaFrenniere, publisher of the Itasca County Independent at Grand Rapids, was a visitor in the city for a short time on Saturday. He was accompanied by Mrs. LaFrenniere and Peter Amerd of Red Lake Falls, at which city the Grand Rapids editor is visiting with former neighbors and old friends. He says that business in the eastern part of the state is very good, the mining districts being particularly prosperous.

County Auditor T. P. Anderson returned Friday from Crookston, to which city he had accompanied the boys who left for camp on the day previous. He had to put up a scrap to hold the car in which the lads started away from this city as it was a particularly fine equipage and was coveted by others. He stood up for the boys as usual, however, and saw to it that no exchange was made. He says that they were very well used at Crookston and all started on their journey in the highest spirits and promising to do things to the kaiser's minions that will prove decidedly uncomfortable for that benighted outfit.

Miss Marie Anderson of St. Hilaire visited in this city on business yesterday.

M. I. Holms of Roseau visited in this city Tuesday evening with his daughter, Miss Gladys Holms.

Mrs. A. K. Strand left yesterday afternoon for Grand Forks, for a few days' visit with friends and relatives.

T. D. Scanlon left last evening for Redwood Falls, Minn., for a few days' visit with his wife who is the guest of relatives in that city.

Mrs. S. Brandon left yesterday afternoon for Crookston to visit with friends for the remainder of the week and to attend the county fair.

The Ladies' Aid society of the Zion Lutheran church will meet in the church basement Aug. 8, beginning at 3 p. m. No lunch served.

Peter Parenteau, an employee at the Soo roundhouse, left on Friday morning of last week for Fordville, N. D., for a few days' doing relief work.

Miss Bertha Olson arrived last evening from her home in Big River, Sask., Canada, and is a guest at the home of her aunt and uncle, Mr. and Mrs. J. C. Olson.

Mrs. E. A. Hermanson and three children arrived Sunday morning from Minneapolis for a two or three week's visit at the home of Mr. and Mrs. Hans Hermanson.

Mrs. Peter Erickson arrived in this city the first of the week for a brief visit enroute to her home in Minneapolis from Renville county, N. D., where she visited her son.

Miss Stella Williams returned to her home in this city last Saturday morning from Grand Forks, N. D., where she was a guest at the home of her sister, Mrs. Earl Doland for a month.

Mrs. J. O. Herrick and children arrived here last evening from their home in Warren for a few days' visit at the homes of Mrs. Herrick's sisters, Mrs. W. H. Frederick and Mrs. Robt. McGinn.

C. L. Hanson, accompanied by E. O. Mogenson, motored to Maple Lake yesterday afternoon and were accompanied here last evening by the latter's wife and little daughter who have been at the lake for two months.

Dr. Kolberg and Dr. Jennie Eastman of this city returned Tuesday from Fargo, N. D., where they visited for a week at the home of Dr. Eastman's mother, who accompanied them to this city for a week's visit.

Mrs. A. Temple left yesterday afternoon for her home in Chicago, after a month's visit at the home of her brother-in-law, James Turnwall, who lives a few miles west of this city and also with her sister, Mrs. L. Westland of Strathcona.

Mr. and Mrs. J. Q. Cronkhite and children returned to their home in this city Tuesday night from Lake Shoreham, near Detroit, where they spent a month at their cottage. Mrs. C. R. Crandall and children who were guests at the Cronkhite cottage, returned Tuesday night also.

Rev. O. Schultz of the Evangelical Luth. church of Goodridge, having accepted a call to Dodge Center, Minn., will conduct his farewell services at the Germantown school house next Sunday at 10 a. m.; at the Espleo school house at 2 p. m., and at the Eric Lutheran church at 4:30 p. m.

G. R. Huntington, Federal Manager and Edward Pennington, president of the Soo line corporation, passed through this city last evening from Kenmare, N. D., enroute to Minneapolis on a general inspection tour of the Soo road. They left last night for Mahnomen and from there they left this morning for Minneapolis.

A. J. Anderson, cashier of the Citizens' State bank of Grygla, visited in this city the first of the week on business.

Miss Ethel Gustafson arrived here Tuesday evening from Crookston and is a guest at the home of Mr. and Mrs. Chas. Gustafson.

Alvin Arneson returned to his home in this city Tuesday evening from Stephen, this state, after a brief visit with friends.

Dr. F. H. Gambell returned to his home in this city Monday night from Detroit where he spent Sunday with his family at Big Floyd Lake.

Mrs. J. H. Johnson returned to her home in this city Tuesday night from International Falls, where she visited for a few days with friends.

Mrs. R. L. Barackman left Monday morning for Detroit for a week's visit at the summer home of Mrs. F. H. Gambell, of this city, on Big Floyd Lake.

Miss Estelle Toffstad, who has been high school librarian and private secretary for Prof. J. H. Hay during the past nine months, left last evening for Cooperville, N. D., where she has accepted another position.

Miss Belle Blaire returned to her home in this city Wednesday morning from Minneapolis where she visited for two weeks with relatives and friends. Miss Blaire visited for a week with friends in Alexandria and Mahnomen on her way home.

Mr. and Mrs. W. W. Prichard, Sr., and family motored to their home in this city Tuesday from Maple Lake where they are spending the summer at their cottage. They returned yesterday accompanied by Mrs. Carl Korstad of Highlanding and Miss Jean Hay of this city who will be their guests for a few weeks.

Mrs. A. O. Odegnard of Buxton, N. D., Mrs. E. Halloway, of Sundan, Wyoming, Mrs. T. J. Quammie of Hazel, Minn., Mrs. Rose Wilsie of Lothaith, Mont., and Thos. Quammie of Koto, N. D., are guests in this city at the home of Mr. and Mrs. T. T. Kiland and are visiting their son and brother, Adolph Quammie who is seriously ill at the hospital.

Chas. Rolland, who has for the past few years been employed in DeCremer's meat market, began work this week with his brother, Elias Rolland, who is owner of the City Meat market. G. O. Vigness of Warroad formerly in the meat market business in this city, arrived here with his family on Friday of last week and has accepted the position at DeCremer's.

Mrs. Edward Bratrud and little son, accompanied by Miss Viola Parson, arrived in this city Tuesday evening from their home in Warren for a brief visit at the home of Mr. and Mrs. John Bratrud. They left yesterday morning, accompanied by Mrs. John Bratrud and brother, Rolf Rasmusson, for Detroit for a few days' stay at the Bratrud summer cottage.

Mrs. Olaf Ramstad, Mrs. Ila Reynolds, and daughter, Marian, Mr. and Mrs. Oscar Sponheim and son, Harold, returned to their homes in this city Monday evening from Detroit, Minn., where they spent a month at the lake. Mrs. Ramstad also visited with her sister at Decorah, Iowa, and attended the funeral of her cousin. Mrs. Reynolds accompanied her mother as far as Minneapolis where she remained for two weeks with friends and relatives.

Next Saturday will be the opening day of the Red Cross store on the corner of Main avenue and Second street in the building formerly occupied by the Thief River Valley Land company, and the public is asked to kindly bring their donations to the building on Tuesday and Saturday afternoons from 2:30 to 4:30 o'clock. Donations must be at the building Saturday morning for the opening in the afternoon. The store will be kept open every Tuesday and Saturday afternoons for two hours.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. N. O. Lawson residing one mile northeast of this city celebrated their golden wedding anniversary on Thursday, July 25th at high noon, in the presence of fifty invited relatives and friends. Mr. and Mrs. Lawson emigrated to this country from Sweden 36 years ago settling at Grove City, Meeker county, this state. They moved to this vicinity twelve years ago and have lived here since that time. Their union has been blessed with six children, four girls and two boys, one boy being dead, the others are namely: Mrs. C. Hudson of Minneapolis, Mrs. Wm. Elofson of Newfolden, Mrs. A. E. Olson and Mrs. O. L. Cronstrom of this city and Ole N. Lawson of Grove City. The one daughter of Minneapolis was unable to be present.

Mr. and Mrs. Lawson were presented with $50 in gold from the five remaining children. Telegrams of congratulations were sent them from distant relatives.

Mrs. Lawson is 67 years old and Mr. Lawson is 73 and both are bright and active. Their home is open to strangers as well as friends who are always welcome. There are eight grandchildren and two great-grandchildren.

Those present were: Mr. and Mrs. A. O. Lawson, Ben Lawson, Ostrad Lawson, brothers of Mr. and Mrs. Lawson of Grove City; Mr. and Mrs. T. Foster of Minneapolis, sister of Mr. Lawson and Ole N. Lawson and son, also Ed Liedholm of Grove City; Mr. and Mrs. Wm. Elofson and children, Harold, Gladys, Russell and Forrest, and Andrew Johnson of Newfolden; Mr. and Mrs. John Swan of Holt; Mr. and Mrs. Geo. Williams, Mrs. A. B. Miller and daughter, Marian, Mr. and Mrs. O. Allstrom, Mr. and Mrs. Olaf Wallberg, Mr. and Mrs. Carl Jenson, Martin Quist, C. Steen, Mr. and Mrs. John Stensrud, Mr. and Mrs. Peter Amundson and children, Mr. and Mrs. O. L. Cronstrom and Mrs. Gibson, of this city.

The tables were decorated in gold colored flowers. The table at which the honored members sat, was decorated with a huge three-tier gold cake.

The wishes of all were extended to Mr. and Mrs. Lawson that they may live to celebrate their diamond wedding anniversary.

Back From the Cities.

Mr. and Mrs. A. S. Sapero returned Sunday evening from a trip to the cities, making the journey by auto. Mrs. Sapero visited with relatives in Minneapolis while Mr. Sapero continued his journey to Chicago. While absent he purchased a large quantity of the latest things in women's and children's wear which has been arriving daily since. He says that while marketing conditions are still upset it is quite possible to make some excellent selections providing you are on the ground. Prices on the class of goods handled by the Sapero Company have advanced along with other articles of wearing apparel, but are still very reasonable when compared with most things.

Card of Thanks.

We hereby wish to extend our heartfelt thanks to the many kind friends and neighbors who showed us so much kindness during the illness and death of our wife and mother. Also for the assistance rendered at the funeral and the floral offerings.

PAUL MIDDERIGH
AND CHILDREN.
A-1

Mrs. Paul Midderigh.

Mrs. Paul Midderigh died at her home in this city last Sunday morning after a serious illness of several months, caused by a diseased heart. Mrs. Midderigh has been ailing for two years but has failed rapidly during the past few months. She was 47 years of age and was born in Rochester, Minn. Twenty-four years ago she became the wife of Mr. Midderigh, the wedding taking place in this city and they have made their home here since that time. She was the mother of four children, two daughters, Mrs. Mike Rodich of Coleraine, this state, and Helen Midderigh of this city and two sons, William, who is with the U. S. army in France and Francis of Manderson, Wyoming.

Mrs. Midderigh was a member of the Methodist Episcopal church and was a faithful Christian woman. The funeral was held yesterday afternoon from the above mentioned church and interment made in the Greenwood cemetery. Mrs. Midderigh is survived by her husband, Paul Midderigh, who is deputy sheriff and chief of the fire department in this city, her four children, her mother, Mrs. Emma Vesey of Rochester, this state, two brothers, George and Marth Vesey.

John O. Dahl.

Death came to John O. Dahl at the home of his daughter, Mrs. S. K. Dahl, living at 308 Horace avenue north, Tuesday morning, July 30th, following an illness of but five months. Mr. Dahl was a retired farmer but was still residing on his farm three miles northwest of Rosewood. He was 78 years of age and was born in Trondjem, Norway. Relatives left to mourn his death are namely: a daughter, Mrs. S. K. Dahl, owner of the Central hotel of this city and a son, Ole J. Dahl, who manages the home farm near Rosewood. The funeral services will be held this afternoon at two o'clock at his home and burial will be made in the Rindahl cemetery, three miles northwest of Rosewood.

The Store Where to Trade.
MAVIE MERCANTILE CO.
Mavie, Minn.

Honor Was Merited.

T. Glen Harrison, a former Thief River Falls newspaper man, is now an aid on the staff of Adjutant General Rhinow at St. Paul. The post was given him in recognition of his services in connection with the entrainment of men arriving in the Twin Cities for transhipment to the different camps. Lieut. Harrison was doing reportorial work for the Minneapolis Tribune for some time and his assistance is proving of great value to the officers. His selection as aid to General Rhinow with the rank of lieutenant came absolutely as a surprise. He wears his uniform at all times and seems to be always on duty. Lieut. Harrison has made application to be transferred to the regular army as he wishes to get into active service.

Physicians' Hospital Notes.

Those who entered the Physicians' hospital during the past week up to this morning are: Robert O'Hara, city; Jack Gothum, city; Miss Alice Fricker, St. Hilaire; Mrs. Sam Anderson, Bronson; Joe Ferry, Jackson, Minn.; Orven Lee, Mahnomen; Miss Susie Bauer, Mavie; Miss Sena Welo, St. Hilaire; Miss Mildred Anderson, city; Andrew Rolstad, Hazel; Miss Lillian Mundell, Strathcona; Miss Cora Steen, city and Rev. O. J. Lundell, city.

Miss M. Freeman will return to her home in Grand Forks today after two weeks in the hospital here assisting in the nursing. Miss Freeman will remain in Grand Forks until she is called in the Red Cross service.

Misses Bella and Leah Huot, of Wylie, Minn., entered the hospital yesterday morning to begin the nurses' training course.

At the Theatres.

The week at the Princess starts out with Constance Talmadge Huff in "The Shuttle." This is another of those roles that have endeared this charming actress to the American public.

Friday evening's feature is "Sandy," with Jack Pickford and Louise Huff in the stellar parts. It is a beautiful play of the Kentucky Blue Grass region.

Viola Dana is the attraction on Saturday evening in "The Winding Trail," follows the trail from Broadway to the mining camps. It is some thriller.

The big special for Sunday night is Mary Pickford in "M'Liss." Our Mary is said to be at her best in this charming Brete Harte story.

Monday night Mary Miles Minter appears in "A Bit of a Jane." As the title suggests, there is probably some considerable amount of fun connected with this presentation.

William S. Hart on Tuesday night in "The Cold Deck." This is his latest and greatest.

"The Claws of the Hun," ought to be good stuff, particularly when the star in the play is Charles Ray. It will be shown on Wednesday.

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday school next Sunday, Aug. 4, at 10 a. m. Morning service at 11 a. m. Young Peoples' meeting at 7:15 p. m. Evening service at 8 p. m. Rev. J. Fjellstedt from Bemidji, will conduct the morning and evening services. All cordially invited.

Miss Marvet Hilson, daughter of Mr. and Mrs. Ed. Hilson of this city, returned to her home Monday evening after a several days' visit in Viking at the Oscar Hanson home.

Francis Midderigh arrived in this city yesterday morning from Manderson, Wyoming to attend the funeral of his mother, Mrs. Paul Midderigh, who died Sunday morning.

Miss Laura Stopple left Tuesday night for her home in Alexandria, for a several days' visit before going to Minneapolis to enter the millinery wholesale house before the opening of the fall season.

Miss Alice Fricker, daughter of Mr. and Mrs. Mike Fricker of St. Hilaire, returned to her home last Saturday afternoon after a brief stay at the Physicians hospital recovering from an operation for removal of her tonsils.

Misses Ruth and LaVina Nordland and Olive Porten of Alvarado visited here Monday evening with Misses Alexandra and Ann Tharaldson enroute to their home from Bemidji where they spent several days camping at the lake.

Dr. Theo. Bratrud of the Warren hospital, arrived in this city last Friday evening for a brief visit at the home of his brother, John Bratrud. He left on the flyer for Detroit, accompanied by Rolf Rasmuson of this city, for a brief visit at the Bratrud cottage.

Miss Lena Adolphs of this city leaves next week for Minneapolis to visit with her sister, Miss Esther Adolphs who is attending business college there. Miss Adolphs will also visit in LaSalle, Wis., with relatives for a month and will then leave for Hillsboro, Oregon where she will spend a year or two with friends.

Mrs. Ed. Burton and children of Bigger, Sask., Canada, arrived in this city Monday morning from St. Hilaire where they visited at the home of Mrs. Burton's sister, Mrs. Mike Fricker. Mrs. Burton is a guest at the home of another sister, Mrs. G. Adolph at present and will remain here three weeks before returning to St. Hilaire to resume her visit before returning home.

Miss Ruby Halvorson returned yesterday morning from Boston, Mass., where she and her father, Christ Halvorsen, who returned a few days ago, visited with relatives for a month. Miss Halvorsen visited with friends in Minneapolis for a week before returning to this city.

Miss Inga Iverson returned to her home in this city yesterday morning from Hamlet, Minn., where she visited her sister for about two weeks.

Mrs. J. McDonagh left yesterday morning for Middle River for a few days' visit.

G. J. Gibeau of Red Lake Falls visited here Monday on business.

Miss Elenora M. Veden of Warren arrived here Monday for a brief visit with friends.

Mrs. Frank Buck of Drake, N. D., visited with friends in this city on Friday of last week.

Geo. O. Lee arrived last Saturday evening from his home in Mahnomen for a brief visit on business.

Miss Lillie Johnson arrived in this city last Friday from her home in Holt, for a brief visit with friends.

J. O. Mellberg of Ada, Minn., visited in this city last Thursday. He returned to his home Thursday afternoon.

Miss Fern Baker left yesterday morning for Badger, Minn., for a few days' visit at her home. She will return tomorrow.

Miss Margaret Eichammer returned to this city Monday from Grand Forks, N. D., where she was visiting at her home for several days.

H. B. Groven, cashier of the Scandinavian American bank at Badger motored to this city the first of the week for a brief visit with friends.

Mrs. John Gustafson of this city, left yesterday morning for Middle River for a two days' visit at the home of her parents, Mr. and Mrs. Ole Brenna.

Mr. and Mrs. J. O. Yotter returned to their home in this city last Friday morning from Angola, Indiana where they visited for two weeks with relatives of Mrs. Yotter.

Miss Helen Strand, daughter of Mr. and Mrs. A. K. Strand, arrived here last Saturday morning from Moorhead where she attended summer school at the state normal.

Mr. and Mrs. V. F. Robarge and children returned last week from Minneapolis and the southern part of the state, where they had been visiting with relatives for two or three weeks.

Miss Mary Jeanette Bassett of Baltimore, N. Y., arrived in this city Monday night from Chicago, Ill., where she had been visiting with her friends, and is a guest at the home of Miss Miriam Bishop.

Lieut. Ralph J. Falk, son of Mr. and Mrs. B. J. Falk of this city, has now safely arrived in France, word having been received here by his parents a few days ago. Lieut. Falk was with the division that left Camp Cody, New Mexico.

Your country calls you! Do not be among those who are impatient to fire before they are ready. How shall you get ready? Where shall you get ready? America's answer to this is: "At School"—Choose North Star Vollege, Warren, Minn.—A-1.

Mrs. Joe Flynn, of Superior, Wis., is a guest at the home of her mother, Mrs. Gertrude Severson, 223 Zeh street west. Mr. Flynn, formerly proprietor of the barber shop now owned by A. J. Ralston, arrived here the latter part of last week for a few days' visit here.

Henry Olson, accompanied by his daughter, Miss Gladys Olson and Miss Esther Fricker motored to this city Monday morning for a brief visit. Mr. Olson attended to business matters while Miss Olson and Miss Fricker visited at the home of Miss Fricker's aunt, Mrs. G. Adolph.

Miss Lylabelle Schuster, who has been teaching school in Glencoe, Wyoming, during the past year is at present visiting at the home of her brother, Harry Schuster at Sauk Rapids. She arrived in this city the first part of the week to spend the remainder of the summer at the home of her parents, Mr. and Mrs. C. C. Schuster.

Rev. and Mrs. C. E. Hanson of Swift Current, Sask., Canada, arrived in this city Sunday night and are guests this week at the home guests this week at the home of Mrs. Hanson's sister, Mrs. J. N. Nesse. They leave next week for McIntosh to visit at the home of Mrs. Hanson's parents for a few days and then they will go to Stephen to make their new home.

"Days That Try Men's Souls"

THE hail storm which visited Pennington county last Saturday afternoon was nothing less than a calamity to the group of farmers whose labors of the year were, in the space of a few minutes, reduced to nothing.

THESE loyal men who had convincingly shown their loyalty by obeying the governments request to till every acre of available land, suffered a loss that not only embarrasses them, but, in view of the world shortage of grains, injures in no small way the public welfare. The destruction, on the eve of harvest, of foodstuffs valued at more than a half million dollars, is on this account all the more tragic.

TO the farmers who lost their crops we offer our sincere sympathy, but also every material assistance which it is in the power of this bank to lend.

Citizens State Bank
Resources Over $600,000.00

Martin Severson of Holt, visited here on business last Friday.

Misses Nora Rye and Elizabeth Horejsh of this city left last Friday afternoon for Red Lake Falls for an extended visit with friends.

Feidy Brown left last Friday afternoon for Miles City, Mont., to begin his work as credit man in the Lindsay-Miles City Co. Grocery house. He was accompanied as far as St. Hilaire by his wife who visited there with relatives for a few days. Mrs. Brown will leave for Miles City in two weeks.

Christ Halvorsen, watchmager in Neset's jewelry store, returned to this city last Friday morning from a month's vacation spent with his relatives in Boston, Massachusetts. He was accompanied to Boston by his daughter, Miss Ruby Halvorsen, who remained in Minneapolis for a few days with friends before returning to this city the first of this week.

Miss Huldah Fossum returned to her home in this city last Saturday morning from Moorhead where she attended summer school at the state normal.

Mr. and Mrs. M. Peterson of Minot, N. D., arrived here last Saturday morning for a few days' visit at the home of Mrs. Peterson's cousin, Mrs. H. O. Loken. They left this week for Minneapolis.

Mrs. Anna Dock left Saturday morning for Greenbush, Minn., to spend part of her two weeks' vacation at the home of Mrs. Thos. Torgerson. Mrs. Dock is head saleslady in Oen's department store.

Mrs. T. Chittick and two children, Margaret and Richard, who had been visiting in this city for three weeks at the home of Mrs. Chittick's son, Thos. Chittick, and daughter, Miss Blanche Chittick, returned to their home in Duluth last Saturday morning.

M. Zinro of Lake Chrystal, visited in this city on business the latter part of last week.

Miss Anna Morman, who has been attending summer school at the Moorhead normal, arrived here last Saturday morning to spend the rest of her summer vacation at her home.

Mrs. O. Dolby, accompanied by her daughter, arrived in this city last Friday to receive treatment at the Sanitorium. Mrs. Dolby returned to her home in Roseau Saturday morning.

Mrs. S. Simonson and daughter, Miss Senora Simonson of Ada, Minn., arrived in this city last Thursday for a brief visit at the home of Mr. and Mrs. Erick Aspelund. They left Friday morning for Baudette for a week's visit at the home of Mr. and Mrs. Silas Simonson. Mr. Simonson visited here Thursday also and accompanied his mother and sister to Baudette.

Shop and Railroad News

ANOTHER RAISE IN SHOPMEN'S WAGES

MACHINISTS, BLACKSMITHS AND CARMEN ARE INCLUDED.

Wages of railroad shopmen have been increased to 68 cents an hour by Director General McAdoo with proportional advances for assistants and miscellaneous classes in mechanical departments. The new rates, which are retroactive to last January 1, are from five to thirteen cents an hour highter than wages paid these men in most shops under the general wage advance allowed two months ago by the director-general, but are somewhat less than the labor organizations sought.

Beginning August 1, eight hours will be recognized as a standard working day, and overtime, Sunday and holiday work will be paid for at the rate of one and one half times the usual rate. Back pay will be given the men as soon as it can be calculated.

The advances apply to about 500,000 men and to all sections of the country, despite local differences prevailing heretofore. The addition to the aggregate annual payroll is estimated at nearly $100,000,000.

New Scale Announced.

The new scale of wages was announced as follows:

"Machinists, boilermakers, blacksmiths, sheet metal workers, moulders, and first class electrical workers, 68 cents per hour.

"Car men and second class electrical workers, 58 cents per hour.

"Helpers, 45 cents per hour.

"Foremen paid on hourly basis, five cents per hour more than respective crafts.

"Foremen paid on monthly basis, increase forty dollars per month, minimum $150, and maximum $250.

"New rates are retroactive to January 1, 1918.

"Beginning August 1, 1918, eight hour day with time and one half for overtime, Sunday work and seven specified holidays."

The full text of the new order, which deals in detail with methods of calculating specific increases will be issued within the next week. The former wage increase order provided for percentages advances, with a minimum of 55 cents an hour for shopmen.

POPPING EXHAUST VALVE JUST WASTE

FOREMEN GIVEN AN OBJECT LESSON BY MASTER MECHANIC HENDRY.

"Five Minutes Popping Wastes This Much Coal," is the painted inscription attached to a box about two feet square placed next to the registration desk for engine men at the roundhouse of the Soo in this city. "Fuel that you waste would send men and munitions to France," continues the admonition, which is calculated to call the attention of firemen to the importance of saving coal. Above the box is a striking picture sent out by the government, together with the following warning: "To the Fireman: The man with the shovel controls the wise use of coal. The country needs his skill to prevent waste of fuel required to keep us warm and to turn the wheels of industry that shall command victory."

Master Mechanic J. W. Hendry, who is responsible for the innovation, shows how easy it is to be responsible for an enormous fuel waste. "If a fireman wastes one scoopful per mile," said he, "it means that 18 lbs. have been thrown away. This is 180 lbs. every ten miles or 1,800 lbs. for an ordinary run of 100 miles. Multiply this by the tens of thousands of miles covered by our railroads every 24 hours and you have a coal pile that would keep a lot of people from freezing to death for quite a while, to say nothing of the power it would furnish for operating the industries, the output of which is so badly needed."

The object lesson should prove of value to those among the firemen who have thoughtlessly wasted coal.

Joins Canadian Army—John C. Bird, pipefitter at the Soo roundhouse, has resigned his position and left this week for Minneapolis, where he will join the Canadian army. He will go to Ottawa for training and afterwards be assigned to one of the divisions as a mechanic, being an expert gas engine man.

No Hail to the West—Reports reaching the offices of the Soo in this city are to the effect that there was no sign of hail along the lines of that road last Saturday. The storm seems to have been largely local as no other district was affected. A heavy rain fell throughout western Dakota and eastern Montana and this has changed what seemed to be a hopeless situation into one of considerable promise. There will be at least a partial crop in those sections as a result of the downpour.

Are Using New Men—The railroads are beginning to feel the pinch of the forthcoming labor shortage. Thus far all departments have been able to get along without trouble, but when it comes to caring for the heavy traffic this fall with new men it will be different. There is a scarcity of machinists, while firemen are also becoming fewer. In some instances it has been found necessary to work the regulars on their lay-over days in order to keep up with the work.

Interested in Raise—The new wage ruling of which an account is given in the article at the head of this column, will apply to almost exactly 100 men in this city, if the matter is rightly understood. This increase affects a class of men whose pay has never been sufficiently high, according to those who have been in a position to know. It is claimed that it takes four years to turn out a competent car man and yet he has been paid about the same wages as a common laborer. A car man must be as competent as a machinist, but he has never enjoyed the standing of the latter.

Repairing Turn Table—A new cement foundation is being put under the turn table at the roundhouse and while the work is going on some of the engines will have to make long trips out in one direction. The plan is as follows: Engines arriving with trains from Kenmare are started out on their next trip pulling the train to the head of the lakes, no turning being required in order to accomplish this. The same plan applies the other way about. The Duluth train engine of one day becomes the Kenmare engine the next. The same thing goes for those running from Glenwood to Noyes and from Federal Dam to Adams.

Division Jottings.

Ronald and Clifford Schantzen and Delmer Cote have resigned as warehousemen at the Soo freight house and their places have been filled by Paul Quindlog, George Charboneau and Peter Amond.

Carl A. Sandum, janitor at the passenger depot, has resigned and is succeeded by Arthur Ostmoe.

Mrs. H. A. Pratt, who has been working as bill clerk in the freight office, is absent on a visit to friends and relatives at Chicago and Rockford, Ill. She will be gone about two weeks.

Carl F. Erickson has been hired as car repairer and Emil Adolphs has been added to the coach cleaning crew.

Carl Norquist, who has been serving his apprenticeship as a machinist at Enderlin, has been transferred to this city to finish his time.

Carl Truelson, firebuilder, is on the sick list and his place is being taken by Conrad Klappenbach.

Carl E. Erickson is a new man in the car repair department.

Sigurd Wold, boilerwasher, has been transferred to the operating department as ledgerwood engineer.

Peter Parenteau has been transferred from machinist's helper to watchman on the steamshovel.

Otto Fritag is a new man working as machinist's helper.

Milton Gillette has quit his position as fireman and added himself to the brakemen's roster.

Henry Gothe, machinist, and family, went to Duluth this week to attend the funeral of Mr. Gothe's brother, who died while in the service at Camp Wadsworth.

Eugene Hance is absent from his usual post, being on a visit to Minneapolis this week.

J. H. Fossum and John C. Bird, spent Monday and Tuesday at Winnipeg on a visit.

Alfred Henning, car inspector, went down to Henning to look over the outfit of Sparks Bros.' circus equipment, before it was turned over to the division.

Herbert M. Haraldson and Joseph E. Trudel are new freight brakemen on the division, while Carl T. Erickson has been added to the list of freight brakeman students.

Miss Olga Gulrud spent Saturday and Sunday in Winnipeg.

L. M. Rayson and family left Friday on a two weeks' vacation to visit Mr. Rayson's father and mother in the state of Washington.

A. J. Nyhus, resident engineer, has been transferred to the Minnesota division of the Soo line with headquarters at Enderlin, N. D. Geo. L. Rosing will succeed Mr. Nyhus on the Winnipeg division.

Mrs. Stella BonDurant has accepted a temporary position in the Soo line local freight office.

Mr. Verrett, the new express agent spent Saturday and Sunday in St. Paul with his family.

Olaf Tharaldson will go to Devils Lake this week as warehouseman relieving John T. Mellinger resigned.

Thomas E. Bennett goes to Overly as warehouseman, relieving R. Hanson, resigned.

Edward Langevin night operator at Plummer, spent Sunday in Thief River Falls.

Clifford M. Teigen goes to Detroit as warehouseman.

Farmers & Merchants State Bank
"The Farmers' Bank"

Soldiers of the Soil

MILLIONS of our Allied fighters and still another million and more of OUR OWN fighting boys are "over there." All these millions and millions of civilian populations as well are looking to America for the wheat, the fats, the sugar and the meats that are to sustain the cause of Democracy in its fight.

Unless you have heard the call to the fields of France, hear your Government's call for "Soldiers of the Soil." If you have had farm experience find your place in the great agricultural army that Uncle Sam is mobilizing to "carry on" and furnish the will that our armies need to bring Victory.

Volunteer today. The need is urgent.

QUESTIONS ANSWERED

SUGAR PRICES

How do sugar prices here compare with those in other countries?

Net wholesale prices of refined sugar per pound in chief cities of Allied countries since sugar control was established in the United States by the Food Administration:

	N.Y.	Montreal	London	Paris	Rome
October 1, 1917.	$0.0818	$0.0867	$0.0998	$0.1228	$0.263
May 1, 1918.	$0.073	$0.0807	$0.1259	$0.1228	$0.263

What is the average retail price of sugar in the United States?

From 8½ to 10 cents a pound, varying slightly in different localities. During the Civil war sugar sold at retail for 35 cents a pound, when there was no real shortage. Speculation then was rampant; now it has been checked by Food Administration regulation.

How have prices been regulated?

By voluntary agreement with producers and refiners, with regard to the price of the raw sugar and refiners' margins, and by establishing maximum margins for wholesalers and retailers.

Would our prices be higher if there were no control of sugar?

The price would, in the face of the world shortage, have mounted rapidly, as it has in countries where no control exists. As the American people consume upward of 8 billion pounds annually, each cent per pound increase would cost the people more than $80,000,000 a year.

How can I know whether my grocer is charging excessive prices for sugar?

Consult the list of "fair prices" published in the newspapers or write directly to the State Food Administrator or his representative in your vicinity.

What penalty is there for the small retail grocer who is found guilty of charging excessive prices?

Wholesalers, all of whom operate under Federal licenses issued by the Food Administration, may cut off his supplies.

Hoarding.

What is sugar hoarding?

Having on hand more than is needed for a reasonable length of time. You should not fail to return any unused balance of sugar purchased for canning purposes.

May a household have a month's supply of sugar on hand?

This is not justifiable except in extreme cases where there are no stores available for purchase, and it should be done only upon advice of the Federal Food Administrator or his deputy.

What are some of the evil effects of hoarding?

It throws the distribution system out of joint; it raises prices; it imposes a heavier burden upon those already doing their utmost; it results in waste where there are no proper facilities for storage; it discourages the honest.

What is the moral wrong of hoarding?

It is selfish, cowardly, unpatriotic. It is, in effect, taking unto one's self special privileges at a time when all Americans should be on the same footing, share and share alike.

Is there any punishment for hoarders?

Yes. The Food Control Act provides fines of not more than $5,000 and imprisonment for hoarding by dealers, manufacturers or householders.

General Sugar Conservation.

Is sugar necessary in the diet?

Neither cane nor beet sugar is necessary. In the average American diet all the bodily needs may ordinarily be supplied by using honey, syrups, fresh, preserved and dried fruits.

What are the general sugar saving rules?

Use all sugar sparingly and wherever possible use substitutes. Be sparing of confections and sweet cakes. The American people last year spent enough money for candy to feed all Belgium for two years. Supplement sugar with honey, maple syrup and corn syrup. Cultivate a taste for fruit in its natural sweetness. Sugar is a fuel-food. Get fuel from potatoes and other starchy foods rather than from sugar. It excels them as an energy-food only because it produces energy more quickly.

If a recipe calls for 1 cup of sugar, what amount of substitute may be used?

If a recipe calls for 1 cup of sugar, use in its place 1 cup of strained honey or 1⅔ to 2 cups of corn syrup. If honey or syrup is used, the amount of liquid called for in the recipe must be reduced ¼ cup for every cup of honey or syrup.

Canning.

Why is it good conservation policy to use sugar for home canning and preserving of fruits?

Surplus perishable fruits would be lost if not canned. Sugar used in this way goes farther than it does as sugar. Every can put up by a housewife means a can released from commercial stocks for export to feed our armed forces and the Allies.

Why does the Food Administration at present encourage canning without sugar?

Because sugar may be added later, when it is more plentiful.

Neighborhood NEWS

ROSEWOOD

Monday.

Two carloads of lumber and other building material were shipped in at the Hanson & Barzen yards the beginning of the week and Adolph Haugen has been assisting with the unloading.

At the school election on Saturday evening the following were elected: Swen Swenson, director; A. T. Thoreson, clerk and Peter Mellem, treasurer. There will be a seven months' term this year and will commence on Monday, Oct. 14. Miss Ida Legvold of Thief River Falls will teach.

Axel Larson, Nina Anderson, Mr. and Mrs. E. Nelson and daughter, Eleanora spent yesterday afternoon visiting with friends at Holt.

Mr. and Mrs. I. O. Eggen and son, Edwin returned to their home at Kelliher and Miss Annie Hanson returned to her home at Grygla after a two months' stay with their sister, Mrs. John Rafteseth.

"Safely overseas" read the message that was communicated this morning to some of the friends of Johnny Sorenson who entered military training about two months ago. Joe Weiss is another of our young soldier boys who has been sent the last week.

Olof Nordhagen, who has been employed at tractor breaking on the B. Oen farm, has this week accepted a contract for discing the Soo railway companies fire breaking along their road both east and west of town.

Miss Alma Blomberg is staying for a few days with her aunt, Mrs. Chas. Sagmoen in town.

John Siolsvold was in town today from Anita to shop and visit.

Miss Annie Bloom who has been employed all spring at the Anton Gulseth restaurant at Viking arrived home this evening, and will stay with her parents here for some time.

Henrietta and Elmer Helquist accompanied their grandfather J. Helquist home from Thief River Falls this evening and will visit at his home for a few days.

A powerful temperence lecture was given this evening at the Congregational church by Rev. J. Anderson a Methodist minister of St. Paul. The meeting was well attended. Envelopes soliciting financial aid for the present anti-saloon drive in this state was dealt around after the sermon.

Fred Rockstad, Captain and Lieutenant Aaserud and Ensign Bolden of Thief River Falls are afternoon guests with Mrs. Nina Anderson.

Tuesday.

Mrs. Thilda Skjorsvold and two children are at Warren attending to some business matters and visiting.

Adolph Haugen and A. C. Vorseth motored to Thief River Falls this noon to attend to business.

John Sorenson arrived here today and is around with the local garagemen south soliciting stock for a shipment from this place next Saturday.

Rudolph Sagmoen is at Anita assisting his brother Peder, with the haying.

Arthur Bloom is employed during haying at the John Sjoberg farm near Hazel.

Saturday.

John Remmem returned home this morning having spent some time on business matters at the Pennington county seat.

Mr. and Mrs. W. W. Prichard arrived from Thief River Falls this morning to spend some time at their farm, northwest of town.

Miss Ethel Styrlund returned to Viking this morning having visited with friends at this place since last Saturday.

The town has purchased a new set of culvert molds for the erection of culverts with concrete. Since the outbreak of the war the prices of the ordinarily used galvanized steel culverts has raised to fabulous sums, and it seems that cement culverts will be the most profitable in the long run, the life of a steel culvert is estimated at twenty years while one properly made of concrete will last forever, besides they are more stationary in case of washouts and have many advantages over both steel, wood, brittle clay pipe culverts. The new moulds this town has purchased are adjustable to three different sizes and cost in the vicinity of $200.

W. J. Gray was in town this afternoon in his Dodge enroute home from a tour out west.

Fred G. Doles left this evening on a brief visit to Thief River Falls.

C. J. Dahl, manager of the local shipping association left for St. Paul this noon with a mixed carload of stock.

Rev. J. Fjellstedt, of Nymore, Minnesota, will be at Rosewood on Monday, August 5, and will conduct services at the Congregational church in the evening, commencing at 8:30 p. m.

Sunday.

About a half hundred of friends and neighbors of Mr. and Mrs. Axel Kron of Norden township, under the lead of Mrs. John Bloom, met at the former's home this afternoon, in the form of a regular surprise. The automobiles, eight in number, were lined up in front of the house, and C. Christensen the speaker of the afternoon, delivered a half hour's religious-patriotic speech. As usual the ladies brought along the necessary articles for a dainty afternoon lunch, which was served on the green to all the partakers, and the afternoon merrily passed mid joy and conviviality. A gift of $24.90 had been gathered by Mrs. Bloom and was delivered to Mr. and Mrs. Kron in commemoration of the event.

The Norwegian Young Peoples society will meet a week from tonight, August 4, at the Rindahl church on one of their regular meetings. Lunch will be served and a program rendered. All welcome.

Peder Sorenson is spending the afternoon in town visiting with his friends.

Benhard Ranum was home from Warren this afternoon where he is employed, for a brief visit with his family.

Miss Synneva Sorenson and Miss Inez Stroble will leave tomorrow morning for Angus, where Miss Sorenson will visit for some time with her sister, Mrs. A. Stroble. Inez Stroble has been visiting here for several weeks and now returns home.

ST. HILAIRE

A large party was given on the Swan Johnson farm east of this village on Wednesday evening in honor of Elmer Johnson, who left Friday afternoon with the drafted boys. A very enjoyable time was spent by those who attended.

Fred Gunstad, who is employed in the Times office at Thief River Falls, made an over Sunday visit with friends in this village.

Miss Elizabeth Johnson, who was hurt in an auto accident about two weeks ago, is able to be up and around again.

Misses Alta Olson, Nettie Johnson and Agnes Simonson are taking the teachers' examinations which are given at Thief River Falls this week.

Mr. Farmer:

While you are in the city for the purpose of attending your county fair, take the opportunity offered to inspect the finest lumber yard in this section of the state. The stock has been selected by men who know just what the farmer needs and just what will best serve his purpose.

Lumber for Dwelling, Barn and Silo

Our facilities for serving you are excelled by those of no concern in Northern Minnesota. Buying for 14 yards at the same time gives us a price-leverage not possessed by others---and you get the benefit.

No bill too large for us to fill---none so small that it does not receive our most careful attention.

Nortz Lumber Co.

Proceedings of the City Council

A regular meeting of the City Council was called to order by O. L. Ihle, president, at eight o'clock P. M. July 23, 1918.

Roll Call: Members present: Froseth, Benson, Myhrum, Olson, Brandon and Ihle. Members absent: None.

Minutes of the meeting of July 9th, and special meeting of July 19th were read and approved as read.

Moved by Brandon, seconded by Myhrum, that the Mayor's appointment of Carl B. Larson as member of the Cemetery Commission to fill the vacancy caused by the resignation of A. B. Tessum, be accepted. Motion carried.

Alderman Olson, seconded by Alderman Myhrum, introduced a resolution ordering a sidewalk constructed along the East side of Arnold Avenue from First street south to the Great Northern Right-of-Way. (See Resolution.)

Moved by Froseth, seconded by Brandon, that bids for construction of bridge and abuttments for sewer improvements be opened. Motion carried.

The following bid was submitted: L. D. McAdams:

One 18 foot span and bridge with abuttments	$698.00
Repairing, raising and aligning 24" sewer, building of abuttments	263.00
	$961.00

Moved by Froseth, seconded by Myhrum, that the bid of L. D. McAdams for building bridge and abutments be accepted, and to furnish surety bond in the sum of $1,000.00. Motion carried.

Moved by Myhrum, seconded by Brandon, that the bid of the S. Swenson Artesian Well Co. for the construction of a deep well be accepted, with the understanding that said Company be required to guarantee to pull back pipes sufficiently to place 25 foot screen and that the proper officials be instructed to enter into a contract with the S. Swenson Artesian Well Co. for same. Motion carried.

Alderman Froseth, seconded by Alderman Ihle, introduced a resolution appropriating $133.20 to W. R. Robinson as a final payment of sewer extension within sewer District No. 3. (See Resolution.)

On motion duly carried the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

At a regular meeting of the City Council, held July 23rd, 1918, Alderman A. K. Olson, seconded by Alderman P. O. Myhrum, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of Thief River Falls, Minnesota, that the City Council deems it necessary, expedient and practical to build and construct a cement sidewalk upon and along the following street, to-wit: Along the east side of Arnold Avenue from First Street south to the Great Northern Right-of-Way.

NOW THEREFORE, BE IT RESOLVED, that the City Council, acting on its own motion and not otherwise, do hereby determine to order built and constructed the said sidewalk and BE IT FURTHER RESOLVED, that the following sidewalk be and the same hereby is ordered to be constructed as follows: Along the east side of Arnold Avenue from First Street south to the Great Northern Right-of-Way, said sidewalk to be five feet wide and to be laid and constructed of cement and gravel and in accordance with the ordinances of the City of Thief River Falls, Minnesota, now in force affecting sidewalks, and in accordance with the plans and specifications of the City Engineer affecting sidewalks now on file with the City Clerk, said sidewalk to be completed on or before the 20th day of September, 1918; and further that this resolution shall be duly served on or before the 1st day of August, 1918, upon the owners of all the lots, parts of lots and parcels of ground fronting on said above named street where said sidewalk is hereby ordered to be built and constructed, and whose names with the legal description of their respective holdings are hereinafter set forth, such service to be made in accordance with the statute in such case made and provided.

Name of Owner.	No. Front Ft.	Description of Property.
J. M. Bishop	350	Lots 17 to 30 both inclusive of Block 66, Original Townsite of Thief River Falls, Minnesota.
[illegible]		
Augusta Yanke	50	Lots 31 and 32, Block 66, Original Townsite of Thief River Falls, Minnesota.

Roll Call: Aldermen voting Yes: Froseth, Benson, Myhrum, Olson, Brandon and Ihle. Aldermen voting No: None. Resolution declared passed.

O. L. IHLE,
President of the Council.

Approved July 27th, 1918.
G. A. PENNEY, Mayor.

Attest:
A. H. AKRE, City Clerk.

RESOLUTION.

At a regular meeting of the City Council held July 23rd, 1918, Alderman M. N. Benson, seconded by Alderman S. Brandon, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that whereas the city did on the 12th day of July, 1917, order to be built and constructed the following sidewalks within the City of Thief River Falls, towit:

On the south side of Ninth Street from Duluth Avenue East to LaBree Avenue; on the North side of Ninth Street from LaBree Avenue East to Horace Avenue; on the West side of Horace Avenue from Ninth Street South One Hundred Fifty feet; on the East side of Main Street from Ninth Street South Fifty feet; on the East side of LaBree Avenue from Ninth Street South Two Hundred feet; and whereas said sidewalks were not completed within the time required in said resolution, and the City Council having ordered said sidewalks to be built by the City, and said sidewalks having been completed, and the City Council having on the 28th day of May, 1918, by resolution fixed Tuesday the 23rd day of July, 1918, at eight o'clock P. M., of that day in the Council rooms in the City of Thief River Falls, Minnesota, as a time and place for hearing testimony and ascertaining the amounts of benefits to property fronting such sidewalks by reason of the construction thereof, and it appearing that the said resolution has been duly served and the Council having heard all parties interested, it is hereby ordered that the following described property is charged with the following amounts, and, the City Clerk is hereby instructed to transmit to the Auditor of Pennington County, a record of said assessments to be used in making a usual annual levy and assessment against said property in accordance with law.

Name of Owner.	Amount.	Description of Property Owned.
Howe Paige	$57.60	Lot 12, Block 11, Oakland Addition to Thief River Falls, Minn.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 303 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11), in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole sum secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on February 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and Twenty-five Dollars ($25.00) attorney's fees stipulated in said mortgage.

Dated June 24th, 1918.

LOUIS KRUSE,
Mortgagee.

Proposals For Bids For Construction of Sewer Improvement.

The City Council of the City of Thief River Falls, Minnesota, will receive sealed bids under the above title up to Eight O'clock P. M., on August 10th, 1918, at which time the bids will be opened and considered, for furnishing all labor, skill and material for the construction of a bridge and abutments for sewer improvements within the City of Thief River Falls, Minnesota, such bids to be made upon a basis of cash payment for the work and labor, and no bid will be considered unless accompanied with a cash deposit or duly certified check payable to the order of the Treasurer of the City for at least fifteen per cent of the amount bid. Such bids to be in accordance with the plans and specifications now on file with the City Clerk of the City of Thief River Falls, Minnesota. The City Council reserves the right to reject any and all bids.

Dated at Thief River Falls, Minnesota, July 9, 1918.

A. H. AKRE,
City Clerk.
Thief River Falls, Minn.

J-18-25-A-1.

Notice of Expiration of Redemption No. 787.

Office of the County Auditor, County of Pennington, State of Minnesota.

To W. S. Barclay.

You are hereby notified that the following described piece or parcel of land, situate in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

The W½ of SW¼ of Section 2, Township 152, Range 43 is now assessed in your name; that on the 11th day of May, A. D., 1914 at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for the said County of Pennington on the 18th day of March, A. D., 1914 in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1912 for the said County of Pennington the above described piece or parcel of land was sold for the sum of $15.49, and the amount required to redeem said piece or parcel of land from said sale, exclusive of the cost to accrue upon this notice, is the sum of $15.49 and interest as provided by law at the rate of 12 per cent per annum from said 11th day of May, 1914 to the day such redemption is made, and also subsequent taxes and interest as follows:

$16.37 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1915 to the day such redemption is made, and $15.29 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1916 to the day such redemption is made, and $14.71 and interest thereon at the rate of 12 per cent per annum from the 23rd day of January, 1917 to the day such redemption is made, and $18.00 and interest thereon at the rate of 12 per cent per annum from the 22nd day of January, 1918 to the day such redemption is made.

And that said tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said piece or parcel of land from said sale will expire sixty (60) days after the service of this notice and proof thereof has been filed in my office.

Witness my hand and official seal this 8th day of July, A. D., 1918.

(Seal) T. P. ANDERSON,
County Auditor,
Pennington County, Minnesota.

J-18-25-A-1.

Notice of Expiration of Redemption No. 990.

Office of the County Auditor, County of Pennington, State of Minnesota.

To Salma Nelson.

You are hereby notified that the following described piece or parcel of land, situate in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

The Southwest Quarter of Section 15, Township 152, Range 39, is now assessed in your name; that on the 10th day of May, A. D., 1915 at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, A. D., 1915 in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1913 for the said County of Pennington, the above described piece or parcel of land was sold for the sum of $44.67 and the amount required to redeem said piece or parcel of land from said sale, exclusive of the cost to accrue upon this notice is the sum of $44.67 and interest as provided by law at the rate of 12 per cent per annum from said 10th day of May, 1915, to the day such redemption is made, and also subsequent taxes and interest as follows:

$69.25 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1916 to the day such redemption is made, and $65.30 and interest thereon at the rate of 12 per cent per annum from the 23rd day of January, 1917 to the day such redemption is made, and $55.76 and interest thereon at the rate of 12 per cent per annum from the 22nd day of January, 1918 to the day such redemption is made.

And that said tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said piece or parcel of land from said sale will expire sixty (60) days after the service of this notice and proof thereof has been filed in my office.

Witness my hand and official seal this 8th day of July, A. D., 1918.

(Seal) T. P. ANDERSON,
County Auditor,
Pennington County, Minnesota.

J-18-25-A-1.

To Land Owners of Highlanding Township.

Take Notice—You are herby notified and required to destroy upon all lands embraced within or constituting a part of the public highway opposite or adjoining lands which you may own, control or occupy:

All noxious weeds and grasses in such a manner as to effectually prevent them from bearing seed, and if you fail to so destroy such weeds as so required you will be reported as delinquent and said weeds will be destroyed at your expense and a tax be levied against your said lands to pay the expenses and costs of destroying the same.

By order of Board of Supervisors,
H. L. FINSTAD,
Town Clerk.

J-18-25-A-1

Notice of Expiration of Redemption No. 752.

Office of the County Auditor, County of Pennington, State of Minnesota.

To F. H. Wellcome.

You are hereby notified that the following described piece or parcel of land, situate in the County of Pennington and State of Minnesota, and known and described as follows, to-wit:

The E½ of SW¼ of Section 20, Township 153, Range 45 is now assessed in your name; that on the 11th day of May, A. D., 1914, at the sale of land pursuant to the real estate tax judgment, duly given and made in and by the District Court in and for said County of Pennington on the 18th day of March, A. D., 1914, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1912 for the said County of Pennington, the above described piece or parcel of land was sold for the sum of $15.34 and the amount required to redeem said piece or parcel of land from said sale, exclusive of the cost to accrue upon this notice is the sum of $15.34 and interest as provided by law at the rate of 12 per cent per annum from said 11th day of May, 1914 to the day such redemption is made, and also subsequent taxes and interest as follows:

$14.91 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1915 to the day such redemption is made, and $15.71 and interest thereon at the rate of 12 per cent per annum from the 15th day of January, 1916 to the day such redemption is made, and $23.06 and interest thereon at the rate of 12 per cent per annum from the 23rd day of January, 1917 to the day such redemption is made, and $16.25 and interest thereon at the rate of 12 per cent per annum from the 22nd day of January, 1918 to the day such redemption is made.

And that said tax certificate issued upon said sale has been presented to me by the holder thereof, and the time for redemption of said piece or parcel of land from said sale will expire sixty (60) days after the service of this notice and proof thereof has been filed in my office.

Witness my hand and official seal this 8th day of July, A. D., 1918.

(Seal) T. P. ANDERSON,
County Auditor,
Pennington County, Minnesota.

J-18-25-A-1.

Notice of Tax Sale of Unredeemed Lands in Pennington County, Minnesota, Under Sections 2127, 2128 and 2129, General Statutes 1913, As Amended By Chapter 332, General Laws of 1915.

Pursuant to the provisions of Sections 2127, 2128 and 2129 General Statutes 1913, as amended by Chapter 332, General Laws 1915, and Chapter 334, General Laws 1915, notice is hereby given, that on Monday the 12th day of August, 1918, at 10 o'clock in the forenoon, at the office of the County Auditor in the County Court House at Thief River Falls, in Pennington County, Minnesota, all tracts or parcels of land situate in Pennington County, bid in for the State, and not assigned to purchasers or redeemed within three years from the date of the tax sale at which said parcels were offered and so bid in by the State, will be offered at public sale, and will be sold to the highest bidder therefor. The current taxes will be included in all cases. No parcel will be sold for less sum than the aggregate taxes, penalties, interest and costs charged against it, unless the cash value therefor, fairly determined by the County Board and approved by the Minnesota Tax Commission, shall be less than such aggregate; provided, however, that all parcels bid in for the State for the taxes of 1907 prior years, and not assigned to purchasers or redeemed as aforesaid, may be disposed of for one-half of the total taxes as originally assessed; and provided further, that all tracts, offered at sale, held under Chapter 543, General Laws 1913, and not sold to an actual purchaser at said sale or subsequently assigned, will be offered for not less than fifty (50) per cent of the assessed valuation thereof for 1916 and taxes for the year 1915 with penalty and interest in full. Purchasers shall forthwith pay the amount of their respective bids to the County Treasurer. Said sale will begin at the time and place named above and will continue from day to day until every such tract or parcel shall have been offered for sale under the provisions of said statutes. The list of said real property, subject to said sale, and which will be offered for sale, unless previously redeemed, is now on file in the office of said County Auditor, and of the State Auditor of said State.

Owners or interested parties may redeem their property by paying the full amount due to the County Treasurer, at any time before sale and within sixty (60) days after proof of service of the Notice of Expiration of Redemption has been filed with the County Auditor. After the Notice of Expiration of Redemption has been served, as provided in Section 2148, General Statutes 1913, the Chairman of the Minnesota Tax Commission is authorized to issue a deed in the name of the State, to the person entitled thereto. (See Chapter 332, General Laws 1915.)

Dated at Thief River Falls, Minnesota, July 24, 1918.

(Seal.) T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

J24-a-1-8.

AGDER

Mr. and Mrs. Chas. Evanson and family, accompanied by Hannah Peterson, autoed to Thief River Falls last Tuesday evening and attended the movies.

O. Granum of Thief River Falls called on the farmers of this vicinity last week with the country oil car of the Standard Oil Co.

Mrs. Chas. Evanson was an overnight visitor at the Skramstad home in Thief River Falls last Tuesday, returning Wednesday.

Miss Olida Kjosbo of Mavie was a business caller at the Isaacson home Tuesday.

Christ Nelson attended the auction sale held at the John Phillip farm near Germantown Wednesday.

Tom Senum went to Warren last Tuesday to be examined for the draft, returning Thursday.

Ole Forthun and son Clarence were callers at Thief River Falls last Tuesday.

Word has been received from Claude Evanson and Andrew Senum, now at Camp Kearny, Ca., that they are about to sail for France.

Tom Senum visited with friends near Steiner Sunday.

Mr. Solberg of Twin Valley arrived here last Wednesday and is visiting at the home of his son, Ole Solberg.

Hannah Peterson, Noble Larson and W. E. Rudo were callers at Thief River Falls Friday.

O. A. Isaacson attended to business matters at Thief River Falls Saturday.

Ole Forthun and family attended the Silverton club meeting in the Banner school house Saturday evening.

Women Wanted

The war is creating a big demand for women and young men with a knowledge of bookkeeping, banking, shorthand and typewriting. Wages are large and the chances for promotion are splendid. Write the Union Commercial College, Grand Forks, N. Dak., for a free catalog and full particulars.

The War During July

Account of Progress Made By Allied Armies Since Beginning of the Fifth Offensive.

July 1.—Allied armies begin series of "nibbling attacks of local scope; Wilson asks congress for federal control of telegraph and telephone.

July 2.—Americans capture Vaux in dashing attack on two mile front.

July 3—Italians advance on eight mile front; French make half mile advance on Soissons.

July 4.—Nearly 100 ships launched in America on Independence day; British advance on four mile front; French take 1,000 captives.

July 5.—Americans and Australians advance at Hamel, taking 1,300 prisoners.

July 6.—Versailles council proposes Allied intervention in Russia; Major John Purroy Mitchel killed in airplane fall; transport Covington sunk on way home.

July 7.—German Ambassador Count von Mirbach assassinated at Moscow; last of Austrians pushed over Piave river.

July 8—United States war council abolished, Goethals made chief of staff; Italians open drive in Albania; Pershing battle troops reach 500,000.

July 9.—French make gain of mile north of Compiegne; Huns lose 10,000 in bloody battle with Ukranian peasants.

July 11.—*Austrians retreat 25 miles* in Albania sector.

July 12.—Macedonian sector and Albanian joined in single battlefront; Italians capture much booty.

July 13.—British land troops on Murman coast to protect Allied supplies.

July 14.—Congress votes for federal wire control.

July 15.—Germans launch fifth drive of season on 65 mile front along Marne river; Americans in large numbers assist in defense; 40,000 reported deserted from Austrian armies in Italy.

July 16.—Yankees break up German offensive with brilliant counter-attacks, taking prisoners.

July 17.—Enemy, holding Marne on 14 mile stretch, attempts to move westward but is pushed back by Americans; Quentin Roosevelt killed in air fight.

July 18.—Americans take 12 towns, many prisoners, in brilliant counterattack on west side of German salient, two to four miles gains.

July 19.—Allied offensive grows to 125 mile front, German reserves fail to stop drive to pocket massed troop; 215,000 Americans engaged; liner Carpathia sunk.

July 20.—Allied advance continues, 19,000 prisoners taken; wedge driven in 10 miles deep; cruiser San Diego sunk.

July 21.—South bank of Marne cleared of Huns with great slaughter; advance threatens enemy communications.

July 22.—Prince Rupprecht sends reserves to save crown prince from threatened disaster; Americans and French make new advances.

July 23.—Americans follow enemy through Chateau Thierry and Jaulgonne; Buzancy captured; foe losses estimated at 150,000; Germans withdraw rapidly.

July 24.—Berlin reported to have offered new set of peace terms, through medium of King Alfonse; war department plans for army of 5,000,000 or more; Trotsky attempts to mobilize new bolshevik army; 300,000 more Hun troops fail to stop Allied advance on flanks of threatened salient. French and Americans press within three miles of Fere en Tardenois.

July 25.—Important gains made by French and British on east flank of salient west of Rheims.

July 26.—America and Japan agree on plan of intervention in Siberia, all Allies to furnish troops, bulk being from Japan; German defense stiffens, but Allies take additional towns; 75,000 Ukranian peasants move against German masters.

July 27.—French and Americans continued rapid advance to the northwest, and the forest of Fere was cleared of the enemy. Germans retreating so fast that allies are losing contact with them.

German crown prince hastily extracting his troops from the extremely dangerous position in which he had been forced by the strategy of the allied command.

Paris places the result of the allied counter attack between the Aisne and Marne as an average gain of 12 miles and a reduction of the front line between Soissons and Rheims at 18 miles.

The war department announced that the record for July would show that 300,000 men had been sent across.

July 28.—Fere-en-Tardenois, the great German supply base, fell into the hands of the allies.

Eight large steel ships were launched by American shipyards.

The pocket between the Marne and Vesle rivers was reported as being cleared of the Germans.

July 29.—It was reported from Copenhagen that relations between Germany and Turkey had been broken off. The seizure of the only first-class cruiser possessed by Turkey and placing it under the German flag is said to have been the act which apparently caused the rupture, although it has been known that Turkey has been dissatisfied ever since the conclusion of peace with Rumania.

The enemy front was bent back all along the line from Soissons to Rheims. South of Soissons further wedges were driven into the lines of the enemy.

Germans retire from Fere-en-Tardenois in good order but are pressed hard by Americans.

July 30.—A thrust by the Germans drove the Franco-Americans out of Beugneux, northwest of Fere en Tardenois. The town, however, was later recaptured.

Germans threw nearly a million men into the battle between Soissons and Rheims and began vicious counter-attacks.

Heavy fighting on the part of the enemy indicated to the allied capitals that the retreat was at an end and that a stand would be attempted to hold back the American and French armies steadily pressing forward.

Will You Help During Harvest? If so, fill out the coupons below and mail same to G. Howard Smith, Thief River Falls, Minn. Do it today.

In consideration of the scarcity of Farm Labor, I hereby offer my services for a period of two weeks to take the place of some person who is leaving his position to do farm work.

I have had............years of experience and for the past

............years I have been engaged as follows:............

....

....

I will go whenever called to take the place of any person whose position I am able to fill and to work for the going wages.

Signed..

....

....

I will go whenever called to assist in harvesting and saving the crop of grain, hay or other crops now growing and agree to work for the going wages, leaving my business whenever requested to do so; Saturdays excepted.

Signed..

Of..

Name of Local Labor Agent: G. HOWARD SMITH.

Cut Out and Use at All Meal Times as Grace

(Submitted by Rev. E. A. K. Grant.)

Father of all creation, helper of the free, we pray with anxious hearts for all who fight on sea and land and in the air, guarding our homes and liberty. Make clear the vision of our leaders and their counsels wise.

Into Thy care our ships and seamen we commend; guard them from the chance-sown mines and all the dangers of this war at sea; and give them victory as of old.

To men on watch give vigilance; to those below calm sleep. Make strong our soldiers' hearts and brace their nerves against the bursting shrapnel and the unseen fire that lays the next man low.

In pity blind them from the sight of fallen comrades left upon the field.

May Christ Himself in Paradise receive the souls of those who pass through death.

Let not our soldiers ever doubt that they shall overcome the forces of that king who seeks to wade through slaughter to a throne and shut the gate of mercy on mankind.

Oh, God of love and pity, have compassion on the wounded; make bearable their pain, give speedy relief.

To surgeons and dressers give strength that knows no failing and skill that suffers not from desperate *haste.*

To tired men give time to rest.

Pity the poor beasts of service who suffer for man's wrong.

For us at home let not that open shame be ours that we forget to ease the sufferings of those near and the dear and brave men in the fighting line.

O, Thou who makest human hearts the channel of Thy answers to our prayers, let loose a flood of sympathy and help for the children and their mothers who wander desolate and suffering, leaving wrecked homes and gardens trodden under ruthless feet.

With thee, who sufferest more than all, may we with reverence Thy burden share; for all are thine and in thine image made; they too are thine who caused the wrong.

O Father, may this war be mankind's last appeal to force. Grant from the stricken earth, sown with Thy dead, an everlasting flower of Peace shall spring and all the world become a garden where the flower of Christ shall grow.

May the powers of heaven take control and give eternal victory to our nation and our allies who plead for liberty and justice.

May all the earth be freed of hatred and bloodshed. Dry the eye of every throbbing heart, hasten the day when the kingdoms of this world will become the kingdom of Thine anointed.

This we beg for the sake of Him who loved us and loves us still, Jesus our Redeemer.

Keep Cheerful.

Be cheerful in the struggle to measure up your ideal. Fight your faults with sunshine. Self-improvement is the big business of life, it is true, but you will succeed all the better if you mix song and laughter with your efforts. If you are really trying to be good, you are bound to be successful, and that is a reason for going at it with bright faces and light hearts.—Exchange.

Count the Days.

Reckon the days in which you have not been angry. I used to be angry every day; then every third and fourth day. If you miss so long as 30 days, offer a sacrifice of thanksgiving.—Epictetus.

Scientific Management.

Expressed concretely, scientific management is the conduct of business along the lines followed by skilled and successful managers who are broad in judgment and progressive in their mental attitude toward life, asserts W. R. Conover in Industrial Management. That a degree of advancement in progressive methods of manufacture, and in progressive principles of executive supervision has taken place within the past two decades, no one can dispute. It is the formulation of these more advanced practices into definite rules of procedure which has come in recent years to be designated as a business science.

Foundress of Carthage.

It is believed to have been in the ninth century B. C. that the Phoenicians founded the colony of Carthage, on the northern coast of Africa, destined to become the most famous of all the numerous settlements made by them. Legend, however, credits Dido with being the foundress of Carthage. She was the daughter of a king of Tyre, whose successor was Pygmalion, the brother of Dido. He murdered her husband and sought to gain his wealth, but Dido, taking the treasure which had been hidden, and accompanied by a large number of Tyrians, escaped by sea.

Food

QUESTIONS ANSWERED

BEEF.

Why is beef one of the meats we are asked to save for the Allies?

Because it is a concentrated food and keeps well.

Is there a shortage of beef in Europe?

Yes; there has been a large decrease of cattle in Europe since the war began.

Why is it difficult to raise cattle there?

Because of lack of men to tend cattle, insufficient fodder, and no means of growing enough fodder because much land has to be plowed up for grain or other human food.

Why is cattle shortage particularly serious?

Because it means not only less meat but also less milk.

Calorie.

What is a calorie?

The amount of heat needed to raise the temperature of one pound of water 4 degrees Fahrenheit.

How can we think of a calorie?

As a unit of measurement, just like a foot or a quart or a pound.

What does a calorie measure?

Heat energy.

What is a unit of energy?

Another name for calorie.

What food value does the calorie measure?

Its fuel value to the body.

Is it possible to have the right number of calories in the diet and yet not have the proper diet?

Yes; the calorie amount may not be properly distributed amoung the different necessary classes of food needed by the body.

What are these classes of food?

See answers to questions 204 and 223.

What are daily calorie needs?

For a working man	3,500 to 4,000
For an active woman	2,800 to 3,000
For a sedentary man	2,200 to 2,800
For a sedentary woman	1,800 to 2,300
Youth, 14 to 16 years	1,500 to 3,200

How many calories does a soldier need daily?

Four thousand.

Candy.

How much money is spent annually in the United States for candy?

About $400,000,000. This is almost double the amount needed to keep Belgium supplied with food for a year.

Ought children to give up candy?

They may well do so, if they get the sugar they need from other sources.

If we do eat candy, what kind ought we to confine ourselves to?

Conservation candies, such as chocolate-covered nuts and fruits, candies with corn syrup, honey, maple syrup, or molasses. The object is to save the cane and beet sugar.

Is there plenty of chocolate?

Yes! It is plentiful and pure and wholesome food.

Children.

Should children obey the instructions issued by the Food Administration?

Yes. These instructions are based on sound principles of health and take the special needs of the child into consideration. The Food Administration constantly emphasizes the fact that children should be properly nourished.

Should children have butter?

They should.

Should children have milk?

It is essential that children be given plenty of whole milk.

Should fruit and vegetables be included in the child's diet?

Children should have either fruit or vegetables, preferably both, every day. A healthy child between three and six may have almost any vegetable that he will chew thoroughly.

Do children need sweets?

They need some form of sugar in their diet.

Where else besides in candy can children get sugar?

In fruits, especially in the dried ones, and in fruit pastes, jams, jellies, honey, corn syrups, and maple sugar; also from cereals and other foods with which sugar is commonly used.

Ought children to give up soda water and other sweet drinks?

Yes; or their use should be greatly cut down.

How much milk, sugar, fats, and meat should children have daily?

Child of 10—
Milk, 1 pint.
Sugar, 3 ounces.
Fats, 2 ounces.
Meat, 4 ounces.

Demand For Trained Food Teachers and Demonstrators Far Exceeds Supply.

The division of home economics of the University of Minnesota has been able to supply applicants for but 37 per cent of the demands made upon it for teachers of home economics this year. Calls for teachers numbered 175, of which seven were filled temporarily and 64 were filled for next year, leaving 111 for which the university could supply no candidates. Every girl in the graduating class of this year who prepared herself to teach both food and clothing questions is employed. Teaching, both in the high schools and as special home demonstrators, dietitians positions, home-making and the management of institutions are the occupations which have in the main claimed the services of graduates of the department of home economics of the state university.

WYANDOTTE

Harold Haugen left for Baudette Wednesday where he will be employed on a dredge.

Ben Mares transacted business at the county seat Saturday.

Geo. Grant purchased a new Ford.

A. M. Shaffer has accepted a position as repairer and salesman at the Plummer garage.

Mrs. T. Quamme and daughter, Mrs. Hallaway, went to Thief River Falls Saturday to see their son Adolph who is sick at the Physicians' hospital.

HAZEL

Mr. and Mrs. C. Keller and family were guests at the Blaska home near St. Hilaire on Sunday.

Mr. and Mrs. Clarence are the parents of a baby girl born July 24th.

Misses Anna Peterson and Ethel Keller, Messrs. Fred and Minton Peterson, autoed to Thief River Falls Monday evening to attend the speech by Sergt. Hanley at the Auditorium.

Mr. and Mrs. Elmer Kolp, accompanied by Mr. and Mrs. T. J. Sumpter, autoed to Thief River Falls Friday on a combined business and shopping tour.

Mr. and Mrs. W. E. Roese and son Orval, were Hazel callers Monday.

Fred Erickson of Thief River Falls is assisting Paul Borgie at the bank here for a few days.

The following from here attended the movies at Thief River Falls on Sunday evening: Neva and Ruth Sumpter, Lena Peterson, Hjalmar and Julius Peterson and John Alfson.

Mrs. Elias Peterson left for Roseau Monday to spend a week with relatives and friends.

ERIE

Ole Brattland is haying on the Hubert Jacobson farm.

Carl and Simon Anderson took part in a stump pulling "bee" on the Johnson ranch Friday.

Iver Iverson is helping his brother Gust with the haying.

Christ Amundson spent the week-end at "Camp Sub-Urban."

The recent heavy showers impeded haying operations somewhat, but surely was a blessing to the crops and this vicinity promises some bumper ones.

Jos. Johnson autoed to Thief River Falls Saturday morning on a business mission.

Salve Omlid drove to Lost River Friday via Highlanding, to visit with his brother Ole. He found it necessary to travel 16 miles extra distance, while if there was a bridge near Neptune, which is badly needed by the east-end farmers, the trip could have been made by that many miles less traveling.

A number of Star boys departed for the "Big Dick" harvest fields Monday.

Miss Opple Olson is visiting friends at Edmonton, Canada.

Mesdames Johnson and Strubeck of Thief River Falls motored to the Johnson wheat ranch southeast of Erie Tuesday afternoon. Outside of a narrow escape from driving into a ditch, a tramp across meadows to where the Johnson crew was haying, and a hay-load joy ride, the trip was made without any unusual excitement. The haymakers partook of a sumptuous dinner prepared by the visiting ladies.

THE COUNTY FAIR PRESENTS AN EXCELLENT OPPORTUNITY FOR YOU TO COME IN AND TALK OVER THAT SILO PROPOSITION WITH US

The Prichard Company

The Unseen Army

PEERING through his trench periscope, across the shell-scarred waste of No Man's Land, the German soldier catches an occasional glimpse of the new enemy that he has already learned to dread. Deep forebodings of evil begin to take form in his mind.

America's millions of boys in Khaki are flowing in a steady stream to the fields of France. Soon more ships will be carrying more fighters and more food that they will need to "carry on" to Berlin.

The Hun can see this army. But he fears even more the bigger army that is making possible the presence of millions of our boys in the trenches. It takes 6 to 8 men to back up one soldier on the firing line. It is this Unseen Army that will make possible the steady, resistless fighting force that will roll back the Hun hordes.

Realize this, men! These men rely on YOU to fill the gaps in this great agricultural army.

E. O. MOGENSEN

"If It Comes From Mogensen's It Must Be Good"

LOCAL PRODUCT IS NOW WIDELY USED

DEMAND FOR ECON-O-KLEEN GIVES PROOF OF VALUE OF PREPARATION.

The phenomenal demand for Econ-O-Kleen, the new carbon remover and gasoline saver, is surprising even those who were most optimistic concerning the outlook for a product that would make life so much easier and more pleasant for the autoist. It is only about a year ago that the first can was tried out by local parties who thoroughly believed in the preparation, yet the sales for July show that the shipments for that month totaled 8,464 cans, or 326 cans for every working day. The total sales for the six previous months was 9,767, showing that in July the demand nearly equaled that of all the previous time the article was on the market. The total for the past seven months is not far from 20,000 cans, which must be accounted as very good for a product that one year ago had never been heard of.

Found An Enthusiast.

To prove that Econ-O-Kleen is an article of more than local fame, a story is told by A. S. Sapero, who has just returned from a trip to the cities. While in Chicago he transacted business with the agent there of a large New York manufacturing concern. Mr. Sapero told the party that he came as far as Minneapolis in his car, whereupon the latter asserted that such a trip should never be undertaken without the use of a certain preparation in the gasoline, as this would insure freedom from carbon trouble and save gasoline. Mr. Sapero naturally thought the man had used something that had given him some measure of satisfaction, but said that there was a preparation put up right in this city that seemed to answer the purpose very well. He wanted to be polite, however, and asked the name of the dope the other was recommending. "It's called Econ-O-Kleen and is made in some town up north," said the man, and Mr. Sapero agreed with him at once.

A day or two later Secretary Laird received a letter from the party asking if the agency for the state of Illinois or the city of Chicago had been alloted, as he wanted to take the preparation on as a business and devote his time to its introduction and sale. He had to be informed that the particular section he preferred was already being covered.

The Way They Look at It.

Optim—"Oh, well, things might be worse." Pessim—"Yes, and I believe they are going to be."—Boston Transcript.

Cornell-Wood-Board
Easy to Put Up—
Lasts a Lifetime

In a Comfortable Garage You Can Make Your Own Repairs

YOUR garage will always be comfortable and inviting—warm in winter and cool in summer if the walls and ceilings are finished with

Cornell-Wood-Board

Excels for Walls, Ceilings and Partitions
Repairs, Alterations or New Work

It is a resistant of fire and moisture, and won't warp, crack, chip or buckle.

Use Cornell-Wood-Board not only for garages but on the walls, ceilings and partitions of Residences, Churches, Stores, Theaters, Schools, Farm Houses, Dairy Barns, and for all alterations and repairs.

Comes in boards 3-16 in. thick, 32 in. and 43 in. wide, standard lengths. Full directions for applying in every bundle. Nails right over old walls or direct to framework.

Ask us to show you Cornell-Wood-Board and advise with you as to your particular interior finishing needs. Free panel suggestions.

Winton-Nichols Lumber Company

NO SMUT FOUND IN WHEAT HERE

GOVERNMENT AGENT ABLE TO MAKE MOST SATISFACTORY REPORT.

MORE IN OATS AND BARLEY

ADVISES TREATMENT OF ALL GRAIN THAT IS TO BE USED FOR SEED.

A. W. Monosmith, a representative of the Federal government, in co-operation with County Agent Ross P. White, has just completed a survey of the small grain fields throughout a large part of Pennington county for the purpose of determining the amount of disease existing in such fields. In most cases their report is very gratifying.

Infection Very Slight.

In the visiting of nearly one-hundred wheat fields, only one was found to contain more than two per cent smut, and in most cases where the grain had been treated only a small trace was disclosed. However, one field was found which contained twenty to twenty-five per cent smut. *Oats and barley both contained, as a rule,* more smut than wheat, several fields containing five to ten per cent. There was no indication of rust in any part of the county, and in only two fields did they find any other diseases.

Is Remarkable Report.

For as old a grain growing section as Pennington county, this is a remarkable report. Fields in which two per cent or more smut was found will be tabulated and an endeavor will be made to get these farmers to use the formaldehyde treatment before seeding next spring.

Treatment is Cheap.

Mr. Monosmith states that grain can be treated against smut for five cents an acre. This would mean a very material saving, even on fields where there is only one per cent smut. Farmers who find smut in their grain this year should co-operate with the farm bureau in the treating of the grain in case it is to be used for seed.

OUR FARMERETTES RECEIVING NOTICE

EVEN THE CITY PAPERS COMMENT ON THEIR WILLINGNESS TO WORK.

Last week The Times called attention to the fact that two of our young ladies had already gone out onto farms in the neighborhood and were manipulating pitchforks and riding mowing machines. Since that time a number have ben reported as coming forward and offering their services at whatever kind of work they might be able to carry through. Secretary G. Howard Smith of the Commercial club, has received a letter from one such—Miss Eva Ecklund, residing on the Kratka route. This young lady is buisness-like in her correspondence and should make a most valuable farm hand. She says:

"Dear Sir: I hereby offer my services to anyone during harvesting and threshing time who is in need of help about the house or for such work as pitching bundles or shocking. Would serve as second girl in a cook car."

The fame of our girls has reached to the cities and their willingness to work has been commented on by the big papers, the St. Paul Dispatch getting cute to the following extent:

"The Times reports that a lot of Thief River Falls girls will go to the farms, pitch hay, shock wheat and perform other work of that character. The girl who displays the largest callouses on her hands will be awarded a valuable prize."

THREE ENROLL IN NURSE RESERVE

WILL ENTER HOSPITAL TRAINING SCHOOLS, RELEASING EXPERIENCED NURSES.

Three young women in the county have already registered for this service and others shortly follow when the necessity for such action becomes more thoroughly understood. The pioneer registrants are Misses Alice Wilson and Berget Iverson of Thief River Falls and Anna Shields of St. Hilaire.

Our girls are not being outdone by the boys, for now that the call has come for a student nurse reserve, our most practical and capable girls are giving a hearty response and by August 11th, Pennington county will go "over the top" with its quota. Too much stress cannot be placed upon this work. It has been thought of sufficient importance to add a verse to "America," following "God Bless Our Loyal Boys." It was left to Mrs. W. W. Brown of Sioux City, Iowa, to extend that consideration to our girls. The following verse was first sung at a recent farewell gathering in honor of Miss Dolliver, sister of a former Iowa senator, upon the eve of her departure for France:

God bless our loyal girls,
Healing the hurt of worlds,
But not alone.
God give them skillful hands,
Hearts full of tender plans,
To help in other lands—
Bring them safe home.

STYLE FOR ARAB WEDDING

Bridegroom Must Ride Nervous Horse Without Reins or Stirrups, in Middle of Procession.

Coming through the streets of Algiers of an evening you may meet a noisy procession that causes you to wonder whether it is a food riot or a revolutionists' parade. This is an Arab wedding procession, one of the most ingenious devices ever developed for the embarrassment and mental torture of the bridegroom, says a globe trotter.

It is headed by the father of the bridegroom, an elderly gentleman, who paces soberly ahead, out of the confusion, attended by a few philosophical friends, all clad in white. Behind him come a mob of young men carrying torches and lanterns tied to the ends of poles, beating drums and blowing tin horns, yelling at the top of healthy voices. The center of the procession is made up of particular friends of the bridegroom, who burn red and green flares in addition to waving torches of the milder sort. Behind them is a band of hired musicians, trailed by all the small boys, dogs and idlers of Algiers.

All this parade naturally attracts a certain amount of attention. In the middle of it, mounted on a nervous horse, very much embarrassed and self-conscious, rides the bridegroom. He seems to ride very unsteadily and *awkwardly, but closer observation* shows he is doing well to ride at all, for friends have taken the stirrups from his feet and the reins from his hands so that he has to hold on by force of gravity and his sense of equilibrium. The red fire and the drums generally stimulate his mount to superequine activity, and it is a marvel that none of the enthusiastic friends get stepped on. The bridegroom, it is safe to surmise, is not sorry when his triumphal procession is over.

As for the bride, she escapes all this. A few of her girl friends accompany her on a quiet procession of her own in the afternoon when she leaves her father's house for her new home.

PREFERS MIDDLE OF COACH

Safest Place in Case of Accident and Far More Comfortable Riding, Old Engineer's Opinion.

Two men going on a short railroad trip entered a car and the one in the lead walked immediately to the first vacant seat, which was on the left side near the door.

"Come on up here," said his companion as he gave a tug at the other's arm. "Here's a good seat." With that the two went to a place near the middle of the car on the right side.

"What's the game?" asked the first traveler of his friend, who was an old time railroad engineer, as the two plumped down into the seat chosen by the latter. "I can't see any difference in the seats. One looks as good to me as the other in a railroad train, except that sometimes when traveling at night I want to take a position in which the lights strikes my paper when I desire to read."

"When I get into a car," replied the ex-engine driver, "I always try to get on the right side near the middle, as it is the safest in case of an accident. In the first place, the right side is in less danger from a side swipe, especially on a two-track line. In the second place, if a collision should occur the middle of the car generally is the least damaged, it seldom being much affected if the cars telescope. In the third place there is more comfort, because a passenger can escape riding over the trucks, as the points above the wheels get most of the bumping and noise."

Usual Conversation.

The first exclamation from a woman shopper when she sees anything that attracts her attention is, "Oh, aren't they sweet?" And as she stops to paw whatever it is, she inquires the price. If it suits her pocketbook the next question is, "Do you guarantee them?" Recently a fastidious young thing fluttered her way down the lingerie aisle of a New York emporium and halted before a counter whereon was heaped what the advertisement writers term robes du nuit; but which facetious persons call "nighties." The young woman gurgled with delight. After satisfying herself that they were all right she inquired the price. Then she hesitated for a moment and out came the old stereotyped question: "Do you guarantee them?" "Certainly, ma'am," replied the clerk glibly, "you can't wear them out."

About Cleanliness.

How much there is in habit and training! It is considered the heighth of ill-breeding to take up food with the fingers, and yet there are nations which eat with their fingers, and defend the practice on the ground of cleanliness.

"Excuse me," said a Malay gentleman to his American guest, "but I don't see how you can eat with a fork."

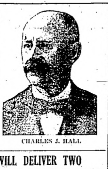
"I beg your pardon," said the guest, "but I was about to make the same remark about your fingers."

"My fingers," replied the Malay, "are certainly clean, because I see to them myself; but how can you be sure of a fork?"

Knowledge of Power.

Pat (watching airplane's flight)—But what poozles me, Tirence, is what the mischief kapes it up.

Terence—Shure, 'tis little yo know, Pat Casey, av the terrific foorce av gravitation.



CHARLES J. HALL

WILL DELIVER TWO ADDRESSES IN COUNTY

The temperance forces in the state are engaged in a big drive for the purpose of calling the attention of the voters to the necessity for voting on the dry amendment to the constitution that will be submitted to the people at the general election. Charles J. Hall will deliver two addresses on the subject in Pennington county on Monday, Aug. 5. The first will be at St. Hilaire in the afternoon and the big meeting at Thief River Falls in the evening.

Thumb Index to Character.

Just as the chin gives qualities to the face, so the thumb marks the personality of the hand, and is an unerring index of a man's natural strength or weakness of character.

Perils of Fatigue.

Medical science has long been preaching the perils of fatigue, and new investigation shows that it actually poisons the blood, leaving the system open to all manner of infections. That fatigue is the direct cause of many accidents has been proved since railroads reduced the working hours of train crews and dispatchers.

Game in Mexico.

Mexico cannot be said to offer a field for hunters of big game, and the term, "a sportsman's paradise," which is sometimes applied to it, is an exaggeration. Among animals may be enumerated the peccaries or javelines, deer, rabbits, hares. The reptiles include alligators, turtles and iguanas. Whales, seals and sea lions are encountered on the Pacific coast.—New York Telegram.

NEW PRINCESS THEATRE

The Shows as You Like Them

Thursday, August 1—
CONSTANCE TALMADGE in
"THE SHUTTLE"
Adapted from the novel by Frances Hodgson Burnett. Also a comedy.
Friday, August 2—
JACK PICKFORD in his last picture before going to war,
"SANDY"
Also a Big V comedy.
Saturday, August 3—
VIOLA DANA in
"THE WINDING TRAIL"
A romance of danger and the desert; also a two reel Keystone comedy. Matinees Tuesday, Wednesdays and Saturdays 6c and 11c; night 11c and 17c. First Show 7:30; second 9.
Sunday, August 4—Special Attraction
MARY PICKFORD in
"M. LISS"
There's a hearty laugh and a tiny sob and a host of thrills in this famous story by Bret Harte, the poet of the Sierra Nevadas; also a comedy. Adults 20c; children 11c. First show 7:15; second 9.
Monday, August 5—
MARY MILES MINTER, the screen's youngest star in
"A BIT OF A JANE"
Also a comedy.
Tuesday, Aug. 6—Big Special.
Matinee and night, WILLIAM S. HART in
"THE COLD DECK"
A wonderful picture you do not want to miss; also Screen Telegram. Matinee 11c and 17c; night 11c & 20c.
Wednesday, Aug. 7, Special Attraction—
CHARLES RAY in
"THE CLAWS OF THE HUN"
They wouldn't let him go to France so he started a war of his own at home. Also two reel comedy.

A good backbone means a good chest, abdomen, limbs and absolute relief from all chronic and acute ailments.

Where the Spine is in true alignment the whole organism will be right under nerve energy from the brain.

Pains about the head, face, eyes, neck, abdomen, limbs indicate pinched nerves at the spinal joints.

Ailments of the Throat, Bronchial Tubes, Spleen, Heart, Stomach, Lungs, Liver, Kidneys, Bowels and Special Organs.

These and the long train of troubles known by some particular names have yielded readily and permanently to Chiropractic adjustment.

THIEF RIVER FALLS TIMES

WITH WHICH IS CONSOLIDATED THE THIEF RIVER FALLS NEWS-PRESS

VOL. 8 $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, AUGUST 8, 1918 8 PAGES NO. 23

MINNESOTA HISTORICAL SOCIETY

VALUE OF PEAT PROVED BY CROP

ASTOUNDING RESULTS SEEN ON EXPERIMENT PLOTS IN GOLDEN VALLEY.

FULLY THOUSAND PRESENT

ENTIRE SECTION INTERESTED IN OUTCOME OF DIFFERENT METHODS USED.

The most important meeting ever held in Minnesota for the discussion of the peat land question was that *at Golden Valley last Saturday.* A conservative estimate places the number present at one time or another during the day at 1,000, every one of whom took a lively interest in the proceedings.

Came From Far Away.

The meeting was directly in charge of Dr. J. N. Alway, soil specialist of the University of Minnesota, and Supt. C. G. Selvig of the Northwest School of Agriculture at Crookston. To these two, and particularly to the former, is largely due the splendid record made by this experimental farm during the first year of its existence. Much of the credit is also given to the Dahl family upon whose farm the plots are located.

Delegations of farmers and towns-people came from every section of northern Minnesota in order to gather first-hand evidence of what had been accomplished. L. D. Arnold of Duluth, vice president of the American Peat association, and W. E. Sargent, a well-known real estate man from the same city, were early on the scene and among the most interested observers of what was going on. Every county in northern Minnesota was represented, the Pennington delegation being perhaps the largest.

Wonderful Results.

Every time a new bunch of arrivals made their appearance they were taken in hand by Dr. Alway or one of his assistants and accompanied all around the plots, the guide explaining the different methods employed in securing the results noted. The visitors found grains, grasses and vegetables in such high state of development as to lead them to believe that peat land should be at a premium instead of at a discount. Wheat, barley, rye and oats indicated a wonderful yield and the final report on the subject will be watched for with the greatest interest.

Many Addresses Made.

The speaking program was carried on in the afternoon at a time when the crowd was largest. Supt. Selvig acted as chairman of the meeting and made a strong, patriotic plea in his opening address. Senator D. P. O'Neill of Thief River Falls, was introduced as the father of the legislation making the establishment of these experimental stations possible, and he delivered a short talk that was very well received. Mr. Arnold was the next speaker and referred briefly to the interest that is being taken by people in many sections of the United States in this matter of making peat lands productive. State Forester W. C. Cox was present and explained under just what conditions the farmer with peat on his place could safely proceed to burn it. He suggested that all the farmers in a stated district go together and burn at the same time, agreeing in writing to reemburse anyone who was injured by any fires they might set.

History of Peat Cultivation.

Dr. Alway was the principal speaker of the day and what he had to say was listened to with the closest attention. He gave a history of the attempts made in different parts of the world to bring peat lands under cultivation, showing that the progress had been steady and that before long we might hope to add vastly to our arable acreage by reason of the knowledge obtained through this long series of experiments. It has been proven, said the speaker, that burning away a part of the peat would make the remaining soil carry crops of the finest kind and most abundantly. He explained how this had been done on the different plots under observation and stated that the experiments would be carried on next year on a much larger scale. The state has purchased a tract of 80 acres containing peat varying in thickness from an inch to three feet in the neighborhood of the first plots and this will be tried out in every conceivable manner in order that results under all kinds of conditions may be observed.

The Full Report Later.

A description of the different systems followed by those working under the direction of Dr. Alway would be impracticable at this time, but The *Times will attempt later* to give the entire report in full. This will not be forthcoming until after the products now growing on the plots have been harvested or threshed as the results cannot be fully known until then. A description of the methods followed would be of but small value until such time as it has been absolutely demonstrated which methods is the best.

SUMMONED BEFORE SAFETY COMMISSION

ALLEGED DISLOYAL UTTERANCES GET MRS. A. H. FASEL INTO TROUBLE.

Mrs. A. H. Fasel of this city was summoned to appear before the county safety commission last week to answer to certain charges of disloyalty that had been brought against her.

The action was taken as the result of certain remarks alleged to have been made by Mrs. Fasel, which, if the charges are substantiated, cast a decided doubt upon the loyalty of the lady. A number of instances were brought to the attention of the mayor tending to show that the attitude of Mrs. Fasel was far from the correct one at this time and the matter was finally taken up by the county commission of public safety. The charge against her was that at the time of the Osten-Sacken loyalty meeting here she had declared that Sergeant Hanley was not speaking the truth when he charged the German soldiers with the most revolting outrages, and she is asserted to have added that even if what he said was true, the things charged were no worse than any that American soldiers would have been guilty of in like circumstances.

Mrs. Fasel denied every allegation and the commission will submit its testimony to the state body after having completed the investigations now in progress.

The Last Remnant.

Charles Fiterman has purchased what remains of the buildings, the smokestack and sawdust burners at the old mill site from the Engler concern at Baudette and will at once go about converting the residue into junk. The stacks and burners will be knocked down and sold for old iron while the brick in the engine house will be cleaned up and used again. This will remove practically the last outward sign that a saw mill has ever been operated in this city.

Two More "Over There."

Arthur Liden and Carl Guirud, of this city, who enlisted and were sent to the Pittsburg University, Penn., several months ago, are now in France. Cards were received here Saturday stating that their transport had safely landed.

MELLBY HEADS SCHOOL BOARD

P. O. MYHRUM ELECTED CLERK; DAHLEN, VICE PRESIDENT; BACKE, TREASURER.

TEACHERS ARE ALL CHOSEN

CONSIDERABLE NUMBER ORIGINALLY FROM THIS CITY WILL NOW RETURN.

The school board of District No. 18 held its first meeting after the annual *election* on Monday evening and proceeded to organize for the season of 1918-19. Dr. O. F. Mellby was elected president, this being a merited promotion. Dr. Mellby has for years been a member of the board and has given close and unremitting attention to the business of the district. During the past year he has been vice president and is thus well acquainted with the many duties which it will now be his duty to look after.

H. S. Dahlen, who has been president during the past year, was chosen as vice president for the ensuing period. He has made an exceptionally capable presiding officer and is one of the most hard-working and conscientious members of the board.

P. O. Myhrum, one of the newly elected members, was elected to the position of clerk. This is a post he is both by training and inclination most admirably fitted to fill and he will make an obliging, painstaking official.

Backe is Re-Elected.

Lars Backe was again selected for the post of treaurer. He has filled this position so acceptably for many years past that no one seems to ever entertain any idea other than that he will continue to serve. Another wise move was the retention of F. F. Haynes in the office of purchasing agent. This is a particular job and has been looked after with marked ability during the past year.

It was decided that the regular meeting nights should be the second Monday of each month and the place of gathering the director's room in the Lincoln school.

Teachers All Secured.

The school directors have been singularly fortunate in securing all the teachers required for the schools for next term. Competent instructors are a scarce article and are being saught by school boards all over the country. A considerable number of those chosen are graduates of the Thief River Falls schools who have been teaching in the Dakotas and other places since leaving here. In many instances their relatives are still residents of Pennington county.

Janitors Reappointed.

The board re-appointed all janitors with the exception of Charles Thompson at the Lincoln high school, who was not a candidate for the post, having decided to go farming. Fred Holzknecht, assistant janitor at the same building, was selected in his stead. The others are: Knox school, P. A. Kolden; Central, Nels Larson; Northrup, Otto Geske.

Spoke to Old Settlers.

Supt. J. H. Hay of the Thief River Falls schools, was the principal speaker at the annual meeting of the Old Settlers association of Marshall and Kittson counties at Nordeen's grove northeast of Argyle last week. It was one of the largest gatherings of its kind ever held in Northwestern Minnesota, the crowd being estimated at 5,000. Prof. Hay's address was along patriotic lines, this being a subject in which he appears at his best.

ONE GUESS IS AS GOOD AS ANOTHER.

In calling attention to the strange fact that a perfectly formed letter "B" is to be found on all out leaves in this section this year, The Times started an avalanche of conjecture. The editor has been called up over the telephone and called down across the office desk because of the item, some claiming that an attempt had been made to make a political issue out of the situation. One man, evidently a member of the Nonpartisan league, called up to say that the letter undoubtedly stood for "Burnquist Bulldozing," while another, who was not a member of the farmer organization, was just as certain that it meant "Bolsheviki."

The Times doesn't know anything about it. The story was told by a reliable farmer of Pennington county who is a valued subscriber and consequently a sensible, well-posted citizen.

NEW DRAFT BILL MAKES AGE 18-45

THIS RANGE CONSIDERED NECESSARY IN ORDER TO PROVIDE MEN.

CALL THE YOUNGEST LAST

PRACTICALLY SAME PLAN AS IN FIRST CALL WILL BE FOLLOWED.

Draft ages of men from 18 to 45 years was read to congress in the bill embodying the war department's new manpower program, which was introduced in both houses of congress Monday. It is expected that the bills will be expediated by committees with a view to prompt consideration when regular sessions of the senate and house are resumed late this month.

After formally announcing the new draft ages had been carefully studied and it was found that in order to get enough men into class one for the program proposed, 18 to 45 was necessary. He said, however, that the bill would contain a provision authorizing the president to call men out of class one by classes according to age, so that if it is found practical the men between 18 and 19 will be called out later than the older men found eligible to class one.

The war department program, the war secretary said, is purely a military one and cannot be called a conscription of labor although it naturally will have the effect of putting at useful labor or in the army all able bodied men within the age limits as they finally will be fixed by congress.

In recommending this extension of the age limits, Mr. Baker continued the department had it in mind simply to get for the army the number of men believed necessary to defeat Germany. The secretary was not prepared to say how many that would be, nor to give any estimate as to the proportion of males between the ages of 18 to 45, inclusive, who would be found eligible.

In making up the list and classes, the same rules would be followed that had governed in the first draft, with some exceptions from the first call of married men with dependents and those engaged in essential industries. Mr. Baker gave it as his opinion that about 1,600,000 should be drafted out of class one from the existing list.

WILL STAND BY HAIL SUFFERERS

LOCAL BANKERS PROMISE TO DO EVERYTHING IN THEIR POWER.

LAND BANK MAY ASSIST

COMMITTEE TO FIND OUT WHAT CAN BE DONE THROUGH THIS AGENCY.

The Pennington county farmers *who lost any considerable* part of their crop through the hail visitation a couple of weeks ago and find themselves unable to continue because of a lack of funds will be assisted by the local banks as far as it is possible for these to go, although an investigation will be made to ascertain if the national law passed last year for the relief of drought sufferers in the West cannot be extended so as to cover the situation here.

Three Meetings Held.

Three meetings of hail sufferers, bankers and business men have been held in the county during the past week. The first was on Saturday forenoon when quite a number of farmers gathered at the Commercial club rooms for the purpose of discussing the matter. In the absence of President C. R. Crandall the purpose of the gathering was announced by C. L. Hansen. He stated at the outset that it was hard to tell at this time just what could or should be done but that the farmers might depend upon the business interests of the city going to the limit of their capabilities in furnishing assistance. G. Howard Smith, Olaf Ramstad, George G. Johnson, Math Barzen, A. L. Lampert and others all spoke in the same general view. It was apparent, however, that no program of procedure could be formulated without more information on the subject of probable loss and another meeting was called for Monday forenoon.

Stanton Explains Law.

Quite a number of farmers were again gathered at the hour announced. G. Howard Smith acted as chairman and called upon County Attorney E. M. Stanton to explain to the gathering just what laws were now in force having for their purpose the relief of farmers who might have lost their crops. Mr. Stanton read the state seed law which provides that in certain cases the county may advance a stipulated amount for seed providing it is proved that the applicant is unable to secure aid from any other source. The same chapter also provides that feed for horses may be provided during the period required for seeding. He was of the opinion however, that this would hardly cover the present case as very few of the farmers hailed out had as yet exhausted their own resources. Mr. Stanton doubted very much if any special measures for the relief of those who suffered damage in Pennington county this year could be secured through legislative enactment.

Senator O'Neill Would Try.

State Senator D. P. O'Neill agreed fully with Mr. Stanton in the statement that direct state aid would be decidedly difficult to secure. It might be possible to get a law through that would help under similar circumstances in the future, but this would have to be presented in the shape of a constitutional amendment, and this takes time. He assured his hearers that he stood ready to do everything in his power to aid them in securing relief of any kind, provided its nature was suggested and said that if the bankers present would agree to loan the stricken farmers the money necessary at ten per cent interest he for one would be willing to drop all further discussion of the subject. Mr. Hansen, speaking for the bankers, said that to him ten per cent seemed a very high rate at this time, but that it would be impossible for any banker to state now what he would be able to do this coming fall or next spring. It was finally decided that it would perhaps be better to take the subject up with the Federal Land bank authorities and see if something could not be accomplished through this source. This suggestion met with the approval of all and a committee was appointed to look further into the matter. On this committee was named A. L. Lampert, secretary of the Walhall Farm Loan association; Ross P. White, county agricultural agent, and Perl W. Mabey, secretary of the Commercial club. This committee will investigate just what can be done through the federal laws now in force.

Meeting in Silverton.

On Monday evening a meeting of farmers and business men was held at the Banner school house in Silverton township. Here is was decided to secure a list of the farmers who would require assistance together with the amount required by them, the extent of their loss and all other data which might be of value in presenting the case to the proper officials.

FIVE PEDESTRIANS BUMPED BY AUTOS

BIGGEST ACCIDENT LIST IN ONE DAY FOR A LONG TIME.

Monday was a Jonah for auto drivers in this city. Five accidents were recorded and while none resulted very seriously this is due largely to good luck.

James Iverson and Tandorf Sandtvedt were struck by a car driven by Theo. Halverson at the corner of Third and LaBree. Sandtvedt was knocked under the machine, which ran over one arm. No bones were broken but both men were pretty well shaken up. Sandtvedt was the most severely handled, he having his mustache practically ground off, the end of his nose receiving severe usage at the same time. The men were fixed up and able to continue under their own steam.

O. S. Nordine and C. J. Johnson, Karlstad citizens, ran into a couple of young men just outside the fair grounds in the forenoon. The damage was mostly to clothes and was fixed up without recourse to the doctors or police.

A boy was hit at the Aos store crossing and had a few inches of cuticle scraped off but no very great damage is reported.

The city was full of people, many of whom were not particularly used to dodging automobiles and it is not surprising that they should get in the way of them, particularly when nearly every spot large enough for a machine was utilized as a parking ground.

These are the only accidents recorded during the fair.

Wants More Action.

Glen Anderson who has for the past several months been chief clerk in the Adjutant General's office at army headquarters, Camp Funston, Kansas, has handed in his resignation in order that he might enlist in the infantry. Mr. Anderson enlisted about a year ago in the Infantry and was stationed for a short time at Ft. Snelling. He received a discharge from service in order to accept a clerical position at Chicago, and was later sent to Ft. Riley and then to Camp Funston, Kansas, where he is at present. He is making an effort to get into the infantry service at Camp Pike, Arkansas.

COUNTY FAIR IS GREAT SUCCESS

EXHIBITS ARE MORE NUMEROUS AND EVEN BETTER THAN EVER BEFORE.

ATTENDANCE VERY GOOD

UNUSUAL FEATURES ATTRACTING MORE ATTENTION THAN FARM DISPLAY.

The biggest county fair in northwestern Minnesota came to a close last evening after three of the most successful days in the history of the Pennington County Agricultural association. Visitors from other sections were not slow in proclaiming the fair itself, the attendance and the exhibits as better than anything they had seen this year.

Crowds Came Early.

Monday was free day and the crowds came early in order to be assured of good observation points. The free shows given by the carnival company were naturally the magnet on the first day as the exhibits had not at that time been properly arranged. The different items for display began arriving early in the morning and by noon the stalls and booths were pretty well filled. By evening every available space was occupied.

Tuesday Banner Day.

Tuesday was the big day of the fair. The paid admissions amounted to more than $1,000, which is one of the best day's records made by a fair in this city. Everything was in full swing by this time and the crowds found plenty to engage their attention. One of the points of particular interest was the building wherein was displayed the Red Cross exhibits, school display and household manufactures. It is certain that in these departments the fair presented a variety of articles such as could not be equalled at any other show in this section of the state.

Wheatless and Meatless.

One such department was that in which was displayed the articles produced by the ladies of the different church organizations of the city. Mrs. J. H. Hardesty was in charge of this exhibit and had every reason to take pride in its appearance. Each aid society had been alloted the preparation of foods of different kinds, leaving out of their composition the items that the government is asking the people to save and emphasizing those we are advised to use in abundance. The laides of the M. E. church had provided food made of corn and its numerous by-products and derivatives. Many of those who noted this display never before knew what appetizing, wholesome and altogether desirable bakery products could be turned out without the use of white flour. The exhibit constituted a lesson that was decidedly worth while.

The Milk Demonstrators.

Even of greatest interest was the exhibit turned in by the Ladies' Aid society of the Norwegian Lutheran church. The articles here displayed were made wholly with milk as a basis and were of a wide variety and most excellent both to look at and taste. To many this was the most interesting of the many wonderful things to be seen in this department.

No-Fats Used.

The ladies of the Swedish church took it upon themselves to demonstrate that the housewife could get along practically without fats. In their space was to be found sponge cake, lady fingers, pie crusts, doughnuts, cookies and almost everything

If You Want The Times You Must Pay for It in Advance

On August 15th, or just seven days more, every paper on our subscription list that is not paid in advance will be stopped. This is not of our own choosing, but at the request of the United States Government and we must do it. The paper situation is getting serious and all waste must be eliminated. One way of helping to eliminate the waste is to send papers only to PAID IN ADVANCE SUBSCRIBERS. This is what we are going to do.

Pay Your Subscription Today---Don't Force Us to Drop Your Name From Our List

With every paid-in-advance subscription we give a war map free.

THE SUPPLY IS VERY LIMITED --- GET YOURS TODAY.

THE HAIL DAMAGE SITUATION.

Everyone is sorry for those who lost their crops by hail a couple of weeks ago and will do all in their power to help those who find themselves so situated that it will be impossible for them to get back on their feet without assistance. But to go to the extent suggested by some in order to secure aid is something that should be discouraged before the idea that this is possible goes any farther. It is even claimed that unless national or state assistance is forthcoming these farmers will not be able to maintain themselves and will have to give up their property, losing all they have accumulated here through years of hard work. When a community asks for general aid from the government it usually indicates that a calamity of some kind has overtaken an entire section of country and that the citizens are in particularly sore straits.

Pennington county farmers are in no such condition because of the unusual occurence which caused a partial loss of crops for a comparative few of them. The district as a whole is vastly better off than for years in spite of the untoward circumstance and will harvest the biggest crop in its history.

Let us look at this outside aid proposition squarely. For two years last past the harvest in Northwestern Minnesota has not been bountiful, but it is certain Pennington county has fared as well as any. This year the yield promised to be enormous and this is still the case in spite of the hail storm. Every field remaining standing will produce more than it did a year ago or two years ago—in fact, most of them will produce more than during both the preceding years put together. In 1915 there was a bumper crop but the total for the county will be as great if not greater this year. The reason for this is that our people heeded the government's request for more products and more ground was plowed and seeded than ever before in the history of the country.

The damage caused by hail is liberally estimated at ten per cent of the total crop of the county. In many instances the loss is greater than this, being total in certain localities. It is likely, however, that the devastated area does not equal in extent the new acreage put to crops this spring. This would leave as much land still carrying crops as in the two preceding years while the yield is very much greater.

No attempt was made to secure any outside aid for our farmers in 1916 when the general crop situation was decidedly worse than at present. The farmers managed to get along without assistance at that time and they will do so now. Our own banks and business men generally will, if left alone, make provision for those who have been cleaned out entirely, while those who still have something of their crops left will receive more money for what remains than they did for the total last year or the year before.

Then here is another way of looking at it: We have all been calling attention to the fact that this particular section is fast becoming a dairying and stock raising instead of a grain growing region. Now comes a storm which damages grain about ten per cent and we at once proclaim ourselves as unable to face the loss unless the state comes to our assistance. Instead of looking upon this storm as a freakish visitation that might possibly happen once in a hundred years and consequently to be regarded much as a lighting stroke or a cloudburst, and going ahead and repairing the damage with the tools at hand, we advertise ourselves as helpless because ten per cent of the largest grain crop in our history has been destroyed.

It is conservatively estimated that the farm crops of Pennington county will this year be worth $3,000,000, of which the grain will represent $2,500,000. The loss by reason of the hail storm is perhaps $250,000, or about ten per cent of the total. And under these circumstances the preposterous proposition is advanced that we must get help from the state of Minnesota in order to carry us over to another season.

But to go further than this. The banks of the city of Thief River Falls alone claim resources in the neighborhood of three million dollars while with those of the other communities in the county added the sum would be nearer four million. If the hail loss is placed at $250,000 it would mean six and one-quarter per cent of the bank assets of the county. But not more than one-half of those who sustained a loss will find it necessary to become borrowers, being so situated financially that assistance of any sort is unnecessary. This will leave about $125,000 to be provided for those who have not the means for carrying themselves through without help, or about three per cent of the banking assets of the county.

Does it not look like an altogether ridiculous proposition to even suggest that state aid is necessary in a case of this kind?

And still there is another angle to the proposition. The farmers should not be encouraged in thinking that any assistance may be forthcoming from the state. It would have the effect of advertising Pennington county as an impoverished community, besides establishing a precedent that would be most troublesome in years to come. If the state is justified in spending the money of the taxpayers to assist a very small class in a certain locality there is no reason why the principle cannot be extended indefinitely.

We are firmly of the opinion that when the farmers themselves have had time to think the subject over they will wish the state aid proposition dropped just where it is.

Our bankers are willing and anxious to help. They have been asked upon what terms they will loan money to those who need it, but they cannot at this time be expected to know just what the conditions will be at the time this money will be needed. One thing is certain, however. If a farmer's credit is not of such cararacter as to enable him to secure a loan from his home bank he will stand but poor chance of being able to get relief through any agency provided by the state.

A compulsory state hail insurance law should be passed at the next session of the legislature. The prosperity of the entire country depends primarily upon the prosperity of the farmer and any loss sustained by the tillers of the soil is felt in greater or less degree by every other industry. For this reason the cost of protection against hail should be covered by general taxation for a short time, after which the accumulated interests on the premiums paid might be expected to carry the fund along. The hail loss in Minnesota has not in late years been very great, but the posibility of damage from this source is always present. No one can protect himself against it and nothing can be done to avert it. For this reason insurance against loss through its visitation should be made compulsory, and because any damage it may do affects every citizen in the state in some degree the cost of maintaining a hail insurance department should be generally distributed.

THE CONDITIONS OF PEACE.

Germany will not be permitted to suggest, leave alone dictate, the terms upon which peace will be declared. Every week or so a feeler is sent out through some neutral country for the purpose of finding out just under what conditions the rest of the world may be expected to again admit Germany as a desirable member of the family of nations. The answer has been the same in every instance. President Wilson has stated exactly what will be necessary in order to bring about peace but the enemy has met every such pronouncement with bluster and bluff.

The allied nations are in accord with regard to the peace terms. There are a few people in this country who are under the impression that President Wilson has spoken simply for himself and the American people, but it is very evident that his stand has been fully approved in London, Paris and Rome before being announced. This is proven by the similarity of the British war aims, as announced by Prime Minister Lloyd George, to those of our President. The prime minister's declaration of principles may be summarized as follows:

We are not fighting a war of aggression against the German people.

The destruction or disruption of Germany or the German people has never been a war aim with us from the first day of the war to this day. Nor are we fighting to destroy Austria-Hungary or to deprive Turkey of its capital, of the rich and renowned lands of Asia Minor and Thrace, which are predominantly Turkish in race.

What Britain is fighting for:

1. Europe:—Complete restoration, political, territorial and economic, of the independence of Belgium and such reparation as can be made for the devastation of its towns and provinces.

Restoration of Serbia, Montenegro and the occupied parts of France, Italy and Roumania.

Complete withdrawal of the alien armies and reparation for injustice done, a fundamental condition of permanent peace.

To stand with the French democracy to the death in their demand for a reconsideration of the great wrong in 1871, when, without regard to the wishes of the population, two French provinces were torn from the side of France and incorporated in the German empire.

An independent Poland, comprising all those genuinely Polish elements who desire to form part of it, an urgent necessity for the stability of western Europe.

Genuine self-government on true democratic principles to those Austria-Hungarian nationalities who have long desired it.

Satisfaction of the legitimate claims of the Italians for union with those of their own race and tongue.

Justice to men of Ruthanian blood and speech in their legitimate aspirations.

2. Asia and Africa:—The passage between the Mediterranean and the Black Sea to be neutralized. Arabia, Armenia, Mesopotamia, Syria and Palestine are to be given recognition of their separate national conditions.

The German colonies to be held at the disposal of a conference whose decision must have primary regard to the wishes and interests of the native inhabitants of such colonies.

3. General:—Reparation for injuries done in violation of international law, especially as regards our seamen.

The establishment by some international organization of an alternative for war as a means for settling international disputes.

4. The Basis of a Lasting Peace:—Sanctity of treaties to be re-established.

A territorial settlement to be secured, based on the right of self-determination or the consent of the governed.

The creation of some international organization to limit the burden of armaments and diminish the probability of war.

AN OUTSIDER'S VIEW.

We all hope the war will soon end and some of us may even engage in speculation as to when we may look for this highly desirable finish, without being able to reach any sort of satisfactory answer. No two persons who have given the matter their consideration come to the same conclusion and the guess of one is as good as that of another. But we all know HOW it will end. There is no question about that on the part of anyone.

Our attitude toward the war and our determination to carry on has impressed itself deeply upon the minds of representative citizens of allied countries who have been in our midst long enough to observe the signs. We go along about our business and take it for granted everyone will understand that there is no question as to the outcome. If we hear of a setback to the armies upon whose side we are fighting we simply regard it as "too bad" without for one moment permitting the idea that it may have any bearing on the final result to enter our heads. Things may happen that will retard the final reckoning, but so far as we are concerned that is all they will be permitted to do.

T. P. O'Conner, the leader of the Irish Nationalists, who has been in America for a year, found us rather lukewarm toward the war when he arrived. During his stay he came into contact with most of the government officials, including President Wilson, and saw the transformation of the nation from seeming lack of realization of what the war meant to a nation "that feels most passionately, most unitedly and most ruthlessly." He reached this conclusion:

"If any or all of the Europen nations should in war weariness show any sign of accepting an inconclusive peace, America would keep on even if she had to stand alone. Wherever else the Germans may look for a spirit of compromise, they cannot look for it, or even for an approach to it, from the people of the United States."

Our own people have known this right along, but it will help considerably to have a man of Mr. O'Conner's standing say such things when he gets back home.

WHEAT HOARDERS PUNISHED.

Thus far there has not been a single arrest made by agents of the state food administration for wheat hoarding in northern Minnesota. In some sections of the state, however, conditions are different. The Red Cross has been helped considerably through the fines imposed for the offense, and while this is the best use in the world to which the money can be put; yet our farmers prefer to ship their wheat in accordance with government orders and then give the Red Cross as much of the money received for it as they possibly can.

Wheat amounting to approximately 20,000 bushels has been marketed by hoarders in Brown, Nicollet, Redwood, Blue Earth and Cottonwood counties during the past three weeks as a result of investigations being conducted by special agents of the food administration working in that territory. Scott county wheat hoarders have also been discovered and about 1500 bushels of wheat have thus far been place on the market at Jordan. Prosecution of the violators by the food administration under the food control act is dispensed with when violators give evidence of a proper spirit by making liberal voluntary contributions to some war work and about $35,000 has been contributed to the Red Cross in this territory by these wheat hoarders.

IS IT WORTH WHILE?

"Too busy," is the excuse today of those women who are letting their households run amuck. Never before in history have there been so many compelling forces drawing the women outside their homes—so much Red Cross work to be done, so many committees on which to serve, so many hundreds of kinds of war work calling daily for their brains and hands.

One of the first questions facing a woman who is running a home is: "Is food conservation worth while?"

Before giving the answer let it be asked: "Is the saving of human lives worth while?"

If it is, then food conservation is worth while, for the program of the United States food administration for saving food in American kitchens is the only way to save the lives of millions of people in Europe who might otherwise die of starvation.

Isn't this reason enough to put aside everything else we are doing at present, if that is necessary, rather than to say, "No, I can't follow the program of the food administration for the conservation of food. I'm too busy."

Just a half million more people have died in the European countries from starvation and famine in this war than have been killed on the field of battle.

Is food-saving worth while?

600 FROM COUNTY IN ARMY AND NAVY

COMPLETE LIST IS SECURED THROUGH LABORS OF CIVILIAN RELIEF COMMITTEE.

Pennington county has contributed almost exactly 600 young men to the fighting forces of Uncle Sam. This includes those whose homes are in this community but who may have been residing temporarily in other sections of the country at the time of their induction into the service and it also includes those enlisted from here but whose usual place of residence is at some other point. There are very few in these latter two classes, however, and it is for general purposes it is safe to claim that 600 men have gone into service out of a population of not more than 10,000.

The work of compilation has been accomplished by the Civilian Relief committee, Mrs. J. J. Richter, its chairman, having been the one upon whom the greater part of the labor has devolved. She has rendered a most valuable service to the entire community and one that has required continuous application and the most patient and painstaking investigation. Not only are the names of the soldiers and sailors given, but their home addresses, the army unit, ship or non-combatant division to which they belong, and their present address, so far as it has been possible to ascertain this last, have been added. It is safe to assert that no other county in Minnesota has a better record of its men.

The entire list will be published in The Times next week and it should be carefully preserved for future reference. As more men are called their names should be added and thus a most complete and interesting history of the county's share in the winning of the war will be available at all times.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

The Republican county convention, held at Red Lake Falls, nominated the following ticket: Treasurer, H. O. Brink; register of deeds, Nels Holberg; sheriff, Charles Sampson; judge of probate, Nels K. Anderson; coroner, J. L. Stewart; clerk of court, H. E. Albue; superintendent of schools, Helen E. Wallin. For county commissioners the following were nominated: First district, C. A. Lundquist; Third district, O. J. Johnson; Fifth district, Ovid Moreau. No nominations were made for auditor or county attorney. A committee on the selection of judicial delegates was appointed composed of I. C. Richardson, Lars Backe and C. Lundquist.

A ball game was being arranged between the Women's clubs of Thief River Falls and St. Hilaire.

Harvest was well under way. Wheat was filled out to the top kernel and the oat yield estimated at from 60 to 75 bushels per acre.

It was announced that 367,000 acres of public lands on the Red Lake Indian reservation would be opened for entry at the Crookston land office about the first of October.

Ten Years Ago.

The date for the formal opening to settlement of the ceded Chippewa reservation lands was announced as Sept. 15.

The Finch-Winslow-Carlisle company announced that excavation for a new brick building to be used as a wholesale grocery house would be begun soon.

The seventh annual fair of the Red Lake County agricultural association was on in this city.

S. A. Swanson of Red Lake Falls, announced himself as a candidate for judge of probate.

Lightning struck the Dobner-Meehan block, starting a fire in the Wilson clothing store. The blaze was put out with a pail by George Curren.

A fine son, weighing nine and one-half pounds, arrived at the home of Mr. and Mrs. T. L. Melgnard.

FOURTH LOAN WILL BE SIX BILLIONS

THREE WEEKS' CAMPAIGN EXPECTED TO BEGIN ON SEPTEMBER 28.

The campaign for the Fourth Liberty loan will open September 28, and continue three weeks, ending October 19, it is announced by Secretary McAdoo.

In fixing three weeks as the length of the campaign for the fourth loan, instead of the four as in previous loans, Treasury officials plan for a more intensive campaign. A shorter campaign, it was said, also will enable more business men to enlist as workers.

The date of the campaign was announced now to prepare for the sale of bonds and to prevent the planning of other campaigns.

Although official announcement has not been made, the amount of the loan probably will be $6,000,000,000 and the rate of interest which the bonds will bear 4¼ per cent. Should the treasury decide soon to place on the market certificates of indebtedness redeemable next June when taxes are paid the amount of the loan may be reduced.

Secretary McAdoo has said he does not contemplate making an extended speaking tour for the fourth loan. President Wilson has received several invitations to make addresses during the campaign, but as yet has not indicated whether he will accept.

Officials in charge of the campaign have announced a special appeal will be made to farmers, who subscribed liberally to the last loan.

For Our Country

Dairy and Food Commissioner James Sorenson of Minnesota, in letters addressed to the Public Safety Commission, and the Federal Food Administrator for Minnesota, last week called attention to the wicked waste of food, man-power and railroad facilities of the cream shipping system in this state. Commissioner Sorenson knows the conditions and he would be guilty of neglect of his official duties if he failed to call the attention of the proper officials to this matter.

Minnesota has far less reason than North Dakota to tolerate the wasteful cream shipping system, and North Dakota has already taken radical steps to curb it and reduce the waste to a minimum. Minnesota is in a far better position than North Dakota to cope with this evil, for the reason that our state is well supplied with efficient creameries owned and operated by the farmers, and with other good creameries, and there is no excuse for the cream shipping system, except at a very few points.

Dairymen everywhere should back up Commissioner Sorenson's letters with endorsements giving conditions as they are in their communities. Write to Minnesota Commission of Public Safety and A. D. Wilson, Federal Food Administrator, University Farm, St. Paul, Minn.

Commissioner Sorenson has no power to close up the cream stations, but these two agencies have and we feel confident they will do it. Write a letter now.

THIEF RIVER CO-OPERATIVE CREAMERY ASSOCIATION
Thief River Falls, Minnesota.

Letters from the BOYS

ARE DOING WELL AT CAMP PURDUE

THIEF RIVER BOYS AT INDIANA INSTITUTION SOON THROUGH THEIR STUDIES.

EXPECT SOON TO GO OVER

MAY, HOWEVER, BE ASSIGNED TO TRANSPORT DUTY IN THIS COUNTRY.

Three of the eight boys who left about two months ago for the purpose of taking up special training as mechanics in the army at Purdue University, LaFayette, Ind., have collaborated on an interesting communication to The Times. They are Ambrose C. Zeh, Frank E. McGinn and Ivan Erickson. That they feel as if they are doing pretty well is evidenced from the letter, which is as follows:

"We just finished reading The Times for the second time and are taking this means of thanking you for the same. Of all newspapers The Times is the newsiest to us, and always will be.

"Now, as to this life, we will say that we are well satisfied and feel that we are lucky as they say in the army, to be students here. We have been going to school for five weeks and will finish Aug. 17, when we take our final examination.

Study and Practice.

"The week is divided into two periods, each period being two and one-half days. This week we are in the laboratory, taking up carburetion and ignition, which is a review in general. The remainder of the week we will go back to truck-road work. Then Saturday we have an examination on the entire week's work. With strict attention in class and with the aid of our notes we are able to secure fairly good grades. We have had three examinations and may say that we have received very satisfactory grades. After finishing this course we leave with a grade of either "A" (Apprentice), "J" (Journeymen), or "E" (Expert.)

May Go Across.

"Where we will go is not known, but the boys in the class ahead of us are now in France. We were told by the officials upon our arrival that out of 187 camps in the U. S., Purdue ranked the highest as far as militarism and special training are concerned, and that is a recommendation in itself. Outside of school hours we have our regular drill, and are kept busy from 5 a. m. till 8 p. m., almost 8 hours a day.

Long Lines of Trucks.

"Trains of trucks pass through here daily bound for the coast. They are all still, 'F. W. D's' (Four wheel drives.) We talked to some of the boys, who like it fine, although it is a strenuous day's work, after covering 60 or 70 miles. There are usually 60 to 80 trucks to the train. They are all in close file so the dust is a great menace alone, and they certainly tear up the loose particles. Now if we're not shipped to France we will probably be given this line of work. We asked them where they were bound for, but they never know where they'll be the following day. We always have something to expect. Trucks are all Liberty B's, and Pierce makes, but are not used much over there. The Nash and F. W. D's being powerful and built for heavy work.

Are Used Well.

"The LaFayette people certainly have the right spirit. Sunday, the only 'show' line here at camp consisted of guardsmen. All the rest of the boys were guests at the officers' homes. This all goes to make this life so much more homelike and encouraging."

SNOW PREFERABLE TO STORMS OF SAND

SOLDIER AT FORT SILL SAYS MINNESOTA'S CLIMATE IS FAR THE BEST.

"There's no place like good old Minnesota." That is the impression of the Thief River Falls boys in the army is evidenced by every letter received from them. No matter where they may be located—in New Jersey, New Mexico, Missouri, Texas, Oklahoma or France, the verdict is always the same—the regions possess certain advantages, perhaps, but in the matter of weather they are generally to be sympathized with. Samuel S. Brandvold, who is putting in his training period as a member of Company D, 9th field artillery, at Fort Sill, Okla., finds many things to be desired in the Southwest. He says:

"As I have been a reader of your paper I thought that just for old times sake I would write you a few lines. Well, here I am at Fort Sill with the other U. S. A. boys and am having a fine time. I must say that I surely like the camp life but find that the climate is not up to that of the good ol dhome state by far. One great trouble with Oklahoma is that it is so dry always, they seldom having any rain down here.

"The soil around Fort Sill is sandy and one can imagine how pleasant it is to be here when the wind blows as it does at times. It looks much like has not that clean, white color. Will say for my part that I would much rather be in a snow storm than in a the snow storms that sweep across northern Minnesota in winter, only it sand storm of the kind that is encountered down here at times.

"I receive The Times quite regularly. If it does not reach me from the publication office I have an uncle who sends me the good old sheet, and it sure is most welcome.

"There is another of the Thief River boys here whom I happened to run across in the Y. M. C. A. building. His name is Will Stevens and everyone up there knows the family. I think Mr. and Mrs. Stevens have three other sons in the service, one of whom has seen two or three years' service at the front and has been wounded and gassed a number of times.

"There are many other things I could write about but for very good reasons I will have to pass them up so I will close with the best wishes for all the old neighbors."

SUPPLY SERVICE IS MARVELOUS

DR. PILON, KNOWN TO MANY HERE, WRITES OF WORK OF THIS DIVISION.

ENTIRE CITIES ARE BUILT

HOSPITAL PROVISIONS ARE THE MOST COMPLETE OF ANY IN EUROPE.

Dr. P. C. Pilon of Paynesville, whom many in Thief River Falls know personally through his having been here on a number of occasions on visits to relatives, writes most interestingly from France for the Paynesville Press. He is now an army surgeon with the rank of captain and his opportunities for observation have evidently been of the best. He speaks of having been located in the wine region of France before being sent to the line hospitals and speaks highly of the hospitality of the citizens there.

"Now this is left behind and I am in a position more to my suiting," he writes. "As I told you before, I was ordered here May first as hospital surgeon of a 50 bed hospital. It is one of the many hospitals prepared by Uncle Sam for the care of his boys. There will soon be 30 or 40 thousand of beds in this vicinity and ten times more in France. You may conceive then what it means to enter a war like this.

Part of the Program.

"The whole country is alive with our efforts. There were ports to open, immense docks to build, railroads all over France so as not to interfere with national traffic—immense railroad yards and many of them as large or larger than the largest in the U. S. A. Store buildings to shelter provisions and supplies necessary for our great army, camps to erect for our men with barracks store, drill grounds, hospitals, etc. Each a little city 15,000 or more population with their telephone, electric light and water systems. Their guns, ammunition, cannons to bring over, and to house for training as well as for warfare.

An Active Scene.

"This is a field artillery camp. The officers are under the training of allied officers going to their classes a good share of the day while men are busy at gun practice. Over our heads aeroplanes drive their way and observation balloons are seen all day. The roar of the guns is in our ears all day and bursting shells some miles away tell us that this is no blink prictice. Trucks by the hundreds roar their way through our street loaded with most every imaginable kind of freight, great big monsters with only one speed—full speed.

All Came From Home.

"All along the coasts are distributed many aeroplane fields and large aeroplane factories for either manufacture or assembling plants planned to erect under the supervision of some of the largest automobile manufacturers in the States, made of skeleton steel filled in brick, substantial and apparently permanent institutions equipped in the most recent modern fashion. And all this—men, guns, steel, material of all sorts comes from home and had to cross the wide seas. And all this work is only a part of the work of our S. O. S. (service of supplies.) From here our men come out fitted for the front line work."

The Value of Training.

Warren Register: "Information has been received from training camps containing Minnesota draftees that the military instruction given them by the Home Guard companies throughout the state has resulted in a higher standard of military efficiency among these men and the companies they are in. The time of instruction has been materially shortened for these previously trained men and in view of the demand for speed and more speed in the training of these men Minnesota deserves much credit for being a pioneer in the training of these men."

OFFICE JOB WAS MUCH TOO SOFT

E. C. KARWAND GIVES UP CLERICAL SNAP TO JOIN AREO SQUADRON.

TAKES REDUCTION IN RANK

BUT HE IS PERFECTLY HAPPY IN THE HOPE OF GETTING REAL ACTION.

E. C. Karwand, formerly cashier of the Citizens State Bank of Hazel, joined the army because he figured that the Germans ought to be licked and wanted to have a hand in the proceedings. As was quite natural in the case of a man with his education and clerical experience, Mr. Karwand was put to work in an office after leaving training school at the University of Pittsburgh. Shortly afterwards he was made a sergeant. Now he is again a private and evidently considers the change a promotion. At least one is justified in getting that impression from the following letter:

"Just a note to let you know I will send you a new address very soon. Have pulled away from the clerical line and of course lost my sergeant's rank at the same time. I am a plain private now but don't expect to stay that way long as I am with a fine squadron expecting to see service soon.

With Fine Bunch.

"They are all trained men in this squadron. A little hard-boiled and sunburned, perhaps, but big men at heart. And what's the use of going through this war perched on an office stool and be a boy scout on Long Island? No; I want to mix and get all sides of army life and when I come home I'll tell you something about it.

"Of course, we all expect to go east instead of west, and if the daisies must be pushed we're going to make the Huns do that because those devils are no good anyway.

With 354th Squadron.

"Will appreciate getting The Times as usual. Am now with the 354th Areo Squadron, direct from 12 months' training in Texas and North Carolina. That's all I am permitted to say now. I am at present a very minus quantity but I have been promised excitement.

"If they bomb Berlin I will send you a blue card all lettered in gold, because we are going to fix things up over there. That is the spirit of all our boys.

"Wish you would say hello and a short goodbye to all my friends for me. We will all soon be back, because, as the Texan says: 'You all know we can lick 'em, boys.' But they'll never make a Southerner out of me. Old Minnesota is still plenty good enough."

The letter is signed, "Your Decomposed Office Sergeant, Edwin C. Karwand, 354th Areo Squadron, Garden Tent Camp, Garden City, L. I., N. Y."

MEN ACCEPTED FOR NAVY UP TO FORTY

OPPORTUNITIES OFFERED TO THOSE PAST DRAFT AGE IN SPECIAL SERVICE.

The age limit for men who can enlist in the navy has been raised to 40 years, a communication just received from Lieutenant George A. Treadwell, commanding officer of the navy recruiting station at Minneapolis, states. The same communication advises that all men who enlist as aviation mechanics will be sent home on inactive duty, subject to call.

Men who are qualified stenographers and typewriters or the latter, possessing a knowledge of accounting work, may again enlist as yeoman. No limit has been placed on the number of yeoman to be taken. The regular weekly quota of the district which comprises Minnesota and North Dakota, of 40 men for the regular navy, has also been removed and any number may enlist. The bureau of navigation hopes to keep 2,000 aviation mechanics continuously on reserve, subject to call when needed. Farmers may enlist now and receive a 30 or 60 day furlough to assist in taking off the crops.

Present openings in the navy are for apprentice seaman, fireman, third class, shipfitters, boilermakers, yeoman and aviation mechanics. Men are urgently needed in all of these branches.

NO MORE PAY FOR GETTING RECRUITS

THE FIVE DOLLARS PER HEAD HERETOFORE PAID IS DISCONTINUED.

Word was recently received from the office of the adjutant general at Washington by Major John D. Yost, recruiting officer for the Minnesota district, to the effect that the order authorizing the payment of five dollars to postmasters for all accepted army recruits secured by them has been rescinded. This affects second, third and fourth class postmasters which includes practically 90 percent of the offices in the state.

The five dollar fee for postmasters has not been an especially big incentive to the men in this state to increase their recruiting activity. In many cases the fee has been returned to the government and any number of postmasters have turned the amount over to the recruits they secured to spend on their way to camp. Major Yost states that he does not think a postmaster in the state will relax his efforts to secure army recruits because of the change, and is counting on the same hearty co-operation of postmasters in the future that he has had in the past.

The recent appeal to civilian recruiting committees for more men and increased activity to make up for the July slump was answered by the Faribault committee with ten men the day the appeal was received. This is a record that every committee in the state will have to work hard to beat. The Minnesota district was practically forty percent below its average for the month of July, less than 700 men being secured during the month. The slump is general, however, all over the country.

Changes in the draft law within the next few weeks will doubtless send hundreds of men into the army who are anxious to choose their branch of service. There is no question but that the draft age limits will be raised and lowered, and will likely include all men from 19 to 36 years of age. Men can still enlist at any recruiting office and get into any branch of the service they desire.

Y. M. C. A. IN NEED OF AUTO MECHANICS

OPPORTUNITY OFFERED MEN ABOVE DRAFT AGE FOR SERVICE IN FRANCE.

Scott Laird, local secretary of the A. A. A., has received the following self-explanatory communication from the headquarters of the association in New York. Anyone interested can learn the details by applying to him:

"We, as members of a special recruiting committee, appeal to you on behalf of the Y. M. C. A., to find just one man to go to France. If you should find more than one, so much the better, but get one, please.

"He should be an automobile mechanic—an all-around man, able to make general repairs. There are two hundred trucks now out of business because of lack of men, and our boys over there are suffering in consequence.

"Men above the draft age are preferred. Next come men who have been examined and rejected for army service. An applicant must be an American citizen, with no German or Austrian blood, able to cope with, and not become rattled over unusual happenings, and a man who would do credit to the uniform of the Y. M. C. A. He need not be a church member, but the association naturally prefers men of character, who are willing to render exceptional service to their country and set a good example to others.

"The Y. M. C. A. will make suitable arrangements in the matter of payment, but prefers not to establish a definite sum in advance of an interview with the individual. On that score, however, you may act with confidence.

"The object is so worthy and the work of the Y. M. C. A., so absolutely necessary to our success, that we count with confidence on your help.

Willis Fasel Joins Army.

The following notice, taken from the Spooner News, will be of interest to the people of our city. The young man referred to is the son of Mr. and Mrs. A. H. Fasel, is a graduate of our schools and has resided here practically all his life:

"W. T. Fasel, who has had charge of office work at the local sawmill plant for the past year, attained his majority last week, just a little too late to get him into the 1918 list of drafted men. But this does not deter him in the least and he has tendered his resignation to the International Lumber company and expects to leave next week to enlist, after a short visit with his parents at Thief River Falls.

"He has been a faithful employee and one of the leading young men of the community, but, though he will be missed we are glad to know that he will be doing his bit, and our well wishes go with him."

THESE are serious times, and every one must shoulder a serious task, but how efficient would we be if we worked all the time?

Each morning and afternoon at school the children are given a recess, to sharpen their tired brains and take the kinks out of their cramped little legs.

Like the boys and girls in school we must play a little now and then, too, to be able to work the harder after we are done playing.

That's why we have hunted to the four corners of the earth for clean talent of every kind to amuse you in a wholesome manner this year.

For recreation and play of the finest type no place compares with the Minnesota State Fair, September 2 to 7.

Another August Call.

A new draft call for 2,000 Minnesota registrants, the largest August call yet received, Tuesday came from Washington. The men will entrain during the five day period beginning August 26 for Camp Grant, Ill. Only white men physically fit for military service will be inducted.

This last requisition will mean about five men from Pennington county and there will be no trouble in securing these at the time they are wanted.

Mr. and Mrs. Ed. LaFave and children returned to their home in Baudette Monday after a few days' visit at the home of Mr. and Mrs. Evan Evenson and Mr. and Mrs. Ray Rockwell, near Hazel, and with Mrs. LaFave's mother, Mrs. Christianson. Mrs. Christianson accompanied her daughter to Baudette Monday morning for a few days' visit.

Shop and Railroad News

E. H. Taylor, traveling claim agent, is back on the job after a vacation of a couple of weeks.

Dispatcher E. F. Dolan is back at his post after a vacation of about two weeks, spent with friends and relatives at Alexandria and Minneapolis. He was accompanied on the trip by Mrs. Dolan and Mr. and Mrs. Willis Akre.

Warehouseman Harry Otto has gone into the train service and his place at the warehouse has been taken by his brother, Rexford.

Oral P. Johnson has taken the place of B. J. Thorne at Balder, N. D., the latter being transferred to the station at Winger in place of Morris E. Carlson, who has a leave of absence.

President Edmund Pennington and Vice President G. R. Huntington, the latter now federal manager of the Soo lines, were looking over this division on Wednesday of last week.

Supt. W. A. Barnard went westward over the division on a business trip Monday, returning Wednesday.

Louis M. Rayson, chief clerk in the office of Supt. Barnard, was taken sick while away on his vacation and at last accounts was laid up in a hospital out west. He was to have been back last week but was unable to travel.

George Rosing, division engineer, went to Minneapolis on Sunday night on business.

Miss Albina Ducet, bill clerk in the office of City Agent H. A. Pratt, visited friends and relatives at Oklee over Sunday.

Archie Lufkin has resigned his position as warehouseman at Oslo and Frank J. Gorman has been hired in his place.

E. F. Dolan has received letters from a bunch of the boys over in France during the past week. Dave Backus is now a member of the French escadrille operating a big Spad airplane on the firing line, "Dug" Campbell, the famous American ace, being one of his partners. The "Spad" is a 220 horsepower machine and the make is among the real famous ones in the allied armies. P. L. Anderson, Maurice Brink and George Kestel are others from this neighborhood who have written from France to Ed during the week and they all seem to be in excellent health and spirits.

Phillip Lundberg and Carl Erickson are new men hired for the car repair department during the past week.

John Dahl, coach cleaner, has been transferred to Fordville, where he will continue work in the same capacity.

Carl H. Dahl was put on the pay roll as a machinist's helper this week.

Ole Oftedahl, boilermaker, is helping out the crew at Fordville this week.

Joe Gulden, the former blacksmith at the Soo roundhouse, left this week for Minneapolis where he may again enter the employe of the road.

Arthur Rambec left the first of the week for Amherst Junction, Wis., to attend the funeral of his father.

Fred Jackland, engine wiper, is visiting with friends at Minneapolis.

M. W. Patton, chief boiler inspector, was in the city Tuesday on business.

Put your Money in OUR BANK
EXTRAVAGANCE
DONT LET EXTRAVAGANCE CRUSH YOU AND KEEP YOU POOR.

EXTRAVAGANCE IS A HABIT—SAVING IS A HABIT.

IT IS AS EASY TO PUT A LITTLE MONEY INTO THE BANK EACH PAY DAY, AS IT IS TO FIGURE ON WHAT PET EXTRAVAGANCE YOU CAN INDULGE IN—BUT, YOUR EXTRAVAGANCE WILL LATER BECOME A GREAT BURDEN—YOU'LL GET THE "DEBT HABIT."

YOUR SAVINGS WILL SOON SHOW A BIG BALANCE AND YOU CAN LOOK FORWARD TO SOMETHING WORTH WHILE.

WOMEN CONDUCTING BUSINESS OF FRANCE

C. S. CALLOWAY TELLS OF TRIP ACROSS OCEAN AND EXPERIENCE.

C. S. Calloway, son of Rev. and Mrs. R. K. Calloway of this city, is with the American forces in France and the following letter received by Ben Rosendahl will be read with a great deal of interest by the people of this section:

Somewhere in France,
July 7, 1918.

My Dear Friend and Brother:—

You must not be surprised to hear from me because I intend to write to you and my other good friends there as often as I can. Of course I'm not able to write to everybody, but have picked out a few and you are among them. I have been "over there" now about two months; really a short time, but to me it seems ages. Had a wonderful trip across the pond. Some little excitement as we neared England but Yankee luck landed us safely. England is a beautiful country. Quaint little brick homes with vines finding their way every inch of surface; a yard about 10x12 in front and every bit taken up by flowers of all descriptions, pansies being the popular flower while the rose ranks first in France. The people of England show themselves confident of the outcome of the war, especially those who have lost their loved ones on the field of battle. These people are determined and willing to sacrifice everything to gain. We were in our Mother country only a few days when we made for France. In speaking of France no one who has not been here can realize or even imagine its greatness, its beauty and everything that goes to make a country such as history tells us France is. Men who were the makers of good old France, men like Napoleon and the great characters he led, have set a pace or rather a record for this republic to live up to. We know and history will tell us when written of this great war, how nobly, valiantly and courageously these people of today have kept that record untainted. I do not intend to speak of the moral, but of the strength of France, its men and women, their bravery and suffering has seen its greatest epoch. Among these people a smile is seen on every face, though they wear a band of mourning or a stripe telling of a loved one still at the front. When one reads a paper from day to day, he reads of so many prisoners taken, so many planes brought down, so many yards gained by our valient ment and they are indeed valient. Their deeds are unbelieveable, yet there must be something else behind these French soldiers to make them super-human on the battlefield, so in learning what that force is one must see it to believe it. The women of France is the answer. Day after day I see them hitch up a team of oxen or a single horse to a clumsy wagon and start for the fields to reap the harvest. They must do that work and with such unimproved methods as they have, the work would be too much for a man to do, yet these women rake the hay or oats or whatever their harvest may be, in a pile, bundle it up and carry it on their backs, a pack weighing more than the pack carried by the American soldiers. Yet women do such work, always in the best of spirit, climbing a ladder with the hay to store it for future use in a shed and actually run back for more. Words can't tell the amount of work they do, only their weary brain and tired limbs can explain. They always speak encouragingly of the war. An old woman once told my chum, "we suffer but it is worth it to gain what France and her allies are fighting for, the sake of humanity. The women run all the stores and in fact run all of France and have been for four long years.

While buying a Chicago Tribune in a little store some time ago, a Red Cross nurse came in. She spoke English and I learned she had been away from home four years, saving and trying to save the lives of her soldiers. She put all her hopes in the American soldiers and the words she used, "win for us and give us back Alsace-Lorraine soon. My prayers every night are for France and America." I learned that day the meaning of the lost provinces. In the Invalides in Paris are two statues, one of Alsace, the other of Lorraine. France loves these two provinces and calls them her "Lost Children." Both statues have been veiled since Germany won from France in 1870, but with the "fighters" from America, the "scrappers" from France, the "stayers" from England, and the Romans from Italy, France can soon unveil her two statues. Her "Lost Children" will be returned and the democracy of the world will be safe. Let everyone in dear old America do their "bit" and the trust and hopes you have in the sons of Old Glory, will be fulfilled by the scrappiest bunch of Yanks you ever heard of. We never back up. Our heads are high and pointed towards Berlin. We don't look back because we know you are behind us. Our weight will make a path on our march to Berlin deep enough to be called the "Valley of Democracy." We can and will win soon. It is the general opinion that Germany is about done for and all the boys are anxious to be in on the death blow.

I suppose you will think when you read this that I've been down to some wine parlor, or perhaps you might even think, already under the influence, but nothing doing. Today is Sunday and besides I came over here to fight and not to drink and if I don't give a good account of myself it will be somebody's fault besides mine.

The scenery here in the mountains is beautiful, more so than I can tell, you must see it to realize the greatness of it all.

Give my regards to your family, also W. J. LaBree and to all the brothers at the lodge and tell them I'd be glad to hear from them any time. My address is the same. Pvt. C. S. Calloway, Co. D, 139th Infantry A. E. F.

Robinson-Watson.

A quiet wedding was solemnized at the home of Mrs. F. H. Herrick, sister of the bride, 524 LaBree avenue north, at 11 o'clock Saturday evening when Miss Elsie Leone Watson, daughter of Mrs. Anna E. Watson, of this city was united in marriage to Stephen Raymond Robinson, son of Mr. and Mrs. Henry Robinson of Walsh county, N. D. The wedding came as a complete surprise to the many acquaintances of the contracting parties in this city, none but relatives and the most intimate friends being let into the secret.

The ceremony was performed by Rev. R. L. Barackman, pastor of the Presbyterian church, the bridesmaid being Miss Ruby Halvorsen and the groom's attendant Rufus Barackman. Immediately after the ceremony, the young couple left by auto for Crookston and Ada, visiting at the home of another sister of the bride, Mrs. Jason Weatherhead, in the latter city.

Both of the contracting parties are well known in this city, both being graduates of the local high school and have a host of friends among their school mates. During the past year and a half Miss Watson has been on The Times staff as a reporter, in which capacity she will continue for the present, Mr. Robinson being in Class 2 of the selected army list with no certainty as to the date he may be called into service.

The groom is a well-known and prosperous farmer of Walsh county, N. D., just across the Red River from Oslo. He is an industrious, capable young man and is most highly regarded in his home community. Mr. Robinson is a brother of Mrs. L. G. Larson and John E. Robinson of this city. The entire Times force joins in wishing the young couple a happy and prosperous future.

Resolutions of Condolence.

We, the members of the Thief River Falls Fire Department sincerely condole with our worthy Chief, Paul I. Midderigh and his motherless children in their greatest of all misfortunes in the departure of a devoted wife and loving mother "To the pale realms of shade, where each shall take his chamber in the silent halls of death" and thank the donors of countless friends of the deceased for their beautiful floral designs that left her to sleep beneath a bed of flowers.

"Day is for mortal care,
Eve for glad meetings round the joyous hearth,
Night for the dreams of sleep, the voice of prayer—
But all for thee, thou mightiest of the earth."

Our secretary is directed to forthwith present a copy of this testimonial of our sorrow to our Chief, and have the same published in the Thief River Falls Times and record the same in the Minutes of the Proceedings of our next regular meeting.

Dated Aug. 1, 1918. —A-8

Miss Tillie Oftedahl returned to her home in this city Monday morning from a few weeks' visit in Averill and Glyndon, this state and Superior, Wis.

Cornell-Wood-Board
Easy to Put Up—
Lasts a Lifetime

Cheery Bedrooms

THOSE bedrooms in your home will continually radiate cheer and coziness and offer a new comfort, if the walls and ceiling are covered with Cornell-Wood-Board.

Nail it right over the old walls or direct to the framework. You can do it yourself, if you choose, because the panels come in convenient sizes. Full directions in every bundle.

Cornell-Wood-Board
Excels for Walls, Ceilings and Partitions
Repairs Alterations or New Work

is a non-conductor of heat and cold, resists fire and moisture, and will not warp, crack, chip or buckle.

Especially adapted for the Walls, Ceilings and Partitions of Residences, Garages, Churches, Stores, Theaters, Farm Houses, Dairy Barns, etc.

Come in today and let us show you Cornell-Wood-Board and tell you of its many practical uses and of the Free Design and Decoration Service.

Winton-Nichols Lumber Company

City News

Emil Johnson of Brainerd, arrived last Saturday on a brief business trip.

E. S. Rankin of Middle River attended to matters of business here on Thursday.

Mr. and Mrs. Ed. Singer of Kratka, visited in this city Tuesday and attended the fair.

Miss Eva Paul and Miss Agnes Hirsch of Red Lake Falls visited here on business yesterday.

Miss Rosetta Loberg of St. Hilaire arrived Tuesday for a two days' visit with friends and to attend the fair.

Miss Evelyn DeLage left yesterday afternoon for Bemidji for a four weeks' visit at the home of her sister.

Miss Ruby Jenson of Goodridge arrived for a few days' visit at the home of the Culver sisters and to attend the fair.

Mrs. W. H. Funnell of Glenwood, is a guest at the home of her parents, Mr. and Mrs. Geo. Leimers, at the Hotel Ogamah.

Miss Mable McGinnity of this city left yesterday afternoon for Red Lake Falls for a two weeks' visit at the home of her aunt.

Mike Fricker and two daughters of St. Hilaire, returned to their home yesterday afternoon after a brief visit in this city and to atttend the fair.

Mrs. E. B. Backe and daughter, Katherine, left yesterday afternoon for Grand Forks for a few days' visit at the home of Mrs. Backe's sister.

Miss Fern Doyle of Crookston and Miss Ann Patterson of St. Hilaire, arrived in this city the first of the week for a few days' visit with friends.

Mrs. James Farley informally entertained at a six o'clock dinner party last evening in her apartment, 524 LaBree avenue north, in honor of her husband's birthday.

Mrs. T. Mosthouse returned to her home in Emerson, Minn., yesterday after a few days' visit in this city at the home of Mrs. John E. Nelson, 903 Knight avenue north.

Mrs. Mayme Williams and son Raymond, of Red Lake Falls, returned to their home yesterday afternoon after a short visit in this city to take in the sights at the fair.

Mrs. O. W. Nystrom arrived on Thursday evening of last week from Alvarado, for a brief visit with her friends. She was accompanied by Miss Thilda Brandt of Alvarado.

Mr. and Mrs. F. B. Tenney and daughter, Miss Mary, and son, William, motored to this city Sunday from their home in Ada for a two days' visit at the home of Atty. and Mrs. Gay Halvorson.

Mrs. J. H. Baugh and niece, Miss Thelma Holm, motored to this city Monday morning for a brief visit at the Henry E. Holt and Martin Bothun homes and with Miss Holm's sister, Miss Gladys Holm.

Mrs. Hans Hermanson of this city, accompanied by her daughter-in-law, Mrs. Ed. Hermanson and children of Minneapolis, who are her guests, left yesterday afternoon for Hillsboro, N. D., to visit for a few days with their friends and relatives.

Mr. and Mrs. E. B. Backe and family motored to Fosston Saturday evening of last week for a brief visit at the home of Mr. Backe's parents and with Miss Ida Backe, formerly a teacher in the public schools in this city. They returned here Sunday evening.

Mrs. Stanley C. Coumbe and son, are spending the summer at their summer cottage at Lake Vergas. Mr. Coumbe left the latter part of last week for the lake to spend a two weeks' vacation from his duties as assistant cashier of the First National bank.

Otto Israelson arrived here Sunday night from his home in Bronson for a brief visit with his sisters, Mrs. Henry E. Holt, Mrs. Martin Bothun and Mrs. J. H. Baugh of Warren, before leaving for Grand Forks where he enlisted in the medical branch of the army several days ago.

Mr. and Mrs. O. F. Mellby of this city had as their guests yesterday, Mrs. Mellby's parents, Judge and Mrs. Andrew Grindeland, her sisters, Evelyn and Gladys Grindeland, of Warren, Mrs. J. A. Larson of Moorhead, and a cousin, Mrs. J. M. Halvorson of Warren, who motored here in the Grindeland car from Warren.

Mr. and Mrs. Willis Akre, accompanied by Mr. Akre's sister, Miss Avis Akre, and Mr. and Mrs. E. F. Dolan, of this city, returned last Friday evening from a two weeks' auto trip throughout the state. Enroute to the cities they visited at Mrs. Dolan's parental home for a few days and also at the Henry Halverson home in Osakis. They visited Itaska Park for a few days on their way home.

Miss Lottie Elg, formerly of this city, arrived here Tuesday morning from Minneapolis and Crookston where she had been spending part of her month's vacation. Miss Elg is stenographer at the Sanitorium at Dunseith, N. D., where she received treatment for two or three years. Miss Elg was accompanied here by her sister, Miss Agnes, who had been visiting her for several weeks. They are now visiting at their home in Erle.

HOSPITAL NOTES

Those who entered the Physicians' hospital during the past week up to this morning are: Miss Minnie Ness, city; Miss Lucille Brooks, Plummer; Mrs. Lena Huseby, Plummer; Mrs. Hildah Anderson, Winger; Elmer Gellach, Red Lake Falls; Miss Cician Stucy, Highlanding; Gaston Ward, city; Ed. Evenson, Kratka; Miss Tilda Hegtveidt, Goodridge, and Miss Millie Ness, St. Hilaire.

COUNTY FAIR IS GREAT SUCCESS

(Continued from page 1.)

else of a bakery nature—all made with substitutes for lard.

"Save the Wheat."

The Presbyterian ladies had taken Hoover's motto for their own and proceeded to show how to "save the wheat." They had on display muffins, drop cakes, waffles, pancakes, nut rocks and a large number of other good things—all made with the wheat substitutes. In looking over this really remarkable display one was lead to wonder just why it was necessary to go to any troubel at all in order to get the people to stop eating wheat.

Fish and Cottage Cheese.

The Catholic ladies started in to prove that meat is largely a habit and filled their display with foods made from fish, cottage cheese and such other things as the food administration recommends. Some of the most attractive dishes in the entire collection were to be found in the space alloted to these ladies.

Use More Potatoes.

The German Lutheran ladies devoted their attention and culinary skill to potatoes. In every article found in their display the lowly spud formed the basis upon which the superstructure was built and the many different uses to which the tuber was put proved that in most households its possibilities are but little understood.

For Women and Children.

The horticultural display was the best in the history of fairs in this county. Nearly every specimen had been taken from private gardens, the green houses supplying but few of the bulbs going to make up the collection.

The children's display also was very good, although not enough time had been allowed for its gathering.

The Red Cross Corner.

In case any person thought that a surgical dressing was a piece of gauze rolled into a ball or a cylinder, a glance at the beautifully arranged display of Red Cross articles should have forever dispelled the notion. Here was to be seen samples of the articles produced by the women who are devoting their time to this work, and the number of different kinds and the care which evidently had been bestowed upon every little detail of their manufacture was a valuable lesson in thoroughness.

In this department was found one article of more than passing interest. It was a bedspread made by Mrs. Besancon out of yarn furnished by Mrs. Ferdinandson. Both these ladies are members of the Goodridge auxiliary and the spread is to be disposed of at the fair and the proceeds given to the auxiliary fund.

The Live Stock.

No report of the prize winners in the livestock divisions was obtainable in time for this issue of The Times but will appear in full next week. The number of cattle shown was larger than at any previous fair, the capacity of the sheds being tested, although nearly 50 new stalls had been added. Representatives of the best Guernsey, Holstein and Shorthorn herds in the county were on display, as well as individuals representing the less known breeds.

Fine Poultry Show.

The poultry exhibit was remarkable. There were over 100 coops of chickens of different varieties, each coop containing one male and two female birds. Every variety known to the chicken fancier in this section was represented and the judges had their work cut out for them when they came to selecting the best. Ducks, turkeys, geese and guinea hens were also in evidence to a far greater degree than ever before. Two or three coops contained rabbits and Belgian hares, these also being displayed here for the first time.

Sheep and Hogs.

The sheep and hog pens contained specimens as fine as any that can be found in this region. The displays were not numerous, but there were more than at any previous time, the sheep exhibit being noticeably larger and better than a year ago.

The Amusement Features.

Everybody had a good time. The carnival troupe carried some very acceptable attractions and the free acts were better than the general run. The Beerbower Shetland ponies proved a source of never-ending delight to the youngsters, who gladly paid their nickle for a ride on the gentle animals. The proceeds will go to the Red Cross.

Everyone Satisfied.

It was a good fair and everyone is satisfied, unless it be those who came very near winning a prize and just failed to get it. President Herbert Fuller and Secretary N. W. Tarrant were on the grounds early and late, looking after the multitude of detail arising on every hand. The department heads worked hard and are entitled to a great deal of praise for the manner in which they looked after the jobs alloted to them. The 1918 fair was the best in the county's history and indications are that the financial end of it will measure up to the requirements.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886. A. W. GLEASON, (Seal) Notary Public.

Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O.
Sold by all druggists, 75c.
Hall's Family Pills for constipation.

Begonias in Philippines.

The Philippine Islands are very productive of begonias and a California begonia expert is responsible for the statement that of late some sixty species and varieties never known to commerce have of late been found in our far eastern insular possessions. It is feared, however, that all of these need tropical temperatures and, therefore, are only subjects for greenhouse culture.

Artificial Indigo.

Chemists discovered by research years ago the process of making artificial indigo, but it was only when a thermometer broke in the solution that they found out how to make the indigo cheap enough to be commercially valuable. The mercury so increased the yield of a certain field that the process was cheapened sufficiently to make artificial indigo less expensive than natural indigo.

Constantine's Cross.

The cross was the emblem of a slave's death and a murderer's punishment and was naturally looked upon by the Jew with horror. After the celebrated vision of Constantine, that ruler ordered to be made a cross of gold and gems such as he had seen and the "tree of cursing and shame sat upon scepters and was engraved and signed on the forehead of kings."

Talks Like a Man.

The gray parrot of western Africa is credited with having a greater power of imitating the human voice than any bird of the species. It has long been a favorite and is the subject of many stories of greater or less credibility.

Cost of High Living.

"The necessaries of life are a lot higher than they were a few years ago," "Yes, and just think how many more there are of them."

Summer Days Will Soon Be Over

And you must look forward to a pleasant indoor season.

In order to get the best out of the long Fall and Winter period it is advisable to make your home as attractive as possible. And the most convenient way to accomplish this is to buy those things that you need, gradually so that you'll never miss the additional investment.

We now offer an unusual opportunity for the thrifty and fore-sighted home-lover. Lack of space prevents us from telling you all the good things that are here for your selection—and no words could describe their magnificent worth and appearance, as much as a simple visit to our floors where you can see them with your own eyes.

MARRIED FIFTY YEARS.

Mr. and Mrs. N. O. Lawson, residing near Thief River Falls, who last week celebrated their golden wedding anniversary.

Neighborhood NEWS

ROSEWOOD

Monday.

Mrs. E. A. Silverness and two children returned this evening from Oslo where they had been visiting with a sister of Mrs. Silverness, for some time.

Miss Annie Bloom left this evening for town of Rocksbury where she will remain as a guest with her sister, Mrs. Lloyd Crown until Thursday.

Mrs. John Berglund went to Thief River Falls this evening to consult a physician regarding her baby, and will remain at that place until Friday.

Carl Hagen returned this evening from Wales, N. D., where he has spent two weeks on business.

Tuesday.

John O. Dahl, one of the pioneer farmers of this place, died last night at the home of his daughter, Mrs. S. Dahle, at Thief River Falls, following a several months' illness during which he had been staying at said place to receive medical attention. His home has been on a farm about three miles north of this place where he took a homestead in the year 1884, and has been residing. Deceased was born in Rindalen, Normur, Norway, March 23, 1840, and was at his death over 78 years old. He emigrated to America in 1882 a few years after his marriage to Rende Mackengaard, and came to Duluth where he remained two years, when he was attracted by the government's free homesteads and came to this place. Mr. Dahl has during the last years not farmed much on his own account but has been staying with his O. J. Dahl, whose farm adjoined his own. Mrs. Dahl died early this spring. Their union has been blessed with four children, two of whom are dead and two living. They are: Mrs. S. K. Dahle of the Central Hotel, Thief River Falls and O. J. Dahl of this place. The funeral will take place at the Rindal church next Thursday afternoon, Undertaker Carl B. Larson having charge of the burial and Rev. Geo. Larson will conduct the ceremony.

O. J. Dahl returned today from Minneapolis where he had been with a carload of stock.

Carl Bloom is excavating for the erection of a new residence on his farm west of town.

Swen Swenson left this evening for Thief River Falls where he will attend to business matters for several days. Ole Nyhus motored up the same day and will stay at the Swenson place during his absence.

Mrs. J. Styrlund arrived from Viking this evening for a week-end stay with friends and former neighbors in this community.

Wednesday.

John Morteson, of Steiner was in town this evening on a business errand.

W. W. Prichard, Sr., arrived today from Thief River Falls to stay until Saturday to superintend the farming operations on his estate here.

John Remmem of the Bargain store, left today for Norden where he will be employed during harvest at the home of his sister, Mrs. Nels Nora.

John and Chas. Sagmoen motored to Viking this forenoon to attend to some business.

Steiner Johnson left this morning for Devils Lake, N. D., near which place some of his relatives are farming and where he will be employed during harvest and thrashing.

Mr. and Mrs. S. K. Dahle, of Thief River Falls, are in town today on a brief visit with Mr. and Mrs. O. J. Dahl and to attend the funeral rite over aged Mr Dahl.

Thursday.

Margaret DeCremer, of Thief River Falls, is today's guest with Miss Hannah Helquist. Miss DeCremer and Miss Helquist are college friends since last winter.

A. Larson is in Pennington county doing auto driving and will remain until Sunday.

Mrs. Henry Carlson and two children arrived from Thief River Falls this morning and will visit at Mrs. Carlson's parental home, Mr. and Mrs. Ole Lappegaard, for several days.

Mrs. James Johnson and son, Earl, arrived on the morning train for a two days' stay at the John Helquist home.

Assistant Postmaster J. S. Sagmoen, motored to Thief River Falls this forenoon on official business.

Friday.

Mrs. Iver Westby returned today from Goodridge where she has been visiting for a week.

The postoffice room is undergoing extensive repairs and improvements this week. A seven foot high aperture is built along the east end with glass front for about 50 mail boxes. The stamp and distributing window is moved farther north and a new door is placed beside it. For the accommodation of patrons wishing to write letters, a wall table with writing materials is being placed outside the stamp window.

J. S. Benson, of Viking, is in town today on automobile business with Martin Jarsaw.

Melvin Nordguard of Viking, arrived this evening and will visit over Sunday with Newell and Lloyd Anderson.

Saturday.

Miss Annie Bloom left this evening for Viking where she will spend a couple weeks' vacation before resuming her duties at the Anton Gulseth hotel.

Matt Rafteseth returned home today from Grand Forks. He expects to be called for war service some time next week. Mr. Rafteseth is a limited service man and may be ordered to work somewhere on the Atlantic coast.

Justice Olof Opseth and Joel Shoberg are spending today at Warren attending to business matters.

Ted. Prichard accompanied by his father W. W. Prichard, Sr., returned to their home at Thief River Falls this evening having spent the week at their farm here.

Misses Myrtle and Pearl Mellem and Annie Blomberg left this evening for Thief River Falls where they will visit with the Henry Carlson family and will also stay to attend the Pennington county fair.

Louis Meyers returned from his work at Warren this evening. He has enlisted in the army and will be sent to a training camp within a couple of weeks. Mr. Meyers resides on a farm west of Steiner.

Gust Nakken, and Martin and Fred Jarsaw purchased new Ford automobiles today.

Sunday.

The Ole Nyhus and Ole Snustad families of Thief River Falls are afternoon callers with Mr. and Mrs. Swen Swenson.

Mr. and Mrs. Fred Johnson and daughters, Frida, Judith, Gladys, Alice and Ruby, from town of Rocksbury, and Miss Isabel Sagmoen are afternoon guests at the John Sor home.

The Carl Stromberg family of Forest River, N. D., motored up yesterday to visit with friends and relatives here today. Mrs. Stromberg is a daughter of Mr. and Mrs. S. Rafteseth in town.

Mr. and Mrs. John Rafteseth motored in from their farm this afternoon to visit with Mr and Mrs. Sivert Rafteseth in town.

The P. Hafton family, from up north is in town this afternoon on a brief visit with relatives.

The John Sagmoen family motored to Thief River Fals this afternoon to visit with relatives.

John Flodstrom, of Viking, is an evening caller at the home of his uncle, John Helquist.

The Lars Furan family, of Thief River Falls, is spending today here visiting with Mrs. Fruan's parents, Mr. and Mrs. H. J. Sagmoen.

The O'Lare family of town of North was in town this afternoon.

Mrs. Ingrid Nordhagen and Ella Nelson are afternoon guests with Mr. and Mrs. Ole Skaar in Norden township. They rode with Mr. Vorseth who went to Thief River Falls to visit with Mr. and Mrs. H. Anderson.

Some of the Steiner young people are here this evening to attend the Norwegian Young Peoples' society.

One of the largest meetings of the Rindal Young Peoples' society this season was held at that church this evening, and the church building was filled with people. The meeting was under lead of Rev. Geo. Larson of Thief River Falls and the following program was rendered:

Song, by Mrs. I. Berg and Anna Bredeson.

Prayer, by the President, Inga Saugen.

Song, by Inga and Celia Saugen and Judith Christenson.

Recitation, by Miss Ella Nelson.

Solo and Music, by Isabel Sagmoen.

Recitation, by Otto Saugen.

Duet, by Celia and Inga Saugen.

Song, by Rev. Larson.

Song, by Ella Nelson with organ accompaniment by Isabel Sagmoen.

Speech, by Rev. Larson.

Duet, by Mrs. Berg and Miss Bredeson.

Coffee and cake was served after the program, and the same program and lunch committees will serve at the next meeting which will be held at the same place on Sunday evening, Sept. 1.

Monday.

The following went to Warren this morning on drafting business: A. T. and Alfred Thoreson, Victor and Dave Mosbeck.

Carl and Olof Hagen left this morning for North Dakota where they will seek fall employment.

Ole Samuelson was in today from Norden to do some shopping.

ST. HILAIRE

Funeral services of the late Eric Pierson were held last Tuesday afternoon by Rev. Erickson of Crookston and Rev. T. O. Thompson of this village at the Scandinavian Mission church. Mr. Pierson was 82 years of age at the time of his death, Monday morning. He formerly lived on a farm east of this village but for the past three years has resided in this village making many friends who send their heartfelt sympathies to the bereaved family. He is survived by his wife, Mrs. E. Pierson and two daughters, Mrs. Leo Carpenter of this village and Mrs. A. Ness of Crookston. Interment was made in the Swedish Tarna cemetery, east of this village.

George Gebue was up from Red Lake Falls last Wednesday to do some work in connection with the electric lines.

Legal Notices

To Land Owners of Rocksbury Township.

Take Notice—You are hereby notified and required to destroy upon all lands embraced within or constituting a part of the public highway opposite or adjoining lands which you may own, control or occupy:

All noxious weeds and grasses in such a manner as to effectually prevent them from bearing seed, and if you fail to so destroy such weeds as so required you will be reported as delinquent and said weeds will be destroyed at your expense and a tax be levied against your said lands to pay the expenses and costs of destroying the same.

By order of Board of Supervisors,
O. C. LANGSETH,
Town Clerk.

a8-15-22.

Notice of Tax Sale of Unredeemed Lands in Pennington County, Minnesota, Under Sections 2127, 2128 and 2129, General Statutes 1913, As Amended By Chapter 332, General Laws of 1915.

Pursuant to the provisions of Sections 2127, 2128 and 2129 General Statutes 1913, as amended by Chapter 332, General Laws 1915, and Chapter 334, General Laws 1915, notice is hereby given, that on Monday the 12th day of August, 1918, at 10 o'clock in the forenoon, at the office of the County Auditor in the County Court House at Thief River Falls, in Pennington County, Minnesota, all tracts or parcels of land situate in Pennington County, bid in for the State, and not assigned to purchasers or redeemed within three years from the date of the tax sale at which said parcels were offered and so bid in by the State, will be offered at public sale, and will be sold to the highest bidder therefor. The current taxes will be included in all cases. No parcel will be sold for less sum than the aggregate taxes, penalties, interest and costs charged against it, unless the cash value therefor, fairly determined by the County Board and approved by the Minnesota Tax Commission, shall be less than such aggregate; provided, however, that all parcels bid in for the State for the taxes of 1907 prior years, and not assigned to purchasers or redeemed as aforesaid, may be disposed of for one-half of the total taxes as originally assessed; and provided further, that all tracts, offered at sale, held under Chapter 543, General Laws 1913, and not sold to an actual purchaser at said sale or subsequently assigned, will be offered for not less than fifty (50) per cent of the assessed valuation thereof for 1916 and taxes for the year 1915 with penalty and interest in full. Purchasers shall forthwith pay the amount of their respective bids to the County Treasurer. Said sale will begin at the time and place named above and will continue from day to day until every such tract or parcel shall have been offered for sale under the provisions of said statutes. The list of said real property, subject to said sale, and which will be offered for sale, unless previously redeemed, is now on file in the office of said County Auditor, and of the State Auditor of said State.

Owners or interested parties may redeem their property by paying the full amount due to the County Treasurer, at any time before sale and within sixty (60) days after proof of service of the Notice of Expiration of Redemption has been filed with the County Auditor. After the Notice of Expiration of Redemption has been served, as provided in Section 2148, General Statutes 1913, the Chairman of the Minnesota Tax Commission is authorized to issue a deed in the name of the State, to the person entitled thereto. (See Chapter 332, General Laws 1915.)

Dated at Thief River Falls, Minnesota, July 24, 1918.

(Seal.)
T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

j24-a-1-8.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 303 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11), in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole sum secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on February 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and Twenty-five Dollars ($25.00) attorney's fees stipulated in said mortgage.

Dated June 24th, 1918.

LOUIS KRUSE,
Mortgagee.

RURAL SCHOOL NOTES

Allow me to call the attention of the school boards to the efforts now made to have a rural school nurse visit our schools this month.

As has already been explained by Mrs. J. M. Bishop, president of the Red Cross County association, the government has decreed that all babies of five years and under shall be registered and weighed and for the purpose of keeping a record of their growth and future health conditions. It is a war measure and, like all other similar measures or decrees, must be confirmed to. The school patrons will greatly facilitate the work by turning out in body and at the specified time set to meet in the school house of each district as indicated in the schedule to be submitted later. Will not the officers of the respective school districts kindly see that the school house is open and put in condition for this clinic and that each family in the district is notified of the time and place when and where to appear.

The expense of this clinic is defrayed by the County Red Cross association. This association has acquired a small sum through the sale of Red Cross seals and it will be used in this work and made to extend to the utmost in meeting the demand for this work among the children as imposed now by the government as a war measure. It is expected that all will help in this work from a patriotic motive.

The county superintendent would respectfully submit at this time that the schools of the county do not open until Monday, the 16th day of September, at the earliest.

There is much work for the school children at home on the farms that it would be advisable for this reason to postpone the opening of the schools for the first two weeks of September.

The county superintendent wishes to make the preliminary announcement to the teachers and the school officers that a Teachers' Institute will be held in this city, beginning Sept. 9th and to continue for five days.

All the teachers are expected to be present at this institute as subjects will be discussed of great value in our school work.

The following teachers were either present at the teachers' examinations held July 29, 30 and 31, or who have made application for renewal of their certificates in accordance with the rules of the State Department of Education, giving name of applicant, address, class of certificate applied for and whether renewed, extended or exchanged:

Swedish Baptist Church—Services as follows next Sunday, Aug. 11th: 10 a. m. Sunday school; 11 a. m. morning service; 7:45 p. m. evening service. Rev. G. R. Anderson of Alexandria will speak at both these services. The public is cordially invited.

First Swedish Ev. Luth. Church, Albin A. Larson, Pastor—Sunday school at 10:30 a. m. No morning service. Services in English at 7:45 p. m. The Willing Workers society will be entertained in the church basement Friday evening, Aug. 9, by Mrs. Mons Laselle.

Zion Lutheran Church, Geo. Larson, Pastor—Services in the city at 8 p. m. Services at Ringbo at 11 a. m. Services at Holt at 2:30 p. m. Zion Ladies' Aid today, city at 3 p. m. Rindals Ladies Aid at Sagen's Friday at 2 p. m. Zion Young Peoples' society Thursday evening, Aug. 15th at 8 p. m.

Norwegian Lutheran Church, I. T. Aastad, Pastor—Services next Sunday at 11 a. m. Services at Silverton at 3 p. m.

Methodist Episcopal Church, James Orrock, Pastor—Services for Sunday, Aug. 11: Morning, Sunday school at 10:00. Preaching at 11:00, subject: "The Hidden Sackcloth." Evening, service, Epworth League at 7:00; preaching at 8:00, subject: "Almost Persuaded." There will be services at Steiner in the afternoon at 3:00 and at Holt Monday evening at the usual hour.

Presbyterian Church, R. L. Barackman, Pastor—Aug. 11: 10 a. m. Sunday school; 11 a. m. morning worship; 8 p. m. evening worship. Rev. Wm. M. Cook of Euclid, who was formerly a Missionary in South America will speak at both morning and evening services.

STEINER

Mrs. Flint returned to her home here at Steiner last Friday after visiting with friends and realtives at Red River.

G. L. Leinner and Arthur Simonson left for St. Paul with two carloads of cattle last Tuesday.

Miss Ruth Solem returned to her home here from Crookston last Monday where she has been the past two months attending summer school.

Miss Amy Whitman, accompanied by Louis Myer called on Miss Mathilda Liden Sunday afternoon.

M. O. Saugen brought some stock to Thief River Falls recently to be sold to the butchers.

Mrs. P. Solem and son, Allan, and Mrs. P. Liden and son, Julius, and daughter, Mathilda, autoed to Thief River Falls to attend church services Sunday forenoon.

Miss Ruth Solem and Harvey Copp were over dinner guests at the home of Mr. and Mrs. John Whitman Sunday.

A large number of people of this vicinity attended the Pennington county fair at Thief River Falls this week.

Charlie Swanson was a visitor at the home of Mr. and Mrs. Peter Solem Sunday.

Food

QUESTIONS ANSWERED

CONSERVATION

What does conservation mean?

"The preservation of our natural resources for economical use, so as to secure the greatest good to the greatest number."

How can we conserve food?

By reducing consumption; by cutting out waste; by using some other foods in place of the foods we are asked to save; by using local products and thus saving transportation.

It is true that many people eat too much?

Probably 30 per cent of American people either eat or take into their kitchens much more food than is necessary.

Does the Food Administration object to teas and refreshments at parties?

Not if conservation rules are observed; but as a general principle of thrift it does not encourage the habit of eating between meals.

How can those people who neither waste nor eat too much help the Food Administration?

By substituting foods that are plentiful for the wheat, meat, fats, and sugar that are needed for shipping overseas.

How can I find out about these problems?

By writing to the Federal Food Administrator in your state for the free publications of the United States Food Administration.

What are these publications?

A list of them is given at the end of this primer.

Is food conservation really necessary?

So necessary, that we may lose the war unless we conserve.

Why is food conservation necessary?

Because men have been withdrawn from farm and field in Europe to fight; because bad weather had made bad crops; because great food supplies have been sunk by submarines; because there is vastly increased demand for food for soldiers, and people working in war supplies.

How has the wheat crop in France been affected?

It has fallen off more than half.

What is the bread ration in France?

10½ ounces daily per person, with constant possibility of being lowered.

What is the situation in France in regard to other supplies?

France is producing 1 gallon of milk where she formerly produced 3½. Oils, fats, eggs, and meat are scarce.

What is the present situation in Italy?

There is extreme need of cereals, meat, and fats.

How dependent is England on foreign countries for cereals?

She has to import three-fifths of the cereals needed.

What are the present needs in England?

Meats, fats, and cereals are urgently needed.

Why is American help vitally necessary?

Because America is nearest and best able to supply food with the least exposure to submarines.

Is not the seriousness of the food situation exaggerated?

It is not: food is essential to winning the war. A 1-ounce slice of bread wasted is a bullet thrown away; to waste food is treason to cause and country.

Have the other warring nations been forced to practice food conservation?

Yes; if Germany had not done so she would be defeated today.

Why is the housekeeper asked to shoulder the burden of conservation?

Because so large an amount of the food raised in this country passes through her hands.

How can the little that one person can do help?

The little that one person can do, multiplied by the millions of helpers, mounts up to vast sums.

What are some figures showing the results from small daily savings?

One 1-ounce slice of bread saved each day in the 22,000,000 homes of the country would total 9,625,000 pound loaves saved a week—approximately 35,648 barrels of flour saved. One ounce of sugar saved a day would total about 36,736 barrels saved a week.

Will the small individual savings actually get to the Allies and help win the war?

Unquestionably, yes. Every time you eat a wheat substitute it is exactly as if you stretched out your hand and gave the wheat you have saved to some fighter or worker in trench or field or factory "over there."

Why does the Food Administration ask a person with plenty of money to refrain from buying more food than is absolutely necessary for health?

Because it is a patriotic duty to eat only what is needed for health so that food may be saved to help win the war.

What are the foods which we must especially save?

Wheat—Meat—Sugar—Fats.

Why must we send these particular foods?

Because they contain the most concentrated nourishment in the most easily shippable form.

The cost of the United States Food Administration for its first year's work has been less than two cents for every person in the United States.

How You Can Help: What to Save and What to Use

(Published by The Federal Food Administration for Minnesota.)

Three times each day every American has opportunity to be of direct, practical help to the men on the battle-front.

NATIONAL PROGRAM.

SAVE SUGAR. Two pounds per person per month is the American honor-ration. Try to eat less and add to the National surplus for canning. Do this that the fighting forces may be kept fully supplied, and that England, France and Italy may receive their greatly restricted requirements.

SAVE BEEF. Food for fighting men. Save the large carcasses for them by restricting yourself to small cuts, by-products and trimmings—hearts, tongues, livers. We have enough increase supply of pork this summer to permit economical expansion in its use, to relieve the pressure on beef.

SAVE WHEAT. Keep on saving, though the harvest is large. Build up war reserves by persistent conservation. Without American wheat saved from the last harvest the Allied cause would have been lost. The margin next year must not be so narrow.

USE FRUITS. Take advantage of the natural sugar in fruits. Can without sugar, or with little sugar. Add sugar later, when it will be more plentiful. Dried fruits, such as raisins, dates and figs, have much sugar in them. Use honey, maple products and sirups when available.

USE VEGETABLES. Make local vegetables fill as large a place as possible in your diet, thus conserving not only meat and wheat, but transportation and labor. Don't use canned goods now, while the fresh are available.

USE DAIRY PRODUCTS. Always give the children plenty of milk, milk products and eggs. Use them yourselves freely now, and thus conserve meat for export.

USE FISH. New species are being popularized and supplies increased. Eat this nutritious but perishable food several times a week and let the non-perishables go abroad.

RESULTS: OUR EFFORTS DURING THE FISCAL YEAR 1917-18 SENT THE ALLIES 18,844,600,000 POUNDS MORE MEAT AND FATS AND 80,900,000 BUSHELS MORE CEREALS THAN DURING 1916-1917. FROM AMERICAN SOURCES OF SUPPLY ALSO 1,958,400,000 POUNDS MORE SUGAR WAS SHIPPED THAN THE PRE-WAR ANNUAL AVERAGE.

How Many Pounds Will You Save For Them In 1918-1919?

Wants

FOR SALE

FOR SALE—Five passenger touring car cheap if taken at once. May be seen at Berry's Garage.—a-8-pd.

FOR SALE—Ten pure bred Hampshire brood sows, due to farrow in about one month. Will re-breed for whoever buys them. Henry Lien, Goodridge, Minn.—a-8-15-p.

FIFTEEN LEAVE DURING AUGUST

EIGHT MEN ENTRAIN TODAY FOR CAMP AT JEFFERSON BARRACKS.

SEVEN FOLLOW NEXT WEEK

THESE LAST ARE FOR SPECIAL TRAINING AT UNIVERSITY OF MINNESOTA.

The class 1 men among the 1917 registrants in Pennington county have been so thinned out that if it were not for those made available by the 1918 registration the local board would be unable to fill the August quota without encroaching upon the list of those specifically exempted at this time. It is the season when the labor shortage is acute in this section even in normal times, and it will be much worse this year.

Eight Go Today.

By careful selection the board has managed to secure enough Class 1 men from the 1918 list of registrants to make up the quota which is to leave for Jefferson Barracks on general service this afternoon. The list has been revised time and time again upon presentation of the farming interests in certain sections showing that this or that man was absolutely necessary for the saving of the crops. Last Saturday eight men came in from the eastern part of the county in order to get one man off until after harvest. The board does not grant exemptions except on the very strongest presentations, but the members are rather up against it when arguments of this kind are put forth.

Those who will make up today's contingent have definitely been decided on as follows:

Ward William Long, city; Joe Stengel, Mahnomen; Clarence Styrvedt, Rhoda; Godfrey Carlson, city; Fred Carlson, Hazel; Grover Amundson, city; Jens A. Presby, Hazel; Oscar Johnson, Moose Jaw, Sask. To this list Emil Hedlund, city, has been added as a substitute.

For Special Service.

Seven will leave next Thursday for special training at different institutions. Six of these are 1918 registrants, the only one of last year's men included in the list being Christian O. Wold of Highlanding. Fred W. Gunstad of St. Hilaire, and Victor McLeod of Goodridge, go to Indianapolis University for instruction in gas engine work; Louis H. Remer, city, and Bennie Johnson, Goodridge, will go to the university of Minnesota. Christian O. Wold, Highlanding; Lloyd Huddleson, Hazel, and William Dokken, city, will go to the agricultural college of the same institution.

Winds Up Availables.

Should a call for more men be issued before another registration is ordered it will be necessary to invade the deferred lists in order to supply the requirements. The general impression, however, is that a new registration will be ordered before long which will include all men between 19 and 45, in which case there will be an unlimited number to choose from.

HOUSEHOLD CARES

Tax the Women of Thief River Falls the Same as Elsewhere.

Hard to attend to household duties. With a constantly aching back.

A woman should not have a bad back.

And she seldom would if the kidneys were well.

Doan's Kidney Pills are endorsed by thousands.

Have been used in kidney trouble over 50 years.

Read what this Thief River Falls woman says:

Mrs. Joe H. Jacobs, 410 Conley Ave., says: "Two years ago I had a pretty severe attack of kidney trouble and my back ached day and night. There seemed to be no let up to the pain over my kidneys and I was compelled to let most of my housework stand. A kidney weakness bothered me. I had fainting spells and would often be dizzy. The flesh underneath my eyes was swollen. I got reading about the wonderful cures Doan's Kidney Pills had made and I tried them. I was more than surprised at how quickly they acted and it was no time before I was sound and well."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jacobs had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

SAVE SUGAR
FOR THE MAN WHO FIGHTS

MORE HELP NEEDED BY THE RED CROSS.

A large shipment of oakum has just been received at the Red Cross rooms and more women and girls are needed to pick same. Hereafter Surgical Dressing rooms will only be open on Tuesday, Wednesday, Thursday and Friday afternoons and evenings.

The wounded men "over there" need your assistance NOW. Do not fail them.

Mission Festival at Goodridge Sunday.

The German Lutherans in Eastern Pennington and Marshall counties will gather at Goodridge next Sunday to celebrate their annual Mission festival. Many will also attend from Thief River Falls. Rev. F. J. Seltz of this city and Rev. Wm. Kampschmidt of Roseau will preach, the former in the German language and the latter in the English. At noon a light lunch will be served free to all guests.

M. N. D. A. MEETING AT GRAND RAPIDS

POTATO GROWERS WILL ALSO MEET AT ITASCA COUNTY SEAT AUG. 17.

Plans for the Three-in-one convention of the Northern Minnesota Development association, embodying in its annual meeting that of the Minnesota Potato Growers' association and the Northern Minnesota Sheep Growers' association will be discussed at an important conference to be held at Grand Rapids, August 17.

Grand Rapids is to entertain the convention this year and already plans are being made by the commercial club and prominent citizens of that city to make this the biggest and best gathering in the history of the winter meeting of the N. M. D. A.

The potato will occupy the center of the stage and experts will discuss adaptability of varieties, grading and marketing as was done at the meeting in Brainerd last winter, at which time the largest exhibit of potatoes ever held in the state was made, in the opinion of state experts and others. The sum of $500.00 in cash prizes has been voted for the potato show and Boys' and Girls' potato contest established by the N. M. D. A., will be an important and interesting feature.

Legislation calculated to make possible the profitable shipment of wood for fuel and second grade lumber for boxes and other articles and the overflow of valuable hay lands in the Leech Lake territory, another important subject now being investigated by the N. M. D. A., will be subjects discussed.

There is every indication that the Grand Rapids meeting on November 20-21 will be a most important one and that the resources of Northern Minnesota and the intelligent cultivation of its idle lands will be given wide publicity and logical discussion.

NEW SECRETARIES IN TWO POSITIONS

E. J. OVERLAND CHOSEN BY CREAMERY PEOPLE—MABEY FOR COMMERCIAL CLUB.

Henry Hanson, who for the past three years has been secretary of the Thief River Co-operative Creamery association, last week resigned his position and the directors on Monday elected E. J. Overland to fill the position.

Mr. Hanson has been looking after the affairs of the association during its most trying period and has devoted much of his time and attention to its upbuilding. He has been a competent, painstaking official and that he now finds that his personal affairs will no longer permit of his holding the position, general regret is expressed by the stockholders and patrons. His successor is an accountant with years of experience and will make an ideal secretary as soon as he gets the hang of things, which will take but a short time. It is likely that Mr. Overland will have his office right in the creamery building, which will prove a convenient arrangement.

Perl W. Mabey was elected secretary of the Commercial club at a meeting of the directors this week. He succeeds G. Howard Smith, who resigned to enter the next training school for officers at Camp Pike, Ark. Mr. Mabey was also elected as secretary of the Retail Merchants' association.

RED CROSS EXHIBIT AT THE STATE FAIR

There will be a display of articles turned out by the different Red Cross chapters of the state at the big fair at Hamline on Sept. 2 to 7, and instructions concerning the articles to be sent in have been received by Pennington County chapters. These include practically everything turned out by Red Cross workers. Three prizes are to be awarded: A gold-plated silver medal, a silver medal and a bronze medal, the awards being the same for both the seniors and juniors. All chapters deciding to exhibit must notify Northern Division headquarters of the fact before Aug. 16. Only one each of the articles submitted is required and is all that will be placed on exhibition or considered in the prize awards.

WELFARE CAMPAIGN STARTS AUGUST 2

NURSE WILL BEGIN WORK, SPENDING A DAY AT EACH CITY SCHOOL.

The weighing and measuring work to be carried out in connection with the child welfare campaign for Pennington county will begin on August 12, the special nurse sent here for the purpose putting in the first day at the Northrup school, thereafter working in the following order: Washington and Knox schools, St. Hilaire and Goodridge. After this the country districts will be taken up, it being figured that she will be able to visit about six schools each day.

Dates of Visitation of the County Nurse.

The county nurse will visit the schools of the county as announced by the chairman of the County Red Cross association as follows:

Central school, Thief River Falls, Aug. 12th.
Northrup school, Thief River Falls, Aug. 13th.
Washington school, Thief River Falls, Aug. 14th.
Knox School, Thief River Falls, Aug. 15th.
Goodridge village, St. Hilaire village, Aug. 16th.

Aug. 28th.
Dist. 30, 8:00 to 8:45 a. m.
Dist. 31, 9:15 to 10:00 a. m.
Dist. 68, 10:15 to 11:00 a. m.
Dist. 66, 11:15 to 12:00 a. m.

The mothers of families in which there are children from infancy up to and including those of five years are those who are asked to take the time and trouble to meet at the stated time and places noted above.

The time schedule as given above is tentative only. The nurse trusts that she will be able to get through on the time noted baring mishaps or bad roads and unfavorable weather conditions.

The nurse will follow this schedule of time and if not on time the next period in time will be taken and so on until the regular time be reached. Hence the necessity for the mothers meeting to make a prolonged stay until the nurse reaches the places.

This is a war measure. War teaches us to do new things in new ways. As a beginning this health work as now outlined lies at the very foundation of national as well as individual life and let the government say we are to make a start in a health crusade that, it is hoped, will show tangible results of improvement in the health condition of the coming generation.

Too little attention, indeed, has been paid to the matter of the health of the individual and we should welcome gladly any efforts in this direction and be it doubly welcome because the government is becoming interested directly in the health condition of the nation.

The Red Cross Health association of Pennington county asks that the mothers be all present as stated above and that the school boards see to it that the school houses designated be open and prepared for this clinic.

In behalf of the Association,

E. A. MOSTUE,
Supt. of Schools.

Parents everywhere are taking a great deal of interest in this campaign, realizing what it may mean to their children. A thorough job is to be made of the undertaking and every parent will have an opportunity to have their children examined.

ASKS RESIGNATION OF BOARD MEMBER

MRS. A. H. FASEL ASKED TO RESIGN AS MEMBER OF BOARD BY MAYOR PENNEY.

As the result of certain charges of disloyalty brought against Mrs. A. H. Fasel, Mayor G. A. Penney has asked that she resign as a member of the local library board. Mayor Penney acted after receiving the unanimous consent of the city council following a hearing given Mrs. Fasel before the County Safety Commission.

Early in June Mrs. Fasel resigned as secretary-treasurer of the library board but still retained her place as a member and Mayor Penney, in view of the charges that had been brought against her, deemed it advisable that her place as a member of the board be filled by someone else.

ANOTHER ADDED TO LIST OF WOUNDED

CORP. RICHARD LUND OF KRATKA TOWNSHIP, IS THIRD MAN REPORTED.

Pennington county boys are evidently in the thick of the fighting over on the other side. This has been generally accepted as the case and the casualty lists are therefore scanned with more than the usual attention. Monday evening's papers contained the name of the second man from this county to be wounded in the present engagement. He is Corp. Richard Lund, son of Mrs. A. Young, Kratka township, one of the 1917 registrants who volunteered before his turn was reached. He has been in France for some time and must have acquitted himself in a satisfactory manner as he is listed as a corporal. The degree of his injuries are recorded as "undetermined."

No News of Scanlon.

Nothing further has been learned of the nature of the injuries received by Corp. Fred T. Scanlon, who was last week reported as having been wounded in the fighting of July 15. All kinds of rumors have been afloat concerning him, but nothing more definite than that he was among those seriously wounded has been received.

CANDITATE VISITS THE NEIGHBORHOOD

O. O. STAGEBERG, NATIONAL PARTY NOMINEE FOR GOVERNOR, IN THE CITY.

That the National party, successor to the former Progressives and Prohibition organizations, will poll a big vote in the state this fall is the belief of Prof. O. O. Stageberg of Red Wing, candidate of the organization for governor of Minnesota. Mr. Stageberg was in the city for a short time during the past week, the guest of his brother, T. O. Stageberg.

"A full state ticket has now been placed in the field by the organization," said Prof. Stageberg, "and when it is considered that the vote of the Prohibitionists, Progressives and a large section of the scattered independents is likely to center on the National party as offering something the others do not possess, I think that the outlook for our nominees in the state is very good."

The candidate is at present professor of mathematics and English in the Red Wing seminary. He feels quite certain that the party which he heads will be in position to put up a telling campaign.

City Churches

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday school next Sunday, Aug. 11, at 10 a. m. The Ladies' Aid will be entertained at the home of Mrs. J. Erickson, 313 Tindolph avenue north next Wednesday, Aug. 14th at 2:30 p. m. Rev. Gust Johnson from Chicago, Ill., will conduct services Friday, Aug. 16th at 8 p. m. A cordial welcome extended to all.

FINDS NORTHWEST INTENSELY LOYAL

DR. OSTEN-SACKEN BELIEVES HIS PREDICTIONS ARE COMING TO PASS.

Dr. Fritz Osten-Sacken, the former German nobleman who delivered an address before one of the largest crowds ever assembled in Thief River Falls a short time ago, passed thru the city on his way to his home in St. Paul on Tuesday. Dr. Osten-Sacken has been on the platform for the America First society for the past two months and his arraignment of the Prussian governmental system has had a tremendous effect upon our people.

"The Northwest is intensely loyal," said the doctor. "Everywhere the people have given the most unmistakable signs of being in this war to the utmost extent of their power and ability and nowhere does one find less criticism of the government or fewer attempts at evasion of duty. It was reported that conditions were altogether different from what I find them, but it is evident that those who feared for the loyalty of the people of this section had been decidedly misinformed."

Dr. Osten-Sacken in conversation with citizens here on his first visit stated that he expected to see the Germans surrender by divisions when once the allies began driving them back. He sees in the events of the past two weeks on the western front a cerification of this prediction. He believes that the time is soon coming when the iron dicipline that makes the men of the German army seem willing to be slaughtered to no apparent good purpose will be broken down and that the war machine built up by the German autocracy through fear will fall to pieces.

ROAD NORTH FROM BROOKS IS DENIED

RED LAKE COUNTY COMMISSIONERS DISREGARD NEEDS OF LARGE SECTION.

The people of Thief River Falls have been very much interested in the attempt made by the people residing in the neighborhood of Plummer and Brooks in Red Lake county to secure a road which would give them an outlet straight northward to the county line. The local commercial club and business men generally have urged the necessity for this strip of highway whenever they could, but it has been flatly turned down, as is proven by the following from the Plummer Pioneer:

A petition signed by practically all of the residents along the proposed route and by many others who do not live on the route, was brought before the county commissioners last week, asking them to designate as a state road a certain piece of road leading north from Brooks through Plummer and north to the Red Lake county line. The petition was refused by the commissioners on the ground that they were afraid that the new road would change the route of the Jefferson Highway and that Red Lake Falls would be cut out. Hunt, Schulz and Prenevost voted against the proposition and Lee and Bergeron voted in favor of it. The people in this end of the county are pretty sore about the stand taken by the commissioners and some further action will no doubt be taken to see if this end of the county is not entitled to a "little" consideration.

The Theatres

The week at the Princess starts out with a special. Alice Brady, one of the best in the profession, appears as the star in "Woman and Wife." This play is taken from the famous novel, "Jane Eyre."

A whole circus was leased to produce "The Biggest Show on Earth," in which Enid Bennett appears on Friday night. This is a great big production that will please everybody.

Edith Storey, the former Vitagraph star, has not been seen in this city for some time and will therefore be welcomed by all her former admirers when she appears in "Revenge" on Saturday evening.

Sunday's attraction is rather unusual, being a DeMille Artcraft production entitled "Old Wives For New." This is a picturization of David Graham Phillips' great novel of the same name and is presented by the foremost players in the Famous Players-Lasky combination.

The story in which William Russell appears on Monday night is called "In Bad," and Bill certainly carries the idea suggested in the title through the different scenes. It is just the story for this big athlete.

"The Auction Block" by Rex Beach, is the big special attraction on Tuesday night. This story is perhaps the most powerful of all the strong ones written by Beach, which is certainly going some. When it comes to thrills, this piece certainly has them in abundance.

"Fedora," is another of those Sardeau plays in which Pauline Frederick has become famous. This actress seems to have a particular liking for the works of the great Frenchman and gives appealing situations just the touch that is necessary in order to carry them across.

NEW PRINCESS THEATRE

The Shows as You Like Them

Thursday, Aug. 8—
ALICE BRADY in
"WOMAN AND WIFE."
From Charlotte Bronte's immortal novel "JANE EYRE." In six reels with a Vitagraph comedy.

Friday, Aug. 9—
ENID BENNETT in
"THE BIGGEST SHOW ON EARTH."
In which the popular star will be seen as lion tamer in this thrilling picture. An entire circus was leased to produce this. Also a Nestor comedy.

Saturday, Aug. 10—
Magnificent EDITH STOREY in
"REVENGE."
From Edward Moffats novel, "HEARTS STEADFAST."
Also a 2 reel Keystone comedy.
BIG SPECIAL

Sunday, Aug. 11—
Jesse L. Lasky presents
CECIL B. DeMILLE'S production
"OLD WIVES FOR NEW."
With an all star cast. Also a Big V comedy.

Monday, Aug. 12—
WILLIAM RUSSELL in
"IN BAD."
A thrilling and exciting feature with a Billie Rhodes comedy.

Tuesday, Aug. 13—
Matinee and Night.
BIG SPECIAL FEATURE.
Rex Beach's Greatest story
"THE AUCTION BLOCK."
The life story of a million girls in America's big cities and small towns. In 8 reels. Also a screen telegram.

Wednesday, Aug. 14—
PAULINE FREDERICK in
"FEDORA."
Mme. Sarah Bernhardt played the part on the spoken stage; Lina Cavalieu was "Fedora" in opera and now Pauline Frederick will make the part live on the silver screen. Also 2 reel Keystone comedy.

NOTICE—On account of the high taxes on Moving Picture Theatres and the increased prices in our pictures, the prices at the Princess Theatre will be: Matinees, 6c and 15c; Night, 20c and 11c. This includes the War Tax.

WANTED!
DRY BONES
Will pay 50c per 100 lbs. or better for bones in 100 lb. lots or over. Rags 1 1-2 to 2c per lb, Iron 50c per 100 lbs. More for big lots.
Thief River Hide & Fur Company

Buy Now
Uncle Sam asks it. Prudence demands it.
In buying Coal now you can be patriotic, prudent and economical—all at the same time. We are able to deliver promptly now—later on you'll have to take your chances—and perhaps freeze. A word to the wise is sufficient.

WILLING TO FIGHT BUT NO CHANCE

NEARLY FORTY VOLUNTEERS TURNED BACK BY ORDER ENDING ENLISTMENTS.

NOW FORCED TO REGISTER

RECRUITING COMMITTEE DID BIG STROKE OF WORK BUT ALL IN VAIN.

Keen disappointment is a mild word with which to describe the feelings of nearly forty men from Thief River Falls and vicinity last Friday morning when it was learned that an *order had been issued* by Secretary of War Newton D. Baker, discontinuing enlistments in every branch of the army and navy until after the passage by congress of the pending draft bill. These men had made all preparations to go and most of them had signed up for service Thursday evening. The others had not yet signed but hurried to do so Friday morning as soon as it was learned that official notice of the ruling had not yet reached the local recruiting board in the hope that they would yet be in time to get into their chosen branch of the service.

Recruiting Officers Mistaken.

It was the opinion of many, including Major John D. Yost, recruiting officer for Minnesota, and Sergt. Clarence K. Faucault, in charge of the recruiting station at Bemidji, that those who enlisted before official notice was received from Washington would be accepted. A telegram to this effect was received by the local committee, which did all in its power to convey the information to all who might possibly wish to enlist. Among other things handbills bearing the glad tidings were distributed about town. This joy was destined to be short-lived, however, for an official order soon came which stated that all those who had not actually been inducted into the service prior to the issuance of the original order were to be barred regardless of whether or not they had signed up with recruiting officers or otherwise indicated their intentions of joining the colors.

Efforts Come to Naught.

This unhappy ending came upon the heels of a brilliant effort on the part of the local recruiting committee to do itself proud in securing enlistments. A thorough campaign had been carried on throughout the city and surrounding country, with the result that nothing had been left undone to secure the largest possible number of recruits. Sergt. Faucault of Bemidji was here from Wednesday evening until Friday morning to render what assistance he could in the worthy cause, and prospects were that the largest contingent of enlisted men from the city since the war began would be ready to go forward in a very short time. But the war department undoubtedly knows best and probably had valid reasons for issuing the order which keeps all these men at home until after the next registration day. Great credit is due the recruiting committee of Thief River Falls for its energetic work in behalf of the men who wanted to go, and the members of the committee feel the disappointment as keenly as the men who were forced to remain at home through the unlooked-for ruling.

Those Who Signed Up.

While dozens of men from Grygla and other outlying places had signified their intention of going but had not yet reached the city to sign up and take the preliminary examinations, the number of those who indicated the seriousness of their intentions by affixing their signatures to the applications for enlistment was considerable, as may be seen by the following names attached to the list in possession of the local recruiting committee Friday morning:

Leslie L. Provencher, Elmer E. Smith, Martin O. Stenberg, Ezra M. Engelstad, Harold L. Seisted, Shefferd O. Johnson, Elmer O. Tandberg, Raymond Kiland, Melford S. Sorenson, Edwin Granum, Ernest E. Phillson, Cleveland E. Peterson, Hugh A. McDaniel, Frank B. Conner, Archie Dahl, Alvin F. Holzknecht, Roy H. Brown, Elmer S. Larson, Fred D. Haug, M. A. Mattison, R. J. Halvorsen, Henry C. Falk, Reuben C. Teslow, John Steen, Edwin Hanson.

Two More Nurses.

Two more young ladies of Pennington county have this week volunteered to become nurses in answer to the national call for women to do this work. They are Miss Agnes Aubol of St. Hilaire and Miss Mary Prichard of this city. The young ladies will in the near future be sent to an army cantonment to take the place of graduated nurses who have gone overseas for service with the American forces. Miss Alice Wilson and Miss Borget Iverson of this city last week enrolled as student nurses, making a total of four from the county. Latest reports are to the effect that Minnesota has gone over the top in furnishing the number of recruit nurses required by the government and those having the matter in charge naturally feel very much gratified.

Dedicate Service Flag.

The Oak Ridge Norwegian Lutheran church was the scene of a very impressive service last Sunday, at which time was dedicated a service flag which contained twelve stars, eleven blue and one red, in honor of the young people of the congregation who are serving their country in the army and navy. An appropriate dedication speech was delivered by Rev. Grimsrud of St. Hilaire, and A. K. Lockrem gave a patriotic address. The Star Spangled Banner and America were sung during the services by the young women of the church. The flag was donated by the Ladies' Aid and the following young people are represented by the stars: Jacob Aaseby, who served in Mexico in 1916; Ozmund Ordal, Peter L. Anderson, Peter Nelson and Walter H. Olson, who are in France; Andrew Ordal, Richard Joringdal, Peter Joringdal, Andrew Mossestad, George Mossestad and Theodore B. Jenson, who are in military camps here, and Nora E. Anderson, who is leaving for over-seas duty as a Red Cross nurse.

THIEF RIVER BOYS TO DRIVE TRUCKS

PENNEY, PRICHARD AND SANDUM FINISH COURSE AT BOSTON SCHOOL.

A letter from Jordan Penney to his father, Mayor G. A. Penney, conveys the information that Jordan, together with Howard Sandum, Alf Krohn and Charles Prichard, three other lads from Thief River Falls, who have for the past eight weeks been taking a course at Tuft's college War School, Boston, successfully passed their examinations and have been transferred to other fields of activity. Penney, Prichard and Sandum have been sent to Camp S. E. Johnson, Florida, while Krohn is stationed at Washington, D. C. The three former are in line for the tank driving section of the army and expect soon to be sent to Russia or Italy to join the American forces there. Krohn, having had more experience as a carpenter, has been placed in a department where his skill in that line can be utilized.

Enclosed in the letter from Jordan is an illustrated feature page from the Boston Sunday Globe, giving a highly interesting account of the Tuft War School. Automobile mechanics and truck driving are here taught to fit men for overseas duty. In several of the pictures Jordan appears, hard at work mastering the intricacies of a big army truck, and in one place he is so close to the camera that he can easily be recognized in the group surrounding the big machine. He says that army life suits him very well and he is enthusiastic over the splendid way the boys are treated by their instructors and by all with whom they come in contact.

INAUGURATE NEW WAR MAP SERVICE

FIRST AND PEOPLES STATE BANK WINDOW POINT OF MUCH INTEREST.

Owing to the great rapidity with which events are taking place in the war zone, the average citizen has found it extremely difficult to keep accurate account of the various battle lines and fronts as they change from day to day. History is continually in the making on the western front and a war map to be accurate must not be many hours old.

Taking cognizance of this fact, the First and Peoples State bank of this city has made arrangements whereby a weekly map and war scene service has been placed in the front lobby of the institution. These maps and pictures are absolutely authentic and the fact that they are right up to the minute will make it convenient for local people to keep well informed regarding events in which the whole world is now so vitally concerned. The interest taken by the public in this service since its inauguration is evidence that this latest war news agency is going to prove extremely popular. Additional information concerning this new departure may be found in the advertisement of the First and Peoples State bank, which appears in another colmn of this issue.

Accordeon Concert.

Hugo and Nina Johnson of New York arrived here the first of the week and have completed arrangements for giving an accordeon concert at the Princess theatre this (Thursday) evening. Hugo Johnson is well known as a celebrated Swedish accordeon player, and Mrs. Nina Johnson, who is a Norwegian, has a country-wide reputation as a piano-accordeonist. Recently arrived Scandinavian music will be included in the program. A variety of operatic and popular selections will be given, and many of the latest American patriotic and war compositions will feature the concert. Mr. and Mrs. Johnson are spending their vacation in this part of the country visiting with relatives. They are guests of their cousin, T. J. Hagen of the Thief River Music Co., while in this city.

RED LAKE OASIS NOW BONE DRY

ALL SALOONS AT RED LAKE FALLS AND PLUMMER ARE CLOSED.

SAFETY COMMISSION ORDER

OWNERS GIVEN TEN DAYS TO REMOVE STOCKS FROM THE COUNTY.

The Minnesota Public Safety commission yesterday issued an order which closed eleven liquor establishments at Red Lake Falls and Plummer. This order makes all of northern Minnesota bone dry.

The places closed are five retail saloons and two wholesale liquor stores at Red Lake Falls, and two saloons and two wholesale stores at Plummer.

The commission adopted the order during the session Tuesday but did not make it public until yesterday.

The sale of liquor is interfering with the production of food and with the health of men of draft age, not only in Red Lake county but in the surrounding territory in Northwestern Minnesota and Northeastern North Dakota, the safety board says.

Thriving Business Stopped.

According to testimony submitted to the commission, during six months, ended June 17, 436,910 pounds of whiskey was delivered at Red Lake Falls, and during the same period about 45 carloads of beer were received.

During the year ended July 2, the commission says, 2,728 gallons of whiskey, brandy, gin, alcohol and wine and 100,118 gallons of beer were delivered at Plummer.

The liquor must be removed within 10 days from Red Lake county to some other part of the country where the sale of intoxicating liquors is permitted or it will be seized.

A Correction.

In the write-up of the county fair last week an item appeared stating that a bedspread had been made by Mrs. Besancon of Goodridge from material furnished by Mrs. Ferdinandson. The spread was made by Mrs. Besancon and the thread used was furnished by the Red Cross.

SHETLAND PONIES PROVE POPULAR

FEATURE AT COUNTY FAIR FOR RED CROSS BENEFIT NETS $72.14.

One of the most interesting features for the children at the county fair this year proved to be the Shetland ponies. A miniature race course was fixed up and the small sum of five cents was charged the kiddies for the privilege of riding a pony twice around the track. Fred Beerbauer donated the use of his six Shetland ponies during all three days of the fair, while part of the time ponies belonging to J. W. McGinity and S. E. Hunt of this city, Ben Walker and A. Saterberg of St. Hilaire also were in the ring.

The innovation furnished no end of amusement for the little folks and the fact that the price of participation in the fun was so small made it possible for the kiddies to have the time of their lives. The further fact that the entire proceeds were given to the Red Cross made the parents more than willing that the children should lose no opportunity in getting all the rough riding experience they cared for. This was, even to the exclusion of the merry-go-around, the chief attraction for the children during all three days.

M. C. Burns had charge of the affair and naturally feels gratified at the success of the undertaking. Everything connected with the pony races, with the exception of $2 drayage charges, was donated for the good cause and the treasury of the local Red Cross was enriched in the sum of $72.14 as a result of the effort.

More Peat Experiments.

Northwestern Peat Experiment Farm No. 3, located near the village of Goodridge, is being placed in readiness for a series of experiments to be carried out under the supervision of the state. Five acres of ground were plowed there this week and it is expected that actual trials of different methods will soon be begun. Sen. D. P. O'Neill this week received a letter from Prof. J. N. Alway, in charge of peat experiments in this section, in which it is stated that six or eight more similar farms will soon be added to the list in Pennington county.

WAR SAVINGS PLEDGES.

Patrons having War Savings pledge cards on file in this post-office will please give the matter their attention as it is very essential that the payments be made according to their pledge.

JOHN MORGAN, P. M.

People of Pennington county are asked to remember the free clinic to be given at the Central school on Aug. 31, in accordance with the nation-wide child welfare movement which has recently been inaugurated by the government. The clinic will be in charge of Dr. E. J. Huenekens of Minneapolis, director of the Minnesota Division of Child Conservation. More particulars concerning the clinic will be published in next week's issue of The Times.

Successful at Last.

After having made several trials only to be rejected each time on account of defective eyesight, Morlan Bishop, son of Mr. and Mrs. J. M. Bishop, of this city, has at last been accepted for army service. Mr. Bishop has since resigning from his position as instructor in the Thief River Falls high school, several months ago been doing Y. M. C. A. work at *Camp Dodge*, which position he took after having been rejected for various branches of army service on account of his eyes. He passed the examinations at Jefferson Barracks and is now in camp in Texas as a private. While some people will wonder at a man giving up a fine position to become an ordinary private, those who know Mr. Bishop will understand that he is not satisfied with anything but active service as a soldier and that the sooner he reaches the front line trenches the better it will suit him.

SEVEN MORE TO FIGHT THE HUNS

FIVE JOIN RANKS OF STUDENTS AT UNIVERSITY OF MINNESOTA.

ANOTHER CALL EXPECTED

TWO MEN GO TO INDIANAPOLIS FOR COURSE OF TRAINING.

Two young men left Tuesday from this city for Indianapolis to take a course of special training to fit them for taking an active part in the defeat of the kaiser and his hordes. They are Fred W. Gunstad, for several months a valued employe in The Times mechanical department, and Victor McLeod of Goodridge. Both these men were registered in the draft of 1918 and are splendid young fellows who cannot help but give a good account of themselves no matter where they are placed. Just what their status in the army will be cannot be foretold until after the training period is over, but they will be given a course in gas engine mechanics, and may become connected with aeroplane work.

Five to U. of M.

This afternoon another group of five young men leave over the Great Northern for the twin cities, where they will enter upon a course of training at the University of Minnesota. They are as follows: Christian Olof Wold, Highlanding; Owen Alfred Olson, Goodridge; Bennie Johnson, Goodridge; Lloyd Huddleson, Hazel and Louis H. Reamer, city. Reamer and Johnson expect to take up mechanics, while the remaining three will be given a course at the agricultural college.

Another Call Expected.

T. P. Anderson, clerk of the local draft board, believes that another call for drafted men will be forthcoming the latter part of this month, but as yet has received no official notice to this effect. He still has a number of men available in class one and anticipates no trouble in being able to fill all calls until after the passage of the new draft law without encroaching upon the men placed in deferred classifications.

REGULAR MONTHLY RED CROSS MEETING

INTERESTING MEETING HELD MONDAY EVENING—COMMITTEE REPORTS.

The regular monthly meeting of the Pennington County Chapter American Red Cross which should have been held Aug. 5, but postponed for a week on account of lack of a quorum, was held Monday evening of this week.

Following the reading of the minutes by the secretary, Treasurer T. L. Melgaard gave his monthly report of the finances of the chapter, this report being published elsewhere in this issue.

Committee reports were also submitted by Mrs. T. L. Melgaard for the Hospital Supplies committee, Mrs. W. W. Prichard, Sr., for the Knitting committee, Mrs. J. J. Richter for the Military Relief committee, Mrs. D. Shaw for the sewing room, Mrs. T. A. Way for the surgical dressings room, Mrs. A. Craik as superintendent of woman's work and Ross P. White for the crop pledge committee.

YOUTHS OF 21 MUST REGISTER

SATURDAY, AUG. 24, IS NAMED AS NEW DAY OF REGISTRATION.

AN EMERGENCY MEASURE

WILL ADD LARGE NUMBER TO RAPIDLY VANISHING CLASS ONE.

A new registration of youths who have reached 21 years since June 5, 1918, will be held Aug. 24 from 7 to 9 p. m., according to a telegram received at state draft headquarters yesterday from Provost Marshal General Crowder.

The registration, it was pointed out, should not be confused with that pending under new legislation some time early in September, according to the telegram.

Not General Registration.

It also was announced that the suggested date, September 5, would not be the day for the registration of men from 18 to 45, even if Congress passes the bill in time, because of the largest states in the Union hold primary election on that date.

Telegraphic notification to each local board in the state was immediately given, directing each local draft board to arrange immediately for registrars and registration places.

It is expected the total registration in Minnesota under this new order will be in the neighborhood of 5,000.

Needed in Class 1.

The purpose of the August registration is to add quickly to the almost exhausted Class 1 to meet army draft calls in September, according to word from Washington.

About 150,000 young men will register throughout the nation. Most of them will qualify for Class 1, and therefore will join the army probably in a month after their names are recorded.

The provost marshal has no intention, it was said, of creating registration dates for men reaching 21 throughout the year but the present registration was made necessary by the approaching deficiency of man-power.

Stebbins Gets Promotion.

Edwin Stebbins, son of Mr. and Mrs. F. J. Stebbins of this city, who has for some time been in the air service department of the army at Kelly Field, Texas, has recently been promoted to the head of his class. He will complete his course this week and has been given an opportunity to remain at the school as an instructor in rotary motors, but being very anxious to get "over there" it is doubtful whether he will accept the position. He may try for some branch of the service where prospects are better for some real adventure.

DRAFT PERCENTAGE IS NEAR THE TOP

ABOUT ONE-THIRD OF TOTAL REGISTERED MEN IN CLASS ONE.

County Auditor T. P. Anderson has recently made a tabulation of all registered men in the county, showing the different classifications into which they have been placed. The table shows that out of a total registration of slightly over 900, the number placed in class one is 307. This brings the ratio a little over one-third, which is almost as good a showing as that made by any county in the state and far better than the great majority.

Another point on which the local draft board has reason to take pride is the fact that out of a total of over two hundred men inducted into service, only four have been rejected on account of physical disqualifications. When it is considered that many other draft boards in the state have had as high as ten per cent of their draft quotas returned from the training camps on account of physical unfitness, the careful examination of local drafted men may be appreciated.

The complete figures as appearing from the final classification as made by the draft board are as follows: Class of 1917—213 in the service; remaining in class one ready for service, 37; listed for limited service, 18. Class of 1918—Inducted into service, 16; remaining in class one ready to be called, 41; limited service, 4; emergency fleet, 1; still to be examined, 5.

NOTICE TO RED CROSS MEMBERS.

All those who are delinquent in their payment of dues to the National Red Cross are urged to pay same at once as the matter is highly important and it is imperative that all arrearages be sent in immediately. Payment of these pledges must be made at the Farmers and Merchants State Bank.

Large Class of Confirmants.

Last Sunday morning a class of more than one hundred boys and girls received the sacrament of confirmation at St. Bernard's Catholic church in this city. Bishop Timothy Corbett of the Crookston diocese was present and officiated at the ceremony. During the services Bishop Corbett delivered a very forceful and stirring sermon, which was full of good advice and inspiration for every person who had the privilege of being present on this occasion.

Larson Elected Treasurer.

The regular monthly meeting of the Cemetery commission was held Monday evening and the usual routine business was transacted. Carl B. Larson, who recently was appointed to the commission to take the place of A. B. Tessum, resigned, was chosen as treasurer. A resolution was passed recommending that the salary of Sexton Martin Mikkelson be raised from $70 to $80 per month. This resolution was presented to the city council the following evening and was favorably acted upon by that body.

TWO SOLDIERS MAKE SUPREME SACRIFICE

IVER JOHNSON AND GILBERT LARSON LAY DOWN LIVES FOR LIBERTY.

A letter received today by a resident of this city from a relative of Gilbert J. Larson, formerly a well-known brakeman on the Soo, conveys the information that Larson is reported as having died of disease in France on Aug. 6. No further details are given. Larson was registered at Enderlin, N. D., and went with a contingent of drafted men from that place to Camp Dodge several months ago. On account of his experience as a railroad man he was given a transfer to a regiment of engineers and sent to France in a short time. Larson was very popular among the railroad boys and his death will cause general sorrow among them.

Mrs. Anton E. Erickson, who resides on Dewey avenue near the roundhouse, received a message the first of the week stating that her brother, Iver Johnson, had been killed in action on the western front in France on July 15, the day on which the Allies begun their big offensive. Johnson was a member of the famous Rainbow division and had been in France for some months. He met his death the same day on which Fred Scanlon of this city was wounded. Johnson was a resident of Fargo, N. D., and enlisted from that city shortly after the outbreak of the war.

THRESHING PRICES ARE AGREED UPON

FARMERS AND THRESHERMEN OF COUNTY FORMULATE SEASON SCHEDULE.

A joint committee consisting of one threshing machine owner from each township and one farmer from each township, met in the Commercial club rooms Tuesday morning, for the purpose of discussing what would be a fair price to charge for threshing this year.

The farmers and the threshing machine men both seemed to be willing to talk over the matter of prices, and to set them where the owner of the machine might make a legitimate profit, and at the same time protect the interests of the individual farmer who pays the threshing bill.

After considerable discussion the committee finally decided to recommend the following prices: Wheat, buckwheat and rye, six cents; speltz, and barley, four cents; oats, three cents; flax, fifteen cents and timothy twenty-five cents.

It did not seem necessary to put a price on clover as it was thought there would be no clover to be threshed this year. These prices are a little lower than those recommended in some of the adjoining counties. In Red Lake county for instance, they are more, five cents for barley and four cents for oats, the other prices being the same as recommended in this county.

APPOINTMENT FOR CROOKSTON MAN

CHARLES LORING MADE JUDGE ADVOCATE IN UNITED STATES ARMY.

Charles Loring of Crookston has received the appointment of Judge Advocate with rank of major in the National army. He has already gone to the twin cities, where he was called to undergo a physical examination. If he is successful in passing the required examinations he will go to France in a short time. His duties will consist in acting as judge in court martial cases.

At present Mr. Loring is major of the 11th Battalion, Minnesota Home Guards, in which Company C, Thief River Falls Home Guard is included.

NATION'S BABIES ARE REGISTERED

WORK IN PENNINGTON COUNTY IS MEETING WITH MUCH SUCCESS.

NURSE SCHEDULE CHANGED

FOUND IMPOSSIBLE TO FINISH THE WORK AS PLANNED LAST WEEK.

Although the grain crops of Pennington county may have been damaged by hail, nothing has affected the baby crop. This is evidenced by the number being registered, weighed and measured at the different school buildings in Thief River Falls this week. "The health of the child is the power of the nation." Our government is seeking to make our nation more powerful by conserving the health of our children. A child when grown will either be an asset or a liability to the nation and our government is seeking to make each child an asset. That is why this work is being asked.

All Are Registering.

The soldiers have registered, the nurses have registered, and now the babies are registering. The government demands it and parents are anxious to obey, knowing that it is a step in helping their children and their nation toward good citizenship. The work in the city closes today (Thursday) except for a parents' meeting on Aug. 23 in the Central school building at 7:30 p. m. This will be for all parents in Thief River Falls and, like all the rest of this work, is entirely free.

County Schedule Arranged.

County Superintendent E. A. Mostue has arranged the following schedule, which will be followed by the nurse instead of the one published last week. The parents are responding in such numbers that it was found impossible to visit more than four rural schools each day. The parents are requested to bring their children to the nearest point mentioned. It does not matter where a child is registered. That this work is being done in different places is only for the convenience of parents who are very busy just now and could not take their children a long distance.

In some counties parents are asked to bring their children to the county seat, but Mr. Mostue has kindly offered transportation about the county for the nurse, which makes this war measure much easier for the parents. Every effort will be made for the nurse to be on time and the mothers are asked to be patient if it is necessary to wait.

The Country Schedule.

The following schedule for the country districts is to take the place of the one published last week:

St. Hilaire, Dist. No. 102, Friday, Aug. 16, 9 a. m. to 5 p. m. Mothers' meeting at 7:30 p. m.

Goodridge, Con. Dist. No. 8, Saturday, Aug. 17, 9 a. m. to 5 p. m. Mothers' meeting at 7:30 p. m.

Monday, Aug. 19—8:30 to 10 a. m. Dist. 219, North; 10:30 a. m. to 12 m., Dist. 25, North; 1:30 p. m. to 3 p. m., Dist. 135, Norden; 3:30 p. m. to 5 p. m., Dist. 2, Norden.

Tuesday, Aug. 20—8:30 a. m. to 10 a. m., South Dist. 127, Norden; 10:30 a. m. to 12 m., North Dist. 127, Norden; 1:30 p. m. to 3 p. m., Dist. 147, Numedal; 3:30 p. m. to 5 p. m., Dist. 64, Numedal.

Wednesday, Aug. 21—8:30 a. m. to 10 a. m., Satre Dist. 73, Rocksbury; 10:30 a. m. to 12 m., Aubol Dist. 54, Rocksbury; 1:30 p. m. to 3 p. m., O. L. Larson Dist. 166, Sanders; 3:30 to 5 p. m., Thorstad Dist. 194, Sanders.

Thursday, Aug. 22—8:30 a. m. to 10 a. m., Nelson Dist. 7, Bray and Numedal; 10:30 a. m. to 12 m., Sanders Dist. 149, Sanders; 1:30 p. m. to 3 p. m., Akerlund Dist. 180, Bray; 3:30 p. m. to 5 p. m., Lindquist Dist. 69, Bray.

Friday, Aug. 23—8:30 a. m. to 10 a. m., Rux Dist. 146, Black River; 10:30 a. m. to 12 m., Johnson Dist. 94, Black River; 1:30 p. m. to 3 p. m., Naplin Dist. 99, Polk Centre.

Saturday, Aug. 24—8:30 a. m., Bertnes Dist. 26, Rocksbury; 10:30 a. m. to 12 m., Weiner Dist. 4, Smiley; 1:30 p. m. to 3 p. m., Peterson Dist. 51, Smiley; 3:30 p. m. to 5 p. m., Wiken Dist. 221, Smiley.

The schedule for the following week will be found in next week's issue of The Times.

This is the Last Issue of The Times

that you will receive unless your subscription is paid in advance. Look at the label on your paper at once and if you are in arrears make payment at once so as not to miss any issue.

Food Conservation Recipes

Furnished by Women's Organizations of Thief River and Demonstrated at Pennington County Fair last week

PHOTO OF DISPLAY AT THE COUNTY FAIR

MRS. W. H. FROEHLICH, MRS. DANIEL SHAW, MRS. ILA REYNOLDS, COMMITTEE IN CHARGE

M. E. LADIES' AID.

Corn Starch Cake.
(Mrs. Chas. Alexander.)

2-3 c. sugar, 1 egg, butter size of egg, pinch of salt, 1 c. of milk, 1 c. wheat flour, 2-3 c. corn starch, 1-3 c. rice flour, 2 tsp. baking powder.

Corn Flour Sponge Cake.
(Mrs. Cook.)

One c. sugar, 3 eggs, 1-8 tsp. salt, 1 tsp. vanilla, ½ c. hot water, ½ c. corn flour, ½ c. corn starch, 2 tsp. b. powder. Add salt to eggs and beat 20 min. Add sugar and beat 2 min. Add hot water. Sift corn flour, cornstarch and b. powder together and add to first mixture. Add vanilla.

Corn Flour Molasses Cake.
(Mrs. MacMahon.)

Two eggs, 1 c. sugar, 1 tblp. fat, heaping, ¾ c. molasses, 1 c. sour milk, 1-8 tsp. salt, ½ tsp. cloves, ½ tsp. cinnamon, 1 tsp. soda, 4 tsp. b. powder, 2½ c. corn flour, 1 c. wheat flour, 1 c. raisins.

Corn Flour Biscuits.
(Mrs. Wikel.)

One c. sour milk, 1 tblp. fat; Sift together 1 c. of corn flour and 1 c. rye or wheat flour; add a pinch salt and 1 level tsp. soda, 1 tsp. b. powder.

Escalloped Corn.
(Mrs. Curtis.)

Place alternate layers bread crumbs and corn (canned or cut from cob), in a baking dish. Season with butter, pepper and salt; cover with buttered crumbs and bake 45 min. If fresh corn is used a little milk should be added.

Corn Croutles.
(Mrs. Bamford.)

One can of corn, 1 c. sweet milk, 1 or 2 eggs, 1 tsp. b. powder, corn flour enough to make thin batter.

Corn Meal Mush Fried.
(Mrs. J. H. McClelland.)

Yellow corn meal is preferable; 1 pt. corn meal to 1 qt. boiling water or milk; 1 level tsp. salt; sift corn meal thru fingers into liquid slowly to prevent lumps; make very thick and cook about 20 min. Stir often to prevent burning. Turn into a dish and set aside to cool. When cold cut in slices ¾ in. thick. Dip in 1 egg beaten up and brown in spider with hot fat.

Corn Starch Pudding.
(Mrs. A. D. Ralston.)

One pt. of milk, ½ tsp. salt, 1 tsp. lemon extract, 2 tblsp. corn starch, 2 tblsp. sugar. Wet the corn starch in ½ c. milk. Heat the remaining milk in a double boiler. When boiling add the corn starch and cook for 8 or 10 min. Add salt and sugar. Remove from fire and add lemon. Turn into moulds that have been previously wet with cold water and set away to cool. When firm turn out and serve with cream sweetened and flavored to taste.

Corn Syrup Candy.
(Mrs. Fred Will.)

1½ c. corn syrup; boil until brittle then add as much puffed rice as will mix. Pour out in a buttered dish and cool.

Corn Starch Cake.
(Mrs. George Doland.)

One c. sugar, ½ c. butter; cream butter and sugar, add 1 c. sweet milk; ½ c. corn starch, 1¼ c. rice flour, 2 tsp. baking powder, 2 tsp. lemon extract. Beat the whites of 4 eggs to a stiff froth and add last of all.

Corn Meal Pie Crust.
(Mrs. Biddick.)

Make a filling of custard or cream same as usual. Grease a pie tin thoroughly and turn into this yellow corn meal. Allow all to remain of the corn meal that will adhere to the pan turn out the rest. Turn custard in pie tin and shake the pan with a rotary movement until corn meal is incorporated in custard. Put in oven and bake.

Corn Flour Nut Bread.
(Mrs. Bottelson.)

Three c. of corn flour, 1 c. of rye or wheat flour, ½ tsp. of salt and 4 tsp. of baking powder. Sift and add fat size of egg and ½ cup corn syrup; add water to make a very stiff batter almost like biscuit dough; chop and beat in 1 cup raisins, 1 cup of dates and 1 cup of nuts. Turn batter into tins and let raise ½ hour. Bake ¾ hour.

Corn Meal Doughnuts.
(Mrs. J. W. Gray.)

¾ c. milk; 1½ c. fine corn meal; 1 1-3 c. wheat flour, ¼ c. butter or fat, ¾ c. sugar, 2 eggs, well beaten, 1 tsp. nutmeg, 2 tsp. baking powder, 1 tsp. salt. Put milk and meal in double boiler and heat for 10 min. Add butter and sugar to cooked meal. Sift together the wheat flour, baking powder, salt and nutmeg. Add this and the eggs to the cooked meal. Roll and cut and fry in deep fat.

Corn Meal Cookies.
(Mrs. Sands.)

One c. sugar, 1 c. shortening, 2 eggs, 1 c. sweet milk, 2 c. corn meal, 2 tsp. baking powder. Enough white flour to form a soft dough.

Wheatless Loaf Bread.
(Mrs. McAdams.)

One c. liquid, 2 tsp. fat, 4 tsp. corn syrup, 2 eggs, 6 tsp. baking powder, 1 tsp. salt, 1 1-8 c. rice flour, 1 7-8 c. barley flour. Fruits and nuts may be added. Bake 45 min.

Steamed Corn Bread.
(Mrs. Price.)

Four tsp. cream or 1 well rounded tsp. shortening, 1 3 c. sugar, 1½ tsp. soda, pinch of salt, 2 c. buttermilk, 1½ c. wheat flour, 2 c. corn meal. Do not have too thick. Steam ¾ of an hour. Put in hot oven 10 min.

SWEDISH LUTHERAN.

Spice Cake With Barley Flour.
(Mrs. O. A. Westin.)

One c. raisins, 2 c. water, 1 tblsp. ginger, 1 tblsp. cinnamon, 2 tsp. soda, 4 c. barley flour, 1 c. sugar or 1 c. corn syrup, 1 c. molasses, 3 eggs, (beaten.) Boil the raisins with the water until only one cup of water is left. To it add sugar, molasses, shortening, eggs, ginger, cinnamon, soda (mixed with the flour.) Mix well and bake in a moderate oven 25 min. Cloves may be used when desired.

Almond Cookies.
(Mrs. F. Carlson.)

Four yolks and 2 whites of eggs, 1 small c. sugar, 10c grated almonds, 2 c. flour, ½ tsp. almond extract, ½ tsp. baking powder. Beat the eggs and the sugar together until light. Add the grated almonds, then flour and baking powder. Last of all add the almond extract. Roll out the thickness of a finger and two or three inches long.

Angel Food Cake.
(Miss Hilda Swanson.)

Whites of 8 eggs, 1 c. sugar, ½ c. rice flour, ½ c. wheat flour, ½ tsp. cream of tartar, a pinch salt added to the eggs before beating; flavor to taste. Sift, measure and set aside sugar and flour; whip eggs to foam, add cream of tartar, and whip until very stiff; add sugar and fold in, (always using a spoon for mixing.) Then fold in the flavor and lastly fold in the flour lightly but thoroughly.

War Cake.
(Mrs. Leonard Peterson.)

¼ c. nut margarine, ½ c. sugar, ½ c. corn syrup, 2 eggs, ¼ c. milk, ½ c. corn flour, 1 c. white flour, 2½ tsp. B. P., ½ tsp. vanilla, few grains salt. Cream fat; add sugar gradually, then corn syrup, beaten eggs and milk. Add dry ingredients which have been sifted together; add flavoring and bake in a loaf cake pan. Do not frost. May be sprinkled with finely chopped nuts, shredded cocoanut, sugar or sugar and cinnamon, just before baking.

CATHOLIS LADIES' AID.

Salmon Loaf.
(Mrs. Frank Protz.)

One can salmon, 1 c. peas, 1 c. bread crumbs, 1 c. milk, 1 egg, seasoning. Mix together and form into loaf. Bake ½ hr.

Nut Loaf With Rice.
(Mrs. Ures.)

One c. ground nut meats, 2 c. cooked rice, 2 c. milk, pinch salt. Mix well, fill a shallow baking pan sprinkle with fine bread crumbs and grated cheese. Bake about 30 min. Serve with any preferred sauce.

Corn Fritters.
(Mrs. M. A. Schmitt.)

One can corn, 4 eggs, 1 c. bread crumbs, 1 c. flour, ½ tsp. baking powder, seasoning. Mix the yolks of the eggs with the corn; add the bread crumbs and flour; beat the whites of eggs and add last. Fry in hot lard.

Nut and Celery Croquettes.
(Teresa M. Giefer.)

Two c. ground nuts, 2 c. minced celery, 1 c. grated carrots, 2 c. bread crumbs, ½ c. flour, 2 tblsp. melted butter, 2 eggs. Mix well. Form into croquettes and fry in deep fat. Serve with cream of tartar sauce.

Corn Roast.
(Christine E. Giefer.)

1 pint sweet corn, 2 eggs, ½ c. cracker crumbs, ½ c. milk, seasoning. Stir together and bake in a buttered pan until brown.

Hot Cream Salmon.
(Mrs. W. H. Mulry.)

1 can salmon, 1½ c. cracker crumbs, seasoning, 2 c. milk. Mix together and boil about 5 min. Brown butter and pour over top.

Vegetable Turkey.
(Mrs. J. Pfeffer.)

2 c. mixed ground nuts, 2 c. bread crumbs, 1 c. milk, 2 eggs, seasoning. Mix well, shape into loaf resembling a dressed turkey. Place in a basting pan, surround with pared potatoes and roast about ½ hr. Baste several times with hot water and melted butter. Garnish with parsley and sections of lemon. Serve in a border of masted potatoes with brown gravy and cranberry sauce.

Baked Macaroni and Creese.
(Mrs. R. McGinn.)

One package macaroni. Boil in salted water ½ hr. Make a white sauce of 2 tblsp. butter, 3 tblsp. flour and enough water to make a thick sauce. Grate ¼ lb. cheese; mix all ingredients and place in a buttered pan. Sprinkle top with grated cheese and cracker crumbs. Bake until brown.

Cheese Souffle.
(Elfa Werstlein.)

2 tblsp. butter, 2 tblsp. flour, ½ c. milk, ½ c. grated cheese, 3 eggs, ½ tsp. salt and pepper. Make white sauce of butter, flour, milk and seasoning. Remove from fire, cool and stir in beaten egg yolks. Then fold in stiffly beaten whites. Pour into a buttered baking dish; place in pan of hot water and bake 30 min., in a moderate oven.

Salmon Salad.
(Mrs. Daniel Shaw.)

1 c. salmon, 1 c. chopped cabbage, 1 c. chopped celery, pinch salt and paprika. Mix with salad dressing and serve on lettuce leaves.

ST. JOHN'S LUTH. LADIES' AID.

Potato Cornmeal Muffins.

1 c. mashed potatoes, 1 egg well beaten, ½ c. sweet milk, 2 tblsp. sugar or syrup, 2 tblsp. shortening, 1 c. corn meal, 3 tsp. b. powder, 1 tsp. salt. Add salt, sugar, shortening and egg to warm mashed potatoes. Mix well; add milk and corn meal and b. powders. Bake in gem pans for 25 or 30 min.

Potatoe Sausages.

1 c. mashed potatoes, 1 c. ground nuts, fish or meat, 1 egg, well beaten, 1½ tsp. salt, 1-8 tsp. pepper; salt pork, bacon or other fat. Mix the mashed potatoes and seasoning with the ground nuts, fish or meat; add beaten egg. Form into little cakes or sausages, roll in flour and place in greased pan with a small piece of fat, bacon preferred on each sausage. Bake in a fairly hot oven until brown.

Scalloped Potatoes.

Arrange a layer of sliced raw potatoes in greased baking dish and sprinkle with grated cheese and a little flour. Repeat until dish is nearly full. Pour milk over the whole, about one half c. to every three potatoes. Bake in a moderate oven about an hour.

Mashed Potatoe Doughnuts.

1 c. sugar, 1 c. cold mashed potatoes, ¾ c. sweet milk, 2 eggs, ½ tsp. nutmeg, ½ tsp. salt 4 level tsp. b. powder. Flour enough to make a soft dough.

Liberty Potatoe Salad.

In one tsp. lard, fry one small noion cut fine; add 1 tsp. vinegar, 1 tsp. water, ¼ tsp. sugar and lastly 1 pt. sliced boiled potato, salt and pepper to taste.

Potatoe Pancakes.

4 large potatoes grated (raw), 2 eggs, 1½ tsp. salt, bake as other pancakes.

Potato Dnumplings.

2 c. grated cheese, 2 eggs, well beaten, 1tsp. sweet milk, ½ tsp. salt, 1 tsp. baking powder. Enough corn flour and rice flour to make a stiff dough for moulding. Mold into balls and fill with bread crumbs, brown in drippings. Boil 15 min. Served with fried onions or bacon.

Potato Fish Balls.

1 c. fish cooked and sherdded fine, 2 c. mashed potatoes. Mix well. ½ tblsp. butter, 1-8 tsp. pepper, 1 egg. Shape into little balls, dip in eggs and bread crumbs and fry in deep fat.

Potato Puff.

Boil and mash potatoes fine, salt and pepper to taste. To each cup of potatoes, add one well beaten egg and 1 tblsp. each of butter and cream. Beat well, place in a baking dish; put in oven. Bake till delicate brown. Serve while hot.

Potato Pudding.

1¼ c. mashed potatoes, 4 tblsp. fat, 2 eggs (well beaten), ½ c. milk, ¼ tsp. salt, ½ lemon (juice and rind), 1 tblsp. sugar, ½ c. raisins and nut meats. Add all ingredients in order given and beat well and bake in greased dish ¾ hr. Serve with cream or frosten with whites of eggs.

NORWEGIAN LUTH. LADIES' AID

Milk Food Recipes.

Primost.

Take 10 qts of fresh milk, put in rennent tablet to curdle it; then take out all the white cheese; boil the whey (or the liquid left after the white cheese is taken out), until it is thick like gravy; put in ½ c. of sweet cream while its boiling; take it of the fire, put in ¼ c. sugar, and stir until thick; then put into dish and mould. The white cheese taken out can be put in mould after all whey is pressed out.

Cottage Cheese.

One gal. sweet skim milk at about 75 degrees, ¾ c. starter (thick sour milk that does not have a layer of wrey nor air bubbles), beaten up until smooth; 1-8 punket tablet dissolved in a little water; add to milk, stir well and allow mixture to stand from 12 to 15 hours (over night), at room temperature. When there is a layer of whey on top and a white solid curd in the bottom, drain thru a muslin cloth in a colander work well; add sweet cream and melted butter, peper and salt.

Tete Milk.

Made by putting tete into whole milk and let stand till its thick when served it must be well beaten with the cream lift in. Is said to contain the same nourishment as butter milk and is served the same way.

"Dravle" Soup.

2 qts. sweet milk, 1 c. thick cream, 1 c. sour milk, a pinch salt. Cook the milk for 3 hrs.; mix cream and sour milk and put into milk; stir constantly till it comes to a boil again and remove from fire.

Summer Vegetable Soup.

Boil peas, carrots cut up fine, string beans and new potatoes; drain and add milk when milk reaches boiling point; add lump of butter, salt and pepper, and finely cut up parsley. Remove from stove and add well-beaten egg; stir well and serve.

Cream of Carrot Soupt.

Two cups ful of chopped carrots cooked in 2 cups water until tender; rub through a sieve and save the liquid; ¼ c. rice cooked in milk until soft, 2 tblsp. flour, ¼ c. butter substitute, salt and pepper; 1 small onion cut fine and fried a light brown in the butter substitute; add the flour and stir to a paste; 2 cups scalded milk; add carrot mixture and boiled rice to the milk and pour this slowly over the flour and onion paste, stirring constantly. Heat mixture to boiling point and add ½ c. hot cream; sprinkle top with 2 sprays of finely chopped parsley; season with salt and pepper and serve.

Cheese Couffle.

½ c. milk, 1 tblsp. butter sub., 3 tblsp. flour, ¾ c. grated cheese, 3 eggs, spoonful salt, soda and paprika. Make a white sauce; add cheese and stir until it melts; add soda to break up cheese, cool partially; add beaten yolks, fold in stiffly beaten whites; bake until puffed and firm; serve immediately in the dish in which it was baked.

Tapioca Pudding.

Soak 8 tblsp. of tapioca over night; heat a qt. of milk and when it has just reached the boiling point stir in tapioca and add 1 c. corn syrup. Bake in stove oven, stirring 2 or 3 times; let brown on top. (This is very good if 2 eggs are beaten and added before baking.) Cinnamon or nutmeg give a very nice flavor.

Pineapple Flip.

½ box gelatine, ½ c. cold water, let stand for 15 min. then heat it until it melts. Let set till it gets cold, then add, 1 pt. sweet cream beaten stiff, ½ c. sugar and 1 c. grated pineapple.

Cream Cold Slaw.

Cut crisp cabbage into very thin slices lengthwise and crosswise and mix with cream dressing; 1 c. thick sour cream, (not old), mix in 1 tsp. salt, few grains cayenne pepper, 3 tblsp. sugar, 3 tblsp. vinegar, 1 tblsp. cold water, mix. Beat all well together and use a little chopped parsley and pour over the cabbage.

ZION LADIES' AID.

Mock Angel Food.
(Mrs. Inga Berg.)

¾ c. sugar, ½ tsp. salt, 2-3 c. rice flour, 2-3 c. scalded milk, 4 level tsp. b. powder, 1 tsp. vanilla, 2 egg whites. Mix dry ingredients, add scalded milk, mix, add egg.

Barley Nut Bread.
(Mrs. E. O. Erickson.)

1 tblsp. crisco, 1 tblsp. sugar, 1 well beaten egg, 1 c. sour milk with small tsp. soda, ½ c. barley flour, ½ c. oatmeal, ½ c. bran, 1 tsp. salt, ½ c. flour with 1 tsp. b. powder, ½ c. chopped raisins, ½ c. walnuts.

Scotch Oat Crackers.
(Mrs. Inga Berg.)

2 c. rolled oats, ¼ c. milk, ¼ c. molasses, 1½ tsp. fat, ¼ tsp. soda, 1 tsp. salt. Grind or crush the oats and mix with the other materials. Roll out in thin sheet and cut in squares. Bake for 20 min. in a moderate oven. Makes 3 dozen crackers. In this instance the fat used was lard substitute.

Potato Chocolate Cake.
(Mrs. Dona J. Evenson.)

½ c. margarine, 1 c. brown sugar, ½ c. sweet milk, ½ c. hot mashed potatoes, 1 1-8 c. barley flour (2 heaping tsp.), ½ c. chopped wallnuts, ½ grated chocolate, 2½ tsp. b. powder, ½ tsp. each cinnamon, cloves, nutmeg. Bake 1 hr.

PRESBYTERIAN LADIES' AID

Wheat Substitute.

Oatmeal Rye Bread.
(Mrs. N. J. Silk.)

Pour 5 c. boiling water over 3 c. rolled oats; let cool and add 2 cakes compressed yeast dissolved in 1 cup luke-warm water and little white flour; let rise until light, then mix in 1 tblsp. salt, 3 tblsp. of fat and ½ c. molasses, 3 c. rye flour and mix stiff with white flour; let rise until double in bulk, then mold into loaves and let rise again.

Corn Bread.
(Mrs. Eagler.)

2 tbsp. sugar, 1 egg, lard size of egg, little salt, 1 large c. corn meal, 1 scant c. flour, 1 c. sour milk, level tsp. soda.

Wheatless, Eggless, Sugarless Cake.
(Mrs. L. G. Larson.)

1 c. corn syrup, 1 c. sour milk, ½ c. fat, 1½ c. barley flour, ½ c. corn starch, 1½ c. mashed potatoes, 2 tbsp. cocoa or chocolate, 1 tsp. vanilla, 1 tsp. lemon, ¼ tsp. nutmeg, ½ tsp. salt, 1 tsp. soda. Combine liquids and add fat and beat well; sift together all dry ingredients, beat well; bake in food pan and bake 45 min.

Bran Bread.
(Mrs. Yotter.)

2 c. bran, 1 1-3 c. barley flour, 1 tbsp. sugar, 1 tsp. soda, 2 c. buttermilk, 2 tsp. b. powder, little salt and raisins, nuts and figs.

Oat Meal Cookies.

1 c. sugar, 1 c. fat, 1 tsp. soda, 1 tsp. b. powder, 1 c. rice flour, 1 c. sour milk, pinch salt, 3 eggs, 3 c. oat meal, wheat flour to roll out. Bake in moderate oven.

Waffles.
(Mrs. Marcoe.)

2 c. sour milk, 1 tsp. sugar, 1 tsp. soda, ½ tsp. salt, 3 eggs, 2 scant c. barley flour.

Wheatless and Sugarless Cake.

½ c. shortening, 1 c. corn syrup, 2 eggs (well beaten), 1 c. sweet milk, 3 c. barley flour, 3 tsp. b. powder, 1 c. raisins, ½ c. walnuts.

Barley Muffins.

1 egg, 1 c. sour milk, 1 tbsp. corn syrup, 2 c. barley flour, ½ tsp. soda, 2 tsp. b. powder, ½ tsp. salt, 2 tbsp. fat.

Oat Meal Pan Cakes.
(Mrs. W. A. Boreen.)

1½ qts. of buttermilk; thicken with out meal ground in meat chopper and let stand over night; in morning add 2 well-beaten eggs, salt and heaping tsp. soda. Batter has to be thicker than for wheat cakes.

Is it Worth While?

When we noticed the children who gathered around the W. C. T. U. water can at the county fair for a drink of cold, pure water, these words of Our Saviour came to my mind: "For as much as ye have done unto one of these, have ye also done unto me." Our W. C. T. U. is at present helping to equip sixteen cantonments with electric fans for the sick soldiers. Are you interested? Kind deeds are like sweet-scented perfume from a dew-kissed rose, inspired by the love of Our Master. "For as much as ye have done unto one of these, have ye also done unto me." Then is it worth while?—W. C. T. U.

WANTED
3,000 Red-Blooded Men

"There is no Railroad President—no Corporation Director in America too big for the job of handling one of our huts in France," cables one of America's best known business men from "over there." Here is a chance for you men whom war has skipped.

Men of the "skipped generation," men whose fathers were in the Civil War and whose sons are in this war—"regular fellows," of the in-between age, men who have made good in business, made good in times of peace, men whose success has come to them through knowing how to handle other men—three thousand of you are wanted.

There's a need in France right now for such as you to take charge of Y. M. C. A. huts. These are the unarmed soldiers, nerveproof under a shower of shells, willing to sleep where they can, eat when there's a chance, able to work 16 hours a day, good mixers, ready to be preachers or friends— yes, and at need, game to the core.

Three thousand such jobs are waiting—at nothing per year—for those who can fill them. Nothing per year—nothing but the thrill that comes to the man who does his part, nothing but the tingle of blood that squares his shoulders and makes him say to himself: "It was my part and I did it."

FRENCH VINEYARDS LEADING INDUSTRY

FRANCIS BURNS HARD AT WORK HELPING HALT THE HUN.

[illegible] following letter, written some [illegible]go by Francis Burns of this [illegible] who is in active service with the [illegible] S. Engineers in France, was received by James Meehan of Milwaukee, Wis., also a well known former resident of this city. Mr. Meehan sent the letter to this office and The Times takes pleasure in passing it on to its readers. The reference made in the letter to a clipping from a French paper is in regard to a cartoon depicting a French soldier speaking to a group of his countrymen, and he is pictured as saying: "Yes, my good people, yes, the Americans have arrived. Splendid fellows—strong, resolute, like our own." The letter follows:

"Well, we are at last in our permanent camp and getting everything fixed up for a lengthy stay. Our trip across was practically uneventful. We were thirteen days coming across. Landed in a French port and immediately went to a camp where we stayed three days. From there we made our departure in side-door Pullmans for our camp.

"We are located fifteen miles east of Tours, and the country around here is called the 'Garden of France.' Timber is very scarce and practically [illegible]ere is is on government reserves. Our government has bought these reserves and this is the timber we are cutting. The sawmill is located near a railroad and the woods is four miles from here. We are hauling logs in on big five ton trailers. The mill is a portable outfit with about 15,000 feet capacity and I think we are going to work two shifts.

"The country around here is very beautiful and about half a mile from our camp is located one of the finest chateaus in France. It is being used as a French base hospital now. This part of France does not grow any grain, with the possible exception of a small garden patch here and there. They grow grapes altogether and the French anticipate a big grape crop this year. I always heard a Frenchman had to have his wine, but one can hardly imagine the amount of land used and the labor that is done to get that wine.

"Went to church yesterday in a church that was built in the fifteenth century. Mass was the same, even to the serving. Most of the buildings are of stone and they will stand thru ages, though some of them are beginning to show wear.

"Our Fourth of July celebration was the biggest event we have had since coming here. The French helped us celebrate. They decorated their village with French and American flags. Our captain was presented with a bouquet or roses and a flower was given to each one of us. The French people certainly treat us fine and there is something homelike about the country.

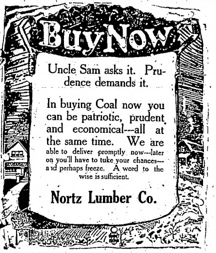
"Mr. Meehan, I must be saying good-bye to you for the present and with the best wishes from France, I remain

"Francis Burns,
"Co. E., 10th Bat. 20th Eng., A. E. F.

"P. S.—Enclosed please find a clipping from a Paris paper. A French lady who could speak English gave me this. She said this is what all France thinks of the Yankees."

Acted Disorderly.

Three men, who claimed to have been connected with the carnival company which held forth at the fair grounds last week, and a young woman who resides in this city but *who stated that she intended to join* the carnival, paid fines of $5 and costs in municipal court Sunday morning following their arrest on a disorderly conduct charge. The four had broken into a barn in the outskirts of the city and were making themselves at home when the police arrived on the scene in answer to a call by the owner of the barn, who had discovered the presence of the intruders. The men gave their names as Royal Plummer, Sam Elliott and Thorwald Ness, and said they had been running a "wiener" stand on the fair grounds but that they had sold their outfit and expected to go to work in the harvest fields. Out of consideration for relatives of the woman in the case, her name is not published.



Buy Now

Uncle Sam asks it. Prudence demands it.

In buying Coal now you can be patriotic, prudent and economical—all at the same time. We are able to deliver promptly now—later on you'll have to take your chances—and perhaps freeze. A word to the wise is sufficient.

THIEF RIVER FALLS, MINNESOTA

DO YOUR DUTY AND SAVE SUGAR

EQUALLY AS IMPORTANT AS SAVING WHEAT TO HELP WIN THE WAR.

DRASTIC ACTION TAKEN

PEOPLE EVIDENTLY DO NOT YET REALIZE SERIOUSNESS OF SITUATION.

It seems a curious fact that the American people often find it easier to give up a necessity rather than curtail an indulgence in a luxury. The records of the county food administrator show that the majority of the people of this community have not only endeavored to keep within the prescribed wheat flour regulations, but have taken pride in reducing their consumptiton of this commodity to the lowest possible figure. Not so with sugar. Sugar is not necessary in the diet. Honey, syrups and fruits supply all bodily needs in the average diet. Yet the records show that the attitude of the average *citizen of the county is,* how much sugar may I obtain, rather than how much can I save? That this attitude is general is shown by the following circular sent out by the U. S. Food Administration to all of its representatives.

Quick Action Necessary.

The sugar campaign comes on us suddenly. Revised accounts of losses and resources and new statement of needs which we are in honor bound to meet compel a sharp change in program. We must act quickly—what is not well begun in the next six weeks will not be done at all.

The success of this program rests on the honor and co-operation of the American people. What are they doing now? We hear of people going from store to store, trying to double their portion over and over. They don't realize they are trying to beat the game. That is failure of the program.

How was it in the wheat campaign? People everywhere vieing with one another in zeal to play the game. That was success.

Wheat Campaign Successful.

Our success in the wheat campaign literally held the allies together through the spring and summer. It did more than any other thing to give them comfort and courage until the tide turned last month. It did more than any other performance of ours to establish American credit until the splendid part our troops took in the second Marne battle.

Again we are called upon to share with those who sit at the common table. It is a challenge of war conditions to our humanity, our chivalry and our worth. This time we are required not to employ a substitute for necessary food, but to give up an indulgence.

Shall we succeed? Ask yourselves, would we do it if it was to share with a sick family next door instead of stricken neighbors across the sea?

Play the Game Fair.

We can if we will. We will if we realize. But the time is short. The background of the wheat campaign was six months building, but the sugar campaign must be put through in six weeks—or fail. It is the second large test of the twelve million Food Administration membership. They look to you—they trust you. Get the situation home to them and they will play the game.

We claim the right to share with the allies. Let us give Mr. Hoover, now sitting in the allied food council, fresh warrant to assure the nations that America will make good. Let us send by every ship substantial tokens of support to our boys over there from an America worth dying for.

The Food Administration appeals with confidence to you.

RULES TO GOVERN CIVILIAN CLOTHING

WAR TIME MAKES STRICT ECONOMY NECESSARY IN CHOOSING MATERIALS.

The war-time textile situation has not been handled as the food situation. The food administration made a direct appeal to the housewives. But in regard to textiles, the co-operation of cloth and clothing manufacturers was sought. Agreements with certain national associations were made and other organizations have fallen into line.

The National Association of Wool Manufacturers agreed, in order to conserve the wool supply for the U. S. army and navy, that wool substitutes go into fabrics for civilian wear. They agreed to place upon the market, for the fall season of 1918, lines of fabrics containing a material percentage of other stocks than virgin wool.

The Government Conference committee on wool conservation recommended to the general industry that in place of the three and one-half to eight yards of 54 inch wool material used in the making of women's coats, suits and dresses, an endeavor be made to confine the making of them from three to four and one-half yards of material 54 inches wide. This recommendation was accepted and it was further agreed to popularize the use of other materials than all wool through advertising and exhibiting and to feature garments of a definite character, those having a slim silhouette.

The consuming public is now asked to co-operate with the government, the manufacturer of textiles, the garment maker and the retail seller in this patriotic effort to conserve material for the army.

The production of civilian clothing must be curtailed by wearing all clothing until it is worn out.

Time and energy must be saved by the willingness to wear simple, almost standard clothing.

Shoppers should ask for simple models and accept patriotically the new war standards for quality of fabrics and style of garments.

The thoughtful shopper will:

Buy only the necessary article and necessary amount.

Co-operate with merchants in all conservation efforts.

Carry home parcels.

Buy directly and not ask for samples.

Conserve cotton for it is used for tents, khaki, ammunition and Red Cross supplies.

And will not buy materials in khaki color either in cotton or wool.

The government desires that khaki be reserved for army uses and it is the patriotic duty of the civilian to respect this wish.

MEN WANTED FOR OAKUM PICKING

NEW DEPARTURE IN WORK OF LOCAL BRANCH OF RED CROSS.

The men of Thief River Falls are being called upon at last by the Red Cross to assist in the work of preparing supplies. This has become necessary as a sufficient number of women and young ladies of this city have failed to come out and do the work assigned to Pennington county.

When the last patriotic meeting was held in the Auditorium last month both speakers of the evening stated that the women and young ladies of this country did not realize that they should get on the job and work for the Red Cross that our brave men across the water might not be in want for such things as are necessary to properly conduct the Red Cross activities.

Still the women and young ladies of this city have not come across and offered to help. Their help is urgently needed and those at the head of the Red Cross work rooms are worrying not a little how the allotments are to be completed.

Accordingly an appeal is made at this time to the men to come to the Surgical Dressing room of the Red Cross in the Auditorium and help pick the oakum which was sent from headquarters and which is used in the making of certain Red Cross supplies.

Pennington county has been sent 100 pounds of oakum and this is no small job. In many cities this picking of the oakum is done entirely by the men, in other places by the women. Here it is hoped that both will co-operate.

MONTHLY REPORT OF THE RED CROSS

TREASURER MELGAARD SUBMITS REPORT OF CONDITION OF LOCAL CHAPTER.

The following monthly report of Treasurer T. L. Melgaard for the month of July is one which is of interest to every person of Pennington county as it gives but a little insight into the vast undertakings of this great society working for the welfare of the men who are at the front:

POINTERS ON SEEDING RYE

COUNTY AGENT ROSS P. WHITE OUTLINES PLAN FOR BEST RESULTS.

SHOULD INCREASE ACREAGE

BEST CROP ON SOIL TOO LIGHT FOR PRODUCTION OF WHEAT.

The farmers of this section should prepare at once for an increased acreage of winter rye, especially on the lighter soils that are not well adapted to the production of wheat. Rye also has the advantage of giving a wider distribution to labor. In sections where it has become necessary to cut this year's grain for hay, much of the land can be made available for rye. During a period of years rye on the average does better than wheat. The crop report of the United States Department of Agriculture gives a ten year average yield of wheat for Minnesota of 840 pounds per acre, while the rye the same years averaged 1047 pounds per acre, giving an advantage in yield for rye of about 25 per cent. Added significance is given when one considers that the rye, for the most part, is grown on decidedly poorer land than the wheat.

Pound for pound rye is nearly as valuable a bread grain as is wheat. Those farmers who have land that is almost certain to give a good crop of rye, but are uncertain in the production of wheat will be doing more for the country's food supply by growing a maximum acreage of rye.

For the farmers who are growing practically no cultivated crops, an increase in the winter rye acreage will help to solve the labor problem, by giving a more uniform distribution throughout the entire season. Each acre of rye seeded in August or September will mean an acre less of grain to seed in the rush of spring seeding. Likewise, including rye as one of the farm crops lengthens the harvest season, as the rye harvest will usually be completed before any spring sown grain is ripe.

Land may be prepared for rye by disking where early potatoes have been harvested, or corn has been put in the silo in early September; or land may be used that has been plowed following a crop of small grain, or following any crop which has been removed from the land during the summer. Rye will do especially well on land that has been summer fallowed, and here an early seeding is always possible.

Seeding in this part of the state can be done during the latter part of August or the forepart of September. If seeded earlier provisions should be made for fall pasturing. Those who contemplate seeding rye this fall should make arrangements for their seed at once.

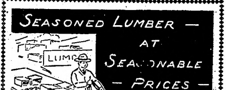
In case the rye which will be used for seeding is smutted it should be treated by the formalin method, and in the case of grain affected with ergot the brine method should be used. If you are not familiar with the above treatment consult your county agent, or write the State Agricultural college.

Temperance Meeting.

Rev. T. K. Thorvildson will deliver a temperance speech next Tuesday evening at 8 o'clock at the Norwegian Lutheran church in this city. Rev. Thorvildson is a speaker of more than ordinary ability and a large crowd should greet his appearance here.

Fair a Success.

St. Hilaire Spectator: The Pennington County Fair closed a most successful show of three days' duration yesterday. While some features were lacking, due to war conditions, the fair had a good bunch of attractions and the exhibits were unusually good. The attendance was far better than anticipated and all join in declaring it the best fair ever held in this county.



SEASONED LUMBER — AT SEASONABLE — PRICES —

THERE are no lumber requirements that we cannot fill with reasonable promptness. This is not bragging; it is cold fact and is the result of efficiency in this line of business,

Seasons are not recognized as price arbiters in the lumber business, but our lumber is all well seasoned and our prices so nearly correct as to be seasonable at all times of the year

WINTON-NICHOLS Lumber Company
If It's BUILDING MATERIAL—We Have It.
THIEF RIVER FALLS, MINN.

For Our Country

Dairy and Food Commissioner James Sorenson of Minnesota, in letters addressed to the Public Safety Commission, and the Federal Food Administrator for Minnesota, last week called attention to the wicked waste of food, man-powor and railroad facilities of the cream shipping system in this state. Commissioner Sorenson knows the conditions and he would be guilty of neglect of his official duties if he failed to call the attention of the proper officials to this matter.

Minnesota has far less reason than North Dakota to tolerate the wasteful cream shipping system, and North Dakota has already taken radical steps to curb it and reduce the waste to a minimum. Minnesota is in a far better position than North Dakota to cope with this evil, for the reason that our state is well supplied with efficient creameries owned and operated by the farmers, and with other good creameries, and there is no excuse for the cream shipping system, except at a very few points.

Dairymen everywhere should back up Commissioner Sorenson's letters with endorsements giving conditions as they are in their communities. Write to Minnesota Commission of Public Safety and A. D. Wilson, Federal Food Administrator, University Farm, St. Paul, Minn.

Commissioner Sorenson has no power to close up the cream stations, but these two agencies have and we feel confident they will do it. Write a letter now.

THIEF RIVER CO-OPERATIVE CREAMERY ASSOCIATION
Thief River Falls, Minnesota.

We call the attention of our Friends to the fact that we have made contract for an
Extremely Interesting Weekly Map Service
Which will be on exhibition in our bank hereafter
These Maps will Show All the Leading Events and Places of the War

City News

Mr. and Mrs. W. Dixon of Warren motored to this city last Wednesday to attend the fair.

Howard Gesell returned to Minneapolis Tuesday evening after several days in this city on business.

M. and A. E. Baird arrived the latter part of last week from St. Paul for a brief visit on business.

Edward Kiland left Tuesday morning for Greenbush to visit for a week at the home of his friend, Perl Anderson.

Mrs. W. W. McDermott of Detroit, arrived Monday evening and is a guest at the home of Mr. and Mrs. J. B. Olson.

Rufus Barackman returned Tuesday morning from Detroit where he visited at the F. H. Gambell cottage for several days.

Mr. and Mrs. N. E. Knudson and family of Regina, Can., visited here Monday for a short time enroute to their home by car.

W. T. Carlisle of the Finch-Winslow-Carlisle Grocery house of Crookston, attended to business matters in this city last Friday.

Mrs. Ruth Kennison, of this city, left last Friday morning for Steiner to spend Sunday at the home of her brother, J. N. Whitman.

Miss June Sorenson arrived in this city Monday evening from her home in Oklee, for a few days' visit at the home of Miss Alpha Bishop.

E. O. Mogensen, the clothier, returned Tuesday morning from the twin cities, where he had been on a buying expedition for his store.

Miss Alice Etka returned to her home in Red Lake Falls last Friday afternoon after a brief visit in this city at the home of Miss Elfa Werstlein.

Hotel Dyckman is Minneapolis' newest downtown fireproof hotel. 300 rooms; each room has its own private bath. Rates $1.75 to $3.50 per day.—a-8-tf.

Mrs. Henry Dunn returned to her home in East Grand Forks, Monday afternoon after a week's visit in this city at the home of her parents, Mr. and Mrs. Olson.

Mrs. I. T. Aastad returned to her home in this city last evening from St. Paul where she had been visiting at the home of her father for the past six weeks.

Peter Sheets and sons motored to this city Tuesday from Warren where they visited for a few days with friends. They left for their home in Ada Tuesday evening.

Miss Dorothy Bottelson left last Thursday evening for Maple Lake where she was a guest of Mrs. Chas. Hanson of Grafton, N. D., who is spending the summer at the lake.

Miss Velma Price, of this city, a graduate of the Lincoln high school last spring, left last evening for Minneapolis where she has accepted a position as stenographer in the Soo offices.

Mrs. E. O. Mogensen entertained last Saturday noon at a tea at her home, 703 LaBree avenue north, in honor of her guests, Miss Fern Doyle of Crookston and Miss Ann Patterson of St. Hilaire.

Mr. and Mrs. Fred Hencik of Mavie left Monday evening for Manitowoc, Wis., where they expect to visit for two weeks with relatives. Mr. Hencik is manager of the Winton-Nichols lumber yard at Mavie.

Will you answer the call to the colors? You may not be able to serve your country on the battlefield, but you can "do your bit" at home. Prepare for life's work and life's battles at North Star College, Warren, Minn.

Mrs. John Bratrud, accompanied by Mrs. Arthur Bratrud and little son and Miss Viola Parson of Warren, returned Monday evening from Lake Shoreham, near Detroit, where they spent a month at the Bratrud summer home.

Mrs. F. W. Tozer of Minneapolis, who is spending the summer at Bemidji, visited here Monday evening at the home of Mrs. K. O. Dock. Mrs. Tozer left Tuesday morning for Roseau, to visit at the home of her sister, Mrs. Carl Von Rohr.

Mr. and Mrs. Art Cloutier arrived Saturday evening from Superior, Wis., for a week's visit at the home of Mrs. Cloutier's parents, Mr. and Mrs. Oscar Williams. They will leave Saturday morning for Grand Forks to visit Mr. Cloutier's sister, Mrs. Doland.

Eighteen girl friends surprized Miss Rose Parenteau Monday evening at the home of her cousin, Miss Vallerie Parenteau, 210 Arnold avenue south. The party was given to celebrate Miss Parenteau's birthday. Dancing and music formed the evening's entertainment.

Adley Ahlborn, who is with the Marines at Annapolis, Maryland, arrived here last Friday morning for a brief visit with his father, A. H. Ahlborn. Mr. Ahlborn left Sunday night for Willmar, Minn., for a few days' visit with his mother and sisters, before returning to Annapolis.

Pte. Ray Lindquist arrived here last Friday morning from Dunwoody training detachment, Minneapolis for a few days' visit with his wife and with his parents, who live on a farm near Wylie. Pte. Lindquist returned to Minneapolis Sunday night, but he expects to be sent from Dunwoody in a short time to some point farther east.

Ole Sande of Gully, Minn., left here Monday afternoon for Jefferson Barracks, Mo. Mr. Sande is in Class one of the draft and should have gone some time ago with the contingent from Clearwater county but was allowed to remain for a few weeks longer. He left his wife and a seven weeks old daughter who will continue to live in Gully at the home of Mrs. Sande's parents, until after the war. While in this city he was a guest at the home of Mr. and Mrs. C. M. Carlson.

O. B. Huntington of Orleans arrived Sunday on a brief visit with friends.

Mrs. Hans Hermanson returned Tuesday morning from Hillsboro, N. D., where she visited for a week with relatives.

Mr. and Mrs. Jos. Preus of Crookston arrived last Saturday and were guests of Mr. and Mrs. John Ward, over Sunday.

Mr. and Mrs. John Aos motored to Grafton, N. D., Sunday morning to visit for a few days at the home of Mr. Aos' brother.

Misses Pearl and Ruth Reddin of Minneapolis were guests over Sunday at the home of their sister, Mrs. W. H. BonDurant.

Mr. and Mrs. Louis Cerny of Argyle, were guests last week at the home of Mr. Cerny's parents, Mr. and Mrs. L. J. Cerny.

Miss Olga Johnson left Tuesday night for International Falls, where she is employed, after a brief visit in this city with friends.

Mrs. C. Loen of Anita, N. D., returned to her home Monday, after a few days' visit at the home of her sister, Mrs. Chas. Shirley.

Mrs. John Wasgren and little daughter, Helen, returned Tuesday evening from Fordville, N. D., after a few days' visit with friends.

Miss Florence Shetler left Tuesday evening for Minneapolis on a brief shopping tour and visit with friends. Miss Shetler returned this morning.

Francis Kittelson of Bemidji visited in this city with friends Sunday.

A. C. Forjang of Hallock, this state, visited here with friends Sunday.

Roy Barzen, Reuben Aga and Clarence Erickson left yesterday morning for Hallock where they have offered their services on harvest fields for several weeks.

Mr. and Mrs. I. L. Newgard, Gisle Newgard and Miss Ida Gullickson motored to this city Monday from Warroad enroute to their home in Grafton, N. D.

Mrs. James Hance and daughter, Miss Emma Hance of Red Lake Falls, returned to their home last Friday afternoon after a brief visit in this city at the home of Mr. and Mrs. Edward Hance.

Mrs. Anna Gould of Stillman Valley, Ill., was a guest at the home of Mr. and Mrs. H. A. Pratt last week. She left Monday evening for Oelwein, Ia., for a further visit before returning to Illinois.

Miss Onata Stopple, who is spending the summer at the home of her sister, Mrs. B. E. Dalquist in this city, arrived Friday evening of last week from her home in Alexandria after a few weeks' visit.

Miss Lucille Barnes of Enderlin, N. D., arrived Monday evening from Detroit where she had been visiting with friends at the lake. Miss Barnes is a guest at the home of her aunt, Mrs. Fred G. Eagler.

Earnest Zeh arrived here on Thursday evening of last week for a week's visit at the home of his parents, Mr. and Mrs. Emil Zeh. Earnest is working up on the range having left this city several months ago.

Mrs. Kate Eastman and daughter, Miss Anna Eastman left for their home in Minneapolis last Friday afternoon after a several days' stay in this city at the home of Mrs. Eastman's daughter-in-law, Dr. Jennie Eastman.

Prof. Henry Wingblade of the Bethel Academy at St. Paul will speak at the Swedish Baptist church, Monday evening, Aug. 19th at eight o'clock. Prof. Wingblade is an excellent speaker and the public is cordially invited to hear him.

Dr. and Mrs. C. Booren of Minneapolis, motored to this city last Saturday evening from Itasca State Park where they spent several days. While here they were guests at the home of Dr. Booren's brothers, Dr. G. W. and Harry Booren.

Mrs. J. N. Baxter, who arrived here last week from Minneapolis where she bought part of her fall stock of goods for her store in Larimore, N. D., left last Saturday afternoon. While here Mrs. Baxter was a guest at the home of her sister, Mrs. Oscar Evenson.

Mrs. C. A. Dale, of this city left Saturday afternoon for Fargo, N. D., for a brief visit with her husband who is in the service and receiving training at the Fargo Agricultural college. Pte. Dale expects to be moved from Fargo in a short time to some place farther away.

Misses Agnes, Irene and Mildred Melgaard and brother, Harold, of Minneapolis, accompanied by Miss June Gale also of Minneapolis, who are spending the summer at the Melgaard cottage at Maple Lake, visited at the home of Mr. and Mrs. T. L. Melgaard last week.

Mr. and Mrs. Morton Johnson, formerly of this city, who have for the past six months been residing in Cass Lake, leave next week for Kansas City, Mo., where they will make their home. Mrs. Johnson will visit in Minneapolis with sisters of Mr. Johnson for a month before going to Kansas City.

Mrs. P. M. Johnson and children of Orleans, Minn., arrived in this city last Friday evening from Henning, where they visited at the home of Mrs. Johnson's mother. While here they were guests at the homes of Mrs. Johnson's sister, Mrs. Alfred Bredeson and Mrs. E. O. Erickson. Mr. Johnson motored here Sunday from Orleans and returned Monday morning with his family.

Miss Grace Owen arrived Tuesday morning from Cresco, Ia., to take Miss Anna Wiczek's place in the Loken Department store as head of the dry goods department. Miss Wiczek, who has been head clerk in that department for nearly three years past, leaves in about ten days for her home in Winona, Minn. Miss Owen comes very well recommended from Cresco. She has had a number of years experience in that line of work, ten years of the time being spent as head clerk in one of the largest department stores in Cresco. Miss Owen takes charge Monday.

Wm. Bengen of Crookston began work last week in the Citizens State bank as accountant.

Oscar Sponheim left last week for Portal, N. D., to assist in harvesting near that city for a month.

Henry Hanson returned to his home in Middle River Tuesday morning after a brief visit in this city on business.

Mr. and Mrs. A. J. Gutzler of South Pasadena, Cal., visited in this city on business the latter part of last week.

Miss Thora Hanson had as her guest for two days, Miss Dale of Erskine, who returned to her home this morning.

Mr. and Mrs. R. R. Lofthus arrived last Sunday by car from their home in McVille, N. D., for a brief visit with friends.

Miss Elizabeth Dick of Nakoma, N. D., arrived last Friday evening for a week's visit at the home of Mr. and Mrs. L. R. Johnstone.

Wm. Bengen, auditor in the Citizens State bank, returned Monday morning from his home in Crookston where he visited for a short time.

G. W. Mason arrived last Friday morning from Winona, Minn., for a few days' visit with old friends and to attend to his business interests in this city.

Mr. and Mrs. H. H. Arhart had as their guests last week, Mr. Arhart's mother and Lloyd Ottomeyer of New Ulm. They left for their home Monday afternoon.

Miss Mary Winson returned to her home in Gatzke, Minn., Tuesday morning after a ten days' visit in this city at the home of her sister, Mrs. Nels Fountaine.

Miss Nellie Grindeland arrived here Friday evening of last week from her home in Warren for a brief visit with friends enroute to Strathcona to visit friends.

Mrs. Anton A. Carlson and children returned to their home in this city on Saturday morning of last week from Crookston where they visited with friends for several days.

O. Swanson, accompanied by his sister, Miss Sophia Swanson arrived Monday evening from Viking for a brief visit with friends enroute to Pine Creek, Minn., for an extended stay.

Mrs. Ida Lusian of Crookston has been a guest since the first of the week at the home of her son and daughter-in-law, Mr. and Mrs. Anton Lusian. She expects to remain for about two weeks.

Ed. Nelson, formerly employed in the barber shop of Chas. Bradley, this week purchased the barber shop at Holt, and left for that place Tuesday morning. Ernest Philipson was the former owner.

Mr. and Mrs. J. J. Borry and son Vincent, Mr. and Mrs. Alf J. Borry, Mr. and Mrs. W. E. Baker and the Misses Lena Evenson and Esther Gjertson motored to Maple Lake last Sunday morning to spend the day.

Mrs. B. Bothun, accompanied by Mrs. Wyman and Mrs. Clarence Anderson of this city, left yesterday afternoon for Eureka, Mont., to make their home. Mrs. Anderson will spend some time with her parents at Eureka.

Mrs. F. R. Head of this city left Tuesday afternoon for St. Cloud for a few weeks' visit with her sisters. Mrs. Head will also visit in the twin cities and Crookston. She will be absent from this city for six or seven weeks.

Miss Gena Dahlen of Detroit, sister of H. S. Dahlen, vice president of the First and Peoples' State bank, began work last week in the above named bank, taking the place of Ole Granum, who left several weeks ago with the drafted men.

Mrs. Mary Werstlein returned to her home in this city last Saturday morning from Grand Forks, N. D., after a few weeks' visit at the home of her daughter, Mrs. Peter Neth. Mrs. Neth and daughter, Deloris and infant son, accompanied Mrs. Werstlein here for a few weeks' visit.

Rev. and Mrs. I. L. Lassesson of Hastings, N. D., formerly of this city, accompanied by Rev. Lassesson's mother, Mrs. Ingerborg Mellby, of Frost, Minn., motored to this city Tuesday for a few days' visit at the home of their daughter, Mrs. J. T. Neseth. They will leave for their respective homes Friday or Saturday of this week.

About thirty-five ladies surprised Mrs. C. T. Storholm last Friday afternoon at her home, 724 LaBree avenue north. The party was in the nature of a parcel shower in honor of her nine months' old daughter, Frances Harriet. A dainty lunch was served by Mesdames F. H. Herrick, Elmer Ohm, S. O. Quammen, Ole Storholm and L. R. Johnstone.

Mrs. Ingvald Husby.

On Friday, August 9th, occured the death of Mrs. Ingvald Husby, following an illness of several years' duration from appendicitis. An operation to relieve the patient's suffering was performed August 5th, but she was too weak to recover and death followed in a few days.

Mrs. Husby was the daughter of Mr. and Mrs. Ole O. Gullingsrud of Twin Valley, Minn. She was born at Gary, Minn., April 9, 1884, being thirty-four years and four months of age at the time of her death. She was married ten years ago last June and since that time has resided with her husband on their farm six miles north of Oklee.

Funeral services were conducted Saturday afternoon at two o'clock by Rev. Skogerboe at the church and interment was made in Greenwood cemetery.

The Sapero Co. August Sale The Sapero Co.

NEW FALL AND WINTER COATS

An Unusual Sale---That War-Time Conditions Brought About

Every Coat new, not one carried over from last season---go at

Radical Reductions for August Only

Sale Begins Friday, Aug. 16; Ends Sept. 1

Fine Seal Plush Coats

This Is a Good, Sure Investment;
Save Money by Buying Now

Our stock comprises over 200 beautiful Plush Coats in the very newest models—loose flaring or plainer styles. Many have collars and cuffs trimmed with fur, others are trimmed with beaver and mole fabric. All sizes 16 to 46; also extra sizes.

Here is a reason why you should get your Plush Coat Now

THE TEXTILE SITUATION at present is very serious because many of the mills are working on Government orders only. Yarns are very scarce and dyes are extremely difficult to obtain. This strongly affects the manufacture of plush coats because the dyes for plush and all pile fabric must be of the very best. PLUSH COATS promise to be very fashionable this year and as the demand for them grows, and the supply decreases, the prices of course, must advance. The greater the demand the higher the price.

IF WE HAD TO BUY THESE COATS TODAY
—we could not sell them at this low price—that is quite certain.

Styles
Large Fur Collars, Large Plain Collars, High Waisted and Belted Models with metallic buckle, Novelty Pockets and Fur Trimming, Fur and Fur Fabric trimming at bottom of coats. All sizes to 55—lengths to 50 inches.

EXTRA SPECIAL-- While They Last
Lustrous Silk Seal Plush Coats

We made a contract with a manufacturer that in the off season he should make and deliver to us a certain number of these garments at a price that would make it possible for us to pass them along to you at this very special price.

The linings used in these coats are of excellent wearing quality. With plush so scarce and high this is an exceptionally low price.

Styles are numerous, trimmed, with or without belt, etc. All sizes. While they last.......

$29.75

Other Plush Coats up to $75.00 reduced

On payment of a deposit we will store coat free of charge till required. Out-of-town customers please note that we deliver free.

"What Is the Advantage of Buying Now?" some women will ask. Read! These are real facts---

You will save $5 to $15 on a garment, as they will sell for that much more in September and after.

Buying now assures you of getting pure wool materials, which later will be impossible to get.

As well as choice guaranteed plushes, which now are off the market and were it possible to get them the advance would be tremendous.

Stock is complete now, assuring you of better selections than later in the season.

These advantages were made possible through our far-sightedness in buying early and getting these lovely garments in the store two months earlier than during normal times, thereby effecting a great saving for our customers.

Now here is where we are going to make it doubly important for you to take advantage of this sale.

We are going to mark these same garments at less than we will sell them for during coat weather, as most of our bills will come due earlier this season, making it necessary to offer you these garments at reduced prices to induce early buying.

The reductions we are offering figure about
20 per cent

For example---A coat that will sell for, $35.00 in September will cost you only $28.00 now. Don't you think it is worth while?

A Big August Chance for
Winter Cloth Coat Economy

Every new Coat in our stock just received at
Radical Reduction
for August Only

If a small deposit is paid, any coat will be properly stored here until delivery is requested.

A Great Assortment of Splendid Coats

in all the new browns, blue, dark wine and taupe shades. Some with fur collars, some with collars of rich seal-plush, some plain.

$16.75 $24.95 $29.75
$34.75 $39.50 $47.50
up to $95.00

These garments are the one of a kind quality and not bought in dozens as is now the custom of local competition nor the kind that is found in the so-called mail order houses.

The New Autumn Suits

We are quite certain that the present showing is by far the largest we have ever shown at this early stage. Cloth scarcity made it imperative for us to order early; it is equally important in the interests of good selection, that you choose your fall suit now.

Prices from $25.00 to $89.50

These are the better kind of suits, not the kind that is bought to compete with the cheaper suits shown in catalogs, but real suits that you will be proud to wear.

The New Fall Serge and Silk Dresses

are here in abundance, dresses for every occasion, at prices you wish to pay. Dresses of serge, tricotine, taffeta, messaline, crepe de chine and Georgette crepe. Opening prices very reasonable.

$12.95 $17.50 $22.75 and up

Fall Suits and Dresess Arriving Daily.

Neighborhood News

STEINER

A number of friends of Louis Meyer gave him a pleasant surprise Saturday evening at his home a couple miles west of this village. Mr. Meyer has enlisted as a volunteer in Uncle Sam's service and will leave for the University of Minnesota Wednesday evening of this week on the Great Northern. His friends chose this way of a surprise to show him their friendship and to bid him farewell and to wish him good luck.

Harvey Copp is reported to have met with an accident last Sunday when his pony became frightened and started off for a runaway. He escaped only slightly injured, his buggy being badly smashed.

John M. Johnson is assisted in the haying now days by one of the John Skomedal boys.

Rev. Orrock, of Thief River Falls, conducted services at Steiner school house Sunday afternoon.

Sharles Swanson called at the P. Liden home Sunday afternoon.

The harvest seems now to be in full blast. Some report the year's crop the best they have ever had. The rain of this week delayed the harvest some, but was very much appreciated.

GERMANTOWN.

The Cunningham girls called on Clara Johnson one day last week.

Rev. Schultz was an over Saturday guest at the Klockmann home.

Christ Bothmann and daughter, Miss Lena, were guests at the Dau home on Sunday.

Mr. and Mrs. Charley Wayne of Rollis were visitors at the Will Wayne home on Sunday afternoon.

Emil Hanson was a Mavie caller on Saturday afternoon.

Mrs. Martin Saastad was a guest at the Bendickson home one day last week.

Mrs. Strand of Thief River Falls was visiting with her brother, Mr. Hovelson one day of last week.

Miss Mary Muldoone is being employed at C. W. Nelson's at Mavie.

Miss Silva Bendickson was a Germantown caller one day last week.

REINER

The Young Peoples' society held at Wilhelm Milander's last Sunday was well attended.

Mr. and Mrs. G. P. Sorter, sons Percy and Melvin and daughter, Anna, from Holt, spent Sunday at the Vraa and Aakre homes.

Mr. and Mrs. T. Morken and children took in the fair at Thief River Falls Tuesday.

Mrs. John Stenvik left last Friday for Portland, N. D., to visit with her daughters, Mrs. Hefta and Mrs. C. Anderson.

Mr. and Mrs. E. Aakre and daughter Agnes, Magna and Selmer Erickson, left for Grand Forks to attend the funeral of Mr. Aakre's father.

Miss Agnes Milander, nurse at the Tri-County sanatorium of Thief River Falls, is spending a week's visit with her home folks.

E. Aakre took T. Halvorson and daughter, Helen to Thief River Falls Tuesday. Miss Helen is receiving medical treatment there.

Miss Magna Erickson, who is employed at the Erie store, took in the Young Peoples' society last Sunday.

Mr. and Mrs. Olof Hildahl and children, Arnold and Theressa and Mrs. Lily Durgen of Greenbush visited at the Aakre home Tuesday and Wednesday.

ERIE

The Misses Lottie and Agnes Elg of Dunseith, N. D., and St. Hilaire, respectively, are visiting at their parental home of C. O. Elg near Erie village.

Carl Bakken and son were Goodridge business visitors Thursday.

Mrs. Bergit Danielson and grandson Dan. Woods, were pleasant callers at the H. K. Bjorneran home Sunday.

Among those from Erie who attended the county fair Tuesday and Wednesday were: Tollef and George Hovet, Oliver Tommerdahl, Joen Stengel, Mrs. Even Sjulstad and Miss Opel Tharaldson.

Nils Lien purchased lumber at Goodridge Thursday for the erection of a granary.

Miss Erickson of Reiner entered upon her duties as telephone operator at the Erie central station Thursday of last week.

Mrs. Otto Gulrud, accompanied by her mother, Mrs. Miller, of Goodridge, were pleasant callers at the H. A. Dahlen home Sunday. The ladies made the trip by auto, Mrs. Gulrud at the wheel.

Joseph Enebo had a narrow escape from getting his car capsized in the deep ditch Wednesday near the Highlanding corner. In meeting a party Lars Hyland and Heggestuen, who were enroute to North Dakota with a team and hay rack, Mr. Enebo misgauged the width of the grade on account of a heavy covering of mowed down weeds on the edge, run his car too far towards the slope and it nearly tipped over before he could bring it to a stop. Christ Amundson who happened to be in the car with Enebo, made a long jump and lighted on the edge of the ditch but did not stop till at the bottom which was too dry to make either a mud-bath or any other kind of bath possible. The Dakota-bound party kindly assisted in landing the car on top of the grade again and it proceeded to the county fair with no more mishaps. Amateur drivers are, of course, more subject to accidents, but our high ditch grades could stand considerable more leveling and slanting off.

Mr. and Mrs. L. B. Johnson of Steiner and Mr. and Mrs. Ole Johnson of Thief River Falls visited at the homes of H. A. Dahlen, Andrew Vake and Gustav A. Iverson Sunday afternoon. The trip was made in Ole Johnson's Ford.

A party from Ulen, Clay county, arrived Sunday and are visiting at the home of Mr. and Mrs. L. A. Fevig.

Oluf Omlid and Ch. Amundson transacted business at Goodridge Thursday.

Max Hainzl called on H. C. Iverson Sunday.

Mr. and Mrs. Theodore Sunsdahl were guests at the Gust Iverson home Sunday. The visiting party, accompanied by Mr. and Mrs. Iverson and grandma Maren Iverson, autoed down to John Hammerud's, southwest of Rhoda, in the evening for a brief visit. They report that much damage was done to the grain fields in the Rhoda vicinity by the recent hail storm.

Mr. and Mrs. Nels Fore of Lillo were transient motorists in Star Sunday.

Knut Danielson has been disabled for some time as a result of getting a rusty fork tine run through the palm of his hand during haying operations.

Theo. Rustad, former R. F. D. letter carrier on the Erie route, renewed acquaintances in eastern Pennington county while on a week-end furlough Saturday of last week. Private Rustad is one of Uncle Sam's boys at the aeroplane mechanical department of the Minnesota University.

HAZEL

O. J. Peterson and family were visitors at the J. Evenson home last Sunday.

Alfred Helgeson, Mrs. Helgeson and August Thune were callers at the Gust Wilson home Sunday.

Mrs. Ole Halvorson called on Mrs. Helgeson Sunday evening.

J. Evenson called on W. A. Anderson Monday morning.

John Nieworth left for Dakota Tuesday morning.

Mr. Gilbertson and Mr. Overum were Plummer callers Monday evening.

Miss Larson and Miss Howard called on Mrs. Halvorson Monday evening.

THIEF RIVER VALLEY

A crowd of young people enjoyed a pleasant evening at the Guttrud home. Those present were: Tyler, Wold, Amund and Targe Sordahl, Gunsten Skomedal, Olof, Gunsten, Margaret and Thora Bergland and Alfred and Peter Klungness.

A. Jopprue and son, Olof, called at the Russell home Sunday evening.

S. Bergland autoed to Steiner Monday.

The Misses Olof Skomedal and Theo. Jopprue visited at the Knut One home Sunda yafternoon.

Mrs. A. Jopprue called at her mother's home, Mrs. O. Bergland, Sunday evening.

Olof Bergland, who has been working for Ivend One in Grygla, returned home last week.

The One young folks, Olof Skomedal and Theodore Jopprue autoed to Steiner Sunday evening.

Targe Sordahl who has been employed in Canada returned home last week.

A. Jopprue, accompanied by John Skomedal made a business trip to Thief River Falls Saturday.

Edward Pederson was a visitor at the A. Jopprue home Saturday evening.

WYANDOTTE

Last Tuesday evening at the Physicians hospital of Thief River Falls occured the death of Adolph Quamme, at the age of 32 years. The funeral was held at the Zion Lutheran church Thursday afternoon, Rev. Geo. Larson officiating, and interment was made in Greenwood cemetery. Besides his parents, the deceased leaves to mourn his loss, 3 sisters, Mrs. Ed. Halloway, Mrs. Wilsie and Mrs. Odegaard and 1 brother, Thomas. The pall bearers were O. J. Peterson, N. O. Johnson, Isaac Wilson, H. Thorvilson, Chas. Carlson and L. Rawerts.

Ray Rockwell is employed at Gust Wilson's.

A. M. Shaffer and family were dinner guests at the Huddlesen home in River Falls township Sunday.

Palmer Hansen spent Sunday at Thief River Falls with his sister, Miss Esther.

Cora and Hattie Halvorson were callers at Plummer last Friday.

H. C. Jesperson returned from St. Paul Friday where he had been to see his son, Robert, who was seriously ill. He is now on the road to recovery.

Miss Elva Bartlett of Thief River Falls, who is going to teach school in Dist. No. 125, was an over night visitor at the Isaac Wilson home Saturday.

Two of our boys were called to the colors Thursday, Fred Carlson and Henry Nelson, enlisted and left at the same time for Thief River Falls.

Sam Hanson returned from Blair, Wis., Thursday where he had been to see his mother who was seriously ill. She is now on the way to recovery.

HAZEL

C. Keller autoed to St. Hilaire Monday morning to attend to business matters.

Mr. and Mrs. Ed Larson and family were guests at the E. A. Peterson home, returning in the evening to their home in Thief River Falls.

Mr. and Mrs. Denhart, Mrs. E. A. Peterson and Miss Oline Larson autoed to Thief River Falls Friday on a combined business and pleasure trip.

Mr. and Mrs. W. E. Roese and son, Orval, were entertained at the John Peterson home Sunday.

Martin Peterson, accompanied by Misses Lena Peterson, Neva and Ruth Sumpter, autoed to Black River township on Sunday to attend the picnic.

A. P. Sandberg and family were St. Hilaire callers on Sunday evening.

Leonard Nelson of Johnstown, N. D., formerly of Hazel, came here Sunday to spend a couple of days attending to business matters. Mr. Nelson will be accompanied back by his wife and son, Russell, who have been visiting at the O. C. Peterson home for some time.

Word has been received that Corp. Oscar Sandberg has arrived safely overseas. Corp. Sandberg is the son of A. P. Sandberg near here.

Misses Neva and Ruth Sumpter called at the Denhart home Friday afternoon.

Mr. and Mrs. Paul Borgie and family autoed to Thief River Falls Tuesday to attend the fair.

Mr. and Mrs. O. C. Peterson, Mrs. L. Nelson and Mr. and Mrs. Nels Lindahl spent Sunday at Maple Lake.

Willis Roese called at the M. Peterson home Monday morning.

Miss Anna Ahlberg spent Friday in Thief River Falls with friends.

Misses Neva and Ruth Sumpter and Lena Peterson and Messrs. Marvin Miller, Elmer Dahlstrom and Carl Anderson, attended the movies at Thief River Falls Sunday evening.

Mr. and Mrs. Knut Fynstad and family were entertained at the P. Peterson home on Sunday afternoon.

Mr. and Mrs. Clarence Roese visited at the Anton Peterson home Sunday.

The City Churches

Shop and Railroad News

Returned From Vacation—L. M. Rayson, chief clerk in the office of Supt. W. A. Barnard, accompanied by Mrs. Rayson and their two children, returned last Friday from a two weeks' vacation. They spent most of the time at Centralia, Wash., with relatives of Mr. Rayson, but also stopped for short visits at Silverton, and Portland, Ore., Seattle and Tacoma. The return trip was made via Vancouver, British Columbia, over the C. P. R. railway. The trip was not as enjoyable as it might otherwise have been for the reason that Mr. Rayson's health was not up to standard for several days.

Soldier on the Jump—D. L. Emery, formerly a relief agent for the Soo and now a soldier with the forces of Uncle Sam, has recently been transferred from Camp Dodge, Ia., to Camp Lewis, Wash., according to information contained in letters to local friends. Mr. Emery hopes that the next move he is called upon to make will take him direct to France.

Turn Table Repaired—The turn table at the Soo round house, which has been undergoing repairs for some time, will soon be in condition to resume its work of turning moguls face about. A new cement base and pivot have been placed underneath the table and all that now remains is the detail of lowering the heavy contraption back into place.

Langlois on Hike—P. A. Langlois, dispatcher at the local offices of the Soo, is enjoying a short vacation by visiting friends and relatives at Oklee and Minneapolis.

Twin City Visitor—W. A. Barnard, division superintendent of the Soo, spent Saturday and Sunday in the twin cities on business for his company.

Keene to Minneapolis—Trainmaster H. D. Keene left Saturday evening for Minneapolis on a short business trip.

Back From Vacation—Earl DeVelling, clerk in the general office of the Soo, has resumed work after enjoying a ten-day vacation with relatives and friends at Overly, N. D.

A Series of Promotions—Conrad Klappenbach has been promoted from firebuilder to pipe-fitter at the round house. Louis Veves, formerly boiler washer, takes the place of Klappenbach, while his place in turn is filled by Herman Clausen, who formerly was a helper.

Two New Men—Two new men have been added to the crew at the round house during the past few days. They are Arthur Johnson, who is now a wiper, and Chas. Skog, who has taken a position as machinist's helper.

Two More New Ones—Syver Klopp has started work as a coach cleaner in the Soo yards, while Herman Ohm is the new man on the night store room job. Both men began work the first of the week.

Hendry to Shoreham—J. W. Hendry, master mechanic at the Soo round house, left Sunday night for Shoreham to spend two or three days on business for the company.

Gone to Fordville—J. S. Leiran, fireman, has gone to Fordville and will hereafter heave the black nuggets for the Soo on a run out of that city.

Qualey on Vacation—Among those who are at present enjoying their annual vacations may be mentioned Louis Qualey, car repairer, who is spending a week with friends at Detroit.

Belgrade Visitor—John Linde left Aug. 8 for Belgrade, this state, where he is spending a short vacation among friends and relatives.

Repairing Dredge—John M. Skog, machinist, left the latter part of last week for Detroit, where he was called to make some repairs on the company ditcher which is operating near that place. He expected to complete the work and return within a few days.

On Vacation—Miss Albina Doucett, clerk in the local freight office of the Soo, is enjoying a week's vacation with friends at Oklee and Duluth.

Mrs. Pratt Returned—Mrs. H. A. Pratt, who had been spending a two weeks' vacation with relatives in Illinois and in an outing at Aubol's grove near St. Hilaire with a party of friends, has resumed her position in the freight office of the Soo.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

Gilbert Gilbertson, street commissioner, drew a check for $28 in payment for a month's work.

Frank Jeffers, county superintendent of school, notified teachers of the county to appear for examination at St. Hilaire, Red Lake Falls and Thief River Falls.

A protocol covering the peace terms of the United States was agreed upon by M. Cambon, representing Spain, and President McKinley, and it had been telegraphed to Madrid.

Frank M. Eddy was in the thick of a fight as candidate for congress from the Seventh district.

The Press roasted Chas. E. Boughton of Red Lake Falls to a turn for bolting the Populist party and trying for the office of county attorney by the petition route. Evidently politics created considerable interest in the good old days.

Paul Midderigh was reported as having gone to the wheat fields of Dakota to help during harvest.

Martin Johnson of Excel township lost a ten-ton stack of hay and a wagon by fire.

The local gun club was practicing diligently and making some very creditable scores.

Harvest was on in full blast and the weather was ideal for doing the work. Indications were favorable for an exceptionally heavy yield throughout this section.

Chris Porter and Chris Paulson formed a partnership in the draying business, and added a fine team of heavy horses to their equipment.

Ten Years Ago.

The report of County Auditor O'Brien showed that a total of $53,860 had been expended by the county during the month. The sum was divided as follows among the various funds: County revenue, $2,199.88; county road and bridge, $2,598; ditch, $4,312.33; redemption fund, $334.24; incidental expense, $15.75; bond and interest, $125.60; refunding, $12.65; school, $19,859.14; town, city and village, $14,986.58; miscellaneous, $9,415.03.

The supreme court declared unconstitutional the law providing for the appointment of a superintendent of highways in counties of less than 200,000 population. Red Lake county had such an overseer in the person of C. H. Martz and the decision meant that he could no longer legally hold the job.

There were four candidates for sheriff in the field, two republicans and two democrats.

Thieves entered the home of Philip Zeh while the family was in attendance at the fair and got away with two gold watches, a pair of bracelets, a stick pin and other small articles. This was the only robbery reported to the police during the fair.

Ed. O'Hara was laid up with a badly sprained foot, which was hurt in the running gear of his bus.

Mrs. A. H. Akre, daughter, Miss Avis, and Miss Vera Wilhelm, were absent on a three weeks' vacation trip which included a visit to the twin cities and several points in the southern part of the state.

Dr. H. G. Hieber was spending the week at Cedar Falls, Iowa, on a visit to his parents.

Mr. and Mrs. E. K. Ansen came over from North Dakota with the intention of again making their home in this city. Mr. Ansen accepted a position as head of the grocery department in the Oen Mercantile company store.

Application was made by Capt. Wiste of Company L, for a furlough of drill for the company, effective at once and lasting until October 1. This was made necessary by the absence of over half the members, who had gone to the harvest fields of the Dakotas.

FAIR TREATMENT

Why the Scotch Highlanders Wear Kilts

BECAUSE the Highland Scot, wading through the *wet weather* of the mountains, found *Kilts* kept drier.

Before the Roman soldier, himself a Kiltic, came, Lowland and Highland folk wore Kilts.

When modern life turned the Lowlands to trousers, the *wet mountain heather* held the Highlands to Kilts.

But his wet weather, had GOODRICH been founded, wouldn't have worried the Highlander.

GOODRICH SERVICE VALUE TIRES

Goodrich would have met his needs with Hipress boots and waterproof garments, just as Goodrich met the need of the automobile for the *right* rubber tire.

Twenty-two years Goodrich has shaped the destiny of automobile tires, bringing them from crude, clumsy affairs, to the graceful GOODRICH SERVICE VALUE TIRES.

And all Goodrich inventions were directed toward *one end*, SERVICE VALUE to the user.

For Goodrich recognizes but one tire value; *what a tire is worth to the motorist on his car and on the road, in comfort, economy, and long mileage.*

Goodrich manufacture puts SERVICE VALUE in Goodrich Tires, both **SILVERTOWN CORDS**, and **BLACK SAFETY TREADS**, and Goodrich Test Car Fleets *prove* it is *there*.

Demand the SERVICE VALUE TIRES.

Notice of Tax Sale of Unredeemed Lands in Pennington County, Minnesota, Under Sections 2127, 2128 and 2129, General Statutes 1913, As Amended By Chapter 332, General Laws of 1915.

Pursuant to the provisions of Sections 2127, 2128 and 2129 General Statutes 1913, as amended by Chapter 332, General Laws 1915, and Chapter 334, General Laws 1915, notice is hereby given, that on Monday the 19th day of August, 1918, at 10 o'clock a. m. the forenoon, at the office of the County Auditor in the County Court House at Thief River Falls, in Pennington County, Minnesota, all tracts or parcels of land situate in Pennington County, bid in for the State, and not assigned to purchasers or redeemed within three years from the date of the tax sale at which said parcels were offered and so bid in by the State, will be offered at public sale, and will be sold to the highest bidder therefor. The current taxes will be included in all cases. No parcel will be sold for less sum than the aggregate taxes, penalties, interest and costs charged against it, unless the cash value therefor, fairly determined by the County Board and approved by the Minnesota Tax Commission, shall be less than such aggregate; provided, however, that all parcels bid in for the State for the taxes of 1907 prior years, and not assigned to purchasers or redeemed as aforesaid, may be disposed of for one-half of the total taxes as originally assessed; and provided further, that all tracts offered at sale, held under Chapter 543, General Laws 1913, and not sold to an actual purchaser at said sale or subsequently assigned, will be offered for not less than fifty (50) per cent of the assessed valuation thereof for 1916 and taxes for the year 1915 with penalty and interest in full. Purchasers shall forthwith pay the amount of their respective bids to the County Treasurer. Said sale will begin at the time and place named above and will continue from day to day until every such tract or parcel shall have been offered for sale under the provisions of said statutes. The list of said real property, subject to said sale, and which will be offered for sale, unless previously redeemed, is now on file in the office of said County Auditor, and of the State Auditor of said State.

Owners or interested parties may redeem their property by paying the full amount due to the County Treasurer, at any time before sale and within sixty (60) days after proof of service of the Notice of Expiration of Redemption has been filed with the County Auditor. After the Notice of Expiration of Redemption has been served, as provided in Section 2148, General Statutes 1913, the Chairman of the Minnesota Tax Commission is authorized to issue a deed in the name of the State, to the person entitled thereto. (See Chapter 332, General Laws 1915.)

Dated at Thief River Falls, Minnesota, July 24, 1918.

MORTGAGE FORECLOSURE SALE.

NOTICE IS HEREBY GIVEN, that default has been made in the condition of a mortgage executed by Andy Solberg and Alma Solberg, his wife, Mortgagors, to Louis Kruse, Mortgagee, dated February 23rd, 1917, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of February, A. D., 1917, at Eleven O'clock A. M., in book 13 of Mortgages, on page 302 thereof, that the amount claimed to be due on said mortgage at this date is Five Hundred Fifty-three and 42-100 Dollars ($553.42); that the premises described in and covered by said mortgage are described as Lot Number Twenty-seven (27) and the South Ten Feet (S. 10 ft.) of Lot Twenty-six (26) of Block Numbered Eleven, (11), in Porter's Addition to the City of Thief River Falls, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds in and for said Pennington County, Minnesota, and are situated in Pennington County, Minnesota; that said mortgage contained a provision that if default be made by the mortgagors in any of the provisions of said mortgage, that it should be lawful for the Mortgagee to declare the whole sum secured by said mortgage to be due and payable, that the mortgagors have failed and neglected to pay the interest which fell due under the terms of said mortgage on February 23rd, 1918, and have failed to pay the taxes on said premises for the year 1917, and the mortgagee has elected to declare, and has declared the whole amount of said mortgage, principal and interest due and payable; that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by the sale of said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesot, at the east front door of the Pennington County Court House, in the City of Thief River Falls, Pennington County, Minnesota, on August 17th, 1918 at Ten O'clock A. M., to satisfy the amount then due on said mortgage together with the cost of such sale and Twenty-five Dollars ($25.00) attorney's fees stipulated in said mortgage.

Dated June 24th, 1918.
LOUIS KRUSE,
Mortgagee.
THEO. QUALE,
Attorney for Mortgagee,
Thief River Falls, Minn.

Citation for Hearing on Final Account and For Distribution.

Estate of Klaus Otto Hallstrom, also known as Otto Hallstrom and Otto Hellstrom.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Klaus Otto Hallstrom, Decedent:

The State of Minnesota to Lina Hallstrom, Lilly Hallstrom, Clarence Hallstrom and all persons interested in the final account and distribution of the estate of said decedent:

The representative of the above named decedent, having filed in this Court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled;

THEREFORE, YOU, AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 7th day of September, 1918, at 10 o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 14th day of August, 1918.
WILHELM MICHELET,
Probate Judge.
(Court Seal.)
O. A. Naplin,
Attorney for Petitioner.

Keep a Bundle on Hand for Improving Farm Buildings

THERE are hundreds of various uses for Cornell-Wood-Board on every farm. Old walls and ceilings in the house and summer kitchen can be made attractively new. The interiors, too, of your Garage, Dairy Barn, Poultry House will be kept warm in winter and cool in summer as a result of being covered with

Cornell-Wood-Board
Excels for Walls, Ceilings and Partitions
Repairs Alterations or New Work

You can put it up yourself if you choose. Full directions for applying in every bundle.

Resisting fire and moisture, Cornell-Wood-Board will not crack, *split, warp or buckle.* Saves time, labor and money because of the ease with which it is put up. Excels for covering the walls, ceilings and partitions of Residences, Barns, Garages, Churches, Stores, Theaters, Schools, etc., and for scores of special uses on the farm or in the city. Nails direct to the framework, or right over walls, and takes paint or calcimine perfectly.

Come in and let us show samples and give complete information.

Winton-Nichols Lumber Company

Try The "Want Ad Way"

THE only way America can increase the world's supply of food is by the use of more labor-saving machinery.

We have land enough but *lack of labor is the limiting factor;* so more uptodate farm machinery must be put at work to take the place of the farm laborers we simply cannot get.

There is only one *machine power recruiting station* in all this community where the *steel workmen* needed to increase crop yields can be found.

The only place where new types and models of farm machinery can be compared by *you* for purchase is at the Minnesota State Fair, September 2 to 7.

PRACTICAL METHODS OF CANNING SHOWN

SERIES OF VALUABLE DEMONSTRATIONS CARRIED OUT AT COUNTY FAIR.

That the canning of vegetables and fruits can successfully be carried out with the use of very little or no sugar was proven conclusively at the county fair last week by those in charge of the booths devoted to the education of the public in this respect. Two different systems of canning were demonstrated, the one being known as the cold pack and the other the steam pack method.

Misses Florence Prichard and Evangeline Burns of this city were in charge of the demonstration of the cold pack method to interested throngs of fair visitors, and it is safe to say that hundreds of people in the county have directly been benefitted through being shown the details of canning by this simple means.

Prof. F. G. Wells, agricultural instructor at the high school, was in charge of the department showing what is known as the steam pack method, and succeeded in disseminating a great deal of information on a method which has recently become very popular through its extreme simplicity and practicability. The outfits used in the demonstrations were the same that have been used at the high school building for several weeks past. Much good should result from these exhibits and Pennington county people will no doubt be quick to adopt these simple and necessary means for preserving the food supply while it is plentiful to be used at a season when the same vegetables and fruits are expensive and often extremely hard to procure at any price.

Red Cross Notice.

Notice to the effect that the surgical dressings rooms would be colsed Monday was an error. The rooms will be open every week day and evening except Saturday.—Mrs. Thos. A. Way.

STOP ENLISTMENTS FOR THE PRESENT

NEW ORDER BARS ALL VOLUNTEERS UNTIL AFTER DRAFT LAW PASSES.

Word was received August 8th by Major John D. Yost, Recruiting Officer for the Minnesota District, from Washington to discontinue all voluntary enlistments in the U. S. army, pending the passage of the new draft act, requiring the registration f all *men between the ages of 18 and 45* years of age.

This order will put a stop to all recruiting in the state for the time being at least. Until further orders are received, however, Major Yost states that his recruiting machinery in the state will not be disturbed. Civilian Recruiting committees which have been of inestimable value to the recruiting officer in this district and have helped materially to make Minnesota the envy of all other recruiting districts, will merely remain inactive until further orders are received.

Strenuous efforts were required to put the Minnesota district in the position it now holds, and if recruiting for the army is resumed in the near future, the Civilian committees organized by Major Yost in all parts of the state will be ready to go back to work with renewed efforts to make up for the time lost. Major Yost is more than proud of the organization built up in Minnesota for army recruiting purposes. It has added over 15,000 men to Uncle Sam's fighting forces in the past eight months, and he does not propose to disrupt his machine until it is absolutely necessary.

Co-operation and infinite hard work are the secrets of the success obtained in this district, and the same efforts will be put forth again by every army recruiting agency in the state when the word is given.

Attempted Robbery.

An amateur thief entered the barber shop and pool hall of C. B. Bradley last Friday evening through the rear door and made an attempt to open the safe. The would-be burglar did not succeed in getting into the strong box but could have done so easily had he not worked on the assumption that it was locked. The proprietor states that the door of the safe was only closed and that the intruder unwittingly locked it as soon as he turned the combination dial. Nothing was taken from the building, and Mr. Bradley suggests that the next time anyone wants to get access to the safe in his place he had better come around beforehand and he will be furnished with the combination.

WIN PRIZES FOR RED CROSS WORK

LOCAL LADIES IN COMPETITION FOR PRIZES AT RECENT COUNTY FAIR.

In connection with Red Cross work at the county fair last week, prizes were offered for the best samples of the various kinds of surgical dressings being made by local workers and sent for the relief of the suffering soldiers on the fighting line in France. Competition was keen and many excellent samples of work were on display.

The judges were Mrs. Wm. Hall, Mrs. F. F. Haynes and Miss Mary Prichard, instructors in the surgical dressings rooms of the local Red Cross, and the following awards were made:

Finger sponge—Esther Hanson, 1st, $1; Mrs. Dennis LeSage, 2nd, 50c.

Compress, 8x4—Genevieve Roscoe, 1st, 50c: Mrs. T. A. Price, 2nd, 25c.

Wipe, 4x4—Mrs. V. C. Noper, 1st, 50c; Mrs. C. A. Nason, 2nd, 25c.

Prize cards in envelopes with names of winners will be left in the surgical dressings rooms at the Auditorium and the winners may call for them there.

Crookston Man Electrocuted.

George Greenhalgh, a Crookston lineman, met sudden death last Friday, when through an accident an *electrical current of 2,300 volts* passed through his body while he was at work at the top of a high pole. Death was instantaneous and the upper part of his body was burned black by the terrible shock. Deceased was a close friend of Anton Lusian of this city, having made his home with Mr. Lusian's folks at Crookston for the past fifteen years. He was about 36 years old at the time of his death. Mr. and Mrs. Lusian drove to Crookston in their car on Sunday to be in attendance at the funeral.

Red Cross Workers, Notice.

Yarn and other material ordered by the Pennington county Red Cross have failed to arrive. By reason of this the production of articles alloted to this county is delayed. Red Cross workers will be supplied as soon as headquarters can fill our orders, long since placed. The following letter from Northern Division headquarters explains the situation:

"Mr. Thos. A. Way, Chairman, Thief River Falls, Minn., Dear Sir: Answering your inquiry of Aug. 12, we regret that we can give no definite information as to when you may expect the yarn. We have none in stock, and though we have a supply purchased we have no positive information us to when it will arrive. All we can say is that if we cannot supply the yarn and other material we will not expect you to furnish the socks and other articles until we furnish it. Yours truly, J. H. Ellison, Director, Bureau of Supplies."

REGULAR MEETING OF CITY COUNCIL

The city council met in regular session on Tuesday evening at the council rooms in the Auditorium. All members of the council were present at the meeting and considerable routine business was disposed of. The monthly reports of the city clerk, municipal judge, chief of police and city treasurer were accepted and filed.

A motion was made to raise the salary of the cemetery sexton from $70 to $80 per month, this raise having been recommended by the cemetery association. None of the councilmen seemed to think this unreasonable and the motion was passed without a dissenting vote. Martin Mikkelson is the sexton who will benefit pany, which has the contract for digby this raise in salary.

The Swenson Artesian Well comging the city well on Duluth avenue, offered a bond in the sum of $3,500 to guarantee faithful performance of the work, and after a short discussion this bond was accepted by the city fathers. The bond of Helseth & McAdams, who have a city contract was reduced to $500.

The sum of $63.04 was appropriated to the township of Rocksbury as the city's share in the work of constructing a piece of road south of the city.

A petition for cement sidewalk on Davis avenue from Third to Fifth street was presented by property owners in that vicinity, and a resolution ordering the construction of the sidewalk was unanimously passed by the council.

The usual batch of bills was allowed, after which the council adjourned.

Card of Thanks.

We wish to express our heartfelt thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of our wife, daughter and sister. Especially do we want to thank the kind people of Thief River Falls, Oklee and Plummer and the ladies of the church for the floral offerings and decorations.

Ingvald Husby,
Mr. and Mrs. Ole O. Gullingsrud,
Otto Gullingsrud,
Mrs. H. E. Gruthe,
Elmina Gullingsrud.
a-15-pd.

Card of Thanks.

We wish to express our heartfelt thanks to all our friends and neighbors who so kindly assisted us during the illness and death of our son and brother, Adolph. We wish to especially thank Rev. Larson for his comforting words, the orghnist, those who gave the beautiful flowers and Mr. and Mrs. T. T. Kiland who did so much for the family during the last two weeks of his illness.

Mr. and Mrs. T. J. Quamme,
and Family.
a-15.

Adjudged Insane.

Axel Blom, a young man residing near Rosewood, was adjudged insane the first of the week and was taken to the state hospital at Fergus Falls by Sheriff W. J. LaBree. The unfortunate young man's mind became unbalanced through worrying about the war and deep thinking about electrical and gas engine contrivances in which he had been deeply interested for several years. He is an expert auto mechanic and had been employed in garages for some time. It is the opinion of the doctors that Blom's condition will yield readily to treatment at the hospital and that he will soon be able to return home in good health.

SEVERE STORM HITS RED LAKE COUNTY

Red Lake county was visited by the worst storm in years last Friday afternoon, beginning at four o'clock and lasting for three hours. Over two inches of rain fell throughout the county and considerable hail fell in spots, while the high wind laid the crops low over a large acreage.

Some damage was done to the crops by hail, but the extent of the damage has not yet been estimated. Telephone lines also were put out of commission by the storm. The hail fell only in small patches, however, and the devastated area is accordingly not very large. Most of the fields of grain were so badly lodged by the storm that they will have to be cut *one way*, which means increased trouble and cost in harvesting.

An Excellent Display.

Among the displays at the county fair worthy of especial mention and which through an oversight was omitted in these columns last week, was the attractive booth occupied by the Thief River Grocery company and devoted to showing the No-Vary line of groceries. Every number in this large line was represented in the display and Manager Herrick of the Grocery company has been highly complimented on the showing made. These exhibits, while they naturally help the exhibitor, also aid wonderfully in making the county fair what it is intended to be. More of our business institutions should make an attempt along similar lines in the future.

Physicians' Hospital Notes.

Those who entered the Physicians' hospital during the past week for medical attention since last Thursday morning up to this morning are namely: Clarence Haugen, city; Thos. Thompson, Plummer; Mrs. P. Preston, Plummer: Mrs. Johanna Purdgton, city; Miss Lillian Roark; city; Walter Oppedahl, city; Mrs. Bessie Gotham, city; Mrs. Chas. Swanson, Clearbrook; Ernest Heden, Plummer; Wm. Selka, Holt; Richard Mabey, city; Mrs. Jennie Swanson, Rosewood; Mrs. Synneva Brenna, city; Miss Alice Froseth, city; Albino Carlson, city; A. N. Olson, city; Miss Thea Haugen, Gatzke and Gordan Philips, city.

At Officers' School.

Attorney G. Howard Smith and family left Saturday evening for St. Paul, where Mrs. Smith and the children will remain with relatives while Mr. Smith is taking a course of training at the Camp Pike, Ark., school for officers. He has had considerable military training in the past and this together with a splendid education and other qualifications will no doubt place him in line for rapid advancement in the school. The best wishes of numerous Thief River Falls friends go with him.

At the Theatres.

The first number of a week's splendid bookings appears tonight at the Princess, the bill being Constance Talmadge in "The Safety Curtain." The mere fact that Miss Talmadge stars in the play is sufficient guarantee as to its quality. In addition to the picture program a musical entertainment has been arranged, in which the celebrated accordeon player, Hugo Johnson, and Mrs. Johnson, piano-accordeonist, will appear. They render a program of rare excellence and our people will not wish to miss it.

On Friday evening comes Vivian Martin in "Viviette." This is a very charming picture and cannot help but satisfy the most critical movie fan.

Admirers of Harold Lockwood will have another opportunity of seeing him Saturday evening, when he appears in a very strong play entitled, "Broadway Bill," a big six-reel picture of the out-of-doors.

An exceptionally pleasing program has been provided for Sunday, when the justly popular actress, Marguerite Clark, stars in her great stage success, "Prunella." New York went wild over this play and you will do likewise. Monday Marguerite Fiske appears in "Jilted Janet," and it is said to be one of her best.

The really big event of the week comes next Tuesday when the famous Geraldine Farrar appears as Joan of Arc in that wonderful film, "Joan, the Woman." Eight wonderful reels go to make up this story and all those who enjoy good pictures cannot afford to miss it. Next Wednesday, "The Danger Mark" holds the boards. Elsie Ferguson is the star in this picture and leaves nothing to be wished for in the portrayal of her part. It is a fitting finish to a week of unusually strong pictures.

Winger-Oftedahl.

Olaf G. Winger and Miss Ella Emelia Oftedahl, daughter of Mr. and Mrs. John Oftedahl, of this city, were quietly married last Thursday evening, August 8th, in the parsonage of the Synod church, with Rev. I. T. Anstad officiating. They were attended by Miss Tillie Oftedahl, sister of the bride, and Peter Oftedahl, brother of the bride.

Mr. Winger was entertaining the Young Peoples' society in the basement of the church on Thursday evening and during the lunch sought out his bride-to-be and escaped to the parsonage, next door, where they were married. The remainder of the evening was spent serenading the newlyweds.

Mr. and Mrs. Winger will make this city their home, Mr. Winger being head clerk in the clothing department of the Oen store.

Stanton-Flynn.

The marriage of Attorney E. M. Stanton of this city and Miss Etta Flynn of Minneapolis took place last Saturday afternoon in Minneapolis at the home of the bride's father, Robt. Flynn, 813-11th avenue southeast, with Father Finnigan of the St. Lawrence Catholic church officiating. Miss Flynn was employed in this city for a number of years in the Soo offices up to seven years ago when she returned to Minneapolis. During the past year she has been an active worker in the Northern Division of the Red Cross.

Mr. and Mrs. Stanton arrived here Monday morning and are at home in the Dobner building.

Ahlborn-Saastad.

Miss Olga Saastad of Holt, became the bride of Pte. Adley Ahlborn last Saturday evening. They were united in marriage by Judge N. W. Tarrant in the Municipal Court rooms. Pte. Ahlborn is a member of the U. S. marines stationed at Annapolis, Maryland. He and Mrs. Ahlborn left Saturday night for the Twin Cities and Willmar. They visited with Pte. Ahlborn's mother and sisters in Willmar. Mrs. Ahlborn will return to her home in Holt where she will remain until the war is over.

Reep-Storli.

Tobias Reep of Plummer, formerly of this city, and Miss Ruth Storli, who for the past four years has been instructor of Norse in the Lincoln high school, were quietly married in Minneapolis Thursday of last week, Aug. 8th. A short trip was taken by car to Lake Chetak, Wis., where they were guests at the Roe cottage. Mr. and Mrs. Reep returned to Plummer today where they will be at home to their friends. Mr. Reep is cashier of the First State bank of Plummer.

Kierk-Engen.

On Saturday afternoon at five o'clock, Miss Ella Engen, daughter of Mr. and Mrs. Christ Engen, became the bride of Jens K. Kierk. The wedding was given at the home of the bride's parents, five miles northwest of this city, with Rev. A. N. Skogerboe reading the ceremony. The bride was attended by her sister, Miss Gunda Engen and Christ Kierk was his brother's attendant.

Mr. and Mrs. Kierk have gone to housekeeping on Mr. Kierk's farm three miles northwest of this city.

NEW PRINCESS THEATRE

"Quality" Fully Describes Times Work

Loken's Fall and Winter
—CATALOG—
Now Ready for Distribution

Our second catalog, the most beautiful and elaborate mail order catalog ever issued by a merchandising establishment outside the larger cities of the country, is now ready for mailing.

We Want You to Have One

If you do not receive your copy, notify Loken Bros., Thief River Falls, at once, and it will be forwarded by return mail. Unless you have an opportunity to look over this wonderful bargain list you will lose the greatest money-saving opportunity ever presented.

Everything Illustrated and Priced

Within its pages will be found illustrations of such goods as Printzess and Wooltex garments, Warner's corsets, Nemo corsets, Royal Society needlework, Elsie Dinsmore Girl's dresses, Community Silverware, etc. These goods have never before been offered b ya catalog house.

OUR PRICES ARE, IN MANY INSTANCES CONSIDERABLY BELOW THOSE quoted by mail order houses in the cities, while we will meet the price made on every article quoted by them and handled by us. WE MAKE NO EXCEPTIONS.

SEND FOR THIS CATALOG—It will mean a great saving in actual cash and will furnish proof that you can get as good or better values right at home as are offered in the larger trade centers. SEND FOR THE CATALOG TODAY.

Our first mail order catalog was issued last spring. It was then an experiment but the catalog has now become a permanent part of this big merchandising establishment. After the issuing of our spring catalog our business for the month of March increased 65 per cent over that of a year ago; April showed an increase of 49 per cent; May, 29½ per cent; June 20, per cent and July 40 per cent. Our mail order catalog is a proven success.

MINNESOTA HISTORICAL SOCIETY

SCHOOLS OF CITY TO OPEN SEPT. 3

EDUCATIONAL FORCES "CARRY ON" AS USUAL DESPITE WAR.

BIG ATTENDANCE EXPECTED

NUMBER OF BOYS IN ARMY MAY REDUCE HIGH SCHOOL ATTENDANCE.

The public schools of Thief River Falls will begin the year's work on Tuesday, Sept. 3., Monday being Labor Day and therefore a legal holiday, the actual school work has been postponed until the morning *following. A teachers' meeting will* be held on Monday, at which time organization will be effected and the work outlined for the year. The board of education has been fortunate in being able to secure a full corps of teachers, with but two exceptions, and it is thought that these vacancies can be filled before the beginning of the term.

To Eliminate German.

In harmony with the general trend throughout the country, the board of education has decided to eliminate the teaching of German in the Thief River Falls schools, for the duration of the war at least. This measure was adopted prior to the close of last term but will not become effective until the beginning of the new school year. The only languages to be taught aside from English are Latin and Norse. The substitution of Spanish for German was considered but action on this matter was postponed for the present. This decision of the school board will meet with the general approval of the public as the teaching of German in times like these can be productive of no good.

Practical Studies Emphasized.

As has been the custom for several years past, practical things will receive more attention than theories and the less useful branches of education. For this reason it is planned to specialize particularly in manual training, agriculture and household economics. Excellent results have been obtained in these departments in recent years and with the added attention to be given them in the future, great things may be looked for along these lines.

No elaborate plans have been made for athletics this year owing to the fact that many of the high school boys who in the past have taken a prominent part in these activities have joined the forces of Uncle Sam and will be absent during the term. If enough available material can be secured, however, football and basketball teams will be organized and this branch of school work placed in the hands of a local coach. Athletics form a very important part of school work and will receive all the consideration to which they are titled.

120 Stars on the Service Flag.

[illegible]

New Directors' Room.

A change that will be appreciated by the public and which will make for better management of school affairs is the arrangement whereby a room has been set aside in the Lincoln building in which all meetings of the school board will be held and all business of that body transacted. A clerk will be found in this room at all times to attend to the wants of the people. In the past it has been the custom to hold meetings of the school board in the private office of the clerk or any other convenient place, but this has been unsatisfactory in many ways and the new arrangement will be a decided improvement.

To Aid Farm Boys.

While it is desired that all those who possibly can do so shall enroll on the opening day of school, provision has been made to take care of cases where boys are needed on farms to assist with the harvesting and fall work. In some places the opening of school has been postponed for two weeks to take care of these cases, but here school closed two weeks earlier last spring than usual to allow for more time to do farm work, and for this reason it was thought best to begin the term on schedule time and take care of each individual case of enforced absence on its own merits. Every day lost at school is a handicap to the pupil and each boy and girl should make every effort to begin studies at the earliest possible moment after the opening of the school year.

Majestic Parlor Closed.

The Majestic Shoe Shining parlor on LaBree avenue has been closed and the equipment was this week shipped by the owner, William Dress, to Albert Lea. Mr. Dress has for some time been conducting a similar establishment at Albert Lea and found it impossible to keep the shop in this city running in a satisfactory manner owing to the scarcity of competent help.

Pays Fine For Assault.

Last Saturday morning in municipal court Frank Race of Reiner township pleaded guilty to a charge of assault and battery preferred against him by his neighbor, Gustaf Bjerkness, and paid a fine of $5 and costs. The costs were quite heavy owing to the fact that the principals *in the case had to come nearly thirty* miles to settle their differences.

NEW REGISTRATION HERE ON SATURDAY

ALL MEN REACHING 21 SINCE JUNE 5 REQUIRED TO REGISTER.

Arrangements have been completed whereby all youths in the county who have reached 21 years of age since June 5 last will be required to register for military service on Saturday, August 24.

In Pennington county the registration will be held in Thief River Falls at the office of the local board at the court house between the hours of 7 a. m. and 9 p. m. All youths in the county who have reached their majority since June 5 are compelled to register. It is not known how many will register here but the number will probably not be very large.

Registrants should bear in mind that there is only one place in the county at which to register and should also remember that the rules governing this event are the same as those applying to former registrations. Those who fail to comply with the requirements will be classed as draft evaders, which carries with it a very heavy punishment.

B.P.O.E. PREPARING FOR A BIG PICNIC

LOCAL LODGE PLANNING ANNUAL EVENT FOR SUNDAY, AUG. 25.

The annual picnic of the Thief River Falls lodge of Elks will be held at Squaw Point next Sunday, Aug. 26, and indications are that it will be even better than similar affairs given during past years. The Elks have a reputation to maintain [illegible]

[illegible] GILBERT J. LARSON

LETTER FROM SISTER GIVES ADDED DETAILS ON DEATH OF SOLDIER.

The Times is in receipt of a letter from Miss Lena Larson of Ellsworth, Minn., a sister of Gilbert J. Larson, whose death while on duty with the American army in France was noted in last week's issue of this paper.

Gilbert J. Larson was born February 18, 1887, at Ellsworth, Minn., and spent most of his time there until about six years ago, when he entered the employment of the Soo line in this city. He left early last September for Camp Dodge and was transferred to Washington, D. C., in November. He sailed for France about Jan. 1. Larson was a member of Co. E, 5th Battalion, 20th Engineers. His death occurred from influenza on Aug. 6.

Deceased leaves to mourn his death his parents, one brother, Martin, and sister, Lena, at Ellsworth, Minn., a sister, Mrs. Simpson, Sibley, Ia., and another brother, Rev. A. L. Larson, of Hamlet, N. D. Rev. Larson a few years ago was pastor of the Zion Lutheran church in this city and deceased was a member of this organization.

THIEVES RAN THE CAR TO VIKING AND LEFT IT IN GARAGE.

H. E. Waldron and C. O. Kling, two young men who give their homes as Cass Lake, are now in jail awaiting sentence on a charge of grand larceny as the result of a little escapade in which they indulged on *Thursday night of last week.* The two men broke into the garage of Dr. F. H. Gambell and, according to their own confession, took the doctor's Ford car and left town westward over the Jefferson highway with the intention of making their getaway. It seems that their nerve rather gave out when they reached Viking, however, and the men left the car in a garage and returned to this city.

Officers on Trail.

The following morning when Dr. Gambell became aware of the fact that his car had been taken he at once notified the authorities. Sheriff LaBree succeeded in locating the machine in the Viking garage and also secured a very good description of the men from the proprietor of the establishment. The description tallied exactly with the appearance of Waldron and Kling, who had been in the city for a week or more engaged as chimney sweeps. The men were at once placed under arrest and made a clean confession of the whole affair. They could not explain why they had taken the car, but asserted that on several occasions during the trip to Viking they had been on the verge of returning the car to its owner and giving up the deal as a bad job. Upon arriving from Cass Lake to this city the two men had sold a Ford car to a local business man, and the fact that nothing wrong has developed in connection with this deal and the further fact that the mayor, chief of police and other prominent men of Cass Lake gave the prisoners good recommendations, makes it appear that this was the first attempt of the pair to deviate from the straight and narrow path.

Prisoners Bound Over.

The two men were given a hearing Saturday morning in municipal court but waived examination and were bound over to the district court under $500 bonds by Judge N. W. Tarrant. They will be taken to Warren today to appear before Judge Grindeland to enter a plea. Not being able to furnish bonds the men have been confined in jail since the hearing. What the plea will be is not known but it is likely that a plea of guilty will be entered in order that the men may receive their sentence and begin serving time at once.

ECON-O-KLEEN USED ALL OVER WORLD

LOCAL PRODUCT IS GAINING [illegible] IN SALES [illegible] HEMISPHERE.

The growing popularity of Econ-O-Kleen is becoming more apparent [illegible] month. The fact that Econ-O-Kleen serves its purpose even better when mixed with kerosene than with gasoline in cooking stoves makes it possible for the housewife and small restaurant proprietor to be relieved of the worry and foul odor arising from the burning fuel.

Lightning Strikes Barn.

On Monday of last week lightning struck the fine new barn of J. A. Welsch, three miles noth of Grygla, and a fire resulted which burned the structure to the ground. The bolt killed a valuable Percheron stallion which was in the barn at the time, while Mr. Welsch succeeded in saving five other horses and two automobiles from the burning building. The total loss is estimated at $2,500.

Threshing Not Yet Begun.

Owing to the lateness of the season and the frequent showers of rain during the past few days, it is not thought likely that any threshing will be done in Pennington county for several days, possibly a week or more. Although the showers have interfered to a certain extent with the work of harvesting, enough rain has not fallen to do any appreciable damage to crops remaining uncut.

AUTO CLUB MEETING TOMORROW EVENING.

There will be a special meeting of the Thief River Auto club Friday evening of this week in the Commercial Club rooms for the purpose of electing a new board of governors and the transaction of other matters of importance. It is hoped that a full attendance of members will be had so that plans for the coming season may be outlined and work started thereon.

Two More Local Boys Join Forces of Yanks Overseas During Week

Every day new names are being added to the list of Pennington county men who are on active duty with the American forces in France. The last of the week cards were received announcing the safe arrival overseas *of two more Thief River Falls young* men, these being James A. Smith and Clarence Nelson. The former is a son of Mr. and Mrs. Andrew D. Smith, 413 Markley avenue south, and the latter is the son of Mr. and Mrs. Chas. A. Nelson, 204 Conley avenue south.

Both these boys enlisted last April in the coast artillery but were granted a transfer to the regular artillery in order that they might have an opportunity to see duty on the actual battle front. Young Smith has recently been promoted to 1st mechanic in his company.

BUSINESS MEN HELP FARMERS

MUCH GRAIN SHOCKED BY VOLUNTEERS ASSEMBLING AT AUDITORIUM EVENINGS.

LABOR SITUATION GOOD

BUSINESS MEN MAKE REGULAR CHARGE FOR LABOR, MONEY DONATED TO RED CROSS.

Hundreds of acres of grain are being shocked by the business and professional men of Thief River Falls who meet at the Auditorium every evening at 6:30 and go wherever calls have been received from for urgent need of help. The spirit displayed by the business men is excellent and all are doing everything necessary to save all grain that might suffer because of lack of help. The Home Guard company meets as a unit and is always reinforced by the business and professional men who are not members of the company. This means that practically every business man in the city places himself at the service of the farmers every evening. They have also gone on record to close their places of business [illegible] harvest field.

[illegible]

Money to Red Cross.

[illegible] and when the harvesting is over with all money earned in this way is to be given to the local Red Cross chapter. A complete report will be published showing the number of acres shocked and the amount turned over to the Red Cross.

All Calls to Mr. White.

All farmers finding themselves short of help should notify County Agent White as early in the day as possible and that evening a brigade of business men will make quick work of the grain ready to be shocked. This should not be done though until the farmer has made an honest effort to get help. The business men aim only to help where it is absolutely necessary and do not want to in any way interfere with the man who is looking for a job. If help can't be secured the farmer will then be taken care of.

All Asked to Help.

If there are any who are not now going on these shocking expeditions with the business men the invitation is made general to meet with "the bunch" at the Auditorium every evening at 6:30 and "get into the game." Automobiles are furnished free by the business men to take the men to and from the farms.

FOURTEEN MEN TO CAMP GRANT

LAST DRAFT QUOTA FOR AUGUST TO ENTRAIN NEXT MONDAY.

CLASS ONE NOT EXHAUSTED

HEAVY DRAIN NEARLY DEPLETES LIST OF AVAILABLES, HOWEVER.

What is probably the last draft call for the month of August has been received by T. P. Anderson, clerk of the local draft board, and requires that fourteen men be sent from Pennington county to Camp Grant, Ill., on Monday, Aug. 26. The men will leave on the early morning train over the Soo line.

Owing to the fact that Pennington county has an unusually large number of Class 1 men in proportion to her population, no trouble is experienced here in securing a sufficient number of men to fill the quotas required by the government. The list is rapidly growing smaller, however, and many more calls cannot be filled unless the available material is substantially augmented by the addition of more men through changes in the draft laws. This change is now pending before congress and for this reason there is no likelihood that the local draft board will find it necessary to take men from deferred classification in order to fill future calls.

Good Soldier Material.

The group of men to leave next Monday for camp is of the same high quality as those sent from Pennington county in the past and the boys have undergone the same careful examination by the draft board. For this reason it is not likely that many of them will be returned as unfit for duty after they have received their final examinations. The local draft board has an enviable reputation for fairness and thoroughness in its work.

Those Chosen to Go.

Following is the list of next Monday's contingent as prepared by Clerk T. P. Anderson and it is not thought likely that many changes in this will be found necessary:

Henry George Swanson, St. Hilaire; Louis Domstrand, Wylie; Wesley Pierson, St. Hilaire; Herbert Leonard Johnson, City; Anton Kolski, Rudell; Knut Dahl, Sunbeam; Alvin Gordon Evenson, City; Eddie Richard Brekke, Kratka; Oscar Harold Ness, City; Casper Guy Hanson, St. Hilaire; Clarence Ernest Johnson, City; Alfred Gerhard Severson, City; Ole S. Dahle, Erie; Fred Nielson, Superior, Wis.

A Correction.

Through an oversight last week the name of the Christian Science church was omitted in the list of contributors for the food recipes. It should have appeared in the heading in connection with the Presbyterian church.

RED LAKE FALLS [illegible]

[illegible] of whiskey [illegible] and costs, having to pay [illegible] William O'Brien, giving [illegible] Minneapolis, were [illegible] He reported the matter to the safety commission men there and named Peter Gaedker, who was identified and arrested as the man who had sold the whiskey. He was fined $50 and four rifles and three guns which he had in his possession were confiscated.

This was the first arrest of a blind pigger at Red Lake Falls since the recent order of the safety commission closing the saloons and liquor warehouses in Red Lake county.

RED CROSS PLEDGES MUST BE PAID NOW.

Attention is again called to the fact that many pledges to the National Red Cross still remain unpaid. It is very important that these pledges be taken care of at once and payment should be made at the Farmers and Merchants State bank without further delay. The public will please bear in mind that these pledges are for the National Red Cross and they should not be confused with donations to the local chapter.

And Still No Water.

The new city well on Duluth avenue is now down to a depth of 236 feet and there is still no sign of an adequate supply of water. This is the trial depth originally agreed upon between the city council and the Swanson Artesian Well company, which is doing the work, and the plans for the future have not yet been fully decided upon. The general opinion seems to be, however, that the work will be continued to a reasonable depth in the hope of striking a vein which will furnish all the water needed.

Lawrence Bjorkman Injured.

While assisting at the old saw mill where a crew of men are at work turning the old buildings and remaining machinery into salvage, Lawrence, eldest son of Mr. and Mrs. B. Dan Bjorkman, suffered a very painful injury. The rough edge of a piece of plate steel cut a deep gash in the calf of his leg and fifteen stitches were required to close the wound. The boy is still at the hospital but unless serious complications set in will be able to return to his home in a few days.

REJECTED SOLDIERS RETURN FROM CAMP

FOUR PENNINGTON COUNTY MEN FAILED TO PASS PHYSICAL TESTS.

As a result of being unable to pass the rigid physical examinations which are required of drafted men after reaching camp, four Pennington county men returned this week from Camp Wadsworth, S. C. They are Leonard Erickson, Alfred Stene and Elmer E. Swenson of this city, and Thos. Olson of Highlanding township. Erickson, Stene and Olson arrived the first of the week while Swenson remained in the twin cities for a short visit.

The boys were at Camp Wadsworth for more than a week and were given a splendid opportunity to view camp life from the inside. They are naturally very much disappointed because of their failure to pass the examinations for army duty, but the fault is in no wise theirs and they are given full credit for doing all in their power to help Uncle Sam win the war. It is probable that these young men will be placed in limited service positions and in this case they will still have a chance to do their bit.

HENRY STENSRUD AMONG WOUNDED

ANOTHER THIEF RIVER BOY TEMPORARILY PUT OUT OF COMMISSION.

Henry Stensrud, son of Mr. and Mrs. J. J. Stensrud of this city, is back in action on the western front after having been confined in a hospital for two months recovering from the effects of a wound. Henry was with a raiding party which cleaned out a few Boche trenches and came out of the fray with an ugly bullet wound in the heel.

[illegible]

LITTLE FOLKS IN CENTER OF STAGE

[illegible] ACCORDANCE WITH GOVERNMENT PLAN.

MANY FINE KIDDIES HERE

THREE HUNDRED SIXTY-FIVE YOUNGSTERS RECORDED IN THE COUNTY.

(Florence Lee, R. N.)

Just divide 365 by eight and you have a record of 45 and one-half youngsters who have been weighed, measured, inspected and recorded each day since the public nurse came on duty. Each child has its individual record card made out in duplicate, one card being the property of the parent and the other later to be mailed to the Children's Bureau at Washington, D. C.

Emphasizes Proper Feeding.

A great deal of emphasis has been placed by the nurse on the matter of proper feeding for the children, for at this particular point the "sins of the parents" are surely visited upon the poor little people. Sausage meat, lemons, ice cream, pickles, pork, coffee—just think of a child under two years of age trying to digest such "stuff." With some parents any old hour for bed time seems to be the rule. Is it any wonder that we have disordered nerves as the little folks grow older?

Why should a young child sleep with older people? This is a rank injustice to childhood and only extreme poverty can excuse it. Each day, as the work goes on, the attitude of the parents becomes more responsive, for they are beginning to realize what underlies this nation-wide movement for better health standards for the future citizens.

Nurse Here Until Aug. 31.

[illegible] at the Knox school. On Tuesday, Aug. 27, the nurse will be there from 10 a. m. to 12 m. and from 1:30 to 5:30. [illegible] may be brought at that time. Mothers are requested to come as early in the day as possible.

The parents' meeting for Friday, [illegible] in the Central School, will be held in the high school auditorium instead. [illegible]

[illegible] who is sent out by the State Board of Health, will be here all day Saturday, Aug. 31, as announced. The clinic will be from 10 a. m. to 12 m. and from 1:30 to 6 p. m. An evening meeting for parents will be held at the high school auditorium beginning at 7:30. Everything free of charge.

Mrs. Lee wishes to express her appreciation to so many of the citizens of Thief River Falls, St. Hilaire and Goodridge, who have most generously given of their time, the use of their autos and their personal services to make this work possible. Without this spirit of co-operation the work would simply have been the mechanical compilation of statistics. With this personal note added to the work, inspiration has made the figure 365 seem vital.

Country Week.

The week beginning Aug. 19 is country week and part of next week, the work will be continued in rural districts. The census of children recorded Aug. 19 and 20 was 26, and homes were visited where parents failed to present themselves at the various schools.

No country schedule for next week can be announced at this time, but the clerks of the different districts will be notified of the date when the nurse may be expected.

LABOR QUESTION NOT HARD HERE

HARVEST GOING IN FULL BLAST AND NO TROUBLE ANTICIPATED.

FARMERS EXCHANGE WORK

FARM BUREAU ALSO USED AS CLEARING HOUSE FOR LABOR.

During the past week harvesting has been in full swing throughout all parts of the county. The labor situation has been gratifying. Many of the farmers have solved their labor problem, first, by working as they have never worked before; second, by adjusting things so that the farmer's family is capable of rendering more assistance; third, the farmers as a whole have learned to co-operate with their neighbors in the matter of a more liberal exchange of labor; fourth, they have learned to co-operate with the government agencies which are trying to secure enough transient labor to meet seasonal demands of the farmers; fifth, the business men throughout the county have where necessary gone into the fields evenings and assisted with the shocking. At no time has the situation been critical according to those who are closest in touch with the local affairs.

County Agent White Busy.

County Agent Ross P. White reports that during the past week he has secured eleven men for ten different farmers and had thirteen applications for work which he could find no place for. He also states that a number of men have volunteered to work half of each day on nearby farms if necessary. In only one or two cases have these men been called upon.

Business Men Help.

The business men of Thief River Falls and St. Hilaire have gone into the fields on a few occasions to shock where grain was cut and no laborers available just at that time.

This splendid spirit of co-operation is to be commended and is sure to bring the farmers, business men and professional men of the county in closer touch with each other and with their government. Anyone wishing laborers should notify the farm bureau office, which is acting as the clearing house for labor calls.

Letters from the BOYS

SCANLAN VICTIM OF GERMAN GAS

NOW CONFINED IN AMERICAN HOSPITAL RECOVERING FROM EFFECTS.

SOON BE BACK IN SERVICE

IS IN FINE SPIRITS AND TELLS HIS FOLKS NOT TO WORRY.

The following letters have recently been received by T. D. Scanlan of this city from his son, Fred T. Scanlan, a corporal in the 151st Field Artillery, which took an active part in the fighting near Chateau Thierry in the recent allied offensive against the Huns. Young Scanlan was listed among the wounded on July 15 and has since been confined in a base hospital recovering from the effects of poison gas. The letters will prove of interest to Corp. Scanlan's many friends in this city, and are as follows:

"July 15, 1918.

"Dear Folks:

"Just a couple of lines to let you know that everything is going fine. At present am waiting to be sent to the hospital for being slightly gassed. No doubt you will receive official notification of it, and I am writing these few lines to set your minds at ease. Don't worry, for the attack was only slight and it is only as a precautionary measure that I am being evacuated. Have not had time to write for some time past but will communicate with you at the earliest opportunity."

"July 19, 1918.

"Dear Folks:

"Will follow up my letter of a few days ago with another. Since writing the last one I have been sent back to a base hospital and it will probably be some time before I get a chance to rejoin my 'outfit.' As you may know, or will know, we were in the 'big push,' and if it is left to little Freddie he won't break his neck in any attempt to participate in another one of such proportions for awhile. Leaving the front did not stop the war for me, though, for within two days I was in three hospitals that were either shelled or bombed. Pleasant sensation—very. Am feeling as well as could be expected and will probably be all right within a few days. So don't worry. When you write address my mail as before for I am having it forwarded."

"July 30, 1918.

"Dear Folks:

"Nothing much to write about, but will drop you a couple of lines to let you know that I am getting along very nicely. Have now been in the hospital for two weeks. Am now up and around and save for an occasional pain in my lungs and a spell or two of modified smothering, I feel as well as I ever did.

"Haven't had any mail from you for about five or six weeks—in fact, I received my last mail from you on June 10, over six weeks ago. Naturally, I am quite anxious to hear from you. No doubt I shall find an abundance of mail at the Battery once I get back to it, but in the meantime I shall receive none."

FIRST IMPRESSIONS OF A NEW SOLDIER

FRED W. GUNSTAD WRITES INTERESTING LETTER FROM INDIANAPOLIS.

The Times is in receipt of a letter from Fred W. Gunstad, a former employe, who left last week for Indianapolis, Ind., to take special mechanical training in preparation for further work as a soldier of Uncle Sam. While Fred has hardly been there long enough to get his bearings, he has kept his eyes open every minute since his arrival, which is witnessed by the following letter:

"We got here Thursday morning (minus the bells) and got out to camp at about nine. Had our examination the same day. Saw some good country on Wednesday afternoon while in Illinois. Wednesday morning, we followed the Mississippi quite a ways and all we could see was hills on one side of the track and river bottom on the other. Chicago is 'some place' all right, although we couldn't see much of it. Yet judging by the time it took to get in and out of it the place must be 'powerful' large.

"The camp here has about 1,100 men now, every one of them having just arrived with the exception of a few non-commissioned officers who are to help train us rookies. This is a fine town—from what I've seen of it— but haven't been allowed to go to town yet. We won't be allowed until we're through with vaccination. Just got our first shot yesterday.

"The Y. M. C. A. has a camp here so we don't need to go to town, anyway. The Y. M. C. A. is there with the service, that's certain. They don't charge 20 cents for 'Camels' either—only 15.

"We have good officers and get a lot of good plain grub, so we haven't any kick coming at all. We have been issued overalls and shoes already, and uniforms will also be issued before long. Some shoes—no cramped toes in them. In the basement of our building there is a barber shop and a boot black, and a place to send one's laundry. Of course, we do our own shaving, but when the officer says that your hair is too long it is handy to have a barber around. We could do our own washing, too, if we wanted to but we hardly have time—and we'll be busier yet when we get started on our auto training.

"Greet all my friends there and send me a copy of the paper. My address is: Pte. Fred Gunstad, Co. F. C. of C., Trn. Det. No. 2, Indianapolis, Ind."

G. HOWARD SMITH IS TRAINING HARD

LIKES ARMY LIFE BUT FINDS IT JUST A TRIFLE STRENUOUS.

The Times is in receipt of an interesting letter from Attorney G. Howard Smith, who left nearly two weeks ago for Camp Pike, Ark., to enroll in the officers training school. While Mr. Smith has not yet been in military life a sufficient length of time to get his bearings, he has been there long enough to notice a few things, and The Times takes pleasure in reproducing the letter for the benefit of its readers. Here it is:

"Well, I am now a full fledged 'Buddy' and I can tell you that the middle name of the army is 'work.' And the C. O. T. S. is the hardest worked branch in the army.

"We start at 5:30 a. m. and quit at 9:30 p. m., and lights are out at 10 p. m. The rest of the time we are at leisure—asleep. But it is worth while and I am sure going after those shoulder straps.

"We don't have a 'poor food club' and I haven't tasted ice cream since I left home. The grub is great and plenty of it, and everything is done for the good health of the men.

"All dope on the army not being efficient is bunk. It is the height of efficiency. We were told by the French and British instructors who were at the front July 14th that the war will at least continue for three years.

"Tell the people to kick in strong for the Y. M. C. A., and Red Cross. They do wonderful work but are overcrowded and need a thousand per cent more capacity and money. There are 70,000 men here but only 1,500 training for commissions. Yours truly, Private George Howard Smith, 4th Company, 4th Battalion, C. O. T. S. Camp Pike, Little Rock, Ark."

HARDY BOTHUN IN THICK OF BATTLE

ANOTHER THIEF RIVER FALLS BOY ON TRAIL OF KAISER'S HOSTS.

Hardy Bothun, a well known Thief River Falls boy, who has been in the thick of the fight on the western front in France for some time, writes the following cheering letter to his father, Martin Bothun, and The Times takes pleasure in reproducing it for the benefit of its readers:

"July 21, 1918.

"Dear Father:

"Just a line or two between hikes. You know there is hard fighting, but we've got the Hun on the run and expect to keep him there. Then it will be 'fini de la guere' right away. But don't worry—everything will come out all right.

"Received a letter from Ben Bothun a few days ago and I know he is near us some place but I can't locate him. I got the letter the day after he mailed it. Well, it is over nine months since we left the good old states. Sometimes it seems time flies fast and that it was but a short time ago, and then again it seems to have been centuries ago.

"Fred was gassed in a recent fight we had but I guess it is slight and he will soon pull out of it all right.

"We are receiving citations from Gen. Foch for gallantry, and when we come back we can say we did more than our share. Everybody in France is happy about the victories of the Allies. Might be home for Christmas—let's hope so. Must close. Hardy. Address: H. L. Bothun, Bat. F, 151st U. S. F. A., Am. Ex. Forces, via New York."

Work or fight is the order from the government. The Crookston College will prepare you for a position in the shortest possible time. Bookkeeping, shorthand auto, gas and steam engineering. Board and room in private family $4 and $4.50 per week. Write for catalog. J. C. Sathre, Crookston, Minn.—a-8-e.ow.tf

Reduced Rates to State Fair.

So eager is the government to induce everyone in the Northwest to visit the big war features at the coming Minnesota State Fair and War Exposition, September 2 to 7, that it is offering reduced railroad rates to persons desiring to go. A fare and a half round trip rate is to be given anyone in the territory of the state fair during fair week.

A big allied war exposition, presenting thousands and thousands of big guns, shells, mines torpedoes, aeroplanes, uniforms and other booty taken from the hard-pressed Germans on the western front, the Austro-Italian front, and on other war zones, will be the leading feature of the fair. This exhibit is coming from the Pacific coast, and is the biggest war exhibit in the world. It is to cover 14,000 square feet of space.

Other big features will be shown at the fair. It has been estimated that fully 50,000 square feet of space are to be given over to such activities. It will be the biggest war exposition in America this year.

NEW SYSTEM UNDER ALLOTMENT LAW

MISUNDERSTANDINGS CORRECTED IN REGARD TO PAYMENTS.

The Commission of Public Safety has been informed regarding the issuance of a statement by the War Department showing the former delay in the issuance of soldiers' allotments under the law. The statement is as follows and is of vital interest to every family with men in the service:

Every enlisted man in the active military or naval service is under a duty to allot $15 a month from his pay to his wife and children. To these compulsory allotments the government adds family allowances, ranging from $5 a month for a motherless child, and $15 for a wife without children, up to a maximum of $50. The compulsory allotments are the same for all enlisted men, regardless of rank or pay.

In addition to the compulsory allotments, the enlisted men may also make voluntary allotments to his parents, grandparents, brothers, sisters, or grandchildren, and, if they are dependent upon him for support, the government may add certain monthly family allowances.

If the enlisted man is already making a compulsory allotment to his wife and children, he need allot only $5 additional to his brothers, sisters, parents, grandparents, and grandchildren, if he claims a family allowance for them. But if he is not making a compulsory allotment, he must allot $15 to such other relatives to obtain a government allowance for them.

The Bureau of War Risk Insurance will pay allotments only when they carry with them government family allowances, and then only in the amounts required to support such allowances. All other allotments will be paid by the branch of the military or naval service in which the man is enlisted.

The essence of the whole change in dollars and cents is simply this:

Heretofore when an enlisted man alloted more than the required amount the Bureau of War Risk Insurance included this excess in the check which it sent to the relative. Now this is changed. All excess allotments will be paid by the army, and navy, the marine corps and the coast guard directly.

Another element which will tend to reduce the Bureau of War Risk Insurance checks is this:

In the past a compulsory allotment made by an enlisted man to his wife and children varied according to his rank and pay. The amount was not fixed. The only limits were a minimum of $15 a month and a maximum of half the man's pay. Between these two poles, the allotment depended on the man's pay, the law specifying that he had to equal, if possible, the government allowance. This sliding scale arrangement was changed by an amendment to the War Risk Insurance Act effective July 1st, 1918. Hereafter, allotments as stated previously, are the same for all enlisted men regardless of rank or pay.

In other words, a sergeant making $48 a month, who under the old system would have been compelled to allot $24 to his wife and children will now be required to allot only $15, thus lopping $9 off the check which the Bureau of War Risk Insurance will send to the sergeant's family. If the sergeant wants to continue to allot $24, the Bureau of War Risk Insurance will pay the $15, and the excess of $9 will be paid by the War Department through the quartermaster general.

The result of this new system will be to speed up the delivery of checks to dependent relatives, because it will reduce the amount of mathematics required to make awards.

The important thing is that although in some cases the first check may be smaller than usual, there will probably be another check coming from a different department to make up the balance. The relatives should be urged to write to the enlisted man to find out how much he is alloting, and how much of this is paid through the Bureau of War Risk Insurance, and how much by his own service department.

We must also emphasize the fact that the Bureau of War Risk Insurance is overloaded with correspondence, receiving upwards of 20,000 letters a day and that complaints and inquiries about specific cases always delay action because they result in the papers being taken out of the files and losing their regular position. We should tell people to wait until the end of the month before writing to anybody. If they have inquiries regarding excess allotments, they should consult the Home Service Sections of the American Red Cross. These sections, because of their intimate contact with the soldiers' and sailors' families, have already been receiving from their Washington headquarters complete and detailed instructions as to these changes in law and governmental procedure, with explicit suggestions as to the manner of explaining them to the relatives of the enlisted men. If any individual cases need attention at Washington they will be referred by the Red Cross to the quartermaster general of the army, the navy allotment officer, the paymaster of marine corps, or the captain commandant of the coast guard, (as the case may be) all in Washington, D. C.

We should also remind people that July allotments are not payable until August, that August allotments are not payable until September, and so forth.

Complete List of Soldiers From Pennington County

Enviable Showing Made By Community in Giving to the Nation Its Best Men For War Service---Compilation of List Made By Local Military Relief Committee.

The list of young men from Pennington county who have entered the service of Uncle Sam in the various branches has been compiled by the Military Relief Committee of the Pennington County Chapter, American Red Cross, of which Mrs. J. J. Richter is the chairman.

The list as prepared is given herewith and includes practically every young man who has gone from here, although there may be a few cases of local men who have gone into the service by enlisting in some other city than Thief River Falls. The list also includes some men from other counties who enlisted here. If any who have joined the colors are not listed it is hoped that the families or friends will inform Mrs. Richter of the fact so that the names may be added.

Died in Service.

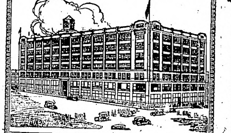
MINNESOTA STATE FAIR
SEPTEMBER 2-7, 1918
YOU ARE INVITED
to visit "the Home of the West's leading shoemakers"



—the factory where the famous Foot-Schulze Shoes are made; this factory has been pronounced by those competent to judge to be a model of efficiency and convenience where the first consideration is the *safety, health* and *well being of the work people.* These ideal working conditions are reflected in the wonderful quality of the product.

Courteous guides on hand during Fair Week to show you through this complete exhibit of all the appliances that go to make a complete factory of fine footwear.

Come and see the famous
FOOT-SCHULZE SHOES
"in the making."
FOOT, SCHULZE & CO.

SALOON CLOSING ORDER DRASTIC

LIQUOR MUST BE SHIPPED OUT OF RED LAKE COUNTY IN TEN DAYS.

CLOSE WATCH ON DEALERS

CLOSING ORDER RESULTS FROM HEARINGS HELD DURING SUMMER.

A copy of the order closing the saloons in Red Lake county has been received and it brings some new points which were not contained in the news report published in The Times last week.

According to this order the sale of intoxicating liquors in Red Lake county is prohibited during the present war and for a period of three months after the ratification of the treaty of peace terminating this war. All licenses authorizing the sale of intoxicating liquor are cancelled and no municipalities in said county shall during the period mentioned above grant any licenses to sell intoxicating liquor.

Stocks to be Removed.

All stocks of intoxicating liquor now in said county shall be removed by rail from said county within 10 days of the date of the order. Said removal to be to some place or places within or without the state of Minnesota at which the sale of intoxicating liquor is authorized by law. Should the owners of any stock of liquor in Red Lake county fail to transport the same from the county within 10 days, such stock shall be seized and held by an agent of the commission, and a final disposition of same shall wait the further order of the commission. The governor of the state is authorized and requested to take the necessary steps to carry out the provision of the order.

Give Reasons For Order.

The order is dated St. Paul, Minnesota, August 13th, and therefore all liquor must be transported out of Red Lake county before August 23rd.

In forwarding the order the commission also attached a memorandum which states that the evils arising from the sale of intoxicating liquor in Red Lake county, have been much more wide-spread than has been generally believed; that these liquors were distributed not only through Red Lake county, but for a distance of 150 to 300 miles in North Dakota and that the conditions existing, practically nullified the laws in all the surrounding territory pertaining to the sale of intoxicating liquors.

Twenty-four witnesses were examined and the commission states that the regions demoralized, from the sale of liquor in Red Lake county, has greatly affected the manpower of a territory, which is one of the most fertile and productive agricultural districts in the world and at this time is getting the largest crop of wheat and other food stuffs.

It is further set out that the showing made by those who opposed the granting of the petition to close the saloons in Red Lake county, was to the effect that the county, as a county, and the municipalities of Red Lake Falls and Plummer were peaceful law-abiding communities and while this statement is admitted, the contention is made that the defects from the sale of liquor in Red Lake county were felt more in a territory entirely outside of the county.

Statement by Youngquist.

County Attorney Youngquist of Polk county, who was active in bringing about this order, expressed himself as being well satisfied with results. He states that people generally have no idea of the large number of letters and petitions that poured in upon the commission from all parts of the territory which were affected by the sale of liquor in Red Lake county.

"I realize," said Mr. Youngquist, "that I am receiving a large portion of the blame and some credit, based entirely upon the point of view, for the action that has been taken. When it is considered, however, that the victim of practically every fatal automobile accident that has occurred in Northwestern Minnesota during the past year, was driving from Red Lake Falls, I believe there are few people who will censure my activity in connection with this matter or have serious regrets that the last wet spot in Northern Minnesota has been eliminated."

FOURTH LIBERTY LOAN IS COMING

GOVERNMENT ANNOUNCES 4th LIBERTY LOAN WILL BE $6,000,000,000.

The government is getting ready for the Fourth Liberty Loan and will very probably conduct the drive in October.

The loan will be the largest that has yet been floated and will likely be for six billion dollars. The bonds will draw interest at 4¼ per cent and otherwise the conditions governing the issue will be the same as for previous issues.

The amount of this Fourth Liberty Loan is twice as large as the last one so that every loyal and patriotic citizen should be planning now to handle his subscription. There is no question about the loan coming. The Government has announced it, the money is needed and the people will have to subscribe for it.

The Government estimates that it will need twenty-four billion dollars the coming year. Of this amount one-third will be raised by taxation on incomes and excess profits. This leaves two-thirds to be raised through the sale of bonds. The nation will therefore have to absorb about sixteen billion dollars in bonds the next twelve month. These amounts are, of course, too vast to comprehend but if every citizen does his share and does not slip out from under so as to increase the burden upon his neighbor the burden is not going to be as heavy as it would at first seem.

Some people do not even at this time understand that the bonds are not gifts to the Government but are loans to the Government. An item has been going the rounds of the press about a citizen from Oklahoma writing to Secretary McAdoo and asking when and where he should pay the interest on his liberty bond. The Oklahoma citizen is probably an extreme case but at the same time there is very general misunderstanding about these bonds. There must be some misunderstanding locally in regard to them because the banks in this city say that but a few of the interest coupons have been presented for payment. Parties having liberty bonds of the first issue can have collected their interest since last May and parties having bonds of the second issue can have collected their interest since June. These coupons can be clipped and cashed at any store or bank. The next interest on these first bonds will be due in November and on the second bonds in December. Figuring from the fact that the next loan is twice as large as the last one in all probability the average allotment per individual will be twice what is allotment was for the last loan.

LARGE TERMINAL ELEVATORS NEEDED

GOVERNMENT SHOULD PROVIDE AMPLE STORAGE FOR GRAIN ON ATLANTIC.

Investigation by the Minnesota railroad and warehouse commission relative to the grain elevator capacity on the Atlantic seaboard reveals that there is available for commercial purposes only about 10,000,000 bushels. This capacity is scattered over seven ports from Portland, Me., to Norfolk, Va. This lack of elevator facilities constitutes the weak link in the entire transportation system overseas and unless additional storage is provided in the immediate future, the commission is convinced that the movement of grain overseas will be hampered and that there is a serious and constant danger of a repetition of the disastrous freight congestion of 1916, which was popularly spoken of as due to "car famine."

Commissioner O. P. B. Jacobson, by a personal investigation in the East revealed that there was no actual shortage of cars at that time. On the contrary, cars were plentiful, but instead of being used for transport purposes they were devoted to storage of grain in the terminal yards of New York, Philadelphia, Newport News and other ports, remaining idle for weeks, and in many cases, for months at a time. Thousands and thousands of cars were used in this way when they should have been in motion, and as a result of so much idle equipment, the entire commercial and industrial life of the country was disorganized. Had there been adequate grain storage facilities at the Atlantic seaboard in 1916, cars would have been released immediately on arrival, and there would have been no serious congestion, although climatic conditions possibly would have caused some interference with freight traffic.

On a recent visit to the Atlantic ports, Mr. Jacobson learned that the situation now is fully as serious as in 1916, and probably more so, as no additional elevators have been constructed and several of the old ones have been destroyed by fire. High officials of the Federal railroad and food administration agree that the elevator facilities in the eastern ports are "shamefully inadequate." They are straining every nerve to keep freight moving and to keep the ports clear from congestion, but frankly confess that there should be a very much greater grain capacity on the seaboard so that grain from the west may be unloaded without delay and the cars returned to traffic, and also that vessels may obtain cargoes as soon as they arrive in port. Without such facilities a breakdown in the overseas transportation always will be imminent.

The Minnesota railroad and warehouse commission is endeavoring to bring before congress and the railroad administration the urgent need of taking prompt action to provide additional elevators at all the main ports on the Atlantic and urges every farmer and every friend of the farmer to exert every influence upon the federal government to take such action as will supply this much needed want of the grain interests of the United States and of the Allied countries.

CHRISTIAN SCIENTISTS AID ALL IN SERVICE

WELFARE WORK CONDUCTED IN 45 ARMY AND NAVY CONCENTRATION CENTERS.

Christian Science camp welfare work is now being carried on in forty-five army and navy camps in the United States under direction of the Christian Science War Relief and Camp Welfare committee of The First Church of Christ, Scientist, in Boston. There are at present about seventy men and fifteen women engaged in this work, the women serving mainly as welfare room attendants.

Conducted at first independently, the camp welfare work has been merged with the war relief work which the Christian Scientists were doing in foreign countries before the United States entered the war. For both these purposes about one million dollars have been raised.

The aim of the Christian Science camp workers is to be as helpful as possible to all the men in the camps, whether or not they are Christian Scientists, and particularly to give assistance which may not be available at the time or place through any of the other camp welfare agencies. A feature of this phase of the work is an arrangement for keeping soldiers and sailors in close touch with their relatives.

Quick Communication.

Cooperating with the committee in Boston, there is a Christian Science camp welfare committee in each state. The committee in the home state of a soldier or sailor cooperates by mail and telegraph with the committee of the state in which he is camped or stationed to form a direct and constant link between the soldier or sailor and his relatives. Thereby the relatives are quickly made acquainted with needs of their boy in the service, and he is provided with an avenue of quick communication with his home.

This linking of home and camp, combined with the personal attention of the Christian Science workers in the camps, has frequently been the means of changing a soldier's outlook from one of gloom to one of joy, and not infrequently it has proved to be the means of relieving relatives of financial embarrassment, the committee in the home state making loans for use by the relatives until their boy in camp should be prepared to forward money to them.

Healings Recorded.

The net result, for which the Christian Science committees and camp workers have received many commendations, has been a noticeable raising of the morale of many men in the service and the development of a better feeling at home regarding the participation of their boys in the service.

The camp workers say there is an increased willingness among the commanding officers and surgeons to allow Christian Science treatment for those men who ask for it, and many Christian Science healings have been recorded. Recently, two requests for Christian Science services in hospital wards were received by camp workers from medical nurses who had observed the beneficial effects of Christian Science treatment.

In or near numerous camps, the Christian Science committees have erected substantial buildings, with quiet places for reading and writing, and other buildings are in course of construction. A light touring car has been added to the equipment of Christian Science camp workers at each camp to be used wherever and whenever possible in assisting the men.—Boston Advertiser.

CROOKSTON WOMAN DISTRICT CHAIRMAN

TO SERVE Y. W. C. A. IN COOPERATIVE DRIVE THIS FALL.

Mrs. A. A. Miller of Crookston is to serve as chairman of the Seventh district in Minnesota for the Y. W. C. A. in the cooperative drive of the Y. W. C. A. and Y. M. C. A., which is to be made this fall. At this time the two organizations will go out for $112,000,000 that they may carry on their wartime activities, at home and abroad. Of this amount $15,000,000 will go to the Y. W. C. A. Minnesota's share in this Y. W. C. A. total is approximately $2,975,000. Mrs. J. S. Bell of Minneapolis is to be the state chairman for the drive, with Mrs. W. J. Dean of St. Paul and Mrs. George Lane of Minneapolis as vice-chairmen. Prominent women throughout the state will assist them. Minnesota is a part of the central department according to the division of the country for the drive. Headquarters will be in Chicago, although the north central field headquarters still remain in Minneapolis. Mrs. Andrew McLeish of Chicago is serving as chairman of the department, with Mrs. Joseph Stronge of St. Paul as vice chairman; Mrs. Charles Mayo of Rochester is one of the three members at large on their committee and Mrs. Marion LeRoy Burton of Minneapolis is the representative of the north central field. The district over which Mrs. Miller will have charge includes the counties of Kittson, Roseau, Marshall, Beltrami, Polk, Pennington, Red Lake, Norman, Mahnomen and Clearwater.

Since the last drive for which the Y. W. C. A. asked the public for $4,000,000 and received $5,000,000 instead, the organization, which has taken care of the young girls as its wartime measure, has built 61 Hostess houses in the various cantonments. It has established 114 white and 13 colored centers for club and recreation work. It has provided the girl workers in 6 industrial centers with emergency housing. It has provided a down town club for girls in Washington, where thousands of young women now are doing war work. It has been responsible for securing three vacation houses and a country club near Washington for these girls and now has in course of erection an emergency transient hotel for women within sight of Union Station in Washington. It has established clubs for colored girls in thirteen colored communities, fifteen centers for its work among foreign-born women, 9 centers in industrial communities, where from 500 to 10,000 girls are employed, and established formal and informal registry bureaus throughout the country, as well as uniting with the Woman's Land army in land service, and sending broadcast well-known lecturers on social morality through whom the girls on the second line of defense, at home, are learning the Godliness of clean living. It has sent 72 workers, most of them college-trained women, conversant with the French language, to Europe, where 5 centers for American women, now in war work, have been provided; 9 centers for French women in the factories and stores have been built, and 14 nurses' huts established near the base hospitals. Before Russia's disorganization it had established 3 centers where club, cafeteria, recreational, and educational work for girls is being carried. So great is the demand for additional work and workers of this kind that the government has commandeered the associations equipment and services, and it is for the expansion of the wartime activities that the fund of this fall is being sought.

Wanted, a Husband.

The St. Paul Dispatch of August 3rd, advertises for a husband for a training nurse of German parentage, but a loyal American, 28 years of age, earning $125.00 per month, and will pay for license and other expenses. She wants a loyal American to release her from her alien registration, one who will enlist and do his bit to win the war for democracy over autocracy. She hates the kaiser, and no man with the least sign of pro-Germanism in him need apply.

Miss Huldah Anderson of Grand Forks, N. D., arrived in this city on Monday morning for a brief visit with friends. She left Monday night for Plummer for a few days' visit before returning to her home.

TELEPHONES UNDER FEDERAL CONTROL

LETTER TO EMPOLYES EXPLAINS STATUS UNDER NEW REGULATIONS.

The following message has been received from President Theo. N. Vail by all employees of the companies comprising the Bell Telephone system.

"Under the authority of the law and by the proclamation of the President, possession and control of the wire systems passed to the Postmaster General as of August 1st.

"In a conference held in Washington at which were present the Postmaster General, the Government Operating committee and representatives of the Bell companies, the Postmaster General expressed most emphatically his appreciation of the service which the Bell companies were rendering and that such improvement possible to be made would be because of the additional power derived from the government. He asked for the cooperation and assistance of those who had heretofore been responsible for the service. The Postmaster General was equally emphatic in the statement of his desire to conserve the service and properties of the companies with a view of returning them when called upon so to do to the owners in as good condition as received. That it was his earnest desire that the owners should receive just compensation in the full sense for their use.

"The Postmaster General, until other instructions are issued, desires that the conduct of operation shall continue as heretofore and also states that no changes will be made until after consultation and full and careful consideration.

"To all who are identified with the Bell companies—who have shown your fine sense of obligation and your loyalty and fidelity to the country, to the public service, and to the property in the past, and to whom the credit is due for the prestige and position of the companies in the public eye—it is asked and it is not too much to ask of you, that same loyalty, fidelity and devotion to the service under the new order of things. On your behalf such loyalty, fidelity and devotion to service have been promised knowing full well the spirit in which you would meet and respond to the request. To do one's full duty in each position is the greatest obligation resting upon every person and is also the greatest opening to future preferment."

No More Newspapers.

The pulp and paper division of the war industries board, according to the daily newspaper reports, has made a ruling to the effect that no more newspapers be established until after the war. The object of the order is, of course, to conserve the supply of print paper, which is barely sufficient to supply existing publications. This is one of the many drastic orders issued recently to aid in the conservation of news print, which has been very scarce for some time.

Hotel Dyckman is Minneapolis newest downtown fireproof hotel. 300 rooms; each room has its own private bath. Rates $1.75 to $3.50 per day. —a-8-tf.

How You Hate Those Greasy Dishes!

And the pots and kettles that you have to scrape. *Unless* you have learned, as have thousands of other women, of this easier, better way to clean table and kitchenware. Sprinkle

20 MULE TEAM BORAX

into your dish-water. It makes dish-washing easy because it cuts grease instantly off dishes and silver, pots and pans, and puts a wonderful lustre on glass, and cleanses *hygienically* because it is mildly antiseptic.

Endorsed by all health authorities. Used wherever hygienic cleanliness must be maintained.

Special Values
In All Wool Suitings Tailored To Order
$21.50
2 piece suit $21.50--3 piece suit $24.50
Nearly 200 All Wool Suitings to Select From

Our Advice is,
BUY NOW!

Men who know, predict that the present high prices of woolens may be doubled in the very near future. Buy all you can afford, because next season it is highly probable you will have to pay at least $40.00 for a suit made from the identical quality of material offered in this sale. The wise man, the man who must economize on all expenditures, cannot help but heed our phenomenal offer of these splendid All-Wool Fabrics made to order for $21.50 and $24.50.

And REMEMBER! Every garment is guaranteed, and no suit will be delivered unless it meets with your entire satisfaction.

The material used in these ALL WOOL suits is the same quality as any reputable merchant tailor MUST sell at $35.00.

Choose the fabric you want. If it's Serge—it's here. If it's Worsted, Tweed, Homespun, Cheviot, or any other popular fabric—made to your order, $21.50 and $24.50.

Absolute Satisfaction Guaranteed

Buy an Extra Pair of Pants With Your Suit
$7.50

When you buy an extra pair of pants with your suit, you save 50 per cent.

That extra pair gives double wear and cuts the cost in half.

That's an argument that can not be overcome. It's logical, unanswerable. It has made good in a thousand tests; it has been demonstrated by a multitude of clothing buyers that to make your clothing go twice as far you have only to buy an extra pair of pants with your suit. It's a mighty fine investment, as it gives you the wear of practically two suits—and all it costs you is the price of the extra pants.

Indications are that next season you will have to pay $12 to $14 for trousers, of the same quality for which we ask $7.50.

Buy NOW!

LOKEN BROTHERS' FALL AND WINTER CATALOG

FINEST WORK OF ITS KIND EVER ISSUED NOW READY FOR MAILING.

The second mail order catalogue issued by the Loken store at Thief River Falls is now ready for distribution. The bargains contained in the spring catalogue were of such unusual nature that the current issue will be looked for with a great deal of interest. The book contains 54 pages, every one of which should be perused with the closest attention by the careful purchaser.

Made Personal Selections.

H. O. Loken scoured the country for the line advertised in this catalogue. He made numerous trips to the large cities and personally selected the goods the firm is now offering. In no other manner would it have been possible to secure these wares under present conditions. It took hard work and a thorough knowledge of the merchandising situation, but he has succeeded and now offers the people of this section the benefit of his discoveries.

Contains Actual Samples.

The book is printed in colors, but even this system of advertising did not answer the purpose entirely. Mr. Loken therefore has included samples of the actual goods offered, there being 18 of these all told. The goods for these samples alone required the cutting up of hundreds of yards of cloth, every sample being taken from a bolt of the goods right on the shelves at the present time.

Is Free to Everyone.

The concern wants this catalogue to be in every home in Northwestern Minnesota and will be glad to send it free providing a request is mailed to the store in this city. Those who are on the regular Loken mailing list will receive the catalogue withotu any notice being sent, but those who did not receive the spring catalogue should send for the new issue.—Adv.

Alta A. Christie.

Alta A. Christie, the seven year old daughter of Mr. and Mrs. E. S. Christie, 245 Tindolph avenue south, died on Wednesday evening of last week, Aug. 14th at the Physicians hospital, death having followed shortly after an operation for appendicitis. Alta was born in this city July 9th, 1911 and had just started her school career. Besides her parents she has one sister and four brothers to mourn her early death. The funeral services were Saturday afternoon beginning at 2:30 o'clock from the Methodist Episcopal church with Rev. J. A. Orrock officiating and the remains were interred in the Greenwood cemetery.

To Open Studio.

Miss Blanche T. Johnson will open her piano studio on the 9th of September. Students may register Sept. 7th. Present telephone 307-012.—a-22-pd.

Card of Thanks.

We wish to express our heartfelt thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of our daughter and sister, Alta. We wish to especially think them for the beautiful floral offerings.—Mr. and Mrs. E. S. Christie and family.—a-22

Halvorson-Berggren.

The marriage of John A. Halvorson and Miss Thelma A. Berggren of Smiley township, Pennington county, was solmenized last Saturday afternoon by Judge of Probate Wilhelm Michelet in this city. The young married couple are well known and popular young folks of Smiley township. Mr. and Mrs. Halvorson will make their home on the groom's farm.

Four Requests.

Aaker's Business College received four requests for office help in one day last week, but could not fill any of them for lack of graduates. Business men need office help and the U. S. Government needs at least 20,000. Girls and boys under military age must prepare to fill these positions and thus help win the war. Send for a catalog to A. B. C., Grand Forks, N. Dak., also for a Gas Tractor and Auto Engineering catalog.—a-22.

Hertel-Cole.

On Tuesday, Aug. 20th, Miss Tillie Cole, daughter of Mr. and Mrs. Ole Lindstad, 416 Davis avenue, became the bride of George B. Hertel of Fargo, N. D. The wedding service was read by Judge N. W. Tarrant in the Municipal Court rooms. Miss Minnie Linstad, sister of the bride, and Miss Helma Liden acted as witnesses. Mr. and Mrs. Hertel left yesterday afternoon on the Great Northern for Fargo where they will reside.

A Semi-Annual Event.

E. O. Mogensen, the clothier, has two sales each year—one at the close of the winter season and another just as summer is bidding goodbye. The last named event for the season of 1918 is now on, as will be seen by the large advertisement in another part of this issue. The Mogensen stock is recognized as one of the best in this section and consists of a class of goods on which reductions are seldom advertised. Room is needed for the arriving winter goods, however, and Mr. Mogensen has decided to follow his custom of reducing prices in preference to carrying over a large supply. Some unusual bargains are offered and it will pay anyone to read the advertisement over carefully.

Dr. O. F. Mellby left last Friday night for Minneapolis to spend a few days attending to matters of business.

Frank Cornforth motored to this city last Sunday from Crookston for a brief visit at the home of Miss Ruth Bamford and with his sisters, Misses Evelyn and Minnie Cornforth.

Mrs. W. F. Emmond and three children of Jamestown, N. D., arrived in this city last Saturday morning for a three weeks' visit at the home of her parents, Mr. and Mrs. R. G. Cook.

Mrs. Fred W. Johnson and children returned to their home in this city Tuesday evening from Fordville, N. D., where they spent the day with Mr. Johnson, who is working on the Soo out of that place.

Thos. Majeres, who is now in the employ of the Great Northern Railroad company at Crookston, visited at the home of his parents, Mr. and Mrs. N. Majeres, over Sunday. He returned to Crookston Monday morning.

Rev. F. J. Seltz, pastor of the German Lutheran church of this city, left Monday for Alexandria to attend a session of the Park Region conference, which began Tuesday morning and ends tonight. About 70 delegates were present.

Miss Ingeborg Dale arrived here Sunday morning from her home in McIntosh for a few days' visit at the home of her sister, Mrs. J. N. Nesse. She was accompanied here by her sister, Miss Beatrice Dale, who had been visiting in McIntosh for a few days.

Ambrose C. Zeh arrived in this city on Thursday evening of last week for a few days' visit at the home of his father, Phil Zeh and with friends. He is training at the Purdue University, at LaFayette, Ind., in Co. A, Squad 18 of the training detachment. Frank McGinn and Ivan Erickson, of this city, who enlisted with Ambrose, are also located at the Purdue University.

Mr. and Mrs. Thos. A. Way left Tuesday afternoon for Dolan, S. D., to visit at the home of their daughter, Mrs. Lester Lawrence. Mr. Lawrence, who enlisted several weeks ago has been called and leaves Saturday for Agusta, Georgia where he will enter the Officers' Training school. Mrs. Lawrence will return with her parents to remain here until after the war.

Edwin Stebbins, son of Mr. and Mrs. F. J. Stebbins, who has been a student at the San Antonio aviation field for the past year, is now at Long Island City, and expects soon to be going across. This young man has made a splendid record since joining the service. Not only did he manage to pass the final examinations with a score of 90, but he was also among the few who were considered sufficiently expert to be entrusted with the care of Liberty motors in France. His success indicates the closest kind of application to the work in hand while his being selected as one of the few for the higher honors is really more of an achievement than it appears to be. He is another of the boys of whom all old friends are proud.

Notice to School Patrons.

The Thief River Falls school term for the ensuing year opens on Tuesday, September 3rd, Monday being a legal state holiday.

A mistaken idea prevails that it is unnecessary to enroll the opening day, that this may be done a few days or weeks later. This is a dangerous proceeding and inevitably results in trouble and retardation, if not in actual failure later in the year. A few such cases last year can be traced to a late enrollment. Beginners, freshmen and seniors particularly cannot afford to be tardy in registering.

Upon application of parents, consideration will be given those students now working on farms and whose assistance is essential to the saving of the harvest. They cannot be considered in a class, but will receive individual attention.

The districts belonging to each building and the grades and classes therein will remain the same as last year. It might be added that nonresidents cannot be admitted to the grades, but the high school is open and free to school citizens of the state.

J. H. Hay, Supt.

Legal Notices

To Land Owners of Rocksbury Township.

Take Notice—You are hereby notified and required to destroy upon all lands embraced within or constituting a part of the public highway opposite or adjoining lands which you *may own, control or occupy:*

All noxious weeds and grasses in such a manner as to effectually prevent them from bearing seed, and if you fail to so destroy such weeds as so required you will be reported as delinquent and said weeds will be destroyed at your expense and a tax be levied against your said lands to pay the expenses and costs of destroying the same.

By order of Board of Supervisors.
O. C. LANGSETH,
a8-15-22. Town Clerk.

Notice of Expiration of Redemption, Delinquent Taxes Paid.

Office of County Auditor, County of Pennington, State of Minnesota.
Notice of Expiration of Redemption
To S. G. Skjald.

You are hereby notified that the following pieces or parcels of land, situated in the County of Pennington, State of Minnesota, and known and described as follows, to wit:

Lots 18 and 19 Block 39, Original Townsite of Thief River Falls, Minn. is now assessed in your name.

That on the 10th day of May A. D. 1915, at a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, A. D. 1915, in proceedings to enforce the payment of taxes delinquent upon real estate for the year A. D. 1913, for said County of Pennington, the above described piece or parcel of land was sold for the sum of eighteen and 87-100 dollars.

That the certificate of sale for said piece or parcel of land executed and delivered by said County Auditor upon said sale last above mentioned has been presented to me at my office by the holder thereof for the purpose of having notice of expiration of time for redemption from said tax sale of said property given and served; and that the amount required to redeem said piece or parcel of land from said tax sale, exclusive of the costs to accrue upon said notice, is the sum of $18.87, together with interest thereon at the rate of 12 per cent per annum from the 10th day of May, A. D. 1915, until the day such redemption is made.

And the further sum of $15.36, being the amount of the delinquent taxes for the year 1914, upon said premises paid by the purchaser at said tax sale, together with interest on said last named amount at the rate of 12 per cent per annum from the 11th day of January, A. D. 1914, until the day such redemption is made.

And the further sum of $53.99, being the amount of the delinquent taxes for the year 1915, upon said premises paid by the purchaser at said tax sale, together with interest on said last named amount at the rate of 12 per cent per annum from the 22nd day of January, A. D. 1917, until the day such redemption is made.

That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after service of this notice and the filing of proof of such service in my office.

Witness my hand and seal of office this 27th day of May, A. D., 1918.
T. P. ANDERSON,
Auditor Pennington County, Minn.

Citation for Hearing on Final Account and For Distribution.

Estate of Klaus Otto Hallstrom, also known as Otto Hallstrom and Otto Hellstrom.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Klaus Otto Hallstrom, Decedent:

The State of Minnesota to Lina Hallstrom, Lilly Hallstrom, Clarence Hallstrom and all persons interested in the final account and distribution of the estate of said decedent:

The representative of the above named decedent, having filed in this Court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled;

THEREFORE, YOU, AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 7th day of September, 1918, at 10 o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 14th day of August, 1918.
WILHELM MICHELET,
Probate Judge.
(Court Seal.)
O. A. Naplin,
Attorney for Petitioner.
a-15-22-29.

Notice of Expiration of Time of Redemption.

Office of County Auditor, County of Pennington, State of Minnesota, ss.
To Nic Nelson.

You are hereby notified that the following piece or parcel of land situated in the County of Pennington, State of Minnesota, and known and described as follows, to-wit: NW¼ SW¼, Section 22, Township 152, Range 41 is now assessed in your name.

That on the 10th day of May, 1915, at a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, 1915, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1913, for said County of Pennington the above described piece or parcel of land was sold for the sum of Three and 07-100 Dollars.

And that the amount required to redeem said piece or parcel of land from said tax sale exclusive of the costs to accrue upon *this* notice is the sum of Ten Dollars, and Seventy-seven cents, and interest at the rate of 12 per cent per annum on $3.07 thereof from said 10th day of May, 1915, to the day such redemption is made, and interest on $3.85 thereof at the rate of 12 per cent per annum, from the 18th day of January, 1916, to the day thereof redemption is made, and interest on $3.85 at the rate of 12 per cent per annum from the 23rd day of January, 1917, to the day such redemption is made.

That the tax certificate of sale issued to said purchaser has been presented to me by the holder thereof, and this notice requested.

That the time for the redemption of said piece or parcel of land from said tax sale will expire (60) days after the service of this notice, and the filing of proof of such service in my office.

Witness my hand and official seal this 9th day of August, 1918.
T. P. ANDERSON,
(Official Seal) Auditor,
Pennington County, Minn.
By Axel Risberg, Deputy.

The Oak or the Mushroom. ---Which?

ACCUMULATING a competency is a growing process, and growth demands patience. Time is needed, too. For growth is never instantaneous.

THE quickest of all things that grow are mushrooms, toadstools, etc., and they are the most fragile. Everything sturdy in nature represents steady growth.

A Savings Account at this Bank offers you rich soil in which to plant the dollars that will later mean independence for you. We will add 5 per cent interest compounded semi-annually and you will be surprised how it quickens the growing process.

City News

A. J. Anderson of Grygla, attended to business matters in this city on Tuesday.

For Sale—Five passenger touring car cheap if taken at once. May be seen at Borry's Garage.—a-22.

Miss Julia Sevre of this city left last Friday afternoon for Emerado, N. D., for a week's visit with friends.

Mrs. Willis Akre and daughter, Ardith, left Monday afternoon for Crookston for a few days' visit at the home of Mrs. Akre's parents, Mr. and Mrs. A. Anderson.

Miss Helen Haney returned to her home in this city Tuesday morning from Madison, where she had been visiting at the home of her grandparents for two months.

Mrs. Arthur Harleen and son, James, arrived in this city Tuesday morning from their home in Grand Forks, N. D., for a two weeks' visit at the home of her sister, Mrs. C. T. Storholm.

Mr. and Mrs. E. J. Richards and daughter, Ethel, and little nephew, Donald Snyder, returned to this city Monday evening from Detroit and Lake Shoreham where they spent Saturday and Sunday.

Memorial services will be held next Sunday evening beginning at 8:00 o'clock in the Zion Lutheran church in honor of Gilbert Larson, who died in France last week. Rev. George Nelson of Bagley, will deliver the memorial address in both English and Norwegian.

Geo. Mostue returned to his home in this city Monday morning from Washington, D. C., where he has had a government position for a few months past. Mr. Mostue gave up his position in order to spend a short time with his parents before enlisting in the Navy as soon a enlistments are again open.

Mrs. G. M. Gustafson, formerly Miss Doris Martinson of this city, arrived here Tuesday morning from Ada, for a brief visit with Mrs. Raymond Robinson and at the F. H. Herrick home. Mrs. Gustafson left on Tuesday evening for Goodridge for a day's visit at the home of her sister-in-law, Mrs. Roberg. She returned here last evening and leaves this afternoon for Ada.

September 30 we will enroll students for the following courses: Preparatory, Academic (high school studies), Bookkeeping, Shorthand, Typewriting, Piano, Voice, Pipe Organ. Trained teachers are employed and your success in life is a certainty. Send for a booklet today. Your letters or cards of inquiry will be cheerfully answered. Address North Star College, Warren, Minn.—a-22.

Miss Ann Patterson arrived here Tuesday morning from St. Hilaire for a few days' visit with friends.

Miss Mary McGinn of Green Bay, Wis., was a guest last week at the home of her uncle, Robt. McGinn.

Mrs. W. H. Akre and daughter Ardith, went to Crookston on Monday to visit for a few days with Mrs. Akre's parents.

Miss Josephine Philipson of this city, left Tuesday morning for Middle River for a few days' visit at the home of her parents.

Leonard Peterson, superintendent of the city water and light department, returned yesterday after spending a week at Maple Lake.

UNEXCELLED BUYING FACILITIES

Our sources of supply are the largest in the world.

Our buying facilities enable us to lay down our lumber here at as favorable prices as can be secured by competition anywhere.

Rest assured we are passing that advantage right along to you. We will prove it on the first bill you bring in.

WINTON-NICHOLS Lumber Company
IF IT'S BUILDING MATERIAL—WE HAVE IT.
THIEF RIVER FALLS, MINN.

Misses Mable and Inez Patterson of St. Hilaire, visited with friends in this city Monday.

Miss Edith Anderson, of Milaca, Minn., visited in this city with friends the latter part of last week.

Edwin Brudy left last Friday afternoon for Scoby, Mont., to assist his brother, John, in the harvesting and threshing of his crops.

Miss Sena Welo, who underwent an operation for appendicitis at the Physicians hospital, has now returned to her home southwest of this city.

Sheriff W. J. LaBree and County Attorney E. M. Stanton, spent Monday afternoon at Warren on business before Judge Andrew Grindeland.

Mrs. Andrew Haugen and son, Melford, of this city, left last Friday afternoon for Crookston for a week's visit at the home of Mrs. Haugen's sister, Mrs. Ed. Erickson.

Mrs. W. H. Frederick entertained on Thursday afternoon of last week at her home, 101 Conley avenue south in honor of Miss Mary McGinn of Green Bay, Wis., who was a guest at the home of her uncle, Robt. McGinn for ten days.

Mrs. Martin Rustebakke, of Scoby, Mont., who had been visiting in this city at the home of her husband's parents, Mr. and Mrs. Rustebakke, who live a few miles west of this city, left last Friday afternoon with her little son for their home.

Miss Anna Wiczek leaves this evening on the Soo flyer for her home in Winona. Miss Wiczek had been head clerk in the *dry goods department* in the Loken Bros. store for the past three years and resigned her position a few weeks ago.

Miss Marian Jacobs, who taught in the public schools in this city two years ago, arrived here last Saturday morning for a few days' visit at the home of Mrs. E. F. Dolan and with other friends. Miss Jacobs left this morning for her home in Rockford, Wis., where she will teach in the public schools during the coming year.

A reception was given Sunday evening in the basement of the Synod Lutheran church by the members of the Ladies Aid in honor of Mr. and Mrs. Tobias Reep and Mr. and Mrs. Olaf Winger, members of the above mentioned church, who were married two weeks ago. A number of splendid musical selections were given during the evening and a purse containing a sum of money was presented to each honored couple. There were approximately one hundred and fifty guests.

Mrs. Florence Carpenter, of this city, received a cablegram last week to the effect that her son, Chas. Carpenter, who left from North Dakota several months ago with the drafted boys and who has been in France for some time at the battle front, had been wounded in the knees. Reports that cablegrams had been received to the effect that he had been seriously wounded and another that he had been killed, are false. Pte. Carpenter was wounded in France the 19th of July a few days after Corp. Fred Scanlan of this city, had been wounded and Iver Johnson had been killed in battle on the western front.

A Great Many Thrifty Women Have Already Taken Advantage of Our
AUGUST SALE
of
Fine Seal Plush Coats
Don't Pass Up This Opportunity

This Is a Good, Sure Investment;
Save Money by Buying Now

Our stock comprises over 200 beautiful Plush Coats in the very newest models—loose flaring or plainer styles. Many have collars and cuffs trimmed with fur, others are trimmed with beaver and mole fabric. All sizes 16 to 46; also extra sizes.

Here is a reason why you should get your Plush Coat Now

THE TEXTILE SITUATION at present is very serious because many of the mills are working on Government orders only. Yarns are very scarce and dyes are extremely difficult to obtain. This strongly affects the manufacture of plush coats because the dyes for plush and all pile fabric must be of the very best. PLUSH COATS promise to be very fashionable this year and as the demand for them grows, and the supply decreases, the prices of course, must advance. The greater the demand the higher the price.

IF WE HAD TO BUY THESE COATS TODAY
—we could not sell them at this low price—that is quite certain.

Styles
Large Fur Collars, Large Plain Collars, High Waisted and Belted Models with metallic buckle, Novelty Pockets and Fur Trimming, Fur and Fur Fabric trimming at bottom of coats. All sizes to 55—lengths to 50 inches.

EXTRA SPECIAL—While They Last
Lustrous Silk Seal Plush Coats

We made a contract with a manufacturer that in the off season he should make and deliver to us a certain number of these garments at a price that would make it possible for us to pass them along to you at this very special price.

The linings used in these coats are of excellent wearing quality. With plush so scarce and high this is an exceptionally low price.

Styles are numerous, trimmed, with or without belt, etc. All sizes. While they last.

$29.75

Other Plush Coats up to $75.00 reduced

On payment of a deposit we will store coat free of charge till required. Out-of-town customers please note that we deliver free.

Neighborhood NEWS

ST. HILAIRE

Harvesting in this locality is nearing completion and threshing of the earlier grain has commenced.

Miss Nellie Follstad, who has been engaged as saleslady at the N. A. Nelson store, assumed her new duties early last week.

After a brief visit at his parental home, Andy Dahl left last week for Missoula, Mont., where he will take up the study of wireless telegraphy at one of the schools designated by the U. S. government to prepare men for service in that branch of the army.

The marriage of Miss Coral Hooper and Norman Patterson, which was quietly solemnized at Crookston a few weeks ago, proved to be a surprise to the community, when it was announced last week. Both young people are popular and highly esteemed wherever they are known and their many friends extend felicitations.

Miss Esther Fricker transacted business and visited at Thief River Falls between trains last Wednesday.

S. J. Amble left early last week on a business tour to various points in North Dakota and Montana.

Miss Ruth Martz, who has been employed by a banking concern at Duluth since the close of school in that city, returned home via Hazel Friday evening. After a fortnight's vacation she will return to Duluth to resume her duties as teacher.

Miss Ella Skele came down from Spooner Friday afternoon for an over-Sunday visit at the home of her sister, Mrs. James Amble. She returned to Spooner Monday morning.

Miss Edith Dahl enjoyed an over-Sunday visit at the home of her uncle, A. C. Holden at Thief River Falls.

The Misses Emma Torgerson and Sophie Olson of Baudette, came down Friday afternoon for a visit with the Misses Manda and Helga Kalland.

Mrs. A. Hesby left for Minneapolis Saturday afternoon, to visit with her husband, who is receiving military training at Dunwoody Institute and expects to be sent "over there" in the near future. After her visit at the city, Mrs. Hesby will return to her home at Halstad.

Mr. and Mrs. W. Jahnda autoed down from their home near Thief River Falls Sunday for a brief visit at the H. Kalland home. Upon their return home in the evening, they were accompanied by the Misses Manda and Helga Kalland and their guests, the Misses Torgerson and Olson.

Private S. S. Benson arrived Monday from Fort Sill, Okla., to spend a fifteen day furlough. Private Benson, who is in the U. S. Army Postal Service, is very enthusiastic over army life and especially over his branch of the service.

The crop of rye on the A. S. Wilson farm was threshed Saturday, and Mr. Wilson is elated over the surprisingly big yield of 37 bushels per acre.

Geo. Adolphs returned last Tuesday to his parental home at Thief River Falls after a pleasant visit at the home of his uncle and aunt, Mr. and Mrs. M. Fricker.

Miss Gladys Sherva returned early in the week from a visit with her sisters at Brainerd and Bemidji.

Alice and Loyd Field of Eveleth, Minn., left for their home last Tuesday after a visit of two months at the home of their uncle and aunt, Mr. and Mrs. V. Brink.

Miss Elizabeth Johnson returned last Tuesday from a visit with relatives at Crookston.

Oscar Gigstad was a visitor at the county seat last Tuesday.

Miss Blanche Hoff returned last Wednesday from a visit with friends at Moorhead and Minneapolis.

Stanley Olsen and Hazen Wallen left last Wednesday for Warren near which place they expect to work in the harvest fields.

Mrs. H. Hanson and Mrs. O. Olson autoed to Thief River Falls last Tuesday to visit and shop.

Rev. and Mrs. A. Sand and family left Thursday for their home at Annandale, Minn., after a visit at the home of Mrs. Sand's parents, Mr. and Mrs. August Swenson and with other relatives and friends in the community.

Mrs. A. Potvin and children of Cass Lake, returned to their home Thursday via Hazel, after an enjoyable visit at the home of Mrs. Potvin's parents, Mr. and Mrs. P. Simonson.

Girl friends of Miss Hazel Wallen, who is soon to leave, had a most pleasant surprise party for her Saturday evening. The diversions of the evening were games and stories and toasting marshmallows. Miss Wallen was presented with several thrift stamps as a parting gift from her friends.

Mr. and Mrs. Wm. Lindahl of Ross, Minn., arrived Saturday for a visit at the home of Mr. Lindahl's sister, Mrs. Oscar Peterson and other relatives who reside near Hazel.

Mrs. C. Brink and daughter, Esther, and Victor Johnson of Grand Forks, autoed up Sunday and visited at the J. Almquist home.

Messrs. and Mesdames J. Kinney, Ed. Peterson, Ben Johnson, Mrs. J. Peterson and August Swenson autoed to Warren Sunday and were guests at the H. Peterson home.

Mr. and Mrs. A. Seaverson and Mrs. H. Ortloff were Sunday guests at the J. Seaverson home in Sanders township.

Mr. and Mrs. L. Glese autoed over Sunday from their home near Grand Forks for a visit at the H. O. Jackson home.

The Misses Mabel, Ann and Ethel Patterson, visited and shopped in Thief River Falls Monday.

Mrs. D. Wahlen returned Monday from Minneapolis where she has been for several weeks past, having her eyes treated.

Mr. and Mrs. G. W. Hooper and Rev. and Mrs. T. O. Thompson attended a Sunday school picnic at the Swan Scholin home in Bray township Sunday.

Mrs. R. L. Hauge was called to Bemidji Friday morning by the illness of her daughter, Mrs. August Berg.

Mr. and Mrs. D. McAllister and daughter, Muriel, Mrs. H. Wilson and daughter, Louise, and S. Espeland autoed to the Tri-County sanatorium near Thief River Falls last Sunday evening for a visit with Mrs. Espeland, who is a patient at that institution. Though she has been there only a few days her condition is so much improved that it is hoped her stay at the sanatorium will be brief.

Mr. and Mrs. J. LaPlante returned on Friday to their home in Crookston, after a few days' visit with relatives and friends in this village.

REINER

Jim Hella and Einer Aakre left for Grand Forks, N. D., where they will be employed during harvest and threshing.

ROSEWOOD

Monday.

Arthur and Clarisa Anderson, in company with a couple of friends, motored up from Warren yesterday afternoon to visit with the P. Sorenson youngsters, and in company with them later enjoyed a spin to Thief River Falls.

Harvey Copp and Louis Meyers were in this vicinity last night to call on friends.

Tuesday.

Louis Lund of Wisconsin, formerly of this place, after a short stay here left this morning for Argyle where he will seek fall employment.

B. P. Sagmoen, town supervisor, is at Holt this afternoon attending to business.

Miss Mabel Lappegaard left this evening for Thief River Falls to spend some time at the home of her sister, Mrs. Henry Carlson.

Carl Bloom returned today from Minneapolis, where he had spent a day on business.

William and Synneva Sorenson, Joseph Kullreth, Isabel Sagmoen and Nina Westby motored to Steiner this evening to bid goodbye to Louis Meyers, who will leave tomorrow for military training at the University of Minnesota.

Wednesday.

Little James Hasby put his finger too near the chain on his father's binder and is now minus part of the member.

Postmaster J. Sagmoen and Joel Shoberg, motored to Thief River Falls this noon on business.

There is a belief prevailing among experienced farmers that all small grain this season is subject more to shelling than other years. Threshers predict that the new Marquis wheat will be about as easy to thresh this year as any other grain.

Thursday.

We are in receipt of a letter from Sigrud Rafteseth, one of our boys who left for training last month, and according to his writings he finds military life above all reproach. He is in company with Herbert Carlson and Julius Alby, also from this place, and they are getting along nicely excepting Julius, who has not enjoyed good health since leaving and has spent part of the time at a hospital. The boys are free from training from Friday noon until Monday morning, except that they must utilize part of that time in cleaning tents, washing, etc. On Wednesday evenings they have concert, singing and prize boxing exercises. The boys would appreciate greatly to hear from some of their friends. Their address is Company C, 5th Pioneer Infantry, Camp Wadsworth, S. C. Jake Haberle is now stationed at Camp Hancock, Georgia, still in the officers' corps, and O. J. Johnson is in the medical corps at Camp Dodge, Iowa, and expects to be an officer by the end of this month.

John Sorenson, the cattle buyer, arrived from Thief River Falls this morning to buy stock for another shipment.

Emil Blomberg had a runaway with his four horses attached to the harvesting machine recently, but luckily neither he nor the horses were hurt, but part of the machine was badly smashed.

Friday.

Chester Holmes, in company with a friend boarded the morning train at this place destined to seek fall employment in North Dakota.

Christ Storholm was in town today from Thief River Falls on business.

Mr. and Mrs. B. P. Sagmoen, John Sagmoen and children, Gladys and Glenard, motored to Anita this evening on a visit with Mr. and Mrs. Peder Sagmoen.

Mesdames Gilbert Granum and Hans Olson arrived from Thief River Falls this morning for a visit at the A. T. Thoreson home.

Gladys Swenson is home from Thief River Falls, where she accompanied her mother last Sunday and who is now receiving attention at the hospital.

A surprise party was given at the home of Martin Evenson out north this evening in honor of his eightieth birthday, by the members of the Rindal church congregation. Quite a number of people attended and a neat sum of money was given the aged man in commemoration of the event. Coffee and cake was served and a general good time is reported by those present.

Saturday.

Another large meeting of the Rosewood Farmers club was held this evening at Thoreson's hall in town. The meeting opened shortly after 9 o'clock by President Vorseth and the general business formula of the club was gone through, after which the meeting was turned over to the program committee who rendered the following program:

Song, "America", by the audience.

Monologue, "Peter Wooing," by Will Sorenson.

Song, "A Vacant Chair," organ by Isabel Sagmoen; Duet, by Sena Sevaldson and Olga Thoreson.

Dialogue, by Cora Sevaldson and Nina Westby.

Song, "U. S. A. Forever," by five girls.

Dialogue, "At the Last Minute," by Alfred Rafteseth and Isabel Sagmoen.

The next meeting will be held four weeks from now, Saturday, Sept. 14, at the Rosebank school house and with Nina Westby as program committee and Joel Shoberg as caterer. It was further decided that the club purchase two coffee cookers for use at their meetings and the treasurer was instructed to procure same. Over 100 persons attended this meeting. Dancing formed the evening's amusement.

Song, "Sweet Little Buttercup," organ by Isabel Sagmoen; solo by Cora Sevaldson.

Mrs. E. Anderson had to be taken to the Thief River Falls hospital the latter part of the week to receive attention, for a bursted blood vein in her ankle.

Miss Mabel Lappegaard came back from Thief River Falls this morning and her brother, Henry, left for the same place in the evening to visit with relatives over Sunday.

S. Swenson returned home from a business tour to Pennington county this morning.

Sunday.

Gust Opseth is home to visit with his parents over Sunday.

F. A. Johnson and Misses Lydia, Jennie, Tillie, Judith and Alice Johnson, of Rockbury township are afternoon guests at John Sors'.

Services was conducted at Rindal church this forenoon by Rev. George Larson of Thief River Falls.

The Gust Nakken family is in town this afternoon visiting with the S. Rafteseth family.

The Carl Mellem family, Mrs. Nina Anderson and two sons motored to F. O. Doles' this afternoon to visit.

The B. P. and J. S. Sagmoen families motored to Holt this evening.

Monday.

Miss Magna Erickson visited with the home folks and friends in Reiner Sunday, chaperoned by J. E. Enebo.

SWIFT & COMPANY U.S.A.

Packers' Costs and Profits

How much do you think it costs—

1. To dress beef, cure hides, and prepare all the numerous by-products?
2. To cool the meat for two or three days before shipment?
3. To freight it to all parts of the country in special refrigerator cars, iced daily?
4. To carry it in hundreds of branch houses, each with its refrigerating plant?
5. And to deliver it to the retailer—sweet and fresh—in less than two weeks after dressing?

Swift & Company did all this for you in 1917 at an expense of less than 2½ cents per pound of beef sold, including an average profit of ¼ of a cent a pound.

Figure for yourself how little effect this cost and profit had on prices you paid for beefsteak.

Swift & Company, U.S.A.

The City Churches

Norwegian Lutheran Church—I. T. Aastad, Pastor—Services in the English language next Sunday at 11 a. m. Services in Silverton at 3 p. m. THE live stock famine which the world is facing is the most alarming condition agriculture has ever confronted.

The horse, cattle, sheep, swine, and poultry industry in Euro-Asia has been nearly wiped out by the inroads of war.

—And the lack of work horses and work cattle is preventing these countries from producing enough feed to raise more live stock, with which to raise more crops.

The duty of America is plain—we must plug that gap by getting into the business more deeply ourselves, not after while but now.

Our community can learn how to do this by visiting the live stock show at the Minnesota State Fair, September 2 to 7.

M'ADOO DEMANDS COURTESY TO ALL

DIRECTOR GENERAL PUTS BAN ON "THE PUBLIC BE DAMNED" POLICY.

Railroad employees are specifically ordered by Director General McAdoo to show courtesy in dealing with the public and cease excusing train delays and other errors with the plea that Uncle Sam is running the railroads.

"'The public be damned' policy in no case can be tolerated on the railroads under government control," said Mr. McAdoo's order addressed to "all employes in the railroad service of the United States."

The order in part follows:

"For many years it was popularly believed that the 'public be damned' policy was the policy of the railroads under private control. Such a policy is indefensible either under private control or government control. It would be particularly indefensible under public control when the railroad employes are the direct servants of the public.

"A great responsibility and duty rests on the railroad employes of the United States. On their loyalty, efficiency and patriotism depends in large part America's success and overthrow of the kaiser and all he represents. Let us not fail to measure up to our duty and to the just demands of the public. The railroad service must not only be efficient but always be courteously administered."

Grain Movement Soon Due—While business on this division of the Soo has been fairly good all summer there has been no big rush of any kind to keep things from running smoothly. It is expected that as soon as the grain from this section of the country gets to moving toward market things will take on an entirely different aspect, however, and plans are already being made to take care of the extra labor involved. No grain has yet been shipped over this division but it is expected that within the next ten days a steady stream of grain to terminal markets will begin.

Much Stock Shipped—On account of the extremely dry season in western Canada, much live stock is being sent to market from there. This makes considerable extra work on this division of the Soo and nearly every day special stock trains are made up at Noyes and run through this city on their way to St. Paul and Chicago. Much live stock from the afflicted area in Canada is also being sent to parts of the country where feed is more plentiful instead of being sent directly to market.

Division Jottings.

Miss Olga Gulrud, stenographer in the superintendent's office at the Soo, visited over Sunday with friends at Minneapolis.

J. W. Bauer has been put on as warehouseman at Devils Lake vice Olaf Tharaldson, who has been transferred to Henning as helper.

Operator O. L. Skorheim has spent the past three or four days visiting at Henning and Wahpeton.

H. G. Kraus, agent at Omemee, N. D., spent Sunday with friends at [illegible]alio, N. D.

O. R. Crowser, agent at Whitman, N. D., was the guest of friends at Detroit over Sunday.

F. S. Dalton, agent at Ardoch, N. D., spent Sunday at Parkers Prairie, this state.

Henry Jensen, warehouseman at Fordville, visited with friends at Viking over Sunday.

Russell Anderson went to work the first of the week for Geo. Rosing, resident engineer of the Soo.

Geo. Charboneau, warehouseman at the Soo, has been forced to lay off for a few days on account of sickness.

Carl Johnson is a new car man who recently started to work in the local yards of the Soo.

Henry F. Erickson is taking the place of Engine Dispatcher Thos. Houfek while the latter is enjoying a short vacation. Otto Halldin, another engine dispatcher, is being relieved by J. W. Anderson for a few days during vacation time.

Peter Kolden has entered the employ of the Soo as car man and went to work the first of the week.

Ingvald Fossum, local storekeeper for the Soo, visited with friends at Minneapolis over Sunday.

John Reed, car man, is spending the week with relatives and friends in the twin cities.

Arthur J. Rambee, fireman, was a guest of friends at Warren last Friday.

Ole Offerdahl, boilermaker, went to Fordville, N. D., the last of the week to do some work for the company.

The "rip track" is a busy place these days getting a lot of bad order cars ready for the grain shipping season.

To Film Red River Valley.

The Red River Valley Development association is discussing plans whereby a moving picture film will be taken in the Red River valley. One of the plans now under consideration is the writing of a scenario which will include the films of the Warren patriotic parade, taken during the summer meeting; the Brandon live stock show; the inauguration of Burton at the Northwest School of Agriculture, Crookston, and a film taken at Thief River Falls several years ago. It will be arranged that other scenes and parts of the film will be taken at other cities and villages throughout the valley. After the plan has matured it will be possible that the association will offer some sum of money as a prize for the best scenario, as all endeavors will be made to have the story also of a Red River valley product.

Major Loring Receives Call.

A message was received last Friday from Major Charles Loring stating that he had been ordered to report for duty at Washington on Aug. 26. Mr. Loring returned on Tuesday to Crookston from Chicago but will be compelled to leave for his new duties tomorrow. There is a shortage of officers in his department, which makes it necessary to call Major Loring at this early date. It is not known at this time whether Mr. Loring will remain on duty at Washington or whether he will be among those who go across in the near future. This will be determined later, after he has assumed his duties.

CREAMERY CHECKS SHOW UP STRONG

MORE AND LARGER CHECKS THAN EVER BEFORE ISSUED TO PATRONS.

That the farmers in this section of the country are fast learning to appreciate the value of dairy farming is disclosed in the monthly report of the Thief River Falls Co-operative creamery, which has just come to hand. There are more patrons on the list than ever before and the checks issued to them in payment for cream are eloquent testimonials in favor of the dairy cow as a means of adding to the prosperity of a community. Following is a list of patrons receiving checks of $50 and over:

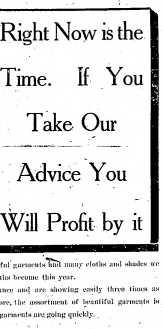
The New Fall and Winter Suits and Coats *Are Here*

One Dozen Reasons Why

YOU SHOULD SELECT YOUR WINTER COAT AND SUIT AS EARLY AS POSSIBLE THIS SEASON

Reason 1.—Prices of cloths are rapidly advancing.
Reason 2.—You will pay more for good coats and suits later.
Reason 3.—The large assortment affords better choice.
Reason 4.—We are showing the largest assortment in our history.
Reason 5.—A deposit will hold your garment. You can pay it in installments.
Reason 6.—The best styles always go first.
Reason 7.—The most particular buyers always buy early.
Reason 8.—We are already selling many beautiful coats and suits.
Reason 9.—Our assortment will never be greater.
Reason 10.—We have prepared for you much earlier.
Reason 11.—We have never shown better values.
Reason 12.—We can give much better service now than later.

Right Now is the Time. If You Take Our Advice You Will Profit by it



We are showing hundreds of beautiful garments and many cloths and shades we cannot duplicate, so scarce have cloths become this year.

We have bought before the big advance and are showing easily three times as many sytles as ever shown in this store, the assortment of beautiful garments is amazing, and many of our better garments are going quickly.

THE FEATURE CLOTHS ARE:

Pom-Poms, Silvertone, Velour, Serge Poplin, Tricotine, Broadcloth, Velour-De-Nord.

Trimmings of Sable, Beaver, Battleship, Opossum, Coon, Squirrel, Kolinsky, Coney Mole, Natural Opossum, Hudson Seal.

Drop In; Try Our Coats and Suits on. We Shall Be Pleased to Show Them.

The Sapero Co. INC.
CORRECT DRESS FOR WOMEN & CHILDREN

NEW DRAFT BILL SOON IN EFFECT

ADMINISTRATION MEASURE PASSES HOUSE AND SENATE ALMOST UNANIMOUSLY.

WILL REGISTER AT ONCE

PROBABLY WITHIN WEEK AFTER MEASURE FORMALLY BECOMES LAW.

The man power bill bringing within the army draft all men from 18 to 45 years old was passed late on Tuesday by the senate. The vote was unanimous in favor of the measure. The bill in practically the same form passed the house on Saturday, the vote there being 336 to 2. It is expected that the measure will add approximately 13,000,000 men to the potential military strength of the nation.

Registration at Once.

Preparations being made by Provost Marshal General Crowder to carry out the provision of the measure are expected to insure the registration of men within the ages of 18 and 21, and 31 and 45 within a week or ten days after the president attaches his signature.

Questionnaires are Here.

That no delay in the registration proceedings is to be permitted is evidenced by the fact that County Auditor T. P. Anderson has already received the questionnaire to be filled out by the new registrants. This differs in some minor details from the questionnaires sent out at the time of the former registration, but on the whole is very similar.

Those in Class 1.

The first division includes all single men from 18 to 21 and from 31 to 45 years of age, who have no one actually depending upon them for support. Skilled and necessary farm and industrial laborers are excluded from this classification. Anyone failing to submit his questionnaire to the proper officer within the seven days specified will also be place in this class.

The Dependency Clause.

In Class 2 are placed the necessary and skilled farm and industrial laborers exempted from Class 1; also all married men and those having families but upon whom the latter are not entirely dependent for support. This includes those whose income is sufficient to keep the family or wife in a respectable manner without the earnings of the husband or father. In this class are also included those whose wives are skilled in some trade or profession by which they may maintain themselves without hardship.

Public Officials Exempt.

Class 3 is practically the same as in the previous registration and includes men with dependent children not their own, those whose parents are aged or infirm, county or municipal officers and highly trained firemen or policemen actually serving in a municipality.

In this class are also included necessary custom house and postoffice employes, workers in arsenals and armories and those who are necessary in the different war industries.

Sailors are Exempt.

The fourth class consists of married men whose wives and families are actually dependent upon their labor for support, mariners in the merchant marines and those whose education and training make them absolutely necessary for the operation of agricultural and industrial enterprises.

Class 5 includes ministers or those who were preparing for the ministry previous to May 18, 1918, and also those who were studying for the practice of medicine in some recognized school previous to that date.

In a special division is placed all those who are members of a religious sect or organization whose creed and principles forbid its members to participate in war in any form.

NEXT REGISTRATION WILL GET 'EM ALL

FEW WILL BE EXEMPT WHEN FORTY-FIVE AGE LIMIT IS REACHED.

Have you ever stopped to consider just what it would mean to have all the men who will be compelled to register under the 19-to-45 ruling called into the service? A very large proportion of the work of the country is being performed by men within those limits and if even a fair proportion of them should be found qualified to bear arms and then be called upon without regard to exemption claims it would certainly turn things upside down for some time.

Mayor Penney and the entire board of councilmen, with the exception of Carl Froseth, will have to confess themselves as coming under the order of the government. City Clerk A. K. Akre will escape, as will Municipal Judge Tarrant. On the other hand there is but one member of the board of county commissioners, if the word of their friends is to be taken, who is within the age limit. Commissioner Peterson looks as if he might still be accepted as being under 45. He is a veteran of the Spanish-American war and could bring his experience into play.

Among the county officials Clerk of Court Eklund, Sheriff LaBree, Treasurer Liden, Deputy Auditor Risberg and Engineer Martz are under 45 and will have to register. The new limits will make every man in the employ of The Times eligible to service. All but perhaps three men in the four banks of the city come within the specifications and will have to get in line. Many business houses would be depopulated entirely if the call became general and no exemptions granted.

And every man is willing to go. Ask any citizen you happen to meet and he will say: "If there is anything the government can use me for, a notice to that effect will find me ready." That's what's going to win this war.

RED CROSS MEETING.

The regular monthly meeting of the Pennington County Chapter of the American Red Cross will be held at the Commercial Club rooms on Monday evening at 8 o'clock.

The different committees will submit their reports and a general program for the future outlined.

It is important that all officers and workers be present.

FIRST BIG SALE OF PURE BRED STOCK

REPRESENTATIVES OF BEST HERDS IN COUNTY WILL BE OFFERED SOON.

The live stock breeders of Pennington county will hold their first annual disbursement sale during the forepart of October. They will include in this sale list pure bred and grade cattle, sheep and hogs. The stock is being catalogued by County Agent Ross P. White, who reports that over sixty head of stock have been listed, this including some of the best pure bred stock in the county.

Any of the breeders wishing to enter stock in this sale should notify the farm bureau office at once, as the sale catalogued is already being prepared. It is planned to make this an annual event and the biggest live stock sale of the northwest. This will furnish the breeders an opportunity of finding a ready market for their surplus and afford the beginner a chance of securing good animals as foundation stock.

LEGITIMATE FUEL NEED WILL BE MET

PEOPLE ARE WARNED NOT TO DISREGARD ADMINISTRATION'S ORDER.

The Pennington County Fuel committee was represented before the Federal Fuel Administration at Minneapolis last Friday by Daniel Shaw and Robert McGinn. It was fully demonstrated to the committee that it is the patriotic duty of every good citizen to curtail the consumption of coal as much as possible. It is one of the important means of assisting the government in the prosecution of the war.

However, the committee wants to assure the public that all orders that have been placed and which comply with the regulations will be filled. No one who has placed an order with a dealer will be permitted to change to another without the consent of the dealer with whom the order was first placed.

Violation of this requirement subjects a person to severe punishment under the provisions of the Lever Act and in all probabilities will result in no coal being furnished.

Those having magazine stoves if they will practice economy need have no anxiety regarding their supply. It will be furnished and there will be no suffering.

Two Were Missed.

While The Times has taken particular pains to mention all those who have gone into the army from Pennington county, it seems that two slipped by without being noticed. A couple of weeks ago Edward M. Schei of Mavie and Henry McMahon of Thief River Falls were sent to Syracuse University, New York, for training in special branches, and no mention was made of the fact. Friends of the boys have asked why this apparent partiality was shown and the only answer is that it was an oversight on the part of someone. These things happen even in the best regulated newspaper offices and while the reporter may try to get it all, none has yet been discovered able to do so.

News from the two boys is to the effect that they like both the work and surroundings first rate and are getting along fine.

Red Cross Meeting.

There will be a meeting of the Red Cross Auxiliary of Norden township held at the North Star schoolhouse on the evening of Monday, Sept. 2, at which matters of importance are to come up for consideration. All members are requested to be present.

TWENTY-TWO IN SEPTEMBER CALL

EIGHTEEN TO LEAVE ON SIXTH FOR GENERAL SERVICE AT GRANT.

THREE TO DODGE FRIDAY

MANY OF THOSE GRANTED EXTENSIONS WILL NOW HAVE TO RESPOND.

Pennington county will be required to send 18 men to Camp Dodge during the four days ending September 6. This will be the general service quota for the month, but other requisitions will also be made. Four men will leave at the same time for limited service at Camp Grant, while three will be sent to Camp Dodge tomorrow.

All Must Now Answer.

In order to secure the 18 Class 1 men wanted it will be necessary to call for a number of those who have been granted extensions because of the harvest. This work will be well under way and it has been proven that in most instances the men can be spared. Where this is the case the exemptions will be revoked and those selected will have to take their proper turn. Those who will go to fill the major quota for the month are as follows, three being added to provide against emergencies:

John Nilson, Sunbeam; Albert Moengen, Mahnomen; Henry Walter Jonas, city; Jerry Adam Race, Erie; Harry Stucy, Erie; Martin Sjostrand, city; Glen C. Richardson, city; Raymond M. Herron, city; Ludvig D. Luttmer, Wylie; Robert Dempsey, Rudell; Alfie Olaf Anderson, city; Nicolas Olson, Kratka; Herman Peter Schneider, Wylie; George Walter Johnson, St. Hilaire; John Carl Larson, Erie; J. A. Olson, Prince Albert, Sask.; Hubert Joseph Garseau, Red Lake Falls; Alexander Anderson, St. Hilaire; Robert Iverson, Erie; Rupert Swanson, St. Hilaire; Martin Aos, city; Anton Kolski, Rudell; Conrad Ronning, city.

These to Camp Dodge.

The three men who will be sent to Camp Dodge are among those who were found physically disqualified for immediate service in Class 1 but who are capable of performing the duties required of them outside of actual combatant work. They are: Ernest Eastman, Willie Johnson and Eugene Hance, Thief River Falls and Herbert F. Race, Erie.

Limited Service Men.

The four who will leave with the main contingent for limited service at Camp Grant between the second and sixth of September will be taken from the following five:

Nordal Liland, Deer River, Minn.; James Arthur Dahl, city; August Nepton Anderson, Wylie; Gust Adolph Peterson, St. Hilaire; Alfred Stene, city.

State Candidate Here.

Charles A. Lethert, democratic candidate for clerk of the supreme court, was in the city for a day last week getting acquainted with the voters, and made a very good impression. He was formerly an assistant in the department of justice at Washington, although born and raised in Minnesota, and enjoys a large acquaintance among the prominent men of the state. He is spoken of as a man with every qualification for the office he seeks.

MORE WHEAT FLOUR AFTER SEPT. FIRST

NEW RULE WILL PERMIT OF EIGHTY PER CENT BEING USED.

All restrictions on the amount of wheat flour that may be purchased are to be removed after Sept. 1st and the 50-50 rule governing the sale of flour and flour substitutes will be superceded by an 80-20 rule, 80 per cent of wheat flour to 20 per cent of substitutes, according to information contained in telegrams from Washington yesterday.

Ability to provide the Allies with the new bread and relaxation of the restrictions on wheat in America, officials of the food administration declared, was made possible by the sacrifice made by the American people in observing the conservation program of the administration last year and the bumper wheat crop raised by the farmers.

ALL WEEKLIES GET LESS PRINT PAPER

The Times has notified all subscribers that unless their subscription is paid in advance they will be cut from the list at once. This has perhaps struck some of the readers of the paper as an unwarranted proceeding, as such drastic measures are not generally pursued with delinquent subscribers, but the course was absolutely necessary in order to comply with the order of the government.

The War Industries board has decreed that the amount of print paper that may be used by weekly publications should be 15 per cent less than a year ago. There are no exceptions to this rule, which becomes effective on Sept. 15. On that date the subscription list of every weekly publication in the United States must be reduced by 15 per cent from what it was a year ago. The shortage of paper stock is responsible for the order.

The Times could meet the requirements by cutting the size of the paper, as is being done by many, but prefers to cut the list instead. There are always a number of subscribers who fail to pay in advance and it has been decided to drop these rather than to cut down on the quantity or lower the quality of the reading matter sent to those who pay for the paper in advance. Exchanges have already been cut off and this takes care of a considerable percentage of the required saving.

This will explain why The Times has been missing from a number of homes in the county during the past two weeks. The names are still on the list as it is the desire of the publishers to give every subscriber an opportunity to pay up. The papers have simply not been mailed to them. The list will be kept intact until Sept. 15, when all those in arrears will be removed and bills sent out to all those in arrears.

NURSE'S WORK IS ABOUT FINISHED

MRS. FLORENCE LEE PUTS IN BUSY WEEK AMONG THE CHILDREN.

PRAISES PARENTS' STAND

ARE ANXIOUS TO CO-OPERATE AND REALIZE VALUE OF MOVEMENT.

The work of the nurse sent to Thief River Falls by the Minnesota Public Health association, will end on Friday at noon. The larger share of the money required to pay the salary and expenses connected with this work was secured through the sale of the Red Cross Christmas stamps and the County Commissioners have promised to make up the deficit. Five days of the most strenuous work have been spent in the City of Thief River Falls, one day in St. Hilaire and one day in Goodridge.

Rural Schools Visited.

Nine days have been spent in the rural districts and during that time 29 school districts have been visited, leaving a balance of 47 rural districts still to be covered. When will the rest of these districts be visited? When there is money available to meet the expenses. Where will the money come from? The answer rests with Pennington county. Each day finds it more difficult to obtain competent nurses to handle public health work and only women who have been especially trained for this phase of the nursing profession are equal to the task of handling it. The nurses trained for this work must add to their technical knowledge a training in social service and also a knowledge of dietetics.

Realize Its Value.

This second week of the nurse's work in the outside districts shows that the country mothers and fathers are beginning to realize the value of this work for their little ones. When parents wait patiently for four hours for the nurse to reach the school, it is because they feel they need the work. The difficulties of transportation at the harvest season have been extreme, and yet there are generous-spirited citizens who have loaned their autos for an entire day, and in addition have helped the nurse all day long without the slightest compensation or hope of any return. There are those who have refused even to charge for gasoline—and gasoline is worth 26 cents a gallon. To those who have contributed so much personal service in order to help the good work along, Mrs. Florence Lee, the nurse, now desires to express a personal note of thanks. Some courtesies have been also extended by the country folks, lunches having been offered and accepted most gratefully several times, after many hours of hard work with the youngsters. All these kindly acts show a spirit of co-operation.

Government Taking Notice.

Mothers may soon begin to feel that the Children's Bureau in Washington D. C., takes as much interest in their children, as it does in the forest reserve movement, in the conservation of the national waterways or in the distribution of literature to encourage agriculture. Any mother can get bulletin No. 717 written by Caroline Hunt, a most valuable guide to the proper dietary for children between the ages of three to six years if they send a postal asking for it.

Not a Measuring Campaign.

It has not been simply a campaign for weighing and measuring babies. That would not require the services of a specially trained graduate nurse. Sick babies have been referred to their family physicians. Mothers have been instructed that babies

(Continued on page 12.)

TEACHERS' LIST NOW COMPLETE

NINE OUT OF THE 46 ARE FORMER THIEF RIVER FALLS RESIDENTS.

PUPILS URGED TO ATTEND

NATIONAL AND STATE AUTHORITIES ASK THAT WORK BE KEPT UP.

There will be 46 teachers in the schools of Thief River Falls next term, all but one of whom have signed contracts. An instructor for the science department has not yet been secured, but the board members believe they have a man in sight who will take on this class together with the athletic instructions. The school board is particularly fortunate in thus securing a full quota of competent teachers as they are a decidedly scarce article just now.

Many Home Girls.

Nine of the 43 lady teachers have at some former period been residents of Thief River Falls and nearly all of them are graduates of the local schools. This is a larger number of "home girls" than has been on the teaching staff of the city for many years. Those who are thus entitled to call this city their home are: Misses Avis Akre, Agnes Wilson, Ella V. Miller, Edna Larson, Maude Frissell, Josie Weeks, Ida C. Tandberg, Valborg Sandum and Martha Posten. The complete list is as follows:

City Superintendent, Prof. J. H. Hay.

Lincoln high school—Principal, Alice J. Peterson; assistant principal and mathematics, Alice Hoorn; languages, Avis Akre; English, Agnes Wilson, Louise Oldaker and Hazel Sulerud; mathematics, Leona Markus; commercial, Dorothy Goodwin; domestic science, Olive Booren and Margaret Howe; Norse, Lydia Storli; music supervisor, Evelyn Grindeland; domestic science, Rosa Taylor; science, E. Alma Smith.

Washington school—Ella V. Miller, fifth and sixth; Marion Murray, fourth and fifth; Edith Ressler third; Edna Larson, second; Mrs. David Peterson, first.

Central school—Martha Kleppe, principal and eighth; Maude Frissell and Ida C. Tandberg, eighth; Gerda Mortensen, Margaret Guider and Josie Weeks, seventh; A. Viola Nepper, first.

Knox school—Ione Thorson, principal and sixth; Katherine Hinderman, fifth; Nora Ekern, fourth; Harriet Thompson, fourth and third; Sophia Eide, third; Agnes Aske, second; Agnes Malmen, second and first; Mathilde Menzel, first.

Northrup school—Mary Jackson, sixth; Maude Hinman and Livinia Adams, fifth; Valborg Sandum, fourth; Lyda Batten, third; Livie Aske, third and second; Carrie E. Trogen, second; Martha Posten, first.

Maintain the Standard.

The school board is in receipt of communications signed by President Wilson, Governor Burnquist and State Superintendent Schulz, in which the request is made that every effort be made toward keeping up the interest in educational matters among the people in spite of the war. In writing to the Secretary of the Interior the President indicates his appreciation of the fact that the schools have not been permitted to deteriorate in the following language:

"I am pleased to know that despite unusual burdens imposed upon our people by the war they have maintained their schools and other agencies of education so nearly at their normal efficiency. That this should be continued throughout the war, and that, in so far as the draft law will permit, there should be no falling off in the attendance in elementary schools, high schools or colleges, is a matter of the very greatest importance, affecting both our strength in war and our national welfare and efficiency when the war is over."

The Governor's Message.

Gov. Burnquist expresses almost indentically the same sentiments in his circular to the school boards, teachers and students of Minnesota. He says:

"Allow me to say that no greater service can be rendered the nation at this time of stress than to co-operate closely with the Federal and State Educational departments in their efforts to maintain the schools of the country at their normal efficiency and to keep up educational standards during the war. I trust that local authorities will be diligent in the enforcement of all the laws now upon our statute books relating to school attendance, length of term and standards of teaching. It should be a matter of local pride that the boys and girls of Minnesota shall not have lost in educational opportunities because of the war."

Ask Help of All.

The local board and Supt. Hay ask that parents and pupils alike do all in their power to maintain the schools at their usual level. They rightly argue that this war will not last always and that it will be easier to again take up the regular program of citizenship and to furnish young men and women for the necessary works of peace at its conclusion if our educational system has been maintained without a lowering of its high standard of efficiency. This can only be done by the close co-operation of parents, pupils, officials and teachers. The best minds in the country have decided that whatever else may suffer because of this conflict, our schools should be kept going with as little interference as possible.

IMPORTANT CLINIC.

Dr. E. J. Huenekens, representing the State Board of Health, will be at the Central school on Saturday, Aug. 31, from 10 to 12 and from 1:30 to 5 o'clock for the purpose of conducting a clinic in connection with the child welfare work now being carried on in the county. He will also address a mother's meeting at the same place in the evening at 7:30.

Parents should not get the work of Dr. Huenenken mixed up with that of Miss Lee. The former will give advice where this is desired and asks that children be brought to the clinic for examination. The service is absolutely free.

TWO NEW MEMBERS ON LIBRARY BOARD

MRS. MABEY AND MRS. WARD SUCCEED MRS. FASEL AND MR. HERRICK.

At the regular meeting of the city council on Tuesday evening Mayor G. A. Penney submitted the names of Mrs. Perl W. Mabey and Mrs. Gaston Ward as members of the library board to succeed Mrs. A. H. Fasel and F. H. Herrick. Mrs. Fasel has left the city and Mr. Herrick found that he could no longer devote the time necessary in giving the position the attention it deserved. The nominations were approved.

But very little actual business was transacted by the council. The city well matter was again up for discussion but nothing definite was done. The third well to be tried at the Duluth avenue location was declared a failure by Foreman Larson, in charge of the work for the Swanson Artesian Well company, and as the contract depth had been reached he had abandoned work awaiting further instructions. In his opinion there is very little prospect of striking water at that particular point. Just what will now be done is not clear.

M. T. McFarland was present and stated that he would not have the time to drag the streets with a tractor and suggested that the city secure such macine for its own use. The matter will come up at a later meeting.

AUTO THIEVES ARE GIVEN STIFF FINES

JUDGE GRINDELAND ASSESSES C. O. KLING AND H. E. WALDRON $150 EACH.

Buying a Ford car would have been almost as cheap as trying to steal it in the case of C. O. Kling and H. E. Waldron, who give their place of residence as Virginia. The two men were accused of entering the garage of Dr. F. H. Gambell in this city and removing therefrom his runabout, with which they proceeded as far as Viking before being caught. They had attempted to alter the appearance of the machine, but no trouble was found in recognizing it. The accused were brought back to this city and later taken to Warren where they pleaded guilty before Judge Grindeland in the district court. They were fined $150 each and sentenced to the state reformatory for a period of six months, the latter sentence to be suspended on payment of the fine. They dug up.

The prisoners were taken to Warren by Clerk of Court Adolf Eklund. County Attorney E. M. Stanton presented the case against them and they were represented by C. A. Pitkin of this city.

GUARDS TO DRILL AT RED LAKE FALLS

LEAVE HERE AT ONE O'CLOCK THIS AFTERNOON, BY AUTOMOBILE.

Company C, Minnesota Home Guard, will attend the Red Lake county fair in a body this afternoon for the purpose of putting on drill. The manuevers will be a feature of the last day of the fair, which is always the most important in that community.

The fair at Red Lake Falls has been going on since Tuesday and is one of the most successful ever held there. A large number of people from Thief River Falls and other Pennington county points have visited the exhibition and all say it is well worth seeing.

The guard company will leave the Auditorium at one o'clock sharp and will return shortly before supper.

COUNTY'S GRAIN CROP A BUMPER

THRESHING MACHINES IN EVERY DIRECTION TURNING OUT MONEY FOR FARMERS.

WHEAT IS OF FINE QUALITY

ONE INSTANCE IS REPORTED WHERE FIELD AVERAGED 38 BUSHELS PER ACRE.

Threshing machines have formed a perfect cordon about Thief River Falls during the past week and considerable inroads have been made on one of the largest grain crops in the history of Pennington county. The weather has been ideal and there has been no alarming shortage of help reported. In fact threshermen say that they have never experienced a season more favorable for carrying on the work.

All Grain Crops Good.

It was considered that the general crop situation was very good, but just how good was not discovered until after a number of fields had been threshed out and found to overrun the estimate in a most satisfactory manner. It is claimed by those best able to judge that wheat will average about 18 bushels for the entire acreage seeded in the county, which means that a large number of the fields must carry an unusual crop.

Quality Very High.

The wheat being turned out in the county will grade as high as any in the state. Math Barzen sent in three samples for the purpose of having expert graders pass upon them and he received the information that two would go No. 1 Northern, while the third would be graded No. 1 Northern Dark because of a slight indication of smut. The weight is also very good, measured bushels everywhere weighing more than 60 pounds.

One Fine Field.

On the Conklin farm just north of the city one field of 42 acres of wheat threshed out between 37 and 38 bushels, weighing between 64 and 65 pounds. While no report equalling this has been received from other sections there are several that crowd it close and 30 bushel yields are by no means uncommon.

In the Poorer Stretches.

Ben Rosenthal, who finished his wheat threshing among the first, stated that because of the season being particularly dry in his locality he would be satisfied if his fields yielded 10 bushels to the acre. When the crop was measured it was found to have gone 18 bushels. Chris Engen expected four bushels and got 14. These are among the lowest scores that have thus far been reported.

One For Every Mile.

Railroad men running south from the city report that there is a threshing machine for every mile of track between Thief River Falls and Mahnomen and that the crops are everywhere better than they have ever seen them before. Rust does not seem to have caused any particular damage although in some localities it might have proven troublesome had it been necessary to allow the grain to stand another week or so.

Other Grains Good.

Rye and barley are averaging right up with wheat in most instances, while in certain localities these grains are even better. Oats promises well everywhere. What may perhaps be taken as near the average run on the farms in the neighborhood is the result on the Rasmus Oen place. Here the wheat yielded 20 bushels, the oats 40 and rye 30.

Your Subscription, When Does It Expire?

Look at the yellow address label which is pasted on the front page of your paper, which shows you the date your subscription expires.

THE WAR INDUSTRIES BOARD at WASHINGTON, issued the following ruling:

"ALL NEWSPAPERS MUST DISCONTINUE SENDING PAPERS AFTER DATE OF EXPIRATION UNLESS SUBSCRIPTION IS RENEWED AND PAID FOR."

Times readers should watch their date labels and renew promptly before their subscription expires, thereby not missing a single issue.

Look at Your Label and Renew Today

All Subscriptions are Stopped the Day They Expire.

The Times Company

Letters from the BOYS

HUN DRIVES ARE HARD ON NERVES

THAT'S THE IMPRESSION FRED SCANLAN GOT AFTER BEING IN ONE.

GASSED BUT STILL HAPPY

BOYS FROM OLD MINNESOTA COME IN FOR MUCH MERITED PRAISE.

Corp. Fred T. Scanlan, son of Mr. and Mrs. Thomas D. Scanlan of this city, who is at present an inmate of Base Hospital No. 66, writes to a friend in this city to tell how he came to be laid up in that institution. He is a member of Battery F, 151st Field Artillery with the Rainbow division in France, and The Times cannot do better than let him tell his own story.

Speaking of the opening of school, Corp. Scanlan says that the boys in France wil be missing much of the fun they used to have while attending the "old T. R. F. high," but figures they are getting "beaucoup" of another kind of amusement. "Some, of course, have more fun, some have less," he continues. "I do not know whether I come in the first or last class—the latter I think. I was unfortunate enough to get it in the neck about 24 hours after the last party started (July 15), so I lost out on a lot of the pleasure the boys are getting out of pushing Heinie all over the lot.

Minnesota Right There.

"Believe me, old boy, old Minnesota has nothing to be ashamed of in the bunch she has representing her over here. Not because I belong there—I'm only a very small part in this machine—but I've heard nothing but praise for the work of the regiment from every source—regulars, nationals and all. Naturally I had to get let out of it just as they got into the first real big work they've had the good fortune to meet up with.

Overdose of Gas.

"I've been at the hospital since June 16, fighting an overdose of Fritz's chlorine gas, which he sent over in such generous quantities before he started the 'peace offering' which turned out so disastrously for him.

"Man, oh man, you should have seen the fireworks that night! Everywhere and on every hand could be seen the flash of the thousands of guns of every calibre. Rockets, flares, fires—everything in the line of fireworks contributed to one of the most awe-inspiring spectacles ever witnessed anywhere. And add to it all dense smoke, through which an occasional flare would disclose an observation baloon tugging away like a big sausage at the end of its cable.

Where Beauty Stopped.

"Nor was that all. There the beauty stopped and something not quite so inspiring took its place. Explosions—not of guns but of German shells—the whir of 'spare parts' and the whine of gas shells, accompanied by the deafening screech of larger calibre high explosives, all tended to create the impression that this COULD not last; that one could not stand it; that they simply MUST retreat. This is the impression a person received while in reality one of the biggest drives of the war had been stopped dead within 24 hours and the so-called peace-offensive had ended in a rout for the Hun.

"And that's the way a modern drive looks. They're all hight as an experience, but too many are not good for the nerves."

COOKING JOB WAS TOO SLOW FOR HIM

SO THIEF RIVER MAN HAD HIMSELF TRANSFERRED TO BIG GUNS.

Every week The Times receives word to the effect that some Pennington county boy has given up a position connected with the army in which he had what the folks at home would consider a "safe snap" and has alligned himself with a bunch that is actually fighting. Such changes have often meant a reduction in rank but this seems to make no difference. The boys enlisted for the purpose of fighting and this is what they want.

Harold Provencher has been officiating as cook with Battery F, 151st field artillery, since that scrappy unit arrived in France some six or eight months ago, but has tired of his job and is now serving the "big 'uns" instead. In one of the last letters received from him he says: "We are now miles away from nowhere in particular, located on some sector of the battlefront. All one hears is the big guns roaring. A big drive has been started up here and we sure have the Germans going. The Americans have driven them back at this point and are still driving.

"Talk about souvenirs. If I had picked up all I saw it would have been necessary for me to hire a train about two blocks long to get them away.

"You will gain some idea of how close we are to the fighting zone when I tell you that the smell coming toward us from the bodies that have not been buried is so fierce as to make one sick. No one knows what it is like until they have experienced it. I don't know how to write about it so you will understand.

"At last I am through cooking and am glad of it as I served at that job long enough. I am now right with the big guns and it suits me much better. I will tell you more about the reason for making the change some other time.

"When I return I am going to fill up on tomatoes as I have seen them but once since coming over here."

WILLIE BAKKE SEES SIGHTS IN LONDON

WRITES INTERESTINGLY OF SEVEN DAYS SPENT IN GREAT CITY.

Willie Bakke, son of Mr. and Mrs. D. B. Bakke of this city, has been in the navy for nearly a year and is at present on board the U. S. S. Melville. Recently he had an opportunity to spend a few days in London while on leave after a trip across the pond, and the following letter to his father relates a few of the things he noticed while there:

July 26, 1918.

"Dear Father:

Received your two letters of July 1 and 4; also Agnes' and Minnie's. I've been to London on a seven day leave so have not been able to write before now. I certainly enjoyed the sights there and so far haven't forgotten what I saw. They keep the city as dark as possible. The restaurants and the like close at 10:30, so the place is quite dull at 11. While there I saw some good shows, and one afternoon was at a swell residence for tea. It sure was fine.

"They've got a dandy hut at London for the allied forces and its lodgings and restaurants come in handy. They're so reasonable, too. On the wall there's a big map of the U. S. A. and we can get little flags at the desk to place on the town we come from. I placed one on Thief River Falls—the first one up there and in fact that part of the country. Then a few days later a fellow from Stephen stuck a flag on his town, so now there are two quite close to each other with our names and whole address.

"I had a tooth that was bothering me so I had a gold crown "made in London" put in. We can't go to Norway—will have to wait until we get out again, I guess, as there is not much chance now. Love to all.

Your son, Willie."

Recovering From Injuries.

Albert Klungness, Jr., who has been at the Physicians' hospital in this city since the 11th of the present month as the result of injuries received in an auto accident, is getting along well and will soon be out. In company with two smaller brothers and Oscar Moe the young man was out for an auto spin. He is not an expert driver and Moe grabbed the wheel to help him along in making a turn. The auto turned over on top of all four boys but the other three managed to crawl out from under and were not injured. Albert, however, received a number of severe bruises and sprains which have kept him in the hospital till the present time.

ALMOST AS GOOD AS IN MINNESOTA

THAT'S WHAT WALTER SMITH SAYS OF THE CROPS OVER IN FRANCE.

The Thief River Falls boys who are with the 20th engineers have evidently not gotten into the thick of the fray on the other side. At any rate none of them speak of doing any fighting as yet. In a letter to Fred D. Haug of this city, Walter Smith, formerly of the postoffice force here, has the following to say concerning the present employment of the bunch:

"Your very welcome letter received the other day and I am answering at the first opportunity. This wouldn't be an 'opportunity' as I would likely be out to some Y. M. C. A. entertainment or downtown in some soda parlor, but you see it is raining and thusly I will spend my time in writing to you. I trust you appreciate the fact.

"We have had 'becoup' rain these last few days and the crops look fine. Even Minnesota does not produce any better.

"I suppose you know Jim Prichard left us some time ago and went to England but we expect him to come back one of these days, although it is not certain that he will come back to this camp.

"Eddie Brevig and I were out to look at some of these fine grain fields a couple of Sundays ago and came near getting into trouble. We got back to camp too late to get in by the usual route and had to cross a stream about as wide as the one at home. It was about 10 o'clock at night and while we got across without mishap it took some engineering. A boat should have been there to take us across, but the man left in charge of it was out promenading somewhere and the boat was on the other side. We walked about 25 miles that day and were some tired as it was very warm.

"I am in the mail business again, for good I guess, as I will soon be transferred to the military postal express service. I like it O. K. and will no doubt be stationed here for some time. I never felt better and am really enjoying this life for a change, but would not care to look forward to 20 years of it."

The letter is dated at Gievres, France and bears the following address: Pvt. Walter E. Smith, M. P. E. S., A. P. O. 713, Amex Forces, France.

BRITISH MONARCH GREETS SOLDIERS

FACSIMILE OF KING'S NOTE RECEIVED BY THIEF RIVER FALLS CITIZEN.

The soldier boys who have recently arrived on the other side are sending home facsimile copies of the note addressed to American soldiers by King George V of England. Max Goldsmith, who is a member of the 315th areo squadron, has sent a copy of the welcoming address to his brother-in-law, Lazarus Gill, in this city. It is reproduced in the handwriting of the British monarch and bears the lion and unicorn seal embossed above the Windson Castle heading. The welcome reads as follows:

"Soldiers of the United States; the people of the British Isles welcome you on your way to take your stand beside the armies of many nations now fighting in the Old World the great battle for human freedom.

"The Allies will gain new heart and spirit in your company. I wish that I might personally shake the hand of each one of you and bid you God-speed on your mission."

The note is signed "George R. I." and dated April, 1918.

Is Again Promoted.

Glen C. Anderson, son of County Auditor and Mrs. T. P. Anderson, has been promoted to chief clerk of the Tenth Division at Camp Funston. This post carries with it a salary of $1,600 per year and is a step above the position held by Mr. Anderson during the past year, which was that of field clerk with a salary of $1,400. Mr. Anderson's post also carries with it the rank of a second lieutenant.

FINEST MEN IN ENTIRE NATION

LEADING SOUTHERN PAPER PLACES MEN FROM MINNESOTA AT TOP.

The Atlanta Georgian, one of the leading papers of the south, has a column or more in its issue of July 30 relative to the arrival of the Northern men at Camp Wadsworth, S. C. Here is what the paper says:

"Up to last night but little more than half of the 10,000 men coming here from Minnesota had arrived in camp. Twelve trainloads had reached camp and eight others were due. The railroad officials had published a schedule calling for a 48-hour trip from Minnesota points, but all the trains have been from 12 to 18 hours late. There were no wrecks or accidents to any of the trains.

"All the men were in fine spirits when they arrived, though fatigued from the long trip. There was not a sick man among them. Officers in camp say the Minnesotans are the finest specimens of physical manhood, taken as a whole, who have been seen here since the camp was opened. There are a few undersized men among them but they will average 165 pounds in weight and more than 5 feet 10 inches in height. Most of them are blonds, with gray eyes, heritages of their Scandinavian ancestry.

"Of the first 750 men examined by the medical board yesterday only one was rejected out of each 100 selected men, and the examining officers sat up and took notice when they began examining the Minnesotans."

Back in the Service.

Andrew Young has received a letter from his stepson, Richard Lind, who was reported among the wounded in the fighting on the western front early in July, stating that the young man is about ready to leave the hospital and again take his place in the ranks. He says nothing of the nature or extent of his injuries.

TWO IDENTIFICATION TAGS MUST BE WORN

ADDED PRECAUTION TO OFFICERS AND MEN DECREED BY WAR DEPARTMENT.

The war department authorizes publication of the following order from general headquarters of the American Expeditionary Forces:

"Two aluminum identification tags, each the size of a silver half-dollar and of suitable thickness, will be worn by each officer and soldier of the American Expeditionary Forces and by all civilians attached thereto. These tags will be worn suspended from the neck, underneath the clothing, by a cord or thong passed thru a small hole in the tag, the second tag to be suspended from the first one by a short piece of string or tape.

"In the case of officers the tag will be stamped with the name, rank, regiment, corps, or department of the wearer and the letters "U. S." either in such form as 'U. S. Infantry,' 'U. S. Air Service,' 'U. S. Tank Corps,' or simply the letters 'U. S. A.' when an officer is not a member of an organization, corps, or department.

"In the case of soldiers, the tags will be stamped with the soldier's name and the letters 'U. S. A.' on one side and his army serial number on the other side. The stamping on tags previously issued will be altered as practicable to conform with this order.

"This is an added means of identification."

J. Karboski arrived Tuesday from Greenbush where he spent a few days looking after business interests.

To Speak at Red Lake Falls.

Mrs. A. A. Miller of Crookston, district chairman of the Young Women's Christian association, was in the city on Monday conferring with the Pennington county chairman, Mrs. J. M. Bishop. The latter spoke at the fair in Red Lake Falls yesterday on the drive for funds which will be inaugurated by the association about the last of October. The officers and members of the association will conduct a campaign of education from now on in order to acquaint the people with the necessity for extending aid toward carrying on the great work that has been undertaken.

ALLOTMENT CHECKS SOMETIMES SHORT

REASON FOR THIS EXPLAINED BY THE STATE PUBLICITY DIRECTOR.

The Minnesota Commission of Public Safety, in a circular letter addressed to Theodore Quale of this city, explains the reason why the full allotments of soldiers and sailors have not been received by the beneficiaries in some instances. Mr. Quale has had a number of inquiries concerning the matter and has submitted the following sections of a communication received from the commission on the subject:

"Over a quarter of a million people in the United States will shortly be wondering why allowances from soldiers in the service are apparently reduced in amount. This is by reason of the fact that the War Risk Insurance Board is to issue the checks hereafter for the compulsory allotments and all excess amounts. In other words, the difference between that and what has heretofore been received will be paid by that particular branch of the service in which the soldier or sailor is serving.

"It is highly important that your people must understand the reason for the change and be advised that there will be a certain delay in the payment of the excess allowances. They will receive shortly a second check to cover the deficiency."

WORK OF RED CROSS MAY BE HELD UP

STATE HEADQUARTERS EXPLAINS DIFFICULTY IN SECURING SUPPLIES.

The Pennington county chapter of the Red Cross has managed to fill its quotas for July and August but now faces a shortage of supplies which will make it impossible for the present to continue at the same gait. Chairman Thomas A. Way has been trying to speed up the arrival of these supplies and has received the following answer to his communication from Miss Mabel A. Hall, division superintendent of the department of hospital garments and supplies:

"Replying to your letter of August 12th, I regret our inability to give you at this time any idea of what our next allotment is to be. We have been informed that these instructions may not leave Washington before the 1st of September, as National Headquarters have determined not to send out future allotments until the materials for making the required articles are in sight; and of course you know the situation in regard to raw material is a most difficult one at present.

"Our workers are going to need a great deal of patience and we hope that will extend us a large amount of forbearance, as the conditions are unavoidable. We believe they will do this if they understand the circumstances and I trust you will use your best efforts in explaining the situation to them.

"It will probably be the middle of September or first of October before another allotment will be sent you, but I assure you we shall do our best toward getting this work out to chapters as promptly as possible. At any rate I believe we can promise you that when the next allotment does go out, it will be handled with less delay and confusion than has been the case in the past, as we are systematizing this work and are certain there will be a marked improvement."

GUARDS ASKED TO JOIN ENCAMPMENT

FOURTEENTH BATTALION OUTING TO BE HELD AT REDBY IN SEPTEMBER.

Maj. H. Z. Mitchell, formerly captain of Company C, in this city, now major of the 14th Battalion with headquarters at Bemidji, has intimated that he would like to have the local organization join with the companies of his present command in the annual encampment at Redby on the Red Lake reservation about Sept. 20. He is desirous of securing four companies for the outing, the others under consideration being Cass Lake and Park Rapids, besides Bemidji.

Maj. Mitchell believes that Thief River Falls should be included in this encampment. The city's location will make it an easy matter for the men to reach Redby and as he was formerly the commander of the unit he is naturally interested in seeing how it is progressing. A formal invitation to participate has reached Capt. W. B. Fuller.

This outing comes at a very busy time for the boys of the local company and there is some question as to whether or not it would be advisable to take 50 or 60 men away from their usual vocations for four or five days at that particular period. The matter will be presented to the company by Capt. Fuller at the regular drill this evening and some decision will undoubtedly be reached.

ENDORSED SAFETY COMMISSION'S WORK

PRESIDENT AND SECRETARY OF WAR URGE CO-ORDINATION OF WAR WORK.

In a letter to the Secretary of War, President Wilson takes occasion to endorse emphatically the work of the Minnesota Commission and all other state war boards, in many instances known as the "State Council of Defense." He asks that no extension of work be undertaken by independent organizations except by the sanction and under the direction of the Safety Commission, to prevent duplication and unnecessary expense.

Secretary Baker's letter recites in detail the noteworthy accomplishments of the Commission and calls attention to the continued growth in scope and significance of its duties in the manifold activities that are constantly demanding its attention in the various phases of war work.

"Through its speakers, its contact with the press and the people themselves through the county units, the State Commission is in a special sense the guardian of civil morale, carrying on a work of education and information which must be continued in order that the will to win and the knowledge of how to make that will effective may be everybody's possession throughout the war in hours of trial as well as in the hour of victory," said Mr. Baker. "It is difficult to estimate the importance of the service rendered, since our entrance into the war," continued Mr. Baker, and urges the President to use his authority as commander-in-chief to assist the Commission in broadening the scope of its work in order that it may go on to still greater achievements, as conditions permit.

President Wilson fully agrees with the Secretary and asks that wherever opportunity for war work presents itself, that it be first carefully determined whether or not the organization of the State Safety commission may be utilized, thus rendering unnecessary the creation of new machinery.

This endorsement by such high authority is gratifying to every member of the Safety Commission's organization and each one of them from precinct chairmen to Governor Burnquist will despond with still greater efforts to keep Minnesota in the front rank as a great power toward winning this war for Freedom and Democracy.

NEXT LOAN DRIVE BEGINS SEPT. 28

CHAIRMAN FOR PENNINGTON COUNTY HAS NOT YET BEEN ANNOUNCED.

The campaign for the Fourth Liberty Loan will begin Sept. 28 and close Oct. 19. This means that there will be a drive of three weeks to secure the largest sum yet asked for by the government. The exact amount has not yet been announced, but it is known that it will be larger than that required in any of the preceding drives.

No chairman has yet been announced for Pennington. George G. Johnson, who was at the head of the Third campaign, has been asked to again take charge, but he will be absent from the city at that time and therefore finds it impossible to act. One of the other bankers in the city will no doubt be selected for the job—and it is some job.

Pennington county has a reputation to sustain in this matter. The response on the part of the people of the county to the request of the government in previous loan campaigns has been most satisfactory, the community standing well at the head of the list in the third drive. It is probable that the same system will be followed during the coming campaign as was employed in the one previous. As soon as the amount to be raised is announced an apportionment will be made sufficient to cover it and every citizen will be expected to subscribe for the amount alloted at least. The community generally will be better of for cash on this occasion than at any previous period since this country entered the war and there should be no difficulty in securing the sum required.

Every citizen should begin making arrangements now for taking as much of this fourth issue as he or she can possibly handle.

NEW ACTIVITIES FOR RED CROSS

RED CROSS BUREAU OF CONSERVATION TO BE ESTABLISHED SOON.

For the primary purpose of educating the people of the United States in the principles of systematic conservation the American Red Cross, at the request of Bernard M. Baruch, chairman of the war industries board, has established a Red Cross Bureau of Conservation.

Announcement will be made from time to time of the particular materials the collection and conservation of which the War Industries board deems most important.

One of the important parts of the work of the War Industries board relates to the conservation of materials essential to the winning of the war. To meet the need for countrywide, coordinated activity along this line and appreciating the scope and efficiency of the Red Cross organization, Chairman Baruch appealed to it to supplement the conservation work of the War Industries board.

It is believed that the enlisting of the active interest of more than twenty million members of the Red Cross will result in a direct educational force that will bring the United States to the highest degree of conservation efficiency.

In addition to its educational function the Red Cross Bureau of Conservation will collect through Red Cross chapters certain materials, such as platinum, essential to war purposes, to be specified by the War Industries board. These materials are to be sold, but any financial benefit which may accrue to the Red Cross will be merely incidental to the purpose for which the bureau has been created.

In the program of salvage and conserving there are certain materials which cannot be reached through existing channels, especially where the appeal must be made to the householder and to individuals. It is in this connection that the Red Cross expects to be able to contribute, in a large measure, to the success of the general program.

Henry P. Davison, chairman of the War Council of the American Red Cross, in replying to Chairman Baruch's appeal, expressed confidence that the millions of Red Cross workers throughout the country would welcome any opportunity to assist the government along the lines in question.

The new Red Cross bureau, which will begin activities at once, will be under the immediate direction of Robert L. Raymond, an attorney of Boston, who was for some time field director at Camp Devens, and who later was connected with the Conservation Division of the Quartermaster corps.

The War Industries board will leave to the newly created bureau the measures necessary to bring the most effective results.

HOW REPORTS ARE SENT OF CASUALTIES

DELAYS ARE UNAVOIDABLE UNDER COMPLICATED SYSTEM NECESSARY.

The delays experienced in transmitting casualty reports to this country from the battle fronts and placing them in the hands of relatives of the killed and wounded is not to be wondered at when the system under which it is necessary to handle unfortunate men is looked into.

Oftentimes as long as three weeks elapse before it is possible to notify the next of kin if a soldier has been killed, wounded, gassed, taken prisoner or missing. In the case of the wounded there are a number of developments the casualty report must go through. For instance, a man is wounded in action. He receives his first medical treatment near the front line, where his wound is bound up and disinfected but no record taken. Next he is moved to the advance station (usually in a dugout about two miles behind the line), where the wound is then dressed and again disinfected, a record of the name and regiment taken and a tag labeling the man for identification purposes attached to his clothing.

In line with the gradual movement of the wounded to the rear the victim reaches the main dressing station, where a close examination of his hurt is made and a detailed account of it is taken. He then goes to the main casualty "clearing house," still several miles back, where a surgical operation is performed if need be and where a complete record is made of the casualty, with resultant classification into the 'slightly wounded," "severely wounded" or "dangerously wounded" groups.

From each station reports are sent to the medical department, where they are tabulated and compared for verification. All this takes considerable time.

When reports are found to agree they are sent to Washington headquarters, where the next of kin to the wounded or killed soldier is notified by telegraph.

In the case of the slightly wounded it is aimed to let their relatives know by letter or cable. Here, too, the news is held up by the censor, so that delay is bound to be occasioned.

UNITED STATES ARMY INCLUDES ALL UNITS

ORDER DOES AWAY WITH FORMER DESIGNATIONS OF ARMY UNITS.

Through a recent order issued by General Peyton C. March, Chief of Staff of the United States Army, the Regular Army, Reserve Corps, National Guard and National Army all lose their identity as such and are merged into the United States Army. The United States Army includes all the land forces in the service of our government regardless of how raised and all will wear the same insignia.

The new order welds all the component fighting forces of the nation into what will eventually be the largest and without doubt the most efficient army in the world. The same rule applies to officers who have been commissioned in the Reserve Corps and in the National Army. Hereafter all will be regarded as holding commissions in the United States Army.

General March's order will wipe out all distinctions which heretofore have existed and it already has met with the hearty commendation of all men in the service as well as receiving the stamp of approval of the general public. This country has but one army, with but one aim and object, and distinctive appellations such as National Army, Regular Army, etc., are not conducive of the proper unity.

NOT COMPELLED TO MARKET 1918 CROP

FARMERS MAY HOLD GRAIN, BUT FEW WILL CARE TO DO SO.

Farmers are under no compulsion to market their 1918 crop of wheat, according to State Food Administrator A. D. Wilson. That any considerable amount will remain in the hands of growers because of this fact is not likely, however, as the price has been fixed and the crop will bring as much now as next spring. The farmer who holds his grain will simply be tying up his money, besides assuming all the risk of loss by fire and from other causes. Should he for any reason wish to follow such a course he is permitted to do so, however, as the following order issued by Prof. Wilson indicates:

To All Co. Food Administrators: Answering many inquiries that have come in on this subject, the food administration desires to state that any individual having wheat, raised this year, may market or keep the wheat as he desires. No rules have been issued on this matter and the holder of wheat is permitted the same choice as regards marketing as he has enjoyed in normal times. The same applies to all other cereal crops."

To Advertise Valley.

In a future issue of the Country Gentleman will be published an article by one of their special writers, William Rhinehardt, on the Red River valley, which from the standpoint of publicity will be of great aid to the district. The Red River Valley Development association has taken this matter up with the various bankers, real estate dealers and other business men of the valley to order magazines of this publication for advertising purposes. The association has ordered one thousand of these copies, which will be distributed according to the orders received.

Fined For Carrying Flour.

A. Fankhanel of Barnesville, an engineer running on the Great Northern between Barnesville and the Canadian border, has contributed $25 to his home Red Cross chapter. He was accused of conveying several sacks of flour on his engine across the border contrary to the regulations of the food department. Tuesday he appeared before Chairman E. E. Sharp of the Clay county food committee, with the result above stated.

SOLDIERS IN FRANCE NEED MORE BOOKS

LOCAL LIBRARY TO FORWARD BOOKS TO SOLDIER BOYS FIGHTING OVERSEAS.

The Thief River Falls public library has received a request from the American Library Association's headquarters in Washington for more books from this community for the men overseas.

The appeal from Washington states that new novels and good Western stories, whether new or old, are most needed. Books by Zane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The public library announces that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers and sailors, many of whom have already responded most generously, to give more books.

The communication received by the library from the Washington headquarters states that over 600,000 books have been sent overseas. The supply is nearly exhausted, and several hundred thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed at these dispatch offices in strong cases, so built that they serve as a bookcase.

They go on the decks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, however, replaced in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced librarian, representing the American library association. Most of them go to Y. M. C. A., Red Cross and Salvation Army huts, hospitals and canteens. Others go directly to chaplains and officers.

IS THIS YOUR EXPERIENCE?
Many Thief River Falls People are Afflicted with Annoying Kidney Ills.
Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Thief River Falls people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.
Chas. Schuster, 622 St. Paul Ave., Thief River Falls, says: "From my experience with Doan's Kidney Pills I can say they are just as advertised. My back had been bothering me for a long time and I couldn't bend over without pain across my loins. Some mornings, I couldn't get out of bed, my back was so sore and stiff and I was obliged to get up nights on account of kidney weakness. As soon as I started taking Doan's Kidney Pills, I had relief and I have felt better ever since."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Schuster had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Separate Organizations.

There is an impression throughout the state that the Public Safety commission and the State Fuel and Food administration are under the same head. The State Safety commission has no responsibility whatever in connection with the promulgation of the rules and regulations of either the Federal Fuel or Food administrations, but co-operates in a general way with both of them as a matter of patrotic effort. Violations of fuel regulations must be reported to J. F. McGee, 510 New York Life Building, Minneapolis, and of the food regulations to A. D. Wilson, University Farm, St. Paul.

Relative Tornado Victim.

P. D. Christianson, one of the victims of the tornado which devastated the region about Tyler, Minn., last week, was an uncle of Mrs. J. P. Jensen of Goodridge. He was attending a meeting of the county fair association in the office of the bank at Tyler when the storm struck. Tyler was formerly the home of Mr. and Mrs. Jensen and they were personally acquainted with many of those who lost their lives.

STACK ALL GRAIN IS ONLY SAFE WAY

THRESHERS MAY BE DELAYED AND FARMERS SHOULD PROTECT THEIR CROP.

The labor shortage that threatened farmers of Pennington county did not materalize and grain generally is now in the shock. But while the situation here would perhaps not have been desperate even though the city residents had not tendered their assistance to the farmers, it is certain that this proved most welcome in many instances. The business men of Thief River Falls, together with the members of Company C, of the home guards, responded to every call made upon them and would have answered more had their help been requested.

Now in order to make certain that no grain will be lost the farmer should stack it at once. The rains nearly always prevalent at the time of the autumn equinox will soon be due and this work will be delayed where shock threshing is depended on. It is also certain that the threshing outfits will be very busy, as the crop is unusually large, and will not be able to make the rounds on schedule time. For this reason stacks may remain in the field for a longer period than under ordinary conditions, a circumstance that always carries with it an element of danger. If the grain is stacked it will be safe, no matter how long it may be until the threshermen arrive.

Math Barzen, who should know something about the matter, says that if his grain was ready he would stack it tomorrow even if assured that the threshing machine would reach his place the following day. He has resided in this section for a long time and his advice is worth heeding. Conditions are such that threshermen cannot definitely promise to be in any given locality at a certain time and the farmer should play safe. The loss of even a small portion of the grain crop this year should be guarded against in every possible way.

PLACING SOLDIERS ON VACANT LANDS

MEETING IN MINNEAPOLIS WILL CONSIDER THIS IMPORTANT MATTER.

Pennington county is very much interested in the results of the meetings to be held in Minneapolis tomorrow and Saturday when the matter of placing returned soldiers on vacant lands will come up for consideration.

The matter was brought to issue by Secretary Lane, of the department of the interior, in a letter to the President in which attention was called to the fact that at the time the soldiers were returning from engagement in the civil war provision was made for grants of land to large numbers thru the great quantities of free government land then available, whereas there is at this time practically no free government land that is ready for the plow. What there is now is mainly in the areas where irrigation or drainage is required to make it productive.

The fact that this section of Minnesota still has thousands of acres of nonproducing land makes this matter one of general interest and importance, as the land, with practically no exception, is highly productive and ready for immediate tillage. It is true there is little, if any, government free land left in Pennington county, but the land that is owned by private individuals should be producing at this time of world shortage, and efforts are to be made to direct the attention of the federal authorities to what the section has to offer. The Minnesota Red River Valley Development association has taken an active part in the matter, and is arranging the Minneapolis meeting, at which it is expected that a representative of the Department of the Interior will be in attendance.

New Sanitorium Member.

A. C. Tvedt of Goodridge, who has been one of the members of the Tri-County hospital commission since its formation, has resigned his position because of the pressure of other business matters making it impossible for him to devote the necessary attention to the duties of the office. The vacancy was filled at the last meeting of the board by the appointment of Peter O. Mylirum of Thief River Falls.

The commissioners also have appointed Irving Quist as drainage engineer in charge of the work on Ditch No. 63.

RECRUITING RULES SLIGHTLY AMENDED

AGE LIMIT RAISED TO TAKE IN MEN UP TO 55 YEARS OF AGE.

Recruiting for the United States army has been partially resumed in the Minnesota district, on order from the Adjutant General of the Army, according to Major John D. Yost, Recruiting Officer for the district. The age limits have been raised and men are now being accepted for certain staff departments from 46 to 55 years of age inclusive.

The staff department now open for enlistment of men within the above mentioned age limits are, Quartermasters Corps, open for cooks and bakers, checkers and laborers, Signal Corps, open for telegraph, radio and cable operators, inside and outside wiremen, electricians, machinists, photographers and men familiar with the construction and maintenance of telephone systems; Ordinance Corps, open to artisans and skilled men of all trades. The Medical Corps is also open but men will only be accepted who present authority for their enlistment from the office of the Surgeon General of the Army.

According to Major Yost, there are hundreds of men in the state between the ages of 46 and 55 years who heretofore were barred from enlisting by the previous existing maximum age limit of 40 years. "This is their opportunity," states the Major, "and I expect to see a great many men take advantage of it."

All other recruiting has been discontinued since August 9 pending passage of the new draft act by Congress. Voluntary enlistments were stopped to prevent the disruption of industries throughout the nation, by the usual rush of men to enlist following all such announcements. The new draft act will probably fix registration age limits from 18 to 45 years.

The recruiting machinery in the Minnesota district is being kept intact in anticipation of recruiting being resumed at some future date, and in the meantime the men of Major Yost's detachment are improving their time selling thrift stamps and engaging in other war activities, pending the receipt of orders from Washington.

There Never Was a Time in the Country's History When a Silo Could be Erected as Cheaply as Now
It will take fewer bushels of grain, fewer gallons of cream, less beef, pork and mutton and a smaller amount of anything else produced on the farm than ever before.
The wise farmer will protect himself in a time of plenty against the leaner years that are sure to follow. A silo is the best form of insurance he can have. There never yet was a time in Northwestern Minnesota when silage could not be produced in abundance. Nor has there been a time when the man with a silo experienced any difficulty in weathering an unfavorable season. It is the one sure profit-bringer on the farm.
We have a number of silos now in stock on which we are making substantial reductions. It will pay you to consult us before making final arrangements for your material.

THE HAY SITUATION.

The state food administration has been asked to look into the hay situation in Minnesota with a view to finding out just exactly how the supply is going to compare with the probable demand. In many sections of the state the hay crop was almost a total failure and there is grave danger that farmers will have to turn off their cattle because of a lack of feed.

It is a little late in the season to take this subject up, but even yet much good wild hay can be saved if the matter is gone about in the right way. There are thousands of acres of natural meadow in northern Minnesota on which the crop will not be harvested but which carry enough first-class hay to avert a serious shortage, if it only is gathered. The value of this product was demonstrated last year when people from sections far to the west came to Pennington county for the purpose of gathering the hay and shipping it to their homes as feed. It has not the feeding value of clover or timothy, perhaps, but cattle will winter through on this red top and blue joint in very good shape and even keep up a satisfactory flow of milk where a slight grain ration is added.

The cattle of the country must be saved. This would be an important matter at all times and is doubly so just now. The beef and milk supply cannot be permitted to deminish if our soldiers and civilians are to escape being brought face to face with a serious situation.

The wild hay on the natural prairies of the Northwest should therefore be saved. The fodder situation in this immediate section is not such as to make it necessary for our own farmers to depend upon this product, but it should be cut for those who are not so fortunately situated and who will surely need it. If the food administration has the authority and can find the men and machinery for harvesting this crop it will mean the adding of hundreds of thousands of dollars to the value of the state's food supply. The waste permitted through failure to secure this product will be almost criminal under present circumstances.

KEEP RIGHT ON SAVING.

The raising of the bars against the use of certain food products does not necessarily mean that there is now a surplus of these particular necessities and that our people can go ahead and waste all they see fit. The necessity for exercising care in the use of meats, fats and sugar, is as fully present now as at any time since the outbreak of the war and there is not the remotest chance that conditions will be any different for some time to come. This fact has been emphasized in a recent article by Dr. Ray Lymān Wilbur, who warns his countrymen against any letup up their policy of food saving. He says:

"As our army increases, more and more men will be drawn from the farms. Perhaps we have now passed the peak of production. Harvests are bound to vary with seasonal changes. Our only safe course is to provide enormous reserve stores of staple foods both here and in Europe to meet any emergency. In a later period of the war, in some critical phase, to have to stop in order to devote our energies to farming might be fatal to our final success. There must be no let down in the program of conservation with the new harvest.

"Heartened by our success we must go ahead realizing more than ever our responsibility to those who fight with us and who look to us as the only source of food supply to save them from destruction.

"We must see that the morale of our men and those who fight with them is kept at high tide. We can do so if they feel our support all the time. By the food saving program the American people are to keep them all in health and comfort and courage until the final victory."

FARMS FOR THE SOLDIERS.

Secretary of the Interior Franklin K. Lane has outlined a policy for taking care of our returning soldiers that should commend itself to every American because of the sound sense it contains. He would place the men returning from the war on the vacant lands of the country and help them get a start toward becoming independent farmers.

There are no longer great tracts of government land which may be secured through homestead entry but there still remains vast sections to be reclaimed and which can be bought at a very low price. Among these are the cut-over lands of northern Minnesota, Michigan and Wisconsin and the tracts that must be reclaimed by drainage in the same regions. To these may also be added the peat areas which are proving to be among the most valuable of our agricultural lands when subjected to scientific treatment.

Former timber lands undoubtedly make excellent farms when once the stumps are removed, but it ordinarily requires many years to get even a good start in such localities. The cost of digging a farm out of a timbered section is greater than most men are willing to assume and it is doubtful if the returned soldier could be made to see any advantage in being offered the opportunity of acquiring one under the conditions attached.

There is still much land more easily reclaimed. Thousands of acres of the very finest kind of soil is still awaiting development in the northwestern section of the state and this should be made available for settlement by the soldier. As the government would assist him in getting a start, if the plan advocated by Secretary Lane is followed, he would within a very short time become independent in this section.

It is a subject that should receive the earnest consideration of everyone who is interested in the welfare of the returning soldier as well as those who are working for the development of the state.

CORN, POTATO AND CATTLE SHOW.

A movement has been started for a fall exhibition of farm products to be held in Thief River Falls sometime during the latter part of September or first of October. The idea of a corn and potato contest and exhibition was first broached by the Pennington County Bankers association early in the year, but matters of more immediate importance have sort of sidetracked the proposition. Since it has become apparent that the corn and potato crop of the county will be the largest and best in its history, however, the subject has been revived and the prospects are now that something will be done with it.

The plan is to combine corn, potatoes, cattle and poultry in one big exhibition this fall and to drop the mid-winter farm and industrial display that has been a feature during the past two years. There are many things in favor of holding a fair of this kind in the fall instead of in mid-winter and there is not the slightest doubt but that the farmers and stockmen would be pleased at the change.

No definite plan has as yet been presented, but the idea will be to offer substantial cash prizes for the best displays in the different divisions. The bankers at one time decided to put the money they have heretofore expended for high-priced calendars and other similar advertising matter into a fund to be devoted to awards in agricultural and stockraising contests, and while the idea at that time was to extend the competition over an entire growing season, it is probable that they would be willing to devote at least a part of this fund toward prizes for an exhibition this fall.

County Agent R. P. White has taken it upon himself to sound out the prospective exhibitors on the subject and the matter will also be taken up at an early meeting of the bankers. The plan is a good one and should be heartily supported.

ONE THING TO AVOID.

Guy Empey, hero and author, talked much and very foolish, with the result that President Wilson held up his commission as a captain. Empey, who has rendered most distinguished service both on the battlefield and after his return to this country made the mistake of drawing comparisons between the different branches of the army when it came to bestowing praise. He referred rather sneeringly to the men going to make up the national army and the results were bad for him.

There seems to be some danger of folks at home also getting this matter wrong. They are strong in their praise of the men who volunteered for service and are inclined to look down on the selected man. It was to prevent anything of this kind from becoming general that all fighting forces were included under one head by the War Department only a short time ago. There is no longer a regular army or a national army—the whole thing is the American army.

We all honor the man who came forward at the first call for soldiers and volunteered his services, and he is entitled to all the nice things that are said of him. The fact of his having volunteered, however, has often given him the privilege of chosing the branch with which he preferred to serve and the class of work for which he considered himself best adapted. All of which is perfectly right and proper.

The selected man on the other hand says in effect: "I am ready to go when you want me and will serve wherever you think I will be of most value." Circumstances may have prevented him from volunteering as did his neighbor, but as much will be asked of him as of anyone. He will have to take his chances along-side of the man who entered the army by a slightly different route and will have to give as good an account of himself. Acting toward him as if we considered him not quite as good an American as the volunteer is not going to make him a better soldier and besides is very liable to lay up a lot of trouble for the future.

They are all our boys and are fighting our battles. There should be no difference in our treatment of them.

WHAT YOUR SUBSCRIPTION MEANS.

When you subscribe to a Liberty Loan you subscribe to the sentiment that the world must be made safe for democracy and subsribe to the fund that is to make the world safe for democracy.

You subscribe to the belief that innocent women and children on unarmed ships shall not be sent to the bottom of the sea; that women and children and old men shall not be ravished and tortured and murdered under the plea of military necessity; that nurses shall not be shot for deeds of mercy, nor hospital ships be sunk without warning, or hospitals and unfortified cities be bombed or cannonaded with long-range guns.

You subscribe to the doctrine that small nations have the same right as great and powerful ones; that might is not right, and that Germany shall not force upon the world the dominion of her military masters.

You subscribe, when you subscribe to a Liberty Loan, to the belief that America entered this war for a just and noble cause; that our soldiers in France and our sailors on the sea are fighting for right and justice.

And you subscribe to the American sentiment that they must and shall be powerful, efficient, and victorious.

Twenty years ago there were four teachers employed for the children beginning the fall and winter term in the Thief River Falls schools. There was not a creamery in the county. Ten years ago there were 24 teachers and an equal number of creamery patrons who received more than $40 per month for the products of their herds. This year 47 teachers have been hired for the schools and the creamery patrons in the $40 class number 103. As long as the milk supply keeps up with the increase in population we are all right.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

Mrs. Maria Hoppe died at her home in Black River township, aged 83 years. The funeral was held from the home of her son, August Hoppe, and the services were conducted by Rev. Liening.

Attorney Richardson spent a few days at Crookston on legal business.

M. Bothun was proprietor of the Cheap Cash store and advertised a large stock of new goods which had just arrived.

Miss Della Forder pleasantly entertained a few friends at her home on the East Side Wednesday evening.

During a recent trip down the river of the steamer Viking, an immense buck moose was seen feeding close by the river and did not run until a number of toots had been made by the steamer's whistle.

The Knox school opened for the season on Monday morning and the Central on Tuesday. Herbert Fuller was in charge as principal of the first-named building while the work at the Central was under the direction of M. E. Todd.

Mrs. C. Kretzschmar invited a number of friends to be present for the purpose of witnessing an unusual event at her home. She was the owner of two night-blooming creeus and the plants were due to blossom. The first opened its petals on Thursday evening at 8:30 o'clock and the second at the same hour on the night following. One blossom measured over 12 inches in diameter and the other about nine. The flowers had again closed up by twelve o'clock.

Wheat was quoted at 76 cents per bushel.

Rev. and Mrs. I. T. Aastad welcomed a baby daughter at their home on Monday, the newcomer being their first-born.

The Fosston branch of the Great Northern was completed during the week and the first train between Duluth and Grand Forks made the trip over the route amid celebrations all along the line.

Miss Sarah Vaughn returned to her home at North Branch following a visit with her sister, Mrs. C. L. Dobner.

While the little child of John Zavoral was playing in the street he was run over by a team and quite severely injured.

Miss Katie Holzknecht was treated to a party on Tuesday evening by about twenty of her friends in honor of her sixteenth birthday. She was the recipient of a nice lot of presents. A feature of the evening was a magic lantern entertainment by Homer Mussey.

Ten Years Ago.

Leo, the nine-year-old son of Mr. and Mrs. George Doland, died of convulsions after a sickness of but a few hours. The funeral was conducted Monday afternoon from the M. E. church, Rev. Jas. Smith officiating.

Delegates to the democratic county convention at Red Lake Falls were Messrs. Morgan, Fuller, Stanton and McGinty. The convention was quite well attended and was harmonious throughout. W. B. Fuller presided as chairman with Fred Borchers as secretary. M. C. Burns, W. B. Fuller, John Morgan and E. M. Stanton of this city were among the delegates chosen to go to the state convention.

A special election was called for September 29 for the purpose of deciding whether or not an agricultural school should be established at St. Hilaire. The people of that village volunteered to stand all the expenses in connection with the holding of the special election.

The dedication of the Norwegian Lutheran church was announced for Sunday, August 30.

H. M. Hicks filed as a candidate for coroner on the Republican ticket.

C. H. Martz was appointed county surveyor of Red Lake county, succeeding J. K. Wood, who resigned the place and moved to Canada.

Besides Superintendent J. H. Hay there were 23 teachers reporting for duty when the city schools opened for the season on Monday.

There were 26 patrons receiving checks for more than $40 from the Thief River Falls Co-operative creamery during the month of July.

Olof Tessum bought the residence property of B. E. Bothun just north of the Synod church and also purchased a portion of the front of the Oen Hardware building, which he expected to employ in remodeling the property into a feed and flour store.

Mr. and Mrs. Andrew Rindal returned from a visit to their old home in Norway, making the trip on the magnificent new Cunard liner Lusitania.

General disappointment prevailed because of the failure to secure reduced railroad rates to the state fair.

The regular monthly meeting of the city council did not materialize because enough members did not show up to make a quorum.

Dr. H. G. Hieber came back from a visit to relatives in Iowa. He found conditions in Iowa very good, crops being excellent.

Robt. McGinn was enjoying a visit from his mother, who dropped in on the family unannounced.

Dr. F. D. Brandenburg and wife of Mankato were guests at the H. P. Sponheim home.

Mr. and Mrs. F. J. Stebbins and Mr. and Mrs. John W. Eastman drove to Crookston in the former's car.

Mrs. J. M. Bishop, Morlan and Miriam, were enjoying an outing at Alexandria and adjoining lakes. They expected to be absent for about a week.

Miss Esther Kretzschmar returned from a visit of several weeks' duration with relatives at Oshkosh, Wis.

One of the big plate glass windows in the new Oen building was accidentally broken Sunday morning. John Anderson, in bringing up the mail from the Soo depot in a push cart, ran the cart off the sidewalk in front of the window at a point where the walk and building were unconnected, the window being pushed in. The loss was about $35.

The public schools of the city were announced to open on Sept. 8.

Dr. and Mrs. C. R. Crandall were enjoying a visit from the doctor's father and mother, who resided in Louisiana. They were formerly residents of Minnesota and the old gentleman represented his district in the state legislature.

A bright baby girl arrived on Sunday night to brighten the home of County Auditor and Mrs. T. P. Anderson.

H. S. Dahlen, vice president of the First and Peoples' State bank of this city, is spending a week's vacation in Wisconsin and other points. Mrs. Dahlen accompanied him on the trip.

Women Wanted

The war is creating a big demand for women and young men with a knowledge of bookkeeping, banking, shorthand and typewriting. Wages are large and the chances for promotion are splendid. Write the Union Commercial College, Grand Forks, N. Dak., for a free catalog and full particulars.

CONTINUES MAKING ASTOUNDING GAINS

FIFTY JOBBERS IN THIS COUNTRY NOW SUPPLY TRADE WITH LOCAL PRODUCT.

Manager Scott Laird of the Econ-O-Kleen Fuel Co., stated in an interview today that orders for the month of August would exceed those of the previous month by at least ten per cent.

Jobbers throughout the northwest are just beginning to fully realize the importance of Econ-O-Kleen and are now preparing to supply the demand for this great fuel saver.

With the request just issued by the fuel administration at Washington, asking that all use of autos be discontinued on Sundays hereafter under penalty of this being made a law, there is even more reason why Econ-O-Kleen should be used. The restriction on autos does not apply to absolutely necessary use of such machines as in the case of trucks, doctors, fire apparatus and similar motor-driven and used vehicles, but does apply to the driving of autos on Sunday for pleasure trips.

A Valuable Boost.

Manager Laird today received a sample of printed matter just issued by the Shadbolt & Boyd Iron Co., of Milwaukee, the largest concern of its kind in Wisconsin, and the entire back page thereof was given over to the boosting of Econ-O-Kleen. This piece of printed matter was issued to the trade of the entire Northwest and there were over ten thousand copies sent out.

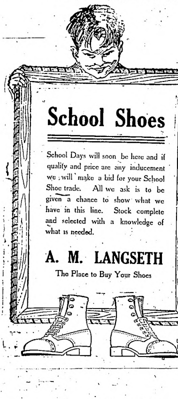
Over fifty of the best jobbers of the country are now handling the local product, as compared to about a dozen when Mr. Laird assumed charge the middle of June. Each day sees another house added to the list. An order was received Monday from a North Carolina jobber who sent the cash in advance so as to be sure to get his share of Econ-O-Kleen, and it is just this kind of shrewdness, becoming more apparent every week, that is increasing the business and placing Econ-O-Kleen before the entire world.

School of Piano

I will open a School of Piano in Thief River Falls next month.

Pupils may enroll any time after Sept. 5th at the Thief River Music Co. Store.

Laura E. Forde



School Shoes

School Days will soon be here and if quality and price are any inducement we will make a bid for your School Shoe trade. All we ask is to be given a chance to show what we have in this line. Stock complete and selected with a knowledge of what is needed.

A. M. LANGSETH

The Place to Buy Your Shoes

Hospital Notes.

Those who entered the Physicians' hospital within the last week up to this morning for medical attention are as follows:

Ernest Jaranson, city; Baby Corten, Mahnomen; Mrs. Rose Kushonski, Bronson; Jay Osbjormson, Clearbrook; Loyal Grating, St. Hilaire; Mrs. Anna Swenson, St. Hilaire; Harriet Mattison, city; Robert Mattison, city; Ruby Anderson, Newfolden; Miss Ida Kjelgren, Holt; Elmjra Langseth, city; Florence Gordon, Lancaster; Ole Kolden, Gully.

Miss Emma Trovaton of this city Miss Estelle Christianson of Mapleton and Miss Inga Saugen of Steiner will enter the Physicians' hospital Sept. 1st, to take the nurses' training course.

Miss Tina Lane who has for over a year past been nurse in the Physicians' hospital, was operated on several days ago for appendicitis and is getting along nicely. Although her condition was very serious for a few days, she is now considered out of danger.

William Herrick accepted the position as janitor at the Physicians' hospital.

At the Princess.

Kitty Gordon, who is not as well known here as some of the other stars but who is nevertheless one of the very brightest, opens the Princess week tonight in "Vera, the Medium," in seven thrilling reels. Also a Vitagraph comedy.

Charming Enid Bennet wil be the star on Friday evening and her play, "Naughty, Naughty," sounds interesting enough to bring out all the movie fans in the city. It is a Thos. Ince production.

Emmy Wehlen appears on Saturday evening in the great mystery play, "The House of Gold." This is another of those powerful dramas of human hearts in which Miss Wehlen appears at her best.

"Say, Young Fellow." That's a funny title for a play but the player is funny too. Douglas Fairbanks Sunday night. There is nothing more need be said about it. The famous athlete is here seen at his best.

That likable Tomboy, Margaretta Fisher, comes on Tuesday night in one of her cleverest pictures, "Impossible Susan." If you have a split lip you had better stay away because you will surely laugh right out loud.

Eivind Tharaldson.

Eivind Tharaldson, the first Scandinavian merchant of Grand Forks, N. D., passed to the great beyond last Tuesday evening, Aug. 20, 1918, at his home at Thief River Falls.

He was born in Satesdalen, Norway, Oct. 7, 1852. When he was nine years old the family came to America and settled in Iowa, later moving to the old homestead in Langhei, Pope Co., Minn. In 1877, Eivind, with his brother, Osmund, started in the mercantile business in Grand Forks.

After 25 years as merchant in Grand Forks, he moved with his family to Starbuck, Pope Co., where he was in business for 10 years.

In 1909 he moved to Thief River Falls, where he resided until his death.

He was a kind husband and a loving father. He passed away with the same firm Christian belief that characterized his life.

Relatives left to mourn his departure are: a brother, Ole Tharaldson of Erie, Minn.; two sisters in Pope county, Mrs. K. Aaberg and Mrs. A. L. Brevig; his wife, Dora Tharaldson and children, Anne, Alexandra, Olaf and Dagny, of Thief River Falls.

NEW CALL NETS 27 REGISTRANTS

THIS NUMBER REACHED 21 YEARS SINCE JUNE 5 IN COUNTY.

AVERAGE ALMOST PERFECT

FIGURES PROVE THERE COULD HAVE BEEN NO EVASION OF ORDER.

The young men of Pennington county are reaching the age of 21 at the rate of about 100 per year, according to the registration percentage. A total of 27 placed their names on record last Saturday as having reached this age since the fifth day of last June. At that time there were 89 registering as having come of age since the same date a year previous. As the original registration of men between the ages of 21 and 31 showed a total for the county within these limits of 889 and as the government has figured out that about ten per cent of this number will reach their majority every year, it will be seen that Pennington county is running about as close to schedule as it is possible to get.

Falling Off In City.

There were ten registrants giving their residence as Thief River Falls, which is a slight falling off from the June percentage, the total number being at that time about equally divided between the city and outlying districts. Six of the registrants were from St. Hilaire, which is a very good showing for that village. The Rhoda territory comes next with three, the remainder being scattered among different localities.

Examinations Monday.

All registrants have been notified to appear for their physical examination on Monday. As the board has heretofore been able to pass on between 30 and 40 men per day, it will not be necessary to string this examination along and call for the candidates in classes.

Following are the names and residence of the registrants:

Carl Richard Anderson, St. Hilaire
Thom Brezney, city
Peter Feragen, city
Milton G. Weeks, city
Herbert C. Swenson, Holt
Melvin Ness, St. Hilaire
Edwin Carl Stark, St. Hilaire
William Gilbertson, Hazel
Willis Thompson Fasel, Butte, Mont
Harris Heggestuen, Highlanding
Benj. Henry Borgen, city
Thure Arthur Carlson, city
Hans Folstad, St. Hilaire
Edwin Granum, city
Melvin Svare, Erie
Ole Newton, city
Julian Jorringdal, city
Clarence W. Pope, St. Hilaire
Adolph Larson, city
Oscar Theo. Wiberg, St. Hilaire
Emil Halland, city
Bernt Olnus Skerping, Kratka
Ferdinand Harbott, Red Lake Falls
Herman E. Patterson, St. Hilaire
Hans P. Hanson, Rhoda
Willie Singer, Rhoda
Thomas Sanness, Rhoda.

SCOUT MEETING ON MONDAY EVENING

SCOUT MASTER ANNOUNCES REGISTRATION CERTIFICATES ARE HERE.

Scoutmaster D. C. Gustafson announces that all boy scouts are requested to meet at usual meeting place on Friday August 30. It is important that all attend this meeting. Registration certificates for the following boys are here: August Langseth, Charles Gambell, Lloyd Peterson, Ferdinand Schmidt, Beno Schmidt Paul Scanlan, Geo. Oppie, Edward Belland, Albert Belland, Clarence Knudsen, John Melgaard, Millard Myrum, Ernest Barzen, Math Barzen, Cleon Bottelson, Victor Nordquist, Roscoe Bakke, Paul Halseth, Alfred Aldrich, Hazel, Minn.; and the following associate members of St. Hilaire, Minn.: Nels Nelson, Francis Soderberg, Melvin Sherva, Howard Bilden, Hazen Wallen, Leslie Bigelow, Stanley Wilson, Harvey Olson and Walter Bjerk. Assistant scout master certificates are here for Milford Sorenson and Roy Barzen.

CORN OUTLOOK IS UNUSUALLY GOOD

EARS FORMING ON FODDER VARIETIES AND WEATHER HELPING EVERY DAY.

While all eyes are on the small grains of northwestern Minnesota at the present time, corn is moving ahead so fast that the crop bids fair to be the largest and best in the history of the section. The weather has been ideal for the maturing of corn and even the varieties planted for their fodder value are producing ears of large size and fine formation.

After the storm about a month ago it looked as if much of the corn acreage in the county might as well be plowed under. The stalks were stripped and most of them broken off. Instead of destroying the crop, however, this only seems to have given it a better start. The warm weather and rains following immediately after the freakish storm had the effect of making corn fairly bound. Fields with stalks running from six to nine feet in height are not uncommon and the amount of fodder thus made available is of inestimable value in a year of hay shortage, even though the ears do not in all cases mature.

Every farmer in the county should select the best ears of this year's crop for future seed. The food administration urges this as a war measure and a week has been set aside in Minnesota for this purpose. Future corn crops will in a great measure depend upon the care that is taken in the selection of seed this year.

RED CROSS SENDS PRISONERS' MAIL

ONLY MANNER IN WHICH MEN CAN BE ASSURED OF RECEIVING SAME.

Special posters telling of the method to be employed in sending mail and packages to one's friends who may happen to fall into the hands of German troops have been received and are being sent to each postmaster in Pennington county on request of the National Red Cross society at Washington. Secretary Laird also had extra copies placed in convenient and suitable places about this city, as was also done with other posters calling attention to the work that the women are called on to do. These posters are all worth reading and studying.

On the one relating to mail and packages for prisoners, which includes the sending of money, attention is called to the fact that these letters and packages must go through the Red Cross.

Anyone desiring to send such mail should get in touch with their local postmaster, or the chairman or secretary of the chapter or branch, or the chairman of the Civilian Relief committee, of which Daniel Shaw of Thief River Falls is general chairman.

FOURTEEN DEPART FOR CAMP GRANT

MEN IN REGULAR AUGUST QUOTA HEADED FOR ILLINOIS BARRACKS.

The general service men called from Pennington county in the regular August quota left on Monday morning at 6:15 o'clock over the Soo. They were escorted to the train by the home guard and a large gathering of townspeople. While it would seem that these departures should by this time be occurances of rather ordinary importance, interest in the boys who are leaving in the country's service is as keen as when the first bunch left for camp more than a year ago. Crowds invariably gather whenever a train carrying away a number of these young men is about to leave and the crowds act very much as they did when the first bunch left the city.

Those who made up this contingent were the following: Herbert L. Johnson, Alvin G. Evenson, Oscar H. Ness, Clarence E. Johnson and Alfred G. Severson, city; Henry G. Swenson, Wesley Pierson and Casper G. Hanson, St. Hilaire; Louis Womstrand, Wyle; Anton Kloski, Rudell; Knute Dahl, Sunbeam; Eddie R. Brekke, Kratka; Ole S. Dahl, Erie and Fred Nielson, Superior.

CORN STALK BEARS SAMPLE OAT CROP

FREAK PRODUCT IS SENT TO PLANT SPECIALISTS AT U. OF M.

We have all heard of how two different kinds of fruit can be made to grow from one tree, but to find two kinds of grain on one stem or stalk is "something else again." Nevertheless that is just what happened this week here in Thief River Falls, and there are any number of reliable citizens who can prove it. We do not know whether it was H. W. Protzeller who discovered the freak or if he just became its press agent, but anyhow he is the party who was showing it around.

It was a perfectly formed ear of corn about nine inches in length. For about six inches it behaved like any other well brought up ear of corn should, but here it fell into doubtful company. At this point were found growing four rows of perfectly formed oat kernels encircling the cob and evidently securing their sustenance from the very same stalk as the corn. That the two different varieties of grain were thoroughly incorporated into the general plan of existence of that particular cob was further proven by the fact that the smaller kernels of corn growing near the oats were covered without husks.

Nor was this all. Surmounting these four rows of oats there was another cob of corn about two inches in length, perfect in every detail.

After having been exhibited around town for a day or so the hybrid was given to W. H. Frederick, who has sent it in to the agricultural department of the state university to find out what the highbrows can make of it. The thing is all the more remarkable when it is noted that no oats were growing within blocks of the lot in which the corn was found.

It has been suggested that the whole thing is another scheme hatched by that man Hoover. In these days of wheat substitutes it would be something of an added feather in his cap if he could fix things so corn meal mush and oat meal porridge could be secured from the same plant.

URGE GROWERS TO SELECT SEED CORN

PENNINGTON COUNTY EXPECTED TO SAVE 666 BUSHELS OF PRESENT CROP.

The farm bureaus of Minnesota are putting on a state wide campaign to insure the selection of enough home grown seed corn to meet the needs of every corn grower in the state for two years. This means the selection of one million bushels of corn throughout the state. The farm bureau of every corn growing county is cooperating. The plan is to select one bushel of seed corn for every three acres planted, one-half of the seed being held for use in the spring of 1920.

If this plan is followed, from year to year, the Minnesota farmers will never again find themselves in the position they did this spring when they came to the question of securing seed corn.

Pennington county grows approximately two thousand acres of corn. This means that we should save 666 bushels of corn this year. Unless the frost comes too early we will be able to save a considerable amount of seed from the plots on which home grown corn was planted this spring.

The farm bureau of Pennington county is co-operating with the men who have these plots and the plan is to save every ear possible this fall.

What is commonly known as seed corn week will be from September 10th to the 20th. This, however, will vary in the different parts of the state according to the time of ripening.

The object of the campaign is solely to insure seed for future planting. Every farmer should cooperate with the farm bureau in this worthy enterprise.

FALL PLOWING IS MOST IMPORTANT

SUREST WAY OF PREVENTING ENCROACHMENT OF SOW THISTLE.

The beneficial effects of early plowing in the Red River Valley have been observed by a great many. Especially in regard to weed control is early plowing desirable. An instance was cited the other day which showed that a field badly infested with sow thistle, which was plowed early last fall resulted in the almost total destruction of the weed, while a field near by, which was not plowed until spring, grew a rank growth of that pest this year. The results obtained at the Northwest Experiment Station clearly demonstrate the value of early fall plowing. Where tractors are used it is highly advantageous to operate them from daylight to dark in order to get the plowing done as early as possible. The results at the Crookston station have justified the extra efforts made there to have the plowing done before September 10. Scarcity of labor or other reasons may make it impossible to follow this program on all farms, yet, when the importance of early fall plowing is fully realized, greater efforts should be made to rush the plowing.

Bishop Now a Sergeant.

Last week The Times carried a news item to the effect that Morlan Bishop, who has been doing Y. M. C. A. work at Camp Dodge practically since the outbreak of the war, had resigned and entered active service as a soldier. He was transferred to a camp in New Mexico and word has now been received that he has already been made a sergeant. Our boys all seem to be doing very well, but this is the most rapid rise noted yet.

STAMP SALE MUST BE SPEEDFD UP

PENNINGTON COUNTY STILL NEXT TO TOP IN NORTHWESTERN GROUP.

Sales of Savings Certificates and Thrift Stamps amounted to $45,687.46 for Pennington county up to the first of August, according to the report sent out this week from state headquarters. While this is a very good showing there will have to be considerable hustling done during the next three months if the county's pledges, which total $72,655, are to be redeemed by the end of the period designated. It leaves $26,698 still to be collected, or practically $9,999 per month. This is $346.50 per day for each and every working day from now until the first of December, at which time the payments must all be in.

Pennington still stands second among northwestern Minnesota counties in the amount of cash secured through the sale of these Baby Bonds, the per capita investment being $4.16. Red Lake county is first with $5.67 and Kittson county third with $4.12. The sales in Marshall county amount to $2.72 for each inhabitant, Polk county's record is $3.53, and Roseau county bring up the rear with $1.08.

Next Red Cross Allotment.

Secretary Scott Laird of the Pennington County Red Cross chapter, has been notified of the September allotment of surgical dressings by the Northern division. This includes 1,200 four by four wipes, and the women who have been doing this work the past two months will therefore keep their hands at work during the coming weeks.

As yet no word has been received as to the other work which the local and branch chapters will be called on to do, but this word may come any day now.

County Food Organization.

For the benefit of those who may not know exactly the personnel of the committee in charge of the food administration in Pennington county, the list is herewith published: Administrator, Chas. A. Pitkin, Thief River Falls. Farm, R. P. White, Thief River Falls. Store, Carl Christofferson, Thief River Falls. Home, Mrs. Will Korstad, Highlanding. Eat Shop, Julian Provencher, Thief River Falls. School, Supt. E. A. Mostue, Thief River Falls. Church, Rev. S. J. Ylvisak, Rev. R. L. Barackman, Thief River Falls. Press, Thos. J. Austad, Thief River Falls.

School Suits

For Lively Young Americans

Young America is ready for anything that comes along. He doesn't stop to see what will happen to his clothes. That's where mother's worries come in.

We have watched him as carefully as you have and that's why most mothers in this community bring their boys here to be out-fitted.

For we have put just the "cast-iron" fabrics he needs into his togs as well as the snappy style he insists on having. Here you will find suits that will look well on him and have the quality to stand the rough wear he's bound to give his clothes.

This week we offer Boys' School Suits in all the newest styles and fabrics real boys like best. Values from $3.95 up.

Shirts, Neckwear, Underwear, Hats and Caps, etc., etc., in the same wear-resisting quality.

Miss Myrtle Satre, of this city, was a guest at the home of her cousin, Miss Helga Sorum of Detroit, Minn., last week.

Mrs. O. J. Erickson returned to her home in this city Wednesday morning after visiting with friends at Fargo, N. D.

Misses Helen and Sarah Halvorson returned to their home near Goodridge Tuesday after a week's visit at the Ole Legvold, Sr., home.

Miss Ella Christenson left for her home at Strathcona Wednesday after a visit at the home of her sister, Mrs. Oscar Erickson in this city.

Our new fall garments are different from the ordinary. Are exclusive midels; no two alike.—The Sapero Co. a-29

Mr. and Mrs. Fred Holzknecht, accompanied by Mr. and Mrs. M. C. Burns, motored to Grand Forks Wednesday. The trip was made in the Holzknecht car.

Mrs. C. C. Way of Sioux City, Ia., is expected to arrive in this city the latter part of this week for an extended visit at the home of her son, Thos. A. Way.

Mr. and Mrs. C. A. Barth of Billings, Mont., arrived in the city Wednesday morning to visit at the home of Mrs. Barth's mother, Mrs. J. J. Aga and also with friends.

Mrs. Alice B. Kratka left last Friday for Indian Springs, Nevada, where she will spend the winter with her son, and friends. Mrs. Kratka will also visit at Pasadena and Los Angles, Cal., before returning to this city in the spring.

H. Ebbinghausen, accompanied by his family, arrived in this city Monday from Crookston. Mr. Ebbinghausen has accepted the position of wire chief with the Northwestern Telephone company and they will reside here permanently.

A farewell party was given last Sunday evening, August 25th by Misses Thora Ness and Ida Larson, at the home of the former, in honor of George Swanson and Fred Nielson, who left Monday morning for Camp Grant, Ill. There were thirty-six guests.

Mrs. Frank Lonne and daughter, Miss Ethel Lonne, returned to their home in Crookston yesterday afternoon after a brief visit in this city at the home of Mr. and Mrs. John Soderberg. They also visited at the home of Mr. and Mrs. Ed. Krohn at Viking.

Miss Alice Lee, accompanied by Miss Stella Wigness, arrived in this city last evening from their homes in Gonvick, for a brief visit at the home of Mrs. C. T. Storholm. Miss Wigness left this morning for Warren and Miss Lee leaves this afternoon for Hatton, N. D., to visit her sister.

D. J. Cordes, local band master, this week accepted a permanent position in the clothing store of E. O. Mogensen and will continue to work there, in connection with having charge of the band. Reuben Teslow and John Melgaard are also clerking in the Mogensen store at present during the sale.

Miss Gaya Olson arrived in this city on Saturday afternoon of last week for a few days' visit at the home of Mrs. Martin Evenson. Miss Olson left Tuesday morning for a brief visit and will return here the latter part of the week to spend Sudnay at the Evenson home and will return to Middle River Monday.

A number of ladies gave a surprise party last Friday afternoon at the home of Mrs. Val Yager in honor of Mrs. M. M. Vesey of this city, who on that day celebrated her eighty-fifth birthday anniversary. There were fifty-two ladies in attendance who presented Mrs. Vesey with a purse containing a considerable sum of money.

Miss Mabel Hastad motored to this city Sunday to visit with friends and relatives.

Walter Jonas left Wednesday for Warren where he will work in the harvest fields.

Mrs. J. P. Jensen of Goodridge, accompanied by her sister, arrived in this city Tuesday.

Miss Katherine Dudley left Tuesday for Warroad to visit at the John Ditty home for a week.

Joe Zavoral left Wednesday for Fordville, N. D., where he will work on the Fordville Drake line.

Mrs. C. H. Gran left Wednesday evening for Alexandria where she will visit with friends and relatives.

Mrs. William Smithers left Monday morning for Fordville, N. D., where she will visit with her sister till Saturday.

Mrs. E. J. Herland returned to her home at Fargo, N. D., after a two weeks' visit at the home of Mrs. Geo. Adsero.

Mrs. Severt Stenares arrived in the city Wednesday from Erskine to visit at the home of Mrs. E. M. Ostby of this city.

Miss Boletta Sandum returned Wednesday evening from Mahnomen where she had been visiting with her sister for a few days.

Lawrence Foster arrived Tuesday evening from Malcolm to visit at the J. L. Lund home, after which he will leave for his home in Superior.

Mrs. John Berglund left for her home at Rosewood Wednesday morning after a few days visit in this city at the home of Mrs. H. Johnson.

Miss Dorothy Clausen and Miss Alice Paulson went to Warren Friday morning to visit with Miss Clausen's father.

Miss Gaya Olson returned to her home in Middle River Monday morning after a few days' visit in this city at the home of Mrs. Martin Evenson.

Miss Anna and Miss Alice Sandstrom, who have been visiting with friends at Crookston, passed through this city Wednesday on their way to Crookston.

Choose your fall and winter coat now from the most wonderful collection we have ever assembled.—The Sapero Co. a-29

Mrs. H. R. Allen and daughter, Miss Lula Allen of St. Hilaire, returned to their home last Monday afternoon after a brief visit in this city with friends.

Andrew Bottelson left last week for Albert Lea to visit with his mother. Mr. Bottleson will also visit with friends at Blue Earth, before returning to this city.

Dr. H. W. Froehlich left Tuesday evening for Duluth where he will attend the meeting of the State Medical association. He expects to return Friday evening.

Misses Louise and Ruth Furstnau left last Friday morning for Holt for a few days' visit with their parents, who are spending the fall months on their farm near there.

Rev. Nyborg and family arrived in the city Wednesday evening from Portland, Maine. Rev. Nyborg will have charge of the Norwegian Mission church in this city.

Miss Julia Cengel returned Wednesday afternoon to her home at East Grand Forks after a two days' visit at the home of her sister, Mrs. P. H. McAndress of this city.

Miss Alice Lee of Gonvick visited at the home of her aunt, Mrs. C. T. Storholm last Thursday. Miss Lee left Thursday evening for Hatton, N. D., to visit at the home of here sister.

Mr. and Mrs. Fred Holzknecht and son, Alvin, and Mrs. M. C. Burns and daughter, Miss Evangeline Burns, motored to Grand Forks, N. D., yesterday morning for a brief visit with friends.

Pte. Oscar Cerny, accompanied by his mother, Mrs. L. J. Cerny, left Wednesday morning for Argyle where they will visit with Mr. Cerny's brother and sister. They will return in the evening.

Major Thomas W. Swinson has resigned as major of the Twenty-first battalion Minnesota Home Guards, and Major H. Z. Mitchell of Bemidji, has been appointed to the vacancy.—St. Paul Dispatch.

Miss Leverne Ditty, who has been visiting at Crookston, arrived in the city Wednesday morning to visit with her friend, Miss Ruth Dudley. Miss Ditty will return to her home at Warroad at the opening of school.

Mr. and Mrs. S. Brandon left last Friday morning for Middle River, for a brief visit at the home of Mr. Brandon's parents. Mr. Brandon returned Friday afternoon while Mrs. Brandon remained for a few days.

Roy Miller and Miss Ella Miller, who have been spending the summer at the home of their uncle at Litchfield, returned to their home in this city Tuesday. Miss Miller will teach in the public school of this city this winter.

Mr. and Mrs. E. J. Richards and daughter, Ethel, and nephew Donald Snyder, left on Saturday afternoon of last week for Red Lake Falls for a brief visit at the home of Mr. Richard's parents. They returned on Monday morning.

Mrs. S. Raymond Robinson, formerly Miss Elsie Watson, who has for the past two years been reporter on The Times, has resigned her position and leaves next week for Oslo, Minn., where her husband is farming, and where they will make their home. Miss Bertha Leimers, of this city, has accepted the position as reporter and began work this week.

Mrs. J. B. Olson and daughter, Donnabel, of this city, accompanied by Mrs. J. E. Johnston and son, Earl, of Fargo, N. D., arrived here Tuesday evening from Fargo where Mrs. Olson and daughter had been visiting for several days. Mrs. Johnston will visit here at the Olson home for several weeks. Mrs. Olson was a guest of Mrs. W. W. MacDermott at her summer cottage on Island Lake near Detroit for ten days during her absence.

Announcing a Most Comprehensive Display of

Women's Coats, Suits and Dresses For Fall

After unusual and most exacting preparations we are pleased to announce that we are now ready to gratify that exquisite feminine desire to be garbed in the newest and best of Fashion's most bewitching creations.

Presenting a most complete assortment of authentic modes for the coming Fall and Winter, this exhibition is of unusual interest to every woman in this community.

Carefully tailored, of the finest fabrics and in styles that will suit every fancy, they are unusually attractive in their appeal. Comfortable weights for early Fall wear.

LOKEN BROTHERS

Thief River Falls, Minnesota

Beautiful new fall suits now ready for your selection.—The Sapero Co. a-29

Mrs. J. W. Lang of New Rockford, N. D., arrived Wednesday afternoon to visit at the home of Bernard Knudsen.

Paul Middeigh went to Red Lake Falls Wednesday to attend the Red Lake county fair which is being held there this week.

Miss Doris Halvorson left Friday for Crookston where she spent the week end at the home of Mrs. Harold Page Miller of that city.

L. J. Ackerman left Wednesday night for Minneapolis where he will visit with relatives. Mr. Ackerman will also take in the state fair.

Miss Clara Peterson left Wednesday afternoon for her home in St. Hilaire, after a short visit at the home of her sister, Mrs. S. O. Grolld.

Miss Ruth Sandstrom returned to her home at Plummer Wednesday evening after a short visit at the home of her aunt, Mrs. Sarah Swenson, of this city.

Miss Emma Ebbinghausen arrived Wednesday from Crookston to visit at the home of her brother, who resides in this city. Miss Ebbinghausen will also visit at the homes of Mrs. L. Brabender and Mrs. Emil Rausch.

The G. Halvorson family motored to Ada last Sunday where they were guests at the Penny home over Sunday and Monday.

Mrs. R. F. Gilmore returned Thursday morning to her home in Warren, after visiting at the home of Mrs. Harry Prichard in this city.

Miss Laura Vettleson and Miss Anna Knudtson, who have been spending the summer with friends in Holt, returned Thursday to their home in Adams, N. D.

Elmer and Peter Johnson and W. G. Levitt, accompanied by the latter's wife, from Remer, passed thru this city Thursday on their way to Egeland, N. D., where they will operate a threshing maheine.

Miss Elma Thompson and Miss Anna Thompson, who have been visiting at the Harry Roberts and Joe Troudeau homes in this city, left Thursday morning for Mahnomen where they will visit with friends before returning to their home at Mensino, Manitoba, Can.

Johnson-Furr.

Last Thursday evening at the home of Mr. and Mrs. Arthur Johnson, 412 Red Lake boulevard, Miss Olga Marie Furr became the bride of Herbert Leonard Johnson, son of Mr. and Mrs. M. M. Johnson of this city.

The wedding ceremony was rend by Rev. George Larson, pastor of the Zion Lutheran church, in the presence of the nearest relatives. Miss Frances Dahl attended the bride, while Clarence Bean was best man. The bride was attired in a simple gown of white crepe de chine and carried white roses. Miss Dahl also wore white crepe de chine and carried white carnations. Following the ceremony light refreshments were served and the remainder of the evening was spent serenading the newly married couple.

Mr. Johnson left Monday morning with the selected men for Camp Grant, Ill., and Mrs. Johnson left today for the home of her parents at Holt where she will remain for several weeks.

Holstein Men at Fair.

All breeders of Holstein cattle or farmers interested in Holsteins are especially urged to meet the officers or the state association at the state fair.

The State Holstein association has made arrangements to have a large Holstein booth in connection with the State Live Stock Breeders headquarters, which is located near the live stock pavilion.

The Holstein association is especially interested in the production of more milk, the food that is now being recognized as the complete food. Naturally the Holstein breeders want to do their part in producing this food and for that reason will have headquarters at the state fair with officers and representatives on hand at all times to discuss Holstein matters for the development of the state, to give information regarding the buying and selling of Holsteins and any other matters which will be of interest to the breeders for increased milk production and team work among the breeders of Minnesota.

Advertised Letters.

The following is a list of the advertised letters at the postoffice of Thief River Falls, Minn., for the week ending August 24, 1918. If not called for in two weeks from the above date they will be sent to the Dead Letter Branch at Chicago, Ill.:

Dahlseng, Mrs. L.
Hanson, Mr. H. A.
Johnson, Miss Mabel
McCune, Miss Sarah
Martin, A. C.
Meier, Mr. E. L.
Quishenbey, Mr. Noah
Sannders, Mr. E. O.
Swanson, Mr. J. P.
Topinka, Mr. Joseph
Wilson, L.

When calling for the above letters please state that they were advertised.

JOHN MORGAN, P. M.

Shop and Railroad News

Shows Big Deficit—Owing largely to the big back payments of wage increases the railroads under federal control in June reached an aggregate deficit of $53,959,000 in railroad operating incomes as compared with the positive earning of $98,909,000 in June 1917.

This reduces the total operating income for six months of government operation ending with June to $173,194,000 as compared with $458,203,000 in the corresponding period of last year.

These figures were compiled by the interstate commerce commission and show that the government has lost about $290,000,000 in the operation of the railroads during the first six months of this year. The wage payment in June under Director General McAdoo, as reported by 164, or about three-fourths of the first class roads, amounted to $133,000,000. Without this added expense the railroads in June would have earned $74,874,000.

Stations May Be Consolidated—The consolidation of the Soo and Great Northern stations at Ardock, Conway, Bisbee, Lansford, Omemee and Roulette is under consideration and it is probable that the union will be ordered. At all of the above points the Soo line and the Great Northern both maintain depots. A similar plan has been spoken of for Thief River Falls, Warren, Erskine, Detroit and Henning, but nothing definite has been learned as to whether or not the change will actually take place.

Big Stock Shipments—Between 200 and 300 carloads of livestock has been passing through this city from Canadian points for some time past. About two-thirds of the shipments are billed to Chicago. A shortage in the hay crop in Canada is supposed to be responsible for this state of affairs.

Excursion Rates Offered—The government has permitted the offering of a rate of fare and one-half to those who wish to visit the state fair next week. Tickets will be on sale commencing on Aug. 31 and will continue until Sept. 7. So far as known this is the only state fair in the country to which this treatment has been accorded by the railroad administration and goes to show the amount of importance that is attached to the event.

Grain Movement Starts—The freight train over the Wheat line from the west carried the first carloads of new wheat to the city on Tuesday afternoon. Some barley had previously been received but this was the first wheat shipment. Reports are that everywhere through the west the threshing machines are operating in full blast and it is predicted that by the end of next week the annual movement will be well under way. Reports are to the effect that crops are wonderful everywhere and that the yield will be the largest in the history of the section.

Division Jottings.

O. L. Storheim, operator at Soo headquarters here, spent Sunday with his family in Henning.

Arthur L. Chapman has been put on as operator in this city, vice G. I. Richardson, who enlisted in the signal corps. Mr. Chapman was formerly with the Northern Pacific.

E. T. Develing returned Monday from his vacation and is again at his post in the superintendent's office. He says that he rested up very satisfactorily by helping a number of farmers with their shocking.

Mrs. H. C. Durrin, wife of the accountant in the division superintendent's office, left Friday night for a visit with friends and relatives in Minneapolis.

The turn table at the roundhouse is again in working order, having been closed for repairs for about a month.

Leonard Ellofson and Adolph Amundson have been added to the force of coach cleaners in the yards here. Elmer Adolphson, Ole Linstad, Peter A. Kolden and Carl Johnson have been put on as carmen helpers.

John A. Heosler, fire builder, is in Minneapolis on a business trip.

Julius Knutson and Emil Rousch, carmen, are Minneapolis visitors this week.

John and Charles Skog, machinists, visited wtih relatives at Henning over Sunday.

H. A. McGuire, formerly with the M. & I. at Bemidji, is a new machinist worker at the roundhouse.

Oscar Helle has been employed as wiper with the intention of working up to a fireman.

Sigurd Wold has been transferred from the operating to the machinist department as a machinist's helper.

Charles Bartlett, who has been working on the steam shovel, has been transferred to the machinists' division in this city.

A. C. Londo, assistant fuel supervisor of the Soo road, is looking over the fuel situation along the division.

Eugene Hance, storeman, is in the next draft and expects to leave for camp on the 30th.

R. A. Kipp, mechanical superintendent, was in the city on business Wednesday.

In her Wheatless Kitchen

she is doing her part to help win the war

Are you doing yours?

UNITED STATES FOOD ADMINISTRATION

15 LBS. OF SUGAR DURING SEPTEMBER

THIS WILL MAKE TOTAL ALLOWANCE 15 POUNDS TO OCT. 1.

Five pounds of sugar per capita will be released for canning purposes in Minnesota for September, making a total for the season to October 1 of 15 pounds per capita.

September regulations on sugar for canning will operate along the same lines as those in effect during August. Those who secured sugar in excess of 15 pounds per capita before the per capita basis was made effective will be permitted no sugar; those who on Aug. 31 have secured the limit to that time of 10 pounds per person will be allowed 5 pounds for each person in the household during September and those who have not yet secured any sugar for canning purposes may have during this month the full 15 pounds for each person.

"Sugar regulations have been made in the main for the purpose of providing adequate sugar for all legitimate canning needs," says A. D. Wilson, federal food administrator for Minnesota, "and rigid adherence to the regulations has made it possible to provide by the end of September 15 pounds of sugar for every person, to be used for canning and preserving only. This should make possible an amount of canned fruits sufficient to supply all reasonable needs and prevent any waste of fruit through inability to preserve. The food administration urged that every family secure its full quota of sugar for canning and put up the maximum amount of fruit with it."

For regular household purposes the two pounds per person per month rule is still in effect; candy manufacturers continue on a basis of 50 per cent of their normal supply of sugar and bakers are permitted 70 per cent, just as before.

The elimination of candy from the diet by consumers is suggested by the food administration as a means by which additional sugar will be saved for soldiers and for canning.

Hotel Dyckman is Minneapolis' newest downtown fireproof hotel. 300 rooms; each room has its own private bath. Rates $1.75 to $3.50 per day.—a-8-tf.

Card of Thanks.

We wish to extend our heartfelt thanks to all the friends and neighbors who were so kind to us during the illness and death of our beloved husband and father.—Mrs. E. Tharaldson and children. a-29-p

Carrier Examinations.

There will be an examination of applicants to fill the position of rural carriers at the Thief River Falls postoffice on Sept. 28. Applicants who pass the examination may be called upon to fill the position of carrier from any of the postoffices in the county.

At the examination held some time ago there were four candidates but none passed the necessary test and for this reason the jobs are still open.

Rural carriers have recently received an increase of $400 per year in their pay, which makes the positions rather desirable. Further information regarding this matter may be had from T. S. Brokke, local secretary of the commission, at the postoffice.

School Opens October 15th.

October 15th has been set as the date for opening the fall term at Northwest School of Agriculture, Crookston. In addition to the different agricultural courses for boys the school will enlarge its gas tractor and automobile work. The courses for girls will also be enlarged by the addition of elective subjects so that a girl may pursue any one of four distinct lines; home management, business, teaching or preparation for college. The normal training department opens Sept. 10th, with prospects for a large class. While the school has lost several instructors on account of the war, their places have been acceptably filled and the work will go on with greatly improved facilities and equipment. The Owen building will have an addition of 28x46 for gasoline engine, automobile and tractor work while the construction of a garage will aid in storing autos and tractors. The school's large gymnasium will be used for military drill of which it is expected the United States government will take charge. Military drill has always been required at the Agricultural school which with the technical training given has proved of value to one hundred or more graduates and former students now in Uncle Sam's service. A large motor bus has been purchased which will run on a regular schedule between Crookston and the Campus, making it possible for students to reside in town. While the labor scarcity may prevent some students from attending the Agricultural school, this year, it is expected that a larger number than usual will be attracted by the new courses and the desire to learn as much as possible about agricultural science and practice.

OUR SAVED FOOD FED THE ALLIES

Food Administrator Writes President America Conserved 141,000,000 Bushels Wheat.

CREDIT DUE TO WOMEN.

Meat and Fat Shipments Increased by 844,600,000 Pounds.

Conservation measures applied by the American people enabled the United States to ship to the Allied peoples and to our own forces overseas 141,000,000 bushels of wheat and 844,600,000 pounds of meat during the past year, valued in all at $1,400,000,000. This was accomplished in the face of a serious food shortage in this country, bespeaking the wholeheartedness and patriotism with which the American people have met the food crisis abroad.

Food Administrator Hoover, in a letter to President Wilson, explains how the situation was met. The voluntary conservation program fostered by the Food Administration enabled the piling up of the millions of bushels of wheat during 1917-18 and the shipment of meat during 1917-18.

The total value of all food shipments to Allied destinations amounted to $1,400,000,000, all this food being bought through or in collaboration with the Food Administration. These figures are all based on official reports and represent food exports for the harvest year that closed June 30, 1918.

The shipments of meats and fats (including meat products, dairy products, vegetable oils, etc.,) to Allied destinations were as follows:

Fiscal year 1916-17....2,166,500,000 lbs.
Fiscal year 1917-18....3,011,100,000 lbs.

Increase .... 844,600,000 lbs.

Our slaughterable animals at the beginning of the last fiscal year were not appreciably larger than the year before and particularly in hogs; they were probably less. The increase in shipments is due to conservation and the extra weight of animals added by our farmers.

The full effect of these efforts began to bear their best results in the last half of the fiscal year, when the exports to the Allies were 2,133,100,000 pounds, as against 1,266,500,000 pounds in the same period of the year before. This compares with an average of 801,000,000 pounds of total exports for the same half years in the three-year pre-war period.

In cereals and cereal products reduced to terms of cereal bushels our shipments to Allied destinations have been:

Fiscal year 1916-17..259,900,000 bushels
Fiscal year 1917-18..340,800,000 bushels

Increase .... 80,900,000 bushels

Of these cereals our shipments of the prime breadstuffs in the fiscal year 1917-18 to Allied destinations were: Wheat 131,000,000 bushels and of rye 13,900,000 bushels, a total of 144,900,000 bushels.

The exports to Allied destinations during the fiscal year 1916-17 were: Wheat 135,100,000 bushels and rye 2,300,000 bushels, a total of 137,400,000 bushels. In addition some 10,000,000 bushels of 1917 wheat are now in port for Allied destinations or en route thereto. The total shipments to Allied countries from our last harvest of wheat will be therefore, about 141,000,000 bushels, or a total of 154,900,000 bushels of prime breadstuffs. In addition to this we have shipped some 10,000,000 bushels to neutrals dependent upon us, and we have received some imports from other quarters.

"This accomplishment of our people in this matter stands out even more clearly if we bear in mind that we had available in the fiscal year 1916-17 from net carry-over and as surplus over our normal consumption about 200,000,000 bushels of wheat which we were able to export that year without trenching on our home loaf," Mr. Hoover said. "This last year, however, owing to the large failure of the 1917 wheat crop, we had available from net carry-over and production and imports only just about our normal consumption. Therefore our wheat shipments to Allied destinations represent approximately savings from our own wheat bread.

"These figures, however, do not fully convey the volume of the effort and sacrifice made during the past year by the whole American people. Despite the magnificent effort of our agricultural population in planting a much increased acreage in 1917, not only was there a very large failure in wheat, but also the corn failed to mature properly, and our corn is our dominant crop.

"I am sure," Mr. Hoover wrote in concluding his report, "that all the millions of our people, agricultural as well as urban, who have contributed to these results should feel a very definite satisfaction that in a year of universal food shortages in the northern hemisphere all of those people joined together against Germany have come through into sight of the coming harvest not only with wealth and strength fully maintained, but with only temporary periods of hardship.

"It is difficult to distinguish between various sections of our people—the homes, public eating places, food trades, urban or agricultural populations—in assessing credit for these results, but no one will deny the dominant part of the American women."

A hoarder is a man who is more interested in getting his bite than in giving his bit.

The City Churches

Methodist Episcopal Church, James Orrock, Pastor—Services for Sunday, Sept. 1, 1918: Sunday school 10:00 a. m. Preaching, 11:00, subject: "Be Ye Doers of the Word." Epworth League, 7:00. Evening service, 8:00, subject: "Christ, the Power of God."

Presbyterian Church, R. L. Barackman, Pastor—The first day of September will be Opening Day at the Presbyterian church. The Sabbath school meets at 10 o'clock beginning with music. All pupils are expected to arrive by that time. The church services will begin in the morning promptly at 11 o'clock. The head usher, Mr. H. O. Loken will be ready to receive all who appear. The music and addresses are arranged for the profit and pleasure of the people. The whole company of friends of the church will be expected in the evening at 8 p. m. The meeting will be better than an auto ride. Riding is rather stale now so try church again.

Norwegian Lutheran Church, I. T. Aastad, Pastor—Services next Sunday at 11 a. m. Sunday school at 9:30 a. m. Confirmation class will be enrolled on Sept. 7th at 10 a. m. Young Peoples' League will meet Sept. 5th at 8 p. m.

Zion Lutheran Church, George Larson, Pastor—Services in city at 11 a. m. Offering for the Home Mission. Service at Ringbo at 3 p. m. Rindal Young Peoples' society at 8 p. m. Offering for Home Mission. Zion Young Peoples' society tonight in church basement. Good program and potato cakes and coffee will be served. Zion Ladies' Aid will be entertained by Mrs. Steno Thursday afternoon in church basement. *Sunday school at 10 a. m.* A new confirmation class will start Saturday the 14th of Sept. at 10 a. m. in the church basement.

Swedish Ev. Lutheran Church, Albin A. Larson, Pastor—Services next Sunday morning at 10:30, followed by Sunday school. There will be no evening services.

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday school next Sunday, Sept. 1 at 10 a. m. Rev. Gust Johnson from North Park College, Chicago, will preach next Friday evening, Aug. 30 at 8 p. m. All welcome.

Norwegian Free Mission Church—Rev. N. A. Carlson and A. Wold hold services every evening this week except Saturday at 8 o'clock at the Norwegian Free Mission church. Rev. Bat Nyborg from Portland, Maine, will hold services here next Sunday at 10:30 a. m. and 8 p. m. Good music; all welcome.

St. John's Lutheran Church, F. J. Seltz, Pastor—Services with Holy communion at Thief River Falls next Sunday forenoon at 10:30. Services at Holt Sunday afternoon at 2:30.

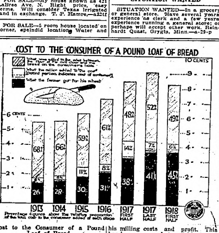
WANTED—Bird cage for Red Cross salvage store. Phone 505.—a22-tf.



Cost to the Consumer of a Pound Loaf of Bread.

U. S. Food Administration,
Washington, D. C.
(Explanation of Chart.)

Since 1913 farmers have been receiving for their wheat a gradually increasing proportion of the price paid by the consumer for bread. The amount received by the wheat grower for his contribution to the average pound has increased from less than 1½ cents per loaf in 1913 to more than 3½ cents early this year. The proportion to the whole price is shown by the relative length of the black columns of the chart.

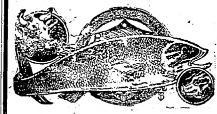
The middle portion of each column shows what the miller received for his milling costs and profit. This has been a somewhat variable factor, but is now at the minimum (6%). In this 6%, however, is included the cost of the containers (bags, sacks, etc.) shown as dotted area which has increased very nearly in proportion to the price of bread itself. Bags now cost about 50 per cent more than in 1913 and 1914.

The shaded portion of the column represents the expense of distributing the flour, making it into bread and getting the loaf to the consumer. The chart shows that the farmer is now receiving a much larger share of the final price for his product than in the past, and that a considerable amount of "spread" has been taken out of other expenses.

TRACTORS

Three of the little 5-10 Avery Tractors left at the old price, $115.00; advance when the three are sold, First come, first served.

C. GUSTAFSON & SON



Preserve the Meat

Save the beef and pork for the fighters. Our fresh fish will prove a pleasant change from the usual meat dinners. Fish is not only as wholesome and nourishing as meat, but much cheaper.

The entire family will relish the tasty dishes you can prepare with these fresh, firm and tasty fish.

Whitefish .... 18¢
Pike .... 18¢
Gold Eye .... 8¢
Fresh Halibut and Salmon.

DECREMER'S MEAT MARKET

A RARE INVESTMENT
GOOD LUMBER
Every Dollar You Put Into Good Lumber Is Well Invested

Good buildings not only conserve crops, live stock and machinery, but they add to the equipment and value of the farm. Whether you want lumber for repairs or for building we offer you the best investment.

Premiums Awarded to Exhibitors at Recent Pennington County Fair

Detailed List of Winners as Decided Upon By Judges in Various Departments---Fine Showings Made.

CATTLE.

Holstein.

Holstein bull, 1 year old—Ben Rosendahl, first.

Holstein cow, 2 years old and over—H. L. Ward, first.

Holstein cow, 1 year old—H. L. Ward, first.

Holstein cow, 2 years old and over—V. C. Noper, first; Fred Beerbower, second.

Holstein bull, years old and over—V. C. Noper, first; Fred Beerbower, second.

Holstein cow—Glenna Beerbower, first; Fred Beerbower, second; Glenna Beerbower, third.

Holstein cow, 3 years old and over—Glenna Beerbower, first.

Holstein cow, 2 year old—Fred Beerbower, first.

Holstein calf—Fred Beerbower, first.

Guernsey.

Guernsey bull, 3 years old and over—Stewart McCloud, first; Henry Koop, second; A. E. Anderson, third.

Guernsey bull, 2 years and over—Mrs. J. R. Walters, first; F. B. Conklin, second; Albert Johnson, third; Morgan Vaughan fourth.

Guernsey cow, 3 years old and over—F. B. Conklin, first; Harry Woolson, second; James Conklin, third; Mrs. J. R. Walters, fourth.

Guernsey cow, 2 years and over—Harry Woolson, first; Mrs. Harry Woolson, second.

Guernsey heifer, 1 year old or over—F. B. Conklin, first; Harry Woolson, second; Mrs. J. R. Walters, third.

Guernsey calf—W. J. Bell, first; Harry Woolson, second; Mrs. J. R. Walters, third.

Guernsey bull calf—Harry Woolson, first.

Guesrnsey bull calf—Mrs. Harry Woolson, first.

Grade Guernsey.

Grade Guernsey, 3 years old or over—Henry Koop, first; Stewart McCloud, second; Henry Hanson, third.

Grade Guernsey, 2 years old and over—Albert Johnson, first; Henry Koop, second; Stewart McCloud, third.

Grade Guernsey—F. B. Conklin, first; A. E. Anderson, second; Albert Johnson, third.

Grade Guernsey Sr. calf—Albert Johnson, first; Henry Koop, second; H. L. Ward, third.

Grade Guernsey Jr. calf—Albert Johnson, first; Stewart McCloud, second; Henry Koop, third.

Grade Guernsey Jr. bull calf—A. E. Anderson, first.

Guernsey Sweepstakes.

Guernsey Sweepstakes, bull 2 years and over—Mrs. J. R. Walters.

Guernsey, Sweepstakes, heifer—F. B. Conklin.

Jersey.

Jersey cow, 2 years or over—H. L. Ward, first; 3 years or over—H. L. Ward, second.

Shorthorn.

Shorthorn cow, 3 years or over—[illegible]m. Smith, first.

Shorthorn heifer, 1 year old—Wm. Smith, first.

Shorthorn bull calf, Sr.—R. L. Muzzey, first.

Shorthorn Jr. calf—R. J. McKercher, first; Irving McKercher, second.

Any Other Breed.

Cow—R. L. Muzzey, first.

Cow 2 years old or over—R. L. Muzzey, first.

Bull 1 year old—R. L. Muzzey, first.

Cow, 1 year old or over—R. L. Muzzey, first.

Sr. calf—R. L. Muzzey, first.

Grade, 1 year or over—R. L. Muzzey, first.

Grade or Shorthorn.

Cow, 3 years old or over—R. L. Muzzey, first; Ed. Aubol, second; Albert Johnson, third.

Cows 3 years or over—H. L. Ward, first; Henry Hanson, second; Cow, 2 years or over—H. L. Ward, third.

Jr. calves—R. L. Muzzey, first; R. J. McKercher, second.

Coy, 1 year—Henry Hanson, first.

HORSES.

Horses, Heavy Draft.

Belgian stallion—G. W. Eastman, second; Percheron—Pennington County Belgian Horse Breeders association, G. W. Buck, second.

1 year old—Henry Hanson, second.

Mare and foal—Henry Hanson, first; Roman Paulson, second.

Team—Roman Paulson, second.

General Purpose.

Stallion—Roman Paulson, second.

For G. 3 year old—Irving McKercher, first; R. J. MmKercher, second.

Carriage and Roadster.

F. or G. 3 year old—Albert Johnson, first; R. J. McKercher, second.

F. or G. 2 year old—Albert Johnson, second.

Team in harness—Albert Johnson, second.

Drivers in harness—V. C. Noper, first; Ed. Aubol, second.

Shetland Ponies.

Stallion—Fred Beerbower, first.

Best team—Fred Beerbower, first.

Best single driver—Fred Beerbower, first.

Saddle ponies—Mariam Hunt, first; Geo. Whalen, second; Walter Soderberg, third.

Filly 2 years old—Charlie Carroll, special.

Filly 1 year old—Mrs. Carroll, special.

SHEEP.

Ram, any age—Wm. Vaughan, first; Morgan Vaughan, second; A. E. Anderson, third.

Ewe, any age—F. B. Conklin, first; Wm. Vaughan, second; Morgan Vaughan, third.

Ewe, 1 year—F. B. Conklin, first; Miss Sarah E. Vaughan, second.

Ewe, lamb—Morgan Vaughan, first; F. B. Conklin, second; R. L. Muzzey, third.

Sheep Grade.

Ram, any age—F. B. Conklin, second.

Fald ewes—F. B. Conklin, first; A. E. Anderson, second.

Ewe, yearlings—Ed. Aubol, first; R. L. Muzzey, second.

Ewe, lamb—Ed. Aubol, first; A. E. Anderson, second.

SWINE.

Chester Whites.

Board, 1 year or over—Wm. Moeller, second.

Pen of shoats, 2 boars; 2 sows—Wm. Moeller, second.

Sow, 4 to 6 pigs—Wm. Moeller, first.

Berkshire, Reg.

Boar—Albert Johnson, second.

Sow with 4 to 6 pigs—Albert Johnson, special; James Conklin, second.

Grades.

Pig under 1 year old—Albert Johnson, first; H. L. Ward, second.

POULTRY.

Turkeys, white young—Fred Kopp, first.

Pekin Ducks, young—Mrs. C. H. Schnabel, first; J. E. Dahl, second.

Pekin Ducks, old—Edwin Anderson, first; Ben Rosendahl, second.

Special Indian Runner—William LaFave, first; Donald Fuller, second; Albert Johnson, third.

Special Rabbits—Walter Bugge, first; Phil Cote, second; George Reitz; third.

Pat. Chochins, chicks—Mrs. Ben Kruse, first.

Pat Chochins, old—Mrs. Ben Kruse, first.

Toulous geese, young—Lee Bartlett, first; Mrs. Harry Woolson, second.

Toulous geese, old—R. J. McKercher, first; Mrs. Harry Woolson, second; Albert Johnson, third.

African geese—Charlie Correll, first.

Bronze turkeys—F. B. Conklin, first; Mrs. Harry Woolson, second; 2 goblers, Albert Johnson, third.

Special B. Orpington, old—A. J. Marcoe, first.

Silver Wyandottes, young—Elodia Paulson, city.

Silver Wyandottes—Mrs. S. Walters, first; Elodia Paulson, second.

Polish Black—Mrs. Been Kruse, first.

Black Minoreas—Emil Griebstein, first.

Special concunas—Mrs. Ben Kruse, first.

White Leghorns, old—Albert Johnson, first; Lawrence Langevan, second; Dennis McGinn, third.

B. Leghorn chick—Earl DeVelling, first; Arnes J. Peterson, second; Lee Bartlett, third.

B. Leghorns, old—Albert Johnson, first; Earl DeVelling, second.

White Wyandottes, chicks—Carl E. Johnson, first.

White Wyandottes, old—Carl E. Johnson, first; F. B. Conklin, second; Arne Barstad, third.

Special B. Orphingtons—Carl E. Johnson, first; Mrs. H. F. Erickson, second; G. A. Lindquist, third.

Plymouth Rock, chicks—Fred Copp, first; O. A. Bishop, second; Ben Rosendahl; third.

Plymouth Rock, old—Mrs. Harry Woolson, first; F. B. Conklin, second; F. B. Conklin, third.

White Plymouth Rock—Henry Koop, first.

Rhode Island Reds, chicks—Albert Johnson, first; K. E. Dahl, second; Ole Neset, third.

Rhode Islands Reds, old—Roy Langseth, first; Albert Johnson, second; Mrs. Herbert Fuller, third.

White Leghorns, chicks—G. Werstlein, first; G. A. Lindquist, second; Dennis McGinn, third.

AGRICULTURAL.

Hard wheat—Edwin A. Anderson, first; T. Liden, second.

Oats, any variety—C. L. Heinze, first; Gust Iverson, second.

Yellow oats—Williams Bros., first; T. Liden, second.

White oats—Gust Iverson, first; F. B. Conklin, second.

Barley—Gilbert Haavl, first; Henry Hanson, second; Gust Iverson, special.

Rye—Gust Iverson, first; Albert Johnson, second.

Flax—Willie Anderson, first; F. B. Conklin, second.

Speltz—Ben Rosendahl, special.

Alfalfa, first crop—Albert Johnson, first.

Alfalfa, second crop—Gilbert Haavl, first; Emil Zeh, second.

Sweet Clover—Albert Johnson, first.

Filled Corn—A. E. Anderson, first; Henry Hanson, second.

Fodder Corn, bundles—J. S. Brown, first; Ed. Aubol, second; A. E. Anderson, special.

Timothy, sheafs—Gilbert Haavl, first; C. L. Heinze, second; Ed. Aubol, third.

Red Top, sheafs—Gilbert Haavl, first; Albert Johnson, second.

Red Clover—F. B. Conklin, first.

Wild Peas—Gilbert Haavl, special.

Alsik Clover—Henry Koop, first.

Marquis wheat, hard—F. B. Conklin, first; R. L. Muzzey, second; George Adsero, special; Peter Hornseth, special.

Wheat, hard—Steven Singer, second.

Yellow oats—Williams Bros., first; Peter Hornseth, second.

White oats—Albert Genko, second.

Barley—Henry Hanson, first; Alfred Flax—F. B. Conklin, second. Flattum second.

Alfalfa—Albert Johnson, second.

Millet seed—Albert Johnson, second.

Sweet clover—Albert Johnson, special.

Red medium clover—Ben Rosendahl, second.

Rutabagos—Mrs. Ed. Aubol, first; Steven Longair, second.

Turnips—W. H. Wikel, first; Henry Koop, second.

Rhubarb—Mrs. Hans Nelson, first; Bernt Wold, second.

Mangel—William Adams, second.

Beets—Steven Longair, first; J. S. Brown, second; Mary DeVelling, special; T. O. Thompson, special.

Long beets—Mabel Loberg, first; Henry Koop, second.

Sugar beets—Benno Schmitt, special.

Onions, potatoes—L. Westlen, first; Mrs. Ed. Aubol, second.

Onions, red—H. F. Erickson, first; T. O. Thompson, second.

Onions, Dutch red—Mrs. A. E. Anderson, first; F. B. Conklin, second; Dorothy Fuller, special.

White seed onions—Mabel Loberg, first; Dorothy Fuller, second.

Salsify—E. L. Krogstad, special.

Carrots—Henry Koop, first; T. O. Thompson, second; H. F. Erickson, third.

Radishes, summer—M. Bothun, first; Ross White, second.

Radishes—M. Bothun, second.

Carrots, any variety—Mrs. Ed. Aubol, second.

Parsnips—Mrs. Ed. Aubol, first; Henry Hanson, second.

Cauliflower—M. Bothun, first; Sidney Schutt, second; T. O. Thompson, special.

Tomatoes, red—M. Bothun, first; Lena Kjovin, second.

Tomatoes, green—M. Bothun, first; George Adsero, second.

Cucumbers—John Baker, first; Carl E. Johnson, second.

Potatoes, Early Ohio—F. B. Conklin, first; C. H. Bartlett, second.

Potatoes, Bless Triumph—Carl E. Johnson, first.

Potatoes, Early Rose—Mrs. Ed. Aubol, first.

Wild plums—Edna Haavl, first.

Tame plums—Mrs. Ben Kruse, first.

Currants, red—Mrs. J. J. Holstein, first; Mrs. E. Zeh, second.

Currant, white—George Adsero, first; Pearl Marquardt, special.

Gooseberries—Mrs. J. J. Holstein, first; George Adsero, second.

Raspberries, black—Mrs. Emil Zeh, special.

Pea in pod, large—Mrs. R. B. Shetler, first; T. Liden, second.

Pea in pod, small—Ross White, first; Mary DeVelling, second.

String beans—E. S. Offerdahl, first; W. A. Adams, second.

Celery—E. O. Thompson, first; M. Bothun, second.

Parsley—C. L. Heinze, first; Steven Longair, second.

Cabbage, late—W. H. Wikel, first; E. L. Krogstad, second.

Cabbage, early—Anton Kotlan, first; Henry Hanson, second.

Lettuce—C. L. Heinze, first; Ross White, second.

Kohlrabis—Mrs. Ed. Langevin, first.

Celery Kub—Albert Johnson, first.

Sweet corn—Mabel Loberg, first; Steven Longair, second.

Seneca root—Gilbert Haavl, special.

Collection—Fred Paulson, first.

Collection—Natalie Woolson, first.

Collection—C. L. Heinze, first.

Peanut plant—Anna Amon, first.

MISCELLANEOUS.

Sox—Mary Prichard, first; Mrs. Katherine Penney, second.

Helmet—Ida Tandberg, second.

French cap—Mrs. Katherine Penney, second.

Amb. robe—Mrs. Borden and Mrs. Rustebakke, second.

Special darning—Mrs. T. E. Berge, second.

Child's stockings, Black—Mrs. E. Hoard, second.

Surgical dressings, 4x4 wide—Mrs. V. C. Noper, first; Mrs. Nason, second.

Surgical dressings, 2x2½ finger [illegible]—Esther Hanson, first; Mrs. Le[illegible] second.

Surgical dressings, 4x8 compresses—Genevieve Roscoe, first; Mrs. Pries, second.

Scrap book—Mamie Ptacek, first; Mrs. Mokennen, second.

Pajamas—Mrs. E. O. Erickson, first; Mrs. William Olson, second.

Specimen of crocheting—Inga Stenberg, first; Inga Stenberg, second.

Wool patch work quilt—Mrs. T. E. Berge, first; Mrs. Aug. Sortland, second.

Cotton patch work quilt—Mrs. Aug. Sortland, second.

Collection of weaving—Mrs. Emil Zeh, second.

Quilt patch work—Amelia Reitz, second.

Collection potted plants—Mrs. Harry Woolson, second.

Sweet peas—Mrs. E. L. Opperdahl, second.

Cannedo peaches—Christine Giefer, first; Mrs. T. O. Thompson, second.

Canned pears—Christine Giefer, first.

Canned pie plant—Mrs. Hans Nelson, first; Mrs. F. B. Conklin, second.

Preserved strawberries—Mrs. M. A. Schmitt, first; Christine Giefer, second.

Preserved ground cherries—Mrs. F. B. Conklin, second.

Preserved tomatoes—Christine Giefer, second.

Rhubarb marmalade—Christine Giefer, second.

Cranberry jelly—Mrs. Hans Nelson, first; Eileen Herron, second.

Currant jelly—Mrs. Hans Nelson, first; Mrs. Hans Nelson, second.

Plum jelly—Mrs. Hans Nelson, first; Eileen Herron, second.

Strawberry jelly—Mrs. Hans Nelson, second.

Raspberry jelly—Angela Schmitt, first; Mrs. Hans Nelson, second.

June berries—Mrs. A. A. Wangenstein, first; Mrs. Fred Holzknecht, second.

Canned pineapple—Christine Giefer, first; Mrs. G. L. Sterns, second.

Quince preserves—Mrs. Fred Holzknecht, second.

Watermelon preserves—Mrs. Fred Holzknecht, second.

Canned corn—F. G. Wells, second.

Canned peas—Mrs. E. L. Opperdahl, first; Mrs. F. Copp, second.

Canned beans—Mrs. R. B. Shetler, first; Mrs. Fred Copp, second.

Canned tomatoes—Mrs. G. Sterns, second.

Canned bets—Mrs. T. O. Thompson, first.

Spinach—F. G. Wells, first; Annie Amon, second.

Lambs quarter greens—Edna Haavl, first; F. G. Wells, second.

Dandelion greens—F. G. Wells, second.

Canned carrots—F. G. Wells, first; Mrs. H. Fuller, second.

Collection canned vegetables—F. G. Wells, second.

Watermelon pickles—Christine Giefer, second.

Oil cucumber pickles—Mrs. G. Sterns, first; Christine Giefer, second.

Sliced cucumber pickles—Mrs. Pat Keating, first; Mrs. J. O. Sether, second.

Dill pickles—Mrs. Fred Holzknecht, first; Mrs. Fred Copp, second.

Bean pickles—Mrs. T. O. Thompson, first; Edith Patten, second.

Carrot pickles—Mrs. G. Sterns, second.

Beet pickles—Mrs. F. B. Conklin, first; Mrs. G. Sterns, second.

Pickled onions—R. B. Shetler, first; Mrs. Harry Woolson, second.

Tomatoe catsup—Mrs. Harry Woolson, first; Elodie Paulson, second.

Chili sauce—Mrs. O. A. Bishop, second.

Canned chicken—F. G. Wells, second.

Canned beef—F. G. Wells, second.

Canned fish—F. G. Wells, second.

Canned veal—Mrs. Sterns, second.

Canned pork—Ingaborg Barstad, second.

Oat meal bread—Mrs. F. B. Conklin, first; Mrs. Geo. Adams, second.

Canned bread—Christine Giefer, first; Mrs. Geo. Adsero, second.

Rice bread—Mrs. V. C. Noper, first; Mrs. F. B. Conklin, second.

Rye bread—Mrs. E. O. Erickson, first; Mrs. F. B. Conklin, second.

Barley—Mrs. A. Craik, second.

Barley nut bread—Mrs. E. O. Erickson, second.

Brown bread—Mrs. F. B. Conklin, first; Mrs. Geo. Adsero, second.

Collection of bread—Mrs. F. B. Conklin, second.

Cornflour sponge cake—Annie Barstad, second.

Ginger bread—Petrina Arneson, first; Mrs. Fred Holzknecht, second.

Palm—Mrs. S. O. Quammen, second.

Most artistic display of flowers—Mrs. C. L. Heinze, second.

Cut flowers, Carnations—M. Bothun, special.

Largest variety wild flowers—Mrs. C. L. Heinze, first; Lutrella Paulson, second.

Largest display—Natalie Paulson, Paulson, second.

Butter, 5 lb. jar—Mrs. P. Liden, first; Mrs. Henry Hanson, second; Mrs. H. B. Halverson, third.

Rolls—Mrs. H. B. Halverson, first; Mrs. Harry Woolson, second.

Full cream cheese—Mrs. F. Beerbower, first; Mr. F. Beerbower, second.

Cottage cheese—Mrs. Harry Woolson, first; Mrs. F. B. Conklin, second.

Creamery butter—Thief River Falls Creamery, first.

$20,000,000 SPENT FOR GERMAN PLOTS IN UNITED STATES

That the German government spent between $15,000,000 and $20,000,000 on plots and intrigues in this country in the years 1915 and 1916 through a single channel, the office of Doctor Heinrich F. Albert, the commercial attache of the German embassy, is revealed for the first time in the latest publication of the Committee on Public Information, released today.

The title of the pamphlet is "German Plots and Intrigues in the United State During the Period of Our Neutrality." Its authors are Professor E. E. Sperry of the University of Syracuse, and Professor Willis M. West of the University of Minnesota. The sources from which their information is drawn are the official files of the Department of Justice, and the records of the trials conducted by the Department agents, particularly in New York, Chicago, Detroit and San Francisco.

The story told by these official records as they are painstakingly explained and interpreted is an amazing one. It dots the "I's" and crosses the "t's" to all our conceptions of official German unscrupulousness, effrontery, and lying. It deals with labor leaders corrupted, and strikes caused in munitions plants by German influence; with the German financing of the movement for an embargo on munitions shipments; with the destruction of innocent merchant vessels by bombs planted in their cargoes by German agents in American harbors; with plots for the promotion of sabotage in the United States and in Canada, including the blowing up of the Welland Canal and the Canadian Pacific Railway; with the corruption of American opinion through the agency of German paid professors, newspapers, and lecturers; with the forging of passports to send German reservists abroad; with the supply from American ports of German raiders at sea; with German plots organized here in order to cause revolt in India and in Ireland; with the procuration of perjury and the shameless lying of the German government. Perhaps history contains no instance of effrontery greater than the issuance to the American press, in December, 1915, of the following official lie:

"The German Government has naturally never knowingly accepted the support of any person, group of persons, society or organization seeking to promote the cause of Germany in the United States by illegal acts, by counsel of violence, by contravention of law, or by any means whatever that could offend the American people in the pride of their own authority."

Every line of this pamphlet proves the falsity of this official German statement.

Among the Germans actively connected with plots and intrigues in this country while enjoying its hospitality were Ambassadors Bernstoff and Dumba; attaches Papen, Boy-Ed and Albert; Franz Bopp, German Consul at San Francisco, and Kurt von Reiswitz, Consul at Chicago, Dr. Buenz and Paul Koenig of the Hamburg-American steamship line; and such minor conspirators as Rintelen, Fay, Gorst, Scheele, Kleist, and a dozen others. The numerous American tools include Ex-Congressman Frank Buchanan, who was active in the movement for strikes and the munitions embargo; Lamar, the "Wolf of Wall Street"; Dr. William Bayard Hale, to whom Count Bernstorff referred as one who could "give information" concerning the embargo movement; Max Breitung of Chicago and Albert Koltschmidt of Detroit, who were connected with attempts to promote explosions; the notorious Jeremiah O'Leary, Irish agitator and editor of a seditious publication called "Bull"; George Sylvester Viereck, whose paper the "Fatherland" was financed by the German Embassy, and a host of others.

Of the bomb industry, with its 300 to 400 bombs manufactured, and fires in 33 ships sailing from New York, we get this glimpse in the testimony of a witness in the case against Captain von Kleist, in the New York courts: "We sat down and we spoke for about three hours. * * * I asked him the different things that he did, and said if he wanted an interview with Mr. von Igel, my boss, he would have to tell everything. So he told me von Papen gave Dr. Scheele, the partner of von Kleist in this factory, a check for $10,000 to start the bomb factory. * * * He told me that he, Mr. Von Kleist, and Dr. Scheele, and a man by the name of Becker on the Friedrich der Grosse, were making the bombs, and that Captain Wolpert, Captain Bode, and Captain Steinberg had charge of putting these bombs on the ships; they put these bombs in cases and shipped them as merchandise on these steamers, and they would go away on the trip and the bombs would go off after the ship was out four or five days, causing a fire and causing the cargo to go up in flames. * * * He also told me that they have made quite a number of these bombs; that thirty of them were given to a party by the name of O'Leary, and that he took them down to New Orleans where he had charge of putting them on ships down there, this fellow O'Leary."

Of equal if not greater interest is the following intercepted radiogram sent from Berlin in January, 1916, to Ambassador Bernstorff:

"Jan. 26. For Military Attache. You can obtain particulars as to persons suitable for carrying on sabotage in the United States and Canada from the following persons: (1) Joseph McGarrity, Philadelphia, Penn. (2) John P. Keating, Michigan Avenue, Chicago. (3) Jeremiah O'Leary, 16 Park Row, New York. One and two are absolutely reliable and discreet. No 3 is reliable, but not always discreet. These persons were indicated by Sir Roger Casement. In the United States sabotage can be carried out on every kind of factory for supplying munitions of war. Railway embankments and bridges must not be touched. Embassy must in no circumstances be compromised. Similar precautions must be taken in regard to Irish pro-German propaganda. (Signed).

"Representative of General Staff."

Copies of this pamphlet with its interesting disclosures may be obtained free by writing to the Committee on Public Information, 8 Jackson Place, Washington, D. C.

Style and Satisfaction
IN GOODS BOUGHT HERE
All of our experience in the purchase of jewelry is at your command for an investment of any size in this line.

"Quality" Fully Describes Times Work

AFTER HARVEST

YOU are going to find that you need a number of things for which lumber is required. It may be that you will find yourself able to put up that new residence or barn you have been figuring on for a long time; or you may have concluded that this is a good season to construct a silo. Perhaps repairs are all that is needed at your home. But, whatever the undertaking, we will be pleased to make the estimate on whatever bill of goods you require. Our stock is the most complete of any in this section and our connections (25 branches) makes it possible for us to buy at exceptionally low prices. Our customers get the benefit of this advantage.

We are new in business in this section and fully realize the importance of receiving the good will of the public. This can only be done by living up to every agreement made and furnishing the best building material manufactured at the lowest possible price.

No order too small to receive our best attention and none so large but that we can fill it promptly.

A visit to our yards and an inspection of our stock invited.

City Council Proceedings.

Council Chambers, Thief River Falls, Minn.

A regular meeting of the City Council was called to order by O. L. Ihle, President, at eight o'clock p. m., Aug. 13, 1918.

Roll Call: Members present; Froseth, Myhrum, Olson, Brandon, Benson and Ihle. Members absent; None.

Minutes of the meeting of July 23, were read and approved as read.

Moved by Myhrum, seconded by Brandon, that the monthly report of the City Treasurer, City Clerk, Municipal Court and Chief of Police be accepted and filed. Motion carried.

Moved by Brandon, seconded by Froseth, that the building permit of Mrs. A. H. Miller be laid on the table. Motion carried.

Moved by Benson, seconded by Olson, that the action of the cemetery commission increasing the salary of the Sexton to $80 per month be approved. Motion carried.

Moved by Myhrum, seconded by Brandon, that the bond of the S. Swenson Artesian Well Co., in the sum of $3500.00 be approved. Motion carried.

Moved by Froseth, seconded by Myhrum, that the bond of Helseth and McAdams on reservoir contract be reduced to $500.00. Motion carried.

Alderman Myhrum, seconded by Alderman Olson, introduced a resolution appropriating $63.04 to the Town of Rocksbury to assist in partially paying for said highway. (See Resolution.)

Alderman Froseth, seconded by Alderman Myhrum, introduced a resolution ordering a cement sidewalk built and constructed on the east side of Davis Avenue between Third Street and Fifth Street. (See resolution.)

On motion duly seconded the Council adjourned.

O. L. IHLE,
President of the Council.
Attest: A. H. FASEL,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held Aug. 13, 1918, Alderman P. O. Myhrum, seconded by Alderman A. K. Olson, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the Town of Rocksbury has heretofore constructed and improved a public highway from the city limits of the City of Thief River Falls to the Oakland Park Sanatorium within the town of Rocksbury, and

WHEREAS, said highway is of special benefit to the city of Thief River Falls;

Now Therefore, Be It Resolved, that there be, and hereby is, appropriated the sum of $63.04 to the town of Rocksbury to assist in partially paying for said highway.

Roll Call:

Aldermen voting Yes: Froseth, Benson, Myhrum, Olson, Brandon and Ihle.

Aldermen voting No: None.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved Aug. 17, 1918.
G. A. PENNEY, Mayor.
Attest: A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held Aug. 13th, 1918, Alderman Froseth, seconded by Alderman Myhrum, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, a majority of the owners of the property fronting on the East side of Davis Avenue from Third Street to Fifth Street in the City of Thief River Falls, County of Pennington, State and Minnesota, have petitioned the City Council of said City to order a sidewalk built and constructed on the East side of said Davis Avenue between Third Street and Fifth Street on said Street, as aforesaid, and requested the adoption of the necessary resolution to give effect thereto according to law; be it

RESOLVED, by the City Council of the City of Thief River Falls, and the City Council do hereby on its own motion and not otherwise, order that a sidewalk be and the same is hereby ordered to be built and constructed on Davis Avenue from the intersection of Third Street to the Northwest corner of Block Eight of Meehan's Junior Addition to Thief River Falls, Minn., in the manner following, viz: To be constructed of cement and concrete, five feet wide and in accordance with the Ordinances of said City and in accordance with the plans and specifications for sidewalks now on file with the City Clerk. Said sidewalk to be completed on or before the 1st day of October A. D. 1918; and further, that this resolution shall be duly served on or before the 20th day of August, A. D. 1918, upon the owners of all the lots, parts of lots, and parcels of ground fronting on said Davis Avenue where said sidewalk is hereby ordered to be constructed, and whose names with their respective holdings are hereinafter stated, said service to be made in accordance with the statute in such case made and provided:

Name of Owner—Tessum Seed, Grain & Supply Company, Front Feet 300; Lots 1, 2, 3, 4; Block 11; Subdivision, Meehan's Junior Addition to Thief River Falls.

Name of Owner—C. M. Buoen; Front Feet, 100; Lots, 5, 6; Block, 8; Subdivision, Meehan's Junior Addition to Thief River Falls.

Name of Owner—G. G. Johnson; Front Feet, 50; Lot, 7; Block, 8; Subdivision, Meehan's Junior Addition to Thief River Falls.

Name of Owner—Ole Lindstad; Front Feet, 50; Lot, 8; Block, 8; Subdivision, Meehan's Junior Addition to Thief River Falls.

Name of Owner—George Larson, Front Feet, 50; Lot 9; Block, 8; Subdivision, Meehan's Junior Addition to Thief River Falls.

Name of Owner—H. C. Liden; Front Feet, 50; Lot, 10; Block, 8; Subdivision, Meehan's Junior Addition to Thief River Falls.

Roll Call:

Aldermen voting Yes: Froseth, Benson, Myhrum, Olson, Brandon and Ihle.

Aldermen voting No: None.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved Aug. 17, 1918.
G. A. PENNEY, Mayor.
Attest: A. H. AKRE,
City Clerk.

RESOLUTION.

By the City Council Authorizing the Construction of Sidewalks.

At a regular meeting of the City Council of the City of Thief River Falls, Minnesota, held on August 13, 1918, Alderman M. N. Benson, seconded by Alderman S. Brandon, offered the following resolution and moved its adoption;

WHEREAS, the sidewalk ordered to be constucted on the east side of Duluth Avenue beginning at the Southwest corner of Block Eleven of the Original Townsite of the City of Thief River Falls, Minnesota, extending thence due North on the East side of Duluth Avenue to the North City limits of said City, And to be completed on or before the 25th day of July, A. D. 1918, by resolution of the City Council adopted May 27th, A. D., 1918 is not fully done and not fully completed in the manner and within the time prescribed in said resolution, and

WHEREAS, said resolution was duly served, according to law, as appears by the affidavit of service thereof, duly filed with the Clerk of said City, upon all the owners of the property fronting on said East side of Duluth Avenue, where said sidewalk is ordered to be built and constructed whose names with their respective holdings appear therein;

BE IT THEREFORE RESOLVED, by the City Council of the City of Thief River Falls, County of Pennington and State of Minnesota, that the said sidewalk ordered as aforesaid, be, and the same is hereby ordered to be fully completed by Lars Backe, the sidewalk contractor of said city, in accordance with the ordinances and requirements of said city, and the requirements of said resolution, and the entire expense thereof to be paid out of the general revenue funds of said city.

Roll Call:

Aldermen voting Yes: Froseth, Benson, Myhrum, Olson, Brandon and Ihle.

Aldermen voting No: None.

Resolution declared passed.

O. L. IHLE,
President of the Council.
Approved Aug. 17, 1918.
G. A. PENNEY, Mayor.
Attest: A. H. AKRE,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held August 13, 1918, Alderman S. Brandon, seconded by Alderman M. N. Benson, introduced the following resolution and moved its adoption:

Proceedings of County Board.

Thief River Falls, Minnesota, August 5th, 1918.

Special meeting of the County Board of Pennington County was held in the office of the County Auditor, in the City of Thief River Falls, Minn., at 2 o'clock P. M.

Meeting called to order by Chairman Commissioner Peterson. Members being present and responded to roll call; Commissioners Wold, McGinn, Larson, Roy and Peterson. Members absent; None.

The matter of hearing on the petition for the formation of a new Common School District in Mavie as outlined in petition, came duly up before the Board and after due consideration motion was duly made and seconded that said petition be denied. Motion carried.

In the matter of the petition of Nels Aarness to be set off from School District No. 44, and attached to School District No. 66, was by the County Board duly allowed.

In the matter of the petition of Aanun Ewindson to be set off from School District No. 68 and annexed to School District No. 66, the following order was made:

Order of Hearing of Petition of Freeholder to be Set Off.

WHEREAS, A petition signed by Aanun Ewindson, a freeholder of School District No. 68 in this County, with the approval of the County Superintendent endorsed thereon, representing that he is the owner of the following described lands situate in said District, to-wit:

North half of Section 12, Township 153, and Range 41, that said lands are now a part of District No. 68 and are adjoining to School District No. 66, and asking that his said lands may be set off from said District No. 68 to said District 66 for the following reasons:

That the school house in School District No. 68 is located two and one half miles from his residence and that in District No. 66 just one mile from his residence; that it is a hardship for him to send his children the additional distance to the school in the district to which he now belongs, was presented to the County Board of Pennington County, Minnesota, at a session of said Board held on the 5th day of August, A. D. 1918, for the action of said Board thereon.

Now, therefore, it is ordered that said petition will be heard by this Board at the session thereof commencing on the 14th day of September A. D. 1918, at the office of the County Auditor, at 2:00 o'clock P. M., in the City of Thief River Falls, in said County.

And it is further ordered that notice of time and place of such hearing be given by giving two weeks published notice thereof, and posting a notice of such hearing in three public places in each of the School Districts to be affected by said petition and by serving upon the clerk of each of said School Districts personally a copy of said notice of hearing, at least ten days before the time appointed for such hearing.

OSCAR J. PETERSON,
Chairman of County Board,
Pennington County, Minn.
Attest: T. P. ANDERSON,
County Auditor, and Ex-Officio Clerk of Board.

A. C. Tvedt, a member of the County Sanatorium Committee, sent in a verbal request asking that he be relieved from further acting as a member of said committee.

On motion duly made and seconded the resignation of A. C. Tvedt was accepted.

Motion made and seconded that Peter Myhrum be appointed as a member of the County Sanatorium Committee, to fill the unexpired term of A. C. Tvedt, resigned. Motion carried.

Motion made and duly carried that Irving Quist be and hereby is appointed as Drainage Engineer on County Ditch No. 63 and that he at once enter upon his duties and make such recommendation as he thinks the best for the early completion of said Ditch. Motion declared approved.

The following Resolution was offered by Commissioner McGinn, who moved its adoption duly seconded by Commissioner Larson:

BE IT RESOLVED, that the Road work of building and grading on State Road No. 1, known as Job 1801 and under contract by P. W. Roark, be accepted, and that the County Auditor be and hereby is instructed to issue his warrant to the contractor for the balance due him on said contract. Resolution was duly declared approved.

The following resolution was offered by Commissioner Roy, who moved its adoption duly seconded by Commissioner Wold:

BE IT RESOLVED that the County Supt. of Schools be allowed an assistant for the Unorganized School for a term not to exceed one month and at a salary not to exceed $50.00 per month. Resolution was duly declared approved.

On motion duly carried the following bills were audited and ordered paid:

Halvor Olson, work on Sanatorium road	$126.07
Midland Chemical Co., scrubbing compound	[illegible].25
Tri-State Telephone Co., rent of phones and toll	21.55

Notice of Hearing Upon Petition of Freeholder.

WHEREAS, A petition signed by Aanun Ewindson, a freeholder of School District No. 68, in this County, representing that he is the owner of the following described lands, situated in said District, to-wit:

N½ of Section 12, Township 153 and Range 41.

And that the school house in District No. 68 is located two and one half miles from his residence, and that in District No. 66 one mile from his residence; that it is a hardship for him to send his children the additional distance to school in the District to which he belongs, now; has been presented to the County Board of Pennington County; and asking that his said lands may be set off from said District No. 68 to said District No. 66 and the said Board has appointed a time and place for hearing thereon. Therefore

NOTICE

Is hereby given that said petition will be heard by said Board, at a session thereof, commencing on the 14th day of August A. D. 1918, at two o'clock in the afternoon, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said Board will hear the evidence and the arguments of all persons interested, for or against granting the prayer of the petitioner.

Dated at Thief River Falls Aug. 10th, 1918.

By order of the County Board.
T. P. ANDERSON,
County Auditor and Ex-Officio Clerk of Board.

Notice of Expiration of Time of Redemption.

Office of County Auditor, County of Pennington, State of Minnesota, ss.

To Nic Nelson.

You are hereby notified that the following piece or parcel of land situated in the County of Pennington, State of Minnesota, and known and described as folows, to-wit: NW¼ SW¼, Section 22, Township 152, Range 41 is now assessed in your name.

That on the 10th day of May, 1915, at a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, 1915, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1913, for said County of Pennington the above described piece or parcel of land was sold for the sum of Three and 07-100 Dollars.

And that the amount required to redeem said piece or parcel of land from said tax sale exclusive of the costs to accrue upon this notice is the sum of Ten Dollars, and Seventy-seven cents, and interest at the rate of 12 per cent per annum on $3.07 thereof from said 10th day of May, 1915, to the day such redemption is made, and interest on $3.85 thereof at the rate of 12 per cent per annum, from the 18th day of January, 1916, to the day thereof redemption is made, and interest on $3.85 at the rate of 12 per cent per annum from the 23rd day of January, 1917, to the day such redemption is made.

That the tax certificate of sale issued to said purchaser has been presented to me by the holder thereof, and this notice requested.

That the time for the redemption of said piece or parcel of land from said tax sale will expire (60) days after the service of this notice, and the filing of proof of such service in my office.

Witness my hand and official seal this 9th day of August, 1918.

T. P. ANDERSON,
Auditor.
(Official Seal) Pennington County, Minn.
By Axel Risberg, Deputy.
a-22-29-s-5.

Citation for Hearing on Final Account and For Distribution.

Estate of Klaus Otto Hallstrom, also known as Otto Hallstrom and Otto Hellstrom.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Klaus Otto Hallstrom, Decedent:

The State of Minnesota to Lina Hallstrom, Lilly Hallstrom, Clarence Hallstrom and all persons interested in the final account and distribution of the estate of said decedent:

The representative of the above named decedent, having filed in this Court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled;

THEREFORE, YOU, AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 7th day of September, 1918, at 10 o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 14th day of August, 1918.

WILHELM MICHELET,
Probate Judge.
(Court Seal.)
O. A. Naplin,
Attorney for Petitioner.

Notice of Expiration of Redemption, Delinquent Taxes Paid.

Office of County Auditor, County of Pennington, State of Minnesota.

Notice of Expiration of Redemption To S. G. Skjald.

You are hereby notified that the following pieces or parcels of land, situated in the County of Pennington, State of Minnesota, and known and described as follows, to wit:

Lots 18 and 19 Block 39, Original Townsite of Thief River Falls, Minn. is now assessed in your name.

That on the 10th day of May A. D. 1915, at a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, A. D. 1915, in proceedings to enforce the payment of taxes delinquent upon real estate for the year A. D. 1913, for said County of Pennington, the above described piece or parcel of land was sold for the sum of eighteen and 87-100 dollars.

That the certificate of sale for said piece or parcel of land executed and delivered by said County Auditor upon said sale last above mentioned has been presented to me at my office by the holder thereof for the purpose of having notice of expiration of time for redemption from said tax sale of said property given and served; and that the amount required to redeem said piece or parcel of land from said tax sale, exclusive of the costs to accrue upon said notice, is the sum of $18.87, together with interest thereon at the rate of 12 per cent per annum from the 10th day of May, A. D. 1915, until the day such redemption is made.

And the further sum of $15.36, being the amount of the delinquent taxes for the year 1914, upon said premises paid by the purchaser at said tax sale, together with interest on said last named amount at the rate of 12 per cent per annum from the 14th day of January, A. D. 1916, until the day such redemption is made.

And the further sum of $53.09, being the amount of the delinquent taxes for the year 1915, upon said premises paid by the purchaser at said tax sale together with interest on said last named amount at the rate of 12 per cent per annum from the 22nd day of January, A. D. 1917, until the day such redemption is made.

That the time for the redemption of said piece or parcel of land from said tax sale will expire sixty (60) days after service of this notice and the filing of proof of such service in my office.

Witness my hand and seal of office this 27th day of May, A. D., 1918.

T. P. ANDERSON,
Auditor Pennington County, Minn.

HOARDING OF CERTAIN FOODS IS ENCOURAGED

LETTER FROM FOOD ADMINISTRATION CORRECTS MISLEADING ARTICLE.

In order to set right any misconstruction of food department rules which might have occurred through the publication of a misleading article in a recent issue of a twin city daily paper, the state food administration has sent the following letter to the local committees:

"A short time ago there appeared in one of the Twin City dailies, an article on food hoarding, which has led to considerable confusion.

"We want the people of Minnesota to understand that the Food Administration exists primarily to assist our people to live well under these exceedingly trying times. It is desirable, therefore, that the people be disturbed as little as possible. We want perishables stored against the period of scant production. To this end it is most desirable that all kinds of fruits and vegetables be canned and preserved and that meats be cured in sufficient quantities to provide well for the period of scant production.

"Meats of all kinds should be salted and cured. Any family has a perfect right to store in the fall a sufficient amount of fruit and vegetables to last them until the next season. In fact, it is urged that this be done. Obviously it would not be right to preserve fruits, meats and vegetables in quantities in excess of a family's normal needs."

Winter Rye.

Last year Pennington county had 3,100 acres of winter rye and this year the government is asking that this be increased eleven per cent, thus making the total close to 3,450 acres. Many farmers are already preparing land for the seeding of winter rye. This year a little winter wheat also will be sown. One man near Kratka is planning on having 100 acres of winter wheat. Most of the farmers have their harvest well out of the way and this land will be readily available to meet the demands of increasing acreage made by the food administration.

Neighborhood NEWS

ST. HILAIRE

Death of Gustav Anderson.

The report of the death of Gustav Anderson which occurred Saturday evening was a sad shock to his many friends, and an almost unbelievable surprise to those who had seen him, looking as usual, during the day. He was shocking grain on the farm known as the Edgington farm northwest of the village. When his nephews, the Peterson Bros., for whom he was working, came to get him in the evening, he was nowhere to be seen. A search of the field soon revealed him lying dead, evidently where he had fallen, with an attack of heart failure.

The deceased was born in Sweden, eighty years ago, and was married in that country also in 1871. His wife and he emigrated to this country in 1889 and settled in the southern part of the state, but removed to this part of the state about sixteen years ago during the greater part of which time they have resided in this village.

Mr. Anderson was a highly esteemed citizen, always kind and cheerful, and a devout Christian. Besides a host of friends he is survived by his grief-stricken widow, one daughter, Mrs. Wm. Goodman of St. Paul, two brothers, J. A. Anderson and A. Dahlstrom, both of Black River township, two sisters in Sweden, and many other relatives, to all of whom the community extends sincerest sympathy.

Funeral services were conducted *Tuesday afternoon at the Scandinavian* Mission church, of which the deceased was a faithful member.

Mrs. A. Seaverson and children visited at the home of Mrs. Seaverson's brother, Andrew Ortloff, who resides northwest of the village, Sunday.

Miss Inga Follstad returned Saturday from a ten days' stay at International Falls.

Rev. and Mrs. T. O. Thompson were at Plummer Sunday where Rev. Thompson conducted services.

Mrs. Sam Thompson has received word that her son, Tim Enarud, had been severely wounded in battle in France and that it had been found necessary to amputate a leg.

Messrs. Robert and Lorenzo Hanna autoed up from Crookston Sunday for a visit at the G. W. Hooper home. Before returning they autoed to Thief River Falls for a brief visit with Mr. and Mrs. L. N. Peck.

The H. O. Jackson family motored to Red Lake Falls to spend Sunday evening at the C. Fellman home.

Mrs. Carl Johnson returned Monday from a pleasant over-Sunday visit with relatives at Thief River Falls.

Mrs. H. R. Allen and daughter, Lulu, shopped and transacted other business at Thief River Falls between trains Monday.

Mrs. A. Larson and her sister, Hazel Wallin, left yesterday for a visit with relatives at Belview and Midland, Mich., after which they will arrange for attending school in that state.

Blanche Catheliseau, a girl of ten years, suffered a painful accident on Thursday afternoon while at play with other children by the track near the section house. An iron rail, in a pile of debris, on which she was sitting, suddenly slipped and the child fell to the ground. The rail fell on her cutting a deep gash in her head and bruising her back. She was carried home and a doctor summoned at once. It was found, however, that her injuries were not serious and though they have been painful she is now on the road to recovery.

Miss Ida Engh arrived Friday from Hillsboro, N. D., for a week's visit with her mother and other relatives and friends in this locality.

Clarence Wigen returned Friday from Virginia where he has been employed.

The Norwegian Lutheran Ladies' Aid at the Lars Loberg home Friday afternoon was largely attended, but the crowd hurriedly dispersed when the weather became threatening as all were anxious to reach their homes before the rain came.

Miss Selma Hoff returned Friday morning via Thief River Falls from the home of her aunt near Park River, N. D., where she has spent the past month. She accompanied her aunt to the Warren hospital and spent a day with her while on the return trip.

The shortage of help in the harvest fields of this locality has been offset to a great extent by parties of business men and others from the village, who have gone out to assist with the shocking a couple of hours each evening.

The Misses Eunice Peterson, Lulu Allen, Ethel Benson, Irene Peterson, Alice Fricker, Leona Allen and Tomina Hanson, enjoyed a marshmallow roast in the Allen grove Friday evening.

Mrs. R. L. Hauge returned Saturday from Bemidji to which place she had been summoned a week ago by the sudden illness of her daughter, Mrs. August Berg.

Mr. and Mrs. Ferdide Brown came down from Thief River Falls Saturday for a visit with relatives and friends.

Mr. and Mrs. M. Fricker were Sunday guests at the C. Kruse home west of this village.

Charles Siebert of Grand Forks, autoed over Sunday to spend the day at the R. J. McKercher home. On his return he was accompanied by Miss Anna Boehm, who has spent the last two weeks at the home of her sister, Mrs. McKercher.

Mr. and Mrs. H. A. Olson, Mrs. H. Hanson and son, Fred, Mr. and Mrs. D. McAllister and daughter, Muriel and Miss Louise Wilson, autoed to Crookston Sunday where they visited with relatives and friends.

Mr. and Mrs. Geo. Bakko spent Sunday at the D. Haugen home in Wyandotte township.

John Banner of Silverton was a caller at the Tharaldson home on Saturday.

Miss Bernice Strubbel was a guest of Miss Lena Ristau on Friday.

Hans Dahl was a caller at the Olof Tharaldson home Sunday.

THE women of America are playing a mighty important part in *our serious obligation* to furnish war-torn peoples overseas with more food and clothing.

If it were not for the cooking and sewing economies practiced by millions of women, and their eager readiness to use food substitutes, it would be impossible for us to keep so many persons in Europe from dying of cold and hunger.

The women of this community can accomplish even more by studying the food and clothing efficiency exhibits at the Minnesota State Fair, September 2 to 7.

MINNESOTA STATE FAIR
SEPTEMBER 2-7, 1918

YOU ARE INVITED
to visit "the Home of the West's leading shoemakers"

—the factory where the famous *Foot-Schulze Shoes* are made; this factory has been pronounced by those competent to judge to be a model of efficiency and convenience where the first consideration is the *safety, health* and *well being of the work people.* These ideal working conditions are reflected in the wonderful quality of the product.

Courteous guides on hand during Fair Week to show you through this complete exhibit of all the appliances that go to make a complete factory of fine footwear.

Come and see the famous

FOOT-SCHULZE SHOES
"in the making."

Legal Notices

Citation for Hearing on Final Account and for Distribution.

Estate of Nels Berg.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Nels Berg, Decedent:

The State of Minnesota to Inga Berg, Myrtle Berg and Elrie Berg, next of kin to and devisees under the will of Nels Berg, deceased, and all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court her final account of the administration of the estate of said decedent, together with her petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled;

Therefore, You, and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court rooms in the Court House, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 21st day of September, 1918, at 10 o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 26th day of August, 1918.

WILHELM MICHELET,
(Court Seal.) Probate Judge.
THEO. QUALE,
Attorney for Petitioner.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage containing a power of sale, dated April 16th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of April, 1915, at 1:00 o'clock P. M., in Book 3 of Mortgages at page 381, executed by Samuel Johnson and Tabata Johnson, his wife, as Mortgagors, to The Crookston Building and Loan Association, a Minnesota corporation, as Mortgagee, and mortgaging the following described real estate situated in Pennington County, Minnesota, to-wit: Lots Twenty-one (21) and Twenty-two (22) of Block Twenty-two (22) of the Original Townsite of Thief River Falls, Minnesota, according to the recorded plat thereof; and no action or proceeding having been brought to recover any part of the debt secured by such mortgage, and there is claimed to be due upon such mortgage at the date hereof the sum of One Thousand One Hundred Eighty-four Dollars, against which amount the mortgagors are entitled to a credit of Two Hundred and Thirty-seven Dollars and twenty cents, the current value of ten shares of stock in the said mortgagee subscribed for by said mortgagors as a part of said mortgage and the debt secured thereby, leaving the amount actually due and claimed to be due upon the said mortgage at the date of this notice the sum of Nine Hundred and Forty-six Dollars and Eighty cents, ($946.80).

Now, Therefore, Notice is Hereby Given, That by virtue of said power of sale, said mortgage will be foreclosed and said premises sold at public auction by the sheriff of said county on Saturday the 19th day of October, 1918, at Ten o'clock in the forenoon of that day, at the front door of the Court House in the City of Thief River Falls, Minnesota, to pay the said debt and interest, and the attorney's fees, and the disbursements allowed by law.

Dated August 27th, 1918.

The Crookston Building and Loan Association, (a Corporation)
Mortgagee.
W. E. ROWE,
Attorney for Mortgagee,
Crookston, Minnesota.
a-29-s-5-12-19-26-o-3.

Food

QUESTIONS ANSWERED

CHEESE.

Why are we not asked to save cheese?

Because we have a plentiful supply on hand in addition to that needed for exports.

How much cheese did we import in 1914?

An average of over 5,000,000 pounds every month.

How much did we import in August, 1917?

Half a million pounds.

What is the food value of 1 pound of cheese?

American pale cheese contains 130.6 grams protein, 162.8 grams fat, 1.35 grams carbohydrates, and furnishes 2,055 calories (according to Atwater and Bryant). It equals 1 pound of fat meat in energy value.

Is cheese made of whole milk or skim milk?

Most of it is made of whole milk.

Since the butter supply is limited, why not make cheese of skim milk and use cream for butter production?

Because cheese is made when there are such quantities of milk on hand that all of it could not be put on the market or consumed as milk or butter. It is really a by-product of the dairy industry.

What per cent of the milk produced is made into butter and what per cent goes into cheese?

Sixty per cent to butter, 5 per cent to cheese.

What is cottage cheese made of?

Skim milk, buttermilk, or sour milk.

Is cottage cheese nourishing food?

Yes. It is rich in protein, and in price it is one of the cheapest protein foods now available.

What does a pound of cottage cheese represent as protein value in terms of other foods?

One pound cottage cheese is equivalent to—

1.27 pounds sirloin steak.
1.37 pounds chuck rib beef.
1.53 pounds fowl.
1.46 pounds fresh ham.
1.58 pounds loin pork chop.

What other products are made of sour milk or buttermilk?

Skim-milk cheese, hard cheese, sour-milk drinks, all of which are wholesome, casein and milk sugar.

What place has cheese in the diet?

It is a substitute for meat, and should be eaten as a dish instead of a tidbit.

DAIRY PRODUCTS.

What are the dairy products?

Milk, cream, butter, cheese, ice cream, etc.

What are the distinctive qualities of milk, butter, and cheese?

Milk is called a "perfect food" because it contains all the food elements in nearly the right proportion for proper nutrition and in the most digestible form; butter is probably the most attractive fat and is 100 per cent digestible; cheese has high protein value and is a good substitute for meat.

Why is the number of dairy cattle in Europe diminishing?

Because Europe has had to eat many dairy animals; because shortage of labor has reduced fodder and help necessary for the herds; and shortage of shipping has limited the amount of imported fodder.

Why do the Allies turn to us for dairy products?

Because supplies reaching them from Scandinavia, Holland, and Switzerland are now largely cut off, and shipping can not be provided to bring food from Australia and New Zealand.

Why should we encourage our dairy industry?

Because children need plenty of milk and butter; because the world faces a shortage of milk and butter; and because dairying is fundamental in much of our agriculture.

How can we use dairy products most wisely?

By using butter only on the table; by using more skim and sour milk and more whole milk; by wasting no milk or butter.

May we use ice cream freely?

Ice cream is a healthful food and offers an excellent way of using milk products. But it contains sugar, which is one of the foods we wish to save. Patronize dealers who use corn sirup and honey in place of sugar, and when making it at home, always use other sweeteners.

How much butter did we export to Europe from July 1, 1916, to July 1, 1916?

6,622,073 pounds, most of which went to the Allies.

How much cheese did we export in the same period?

38,221,460 pounds, most of which went to the Allies.

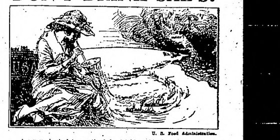
How much condensed milk did we export in the same period?

99,541,098 pounds. All except about 6,000,000 pounds of this went to the Allies.

Have we kept up the immensely increased exports which marked the fiscal year 1916-17?

No; from July 1, 1917, to January 1, 1918, we sent 20,000,000 pounds less butter and 13,000,000 pounds less cheese than in the corresponding period a year ago.

DON'T DRINK SHIPS!



U. S. Food Administration.

Are you shocked to see the lady drinking ships?

You drink ships every time you use sugar unnecessarily, in a beverage.

Seventy-five per cent. of the sugar used in this country has to be brought here in ships. Every possible ship is needed for the transportation of troops and supplies to the other side.

Eliminate sugar as a luxury, and you release many ships for war purposes.

Teach your appetite to remember this—
DON'T DRINK SHIPS.

Appreciates Aid Tendered During Welfare Canvass

Mrs. J. M. Bishop, chairman of Child Welfare for Pennington county wishes to thank the people of the city and country who so generously gave of their time, the service of their cars and especially of their good will toward helping in the government work of registering, weighing and measuring the children under school age in this country.

Following is a list of names of those who assisted in the city:

Central School—Mrs. J. Biederman, Mrs. Ila Reynolds, Evangeline Burns, Phonsie O'Neill, Miriam Bishop and Mary Prichard.

Washington School—Mrs. F. J. Stebbins, Mrs. W. A. Boreen, Josie Weeks, Una Nelson, Zella Zeh and Marian Miller.

Northrup School—Mrs. H. W. Froehlich, Mrs. E. O. Mogensen, Mrs. A. N. Heggen, Mary Prichard and Evangeline Burns.

Knox School, (2 days)—Mrs. L. G. Larson, Alice Berg, Alice Wilson and Phyllis Curtis.

Cars used in the city were: W. A. Boreen, Grant Wells and J. M. Bishop.

The janitors of the city schools gave of their services generously and the buildings were all in perfect condition. The country schedules were all arranged by County Supt. E. A. Mostue, who gave much time to this work, and the school clerks lent every assistance to the work by giving publicity and personal service. It was unfortunate that rainy weather made country work difficult and the time of the nurse was short owing to our lack of funds.

In St. Hilaire the nurse was assisted by the Daniel Patterson family.

In Goodridge, Mrs. J. Payne had charge of the publicity and the nurse was assisted in her work by Mrs. Ferdinandson and Miss Ferdinandson.

The following people made country trips with the nurse, donating their own services and that of their cars: Mrs. W. H. Frederick, Rev. J. A. Orrock, Mrs. B. E. Dalquist, Mrs. H. O. Loken, H. N. Hager, George Mostue, Miss Elizabeth Hansen, R. N., B. E. Dalquist, all of this city, and Dr. Swanson of St. Hilaire.

As Children's Year is from April 6, 1918 to April 6, 1919, it is believed that by the end of the year every child will be registered.

LEAGUE AND LABOR MAKE NOMINATION

DAVID E. EVANS OF TRACY, WILL ENTER RACE FOR GOVERNOR.

At a joint convention of delegates from the Nonpartisan League and representatives of the labor organizations of the state held in St. Paul Monday, David E. Evans was nominated for governor of Minnesota and his name will in all likelihood go on the ticket by petition. He is understood to have accepted the nomination.

Although always regarded as a radical "dry," Mr. Evans is quoted as saying that he would veto any prohibition bill presented to him in case of his election, unless the amendment to be presented to the people for statutory prohibition is carried.

An attempt has been made to get Fred Wheaton, the Democratic nominee, to withdraw and leave the fight to be settled between Gov. Burnquist and the nominee of the fusion forces, but Mr. Wheaton has no such intention, according to his own statement.

NURSES WORK IS ABOUT FINISHED

(Continued from page 1.)

whose eyes "matter" or are sore at birth must have immediate attention unless the sight is to be permanently injured. Indeed, the State of Minnesota makes it a penalty if any physician or licensed midwife fails to use "drops" in every child's eyes at birth.

Referred to Dr. Huenenken.

Some children have been referred to Dr. Huenenken, the state board of health physician, who will visit Thief River Falls on Saturday. Talks by the nurse on the subject of the proper feeding of the teething baby, advice as to what to do while waiting for the doctor, the care of those children who have a tuberculous family history—all these conditions have received attention.

For Better Babies.

It is only a beginning in Pennington county—a hope that the citizen of the future may have a better fighting chance for good health than its older brother who has been found disqualified for army service or—just as important—for its elder sister, for whom the burden of motherhood proves too severe.

It will not be the number of children in a family that will count in the future, but the physical, mental and spiritual quality of those children.

Following is a record of the number of children coming under the nurse's observation in the different localities visited:

Thief River Falls	262
St. Hilaire	58
Goodridge	44
Rural	218
Extras (Adults, etc)	20

The approximate number of children not up to a physical standard will be given in next week's issue when the nurse has had the time to make up her reports.

ELKS PICNIC WAS A SUCCESS AS USUAL

The attendance at the annual picnic of the Thief River Falls lodge of Elks showed the effect of the war in that many of the younger men who have been among the leaders in events of this kind in former years were missing. The lodge has contributed liberally of its membership toward the defense of the country, but even at that there were in the neighborhood of 200 persons at Squaw Point to enjoy the big feed and the sports program arranged for the occasion.

No record was kept of the winners in most of the events, but all were full of interest and carried out according to schedule. Mrs. Jacob Pfeffer won the chicken race and became the owner of the rooster given as a prize. There was a fat man's race, sack race, tug of war, girls' races, three-legged races, etc., followed by a ladies' base ball game. In the latter event the team captained by Mrs. L. G. Larson won over the aggregation led by Mrs. H. T. Swenson. The fats and leans among the men also put on a base ball exhibition, the fats, captained by H. W. Protzeller, winning against the leans under the leadership of H. T. Swenson. All prizes were paid in war stamps.

Closing Not Order.

The county fuel administrators throughout Minnesota have received the following self-explanatory notice from F. J. McGee, state fuel administrator, relative to the recent agreement among garage men to close their places of business in the evening and on Sundays:

"Throughout the country gasoline stations and garages are closing down at 6:00 p. m. week days and from 6 p. m. Saturdays until Monday morning, announcing that it is by order of the fuel administration or by the government.

"Please give publicity in the newspapers throughout your county to the statement, which Dr. Garfield authorizes, that there is no order from any department of the government dealing with this subject, and that such closing is a voluntary limitation put into effect by the Automobile Dealers' association and others."

ERIE

The Ladies' Aid met with Mrs. C. O. Elg Wednesday for the benefit of the Red Cross.

Otto Parnow and Henry Tommerdahl autoed to Thief River Falls Saturday on business.

John Mostrom of Neptune, commenced threshing operations on the Anderson Bros. farm southeast of Erie Tuesday.

J. E. Enebo hauled a big load of merchandise for the Kompelien-Aubol store Saturday.

Henry A. Dahlen has received word that his brother Arnold, whose home was at Kindred, N. D., passed away in a hospital "somewhere in France." Arnold was among the first to be drafted and sent across the Atlantic to take part in the big fight against the huns, but it is not known whether deceased had taken active part on the firing line. The cause of his death was pleurisy, which was probably brought on from over-exertion, as he had not been strong before joining the ranks.

Joseph Johnson returned from Thief River Falls Sunday morning.

Andrew Nelson started threshing Monday with his gasoline rig and by the middle of this week will also have his steam rig running full blast.

Mrs. Ole K. Lien and the H. A. Dahlen family were guests at the Tollef Hovet home Sunday evening.

Knut Roysland has built a large addition to his home.

Mr. and Mrs. H. K. Bjorneraa shopped in Erie Saturday.

The N. E. Erie farmers congregated at Nils Lien's place Monday evening to discuss threshing problems.

Miss Thelma Hovet and brother Melvin, visited at the Ole Lien home Sunday afternoon.

Ed. Torgerson, Mr. and Mrs. G. A. and "Sub-Urban" Iverson were guests at the M. R. Iverson cottage Sunday afternoon.

Employees of a Wisconsin rug company are making their headquarters at the Felix LaJol ranch. They are cutting wire-grass for the concern out of which rugs are to be made.

HAZEL

O. Helgeson was on the sick list last week.

P. Thune and family and Mrs. O. Helgeson and son Alfred, visited at the John Sherva home at Gully Sunday.

John Hanson and the Misses Emma and Mabel Nelson motored to Thief River Falls Thursday evening.

Dean Huddleson was a Saturday visitor at the J. Nelson home.

Miss Esther Hanson motored from Thief River Falls to spend Sunday at the home of her parents, Mr. and Mrs. Sam Hanson.

Dean Huddleson and Mr. and Mrs. O. Halvorson were Sunday callers at the A. Shafer home.

Miss Mabel Nelson returned from Grand Forks Wednesday. She was accompanied by her brother Leonard, who returned to his home at Gilby, N. D., the same day.

Mrs. E. Evenson was a Plummer visitor Friday.

Mrs. O. Halvorson and children visited at Hazel Saturday.

Mrs. Johnson of Fertile, Minn., who visited at the home of Mr. and Mrs. John Nelson, returned home Saturday.

REINER

Mr. and Mrs. Oscar Stiele and Mr. and Mrs. J. Peterson of Grand Forks were guests at the T. Morken and A. Peterson homes Saturday and Sunday. The trip was made in the Stiele car.

Mrs. Wm. Millander who spent the past five weeks with her daughter, Mrs. Henry Berg of Leeds, N. D., returned to her home last Wednesday.

Stephen Hornik made a trip to Thief River Falls Sunday.

Mr. and Mrs. A. L. Rolland of Erie and Mr. and Mrs. Finstad and son Kenneth, of Highlanding, visited at the J. Erickson home Sunday.

E. Aakre and daughter Agnes and Miss Myrtle Erickson autoed to Thief River Falls on business Wednesday. They were accompanied by Mr. and Mrs. J. Miller who took their son Leonard for medical treatment.

STEINER

Miss Alice Solem of this place, has enlisted as a Red Cross nurse and will soon enter the local hospital for training.

Hobson Rogers is assisting his brother, J. Rogers, with the harvest this fall.

Mr. and Mrs. P. Liden and daughter Signe, spent Sunday afternoon at Rosewood, visiting at the home of Mr. and Mrs. John Sor.

Thorsten Ristegen and T. Stelgen were out Tuesday evening securing men to help thresh. Mr. Stelgen expects to have the threshers next week.

P. B. Malberg was a business visitor in Pennington county Saturday afternoon.

Misses Ruth and Alice Solem and Mathilda Liden, left for Thief River Falls Wednesday via the G. N., motoring home in the evening.

H. Berg motored to Thief River Falls Tuesday to transact business.

Several farmers of this vicinity have threshed some of their grain. The crop is reported unusually good this year.

Alfred Solem spent Sunday afternoon visiting his school-mate, Julius Liden.

A number of farmers of this vicinity are through with their harvest and have commenced plowing.

TWENTY-FIVE IN 1917 CLASS LEFT

THESE ARE LIABLE TO CALL DURING PRESENT AND NEXT MONTH.

ONLY 78 NOW AVAILABLE

TOTAL INCLUDES REGISTRANTS OF JUNE 5 AND AUGUST 24, 1918.

The Class 1 men of the 1917 draft in Pennington county have not quite all been inducted into service, there being still 25 of them on the waiting list, according to records furnished by County Auditor T. P. Anderson, clerk of the registration board. That these will soon be gone is, however, certain, as a number have only been permitted to remain for reasons acceptable to the district exemption board. It is expected that the September and October calls will completely exhaust this list, after which the 1918 class will have to be called upon. Many of these have also already been inducted into service, the total of availables in the county being at this time just 78. A few of the men in the first list appended below belong in Class 2, but these will be advanced as soon as the fall work is far enough along so they can be relieved without entailing undue hardship upon anyone.

Are in First Call.

The 25 remaining in the class of 1917, together with their places of residence, are as follows: Julius Knutson, Orval A. Herron, Herbert Jacobson, John Martin Gran, Oliver Olson Ronning, Nils Monsbraaten, Walter Jung, Johnnie Nilson, Richard A. Olson and George Werstlein, all of Thief River Falls; Oscar Wolheim Hogquist, Alexander Swanson and Henry Julius Hanson, St. Hilaire; Ernest H. Johnson, Ludwig D. Lutmer, Hermann Peter Schneider and August Newton Anderson, Wylie; Henry Bye, Martin Larson, Erie; Carl John Skjerping, Kratka; Earl Oscar Johnson, Baudette; Thor Skommedahl, Wanke; John Theodore Hanson and Nils Alfred Rolstad, Hazel; Sam Myrum, Sunbeam.

The June Registrants.

There are also 25 men remaining in the class registered on June 5, 1918, showing that these young men have been answering the calls very freely. That this list will rapidly be depleted is certain as the boys are all ready and willing to go. This list is composed of the following: Oscar Bernard Hanson, George Harry Keezer, Ole Mossestad, Gynther Tessum, Conrad Ronning, Ludvig Lian, Thom Borgen, Richard E. Hornseth, Clarence E. Johnson and Carl S. Sundahl, all of Thief River Falls; Alexander Anderson, Nils Asmus Anton, Clarence C. Bailey, August Henry Strober, Arthur Bartleson, Martin Ragnvald Odegard, August Altholf and Jesse Arthur Bakke, St. Hilaire; Julius Peterson and Gustaf Axel Gustafson, Hazel; Benjamin Race, Arthur Baird and Elmer Alvin Dahlen, Erie; Knut Dahle, Sunbeam; John Hallonen, Plummer.

Twenty Eight Youngsters.

There are 28 of those who registered on August 25 who have not yet been classified, but as it is expected that they will sooner or later enter the service their names are given along with those of the other availables: Thim Brezney, Peder Feragen, Milton G. Weeks, Benjamin Henry Borgen, Thure Arthur Carlson, Edwin Granum, Ole Newton, Julian Joringdal, Adolph Larson, all of Thief River Falls; Carl Richard Anderson, Wylie; Herbert G. Severson, Holt; Melvin Ness, Edwin Carl Stark, Clarence V. Pope, Oscar Theodore Wiberg, Hans Folstad and Norman Edward Patterson, St. Hilaire; William Gilbertson, Hazel; Harris Heggestuen, Highlanding; Melvin Svare, Erie; Bernt Olaus Skjerping, Kratka; Ferdinand Narbott, Red Lake Falls; Hans P. Hanson, Willie Singer and Thomas Sannes, Rhoda; Frank Kusmal and Harold Haugan, Plummer.

The Class F Men.

There are 18 men in Class F, under which head comes all those who claim exemption on the ground of not being citizens of the United States. The government wants to know what they expect to do in this country and what right they have here if they do not wish to become citizens and assume the duties that this entails. Most of them have had an opportunity of applying for citizenship papers since registering and they are hardly displaying the correct spirit in neglecting to do so. It looks very much as if they wanted to have all the privileges of an American without in any manner sharing the responsibilities of one. It is quite probable that unless they at once become citizens and offer themselves in defense of their country the same as others they may be asked to go back to where they came from. It is almost certain at any rate, that they will never be granted citizenship papers in this country. Their names follow: Ole Klopp, David Samuelson, Stephen Martin Tiche, Ole Knutson Lerold, Oscar Anderson, Stephen Tiche, Nils Klopp and Axel Williamson, all of Thief River Falls; Sigurd Vik, St. Hilaire; Axel Wilhelm Swanson and Alfred Fink, Wylie; Ole Hogland, Sunbeam; Elias Stokke, Floodwood; Jack Zharski, New York City; Tarje Raisami, Erie; Victor Johnson, Brookett, N. D.; Isadore Cooperman, Chicago; Christian Thome, Moorhead.

Steadily Forging Ahead.

Word has this week been received by Mr. and Mrs. J. M. Bishop from their son Morlan, who is at a training camp in Texas, stating that he is one of five men selected from his company to attend the training school for officers soon to be opened at the camp. This young man is making rapid strides. Beginning at Camp Dodge as secretary for the Y. M. C. A., he resigned that position and joined the active fighting forces and was within a short time successively made corporal and sergeant. This last appointment is a highly desirable one and an achievement of which he has a perfect right to feel proud, the selection being made out of the entire company of 250 men.

18 TO CAMP GRANT LEAVE TOMORROW

GENERAL SERVICE MEN IN SEPTEMBER CALL—FOUR LEFT YESTERDAY.

Eighteen men to fill the general September call for selected availables will leave over the Soo tomorrow morning at 6:15 o'clock for Camp Grant, Ill. They are Alfred Moengen, Mahnomen; Henry Walter Jonas, city; Jerry Adam Race, Erie; Harry Stucy, Erie; Martin Sjostrand, city; Glen C. Richardson, city; Robert Dempsey, Rudell; Nicholas Olson, Kratka; George Walter Johnson, St. Hilaire; John Carl Larson, Erie; J. A. Olson, Prince Albert; Hubert Joseph Garseau, Red Lake Falls; Robert Iverson, Erie; Rupert Swanson, St. Hilaire, Martin Aos, city; Anton Kloski, Rudell; Amund Oas, city; William Dokken, city; Nedland Hanson, city. This is one more than is required but he is included as a margin of safety. In case of something happening that would make it impossible for one to go just at this time the quota would still be filled. Harold W. Hicks, who registered at Williston, N. D., will accompany the bunch, his call having also arrived.

Four to Camp Dodge.

Four men were on Wednesday sent to Camp Dodge on limited service, these being Alfred Stene, Ray Herron, James A. Dahl and Nordahl Leeland.

215 CHILDREN ARE BELOW STANDARD

NUMBER FOUND BY NURSE OUT OF 582 EXAMINED IN COUNTY.

Mrs. Florence Lee, the registered nurse who was sent to Thief River Falls by the Public Safety commission to take charge of the work during child welfare week, has submitted the report of her observations. During her stay in the county a total of 582 children were brought to her for examination, the results being as follows:

The number found to be below normal physical or mental health standards was 215. Advise was given to 270 mothers who applied during the week. Twenty cases were referred to the county tuberculosis clinic, while approximately 40 were referred to the clinic of the state board of health. A similar number was also referred to the local doctors for treatment and advice. Six infants were found to have opthalmia neonaldium.

During the week there were mailed 75 pieces of literature to mothers within the county, while hundreds of copies of the New York Life insurance company's circular No. 717 were distributed. There were ten advisory general talks given, and hundreds of interviews with parents. Thirty rural school districts were visited and four of the five commissioner's districts. Besides this a practical demonstration of nursing care, extending over a period of 3½ hours, was given at Goodridge.

TEACHERS' INSTITUTE.

County Superintendent E. A. Mostue announces that the teachers who are to teach in the schools of Pennington county for the coming year are advised that an Institute will be held the coming week Sept. 9th to 15th inclusive.

The Institute will be held in the court room at Thief River Falls and will begin at 10 o'clock Monday morning.

The conductors will be Miss Wescott, Moorhead normal; Miss Poole, University of Minnesota, and Miss Coral Osborne.

The teachers of the county are all expected to be present. Schools which may have opened will be closed for the week in order that the teachers can attend this Institute.

There will be able instructors and a most successful institute is anticipated.

Supt. Mostue has been notified that President Weld of the Moorhead normal, will be present for the purpose of delivering an address at the institute on Sept. 11.

HANSEN HEADS LOAN CAMPAIGN

FIRST NATIONAL PRESIDENT WILL HAVE CHARGE WITH LAMPERT AS ASSISTANT.

FOLLOW FORMER SYSTEM

CITIZENS WILL BE ALLOTED CERTAIN AMOUNT ACCORDING TO MEANS.

No one yet knows what the amount of the Fourth Liberty Loan will be or what the people of Pennington county will be asked to subscribe. All that is realized fully is that a strenuous attempt will be made to go over the top as quickly as possible. President C. L. Hansen of the First National bank, will be in immediate charge of the campaign, with Cashier L. A. Lampert of the Farmers' and Merchants' as his first lieutenant.

C. L. HANSEN

It is probable that the plan which proved so successful in the Third campaign will again be employed. The county at that time was divided into districts and every citizen alloted a certain sum. The scheme can certainly not be improved upon. Before a solicitor was spotted in the offing the party approached knew just exactly what was expected of him and no time was lost. As a general rule the solicitors found that the assessment had been made too low, the people feeling able to go much stronger than was thought possible.—This attitude enabled the county to go over the top on the first day of the drive.

L. A. LAMPERT

What has been done can be done again, and Mr. Hansen and his assistants may be depended upon to exert every effort to even improve on the previous wonderful record. It is largely a matter of organization, as the people understand fully what is wanted. They are more able to meet the demand at this time and also more willing. Our boys are winning and it is up to us to furnish the money to keep them winning.

A full outline of the plan to be followed, together with a list of Mr. Hansen's assistants, will be published in The Times next week.

20 BUSHEL YIELD WHERE HAIL FELL

FIELDS GIVEN UP AS RUINED ARE PANNING OUT SURPRISINGLY WELL.

No one should be in a hurry to estimate the damage done by a hail storm. This is proven by the result of the one that paid a visit to Pennington county about six weeks ago. At that time it looked as if a very considerable part of the grain acreage of the county had been entirely ruined, but this estimate was decidedly premature. Many of the fields have since that time been cut, it being necessary to run the binder in one direction only so as to get as much of the grain as possible, but they have proven far from a total loss. The same is most decidedly true of the corn fields, few of which suffered any permanent damage although nearly all looked pretty well stripped the day after the storm.

The Henry Pope farm near St. Hilaire was hit about as hard as any of them. This week Mr. Pope was in Thief River Falls and stated that his wheat had threshed out 20 bushels to the acre, which would have been a decidedly good yield in any year. He would have gotten a great deal more if the storm had not struck him, but considered his return very fair.

Corn was in many instances cut almost to the ground, but every field has recuperated and while the setback did not help matters any, it is hard to see just where they were injured much. Of course there are exceptions and a few fields were pounded down past all redemption, but taken as a whole the outcome was better by far than anyone would have expected after a first inspection.

GOODRIDGE BANNER HAS QUIT WAVING

HIGH COST OF PRODUCTION MAKES SUSPENSION OF PAPER ADVISABLE.

The Banner, formerly the Eleven Towns, published at Goodridge in this county for the past 13 years, reached the subscribers for the last time last week, the publication having been suspended. A. O. Halvorson, who purchased the paper from H. W. Smith about six months ago, gives the high cost of production as the principal reason for this step.

The paper was founded at the time the reservation was opened about 13 years ago which was coincident with the establishment of a trading center at Goodridge, its first editor being John Lattimore, who later sold it to Mr. Smith. The people of Goodridge have at all times been intensely loyal to their home publication and have given it their liberal patronage. Conditions at present in the newspaper field are such, however, that the smaller publications are finding it almost impossible to get along, while it is sometimes difficult for even the more pretentious to make ends meet. Mr. Halvorson has given the people of Goodridge a good paper but finds it would be a money-losing proposition to continue.

Arrangements have been made whereby a Goodridge department will be carried in the Thief River Falls Times, which will make for better service all around. The subscribers will receive The Times until the expiration of their subscription period and where both papers were already taken the time will be extended so that full credit will be given.

YOUNG WOMAN IS HURT—AUTO SPILL

TOP BEING UP SAVES INEXPERIENCED DRIVER FROM WORSE INJURY.

Miss Agnes Elg considers herself fortunate in getting off with a broken collar bone, everything considered. She is not an expert with an automobile and was driving a Ford car along the state road near the Banner schoolhouse on Monday at a rate of speed she is herself unable to estimate when the accident happened. With her in the car at the time was a lad of nine years, but he escaped without injury.

Miss Elg lost control of her machine on a bad stretch of road, with the result that it jackknifed and turned over. The top was up at the time and prevented the occupants from being pinned beneath the wreck. Both managed to crawl out but Miss Elg sustained a broken collar bone and a number of minor injuries. She believes that the top prevented the weight of the machine from coming down on her and averted a far more serious accident.

Masons Annual Picnic.

The annual picnic of Northern Masonic lodge was held at Squaw Point on Labor day. The weather was hardly ideal but there was a fair attendance and the occasion was very much enjoyed.

The Masons will begin holding regular meetings again after the summer vacation, and all members are requested to be present on Monday evening, Sept. 9. Considerable business has accumulated during the vacation period and matters of importance generally are expected to come up.

PERSISTENT BOND BUYERS.

The Thief River Falls Fire department has a little surplus cash and Chief Paul Midderigh knows exactly what to do with it. The amount of the organization's holdings in Liberty Bonds is $710 at the present time, and there has been purchased $750 in War Savings Certificates. This is a total of $1,460, and we would like to hear of any other department in the state that has done as well.

Chief Midderigh says he will only be able to buy $250 more worth of Certificates, as the limit is $1,000, but he is making preparations to get in line for a sizeable bond when the Fourth issue is offered.

MUST REGISTER. NEXT THURSDAY

ALL MEN BETWEEN 18 AND 45 IN THE UNITED STATES INCLUDED.

ESTIMATE 1300 IN COUNTY

SAME PLAN AS IN FORMER REGISTRATION WILL BE FOLLOWED.

Thursday, September 12 has been set by President Wilson as the date for registration for the army draft of all men in the United States between the ages of 18 and 45 inclusive, who have not already registered or who are not now in the military or naval service.

In a proclamation issued immediately after he signed the new man power bill, authorizing extension of the 21-31 draft ages, the President called on the younger and older men to enroll on that day with local draft boards where they make their permanent homes.

300,000 in Minnesota.

County Auditor T. P. Anderson estimates that there will be about 1,350 registrants in Pennington county, while the adjutant general's office has only sent supplies for a total of 1,200. The estimate for the state is 296,896, which is probably a little low. It is expected that there will be a total registration of 12,780,000 in the entire country.

Town Clerks Registrants.

The machinery employed on June 5, 1917, will be used at the forthcoming registration so far as possible. The different township and village clerks will officiate in their different localities while in the city of Thief River Falls citizens of the different wards have volunteered their services. The usual polling booths will be the place of registration. The officials in charge will be as follows: Bray, Henry Hawkinson; Black River, Felix Anderson; Cloverleaf, John Hoffland; Deer Park, Osmund Lundeen; Goodridge township, Nickoly Urdahl; Hickory, B. Bjornaraa; Highlanding, Hilmer Finstad; Kratka, R. M. Johnson; Mayfield, M. O'Leary; Norden, John Funnesdahl; North, T. H. Bjerke; Numedal, J. O. Ronning; Polk Center, C. E. Naplin; Reiner, T. Morken; River Falls, G. Erickson; Rocksbury, O. C. Langseth; Sanders, S. L. Lind; Silverton, G. Gunderson; Smiley, J. M. Thiege; Star, Olof Omlid; Wyandotte, J. R. Larson; Goodridge village, H. B. Rucker; St. Hilaire village, Mike Fricker.

For Decisive Victory.

"We solemnly purpose a decisive victory of arms, and deliberately to devote the larger part of the military man-power of the nation to the accomplishment of that purpose," says the President in his proclamation. "It is the call to duty to which every man in the country will respond with pride and with the conscientiousness that in doing so he plays his part in vindication of a great cause at whose summons every true heart offers its supreme service."

Register From 7 to 9.

The hours of registration will be from 7 a. m. to 9 p. m. and all state and local officials are called on to make immediate arrangements for maintenance of registration places on that day.

All men within the new ages, whether citizens of the United States or not, must register, unless they are diplomatic or consular representatives of foreign nations.

Register by Mail.

In case of illness on the registration day, arrangements for tardy enrollment may be made with local boards and men who expect to be absent from their homes may register by mail, sufficiently in advance that the registration record reaches the board by September 12.

"If a man has no permanent residence he is to register at the place he is on September 12, and those out of the country on that day are required to enroll within five days after their return."

PRAISES LOYALTY OF OUR CITIZENS

SPECIAL INVESTIGATOR FINDS CONDITIONS ENTIRELY TO HIS LIKING.

V. B. Vye, special investigator for the State Food administration, was in Thief River Falls yesterday for the purpose of looking into any case of violation of regulations that might have come up. He found that nothing more serious than minor infractions, caused through a lack of understanding, could be reported from the county, and complimented the local administrator, C. A. Pitkin, very highly upon the excellent spirit displayed by the people within his jurisdiction. He did not hesitate in stating that the record of the county was one of the best in the entire state.

Mr. Vye has been making a tour of the northern counties and is enthusiastic in his praise of the manner in which the rules and regulations of the administration are being followed out as well as with the intensely strong loyalty sentiment he found among our people. "There are no willful violations of any order up here," said Mr. Vye, "and it is a positive pleasure to work among your people after coming from some other sections of the state. They are the finest I have run across in my travels."

Mr. Vye recently found 20,000 bushels of wheat withheld from market in one county and was responsible for the hoarders being forced to pay heavy fines into the treasury of the Red Cross. He recently returned from France, where he had been at the front as a member of the Foreign Legion for more than ten months. Being gassed, he was discharged and sent back home. It is his opinion that now the tide has turned it will not again swing back in favor of the Hun, and that we may with confidence look forward to a complete victory by the end of another year.

80 HEAD ALREADY LISTED FOR SALE

SHEEP AND HOGS TO BE INCLUDED ON FIRST STOCK MARKET DAY.

One of the most important sales of thoroughbred stock to be held in northwestern Minnesota this year will be that of the Pennington County Live Stock association, which takes place some time in October. County Agent Ross P. White has already received entry applications for over 80 head of cattle alone, and there will be a considerable number of hogs and sheep. He is surprised at the large number of thoroughbred animals there are in the county and believes that the sale will attract the interest of stockmen from far and wide.

Within a short time the sale list will be printed and distributed. This will go to the different farm clubs of the section and to such individuals as are considered interested in the improvement of the live stock of the northwest.

There will be a meeting held at the office of Mr. White tomorrow evening at which all those who have entered stock will be present. The final arrangements will be made at that time.

MEDALS PRESENTED LOCAL BOY SCOUTS

GIVEN BY TREASURY DEPARTMENT FOR GOOD WORK DURING BOND SALE.

Ernest Barzen and John Melgaard, members of the Thief River Falls boy scout organization, this week received bronze medals for their work in selling bonds during the campaign for the Third Liberty Loan. The scouts all hustled hard and sold thousands of dollars worth of the issue, the two boys who are thus honored standing at the head of the list. In order to secure a medal it was necessary for a scout to secure ten or more subscriptions and these two lads had no trouble in reaching this minimum. So valuable was the work of this organization in the last campaign that their services will be made use of to an even greater extent for the Fourth loan.

Recognition of their efforts has been voiced by President Wilson himself, who in a recent speech in New York City referred to them in terms of the highest praise. He said:

"The fact that the scouts obtained 1,322,649 subscriptions, representing $203,169,000, in the previous campaigns is a convincing testimonial to the value of organized boyhood for the kind of patriotic service that is worth while."

Your Subscription, When Does It Expire?

Look at the yellow address label which is pasted on the front page of your paper, which shows you the date your subscription expires.

THE WAR INDUSTRIES BOARD at WASHINGTON, issued the following ruling:

"ALL NEWSPAPERS MUST DISCONTINUE SENDING PAPERS AFTER DATE OF EXPIRATION UNLESS SUBSCRIPTION IS RENEWED AND PAID FOR."

Times readers should watch their date labels and renew promptly before their subscription expires, thereby not missing a single issue.

Look at Your Label and Renew Today

All Subscriptions are Stopped the Day They Expire.

The Times Company

PRICE OF WHEAT $2.20 FOR 1919

MINIMUM GUARANTEE TO REMAIN THE SAME AS AT PRESENT.

WILL MAKE INVESTIGATION

COMMISSION NEXT SPRING TO DECIDE IF INCREASE IS JUSTIFIED.

By proclamation issued on Monday President Wilson set $2.20 a bushel as the minimum price guaranteed by the government for the 1919 wheat crop.

A disinterested commission, the President stated, will be appointed next spring to see whether the increased cost of farm labor and supplies would justify a higher price.

Sees Peace in 1920.

Possibility of peace before the middle of 1920 was indicated in a memorandum written by the President and accompanying the proclamation, as a factor in determination of the President to maintain the present price for the 1919 crop.

"In giving a guaranteed price for wheat one year in advance (the only industry guaranteed by the government) there is involved a considerable national risk," the President said.

Government Runs Risk.

"If there should be peace or increased shipping available before the middle of 1920, Europe will naturally supply itself from the large stores of much cheaper wheat now in the southern hemisphere; and, therefore, the government is undertaking a risk which might in such an event result in a national loss of as much as $500,000,000 through an unsalable surplus; or in any event, in maintaining a high level of price to our own people for a long period subsequent to freedom in the world's markets."

Our Splendid Boys.

The 20 young men who reached the age of 21 in Pennington county since last June were examined as to their physical qualifications for army life at the office of Dr. H. W. Froehlich on Monday. All but one passed with colors flying and he was rejected on the score of general disability. They were a fine lot of boys, practically every one of them measuring fully up to the requirements.

Pennington county is faring better than its neighbors in the number of men returned as unfit under final examination. At the time other places were complaining that 25 per cent or more of their men were being returned from Camp Lewis and Camp Wadsworth only four per cent from this county were rejected.

Out of a contingent of 14 recently sent to Camp Grant only one was returned, general disability being the reason given also in his case.

NINETY CHILDREN AT STATE'S CLINIC

PHYSICIAN IN CHARGE COMPLIMENTS PEOPLE ON INTEREST DISPLAYED.

The clinic conducted in this city during child welfare week by Dr. Huenenken of the state board of health, was the best from the standpoint of interest shown of any thus far held in the state. This is the statement of Dr. Huenenken himself, who praised the people highly for the intelligent manner in which they responded to the request to have their children examined in order that suggestions be made for their well-being. The total number brought to the clinic was 90 and lectures and instructions were of the greatest value to both the youngsters and the parents. So well satisfied was Dr. Huenenken with his reception here that it is his intention to return again in about two weeks for the purpose of extending his examinations.

This clinic was made possible by the efforts of the Woman's club and the members should feel well repaid for any effort they may have put forth to make it a success.

MILITARY TRAINING IN HIGH SCHOOLS.

A meeting is called at the high school office on Friday evening at 8 o'clock, to which high school graduates and other interested persons are invited. It appears the college and university authorities of this and other states, acting in co-operation with the government, have completely reorganized their institutions into military training schools. Five hours a day of academic study are required and in addition the students are given full military training. They are paid $30.00 per month, are clothed and fed by the government and become eligible for officers' positions. The schools run throughout the whole year.

This is an opportunity which those qualified to accept can scarcely afford to ignore.

WARNS THE PARENTS.

Supt. W. A. Barnard of the Soo railroad, has called the attention of Mayor G. A. Penney and Supt. J. H. Hay of the city schools, to the dangerous practice followed by a number of children when crossing the lines of the company and of using the right-of-way as a short cut.

The busiest season of the year is at hand for the railroads and the yards will be the scene of great activity during the entire 24 hours of the day. Children grow careless when crossing car tracks every day of their lives, and the utmost vigilance on the part of train crews is sometimes not enough to prevent accidents. If the danger were confined to the crossings it would not be so bad, but many children follow the tracks for considerable distances at times, and this should be stopped. Mayor Penney and Supt. Hay have promised to issue the warning to have the children exercise all care possible and parents are asked to help impress the importance of this upon them.

LOCAL RED CROSS HAS BUSY MONTH

SEND TOTAL OF 11,245 PIECES TO HEADQUARTERS—CASH HOLDS OUT.

The regular monthly meeting of the Pennington County Chapter of the American Red Cross was held on Monday evening. The reports of the different chairmen showed that the workers are still busy, notwithstanding the fact that supplies have been difficult to procure.

During the month a total of 11,245 articles were completed and shipped to state headquarters, these being divided into items as follows: 320 cotton pads, 535 paper backed irritation pads, 400 oakum pads, 1830 gauze sponges, 5,670 gauze wipes, 342 gauze compresses, 50 pairs outing flannel pajamas, 48 pairs bandage foot socks, 890 pairs socks, 18 helmets, 48 chemises for women, 48 petticoats for girls from 5 to 14 years, 48 pinafores for girls from 7 to 14 years. The reports were made by Mrs. T. L. Melgaard and Mrs. Thos. A. Way.

Still Have Balance.

Treasurer T. L. Melgaard submitted his report which showed that the chapter had on hand $651.85 on the first of September. Among the interesting items in this report is that showing the excellent work done by George Singer of the Deer Park auxiliary. He has been responsible for chapter had on hand $455.17 on the been turned in to chapter headquarters in this city. Another helpful item was the "pony ring" at the county fair, in which Fred Beerbower permitted the use of his six Shetlands. Following is Mr. Melgaard's complete report for the month:

Receipts and Disbursements, Month of August, 1918.

Cash on hand at date of last report	$ 687.68

Bal. in hands of Treasurer	$ 455.17

DRY CAMPAIGN TO START THIS WEEK

EVERY EFFORT WILL BE MADE TO GET OUT ENTIRE VOTE OF STATE.

The prohibition amendment campaign in Minnesota will start in earnest next week. Prominent speakers, including W. J. Bryan and former Governor Hanley of Indiana, will tour the state under the auspices of the Minnesota Dry federation.

"I believe the sentiment for the constitutional amendment is overwhelming," said former Governor VanSant, chairman of the Minnesota Dry Federation.

"Our only trouble will be to get the temperance people thoroughly aroused and organized in order to crush this monstrous evil. Lincoln said: 'The saloon has proved itself the worst foe, the most blighting curse of our modern civilization.' On the afternoon of his death he said: 'Slavery is abolished, after reconstruction the next great question will be the overthrow and abolition of the liquor traffic.'

"To win we must overcome a serious handicap. We must have a majority of all votes cast at the general election on November 5. It is not only necessary to have a majority of the votes for the amendment, but a majority of all the votes. For instance, if 400,000 votes are cast we might have 200,000 for and only 40,000 against and still we would lose because 200,000 would not be a majority of the 400,000.

How New Tax Affects Incomes Under Bill Drafted For House

As it will be reported to the house the new revenue bill will provide for a normal income tax of 12 per cent with a 6 per cent abatement applying to that portion of the income below $4,000. The exemptions are $1,000 for single and $2,000 for married persons. Surtaxes range from 3 per cent to 77 per cent. The following table shows how this tax, if finally agreed to, will affect married persons without children. In the case of persons with minor children there is an exemption of $200 for each minor child in addition to the $2,000 exemption.

Income—	Normal tax on portion of income below $4,000	Normal tax on portion of income above $4,000.
$3,000	6 per cent on $1,000	None
Surtax, none; total, $60.		
$4,000	6 per cent on $2,000	None
Surtax, none; total, $120.		
$5,000	6 per cent on $2,000	12 per cent on $1,000
Surtax, none; total, $2.40.		
$6,000	6 per cent on $2,000	12 per cent on $2,000
Surtax, 3 per cent on $1,000; total $390.		
$8,000	6 per cent on $2,000	21 per cent on $4,000
Surtax, 3 per cent on $2,500, 6 per cent on $5,000; total, $705.		
$10,000	6 per cent on $2,000	12 per cent on $6,000
Surtax, 3 per cent on $2,500, 6 per cent on $2,500; total, $1,065.		
$15,000	6 per cent on $2,000	12 per cent on $11.00
Surtax, 3 per cent on $2,500, 6 per cent on $2,500, 10 per cent on $5,000; total, $2,165.		
$20,000	6 per cent on $2,000	12 per cent on $16,000
Surtax, 3 per cent on $2,500, 6 per cent on $2,500, 10 per cent on $5,000, 15 per cent on $5,000; total, $3,515.		
$25,000	6 per cent on $2,000	12 per cent on $21,000
Surtax, 3 per cent on $2,500, 6 per cent on $2,500, 10 per cent on $5,000, 15 per cent on $5,000, 20 per cent on $5,000; total, $5,115.		
$50,000	6 per cent on $2,000	12 per cent on $46,000
Surtax, 3 per cent on $2,500, 6 per cent on $2,500, 10 per cent on $5,000, 15 per cent on $5,000, 20 per cent on $10,000, 25 per cent on $10,000, 30 per cent on $10,000; total, $14,615.		
$100,000	6 per cent on $2,000	12 per cent on $96,000
Surtax, 3 per cent on $2,500, 6 per cent on $2,500, 10 per cent on $5,000, 15 per cent on $5,000, 20 per cent on $10,000, 25 per cent on $10,000, 30 per cent on $10,000, 40 per cent on $10,000, 45 per cent on $10,000, 47 per cent on $10,000, 48 per cent on $10,000, 49 per		

The Public Forum

Readers of The Times are invited to make free use of this column to express their ideas on topics of general interest, but discussion of sectarian religious differences as well as personalities are barred. All communications must be signed, not necessarily for publication, but in order to show the good faith of the writer. In thus throwing open its columns to the public, The Times assumes no responsibility for the opinions expressed, nor is it to be assumed that their tenor necessarily corresponds with the policy of the paper.

The Blind Piggers Again.

Below will be found a copy of a letter recently received by E. M. Stanton, county attorney, together with Mr. Stanton's reply to the same:

"Dear Sir:—If you expect to be elected, you had better get after the many 'blind piggers' working at full speed in our city, as your record along this line will be taken into account.

"A Voter."

"Thief River Falls, Minn., Aug. 28, 1918. My Dear Voter:—Your letter without date has just been received. As your communication was unsigned, I take the liberty of answering the same publicly through the columns of The Times.

'Not being on familiar terms with the 'blind piggers' I have no personal knowledge that they are 'working at full speed in our city.' It is the duty of every GOOD citizen on intimate terms with 'blind piggers' and in possession of evidence that they are 'working at full speed' in our city, to report the same to the proper officials. Inasmuch as they are operating within the city, I would suggest that you take the matter up with the city authorities. The city has a paid attorney and a police force on duty day and night. It is not entirely fair that the county should stand the entire expense of ridding the city of its blind pigs. However, if you are not ashamed to disclose your identity, and will call at my office at once with witnesses who can substantiate your statement, I will be only too willing to prosecute all such offenders.

"I especially invite an investigation of my record as county attorney and hope that you will take into account the fact that during the time I have acted as county attorney of Pennington county, I have prosecuted eighteen offenses against the liquor laws of the state and secured a conviction in every case, collected fines totalling over fourteen hundred dollars and all this without a dollar of expense to the county. Also take into consideration that I appeared before the representative of the State Safety commission at the time it had under consideration the matter of closing the saloons at Red Lake Falls and Plummer and produced valuable witnesses before said commission. Also take into account my disappointment in not seeing any of the representative temperance workers of Thief River Falls or Pennington county there to lend their moral support to the efforts of the prosecuting attorneys of Polk and Pennington counties and the city attorney of Crookston. Yours respectfully,

E. M. STANTON."

Red Cross Election.

The next meeting of the Pennington county chapter of the Red Cross will be held on the evening of Oct. 7. At this time a complete new set of officers are to be elected, those at present serving holding their offices for but four months under the recent ruling of the national committee. This will be an interesting meeting as a general review of the work done since organization will be presented.

$100 A MONTH.

Young women and men with a business education are wanted in large numbers. If you are earning less than $100 a month, you are foolish not to get this training at once. Write to the Union Commercial College, Grand Forks, N. D., for a free catalog and find out how little it costs to prepare.

DOUBLY PROVEN.

Thief River Falls Readers Can No Longer Doubt the Evidence.

This Thief River Falls citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. P. Eberhardt, 211 Atlantic Ave., Thief River Falls, says: "I had distressing pains in my back. My kidneys showed signs of weakness and caused me much annoyance. Doan's Kidney Pills regulated my kidneys, relieved the aches and pains, strengthened my back and did me good in every way. I am well pleased with what Doan's Kidney Pills have done for me."

Mrs. Eberhardt gave the above statement on March 16, 1912 and on November 30, 1917 she added: "I think even more highly of Doan's Kidney Pills today than when I recommended them some time ago. The cure they gave me has remained permanent and I shall always be glad to tell my friends about them when an opportunity occurs."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Eberhardt had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

School of Violin Viola and Harmony

On Monday, Sept. 16, I will be in Thief River Falls to open a school of violin, viola and harmony. Pupils interested in above subjects may leave their names at the store of The Thief River Music Co.

Ausilga Sorenson

New Crookston Postmaster.

William T. Nicholson has been named as postmaster at Crookston by President Wilson. A number of other nominations were made at the same time most of which were re-appointments. Fred Schilpin, formerly manager of the St. Cloud Times, was named postmaster in that city.

Blamed the Wrong Man.

In our article reporting the accident befalling Alfred Klungness when an automobile in which he was riding overturned and injured him, The Times stated that he was driving the car himself. This appears to have been an error. The wheel was in charge of Oscar Moe at the time which brings the blame onto other shoulders although it does not alter the result. The injured lad is getting along all right.

Many Thrifty Women have already Purchased their Fall and Winter Apparel

The Winter Coats, Suits and Furs, Etc.

The way winter coats, suits and furs have been selling in the past two weeks you'd think the thermometer was registering 40 below zero.

THE REASON:

Thrifty women know that it is to their advantage to buy their fall and winter apparel now, as prices will be higher later. All wool materials will be off the market and assortments will not be as good as right now.

Never have we had a more beautiful collection of Coats, Suits, Furs, Dresses and Skirts than this season.

You may come prepared to be surprised at the unusually low prices in spite of the high prices that prevail generally. We bought early, thereby effecting a great saving to our customers.

You can pick out your garment now. Make a small deposit and it will be reserved for you until wanted.

The New "Albrecht Furs" Are Here

It matters not whether you have $15.00 for a set or $150.00. We show assortments at all prices.

The New Wool Plaid and Silk Skirts Are More Beautiful Than Ever.

Beautiful all-wool plaids, wool serge and poplin silk foile, Baronette satin, kitten's ear and many more beautiful materials.

All Wool Sweaters

In all the new colors including Khaki, made in the new slipover effects and coat styles.

New Jersey, Serge and Silk Dresses

Our serges are all wool men's-wear, and French serge. Come in Navy, Burgundy and brown.

New Jersey Dresses. Come in the New Shades and clever styles.

Silk dresses are of Charmeuse, messaline and Georgette combinations.

New Arrivals in Blouses
New C-B and Gossard Corsets
New Munsingwear
New Hosiery
New Gloves
New Neckwear

You are cordially invited to inspect the new Fall Garments

Our Aim Is—

Not to see how cheap we can get things or try to match the cheaper things in catalogues, but—is to try and give the women of this city and vicinity merchandise of quality, style, workmanship at the least price possible consistent with sound and legitimate business principles.

We are striving to gain your confidence, and after this is accomplished you will become one of our customers. If you have not confidence in our merchandise and prices, we will not make any attempt to make you a customer of this store, but hope as time goes on you will see that we are here to build up a business from the people who live in the city and country around us and not seek or bid for trade all over the globe, which means that we are trying to satisfy our trade and keep it instead of looking for pastures new.

A Word Between Ourselves

How can a woman buy from a catalogue intelligently? We can't quite understand, (especially these days when there is so much cotton and mixed materials on the market), as well as to the becomingness of a garment, also the fitting qualities, workmanship, color, etc.

When you come into our store you can examine the materials, the linings, see the different colors, try them on and see whether they become you or not. You can judge the better garments from the less costly ones, etc.

Don't you think you can purchase your garment from us in a more intelligent way than you can by sending away, especially so when our prices are just as low, and lower, style and quality considered?

Our knowledge of the women's garment business from a buying standpoint, as well as understanding the whims and fancies of the well dressed women, makes it possible for us to show better values and styles.

Specializing in Women's wearables is our business.

Ready to Wear Our Specialty

The Sapero Co. Inc.
CORRECT DRESS FOR WOMEN & CHILDREN

Exclusive But Not Expensive

WILL MAKE CLUB ACTIVE FACTOR

MATTERS OF LOCAL IMPORTANCE AGAIN TAKEN UP BY ORGANIZATION.

TO CHECK UP MEMBERSHIP

CAMPAIGN STARTS TO GET COMMERCIAL CLUB BACK TO FORMER STATUS.

A meeting of the executive committee of the Commercial club was held last Thursday evening at the request of the new secretary, Perl W. Mabey, who wished to have the members post him on what course to pursue with delinquent members and on other matters.

During the past two years the club has been permitted to drift more or less away from the aim for which it was organized. The reason for this is that war activities of one kind and another have taken up the time of all our peole to such an extent that even the club machinery has been used to carry them out. In the various Liberty Bond, Y. M. C. A. and Red Cross campaigns the officers and members have laid everything else aside, responding with all their might to the call of country, and matters of less immediate importance have therefore been forced to take a back seat. But little effort has been made to see that dues were paid up and as a result a number of members have fallen behind.

Mr. Mabey believes that the club at present can be a decided power for good and hopes that the members will again place themselves in good standing. In order to assist him in getting matters straightened out President C. R. Crandall appointed a strong committee on membership to urge upon our citizens the advisability of keeping the organization going. This auxiliary committee will work in conjunction with the regular committee on membership and is made up of the following representative citizens: C. L. Hansen, T. L. Melgaard, George G. Johnson, Robert McGinn, Fred Herrick, Math Barzen and W. W. Prichard, Jr. These gentlemen will at once inaugurate a general membership campaign and it is to be hoped that their efforts will meet with success.

Rink Matter Settled.

At the meeting it was also reported that the skating rink matter which has been hanging fire in the committee for the past year, has been satisfactorily adjusted. Practically all outstanding bills have been paid and the questions at issue adjusted to the satisfaction of everyone.

Club Room Supplies.

It was reported that certain paraphernalia in the club room had been roughly handled by boys who had no business on the premises and as a consequence would have to be replaced. W. A. Barnard was appointed to see what was required in the nature of cues and other equipment for the pool and billiard tables and to purchase what was found necessary.

Secretary on the Job.

Mr. Mabey has moved his offices to the quarters formerly occupied by G. Howard Smith in the Citizens State Bank building and will thus be near at hand whenever his services are needed for any purpose at the club headquarters.

One of the first things that the club will be expected to take an active part in is the corn, cattle and potato show which is proposed to be held in the city this fall. Other matters of much importance to the community are also under consideration and everyone will be pleased to note that the organization is getting itself into shape to handle them in the manner that has brought success to its efforts in the past.

We All Must Do It.

Before the kaiser went crazy and thought he had the works by the tail with a downhill pull the price of paper was $2.45 a hundred. And while it gives us pleasure to observe that at the present writing his Nibs of Berlin has a future about as bright as a couple of barrels of pickled herring, it pains us to announce that the average newspaper has about the same kind of a future in sight, since the price of paper has aviated around six dollars a hundred. For that reason, and to conserve paper, the government has asked us to drop all delinquent subscribers, and next week we will obey the law. Off they go like an old shoe if they don't pay up. We hate to do it, but "orders is orders" and must be obeyed. Won't you save us the necessity by looking at the label on your paper and responding with the wherewith? If you don't we will assume that you don't want to read this sheet any more.—Baudette Region.

MUD LAKE MATTER SOON TO COME UP

REPRESENTATIVE STEENERSON IS SO NOTIFIED BY LAND OFFICE OFFICIALS.

Congressman Halvor Steenerson, who has for some time been trying to get settled the tangle incident to the conflicting claims to ownership of the lands in the reclaimed Mud Lake bottom, has at last received assurances that something may soon be expected along this line. The following letter has been received by Mr. Steenerson from Clay Thallman, commissioner of the general land office:

"In reference to your letter of Aug. 8th, 1918, relative to the disposition of lands in Mud Lake bottom.

"The lands are within the ceded Chippewa reservation and were opened to entry under circular of February 19, 1916, in accordance with the provisions of Section 6 of the Act of Congress approved January 14, 1889. Prior to the opening of said lands the department obtained the opinion of the Attorney General of the United States, and in accordance therewith the lands were surveyed and opened to entry. This office is aware that in 1914, prior to the opening of the lands, the riparian owners obtained a decision in the county courts, but said case appears to have been between the riparian owners with the object of obtaining the judgment of the court as to the ownership of said lands, as between such riparian owners, but not as between such riparian owners and the United States, as trustee for the Chippewa Indians.

"The office is now considering a proposition to bring suit to settle the matter of title to said land. It is believed that the entrymen are entitled to have the matter cleared up."

OCTOBER CALL WILL BE HARD

MAY BE NECESSARY TO CALL AUGUST REGISTRANTS AT THAT TIME.

Announcing that draft calls for entrainment late in September will practically exhaust Class 1 men registered June 5, 1917, and June 5, 1918, and that additional calls for entrainment early in October will require many registrants of August 24, Provost Marshal E. H. Crowder has ordered all local draft boards in Minnesota to hasten the classification and examination of registrants listed August 24.

"Attention is directed to the fact that October calls will be extremely hard to fill and will severely test the ability of the selective service machinery to produce men," the telegram to Adjutant General W. F. Rhinow stated.

GERMAN HORDES FACE DISASTER

FRANK H. SIMONDS SAYS FOE MUST STOP SOON OR FACE DISASTER.

NEXT STAND IN GERMANY

EXPERT LOOKS FOR ALLIED ADVANCE THROUGH ALSACE AND LORRAINE.

Frank H. Simonds, the New York Tribune's expert writer on the war, is everywhere regarded as perhaps the foremost authority on battle conditions in Europe now conected with an American publication. Mr. Simonds seldom errs on the side of optimism, his comment invariably being such as to discourage anyone from getting the idea that the war is practically won or that the allies have not a long and serious siege of fighting ahead before Germany is finally brought to acknowledge defeat. For this reason his comment on the situation at the present time is all the more valuable. His observations lead him to the following conclusions:

"Unless Ludendorff in the next few days can check the forward thrust of Horne and Byng between the old Somme battlefield and Lens there is plain possibility that the present German defeat will increase in magnitude to the full measure of a supreme military disaster and develop into the decisive battle action of the war.

May Clear Belgium.

"If the Germans are not able to pin down the present Allied advance on the Hindenburg line at least, then three thoroughly beaten German armies will have to undertake a long retreat, a retreat to the Belgian frontier, under circumstances which, even if complete disaster is avoided, will mean the demonstration to all the world that the German military power is broken and that there is left nothing for the future but the prospect of a wasting defensive, without hope of success, as a result of the presence in Europe of millions of American troops.

Next Stand in Germany.

"If the Germans are driven from the Hindenburg line the next campaign will begin at the German frontier; it will begin by an invasion of Germany, through Alsace and Lorraine, just as the campaign of 1814, which began with Bluecher's passage of the Rhine, saw its military crisis in the fighting in the Marne valley, and came to an early conclusion with the capture of Paris in early spring.

"The thing that stands out now is not the recapture of ruined villages or the advance of miles, but the condition to which the German army is being reduced by its inability to get away from the consequences of the defeats of July 18 and August 8 and re-organize its strategy, as well as its shattered divisions.

Allies Follow Gains.

"It still is possible that, with a little help from the weather, Boehn may be able to halt his pursuers at the Hindenburg line for a brief time. He may be able to organize an orderly retreat beyond the Hindenburg line. But it seems to me now inevitable that before the end of the fighting for this year the Germans will have to retire out of the Hindenburg line and to the frontier, and it is possible that the Allies will now be able promptly to overrun the Hindenburg line. If this last happens we shall see a break in the German lines from the Meuse to the Yser, from Verdun to Ypres.

Sees Fatal Retreat.

"The trouble for Boehn is to the north and along the Scarpe. Horne has begun to drive east toward Douai; Byng is pounding down the Arras-Cambrai road and a short advance by either spells disaster and retreat for the Germans, a retreat which may prove as fatal to the Kaiser as did Napoleon's retreat from Moscow. If the Hindenburg line fails to hold, then we shall see one of the most tremendous military disasters of all history.

"We know now that it is the sober judgment of British and French military men that had the Germans been able to continue their drive in Picardy; had they stuck to the push for Amiens instead of turning south to Flanders, they might have captured Amiens and separated British and French armies. They gave it up because their gigantic machine had run down.

Foch Spares Men.

"But Foch's method is quite different; he does not use up his armies; he does not concentrate all his human and mechanical resources in a single thrust. He uses one army after another and keeps varying the attack. The result is that none of his armies is exhausted and after a little rest it can resume. There has been no respite and there is likely to be none, for Foch still has very large American reserves, not trained sufficiently to be highly effective in an attack on fixed positions, but capable of supplying an enormous aid if the German line crumbles and it becomes a question of pursuit of a beaten enemy to a new position and an effort to turn the defeat into a rout.

Victory Draws Near.

"It is a safe calculation that the American troops still are to play a larger part in the present campaign than they have yet played. There is a promise of a situation in which their peculiar qualities will prove invaluable. It is a time to guard against extreme optimism, but it is also a time when we can see that even in the immediate future there may be a victory which will be the military decision so much talked of, even if the German, like Napoleon, after Leipsic, a century ago, is able to fight one more campaign on his own soil, after his defeat beyond his frontiers has been decisive."

Some Good Wheat Yields.

Last week The Times reported that the yield of wheat on the Knox farm, just north of Thief River Falls, was 38 bushels per acre on one field, but this has now been topped by reports from certain sections of Polk county. On the Joseph Sabourin farm, south of East Grand Forks, it is claimed that 64 bushels of wheat was threshed from one acre while another farmer in the neighborhood reported 40 bushels. Yields of 30 bushels are quite common and at present prices this means money for the farmer.

It is now certain that northwestern Minnesota will provide considerably more than its share of the nation's food supply for next year.

DOCTORS REQUIRED TO STAY ON BOARD

IT IS PROPOSED TO GIVE ALL MEMBERS RANK OF OFFICERS.

The surgeon general's department wants doctors and the adjutant general insists that those now on draft boards in the country shall be permitted to remain there.

At the present time no doctor who is a member of the registration board is permitted to enlist in the service. The reason given for this is that these men have now become experienced in the work and have noted by the causes for rejection of men returned just what is passed by the army surgeons and what is condemned, thus preventing the railroads from being burdened with unavailable and the officers from wasting their time on material that cannot be used.

Dr. H. W. Froehlich of the local board, recently took the examination required for an army surgeon and expected soon to be called. This new ruling makes this impossible and he will have to continue as a member of the board.

There is a movement on foot to make all members of registration boards officers in the army organization. The proposition is to give them the rank of lieutenants with the pay of such rank. This would add importance to the office and place the officers beyond the pale of unreasoning criticism.

The members of the Pennington county board are all candidates for election this fall and in case of defeat they will have to give up the work they are now doing for the government. Their experience is invaluable and has been gained through hard work for which they have been paid but little, if at all. In case of their defeat other men will have to go through the same experience before they can hope to be as efficient as the present officers. This will cause both confusion and delay.

If these men are given commissions they can continue to serve the government for the duration of the war even though they fail of re-election, and this is the object of the move on foot.

RICE AND OATMEAL NOT SUBSTITUTES

ROLLED OATS AND CORN MEAL ALSO BARRED FROM LIST.

The good housewives of Pennington county were made exceedingly glad when it was announced that the stringent ban against the use of wheat flour except when an equal amount of substitutes were secured at the same time, but there are still certain regulations to be followed and wheat flour cannot be purchased or used as desired. The percentage of substitute products has been reduced, but so has the number of products coming under this head.

Instructions covering the revised wheat orders were received by Thief River Falls merchants on Monday. Changes are made in the list of substitutes permitted to be sold with wheat flour, eliminating edible corn starch, hominy, corn grits, oatmeal and rolled oats. These are no longer considered substitutes.

The quantity of substitutes required to be sold with wheat flour is reduced from 50 to 20 per cent, or 40 per cent if rye flour is the substitute. The list of substitutes includes barley flour, corn meal or corn flour, rye flour or meal, feterita flour, meal, rice flour, oat flour, kaffir flour, potato flour, milo flour, peanut flour, bean flour, sweet potato flour and buckwheat flour.

One Pound of Candy.

If they contain less than 20 per cent substitutes, a whole pound of substitutes must be sold with each four pounds of mixed flour.

The new mixed flours all may be sold without substitutes.

The food administration has urged candy dealers to limit their sales to one pound a person at a time and give window space to patriotic displays.

Anderson-Swanson.

Last Saturday afternoon at the Swedish Lutheran parsonage, Miss Augusta T. Swanson, daughter of Mr. and Mrs. J. P. Swanson of Steiner became the bride of John A. Anderson of Lancaster. The ceremony was performed by Rev. Albin Larson and the couple was attended by Miss Sarah Swanson, sister of the bride, and Oscar Swanson, brother of the bride. Mr. and Mrs. Anderson will make their home at Lancaster where Mr. Anderson is cashier in a bank.

MEN MUST DRILL IN EVERY COUNTY

CLASS 1 AND LIMITED SERVICE MEN WILL BE ORDERED TO ATTEND.

Schools of instruction for registered men in Class 1 and those who come under the limited service classification will be held in every county as soon as the details are perfected by the war department. The local draft board has already received notice of this new departure in connection with the war activities and County Auditor T. P. Anderson has sent in the list of all who are at present in either of the above classes to headquarters.

It is the apparent intention to hold lectures on the work of the Y. M. C. A., K. of C., Red Cross and other war activities besides regular military drill. Instructions in the workings of the insurance clause will be given by competent parties and such other matters discussed as will prove of value to the soldier after getting into actual service.

Attendance at these meetings and drills is compulsory. Any man coming under the classifications must be present unless he has an excuse such as would be accepted in actual military service. It will mean some inconvenience just at present but the training and instruction will be of inestimable value when a man's call does come.

OH! ISN'T IT WONDERFULLY IMPROVED?

YOUR JEWELRY MODERNIZED AT SMALL COST

It may need only a change of setting or change of design to bring that unused piece of Jewelry up to date.

You will be surprised at the transformation a little redesigning will work.

Whatever your requirements in the Jewelry line, come to us.

Exquisite Rug Designs

THOUGH the Oriental market has been closed to American rug buyers for several years now the American rug manufacturer has used every facility and knowledge at his command to supply the demand for rugs of unusual design and exquisite coloring.

A new allotment just received from the eastern mills is a genuine joy and pleasure to look upon. Effects previously thought impossible in domestic rug manufacturing, will stand before your eyes in their glorious simplicity and harmonious elegance.

As patriotic Americans we invite you to come and view the products of your own home manufacturers—products that compare favorably with the best that Europe can produce.

LET'S DO IT AGAIN.

We are going to be asked to raise more money for the Fourth Liberty Loan than we did for the Third, but we will be better able to raise the larger sum now than we were the comparatively small requirements of six months ago. Even the most optimistic were a little dubious of the outcome when it was announced that Pennington county was expected to take $185,000 of the former issue, but our people went at it and the sum was subscribed before the solicitors quit on the first day of the campaign. Before the books closed the total had reached $304,600, or an oversubscription of $119,600. This oversubscription was greater than the total amount secured for the Second Loan and more than twice the sum realized for the first issue.

The amount required at this time has not yet been determined, but it will be considerably larger than before. It will, however, be easier to meet. Not only has the county and section one of the finest crops in its history but the people are more determined than ever before to do whatever is necessary to win this war. At the time of the Second Loan we were making an uphill fight, with the Hun having everywhere the best of it. Now he is on the run and we are looking forward to the day when our soldiers and their allies will be able to finish him off. We can speed the date of this highly desirable event along mightily by subscribing liberally to the Fourth Loan.

Pennington county has a reputation to maintain in this connection. We certainly do not want it said that as victory grew perceptibly nearer our interest in the outcome grew less and that we subscribed a smaller amount for the Fourth than for the Third Loan. Nor do we want the rest of the country to wonder at the process of our reasoning by greatly oversubscribing a loan when we had but little money and then falling down when we had a plenty—and good prospects for more.

Let's do that one-day trick again. We were all so proud of the achievement and prouder still when the entire Northwest was notified through the newspapers that Thief River Falls was the first city in the state to report an oversubscription of its quota. The money for this loan, only more of it, must be raised in the same way; we can raise the sum required—and then some—by going about it in the same whole-hearted manner.

C. L. Hansen, the chairman of this campaign, will follow in the footsteps of his predecessors and devote his entire attention to making a success of the job in hand. His working force will be largely the same as in the previous campaign, this for the reason that it could not be improved upon. All that the rest of us need to do is to keep the date of the opening in mind and be ready to subscribe to the very utmost of our ability.

The treasury department has sent out the following as a message to the American people. Read it and remember it:

"The campaign for the Fourth Liberty Loan begins September 28 and closes October 19. While the amount has not yet been announced, it is generally conceded it will be for a larger amount than any of the preceding loans. The American people, therefore, are called upon to raise a larger sum of money in a shorter length of time than ever before. There is need, therefore, for prompt action—prompt and efficient work and prompt and liberal subscriptions.

"We have a great inspiration for a great effort. The news from the battle front inspires every American heart, not only with pride and patriotism but with a great incentive to do his or her part. There is no shirking, no shifting of the individual burden, no selfishness by American soldiers in France; there should be none here. We are both supporting the same country and the same cause—our Army in one way, ourselves in another. Theirs is the harder part, but at least we can do our part as promptly and loyally and efficiently as they do theirs."

THE NEXT HUN ATTEMPT.

People hereabouts often remark: "The most surprising thing about the fighting in Europe at present is the small casualty list among the Americans. It must be that our boys have not yet gotten into the fray very deeply." And they are no doubt right, but already is heard the voice of those decrying the loss of life and sorrowing over the great sacrifices we must make before victory is finally ours. If these croakers were in the pay of the kaiser they could do nothing more to his liking. That there will be death and suffering connected with our part in this war the same as in any other is to be expected. That our soldiers may have to take their full share of it before they are through is hardly to be doubted. But we all knew this long ago and there should be no surprise in it.

According to Collier's Weekly we must prepare for more of this same kind of lament. The exact form of the next German propaganda attempt in this country will be along this very line, according to Collier's, and should be guarded against. It will be made to appear as if the American soldiers are taking more than their share of the punishment, the hope being that this will raise a clamor for peace at home. It is a good plan to keep this in mind when the reports begin coming in. Collier's article is timely, and worth bearing in mind. It follows:

It is "Marshal Foch" now. So be it. Foch has earned that title, even as Joffre earned it. And as Joffre was the supreme defender, so may Foch prove master of the decisive blow. In every Allied nation, and, increasingly, in neutral and enemy countries, men are conscious of the power in Foch, and behind him. Not many weeks ago the German press was conducting a campaign directed against Foch—a campaign so pervasive and organized that, obviously, it was inspired by the German General Staff itself. General von Ardenne published three columns in the Berlin "Tageblatt" headed: "General Foch in the Judgment of His Countrymen and Contemporaries." The Berlin "Lokal-Anzeiger" entitled its article on Foch: "More Blood-Letting." Von Ardenne went to the length of asserting that "English critics" had dubbed Foch "the commander without initiative." The reply to such articles was—the larger counter-offensive of August: thus far the greatest Allied victory of the war.

But there is something to be learned even from German press campaigning against the French generalissimo. It is that we must be forewarned against the next German trick which, very possibly, will be a campaign against Foch as a waster of American lives. As our troops in France attain larger numbers, and as they reach readiness for the trenches or open battle, we must expect them increasingly to bear the sufferings and losses along a line where France and Britain were bleeding long before the United States knew this war at first hand. German intriguers will seize upon the new phase, and will try to persuade Americans that their sons are being ruthlessly "sacrificed" by Foch. We shall read of gains made against Germany at a fearsome cost in American casualties, and the marshal of France will be portrayed by our tender enemies as contemptuous of those casualties, since they are not French.

But no such cabal can impose on us, or develop between America and France jealousy and suspicion. It will be as stupid as the lie of German General von Ardenne that "English critics" named Foch "the commander without initiative"; a lie intended to create friction and jealousy between Britain and France. Words will not win the victory for us—but neither can they be permitted to defer the victory or to make it more difficult. And nothing must tempt us to sacrifice that unity of command which is one of the basal conditions of victory. "Foch is the Grant of the Allied armies!" declares one of our friends. However that may be, he is commander in chief of a united army.

SHEEP ARE GOOD PROPERTY.

A movement was started in this city last spring to secure a carload or two of good sheep as a starter toward encouraging a greater interest in this class of live stock, but for some reason the plan fell through. That this is decidedly to be regretted is every day becoming more evident. The farmers who at that time rather scoffed at the idea are for the most part now very willing to admit that they were mistaken in their judgment of the value of the animals and many would like to be included as supporters of any move in the same direction again.

There is no better natural sheep region in the world than Pennington county, and now that it has been proven that there is a satisfactory and sure profit in raising the animals it is certain that greater attention will be paid to them. There are farmers in different sections of the county who have carried on sheep raising as a side issue for some years and they would not be without them. Not only is there a positive profit in the business but there are side issues connected with the raising of sheep that are not to be overlooked when their total value to a farm is considered. They are the best weed-destroyers in the world, such things as sow thistle being unknown where they have a chance to browse. They will keep down brush and bothersome shoots of every description and ask in return only that they be protected against the winds of winter. Sheep will grow fat on what other stock leave and are the least particular of all our domestic animals about what they eat. The cost of keeping even a good sized flock is very small.

At present prices of wool and mutton, sheep are entitled to be accorded much more attention than is bestowed upon them. Men who have tried the business in Pennington county say that sheep will pay for themselves the first year they are on the place, this statement taking note alone of what they produce. When what they destroy is also taken into consideration it makes them highly desirable property.

A movement will soon be started having for its purpose the shipping into this section of one or two carloads of western sheep and every farmer should line up in its support.

THE FUTURE CORN CROPS.

The biggest food fact of the fall is the 1,000,000 bushels of seed corn which is to be selected by Minnesota's farmers in seed corn time, September 10 to 20. One million bushels of seed corn will meet the needs of Minnesota for the next two years. Last spring the seed corn surplus was used up to the last grain, and the food administrtion, co-operating with the farm bureaus of the country, is trying to get corn-growers to gather enough seed corn this fall to provide for two years. This will reestablish the state's seed corn surplus and go far toward insuring the corn crop for the next two years. The call is for every corn-grower in Minnesota to select one bushel of seed corn for every three acres he plants to corn, and to select it from the standing stalks in the field before a killing frost comes.

The Grygla Eagle is sixteen years old and is easily the best paper of any age published in a town of the size and opportunities of Grygla. Located twenty miles from the nearest railroad, with all supplies of every kind trucked in, the burg has grown steadily if not spectacularly and now has a future as bright as any of them. Editor Mussey has grown with the town and is entitled to every bit of the excellent support its people are giving him. He established The Times in Thief River Falls and is one of the old-timers in this section of the state. All his old neighbors will be glad to note his prosperity.

DOES NOT MEAN WASTE.

The restrictions with regard to the use of wheat have to a large extent been removed, but this does not mean that it may be used as before the war or that no attempt need be made to husband our resources. The government finds compliance with the order to curtail use of this cereal to have been so general that there is now enough of it in sight to practically insure against the calamity certain to have befallen the nations allied with us in this war if the partial prohibition had not been instituted. For this reason the people are permitted to buy as much wheat flour as they see fit and are permitted to use it under much less stringent regulations.

The food administration is enthusiastic in its praise of the manner in which the people responded to the request to save wheat and now is willing to remove the ban, leaving it to the users themselves to keep the consumption down to a minimum. This is now asked as a voluntary act and urged as a patriotic duty. The need for wheat is as great as ever. It is simply that economy in its use has met the requirements and it is possible to again allow its general employment in the household scheme of American families. Be as sparing as possible with it and there will in all likelihood not again be occasion for any such drastic prohibtion as we have just passed through.

All honor to the American family, with whom wheat has always been the principal breadstuff, for thus foregoing something that it had always been considered impossible to do without, and doing it with little or no grumbling because the government asked it as a war measure.

In Days of Yore

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago.

Twenty Years Ago.

The action brought in the district court to have the charter creating the city of Thief River Falls annulled and to have the community placed back into the status of a village was decided against by Judge Wilkinson at Crookston. Halvor Steenerson and I. C. Richardson were among the attorneys for the city.

John Rogers and Miss Florence LaBree were married at the home of James Rogers on Sunday, Justice H. E. Mussey performing the ceremony.

Mrs. E. M. Evenson and children returned from a visit to their former home in Ottertail county.

Anton Langseth returned from Minneapolis, where he had been for the purpose of undergoing an operation for appendicitis.

Threshing was in full blast in the county. The wheat crop was reported as of poor quality and light yield.

F. J. Stebbins and daughter, Esther, spent Sunday in the Twin Cities.

Ten Years Ago.

The Tri-State Telephone company took over the local system, having purchased the property from J. M. Bishop.

It was announced that Mr. and Mrs. D. M. Winton were shortly to leave Thief River Falls and would make their future home in Minneapolis.

A new 75-foot turn table was being installed in the Soo yards.

Dock & Nelson, Third street grocers, sold their business to A. A. Burkee, the Greenbush banker.

The Bernhard Knudsen family left during the week for Alabama where Mr. Knudsen had a fruit farm.

The wedding of Miss Effie Bakke, daughter of Mr. and Mrs. D. B. Bakke, to Peter Haugland, was announced to take place on Sept. 12.

Dr. O. F. Mellby filed for coroner and Daniel Shaw for county commissioner during the week.

The contract for the construction of the new Finch-Winslow-Carlisle wholesale grocery house in this city was let to Contractor Brady of Red Lake Falls.

Col. S. T. Johnson was appointed as the Red Lake county member of the Republican state central committee.

There was a movement on foot to divide Polk county, cutting off a slice in the southeastern portion and making Fosston the county seat.

MUST PROVE THEY CANNOT BUY BONDS

ORDER ISSUED MAKES INVESTIGATION OF SUCH CASES POSSIBLE.

During the Third Liberty Loan campaign there were but two or three cases where persons were found who refused to subscribe for a bond in spite of the fact that the committee *believed them amply able to do so*. They finally came across after a little urging but it is likely that nothing could at that time have been done about the matter had they absolutely refused. In order to provide county commissions with the machinery for compelling all to do their share in helping the government the State Public Safety commission has decreed that slackers in the coming campaign may be legally required to appear and give testimony as to their financial condition.

The order, which is No. 44, gives authority to county public safety directors to summon witnesses and compel them to testify regarding the financial condition of any citizen refusing to take the amount of Liberty Bonds alloted to him by the campaign committee.

The order followed reports and complaints from many counties that there was no legal authority to obtain evidence in such case.

Pennington is one of the counties in which any such measure will not have to be employed, but it is as well that some plan is devised that makes it incumbent upon everyone able to do so to buy the share of bonds alloted to him.

WOULD ANNIHILATE THE SLINKING WOLF

READER THINKS ENTERPRISE WOULD BE BOTH PROFITABLE AND AMUSING.

It has been reported that there are several wolves in Smiley township, south of the river. One man reports a slight loss of poultry from this pest. This territory has a number of sheep growers and if steps are not taken at once to exterminate the marauders we are liable to get reports of losses from the sheep growers. Why not take time by the forelock and have a circle wolf hunt, such as they have in the timbered section of Iowa? As winter comes on the work of the wolf becomes more serious.

The circle hunting in Iowa is an annual event and proves to be one of the most interesting and exciting of all hunting trips. The method they pursue is for a large number of men and boys to form a circle around a given number of square miles, sometimes taking in an entire township. To start with, the men are placed sixty rods apart and at a given time they all start going in toward a given center, usually a wooded patch, using cow-bells and sleigh-bells, horns or anything that will make a noise. The wolf being naturally a suspicious animal keeps a certain distance ahead of the din until finally he comes up with the line advancing from the other side of the circle. He then travels in a circle, always keeping well within the line of the hunters and finally as a last resort seeks shelter in the chosen clump of woods, where marksmen with short range guns are concealed and give Mr. Wolf what the American boys on the front are giving the Huns. Mr. Wolf is then sold and the bounty claimed to defray the expenses.

For real fun and excitement the wolf hunt can not be beaten. Why not imagine we are in Iowa and have a hunt?

What The Packers Do For *You*
Not very many years ago in the history of the world, the man that lived in America had to hunt for his food, or go without.
Now he sits down at a table and decides what he wants to eat; or his wife calls up the market and has it sent home for him. And what he gets is incomparably better.
Everyone of us has some part in the vast human machine, called society, that makes all this convenience possible.
The packer's part is to prepare meat and get it to every part of the country sweet and fresh—to obtain it from the stock raiser, to dress it, cool it, ship it many miles in special refrigerator cars, keep it cool at distributing points, and get it into the consumer's hands — your hands — through retailers, all within about two weeks.
For this service—so perfect and effective that you are scarcely aware that anything is being done for you—you pay the packers an average profit of only a fraction of a cent a pound above actual cost on every pound of meat you eat.
Swift & Company, U. S. A.

City News

Mrs. A. C. Kvennes of Middle River spent Thursday in this city shopping.

Mrs. E. Leirna of Grygla, who has been visiting with friends in this city, left Thursday for Warroad.

Miss Alma Helele of Brooten left [illegible]rsday for Warroad after a brief [illegible] with friends in this city.

Miss Avis Akre left Friday evening for Plummer where she will be a guest at the home of Mrs. T. Reep.

Miss Anna Abrahamson left Thursday evening for Glenwood where she will visit with friends and relatives.

Mrs. O. Opperdahl and little son, Walter, and Miss Gena Holt left Friday for Grand Forks where they will visit with their brother.

Leslie Provencher and Elmer Smith who left two weeks ago for North Dakota are now employed in the harvest fields at Verona, N. D.

Mrs. F. H. Gambell and children returned Thursday from Big Floyd Lake, Detroit, where they have been spending the summer at their cottage.

Sergt. Ray Johnson returned to Jefferson Barracks, Mo., after spending a ten-day furlough with his parents of this city, Mr. and Mrs. H. C. Johnson.

Mrs. L. L. Anderson, accompanied by her two daughters, Sadie and Bessie, passed through this city Friday on their way to Baudette after visiting with friends at Fordville, N. D.

Miss Helen Thompson left Thursday for Grafton, N. D., after a few weeks' visit at the home of her sister, Mrs. Halvor Loken. Miss Thompson is trimmer in one of the millinery stores in Grafton.

Abe Goldsmith of Minneapolis, a brother of Mrs. Lazarus Gill, arrived last Thursday evening and has taken a position as salesman at the Gill store. He is also a brother of Max Goldsmith, who formerly held the same position and who is now with the American army in France.

Miss Lylabelle Schuster and little nephew, Laurel Schuster, of Sauk Rapids, who had been visiting here at the home of his grandparents, Mr. and Mrs. C. C. Schuster, for several weeks, left on Friday morning for Sauk Rapids where Miss Schuster will visit at the home of her brother, Harry, for several weeks.

Miss Clarissa Hornseth entertained [illegible] Thursday evening at her home, [illegible]st 1st street, in honor of Miss Stella Moran, who left last Saturday [illegible]ning with her parents for Minneapolis to make her new home. Dance and music formed the diversion [illegible] the evening's entertainment. The twenty guests who attended presented Miss Moran with a Persian ivory manicure set.

Miss Sybil McGinn returned Friday from Red Lake Falls where she had been visiting with friends.

Mrs. Florence Nelson, who was in this city last week on business, left Saturday morning for Warren.

Miss Huldah Larson of Detroit who has been visiting with Miss Helen Sether, returned to her home Saturday morning.

Millinery Styles for Fall
We have this season made special effort to secure something that will appeal to the woman who appreciates the unusual and distinctive in millinery modes. A personal visit was made to the large emporiums in the cities and the patterns desired were selected with a view to pleasing the patron and keeping the styles in the very front rank of the procession. We know that prettier or more stylish hats have never been turned out of a millinery establishment in the state.
The prices are very reasonable. It was expected that conditions would bring the cost of appropriate headwear out of reach of many this year, but such is not the case. We were agreeably surprised to find that we would be able to supply our trade with the very best there is at prices well within the reach of everyone.
We invite an inspection of our line. Many ladies in Thief River Falls and vicinity have already been supplied by us and we will be pleased to show others how well we are able to serve them.

Mrs. Art. Marcoe left last night for Minneapolis where she will be the guest of her sister and her nephew, Loyd Luffman, who is home on a furlough from the United States navy.

Miss Alice Haack arrived from her home at Grygla last week and was a guest at the home of Mrs. Fred Holzknecht until her departure Wednesday evening for Minneapolis where she will visit with friends.

Lloyd L. Ralston arrived in this city Monday evening to spend a ten days' furlough at the home of his parents, Mr. and Mrs. A. D. Ralston. Mr. Ralston is serving on the battleship Georgia, which is stationed off the Atlantic coast.

Mrs. J. J. Haynes returned Wednesday morning from Mason City, Ia., where she had been visiting with friends and relatives for several weeks. Mrs. Haynes was accompanied here by her sister, Miss Cora Tofflemier, who will remain here during the winter.

Donnabel Olson, little daughter of Mr. and Mrs. J. B. Olson, informally entertained twelve of her friends last Saturday afternoon at her home, 903 Duluth avenue north, in honor of her cousin, Earl Johnson of Fargo, N. D., who was her guest. Games were played during the afternoon and favors were given to the winners. The table decorations were pink and white.

Manager Scott Laird of the Econ-O-Kleen Fuel company, left Wednesday evening on a business trip to the cities. He goes for the purpose of conferring with the manufacturers of cans with a view of somewhat changing the size of the package in which the product is contained and looking up other handlers of the supplies used by the company. The business is growing to such an extent that quantity production is necessary in order to keep up with the orders and it is highly desirable that there shall be no hitch in the delivery of the needed raw material. Mr. Laird will return Saturday morning.

Jacob J. Holstein.

On Saturday, August 21, occurred the death of Jacob J. Holstein in this city. Deceased had been suffering for about a year from cancer of the stomach, and death came as a relief.

Mr. Holstein was a resident of Thief River Falls for nine years and previous to his illness was engaged in business here, having had an interest in the Holstein-Benson barber shop.

Funeral services were conducted Monday evening at seven o'clock from the house, Rev. Barackman officiating, and the remains were shipped to Eau Claire, Wis., for burial.

Deceased was born in Austria and was about fifty-two years of age. He leaves to mourn his loss, a wife in this city, a brother in Eau Claire, Wis., and a father in Austria.

Picnic Postponed.

The normal alumni picnic which was announced for Saturday, Sept. 7, has been postponed until Wednesday afternoon at four o'clock.

Farmers, Bank Your Funds

WITH present high prices for bumper crops your receipts will be large. Bank your grain checks as received—by mail or in person.

THIS is a time when you need to keep ample funds available.

YOUR money will go farther when handled thru a checking account in this bank—and you have a record of what you receive and pay out.

OUR officers will be glad to give you their best counsel in any financial matters that confront you in meeting wartime demands.

RED CROSS' GREAT KNITTING RECORD

MILLIONS OF PIECES SENT TO OUR SOLDIERS AND SAILORS OVERSEAS.

It will gratify the women of Pennington county to know that the effort which they have made during the past year to produce large quantities of knitted articles, has resulted in satisfaction and additional comfort to our soldiers and sailors. It will interest them still further to know that the productive abilities of the country were so great that there is now a reserve stock of knitted goods in the warehouses which will largely offset the present wool shortage as it affects the Red Cross. Workers will be interested to know that there have been distributed to the army and navy of the United States from September 1, 1917, to June 30, 1918, the following knitted garments: 2,000,000 sweaters (about 1,000,000 purchased); 700,000 mufflers, 900,000 wristlets, 575,000 helmets, 1,700,000 pairs socks (about 500,000 pairs purchased).

For the same period of time the Red Cross shipped to our French and Italian commissioners for distribution to soldiers, sailors and civilians: 400,000 sweaters, 75,000 mufflers, 245,000 wristlets, 60,000 helmets, 90,000 pairs socks.

The Red Cross now has in its various warehouses ready for distribution: 1,600,000 sweaters, 134,000 mufflers, 384,000 wristlets, 228,000 helmets, 1,328,000 pairs socks.

Cut Your Living Cost

ONE MILLION BUSHEL SEED CORN DRIVE

Minnesota Farmers Organize for a Regular Win-the-War Seed Corn Campaign, Sept 10-20.

ONE BUSHEL FOR EVERY THREE ACRES IS QUOTA

Each County's Allotment Is Fixed on Basis of One-Third of Its Corn Acreage.

(Published by the Federal Food Administration for Minnesota. Prepared in the Office of Publications, University Farm.)

Minnesota's farmers will be in their cornfields next month in a drive for 1,000,000 bushels of seed corn as a means of helping Minnesota's and the nation's soldier boys on the battlefields of France in their drive for Berlin.

The time for the seed corn drive will be during the annual Seed Corn Time, *September 10-20, before* which, every corn-growing county in the state will be systematically organized as if for a Liberty Loan drive. The organizing force will be the county farm bureaus. Each of these bureaus, of which there is now one in every county in the state, will see to it that its county is apportioned by school districts, or by some other system, so that not a corn-grower shall miss a call for his quota of seed corn—not to be given to the bureau or any one else but to be stored away carefully for the corn-grower's use on his own farm next year and the year after.

One Bushel for Every Three Acres.

Minnesota grows 3,000,000 acres of corn. It takes 500,000 bushels of seed corn to seed 3,000,000 acres. Consequently 1,000,000 bushels of seed corn will seed 3,000,000 acres for two years. And that is just what the farm bureaus have in mind. Through the extreme shortage of seed corn last spring every bit of surplus seed corn such as is usually held over from one year to another was used, and wisdom dictates the accumulation of a surplus large enough to prevent the possibility of another such shortage as existed last spring. Such a surplus can be accumulated if every corngrower will select during Seed Corn Time one bushel for every three acres he plants to corn.

Food Administration Approves.

A. D. Wilson, federal food administrator for Minnesota, because of his interest in large production and the use of every possible means of assuring a bountiful supply of food, through F. E. Balmer, state leader of county agents, has sent special appeals to all farm bureaus to co-operate in the drive. He has supplemented this with letters to commercial clubs, farmers' clubs, county agents, high school agriculturists, county school superintendents, and many others, asking for their win-the-war support of the project. These appeals and letters give the corn acreage for each county which grows corn and the number of bushels which each county's farmers should select and store in order to do their part in this novel campaign. The county quotas are as follows:

Counties' Quotas.

County	Estimated Acreage	Bushels of Seed Required for 2 years
Aitkin	2,000	666
Anoka	21,000	7,000
Becker	7,000	2,333

Food
QUESTIONS ANSWERED

CORN.

What American crop is most valuable measured by its food value and production per acre?

Corn. One acre of corn gives nearly 150 pounds of digestible protein and more than 3,000,000 units of energy.

Why did we not send much corn to the Allies at first?

Partly because they lacked the facilities to handle it, and partly because they were unfamiliar with it and unready to take a strange foodstuff.

Are we shipping much corn now?

As much as possible.

Is it true that corn meal does not keep well?

It does not keep as well as wheat.

Why do the Allies take corn now?

Because they have been educated to the use of corn.

What has this education accomplished?

In 18 months they have learned to use more corn products than we have learned to use in years.

In what form is corn shipped?

In the grain, as flour, and as meal.

How much is used by the Allies in their breadstuffs?

From 25 per cent to 40 per cent.

Why is corn so important?

Because it is valuable food with food by-products such as corn oil, sugar, and starch; it is a good substitute for wheat, and a splendid food for live stock.

Is corn as nutritious as wheat?

Yes.

What are the various corn foods?

Corn, corn meal, corn flour, cornstarch, corn syrup, corn oil, hominy, grits, samp.

DEALERS.

Does the Food Administration ask the co-operation of dealers and handlers of foodstuffs?

Yes; every one from producer and middleman to consumer is asked to co-operate.

What have food merchants done?

Representatives of all branches of food merchandising in the country have conferred with the administration and pledged their loyal support.

How is the problem of distribution dealt with?

By conference and by licensing.

What is accomplished by conference?

The members of a trade agree on fair prices and practices; they agree to make short stocks go as far as possible, and to keep supply steady and prices even.

What are the six trades that are called upon to bear the brunt of food saving?

Grocers, butchers, bakers, hotel and restaurant men, dealers in confectionery and ice cream, flour millers.

How have these classes helped in food conservation?

1. Grocers have limited sales and urged use of substitutes.
2. Butchers have limited sales and have meatless days.
3. Bakers have had profits kept down to pre-war basis. They have been cut in fancy breads, pastries, etc., and they are making Victory products. The prices of the ingredients of bread have risen 150 per cent, but price of bread less than 50 per cent.
4. Hotel men have helped to observe wheatless, meatless, and porkless days and have conserved in every way.
5. Confectioners were cut down to 50 per cent of their normal amount of sugar, since raised to 80 per cent.
6. Flour millers have done away with all gradings and done away with "fancy" flours. They all mill on the same basis.

What methods of economy have been successfully practiced in these businesses?

The "cash-and-carry" plan; standardizing prices and profits; eliminating waste; eliminating duplication of service; shortening store hours.

How can the housewife help the merchant in other ways?

By patronizing stores which display the merchants' pledge, by reporting unreasonable charges to her county or state Federal Food Administrator, who will take action under the law.

What is the merchant's pledge?

"We pledge ourselves to give our customers the benefit of fair and moderate prices, selling at no more than a reasonable profit above cost to us."

How to Save on Two Pounds of Sugar a Month.

Seven Ways for Daily Sugar Saving:

1. Use fresh fruits without sugar.
2. Cook dried fruits without additional sugar; they already contain sugar.
3. Can more fruit without sugar; put up fewer jams and jellies.
4. Use less sugar in tea and coffee; you will soon learn to like it better.
5. Avoid such sugar luxuries as candy, cakes, chewing gum, sweet drinks and sodas.
6. Use honey, maple sugar and syrups and other sweeteners when available.
7. Cut out all desserts or other dishes that require much sugar.

Weeks-Brandt.

On Wednesday August 28th at the Luther Seminary Chapel in St. Paul, occurred the marriage of Miss Jennie Henrietta Brandt to Rev. Earl R. Weeks. The bride has for several years held the position as cashier in the Farmers' & Merchants' bank of Grove City. The groom graduated from the Thief River Falls high school in 1910, and after completing his college and seminary course, was ordained a minister in the Synod church of this city and has since been pastor of the Lutheran church of Grove City. Mr. and Mrs. Weeks arrived here Monday morning and are guests at the home of the groom's parents, Mr. and Mrs. J. J. Weeks.

Month's Stamp Sales.

The receipts from the sale of Savings Certificates and Thrift Stamps only kept up to about the average during August being $5,671.36. It was expected that during July and August the receipts would be somewhat less owing to the absence from the city of many persons at that time as well as to the fact that the schools were closed, and it is figured that from now on there will be a steady increase until the campaign closes on the last of December. After harvest the country districts will be in better shape to meet their quotas while a greater effort will be made to keep up the city payments.

Unclaimed Letters.

The following is a list of the unclaimed letters at the Postoffice of *Thief River Falls, Minn.,* for the week ending August 31, 1918. If not called for in two weeks from the above date they will be sent to the Dead Letter Branch at Chicago, Ill.:

Anderson, Miss Linda
Ayers, W. A.
Heinrickson, Albert
Helmer, Miss Doris
Malone, Mr. J.
Osborn, Mr. Don

When calling for any of the above letters please state that they were advertised.

JOHN MORGAN, P. M.

At the Princess.

Gloria Hope, who is practically unknown to Thief River Falls theatre patrons, but said to be among the most capable and charming of the Famous Players stars, appears Friday night with Vivian Reed in "The Guilty Man."

On Saturday evening Francis X. Bushman and Beverly Bayne appear in a five-act wonderplay of adventure and romance entitled "Red, White and Blue Blood." There is a good vein of comedy running through this very clever picture.

"We Can't Have Everything," is a Cecil B. DeMille Arteraft picture that is decidedly different. Kathlyn Williams leads and is supported by Elliot Dexter, Tully Marshall, Sylvia Breamer and a whole lot of clever folks. This is the special for Sunday night.

First she weds for money, then she falls in love with her own husband. Ann Murdock also does many other unusual and ridiculous things in "My Wife," which is the headliner at the Princess on Monday. This play is said to solve the problem: How to be happy though married.

Tuesday night will prove the big occasion for many Princess patrons. Mabel Normand comes back after a long absence from the screen and is as funny as when she first helped make Charlie Chaplin, Fatty Arbuckle and a number of others famous. Mabel's play is called "Dodging a Million" (as if anybody would) and gives this versatile ingenue all the opportunity she wants to show how clever she is—which is making some remark.

Billie Burke comes on Wednesday evening. Billie never gets any older or looks any different. It is said this play is practically the story of Miss Burke's stage career and is decidedly interesting. It will prove a mistake to miss this.

ADDITIONAL WANTS
Too Late to Classify

WANTED—Place to work for board by boy attending school. Could pay part. Enquire at Times Office.—s-5

WANTED TO BUY—A second-hand chapel organ. Inquire at Oakland Park Sanitarium.—

WANTED TO BUY—Second-hand hunting coat. Address City, Box 702.

REINER

About forty-five young people were entertained at the John Stenvik home last Thursday evening. The occasion was in honor of the drafted boys who leave for camp this fall. The evening's amusement consisted of playing games and singing, after which a delicious lunch was served by the Misses Stenvik at the close of the evening. Herb. Race gave a short patriotic talk. He left for Camp Dodge to enter the military service.

Miss Elry Berg left for Anstad this week where she will be employed at the Geo. Wold home.

Arndt Johnsrud suffered a painful accident Thursday evening when the car he was driving turned over injuring his arm. He was taken to Thief River Falls where he received medical attention.

Walter Peterson motored to Fertile, Minn., last Sunday to spend a few days with friends.

Wallace Arndt had his tonsils removed last week at Grygla.

ROUTE NUMBER TWO

Mr. and Mrs. Carl Larson and family entertained a number of friends and relatives Sunday. Those present were: Mr. and Mrs. Elmer Odle, Mr. and Mrs. Clarence Larson and children, Oscar Odle, Bernard Larson and Engebreth Moe and Miss Gunda Moe, all of Golden Valley. Mrs. Molstad and sons Oliver and Albert were also present. The party was given in honor of Oscar Odle, Ludovic Larson and Oliver Molstad who left for Camp Grant, Ill., on Wednesday morning with the drafted men.

Miss Minnie Ekre and father of Rushford, Minn., were guests at the Carl Larson home the first of the week.

Gunda Moe returned Sunday evening from Golden Valley at which place she has been employed during the summer.

A large number of young people left Tuesday morning to enter the Thief River Falls high school.

Harvesting and threshing is in full blast, but farmers are short of help.

Carl Guttrud and Halvor Moe autoed to Mud Lake Tuesday evening.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage containing a power of sale, dated April 15th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of April, 1915, at 1:00 o'clock P. M., in Book 3 of Mortgages at page 381, executed by Samuel Johnson and Tabeta Johnson, his wife, as Mortgagors, to The Crookston Building and Loan Association, a Minnesota corporation, as Mortgagee, and mortgaging the following described real estate situated in Pennington County, Minnesota, to-wit: Lots Twenty-one (21) and Twenty-two (22) of Block Twenty-two (22) of the Original Townsite of Thief River Falls, Minnesota, according to the recorded plat thereof; and no action or proceeding having been brought to recover any part of the debt secured by such mortgage, and there is claimed to be due upon such mortgage at the date hereof the sum of One Thousand One Hundred Eighty-four Dollars, against which amount the mortgagors are entitled to a credit of Two Hundred and Thirty-seven Dollars and twenty cents, the current value of ten shares of stock in the said mortgagee subscribed for by said mortgagors as a part of said mortgage and the debt secured thereby, leaving the amount actually due and claimed to be due upon the said mortgage at the date of this notice the sum of Nine Hundred and Forty-six Dollars and Eighty cents, ($946.80).

Now, Therefore, Notice is Hereby Given, That by virtue of said power of sale, said mortgage will be foreclosed and said premises sold at public auction by the sheriff of said county on Saturday the 19th day of October, 1918, at Ten o'clock in the forenoon of that day, at the front door of the Court House in the City of Thief River Falls, Minnesota, to pay the said debt and interest, and the attorney's fees, and the disbursements allowed by law.

Dated August 27th, 1918.

The Crookston Building and Loan Association, (a Corporation)
Mortgagee.

W. E. ROWE,
Attorney for Mortgagee,
Crookston, Minnesota.
a-29-s-5-12-19-26-o-3.

Notice of Expiration of Time of Redemption.

Office of County Auditor, County of Pennington, State of Minnesota, ss.

To Nic Nelson.

You are hereby notified that the following piece or parcel of land situated in the County of Pennington, State of Minnesota, and known and described as folows, to-wit: NW¼ SW¼, Section 22, Township 152, Range 41 is now assessed in your name.

That on the 10th day of May, 1915, at a sale of land pursuant to the real estate tax judgment duly given and made in and by the District Court in and for said County of Pennington on the 17th day of March, 1915, in proceedings to enforce the payment of taxes delinquent upon real estate for the year 1913, for said County of Pennington the above described piece or parcel of land was sold for the sum of Three and 07-100 Dollars.

And that the amount required to redeem said piece or parcel of land from said tax sale exclusive of the costs to accrue upon this notice is the sum of Ten Dollars, and Seventy-seven cents, and interest at the rate of 12 per cent per annum on $3.07 thereof from said 10th day of May, 1915, to the day such redemption is made, and interest on $3.85 thereof at the rate of 12 per cent per annum, from the 18th day of January, 1916, to the day thereof redemption is made, and interest on $3.85 at the rate of 12 per cent per annum from the 23rd day of January, 1917, to the day such redemption is made.

That the tax certificate of sale issued to said purchaser has been presented to me by the holder thereof, and this notice requested.

That the time for the redemption of said piece or parcel of land from said tax sale will expire (60) days after the service of this notice, and the filing of proof of such service in my office.

Witness my hand and official seal this 9th day of August, 1918.

T. P. ANDERSON,
(Official Seal) Auditor,
Pennington County, Minn.
By Axel Risberg, Deputy.
a-22-29-s-5.

Notice of Hearing Upon Petition of Freeholder.

WHEREAS, A petition signed by Aanun Ewindson, a freeholder of School District No. 68, in this County, representing that he is the owner of the following described lands, situated in said District, to-wit:

N½ of Section 12, Township 153 and Range 41.

And that the school house in District No. 68 is located two and one half miles from his residence, and that in District No. 66 one mile from his residence; that it is a hardship for him to send his children the additional distance to school in the District to which he belongs now; has been presented to the County Board of Pennington County; and asking that his said lands may be set off from said District No. 68 to said District No. 66 and the said Board has appointed a time and place for hearing thereon. Therefore

NOTICE

Is hereby given that said petition will be heard by said Board, at a session thereof, commencing on the 14th day of September A. D. 1918, at two o'clock in the afternoon, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said Board will hear the evidence and the arguments of all persons interested, for or against granting the prayer of the petitioner.

Dated at Thief River Falls Aug. 10th, 1918.

By order of the County Board.
T. P. ANDERSON,
County Auditor and Ex-Officio Clerk of Board.
(Seal.) s-5-12.

Shop and Railroad News

RAILROAD EARNINGS FIGURES MISLEADING

REPORTS OF LOSSES FOR SEVEN MONTHS DO NOT STATE ALL FACTS.

Theo. H. Price, actuary to the United States Railroad administration, takes exception to the published reports of losses sustained during the first seven months of railroad operation under government supervision. While it is true that there is considerable deficit it is by no means true that the public has been inconvenienced by the change, according to Mr. Price. On the contrary, the roads have done more business at a smaller percentage of additional expense than would have been possible under the old system. The raise in passenger and freight rates has been sufficient to no more than cover the higher wages paid to operatives, while distinctly on the credit side of the account Mr. Price places the following facts:

"The average carload has been increased from 26.2 to 28.5 tons, or 8.8 per cent. If this ratio is maintained it will be the equivalent of an addition of 8.8 per cent, or 211,200 freight cars to the present equipment of about 2,400,000 cars, and if the ratio of increase in the train load, equal to 2.7 per cent, is maintained, it will be the equivalent of adding about 1,750 to the present equipment of some 65,000 locomotives of all sorts.

"Surely this is better than buying new cars and locomotives at a time when they can only be had at extravagant prices and the manufacturing energies of the country are overtaxed to provide the things required for the winning of the war.

"As to the alleged movement of freight by motor truck it can only be said that the government is moving regular freight and passenger trains promptly, notwithstanding the extra tax imposed on its facilities by a troop movement now averaging 1,100,000 men per month, that there is no freight congestion or delay, that the cars supplied to the coal mines are now in excess of the daily loadings and that if shippers are sending their goods in unusual quantities by motor truck, which is not provable and is doubtful, their action is not the result of a car shortage."

Wheat Movement Begun—There were 42 cars of wheat loaded on Monday, this being the largest number yet sent over the division. By next week it is expected that the grain will be arriving as fast as it can be taken care of and from that time on it will be the busy season in earnest. It has rained every night for the past week in North Dakota and this has retarded threshing, but as soon as the sun shines again the work will be renewed with increased vigor. Deputy State Grain Inspector P. J. Keating has his crew in readiness and is prepared to handle the grain as fast as it arrives.

Car Repairs Being Rushed—There are at the present time 64 men employed in the department of Car Repair Foreman G. J. Conklin and they are a busy bunch. The grain movement will be on in full swing one of these days and box cars will have to be in good order. A large number have been overhauled and sent into service during the past two weeks and more are following every day. This is no time to have rolling stock laid up and every available car and engine will be on the job.

Few Fair Visitors—Reports of local ticket agents are to the effect that very few people visited the state fair from this section as compared with other years. The Soo line reports only about 20 return tickets secured over that road up to Tuesday night, which is a very low record. People are too busy just now in the first place and the cost is rather high for another thing.

Raise For Track Laborers—Higher wages for railroad track laborers and a certain class of clerks has been recommended to Director General McAdoo by the board of railroad wages and working conditions. The advance suggested ranges between 15 and 25 per cent, it is said, and would effect more than 300,000 employes. Mr. McAdoo will act soon on the returns.

Division Jottings.

M. L. Parsons, who has been helper at Ogema, has been promoted to relief agent and assigned to Fonda, relieving J. W. Aitkin, who goes to Nekoma as the regular man, taking the place of J. H. Gray. The latter has been transferred to the Duluth-Superior division.

Engineers A. J. Marcoe and Harry Kinghorn, are among those who are taking in the sights at the state fair this week. Emil Nordquist, boilermaker foreman, is also among those who are viewing the big pumpkins and things down there.

Thomas Houfek has resumed his duties as engine dispatcher after a short vacation. H. F. Erickson, who has been working in his place, is back on his old job as fireman.

Alfred Johnson, Julius Knutson, Ed. Hance, Joseph Peterson, Grif Jones and Emil Rousche are members of the rep track crew attending the state fair this week.

Engineer John L. Gassow has been made night hostler, taking the place of J. W. Anderson, who has resigned his former position of engineer.

M. E. Carlson will relieve Agent J. F. Allison at Bronson for two weeks the latter being forced to lay off on account of sickness.

Christ Klopp has taken the place of Peter Ellingsen as wiper, the latter being transferred to boiler washer.

John Hinsler, firebuilder, has quit the service of the Soo and has gone to work for the Great Northern.

R. H. Burrell, fireman, returned this week from a visit to friends and relatives in Minneapolis.

Joseph Tamert has been put on as custodian at Bijou, succeeding R. E. Januszewski, resigned.

Louis Vevea, fire builder is among those who are taking in the big doings at the state fair.

E. H. Gulden, agent at Conway, was in Thief River Falls visiting his friends over Sunday.

Max A. Payne has been put on as warehouseman at Erskine, vice A. E. Revang, resigned.

Henry Peterson, car man, was a visitor in the Twin Cities the first of the week.

Master Mechanic J. W. Hendry is spending the week in Minneapolis on business.

Carl Norquist, machinist's apprentice, is a visitor at the state fair.

Fred O. Larson is a new man put on as boiler washer's assistant.

Ben Dahl, coach cleaner, has resigned to go harvesting.

FIRE RECORD FOR YEAR VERY GOOD

INSURANCE COMPANIES MADE NICE PROFIT ON THIEF RIVER RISKS.

The total loss from fire in Thief River Falls during the year 1917 was $9,094.17, according to the report just issued by John B. Sanborn, state insurance commissioner. This leaves a fair margin for the insurance companies as the amount paid in premiums was $22,701.60. The city has a very good record as concerns fires, the report showing that during the past 25 years the losses have totalled $167,538.26, or an average of $6,720 per year, while the premium payments have amounted to $391,452.37, an average for each year of $15,658, or more than twice the amount of the annual losses.

The other Pennington county municipalities also fared very well during 1917. St. Hilaire had no fires at all and the losses have only been $6,295.52 during the past quarter of a century. Goodridge had a loss of $810.

Fire losses in other nearby municipalities during the year were as follows: Bemidji, $97,026.12; Crookston, $6,914.52; Warren, $3,914.12; Red Lake Falls, $13,534.80. In Bemidji the losses were nearly twice the amount of the premiums paid in, while Red Lake Falls also failed within about $5,000 of covering its loss.

Francelia Culver.

The death of Francelia Culver occurred on August 27, at the residence of her father, E. F. Culver of this city. The family has long resided in the city and Francelia was born and lived her whole life here. She was a member of the senior class in the high school. A peculiarly sad feature of her death is it leaves her twin sister alone. The funeral was held from the Presbyterian church. The pall bearers were six of her girl school mates dressed in white. The family has the sincere sympathy of the people of the city in their loss. Francelia was eighteen years of age on February 24 last.

FOR SALE OR TRADE—Will sell or trade for equal value my registered Shorthorn bull, Rudolph 43765 by Rebud 385830 out of Ruth 124397. Guaranteed a sure breeder and gentle. No horns.

PEOPLE EQUAL TO TASK, SAYS ARTHUR ROGERS

Ninth Federal Reserve District Will Buy Any Amount, Says Liberty Loan Chairman.

DRIVE BEGINS SEPT. 28

Selling in Northwest to Be Completed in Five Days—Local Organizations to Carry Out Details—Workers Behind Fighters.

"The people of the Ninth Federal Reserve District will buy the amount of Fourth Liberty Loan Bonds allotted to them, whatever that amount may be. They would buy these bonds even if they did not bear any interest."

This strong statement was made by A. R. Rogers, chairman of the Liberty Loan Executive Committee of this district, after careful consideration. In explaining his confidence in the loyalty of the people of the Northwest, he said:

"I am thoroughly convinced that the people of this great part of the country will do whatever their Government asks them to do in this crisis. I believe this after working with these men through two Liberty Loan campaigns and having pretty well learned their processes of reasoning and their inclinations.

"I do not have this faith in the people of the Northwest because I think all of them are patriots, or are anywhere near perfect.

"I do know, however, that a large majority of the men in these Northwest states understand what this war means, what part the United States Government must take in this war if it is to be brought to a successful conclusion.

"They know that the people of the United States, individually and collectively, must stand by their Government if it is to accomplish its great ambition and bring harmonious peace to the world.

"They know that America must finance her Allies and that if America furnishes the money it means victory. Every American must do his full share. I know that the men and women of the Northwest appreciate their duty to their Government and will perform it at whatever cost to themselves. They have learned that everyone in America must get under the load which America is carrying for the democracy of the world.

"Realizing all this and feeling strongly the righteousness of the cause, we are soldiers, and whatever the Government in which we are stockholders asks us to do, we will do.

"The actual work of selling bonds in the Fourth Liberty Loan drive in the Ninth District will begin Sept. 28 and will be completed just five days later. The work of organization throughout the district is being done now. The county chairmen in all counties are perfecting local organizations, making the allotments and arranging all the details that will make the actual selling of bonds comparatively simple. In a great many counties, probably in the majority of them, individuals will be notified where and at what time to buy the bonds allotted to them and their subscriptions will be promptly made without solicitation.

"However a county committee decides to carry out the details of its campaign will not be material so long as the results are obtained. All any county has to do is to subscribe the amount allotted to it and to secure it properly and without resort to any methods that cannot be justified.

"We have a great big task in front of us, but the people of these states are equal to it. They are not going to fail to loan the money necessary to their Government when millions of our young men are gladly giving the service which may mean their lives."

WHERE THE MONEY GOES.

Billions are big. The average layman finds a million hard to comprehend. As an aid to understanding why your Government must have so many billions of its people's dollars, Paymaster General McGowan, of the United States Navy, gives the following list of the costs of various kinds of supplies and equipment in the Navy. There are only about a million men in the United States Navy now.

Estimated Cost of Various Types of Vessels Now Under Construction.

Battleship	$28,075,000
Battle cruiser	24,800,000
Scout cruiser	7,220,000
Destroyer	1,590,000
Coast submarine	850,000
Sea-going submarine	1,430,000

Cost of Various Kinds of Ammunition.

1-pounder cartridge	$0.72
6-pounder cartridge	1.70
3-inch shell	3.00
4-inch shell	8.00
5-inch shell	13.00
6-inch shell	18.00

14-inch shell, from $80.00 for common shell to $580.00 for armor piercing.

Torpedoes, $5,000.00 to $10,000.00 each.

Cost of Various Guns, Based Upon Late Contracts.

	Gun and Mount Complete
3-inch (23 calibre)	$4,000.00
3-inch	15,000.00
4-inch	22,000.00
5-inch	33,000.00
6-inch	40,000.00
8-inch Howitzer	22,000.00
14-inch (50 calibre)	160,000.00
16-inch (45 calibre)	215,000.00
16-inch (50 calibre)	256,000.00
Airplane machine guns	560.00

Issuing Price of Various Items of Clothing.

Rubber boots, pair	$2.45
Blankets, each	5.50
Jerseys, each	3.75
Jumpers (blue), each	4.00
Jumpers (dungaree), each	1.00
Jumpers (dress), each	1.70
Jumpers (undress), each	1.00
Leggings, pair	1.00
Neckerchiefs, each	1.20
Overshirts, each	5.50
Overcoats, each	18.00
Shirts (blue P. O.), each	4.50
Shoes (high), pair	6.00
Shoes (low), pair	4.00
Trousers (blue), pair	6.00
Trousers (dungaree), pair	1.10
Trousers (white), pair	1.10
Undershirts (heavy), each	1.50
Undershirts (cotton), each	.40

The cost of the Navy per man per day during the first six months of the fiscal year 1918 varied from $0.49, on the larger types of vessels, to $0.52, on the smaller types.

AMERICA'S TASK IN FRANCE.

The above picture of a French town is typical of what the Americans are finding as they drive back the destructive hordes of Kaiserism. It is to prevent more of this cruel waste and help those who have suffered by it to regain their freedom that America's men are fighting in France and Americans at home are asked to provide the money. These objects cannot be obtained unless everyone does his duty during the Fourth Liberty Loan, September 28th to October 3rd.

SOMETHING COMING TO THE GERMANS.

These stalwart Americans are only practicing, but a million or more of them are only waiting a chance to practice in deadly earnest through the German lines. Our boys are proving daily that they are the best known exponents of the fighting that requires brains, muscle and nerve. Every man, woman and child who buys bonds in the Fourth Liberty Loan campaign will be helping these men make "the world safe for democracy."

IF WE FAIL THE WORLD IS LOST

American Soldiers Can Crush the Hun Only If Equipped by American Dollars.

DUTY OF ALL IS CLEAR

War More Than Armies—To Provide Food, Clothing, Weapons and Hundreds of Other Things Is Opportunity of Those Who Do Not Offer Lives—Buy Bonds!

America is the Atlas on which the world is resting. Not only must American soldiers fight and win the war for democracy, but American dollars must equip and maintain American armies and, in addition, they must maintain the armies of the Allies.

Never has so colossal a task fallen to the lot of any nation; never before in the history of the world has any nation been in a position to accomplish such a task. America can do all that she is expected to do, but she can only do it if every citizen of this greatest republic does his full share.

The war in Europe is more than the splendid army of young American manhood fighting under our banners in Flanders; it is a matter of food, shelter, clothing, munitions, weapons, roads, engines, cars, ships, hospitals, medicines; of hundreds of other important things that take labor and money to produce. To provide these things is the opportunity and duty of those who do not offer their lives.

Winning this war is a matter of money. When you buy a Liberty Bond it means money for the United States treasury. During the coming year, this nation must raise $24,000,000,000. About $16,000,000,000 of this must be raised by loans and $8,000,000,000 by taxation. If we do not raise this money, the United States treasury will have failed. When the United States treasury fails, the war is lost. If the war is lost, democracy is lost—the world is lost.

Thus we get some idea of what each individual must do. He must save, do without luxuries, he must get along with what he has rather than buy things that are not absolutely necessary. He must do those things only which are of productive value. He must simplify and cheapen his diet. In short, he must in every possible way use for his own comfort as little of the nation's labor, time, and efficiency as possible. He must save every cent of money possible and loan it to the Government. In this way only can a citizen live up to his patriotic duty and do his part towards winning and ending the war.

VITAL STATISTICS

Your country is financing Democracy's war.

Your district ranks first in doing its full share.

Third Liberty Loan records show you responded promptly and generously oversubscribed your quota.

The Fourth Liberty Loan has been announced.

Subscriptions must be made between the dates of September 28th and October 3rd.

Interest and terms will be liberal, but they don't matter.

The amount will probably be double that asked for in the Third Loan.

Your allotment will be higher than ever before.

Your Government isn't worrying about you because your patriotism has been proved—you live in the Patriotic Ninth. It is up to you to see that this confidence is not misplaced.

You must not fail to do your full share.

If you individuals fail, your Government will fail.

If your Government fails, the Allies will fail.

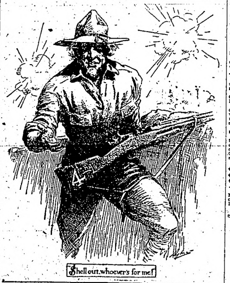
If the Allies fail—freedom, justice, brotherly love, the spiritual ideals that make life worth while will fail.

None of these can fail.

You and a million and a half more like you, in the Ninth District, will buy Liberty Bonds on September 28th, 1918.

To loan your full share, you will sacrifice luxuries and comforts. You will work and save and when it is all over you will have proved your loyalty and increased both your spiritual and your material possessions.

When you think you are asked to do a good deal, just stop and think of them over there.



Shell out, whoever's for me!

AGAIN IN CHARGE.

Many people insist that the Ninth District is the best organized of any group of states. Results seem to prove it. The active workers in the Third Liberty Loan campaign numbered over thirty thousand out of a little more than 5 million people.

The men responsible to Washington, the officers of the Northwest's financial army, are not taking the credit. They only directed this great territory's patriotic energies.

There have to be officers, however, and everyone should know who they are. The men and women who led to victory in the Third Loan will be in charge during the Fourth campaign, September 28th to October 3rd.

Isn't It Great?

The Northwest's crops are satisfactory. The money returns from them will be big. The Ninth District will do its full share towards feeding the armies of freedom and then will turn around and loan the Government its full share of dollars, to make the Fourth Liberty Loan a great success. Surely this is a fine part of a wonderful country in which to live.

WHAT HAS BEEN DONE

First Liberty Loan—	
Amount subscribed by country	$3,035,226,850
Amount subscribed by Ninth District	75,925,250
Number of subscribers in country	4,500,000
Number of subscribers in Ninth District	Not recorded
Second Liberty Loan—	
Amount subscribed by country	$4,617,532,300
Amount subscribed by Ninth District	132,942,350
Number of subscribers in country	9,500,00
Number of subscribers in Ninth District	600,000
Third Liberty Loan—	
Amount subscribed by country	$4,170,019,650
Amount subscribed by Ninth District	180,920,450
Number of subscribers in country	17,000,000
Number of subscribers in Ninth District	1,221,504

WHAT MUST BE DONE

Probable amount asked from country	$6,000,000,000
Probable amount asked from Ninth District	200,000,000
Probable number of subscribers in Ninth District	1,500,000

The people of the states of Montana, North Dakota, South Dakota, Minnesota, Wisconsin and Michigan have developed patriotic co-operation faster than the rest of the country. Will they continue and better their splendid showing during the Fourth Liberty Loan Campaign? They will.

Neighborhood NEWS

HAZEL

Andrew Hestekind and family and Mr. and Mrs. John P. Nelson, autoed to New Solum last Sunday and visited at the homes of Martin Jarshaw and Peter Hagen.

Mr. and Mrs. Paul Borgie, Mrs. John P. Nelson and Miss Esebelle Finhart and Fred Erickson visited at the home of Peter Paulson last Friday evening.

Elsie Hendrickson, of St. Hilaire, came here Friday afternoon and left for Trail Saturday morning for a short visit with friends.

Mrs. John P. Nelson, Mrs. Paul Borgie and Esebelle Finhart visited with Miss Anna Alberg Friday afternoon.

Paul Borgie and daughter, Grace, autoed to St. Hilaire on business last Wednesday.

Mr. and Mrs. Paul Borgie and Fred Erickson and Anna Paulson, autoed to the river last Sunday and had their picnic dinner.

Rev. Elingson and family left for Minneapolis last Friday evening, with their household goods where they will reside in the future.

Louis Aos and family of Gully visited at the home of Ole Odegaard last Sunday.

Mrs. John Magnuson, Mrs. John P. Nelson and Miss Esebelle Finhart called on Mrs. John Sheggrud last week.

Mrs. Ed. Knutson visited at the Soo hotel last Thursday afternoon.

ERIE

Ben Anderson of Thief River Falls arrived last Thursday for a few days visit at the home of his sons, Fred and Carl Anderson, southeast of Erie.

Chas. J. Safarik, formerly of Goodridge, has established a blacksmith shop at Erie and we predict that Mr. Safarik will be one of the busiest members of our little hamlet.

Nels Graue departed for North Dakota Monday.

Miss Helen Sunsdahl broke her arm last Monday evening while attempting to crank the Ford. She was taken to Thief River Falls for medical attention and is recovering nicely.

Mr. Peterson of Reiner was inspecting threshing prospects northeast of Erie Thursday.

Private John Meyer was here last week for a brief visit at the home of his parents, Mr. and Mrs. Nick Meyer.

Rev. Hoyum of Esplee conducted services in district No. 1 Sunday afternoon.

Emil Grams motored to Goodridge Tuesday on business.

Threshing is progressing slowly on account of unfavorable weather, but good yields are reported so far.

Magnus Anderson, Nils Lien and E. Grams drove to the Mayle vicinity Friday on business.

Ollie Olson returned the latter part of the week from an extended visit with friends in Alberta, British Columbia and the Northwest Pacific states.

G. G. Olson is hauling cord wood for the school in Dist. No. 69.

C. Amundson returned last Tuesday from Grand Forks in his new eight-cylinder Hudson car which he purchased there. He left for the Twin Cities Friday morning to attend the state fair.

WYANDOTTE

Messrs Johnson and Halverson and Misses Mabel and Myrtle Christensen of Agder township, were callers at the Hendrickson home one day last week.

Shop and Railroad News

RAILROAD EARNINGS FIGURES MISLEADING

REPORTS OF LOSSES FOR SEVEN MONTHS DO NOT STATE ALL FACTS.

Theo. H. Price, actuary to the United States Railroad administration, takes exception to the published reports of losses sustained during the first seven months of railroad operation under government supervision. While it is true that there is considerable deficit it is by no means true that the public has been inconvenienced by the change, according to Mr. Price. On the contrary, the roads have done more business at a smaller percentage of additional expense than would have been possible under the old system. The raise in passenger and freight rates has been sufficient to no more than cover the higher wages paid to operatives, while distinctly on the credit side of the account Mr. Price places the following facts:

"The average carload has been increased from 26.2 to 28.5 tons, or 8.8 per cent. If this ratio is maintained it will be the equivalent of an addition of 8.8 per cent, or 211,200 freight cars to the present equipment of about 2,400,000 cars, and if the ratio of increase in the train load, equal to 2.7 per cent, is maintained, it will be the equivalent of adding about 1,750 to the present equipment of some 65,000 locomotives of all sorts.

"Surely this is better than buying new cars and locomotives at a time when they can only be had at extravagant prices and the manufacturing energies of the country are overtaxed to provide the things required for the winning of the war.

"As to the alleged movement of freight by motor truck it can only be said that the government is moving regular freight and passenger trains promptly, notwithstanding the extra tax imposed on its facilities by a troop movement now averaging 1,100,000 men per month, that there is no freight congestion or delay, that the cars supplied to the coal mines are now in excess of the daily loadings and that if shippers are sending their goods in unusual quantities by motor truck, which is not provable and is doubtful, their action is not the result of a car shortage."

Wheat Movement Begun—There were 42 cars of wheat loaded on Monday, this being the largest number yet sent over the division. By next week it is expected that the grain will be arriving as fast as it can be taken care of and from that time on it will be the busy season in earnest. It has rained every night for the past week in North Dakota and this has retarded threshing, but as soon as the sun shines again the work will be renewed with increased vigor. Deputy State Grain Inspector P. J. Keating has his crew in readiness and is prepared to handle the grain as fast as it arrives.

Car Repairs Being Rushed—There are at the present time 64 men employed in the department of Car Repair Foreman G. J. Conklin and they are a busy bunch. The grain movement will be on in full swing one of these days and box cars will have to be in good order. A large number have been overhauled and sent into service during the past two weeks and more are following every day. This is no time to have rolling stock laid up and every available car and engine will be on the job.

Few Fair Visitors—Reports of local ticket agents are to the effect that very few people visited the state fair from this section as compared with other years. The Soo line reports only about 20 return tickets secured over that road up to Tuesday night, which is a very low record. People are too busy just now in the first place and the cost is rather high for another thing.

Raise For Track Laborers—Higher wages for railroad track laborers and a certain class of clerks has been recommended to Director General McAdoo by the board of railroad wages and working conditions. The advance suggested ranges between 15 and 25 per cent, it is said, and would effect more than 300,000 employes. Mr. McAdoo will act soon on the returns.

Division Jottings.

M. L. Parsons, who has been helper at Ogema, has been promoted to relief agent and assigned to Fonda, relieving J. W. Aitkin, who goes to Nekoma as the regular man, taking the place of J. H. Gray. The latter has been transferred to the Duluth-Superior division.

Engineers A. J. Marcoe and Harry Kinghorn, are among those who are taking in the sights at the state fair this week. Emil Nordquist, boilermaker foreman, is also among those who are viewing the big pumpkins and things down there.

Thomas Houfek has resumed his duties as engine dispatcher after a short vacation. H. F. Erickson, who has been working in his place, is back on his old job as fireman.

Alfred Johnson, Julius Knutson, Ed. Hance, Joseph Peterson, Grif Jones and Emil Rousche are members of the rep track crew attending the state fair this week.

Engineer John L. Gassow has been made night hostler, taking the place of J. W. Anderson, who has resigned his former position of engineer.

M. E. Carlson will relieve Agent J. F. Allison at Bronson for two weeks the latter being forced to lay off on account of sickness.

Christ Klopp has taken the place of Peter Ellingsen as wiper, the latter being transferred to boiler washer.

John Hinsler, firebuilder, has quit the service of the Soo and has gone to work for the Great Northern.

R. H. Burrell, fireman, returned this week from a visit to friends and relatives in Minneapolis.

Joseph Tamert has been put on as custodian at Bijou, succeeding R. E. Januszewski, resigned.

Louis Vevea, fire builder is among those who are taking in the big doings at the state fair.

E. H. Gulden, agent at Conway, was in Thief River Falls visiting his friends over Sunday.

Max A. Payne has been put on as warehouseman at Erskine, vice A. E. Revang, resigned.

Henry Peterson, car man, was a visitor in the Twin Cities the first of the week.

Master Mechanic J. W. Hendry is spending the week in Minneapolis on business.

Carl Norquist, machinist's apprentice, is a visitor at the state fair.

Fred O. Larson is a new man put on as boiler washer's assistant.

Ben Dahl, coach cleaner, has resigned to go harvesting.

FIRE RECORD FOR YEAR VERY GOOD

INSURANCE COMPANIES MADE NICE PROFIT ON THIEF RIVER RISKS.

The total loss from fire in Thief River Falls during the year 1917 was $9,094.17, according to the report just issued by John B. Sanborn, state insurance commissioner. This leaves a fair margin for the insurance companies as the amount paid in premiums was $22,701.60. The city has a very good record as concerns fires, the report showing that during the past 25 years the losses have totalled $167,538.26, or an average of $6,720 per year, while the premium payments have amounted to $391,452.37, an average for each year of $15,658, or more than twice the amount of the annual losses.

The other Pennington county municipalities also fared very well dur-

sions. Evening, Epworth League at 7 p. m. Preaching service at 8, subject: "Our Church and Her Foreign Responsibility, or Foreign Missions." Plan to attend these services. Dr. S. L. Parish, the Dist. Supt., will be here on the evening of Tuesday, Sept. 10 and will preach at 8 and hold the Fourth Quarterly conference. All the members of the official board are requested to be present, and all the members and friends of the church are urged to attend.

Swedish Ev. Mission Church, O. J. Lundell, Pastor, Sunday school Sunday Sept. 8th at 10 a. m. Rev. B. H. Werklund will conduct services Sunday at 3 p. m. The Ladies' Aid will be entertained at the home of Mrs. Andrew Eklund, 213 St. Paul Ave S., next Wednesday, Sept. 11th at 2:30 p. m.

Presbyterian Church, R. L. Barackman, Pastor—The full work of the church will be in operation on Sept. 8. The Sunday school at 10 o'clock a. m. Public worship at 11 a. m. and 8 p. m. with Juniors at 3 p. m. Young Peoples work at 7 in the evening. The mid-week meeting for praise and intercession is held on Thursday evening at 8. A reception will be held in the church on Thursday evening, Sept. 12 for all members and friends of the church, for strangers and newcomers, and for the people connected with our public schools, all of whom are invited and asked to set apart that evening for that purpose. Everyone who wishes to come is cordially invited to be present at this fall reception.

Christian Science—Service at public library auditorium Sunday at 10:45 a. m., subject: "Man." Sunday school immediately after the service. All are cordially invited to attend.

Norwegian Lutheran Church, I. T. Aastad, pastor—Services next Sunday at 11 a. m. Sunday school and Bible class at 9:30 a. m. Services in Silverton at 3 p. m. The Ladies' Aid meets Sept. 12th at 3 p. m., in the church basement invited by Mrs. Bennes, Mrs. Hadrath and Mrs. C. Larson. Confirmants meet Saturday at 10 a. m.

St. John's Lutheran Church, F. J. Seltz, Pastor—Services at Goodridge next Sunday forenoon at 10:30; at Erie in the afternoon at 2:30. The Ladies' Aid society will be entertained by Mrs. Henry Roemhildt in the basement of the church next Wednesday afternoon, Sept. 11th.

Our Saviors Lutheran Church, A. N. Skogerboe, Pastor—Norwegian services next Sunday at 11 a. m., and English services at 7:45 p. m. Services in Immanuel at 3 p. m. Sunday school will begin Sunday morning in the church basement at 10 a. m.

The First Swedish Ev. Luth Church, Albin A. Larson, Pastor—Service and Sunday school at 10:30 a. m. Services in English at 7:45 p. m.

PEOPLE EQUAL TO TASK, SAYS ARTHUR ROGERS

Ninth Federal Reserve District Will Buy Any Amount, Says Liberty Loan Chairman.

DRIVE BEGINS SEPT. 28

Selling in Northwest to Be Completed in Five Days—Local Organizations to Carry Out Details—Workers Behind Fighters.

"The people of the Ninth Federal Reserve District will buy the amount of Fourth Liberty Loan Bonds allotted to them, whatever that amount may be. They would buy these bonds even if they did not bear any interest."

This strong statement was made by A. R. Rogers, chairman of the Liberty Loan Executive Committee of this district, after careful consideration. In explaining his confidence in the loyalty of the people of the Northwest, he said:

"I am thoroughly convinced that the people of this great part of the country will do whatever their Government asks them to do in this crisis. I believe this after working with these men through two Liberty Loan campaigns and having pretty well learned their processes of reasoning and their inclinations.

"I do not have this faith in the people of the Northwest because I think all of them are patriots, or are anywhere near perfect.

"I do know, however, that a large majority of the men in these Northwest states understand what this war means, what part the United States Government must take in this war if it is to be brought to a successful conclusion.

"They know that the people of the United States, individually and collectively, must stand by their Government if it is to accomplish its great ambition and bring harmonious peace to the world.

"They know that America must finance her Allies and that if America furnishes the money it means victory. Every American must do his full share. I know that the men and women of the Northwest appreciate their duty to their Government and will perform it at whatever cost to themselves. They have learned that everyone in America must get under the load which America is carrying for the democracy of the world.

"Realizing all this and feeling strongly the righteousness of the cause, we are soldiers, and whatever the Government in which we are stockholders asks us to do, we will do.

"The actual work of selling bonds in the Fourth Liberty Loan drive in the Ninth District will begin Sept. 28 and will be completed just five days later. The work of organization throughout the district is being done now. The county chairmen in all counties are perfecting local organizations, making the allotments and arranging all the details that will make the actual selling of bonds comparatively simple. In a great many counties, probably in the majority of them, individuals will be notified where and at what time to buy the bonds allotted to them and their subscriptions will be promptly made without solicitation.

"How ever a county committee decides to carry out the details of its campaign will not be material so long as the results are obtained. All any county has to do is to subscribe the amount allotted to it and to secure it properly and without resort to any methods that cannot be justified.

"We have a great big task in front of us, but the people of these states are equal to it. They are not going to fail to loan the money necessary to their Government when millions of our young men are gladly giving the service which may mean their lives."

AMERICA'S TASK IN FRANCE.

The above picture of a French town is typical of what the Americans are finding as they drive back the destructive hordes of Kaiserism. It is to prevent more of this cruel waste and help those who have suffered by it to regain their freedom that America's men are fighting in France and Americans at home are asked to provide the money. These objects cannot be obtained unless everyone does his duty during the Fourth Liberty Loan, September 28th to October 3rd.

WHERE THE MONEY GOES.

Billions are big. The average layman finds a million hard to comprehend. As an aid to understanding why your Government must have so many billions of its people's dollars, Paymaster General McGowan, of the United States Navy, gives the following list of the costs of various kinds of supplies and equipment in the Navy. There are only about a million men in the United States Navy now.

Estimated Cost of Various Types of Vessels Now Under Construction.

Battleship	$23,075,000
Battle cruiser	24,800,000
Scout cruiser	7,220,000
Destroyer	1,590,000
Coast submarine	850,000
Sea-going submarine	1,430,000

Cost of Various Kinds of Ammunition.

1-pounder cartridge	$0.72
6-pounder cartridge	1.70
3-inch shell	3.00
4-inch shell	8.00
5-inch shell	13.00
6-inch shell	18.00

14-inch shell, from $80.00 for common shell to $580.00 for armor piercing.

Torpedoes, $5,000.00 to $10,000.00 each.

Cost of Various Guns, Based Upon Late Contracts.

	Gun and Mount Complete
3-inch (23 calibre)	$4,000.00
3-inch	15,000.00
4-inch	22,000.00
5-inch	33,000.00
6-inch	40,000.00
8-inch Howitzer	22,000.00
14-inch (50 calibre)	166,000.00

The cost of the Navy per man per day during the first six months of the fiscal year 1918 varied from $0.49, on the larger types of vessels, to $0.52, on the smaller types.

SOMETHING COMING TO THE GERMANS.

These stalwart Americans are only practicing, but a million or more of them are only waiting a chance to practice in deadly earnest through the German lines. Our boys are proving daily that they are the best known exponents of the fighting that requires brains, muscle and nerve. Every man, woman and child who buys bonds in the Fourth Liberty Loan campaign will be helping these men make "the world safe for democracy."

IF WE FAIL THE WORLD IS LOST

American Soldiers Can Crush the Hun Only If Equipped by American Dollars.

DUTY OF ALL IS CLEAR

War More Than Armies—To Provide Food, Clothing, Weapons and Hundreds of Other Things Is Opportunity of Those Who Do Not Offer Lives—Buy Bonds!

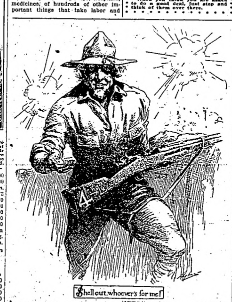
America is the Atlas on which the world is resting. Not only must American soldiers fight and win the war for democracy, but American dollars must equip and maintain American armies and, in addition, they must maintain the armies of the Allies.

Never has so colossal a task fallen to the lot of any nation; never before in the history of the world has any nation been in a position to accomplish such a task. America can do all that she is expected to do, but she can only do it if every citizen of this greatest republic does his full share.

The war in Europe is more than the splendid army of young American manhood fighting under our banners in Flanders; it is a matter of food, shelter, clothing, munitions, weapons, roads, engines, cars, ships, hospitals, medicines, of hundreds of other important things that take labor and money to produce. To provide these things is the opportunity and duty of those who do not offer their lives.

Winning this war is a matter of money. When you buy a Liberty Bond it means money for the United States treasury. During the coming year, this nation must raise $24,000,000,000. About $16,000,000,000 of this must be raised by loans and $8,000,000,000 by taxation. If we do not raise this money, the United States treasury will have failed. When the United States treasury fails, the war is lost. If the war is lost, democracy is lost—the world is lost.

Thus we get some idea of what each individual must do. He must save, do without luxuries, he must get along with what he has rather than buy things that are not absolutely necessary. He must do those things only which are of productive value. He must simplify and cheapen his diet. In short, he must in every possible way use for his own comfort as little of the nation's labor, time, and efficiency as possible. He must save every cent of money possible and loan it to the Government. In this way only can a citizen live up to his patriotic duty and do his part towards winning and ending the war.



Shell out, whoever's for me!

VITAL STATISTICS

Your country is financing Democracy's war.

Your district ranks first in doing its full share.

Third Liberty Loan records show you responded promptly and generously oversubscribed your quota.

The Fourth Liberty Loan has been announced.

Subscriptions must be made between the dates of September 28th and October 3rd.

Interest and terms will be liberal, but they don't matter.

The amount will probably be double that asked for in the Third Loan.

Your allotment will be higher than ever before.

Your Government isn't worrying about you because your patriotism has been proved—you live in the Patriotic Ninth. It is up to you to see that this confidence is not misplaced.

You must not fail to do your full share.

If you individuals fail, your Government will fail.

If your Government fails, the Allies will fail.

If the Allies fail—freedom, justice, brotherly love, the spiritual ideals that make life worth while will fail.

None of these can fail.

You and a million and a half, more like you, in the Ninth District, will buy Liberty Bonds on September 28th, 1918.

To loan your full share, you will sacrifice luxuries and comforts. You will work and save and when it is all over you will have proved your loyalty and increased both your spiritual and your material possessions.

When you think you are asked to do a good deal, just stop and think of them over there.

AGAIN IN CHARGE.

Many people insist that the Ninth District is the best organized of any group of states. Results seem to prove it. The active workers in the Third Liberty Loan campaign numbered over thirty thousand out of a little more than 5 million people.

The men responsible to Washington, the officers of the Northwest's financial army, are not taking the credit. They only directed this great territory's patriotic energies.

There have to be officers, however, and everyone should know who they are. The men and women who led to victory in the Third Loan will be in charge during the Fourth campaign, September 28th to October 3rd.

Isn't It Great?

The Northwest's crops are satisfactory. The money returns from them will be big. The Ninth District will do its full share towards feeding the armies of freedom and then will turn around and loan the Government its full share of dollars, to make the Fourth Liberty Loan a great success. Surely this is a fine part of a wonderful country in which to live.

WHAT HAS BEEN DONE

First Liberty Loan—	
Amount subscribed by country	$3,035,226,850
Amount subscribed by Ninth District	75,926,250
Number of subscribers in country	4,500,000
Number of subscribers in Ninth District	Not recorded
Second Liberty Loan—	
Amount subscribed by country	$4,617,532,300
Amount subscribed by Ninth District	132,942,350
Number of subscribers in country	9,500.00
Number of subscribers in Ninth District	600,000
Third Liberty Loan—	
Amount subscribed by country	$4,170,019,650
Amount subscribed by Ninth District	180,920,450
Number of subscribers in country	17,000,000
Number of subscribers in Ninth District	1,221,504

WHAT MUST BE DONE

Probable amount asked from country	$6,000,000,000
Probable amount asked from Ninth District	200,000,000
Probable number of subscribers in Ninth District	1,500,000

The people of the states of Montana, North Dakota, South Dakota, Minnesota, Wisconsin and Michigan have developed patriotic co-operation faster than the rest of the country. Will they continue and better their splendid showing during the Fourth Liberty Loan Campaign? They will.

Neighborhood NEWS

HAZEL

Andrew Hestekind and family and Mr. and Mrs. John P. Nelson, autoed to New Solum last Sunday and visited at the homes of Martin Jarshaw and Peter Hagen.

Mr. and Mrs. Paul Borgie, Mrs. John P. Nelson and Miss Ezebelle Finhart and Fred Erickson visited at the home of Peter Paulson last Friday evening.

Neighborhood NEWS

ST. HILAIRE

Curtis Post left early last week for Red Wing at which place he will attend school.

Mr. and Mrs. Wm. Goodman of St. Paul, arrived Tuesday of last week to be present at the funeral of Mrs. Goodman's father, Gustav Anderson. Mr. Goodman returned to St. Paul Saturday. Mrs. Goodman will remain with her mother, Mrs. Anderson until arrangements have been made for the disposal of her property after which Mrs. Anderson will go to St. Paul to reside with her daughter.

Private S. S. Benson left Thursday via the Soo for Fort Sill, Okla., after having spent ten days of his fifteen day furlough in this community. The only unpleasant thing about Pte. Benson's furlough was that he had to spend too much time coming and going.

Miss Marie Collins of Warroad returned to her home Thursday after a pleasant visit with friends in this village.

Mr. and Mrs. Glen Martz left Thursday on an auto trip to the Twin Cities. They expect to attend the state fair during their absence.

Misses Mabel and Ann Patterson left via Hazel Saturday morning for Ely, Minn., where they will teach in the public schools.

Miss Gladys Larson of Crookston arrived Saturday for an over Sunday visit with Miss Blanche Hoff after which she will journey on to Roseau where she will teach.

Miss Inga Follstad left Saturday afternoon for Thompson, N. D., near which place she will be employed during the autumn.

S. J. Amble returned Friday from a few days spent in his territory in North Dakota and Montana.

Miss Ella Skele returned to Baudette Friday after a pleasant visit at the home of her sister, Mrs. James Amble.

Mr. and Mrs. Iver Johnson of Bray township were among those who transacted business in this village, on Friday.

After a week's visit with her home folks, Miss Ida Engh left Thursday for Fargo, N. D., where she will spend a few days before resuming her profession of nursing at some nearby point.

After spending their vacations at their respective homes, Miss Edith Dahl and Miss Inez Patterson left Saturday afternoon to be in readiness to resume their duties as teachers next week, the former at Devils Lake, N. D., the latter at Fargo, N. D.

Among those who were at Thief River Falls Saturday with their children, to meet the doctor sent out by the State Boad of Health were: Mrs. J. G. Wilson, Mrs. Rupert Nelson, Mrs. Chas. Hoppe, Mrs. H. Ortloff, Mrs. A. Seaverson, Mrs. J. Aga, Mrs. Theodore Johnson and Mr. Espelund.

An accident which fortunately did not injure any of the participants, occurred Wednesday of last week on the grade leading to the north bridge from the east. A Ford car running at a rapid rate, accidentally crashed into Garth Roth's grain tank. The car which was being driven by Nels Nelson, was badly smashed up and the grain tank was also damaged to some extent.

Miss Elizabeth Johnson went to Crookston Saturday where she expects to attend high school during the coming year.

The old Peter Hall store building, one of the oldest landmarks of the village, which had been condemned by the state fire marshal a short time ago has recently been torn down. The building was purchased by J. Nyhagen who will use the lumber therefrom for constructing buildings on his farm south of the village.

Miss Dorothy Martz shopped at Thief River Falls between trains on Saturday.

The community was sadly shocked last Thursday to learn of the sudden death of Mrs. August Berg at Bemidji on that day. Mrs. Berg is a daughter of Mr. and Mrs. R. L. Hauge of this village. Several years of her girlhood and a part of her early married life were spent in this community. Since her departure to Bemidji she has made frequent visits to this village and has many friends here, who mourn her untimely demise. She suffered a hemorrhage of the lungs about a fortnight ago and her mother was called to her bedside, but returned a week later rejoicing over the prospect of her daughter's recovery. Her joy was suddenly turned to mourning by the report of her daughter's death. The sympathy of a large circle of friends is extended to the sadly bereaved husband and mother, little children, the grieving parents and other relatives.

Miss Lilly Johnson left Saturday evening for Fosston to resume her school room duties, after having spent the summer's vacation at home.

Threshing in this locality is now in full swing and most of the fields are showing larger yields than usual. The Hooper field in the northern part of the village produced the enormous average of fifty-five bushels of wheat per acre.

Earl Sullivan of Crookston returned to his home Friday after a short visit at the H. Wilson home.

Mrs. J. Wahlbeck returned Monday from Crookston where she had visited relatives.

Rev. and Mrs. G. Propp of Ogema, accompanied by Mrs. G. Adolphs of Thief River Falls and her sister, Mrs. E. Burton of Bigger, Can., were guests at the M. Fricker home Wednesday of last week, while enroute from Thief River Falls to Ogema.

Rev. T. O. Thompson returned Saturday from a few days' visit at Akely.

Miss Lydia Kolstad arrived Thursday from Thief River Falls where she has been visiting.

Mrs. Matthews of Red Lake Falls was a guest at the H. Wilson home between trains Saturday.

Mrs. E. Burton and children of Bigger, Can., who have visited with the G. Adolphs family and with other relatives at Thief River Falls, arrived here Thursday for a visit at the M. Fricker home.

Dr. Henry Biglow and family and Harry Biglow autoed up from Gilmore City, Ia., arriving here the latter part of last week for a visit at the Chas. Biglow home.

The Misses Esther Fricker, Gladys Olson, Lulu Allen, Selina Simonson and Hazel Goings of St. Hilaire, were among those who entered the high school at Thief River Falls Tuesday.

After having spent a couple of weeks at her home, Miss Ruth Martz left on Monday evening via Thief River Falls for Duluth to resume her duties as teacher, when school opens, after the annual summer vacation.

Miss Edith Lindquist of Bray township, went to Moorhead Monday to take up studies at the state normal.

After the annual summer vacation the Sunday school of the Norwegian Lutheran church of this village, will again be re-organized. A meeting for that purpose will be held at the church Sunday, Sept. 8th, at 9:30 a. m. An invitation is extended to all who may be interested.

O. Larson and his daughter, Miss Selma were at Thief River Falls between trains Monday the former to consult a doctor.

Mrs. Otto Johnson returned Monday from Bemidji where she had attended the funeral of her sister, Mrs. Berg.

Mrs. E. Johnson of Crookston returned to her home Monday after a visit of a few days at the home of Mr. and Mrs. H. Lardy.

Mrs. Hellerud and the Misses Edith Nelson and Blanche Hoff were among the Thief River Falls visitors on Monday.

Mrs. H. O. Jackson left on Monday for a visit at the home of her daughter, Mrs. Sam Hauge at Bemidji.

Mrs. Norby of Plumer visited at the H. Wilson home Saturday while enroute to Climax.

ROSEWOOD

Monday.

The J. S. Sagmoen family and Isabel Sagmoen returned this morning from Thief River Falls where they went last night to bid farewell to Rudolph Sagmoen who left to enter military training at Camp Grant, Ill.

Mr. and Mrs. Carl Mellem and daughter, Alice, Mrs. John Berglund and Mrs. Nina Anderson spent yesterday at Thief River Falls as guests with the H. Johnson family who are related to Mrs. Berglund's husband.

Henry Sagmoen left this morning for Grafton, N. D., to look about for fall employment.

Three soldier boys from Holt and Middle River boarded the morning train here for Warren from where they will leave today to enter military training. One of them, John Olson, came back in the evening on account of an inflamed appendix which did not permit him to enter service just at present. Mr. K. Grondal accompanied his son, Oliver to Warren to see him leave and also returned in the evening. He resides near Holt.

Mrs. Frank Olson left this evening for Thief River Falls where she will seek optical aid and visit with Mrs. J. Grippestead.

A daughter of Mr. and Mrs. Fred Doles, accompanied by a daughter and the mother of Mrs. Doles, arrived from the southern part of this state this week to visit with the Doles family for a week.

Tuesday.

John Remmem left this morning for Nekoma, N. D., where he will be employed in the harvest fields this fall.

Henry Lappegaard returned today from Thief River Falls where he had been visiting over Sunday with relatives and friends.

Mrs. Even Anderson and son, Emil, motored to Thief River Falls this afternoon to receive further medical attention for Mrs. Anderson's ankle, which is improving nicely and she being able to walk across the house.

Adolph Rafteseth has been employed at the I. M. Westby farm this week.

Albert Vorseth motored to Warren this evening with Ted Nelson who will go from that place to Nekoma to seek work.

Wednesday.

Three of the A. B. Remmem children of Thief River Falls arrived here this morning to visit between trains with their grandmother, Mrs. S. Nordhagen.

Peder Sjolsvold and Willie and Carl Hagen left this morning for North Dakota where they expect to work this fall.

John Sagmoen and Mesdames Peder, Chas. and B. P. Sagmoen, left this forenoon for Thief River Falls on a visiting tour and Mrs. Peder Sagmoen was also to consult a physician regarding a lip affection of her infant daughter.

Mrs. John Bloom left this morning for Viking to shop and visit between trains.

Thursday.

Axel Larson is at Hazel doing auto driving for cattle buyer, John Sorenson.

C. E. Helquist of Thief River Falls, accompanied by two children, Henrietta and Elmer, arrived here this morning to visit with his father, J. Helquist during the day.

Mrs. Henry Carlson and children arrived from Thief River Falls this morning to visit the remainder of the week with her parents, Mr. and Mrs. O. Lappegaard.

The F. G. Doles family motored to Strandquist today to visit with friends for a few days.

W. J. Gray and C. Storholm, motored up from Thief River Falls this evening on business.

Friday.

Mrs. J. Grippestead and daughter, Helen, arrived from Thief River Falls this morning and will visit with friends and relatives north of town.

Lydia Batten returned from her vacation trip to Minneapolis this morning and reports a splendid outing.

Mrs. Nels Rye, a former resident of this place, now of Thief River Falls, is at this place to renew old acquaintances. She arrived this morning.

Simon Gulseth left for Adams, N. D. today to work during harvest.

Jalmer Rafteseth is spending today at Warren to attend to business.

Mrs. Sievert Benson and two boys who spent last week with a brother, Peder Sagmoen and family, returned to their home at Thief River Falls today.

Mrs. H. Norwick returned from a few days' shopping and visiting tour to Thief River Falls today. She was accompanied by several of the Anton Remmem girls who will visit here for a while.

Mr. and Mrs. Victor Mosbeck are the proud parents of a baby boy who arrived last night.

Saturday.

Edw. A. Silverness left this week for Oslo, where he will visit relatives. He may stay there for some time to assist with threshing.

Miss Lilly Gunstad, of St. Hilaire, arrived here today to visit with her many friends over Sunday.

A. Larson went to Thief River Falls this evening to bring up Mrs. John Sorenson and daughter, Irene, who will visit with Mrs. Sorenson's parents, Mr. and Mrs. Martin Evenson, for a day.

A number of our young people attended a party at the home of Harvy Copp, south of Holt, this evening.

Misses Clara Nelson and Annie Bloom will leave today for North Dakota where they have accepted positions in cooking cars during the fall months.

A meeting of the farmers and threshers was held at the local school house this evening to discuss the prices of threshing, and the farmers set as their prices on all feed at 4 cents per bushel; wheat 6 cents and flax 12 cents and we understand the threshers were willing to accept on those conditions.

Misses Tena and Nina Westby left this week for Goodridge where they will make a three weeks' stay at the home of their brother, Martin Westby.

Sunday.

Willie and Ella Meyers and Lena and Frances Riedl of Steiner were in town this afternoon to call on their friends.

Carl Stromberg and family of Fordville, N. D. motored up today to visit with the Rafteseth families both in town and in the country.

Albert Vorseth and Mr. and Mrs. Selmer Haugen are spending today at Crookston visiting at the Oscar Blomberg home.

The B. P. Sagmoen families in company with L. L. Furan of Thief River Falls, motored to Goodridge today.

Young Peoples' Society.

The monthly meeting of the Rindal Young Peoples' society was held this evening and despite very rainy and muddy weather was quite well attended. The meeting was opened by President Inga Saugen, who also was instrumental in arranging the following program:

Song, in Norwegian by the audience.

Prayer, Rev. Geo. Larson.

Song, solo by Inga Saugen, organ by Celia Saugen.

Recitation, "On a Summer Eve," by Miss Ella Nelson.

Reading, by the President in commemoration of our already left and leaving soldier boys, and also introducing the new service flag with twelve stars that had been procured to ornament the church wall.

Song, by Rev. Gillesland of Maple Bay, Wis, to organ accompaniment by Miss Olga Thoreson.

Recitation, "Which Way Shall I Take?" by Miss Evelyn Saugen.

Song, "I Can Hear My Savior Calling," duet by Ella Nelson and Inga Saugen, organ by Celia Saugen.

Following this was given a short talk to the young people by Rev. Gillesland and the program was ended with the singing of the song, "I Want to See Jesus, Don't You?" by the Saugen sisters.

Election was also conducted at this meeting the President, Miss Saugen having enlisted as a Red Cross nurse and would not be able to serve any longer, and as her successor was elected Miss Synneva Sorenson. As program committee for next meeting was appointed Misses Isabel Sagmoen, Olga Thoreson and Cora Sevaldson, and as caterers Misses Sena Sevaldson and Clara Thoreson. Selmer Sorenson was elected unanimously for secretary. On request of Rev. Larson and motioned by Mr. Sorenson it was decided that the proceeds of the evening be turned over to the Lutheran Home Mission society. A part of the money previously in the treasury had been endowed to the American Red Cross. A dainty luncheon was served at the close by Mesdames S. Haugen and J. Rafteseth.

STEINER

Halvor Ristegan of Oslo, motored over here recently for a visit at the home of his son and daughter-in-law, Mr. and Mrs. Thorsten Ristegan.

Carl Kringsberg of Thief River Falls visited at the home of Mr. and Mrs. P. Liden on Thursday.

Two bands of Indians passed thru Steiner last Saturday and Sunday going north. They returned Thursday.

Miss Lena Reidl who is employed in the G. L. Leisner store at Steiner, spent a few days at her home north of here, assisting with the stacking.

Arnie and Alfred Solem spent Sunday afternoon with Julius Liden.

Miss Ingeberg Peterson Sundayed with her sister at Grand Forks.

Harold Haugen, Esther Hanson, Ellen Nelson and Carrie Haugen drove to Erskine Sunday.

City Council Proceedings.

Council Chambers, Thief River Falls, Minn.—

A regular meeting of the City Council was called to order by O. L. Ihle, President, at Eight o'clock P. M. Aug. 27th, 1918.

Roll Call: Members present: Froseth, Benson, Myhrum, Olson, Brandon and Ihle. Members absent: None.

Minutes of the meeting of Aug. 13th, were read and approved as read.

Moved by Brandon, seconded by Myhrum, that the Mayor's appointment of Mrs. P. W. Mabey to the library board to fill the vacancy of Mr. Fred Herrick whose term expired and Mrs. Emma Ward to fill the unexpired term caused by the resignation of Mrs. A. H. Fasel; and Mrs. Dan Shaw and Mrs. L. G. Larson re-appointed, their terms having expired. Motion carried.

On motion duly carried the Council adjourned.

O. L. IHLE,
President of the Council.

Approved Aug. 30, 1918.
G. A. PENNEY, Mayor.
Attest: A. H. Akre,
City Clerk.

RESOLUTION.

At a regular meeting of the City Council held August 27th, 1918, Alderman S. Brandon, seconded by Alderman M. N. Benson, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that the following bills be audited and allowed:

Current Fund.	
Street Commissioners' payroll	$164.45
Clarence Veven, witness fees	1.20
Paul Midderigh, duty as fire marshal	36.75
Bernt Wold, special police	6.00
Bert Norby, 1½ load of rocks	1.50
Andy Smith, special police	6.50
Bernt Wold, special police	10.50
Ole Finsand, carpenter work at Power Plant	6.00
Local Improvement.	
T. R. Iron Works, crossing plates	38.00

Attest: A. H. Akre,
City Clerk.

Citation for Hearing on Final Account and for Distribution.

Estate of Molly Jowison.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Molly Jowison, Decedent:

The State of Minnesota to James Harry Jowison and all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled; Therefore, You, and each of you, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 30th day of September, 1918, at Ten o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 29th day of August, 1918.

WILHELM MICHELET,
(Court Seal.) Probate Judge.
J. M. BISHOP,
Attorney for Petitioner.
s-5-12-19.

Citation for Hearing on Petition for Probate of Will.

Estate of A. E. Anderson.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of A. E. Anderson, Decedent.

The State of Minnesota to Karin Anderson, Clara Oxelia Scholin, Emil Larson, Betsy Sandberg, Thomas Larson and Richard Larson, and all persons interested in the allowance and probate of the will of said decedent: The petition of Clara Oxelia Scholin being duly filed in this court, representing that A. E. Anderson, then a resident of the County of Pennington, State of Minnesota, died on the 20th day of March, 1918, leaving a last will and testament which is presented to this court with said petition, and praying that said instrument be allowed as the last will and testament of said decedent, and that letters testamentary be issued thereon to Clara Oxelia Scholin.

NOW THEREFORE, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms in Thief River Falls, County of Pennington, State of Minnesota, on the 27th day of September, 1918, at 10 o'clock A. M., why the prayer of said petition should not be granted.

Witness, the Honorable Wilhelm Michelet, Judge of said court, and the seal of said court, this 3rd day of September, 1918.

WILHELM MICHELET,
(Court Seal.) Judge.
O. A. NAPLIN,
Attorney for Petitioner.

THIEF RIVER CO-OPERATIVE CREAMERY ASSOCIATION
Thief River Falls, Minnesota.

IT'S A SURE FRIEND

DID YOU EARN THAT MONEY? WELL YOU WORKED FOR IT, DIDN'T YOU? WHY CAN'T YOU PUT SOME LITTLE PIECE OF IT IN THE BANK EACH PAY DAY, SO THAT SOME DAY IT CAN WORK FOR YOU?

YOU WONT ALWAYS BE ABLE TO WORK; EVEN IF YOU ARE WELL. THEN IT WILL BE A FINE FEELING TO HAVE THE MONEY YOU BANKED, WHILE YOU COULD WORK, WHICH IS NOW. BANK IT.

COME TO OUR BANK.

FIRST NATIONAL BANK
THIEF RIVER FALLS, MINNESOTA

The Price to Be Paid for the 1919 Wheat Crop Has Been Fixed at $2.20

This means that all other products of the farm will be priced in proportion. For this reason special attention should at this time be given to housing and storing conditions. The farmer's residence, barn, silo and granary should be improved and enlarged so that not a bushel of grain or an ounce of other product is lost.

Another Important Matter

Winter is coming on and the heating question will soon require attention. FIX YOUR DOORS AND WINDOWS AND BUY LESS FUEL. It is not alone a matter of added cost and lessened comfort to allow the cold winds to blow through your buildings—the government asks you to conserve fuel by stopping the cracks.

Storm Sash Will Do It

Place storm sash on all openings and you will not only save their cost but will be vastly more comfortable all winter. Look after this matter now and come to us for your sash. We can supply almost any kind of door or window from our large stock. There will be nothing gained by delaying this matter. On the other hand, you will be money out from the day you start your winter fire unless your windows and doors are protected.

We carry everything in Lumber and all anyone carries in fuel.

NORTZ LUMBER CO.
23 South Main Ave.
Thief River Falls.

Protect Your Machinery

The old adage "A stitch in time saves nine" was never more applicable to anything than it is right now to your machinery. Don't let it depreciate in value by allowing it to stand out in all kinds of weather.

Build Your Sheds Now

and protect your machinery. It means money in your pocket and the satisfaction of knowing that when you want to use a machine it will not be rusted and out of commission.

Let us help you figure the cost of building a good implement shed. We have everything you'll need and at a price that means economy.

A. C. Tvedt & Son, Goodridge

NEW CREAMERY IS WELL PATRONIZED

OVER $6,000 PAID TO PATRONS FOR MILK AND CREAM DELIVERED.

For an institution that has only been doing business for a few weeks the Goodridge creamery is making a record of which the patrons and management have every reason to be proud. The report for the month of July shows the receipts to have been nearly $7,000, while patrons were paid a total of $6,259.90.

There were 47,374 pounds of cream received, the average test being .287, giving a butterfat production of 13,781 pounds. The amount of butter made was 16,330 pounds, of which 16,250 pounds was shipped to New York and 80 pounds sold at home. The receipts from the butter sent away amounts to $6,752.11 and that used at home to $70.81.

The disbursements for the month were as follows:

Paid patrons by check	$6,239.90
260 tubs and liners	143.00
Salt used	19.00
Fuel used	33.00
Oils and acids	7.50
Hauling butter	8.12
Sinking fund ½c lb.	81.56
Buttermaker's salary	125.00
Helper's salary	50.00
Secretary's salary	25.00
Ice used	30.82
Last month overpaid	40.02
Total	$6,822.92

Fine List of Patrons.

During the month there were 73 patrons of the creamery whose checks amounted to more than $40, which is a decidedly good showing for a new field. The average for these 73 patrons is practically $85.48. Following are the names and the amounts received by each one:

A. Hammersten	$125.61
Stuart McLeod	120.18
T. Hegtvedt	104.29
Casper Iverson	94.61

2t Erie, Minn.

Food QUESTIONS ANSWERED

FATS

Do American eat too much fat?

As a nation we have the reputation of being the greatest fat eaters and wasters in the world.

Why is it necessary to save fats?

Because fats have high value as energy-producing food of a sort specially needed by soldiers; and because they are needed in the manufacture of high explosives, for the lubrication of machinery, and for ointments.

Why are fats so important to Germany?

They are the essential food that Germany most lacks. Eating-fat in Germany not under government control costs from $3 a pound up.

Is it better to make soap at home or sell waste fat to the soap maker?

If possible sell to the soap maker. He can get glycerine as a by-product, and he will not waste lye.

What are the animal fats?

Cream, butter, lard, and fats of all animals.

What are the vegetable fats?

Olive oil, cottonseed oil, corn oil, and oil from nuts.

Why may vegetable fats be used more freely than animal fats?

Because the animal fats are needed for the Allies, and we have larger stocks of vegetable fats.

Is there any difference in the value of animal and vegetable fats in cooking?

No; vegetable fats are just as good as animal fats.

Is there any essential difference between fats and oils?

No, fats are solid at room temperature and oils are liquid.

Is our lard supply decreased?

Yes; the total production of lard in 1916-17 was 22,600,000 pounds less than in the previous year. It began to show decided increase in the spring of 1918.

How can we save fats, especially animal fats?

By frying less; by saving meat drippings; by using butter only on the table; by using substitutes for lard; by wasting no soap.

How much fat should an adult consume daily?

Not below 40 grams (about 1½ ounces) and many will prefer 50 grams (about 1¾ ounces) or 60 grams (a little over 2 ounces).

FISH

Is fish a "brain food"?

No more so than other foods. Fish contains a high percentage of phosphorus and when food values were first discussed this was credited as "brain" food. Phosphorus is no more a brain builder than other substances of which the brain is composed.

When is the best time to substitute fish for meat?

In the spring and summer when many varieties of fish are plentiful.

Is fish cheaper in warm weather?

Yes. Particularly in localities near the source of supply.

Which are more plentiful, the ocean or inland fish?

Ocean fish. The growth of large cities on inland rivers has brought into existence many mills and factories which pollute the waters and drive away the fish.

Which variety of fish furnishes the greatest food value?

The oily varieties, such as salmon and mackerel.

Where are these found in abundance?

Salmon on the Pacific coast, and mackerel on the Atlantic coast.

Why should we have frozen fish?

Because that makes it possible to have good fish in inland towns and cities.

Is frozen fish good?

Fish is frozen for market only when it is absolutely in good condition, and people should not fear to use it.

Should the fish be thawed out at the retailer's?

No; as soon as the fish is thawed out it deteriorates rapidly.

What should the housekeeper do?

She should insist on getting the fish frozen at the retailer's and keep it frozen until she wishes to use it.

How is the best way to thaw it out?

By placing it on ice in a pan in a cool place.

How long does this process take?

Several hours.

Is there a quicker way to thaw it out?

Yes; by putting it in cold water; never hot.

Should the water it is thawed out in be used?

By all means use the water if the fish is boiled; or use it for chowder. Some of the value of the fish goes into the water and is thus lost unless the water is made use of.

What are the advantages of cold-storage fish?

1. It brings good fish into large cities.
2. It standardizes the price of fish.
3. It lowers the annual price of fish.
4. It makes the transportation and caring for fish possible and safe.

Goodridge Local Items

School opens here next Monday, Sept. 9th.

Mrs. Victor McLeod was a Thief River Falls visitor Friday.

A. D. Mandt was a business caller in Thief River Falls Friday.

Mrs. Clara Gulrud was a Thief River Falls visitor Thursday.

Morgan Vaughan, one of our thrifty farmers, has a Fordson tractor.

Carl Lindstrom, our garage man, spent Sunday with his wife at Erie.

Miss Sarah E. Vaughan was a mid-week visitor in Thief River Falls.

Miss Caroline Melby of Thief River Falls is a guest at the Sam Rouze home.

Albin Johnson was in Thief River Falls Saturday, having dental work done.

Mr. and Mrs. M. O. Seavey were callers in Thief River Falls Saturday evening.

Harvesting is nearly over and threshing machine whistles will soon be heard.

Mrs. M. T. Thorsen and daughter Eunice visited in Thief River Falls Saturday.

Mr. and Mrs. Theo. Gilbertson left Saturday for the Twin Cities to take in the state fair.

Miss Edna Lien left Monday morning for her home in the southern part of the state.

C. V. Anderson of Baudette, Minn., is in town selling nursery goods for the L. L. May company of St. Paul.

Harvey Ferdinandson returned home Saturday from Canada where he has been working for the past year.

A number of our townsmen have been going out in the evening to help shock grain for the farmers who are short of help.

Miss Ruby Jensen left Monday evening for Thief River Falls where she will attend high school. This is her senior year.

Mrs. O. S. Kirklie returned Friday evening from Hawley, Minn., where she visited for ten days with her mother and sisters.

Prof. J. H. Hay returned to his home in Thief River Falls after several days spent helping harvest on his farm north of town.

Mr. and Mrs. O. D. Aasby were in town Wednesday evening. Mr. Aasby attended to business matters while Mrs. Aasby visited with her sisters, Mrs. M. T. Thorsen and Mrs. P. C. Halverson.

Miss Mildred Seavey returned Saturday evening from Austin, Minn., where she has been attending school this summer. She was accompanied by her brother Lawrence, who has been visiting there the past month.

Mr. and Mrs. M. McFarland and Mr. and Mrs. Daniel Shaw visited at the Morgan Vaughan home Sunday.

Mr. and Mrs. E. M. Bennes and children of Thief River Falls visited at the M. T. Thorsen home Sunday.

Rev. F. J. Seltz of Thief River Falls will conduct services in the German language at Goodridge in the Norwegian Lutheran church next Sunday at 10:30 a. m.; at Erie in the afternoon at 2:30.

Our soldier boys who left recently for camp, are getting along fine and think camp life great. Victor McLeod is at Indianapolis, Ind., while Owen Olson and Bennie Johnson are at Minneapolis at the University.

Coming—"Big Bill" Hart in one of his biggest pictures,
"THE BARGAIN."

Matinees Tuesdays, Wednesdays and Saturdays at 2:30; 6c and 15c. Evenings, 7:30 and 9:05; 11c and 20c.

ANOTHER ATTEMPT TO SHIP IN SHEEP

FARMERS INTERESTED ASKED TO TAKE THE MATTER UP WITHOUT DELAY.

County Agent R. P. White says that last year there was a considerable effort made on the part of the Commercial Club to bring into Pennington county a carload or two of western sheep. Many of the farmers at that time expressed their willingness to co-operate, and showed their desire of going into the sheep business on a small scale. The farm bureau has decided to see what the sentiment is this fall along the same line.

Several of the northwest counties through their farm bureaus, are planning on the purchase of several carloads. The plan is to secure the services of one of the leading experts from the university farm and sending him into the Dakotas and Montana to pick up and consign these sheep. In this manner good ewes could be secured at a reasonable figure.

Men who have experience in raising this class of stock in this county state that a sheep will pay for itself during the first year. Those who purchased sheep last fall and winter have secured one clipping of wool and a lamb. This has paid their original expense and netted a nice profit besides.

Would it not be a good plan for more of the farmers to take up the raising of sheep? They require little labor and make as large returns as any class of live stock. Western ewes crossed with a pure bred Shropshire ram give splendid lambs.

There are thousands of acres in this county that could be utilized a greater part of the year as sheep pasture and every farmer in the county who does not raise sheep would be benefitted by the addition of a few head.

Anyone wishing to purchase western sheep this fall should notify the farm bureau office so that plans may be developed for the securing of the same.

AUGUST WAS BUSY MONTH FOR COURT

SEVEN ARRESTS IS RATHER ABOVE AVERAGE FOR THIS BURG NOW.

August was a particularly busy month in the municipal court. Judge Tarrant had to put the fear of the law into five men charged with being drunk and was also rather rude to two auto speeders. Five drunks is more than have been up in any one month previous this year and the blame is laid at the door of those who advertised that the Red Lake Falls saloons would be closed. Tipplers who saw in this action a curtailment of future supplies proceeded to load up with all they could hold as a provision against the coming period of severe drought. Two of the culprits were followers of the carnival company which played here during the three days of the fair.

The auto speeders gave their names as John Doe and Richard Roe, but it is suspected they were mistaken. They were fined $5 and costs, receiving a warning to pay a little more attention to speed regulations in the future, this last costing them nothing.

HOSPITAL NOTES

Those who entered the Physicians' hospital during the week up to this morning are as follows: Miss Olga Bakke, Newfolden; Olaf Howard, Highlanding; Leonard Erickson, city; Mrs. Abbie Wasgren, city; Mrs. Vern Marcoe, city; James Christenson, Goodridge; Miss Judith Skogerboe, city; Alfa Skogerboe, city; Lynn Barnard, city; Viola Beard, city; Mabel Knutson, Holt; Benjamin Keener, Oklee; Virginia Wengeler, Mylo, N. D.; Louise Hanson Newfolden; Mrs. Beatrice Welch, city; Ralph Lieberman, city.

CITED FOR BRAVE CONDUCT AT FRONT

FORMER THIEF RIVER FALLS BOY RECEIVES LETTER OF COMMENDATION.

Vernon L. Anderson, son of V. G. Anderson, the latter a few years ago the superintendent for the Northwestern Drainage company in this city and who is well remembered by many of our people, has been cited for bravery in action on the western front. Young Anderson was known as "Lyle" while a resident of Thief River Falls while his father was generally referred to as "Doc." He is 23 years old, a graduate of South high school in Minneapolis and was on the Mexican border with the American troops. When war was declared he was among the first to enlist in this city.

The commendation was accompanied by a short note written at Base Hospital 31, France, on July 31. The father sent both communications to J. J. Richter of this city, a friend of the family. In the letter Private Anderson says:

"I intended to write you sooner but was unable to do so as I stopped a bullet and it left me in poor condition for writing. The bullet entered just above my left ear and came out through my jaw, fracturing the jaw bone. I am getting along nicely now, although my teeth are wired together and I am living on a liquid diet."

The letter of commendation is signed by Raymond Sheldon, Lt./Col. General Staff, and is as follows:

"American Expeditionary Forces, Headquarters Third Division, June 22 1918.

"From Chief of Staff, Third Division, to Second Lieut. William H. Haynes, 38th Infantry:

"Thru Commanding General 6th Brigade—Subject: Commendation.

"1. The division commander directs me to convey to you, the officers and men who accompanied you on the patrol across the river Marne on the night of June 18, 1918, his appreciation and thanks for the service rendered.

"2. The mission was ably carried out, was entirely successful in capturing prisoners, and the information gained from them has proved of great value to the army.

"3. The regimental commander states that the raid was well organized and efficiently handled and succeeded in its mission.

"4. The operations of the patrol have been announced in Division General Orders. You will see that a copy of this letter is furnished to each member of the patrol who crossed the river Marne.

"Copy to Pte. Vernon L. Anderson."

PRIZE RED POLLS OWNED IN COUNTY

DERIVED FROM FINEST STRAIN TO BE FOUND IN THIS COUNTRY.

William Novak of Black River township, exhibited at the Red Lake County fair last week three Red Polled cattle which were bred for showing quality and production. All three were prize winners, one of the heifers and the bull taking the sweepstakes as dual purpose cattle.

The bull, Abas Proctor, is rich in the blood of Proctor Knott, America's leading Red Polled sire of A. R. daughters, sire of Jean DuLuth's Beauty, the world's champion Red Polled cow, with a record of 20,280 pounds of milk, 891.5 pounds of fat and 1,114 pounds of butter, and winner of the gold medal offered by Great Britian and Ireland.

The heifer, Estella, has the same line of breeding as the great cow, Pear, (which has a record of 707 lbs. of butter fat) and also of Lady Golden, which holds the world's record as a three-year-old.

Galvo, the second heifer, is a daughter of Gezella A. R.; Jean DuLuth's show crow, with a record of 430 pounds of butterfat in one year, and sired by Teddy's Best, A. R.

WET WEATHER AND FROST UNWELCOME

GARDENS INJURED AND HARVEST WORK RETARDED DURING PAST WEEK.

Gardens everywhere were nipped and it may be that corn was injured some by the untimely frost that visited this section on Monday and Tuesday nights. No reports of serious damage has as yet reached here and the greatest sufferers so far as known are the gardeners in the city. Cucumber vines, tomato plants and beans failed to stand the onslaught and the total loss is considerable, even, though slight in each instance.

The weather has been consistently wet without its raining to amount to anything. This kept the threshers generally idle on Monday and Tuesday, but yesterday they again managed to get started in some quarters, although the grain was not in the very best of condition. No damage was done outside of the delay.

Railroad men report that in Dakota it has rained steady for almost a week and work has been held up until the loss is considerable.

Win Auto Races; Speed or Crawl

Four squads of Company C went down to the Red Lake county fair last Thursday and put on a short drill for the benefit of the spectators. The attendance was not large, it being the last day of the fair, but those present seemed to have a good time. The greatest interest centered in the two automobile races—one speed race for men, and the other a slow race for women. Mr. and Mrs. A. C. Sapero of this city won both with their Overland car. Mr. Sapero got by on a fluke in the speed race, his opponent stopping before the last lap was finished although he was ahead nearly all the way. Mrs. Sapero, however, certainly showed them all how to go slow. She could have taken longer in getting around the track but happened to think of something she wanted to do at home that same week and speeded up somewhat. The prize money in each case was donated to the Red Lake county chapter of the Red Cross.

A tug of war between Company C members and a picked team from Red Lake Falls resulted in a victory for the latter, although for a long time it was nip and tuck.

Teachers at Plummer.

(Pioneer)

The new school building is nearly completed and it is hoped that it will be ready for occupancy before the middle of September. There will be four instructors the coming year, namely: Miss Hazel Baseman of Hutchinson, Principal; Miss Caroline Graham, Moorhead, advanced grades; Miss Marie Erickson, Thief River Falls, intermediate grades and Miss Bertha Erickson of Thief River Falls, Primary teacher and also Domestic Science and sewing. Miss Baseman will also teach first and second year high school work and Manual Training and Agriculture.

Registers Kick.

In some manner the report of the prize winning stallions at the county fair was mixed up in the report of The Times and G. W. Eastman calls our attention to the fact. He states that his coal black Percheron stallion received the first prize and that the horse is not called "Belgian." The mistake was no doubt made by reason of the Belgian stallion owned by the Farmers' association also receiving a blue ribbon. Besides numerous awards at county fairs, Mr. Eastman's horse also has the honor of having taken the sweepstakes prize at the state fair.

Two in Wounded List.

Two Pennington county soldiers, both credited to St. Hilaire, were reported among the wounded in action on the west front during the past week. Tim Ensvold's name appeared in the list on Sunday and that of Carl A. Nelson on Wednesday. The records of the Civilian Relief committee does not show either of these men as having gone from this county and it is probable that they were residing in some other place at the time of their enlistment. They are not national army men and must therefore have volunteered some time ago.

May Go on Platform.

Mrs. H. W. Froehlich is in Minneapolis this week for the purpose of attending a two-day speaker's institute at the Y. W. C. A., having been called there by the state chairman. The directors have asked Mrs. Froehlich to go on the platform in aid of the war activities undertakings of the organization and it is probable that she will decide to do so. It is for the purpose of acquainting herself thoroughly with the work expected of her that she is now in the cities, together with all those who are expected to take an active part in the program outlined for the near future.

Card of Thanks.

We wish to express our sincere thanks to the many kind neighbors and friends and the members of the senior class of 1918, who assisted us during the illness and after the death of our beloved daughter and sister, and for the many beautiful floral offerings.

—Mr. and Mrs. E. F. Culver and family.

VAST SUM ASKED FOR NEXT LOAN

PENNINGTON COUNTY EXPECTED TO RAISE $420,000 IN 4th LIBERTY CAMPAIGN.

OVER TWICE FORMER SUM

ATTEMPT BEING MADE TO SECURE REDUCTION OF UNREASONABLE ALLOTMENT.

Pennington county's share in the Fourth Liberty Loan has been placed at $420,000. This is $235,000 more than was asked for in the third loan and $115,010 more than was raised on that *occasion. The allotment is* regarded as being excessive and out of reason by nearly everyone who is acquainted with the conditions in this section of the state, besides which the figure seems to be out of proportion when compared with other counties.

Presenting the Facts.

An attempt will be made to have the allotment reduced. C. L. Hansen, chairman, and L. A. Lampert, vice chairman of the Fourth campaign, accompanied by George C. Johnson, who had charge of the previous drive, are in St. Paul for the purpose of taking the matter up with State Chairman Rogers. They will make such presentations as they hope will have the effect of making the allotment board see the injustice of asking our people to subscribe any such sum at this time.

History of Past Loans.

Owing to the crop and business conditions in the county the first two loan campaigns failed to produce the amount alloted to our people, there being only in the neighborhood of $160,000 subscribed for the two issues. When the third campaign was announced things had begun to look up somewhat and it was decided to make an extra effort. So well did this succeed that the amount was raised on the first day and before the end of the campaign there was an oversubscription of $119,100. Now, however, we are asked to raise $115,090 more than even this amount, which is a sum larger in itself than the total collected in the second campaign.

Practically Impossible.

That it is practically impossible to secure any such amount is certain, and if it is insisted upon is liable to have the effect of discouraging our people and making the subscriptions smaller than would otherwise have been the case. There is a certain stimulus about a community's reaching its allotment or going over the top which is missing when it is realized from the outset that the task is impossible of accomplishment.

Will Go Right Ahead.

However, if the allotment cannot be reduced our people will go ahead and do the best they can. Chairman Hansen has already appointed his assistants and will be ready to launch an active campaign as soon as he returns. The district chairmen selected are as follows: First district, W. B. Fuller, Thief River Falls; second, K. O. Gigstad, St. Hilaire; third, Paul Borgie, Hazel; fourth, Thos. H. Smith, Mavie; fifth, Nick Bundhund, Goodridge. These district chairmen will appoint their own solicitors and sectional chairmen.

PAY FAIR AWARDS WITH BABY BONDS

NEARLY ONE THOUSAND DOLLARS WORTH ARE USED FOR THIS PURPOSE.

Secretary N. W. Tarrant has this week sent the premium money awarded at the Pennington county fair to the parties adjudged to have been the winners in the different divisions. Instead of the cash however, Thrift Stamps and Savings Certificates were mailed to a total of $947. It was early decided that the premiums this year should be paid in the shape of government securities and the plan met with the unqualified approval of the exhibitors.

The largest amount of certificates went to members of the F. B. Conklin family, there $80.50 worth being divided. Albert Johnson was next high, he receiving $69.50, while Mr. and Mrs. Harry Woolson came third with $57.50. From this last sum the amounts tapored down to the little 25 cent prizes, the total number sent out being 180. This makes the average award practically $5.25.

OUR SCHOOLS OPEN WITH 1159 PUPILS

OLDER CHILDREN HELPING ON FARMS CUTS DOWN ENROLLMENT.

The total enrollment in the Thief River Falls schools at the opening of the term was 1159, distributed as follows: High school 306; Washington, 176; Central, 168; Knox, 233; Northrup, 276. In the high school the pupils were divided into the following classes: Seniors, 55; juniors, 61; sophomores, 85; freshmen, 102. Out of the total of 306, 79 were nonresident pupils, leaving 227 belonging in the district.

Following is the enrollment in the different rooms of the graded schools: Washington—First, 31; second, 28; third, 34; fourth and fifth, 31 and 12; fifth and sixth, 18 and 22. Central—There are three divisions each in the seventh and eighth grades in this school, the enrollment in each being as follows: Division 1 of seventh, 23; division 2, 27; division 3, 22. Division 1 of eighth, 31; division 2, 25; division 3, 29. There are 15 pupils in the first grade room in this building. Knox—Sixth, 33; fifth, 37; fourth, 25; third and fourth, 11 and 11; third, 32; first and second, 17 and 12; second, 23; first, 32. Northrup—First, 31; second, 37; second and fourth, 19 and 15; third, 42; fourth, 36; fifth, 36; fifth and sixth, 15 and 12; sixth, 32.

While the total enrollment shows a falling off of 58 from the corresponding period last year, it is certain that this will more than be made up later in the season. Many more boys and girls are being used to help work on farms this year than ever before because of the labor shortage and a very considerable increase in the attendance may be expected as soon as these are released and again resume their studies.

SUDDEN CALL FOR MOTHER OF EIGHT

DROPS DEAD HERE WHILE ON WAY TO JOIN HUSBAND IN NORTH DAKOTA.

Mrs. Frank Stone, enroute from Federal Dam to join her husband in Dakota, dropped dead on Atlantic avenue in this city on Friday evening. The cause of death was nephritis.

Deceased was accompanied by six of her eight children upon her arrival in this city, but at the time of being stricken was alone. While walking in front of the O. D. Ostby residence she was seen by Mr. Ostby to fall to the sidewalk. He rushed to her aid and was joined by M. C. Burns who telephoned for a doctor. She was still alive when the men reached her but expired before medical aid arrived.

Inquiries were at once instituted to locate the husband, but all inquiries thus far have failed to bring word from him. Two older boys, Roy and Floyd, were at work in Fairdale, N. D., and J. W. Graves, a brother of the dead woman, living at Faribault, were also notified. It was decided to bury the body in the cemetery here and the funeral was held from the Presbyterian church on Wednesday afternoon. Mr. Graves took the younger children back to his home.

The city authorities expended every aid to the stricken family and saw that the children were well looked after during their stay here.

SIX MEN TO LEAVE FOR SERVICE SOON

TWO WHO FAILED TO REACH HERE IN TIME WILL BE SENT NOW.

Men are leaving for the purpose of entering the military service so fast these days that it is almost impossible to keep track of anything but the larger contingents. During the coming week six are now scheduled to leave and this number may be increased. Two men who should have gone with the last bunch to Camp Dodge have just put in an appearance and will be sent at once. Being late is not their fault as one was in Saskatchewan and the other in Montana and it takes time to get a notification to them in such case, particularly if they shift around to any great extent. Registered men are supposed to keep local boards notified of their location at all times, but sometimes shifts are made so quickly that this is impossible. The fact that not a single man has yet been lost from Pennington county proves that as a general thing they are very prompt in following out the rules laid down for their guidance.

On Monday night Ernest Douglas Arthur of St. Hilaire leaves for Ft. Snelling on limited service. Next Thursday Samuel Rouse of Goodridge, Ben Borgen, city and Ernest H. Johnson of Wylie leave for Dunwoody Institute for special service instruction. This, so far as now known, completes the requirements for the present month.

A Dangerous Pet.

Nels Christianson of the Thief River Grocery company has a new pet in the way of a big tarantula which was discovered in a bunch of bananas sent to the house the other day. The ugly brute was in a comatose condition from the cold when he arrived but livened up remarkably when placed on top of a radiator in a glass jar. It is the biggest specimen ever seen in the city and is not a bit pretty.

If tropical reptiles and insects keep on coming there will soon be enough to start a zoo. The past summer a good sized specimen of diamond backed adder was found in a banana shipment and a little while later George Christo found a tarantula.

WHEAT YIELD OF 51 BU. PER ACRE

THIS IS RECORD ON PENNINGTON COUNTY FARM OF G. W. HOOPER.

GENERAL AVERAGE IS 21

THRESHING REPORTS FROM 33 FARMS SENT IN ON AUGUST 21.

G. W. Hooper, located on what is known as the old Jim Hill experimental farm near St. Hilaire, will receive $1,530 for the wheat harvested on a field of 15 acres. This is one of the best yields yet reported from any section of the Northwest.

On the Math Barzen farm just at the southern edge of the city limits a detailed record was kept of different sections of a 54 acre field. The average for the entire plot was 37 bushels to the acre, but two acres on which a most unusual stand was noted threshed out 120 bushels, or 60 bushels to the acre, while nine acres yielded an average of 50 bushels. On the same farm the oat crop was so heavy that it shelled badly in the harvesting.

According to the report telegraphed in to the United States Food administration by County Agent Ross P. White on Sept. 1, this field yielded 51 bushels of high grade wheat, this fact being certified to by the thresherman. The plot last year was in corn and potatoes.

Report on 1,275 Acres.

The government requires that county agents report on all grains threshed up to the first of each month. Mr. White was able to send in the returns from 33 farms in the county, comprising 1,275 acres. The request calls for the report on wheat only at this time. This showed that during August the amount threshed out was 26,725 bushels, or an average of a little more than 21 bushels to the acre, which is decidedly good when covering a district as large as Pennington county.

Other Good Yields.

The region about St. Hilaire seems to have been particularly favored during the past season, a number of good reports being turned from there. K. O. Gigstad cut one field of six acres from which he received 209 bushels, or an average of 35 bushels to the acre. John Roberg in the same neighborhood secured 726 bushels from 24 acres, his average being 30¼. Mrs. Anton Aubol, also residing near St. Hilaire, cut a 33-acre field which threshed out 609 bushels, her average being 33 bushels.

Besides these there are numerous yields of from 25 to 30 bushels reported. No further authentic figures will be obtainable until Mr. White's next report, which will be sent to the department on Oct. 1.

Corn Doing Well.

The general impression prevailed that the two cold nights of last week had seriusly damaged the corn crop of the county, but such proves not to be the case. Mr. White figures that with two weeks of good ripening weather before another severe frost the crop will be saved and the farmers of the county will be able to continue the interrupted campaign for a home-grown corn supply.

RED CROSS WHEAT WORTH NEAR $6000

PROBABLE AMOUNT PENNINGTON COUNTY CHAPTER GETS THROUGH DONATIONS.

If the wheat yield for the present year averages 21 bushels per acre for Pennington—and it promises to do better than that—the Red Cross chapter will be the gainer by just $5,664. This is the amount of money represented by the wheat that will be cut from the plots donated to the chapter by liberal and patriotic farmers. At the close of the campaign it was estimated that the value of the donations of farm produce of all kinds would perhaps total $10,000, and wheat alone promises to account for more than half of this. Oats, rye, barley, flax, potatoes, calves, pigs, sheep and cordwood were among the other products pledged and wheat by no means represented even one-half the total acreage of grain.

Nearly a Quarter Section.

The Red Cross will be entitled to the proceeds from 134¾ acres of wheat. Should the present average of 21 bushels be maintained this will mean a total of 2,832 bushels, which, at $2.00 per bushel, will provide just $5,664 as working capital for the Red Cross chapter and its auxiliaries. There is no good reason for supposing that it will fall below this figure and it is very probable that it will be higher.

Live Stock at Show.

The present intention is to turn the live stock donated into cash at the time of the stock show in this city on Oct. 16 and 17. The calves, sheep and pigs can at that time be brought in and should bring good prices. As it is expected that there will be a large number of people in the city it may be decided to auction this stock off, but this has not yet been definitely decided upon.

But whatever the plan employed for disposing of this class of products, the grain will be sold through the general channels and will go at the prevailing prices. The proceeds should give the chapter a working fund second to none in this section.

SEWING AT RED CROSS HEADQUARTERS RESUMED

Red Cross workers are notified that sewing activities have again been taken up and that sessions are held at quarters of the organization in the Auditorium every afternoon. It is hoped that the work will continue without interruption and that all the women who possibly can do so will attend.

LOOKING OUT FOR ESCAPED PATIENT

AXEL BLOM EVADES HIS GUARDS AT ROCHESTER ASYLUM.

Axel Blom, a young man committed to the insane asylum at Rochester by Judge Wilhelm Michelet about a month ago, escaped from that institution on Saturday, according to word received by Sheriff W. J. LaBree, who was warned to look out for his return. The officials evidently figured that sooner or later he would make his way around to Rosewood, at which place his people reside.

The authorities here have not been notified of his recapture, although this was expected to prove only a matter of a short time. The young man seems to have succeeded in eluding all pursuit and his present whereabouts is a mystery.

Blom was not dangerously insane and no fear is entertained that others will come to harm through his being at large.

HAS GOOD REPORT OF OUR CITIZENS

DR. HUENENKEN SPEAKS IN HIGH TERMS BEFORE STATE SAFETY COMMISSION.

Thief River Falls and Pennington county are being brought to the attention of persons high in the councils of the state in more ways than one just now. The latest person to sing out praises to the outside world is Dr. Huenenken, who conducted a baby clinic here on behalf of the State Commission of Public Safety a couple of weeks ago. In submitting his report of the work accomplished and commenting on its probable value he held Thief River Falls up as an example. He stated that the clinic held here was the best so far conducted in the state, the attendance and interest being so much better than that found in other communities visited by him that the difference was most noticeable. So well pleased was he with the result of his mission that he has decided to return within a month to still further extend the work.

Mrs. Florence Lee, the community nurse who weighed and measured the babies of the county during welfare week, said very much the same thing in the report submitted by her.

Last week Sergt. Vye, representing the State Food Administration, was in the city and he found things so greatly to his liking that he was enthusiastic in his praise of our people.

Others who have had occasion to note the excellent spirit prevailing here have testified to the same thing. A reputation of this kind is also worth while in these strenuous times.

BOYS ASKING FOR SMILEAGE BOOKS

HOME FOLKS ARE REQUESTED TO SEE THAT THEY ARE SUPPLIED.

D. P. O'Neill, vice president of the America First association, has received requests from Pennington county boys for Smileage Books. Those sending in these requests are Knut T. Berg and Clarence Mennis, Erie; Arthur T. Olson, Highlanding, Camp Grant, and one man located at Camp Pike, Ark.

The Commission on Training Camp activities of the war department, has furnished the soldiers with cards for them to fill out, requesting the folks at home to supply them with means of entertainment. From headquarters of the America First association, St. Paul, the cards were sent to each county in the state from where the soldiers had gone, and each locality should see that its boys are supplied with what they need.

Interest in this important matter seems to have died down somewhat of late and the America First association is trying to revive it. Boys in camp at the present time require entertainment just as much as those who went there a year ago and there is no good excuse for slighting them. The books may be obtained at the postoffice.

REGISTRANTS TO BE CALLED SOON

CERTAIN CLASSES AMONG THOSE ENROLLED TODAY MAY GO IN OCTOBER.

MAYOR IS FIRST ON LIST

ABOUT 400 REPORT IN THE CITY BEFORE HOUR OF REGISTRATION.

Mayor G. A. Penney was the first man to put his name down with County Auditor T. P. Anderson as coming within the age limit under the *new selective draft regulations.* The mayor, together with some 400 others, registered before the official opening of the booths, which was at 8 o'clock this morning, as he was not certain of being in the city today. Most of the others who took advantage of the provision permitting their registration beforehand were railroad men and farmers. Indications are that the number of registrants in Pennington county will be fully up to the estimate of Mr. Anderson, which was somewhat higher than that of the adjutant general's department.

Those Called First.

Provost Marshal General Crowder has announced that the first call to the colors of those who register today will include men in the 19 and 20-year-old classes and in the classes from 32 to 36 years inclusive.

Questionnaires will go first to registrants within these specified age limits and local boards will be ordered to classify them first in readiness for calls beginning in October.

Young men in the 19 and 20-year classes, General Crowder said, will be accepted for induction into the students' army training corps.

He pointed out that the authorized strength of this corps is only 150,000 men, whereas the total number of registrants below 20 will be more than 3,000,000.

Fewer Over 32.

The general pointed out that the total number of fit men which he expected to be secured from the classes over 32 was only 601,000.

General Crowder also issued an appeal to employers to assist in the presentation of claims for occupational exemptions. He said no estimates could be made as to the number of men who ought to be exempted because of their occupation.

BREW NO BEER IN U. S. AFTER DEC. 1

SENATE PASSES BONE DRY BILL —NEAR BEER MAKERS ARE WARNED.

Manufacture of beer in the United States will be prohibited after December 1 next as a war measure. This announcement was made on Friday by the Food Administration, which said the decision had been reached at conferences between President Wilson and representatives of the fuel, food and railroad administrations, and the war industries board.

Factors which influenced the decision to prohibit the manufacture of beer after Dec. 1, the food administration announced, were "the necessity of war industries for the whole fuel productive capacity of the country, the considerable drought which has materially affected the supply of feeding stuff for next year, the strain upon transportation to handle necessary industries, and the shortage of labor caused by enlargement of the army program."

Warning also was issued to manufacturers of all beverages and mineral waters that for the same reasons there will be "further great curtailment in fuel for the manufacture of glass containers, of tin plate for caps, of transportation, and of food products in such beverages."

Action along this line, it was said, had been expected by the brewing interest in view of the fuel administration's order of last July 3 reducing coal consumption of breweries 50 per cent and a warning that they might not be able to continue in business.

GOVERNMENT NEEDS MANY FRUIT PITS

ASKS BOYS AND GIRLS TO HELP GATHER THIS WAR MATERIAL.

Poison gas is one of the most effective agents of kultur employed by the German army. It stings, blinds and kills. For this reason it was a most acceptable weapon of Hun warfare. Carbon or charcoal made from fruit pits and nut shells will neutralize it.

This opens up a new field of war activity for the boys and girls of the country. The division of education at Washington has asked County Superintendent E. A. Mostue to bring the matter before the pupils in his jurisdiction and ask them to form clubs for the collection of pits and nuts. The matter is one of very great importance as no gas mask is effective against the fumes used unless it contains the protecting carcoal made from these substances. The following kinds are wanted: Peach, apricot, plum, cherry and prune pits and the shells of hickory nuts, butternuts and walnuts.

The department also sends instructions for the gathering of these articles as follows: Select a leader and give publicity to the campaign. When the pits begin coming in dry them thoroughly and bring them to some central collecting station and notify the Chemical Warfare Service, Washington, D. C., when shipping instructions, bills of lading and bags will be sent.

For the purpose of aiding the school children in the collection of fruit pits, Mayor Penney has had a barrel placed at the Auditorium into which the pits may be dropped. Carrying a peach stone in your pocket or clearing the *breakfast or* supper table of prune stones and depositing them in a barrel may not seem like a very effective way of helping win the war, but the government would not go to the trouble and expense of sending these notices broadcast if it were not important. Let us all try and see how fast we can fill up the barrel.

WAR TRAINING FOR COLLEGE STUDENTS

WILL BE PLACED ON MILITARY FOOTING AT ONCE UPON ENTERING.

Recent congressional action makes it evident that the entire nation is going to be organized on a war basis and to help along this movement the Students' Army Training Corps has been organized. Units in this state have been established at the following colleges besides the university: Hamline University, St. Thomas college and Macalester college, St. Paul; Carlton college and St. Olaf college, northfield; Gustavus Adolphus college, St. Peter.

Concerning the military status of the student who joins the S. A. T. C. the statement sent out by the committee of college representatives says:

"The student who joins the S. A. T. C. will be a soldier in the United States army. He will be in no sense in a deferred class but will be placed on "full active duty" and receive the pay of a private ($30.00 a month.) Consequently he will be under military discipline for twenty-four hours of the day. He will wear the U. S. uniform at all times. His housing, subsistence, and instruction will be paid for and his uniform and equipment will be provided free of charge by the War Department. No student who joins the S. A. T. C. can live at home, or in a fraternity or boarding house. Quarters will be provided by the University."

Any young man contemplating entering any of the above schools should advise the registrars at once in order that arrangements for his housing, subsistence and instruction may be made. Action is imperative and those who are prepared to enter college but for some reason or other have not done so should make a special effort to do so now.

Two Small Fires.

The department was on Wednesday called to the residence of Peter Neuman in Porter's addition to put out a blaze that had started from a defective stove pipe. Mr. Neuman is an old soldier and being rather feeble was unable to cope with the fire himself, although it did not amount to much. The damage was perhaps $150.

A chimney fire at the residence of Ole Olson on Kendall avenue gave the department a run shortly after dinner yesterday. The damage was practically nothing.

Your Subscription, When Does It Expire?

Look at the yellow address label which is pasted on the front page of your paper, which shows you the date your subscription expires.

THE WAR INDUSTRIES BOARD at WASHINGTON, issued the following ruling:

"ALL NEWSPAPERS MUST DISCONTINUE SENDING PAPERS AFTER DATE OF EXPIRATION UNLESS SUBSCRIPTION IS RENEWED AND PAID FOR."

Times readers should watch their date labels and renew promptly before their subscription expires, thereby not missing a single issue.

Look at Your Label and Renew Today

All Subscriptions are Stopped the Day They Expire.

The Times Company

WAR TROPHIES FROM THE FRONT

WILL BE DISPLAYED IN THIEF RIVER FALLS ON MONDAY EVENING.

TO AID LOAN CAMPAIGN

PEOPLE WILL HAVE CHANCE TO SEE CAPTURED EQUIPMENT OF ALL KINDS.

The most remarkable display of modern war material ever exhibited at one time will arrive in Thief River Falls on *Monday evening* and will be open to inspection by our people on the Soo tracks from 8 o'clock until 11:30. There are three complete carloads of guns, ammunition, bombs, gas masks—everything that goes to make up the fighting equipment of a modern army.

Visitors at the state fair this year say that one of the most interesting exhibits there was that in which the machinery of warfare was displayed, and the one that is coming to Thief River Falls is far larger and more varied than the one at the fair. According to word just received from St. Paul a vast amount of material not included in the fair exhibition has since arrived and will be added to that which is to make a tour of the country.

Accompanied by Band.

The naval band from the training station at Great Lakes will accompany the exhibit and will furnish music during the evening. This organization contains 25 selected musicians and is one of the finest in the country for its size.

Citizens Will Parade.

The object in sending this exhibit out at this time is to help focus interest on the importance of subscribing to the Fourth Liberty Loan. At least three speakers of national renown will accompany the exhibit and will address the people during its stay here. In order that everyone may be made aware of the fact that something of an unusual character is taking place it has been decided to have a big patriotic parade as an opener for the proceedings. People from the country are expected to come in by the hundreds as a like opportunity may never again be offered them to see a similar display of war-making implements. These will also be asked to join in the parade in order that it may be thoroughly representative.

No charge is made for admission to the cars.

BOYS APPRECIATE KINDNESS SHOWN

LAST BUNCH TO LEAVE SEND BACK LETTER THANKING CITIZENS.

Never yet has there a contingent of young men left Thief River Falls to join the army but what some member has sent back a letter of appreciation for the manner in which they were treated just before leaving. A short time ago a bunch left for Camp Grant and a collection was taken up to supply them with smokes and such things on the way. P. J. Keating was the chairman of the committee in charge of the collection on this occasion and has received the following letter from G. I. Richardson, who speaks on behalf of the others also:

"The boys' wish to thank you and all our friends who so generously contributed to our comfort and convenience in so large a measure by your contribution of tobacco, candy, gum, etc. We feel sure you are backing us and most certainly appreciate it. Kindly convey our sincere thanks to the folks who did their part so well."

The letter is dated "Enroute to Berlin."

Healthy State For Babies.

Mrs. J. M. Bishop, county chairman of the council of national defense, has received a communication from headquarters asking for certain reports and containing the information that Minnesota is next to the healthiest place in the world for babies. New Zealand stands at the head with only 50 deaths out of every thousand babies born and Minnesota comes next with 70 out of every thousand. For comparison the statement is made that in England at the present time the baby mortality is 93 per thousand while before the war forced the officials to look into the causes for this condition the death rate was 108. The child welfare campaign now being conducted will put Minnesota ahead of New Zealand in the opinion of the council heads.

Reported Killed in Action.

Mrs. P. H. McAndress this week received word from her home in Grand Forks announcing that her brother, George Zengel, who has been overseas for the past year, had been killed in battle. The report, however, was only unofficially confirmed and the Grand Forks war bureau has started an investigation.

Letters from the BOYS

OUR BOYS ARE IN THE THICK OF IT

LETTERS FROM FRANCE SHOW THEY ARE ENGAGED IN ACTUAL FIGHTING.

DELAYED LETTERS ARRIVE

LARGEST BATCH YET RECEIVED AT ONE TIME COMES TO HAND.

Something like two million pieces of mail arrived in New York from the American soldiers in France last Thursday night and were scattered out among the different communities of the country as fast as possible. *Thief River Falls* received its quota on Saturday and many anxious hearts were made happy in the knowledge that in spite of the strenuous times of which they had been reading the one soldier in whom the recipient was most interested was not among the missing. Nearly every home from which a soldier has gone received a letter, the dates of which extended over quite a period, showing that it had been found impossible to get them across as fast as they were received.

One of these letters is from Herbert M. Hanson, son of Mr. and Mrs. S. A. Hanson of this city, who is with the 21st field hospital train. As is the case with most of the soldiers, he believes that the war soon will be over as the Germans are being beaten on every hand. Speaking of his hospital work he says: "We have been receiving a great many shell-shocked patients lately, but our boys sure have been driving the Germans back. We are not so very far from the Belgian boundary and a great many of our men think that after the Germans have been driven back onto their own territory they will quit. Our boys have been fighting in the hills for some time and trying to get across a river. The other night they succeeded and started the Germans going backward. One of the infantry men told me that the whole river was just one mass of barbed wire entanglements so that crossing was decidedly difficult. The German snipers were concealed in the trees all along the bank and kept up a damaging fire.

"Some of the boys are almost crazy from shell shock when they get here. A couple of nights ago there was some pretty heavy shell firing going on and the patients wouldn't lay still for a second as they thought it was the Germans.

"They shelled a town about two miles from here a couple of days ago and a bunch of us took a walk down one night after supper. It was simply awful they way the buildings were torn to pieces. Almost the only whole structure in the place was an old church.

"The wheat crop is all going to ruin as they haven't the men to harvest it. Of course most of the fields are shelled so bad that nothing could be done with them even if the men were available.

"I was speaking to one of the men in the 42nd division and he said they had been fighting right near the 41st. That is the one Marvin and Fred are in. It was up on the Alsace front about 200 miles from here. Don't suppose I will get a chance to see them.

"I sure would dislike to spend the winter in this part of France, and if the boys keep on the way they have been going during the past few weeks we will be eating Christmas dinner at home—or at least in the States."

The above letter was brought to The Times office with a copy of the Walsh County Record, printed at Grafton, N. D., which showed that the "Marvin" spoken of had been wounded at the battle of Chauteau Thierry on July 23 and had died in the hospital on the 27th. The fallen soldier was a cousin of the writer but the latter knew nothing of his fate at the time his communication was sent on Aug. 11.

SERVING BIG ONES WITH AMMUNITION

THAT IS WILL MIDDERICH'S JOB DURING ALL THIS UNPLEASANTNESS.

Being connected with the ammunition train service and having to get supplies to the men behind the big guns during a time of such stress as the American boys have gone through during the past month must be a job that becomes mildly exciting at times. At least that is what may be gained from the letter written by Will Midderigh to his father, Deputy Sheriff Paul Midderigh. This soldier was not very careful to observe the rules laid down by the censor and that official managed to mutilate the letter so that but little of it remains, but there is enough to show that Will is up there among 'em. Among other things he says:

"I was in camp for a drill period of about two months but now I am at the front serving ammunition to the batteries. (From this point on the letter has been so deleted that there is no possible chance of making anything of it, although he refers to having been in a battle for some days. He speaks of having been caught under fire while on the road with his ammunition truck and the entire train forced to go into hiding."

"As soon as they started getting too close to us," he continues, "we sure did move to reach shelter behind a big brick building close by. The shells they were throwing at us were of the gas variety and we had to stay there with our trucks and with our gas masks on for five long hours. One truck was hit but not so bad that it could not be worked.

"About five days after that the boys got the enemy on the run and they have kept him going ever since. As he keeps retreating we have to advance so much further with the ammunition. In going over the fields we could see all the stuff the Germans had left behind them in their retreat. We also saw that all kinds of German soldiers had been hit by our shells. They were all cut up. Some with arms and legs shot off and some blown to pieces entirely. We saw one with half his body in a tree and the other half on the ground. I know, dad, you have been on more battlefields than I have, but I don't think you have ever seen anything worse than this."

It is quite evident that the letter containing the news of his mother's death has not reached this soldier as he makes no mention of it.

"I Will Fight For My Land."

A. K. Dicken of this city, has handed to The Times the following verses, written in the style and meter of one of the Norwegian poet Bjornson's most popular songs, "Jeg Vil Elske Mit Land, Jeg Vil Verge Mit Land." The poem is by Sever Serumgard of Devils Lake, and was dedicated to his son, Eugene, who at the age of 16 enlisted in the American army:

I will fight for my land,—I will die for my land,—
I will shield it from harm at the Hun's brutish hand;
I will seek out its needs,—I will build it with deeds
From the far frozen north to the Florida strand.

What a soil to defend,—what a soil to descend
To the millions unborn, with its freedom for all!
Keep it free! Keep it free!—not for you, not for me,—
But for all who shall come and shall answer the call.

Let the Prussian and Hun seek a place in the sun;
Here the sun shines for all,—not alone for the great;
Here no Junker,—no lord, holds the scales and the sword;
Here no Kaiser can sway with his message of hate.

For our freedom and laws, in humanity's cause,
Let us close up our ranks, as we grapple the foe!
We have millions to send,—we have billions to spend;
For "the will unto power" and the Kaiser must go.

And in God we will trust for our cause it is just;
He will aid us and keep us and show us the right;
When the battle is won and the deed has been done
All the glory and praise be to Him and His might.

GERMANS HOPE FOR EARLY END OF WAR

SAY SO TO THIEF RIVER SOLDIER WHO UNDERSTANDS LANGUAGE.

Jacob C. Greenagel, formerly cashier at the Great Northern depot in this city, is now a member of Company F, 131st Infantry with the American expeditionary forces in France. In a letter to Agent W. E. Baker and the depot bunch he expresses the belief that the Germans as a rule are very tired of the war and would be glad to have it end on almost any terms. He says in part:

"Am in the hospital at present because of my eyes. Have been here since Tuesday (Aug. 5) and thus have a chance of catching up on some of the writing I should have done a long time ago.

"Everything is coming along in great shape over here. I suppose you saw by the papers that the latest is 24,000 prisoners and a seven mile advance. Quite a number of villages have been taken and a huge amount of war material. My unit is up there and I am sorry I can't be with the boys. Hope they manage to keep the good work progressing.

"Had a very interesting conservation with a couple of German prisoners the other day—my being able to speak the language comes in handy just now. They are wishing for the war to come to an end as I presume they realize they have no chance whatever. They asked me if I thought America would be able to finish it. You can imagine what my unhesitating answer was.

"Our boys do sure fight with a degree of courage and even recklessness that is proving a surprise, and that is the way to get the best results.

"Guess I have told you about all they will permit me to for this time. Remember me to all the boys and girls."

TURNING ROOKIES INTO MECHANICS

THAT IS WHAT FRED GUNSTAD SAYS THE UNIVERSITY OF INDIANA IS DOING.

Pay day is the most popular event in the camp life of Fred W. Gunstad, formerly a member of The Times force, who is now finding out all there is to know about gas engines at the University of Indiana, Indianapolis. In a letter to his former companions he says:

"The Indiana state fair is now going on here so that when we are through in the evenings we generally take a stroll over. I must say it is not much of a fair in my estimation, but it contains a number of contrivances calculated to relieve a fellow of his hard-earned dollar per.

"Our whole camp paraded in front of the grand-stand this afternoon. We had a half day off and formed for the parade about four o'clock. We were led by our own band, placed in squad formation and then passed in review in platoon front. It's kind of nice to be in a parade like that and be cheered by many thousands, but when it comes to standing at attention and parade rest for about half an hour steady it makes it rather tedious.

"We all received our uniforms last week so we don't have that to worry about any more. But the biggest and most pleasant sensation we experienced was the other day when we lined up for our pay. The ghost walks the first week of every month and this time all the men who reported on the 13th received 18 bucks. Eighteen dollars never seemed so large to me before as they did when we lined up and patiently waited our turn.

"With our pay in our pockets and nothing to do in the evenings, the fair grounds with their gay and glittering attractions seem all the more alluring. I think that to some of the fellows next month's pay is going to look bigger than this month's did, for at the rate they have started out it is certain that many of them will go broke. Being broke down here is a tough proposition so I am figuring ahead.

"Well, I am learning a little something about motors now. I can tell the names of things other than the steering wheel and seat, which was about the extent of my automobile knowledge when I came. The things are taught in classes. I have been in the carburetor class and now I am in the ignition class. Ignition is hard stuff to get as it is all about electricity, storage batteries, magnetos, generators, etc. But I believe the more a fellow learns about it the more interesting it will become. At the beginning it seemed so dry as to be almost unbearable, but I like it better now.

"When we get through with this course we will be put at whatever job we are best fitted for. The positions are various. One may become a truck driver, a mechanic or something else along that line.

"The last bunch that was here came on the 15th of June and left on the 15th of August. Some of them are already across. Judging by that we may expect to leave about the middle of October for some other camp. I hope to be across by Thanksgiving anyway, but no one can tell anything about this army stuff as it is always full of surprises.

"We are getting along fine and our officers are dandy. The only kick I have coming is on the prevalence of beans at mess. Beans and stew appear very often and never fail to put a smile on our faces. But the smile is not one of pleasure—we are learning to smile and take it as we get it because—well, there's nothing else to do. No one is losing any weight, however, so I guess we are getting along all right on the fare."

Sugar Will Go up.

Consumers will pay at least one cent a pound more for sugar after the present stocks in the country are exhausted, under the new price of cane sugar at the seaboard, announced by the sugar equalization board with the approval of President Wilson.

The new price is nine cents f. o. b., seaboard refining points for granulated, less 2 per cent to refiners, compared with the existing price of 7½ cents, with the same allowance for refiners.

Officials say the increase to the consumer should be about one cent a pound, though freight differentials would make slight difference in the advance in different sections of the country.

JEWELER AND OPTOMETRIST
PHONE 235-1 THIEF RIVER FALLS, MINN.

A Personal Word to the Women on the Farms of Northwestern Minnesota.

Mesdames:

From all reports it is now evident that the farmers of the Northwest have raised one of the largest crops in the section's history.

Their enterprise will insure our government and its allies the food supplies necessary for the successful prosecution of the war.

In this undertaking your work has been of inestimable value. In fact, it is probable that the part the women have played has been fully as important as that of the men. In the matter of conservation, in Red Cross work, in saving in the various ways that fall peculiarly within a woman's sphere, you have indicated a willingness to help that has brought forth the admiration of the entire country.

When now these efforts are crowned with success and the rewards are unusual, a portion at least of the returns should be yours. No one will begrudge you these. It is simply a question of how you will employ them.

Most women will want to provide something for themselves and the children. In that case we wish to call your attention to the fact that we on our part have followed the lines laid down by the government in the selection of our stock for this season. We have anticipated your needs and can supply them.

This is the beginning of our third year in Thief River Falls and from the many friends and customers we have it is evident that we enjoy the confidence of the people, both in city and country. We have made every effort to have our business house recognized as a "popular" store for the women of the section and we have succeeded. The innovations installed for their comfort and convenience have repaid us many times in the satisfaction they have afforded our visitors. The rest room, lavatory, drinking fountain, telephones, etc., added to the courteous treatment we have always exacted on the part of our competent force of employes, have been a source of pleasure to our customers and satisfaction to us.

This is a safe place to trade. You are always assured of the best quality of merchandise, the highest grade of workmanship and the latest in styles, while our prices are always as low as is consistent with sound and legitimate business principles. It matters not what the article you buy here may cost, the price is low when the quality back of it is considered.

Kindly accept this open letter as one of appreciation as well as an invitation to come in and inspect our new fall goods. You will be welcome whether you wish to buy or not. Our salespeople will take pleasure in showing you the new Coats, Suits, Dresses, Furs, Fur Coats, Sweaters, Underwear, Hosiery, Etc., that we have selected for this fall's business. None better or at more reasonable prices are to be found anywhere.

Thanking you for your past favors and hoping that we may have the pleasure of a visit at an early day, we remain

Very truly yours,

The Sapero Co. INC.

LARGE SUM FOR WELFARE WORK

ONE HUNDRED AND SEVENTY MILLIONS NEEDED FOR SOLDIERS AND SAILORS.

ALL NOW UNDER ONE HEAD

BUT A SINGLE CAMPAIGN DECIDED ON—WILL EMBRACE SEVEN ORGANIZATIONS.

The big drive to provide funds for the different Army Welfare agencies now maintained for the benefit of our soldiers and sailors in the field, training stations and camps will begin on November 11, and continue for one week. The country is expected to raise $170,000,000 for the purpose at this time. Pennington county's share of this sum is aprpoximately $17,000 or $1.70 per capita.

On Thursday President Wilson issued a statement in which he requested all the American Army Welfare agencies recognized by the War Department, including the Y. M. C. A., the Y. W. C. A., the War Camp Community service, the American Library association, the Knights of Columbus, the Salvation Army and the Jewish Relief society, to combine in their next appeal for funds. John R. Mott, general secretary of the War Work Council of the Y. M. C. A., has issued the following statement:

Seven Different Channels.

"In this request the President has raised a standard to which men and women in the nation, can and will rally royally. This is not to be a Y. M. C. A. campaign nor a Knights of Columbus campaign nor a Salvation Army campaign. It is to be a campaign for the men over there in France and in the cantonments on this side and on our brave ships everywhere. A campaign for the maintenance and increase of morale which Napoleon said is to other factors in war as three to one. The dollars given to the common fund will reach the boys through seven different channels, but every dollar will be made to do a maximum work. No matter what sign is painted over the door of any hut or hostess house its door will be opened to every boy equally."

The Largest Gift Yet.

"The total amount, one hundred and seventy million dollars, is tremendous. The largest gift for which any people have ever been asked at one time yet. Compared to the figures to which the war has accustomed us it is not much. A recent letter from one of General Perishing's staff officers made the statement that the work of these great agencies is adding at least ten per cent to the fighting efficiency of our men. If it is worth eighteen billion dollars to keep our boys under arms next year, surely it is worth one hundred and seventy millions to make them fight ten per cent more efficiently. Nothing in my five visits to the battle field has impressed me more than the way in which the men of all religious bodies have blended their sacrifice even unto death for the supreme cause.

"This great campaign will give us a chance to show that the men and women at home are capable of rising to the same heights of splendid cooperation as their representatives over there. If they can struggle and die together to make forever secure our liberties we can plan and work together to get the money needed to serve them."

Expect Bond Contributions.

The campaign will begin November 11 and continue until November 18 inclusive. Coming as it will after the largest Liberty Loan in the war it is expected by those having the campaign in charge that a very large percentage of the contributions will be in the form of Liberty Bonds. A fifty dollar bond will carry the work of all seven organizations forward for one soldier. A popular slogan for the campaign will be: "Back your Boy with a Bond." John D. Rockefeller, Junior, will be chairman of the campaign in greater New York. Prominent men will direct campaigns in other leading cities.

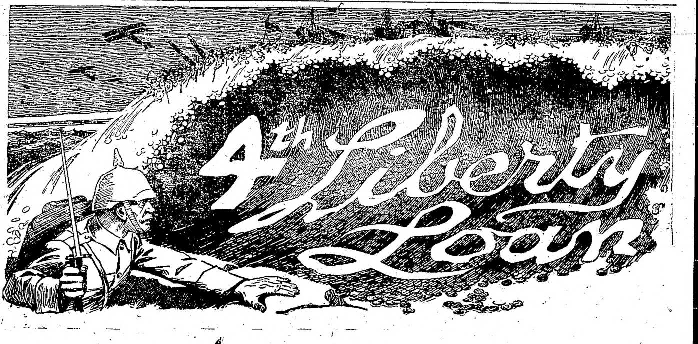
SELECT NOW FOR FARM CROP SHOW

EXHIBIT WILL BE HELD AT CROOKSTON ON FEBRUARY 10 TO 14.

Are you making your selections for exhibit at the next farm crops show? The dates for the 1919 farm crops show, which will be held at Crookston in conjunction with the Farmer's short course of the Northwest School of Agriculture, have been set for the week of February 10 to 14, 1919, and The Times has been asked to call the attention of grain and potato growers to the matter of making selections for exhibition early to get the best of choice and insure that this county will get top place. Awards will be made as usual but the matter of winning an award should be secondary consideration to that of upholding the reputation of the county in the matter of agricultural production.

Special attention is to be given to the boys' and girls' exhibition section, and the young horticulturists of this county must also be on the lookout to do their share.

Mrs. Andrew Swanson, who has been a guest at the home of her brother, John Carlson, in this city for a week, left Tuesday morning for Holt to visit with another brother before returning to her home in Minneapolis.



The Enemy Is Watching

By NEWTON D. BAKER, Secretary of War

The supreme moments of our struggle with Germany have now come.

We have carried our first armies across three thousand miles of ocean and joined the issue of battle with the military power of a nation that has been for forty years preparing its plans and its weapons for its present attempt to dominate the world. We have had to put forth an immense effort and spend a fabulous sum in order to make, in so short a time, an adequate beginning for our gigantic task.

But it is only our beginning. We must follow it with greater energy and support it with increasing power. Men, munitions, ships and supplies must go to Europe in a larger and larger stream. We must redouble our blows and add constantly to the strength of those blows, if our initial effort is not to be wasted.

This Means That Our Fourth Liberty Loan Must Be Larger Than Its Predecessors, More Enthusiastically Supported and More Quickly Than Ever Subscribed

The enemy is watching anxiously for the first sign that we are faltering.

Our Government Loans should go "over the top" as eagerly as our soldiers do, in order to carry with them the terror of furious attack. Our dollars must rain upon the enemy as overwhelmingly as our hail of bullets or our storm of shells.

We are fighting for the liberty of the world, for the triumph of our ideals of democracy and self-government over the last great advocate of force upholding injustice. We are buying with our Liberty Loans the security and joy of our people for generations to come. No price could be too high to pay for such a victory—no cost too great for such a purchase.

DRAFTING THE SURPLUS CASH.

If the next Liberty Loan is for six million dollars—and it likely will be all of that—it means that Pennington county will have to raise in the neighborhood of $400,000. This is an unreasonable amount to ask the county to subscribe and the allotment must have been made under a misapprehension. If ordered to raise it, however, we will do the best we can. It is nearly a quarter of a million more than we were asked for last time and about $85,000 more than we actually subscribed.

The selective draft principle will in all probability be applied to the raising of money as well as to the raising of men. By this means any amount not required for the purpose of carrying on *absolutely necessary business will be sought out and made* to do duty in this war undertaking. Earners of all kinds will be listed, their incomes ascertained and the amount they may reasonably be expected to subscribe will be stated. It matters not whether a man receives a hundred thousand dollars a year or one thousand dollars—he will be expected to subscribe for his proportionate share of bonds. The government has no wish to in any manner cripple business, but it is very necessary that the amount asked is forthcoming. For this reason the distribution will be made on a basis of ability to invest.

Pennington county has already placed something like half a million dollars in war securities, counting Certificates and Stamps. This is a per capita toll of practically $50 per head, which is a very good showing when the conditions prevailing at the time of the other loans are taken into consideration. We must now come forward with a sum practically equal to that raised in all three of the campaigns that have gone before. We can do it if we only set our minds to it. We are better able at this time to subscribe $400,000 than we were to subscribe half that that amount six months ago. It simply means that the man who then signed up for a $50 bonds will have to double the amount, the same ratio holding good for all subscriptions, whatever the sum.

The farming sections of the county were not assessed heavily in the former campaigns, the conditions being such as to make anything approximating an exact pro rata distribution impossible. Now the farmers are in the favored class and it is certain that they will not be backward in holding up their end.

Pennington county has 600 boys in one division or another of the service. The people of the county will this year receive more money for their crops than ever before. In order to make the work of these boys count some of this money must be loaned to the government. The answer is easy. We did not hold back when it came to a question of sending our young men out to fight and we will not hold back when it comes to a question of furnishing the means required to make them the most invincible kind of fighters.

LOOK OUT FOR HIM.

In spite of all that is being said and written to warn the people against believing things they may hear in criticism of our government's manner of conducting this war, there are still those who seem to be not only willing but anxious to put the worst possible construction on everything. Stories are somehow started and given credence that no sane person should for a moment give any kind of consideration, but these are eagerly listened to in the first place and then enlarged upon when repeated. Many apparently well-meaning people have fallen into the habit of crediting this kind of stuff and they are valuable, although perhaps unconscious, agents of the kaiser.

Two examples of this has been evidenced right here in Thief River Falls during the past week. The senate vote on the bone dry bill brought forth one of them. A man who should have known better was heard to say: "That is a fine stunt the senate pulled off. They stop the brewing of beer in this county in order to save grain and then send the grain over to England where it is manufactured into beer for the people of that country. Over there a man can buy a bottle of beer if he wants it but here that privilege is denied him. And yet they call this a free country."

That man knew better. He cared nothing about beer for its own sake and simply used its prohibition as an argument against the general course of the government. He came just as close as he dared come to saying something that would get him into trouble and only stopped where he did because of the probable consequence of going further.

Then there is another kind of scorpion who should be squelched on sight. His work is so clearly calculated to breed distrust and spread wrong impressions that he is something more than a dangerous nuisance. The following will illustrate what we mean:

Traveling on a Great Northern train the other day a Thief River man noticed a young fellow who seemed particularly anxious to engage persons at the different stations in conversation. No sooner would the train stop than up would go his window and he would begin some sort of conversation on the war, his line of talk running about as follows: "Our boys in France are in the thick of it sure enough, and are giving a good account of themselves. The price, however, is something awful." Why, he had been informed on good authority that every ship returning to this country carried loads of wounded who are taken to great hospitals just outside of Washington. No one is permitted to mention this and the names never appear in the casualty lists. The government does not wish the people to know just how terrible things are, etc. This fellow never stepped off the train, contenting himself with spreading this kind of poison during the few minutes that it stood still. So well did he tell his story that the real purpose of it was not discovered until afterwards.

There is nothing unusual about either of the above instances and they are only mentioned in order that good citizens may recognize their general style and guard against giving any credence to them. Peddlers of tales of this kind may not realize the amount of damage they are doing but that is no reason why their activities should be permitted. The safest way whenever a person such as this is encountered is to report him to someone in authority at once. It may be found that he is doing it because he knows no better, but even in such case reporting him will have the effect of stopping his mouth for awhile.

WHAT OTHERS ARE DOING FOR US.

It is probably true that we have fallen down somewhat in our airplane program. It would be strange if we did not fall down somewhere. Where we have not failed, however, is in the most important field of all—the food supply. The war situation would bear an altogether different aspect today were it not for the manner in which the American people met the request to retrench on the use of certain foods—and our allies know it even better than we do ourselves.

In an article recently appearing in the London Daily Mail the writer closes a glowing tribute to the American people by saying with reference to the excellent food situation in the allied countries at the present time. "The credit belongs to the American people who voluntarily gave up the use of wheaten flour in order that the Allied armies and peoples might be tided over the critical months of spring and early summer. There is no precedent in history for a self-denial imposed on such a scale."

The same paper expresses a whole-hearted appreciation of our soldiers and the manner in which this country met the demand for men at a time when things looked darkest over there. What the result of our active participation will be is predicted in the following:

"In the four months that have followed the black days of March, over a million men have been transported across the Atlantic, and at the present moment it is probable that nearer a million and a half than a million and a quarter of American soldiers are in France. During last month the total brought over exceeded the enormous figure of 300,000. At the present rate there will be over two millions immediately available by the autumn, and it is fairly certain that tere will be not fewer than three millions by next spring.

"And it is not numbers alone which make this mighty army formidable. Unlike the material of the nations which have been pouring out their best blood for four years, it is the cream of a great nation, the picked men between 21 and 30, physically equal to any race on the earth, intellectually of a higher general standard, perhaps, than any race, and charged with that moral enthusiasm which every great soldier from Cromwell downward has reckoned to be the most important weapon in war. Against this enormous realized fact Germany can present no equivalent. The Kaiser has lost in his race with the President. His moment has gone and it can not return. He may sustain a defensive war for months, even for years, but he can never recover the offensive."

ONE DOLLAR AND SEVENTY CENTS.

It's not such a large sum, is it? Yet if the hundred million persons residing within the United States each contribute this amount to the Soldier Welfare organizations it will enable these to carry on the wonderful work for the relief, entertainment and safeguarding of our men in the service in the same efficient manner as in the past.

This amount is needed by the Young Men's Christian association, the Young Women's Christian association, Knights of Columbus, Salvation Army, Jewish Relief society, War Camp Community Service and the American Library association. Instead of there being campaigns at different times to raise funds for each one of these organizations there will be one big drive for all. President Wilson has given his sanction and endorsement to the plan and there is no question but that it will prove more satisfactory than would any attempt on the part of the donor to specify just where his or her money is to go. These organizations make no distinction when it comes to rendering service to the men needing it and our people should make none in the distribution of their dollars.

The campaign will last one week, beginning Monday, Nov. 11. The sum needed represents just one dollar and seventy cents for every man, woman and child in the United States. Many wealthy persons will give hundreds of thousands of dollars while in many households it will be impossible to secure the per capita donation. The intention is, of course, to strike an average, not to make one dollar and seventy cents the compulsory quota.

The American people will glady meet this bill. The work that has been accomplished by these war auxiliaries in the past has been of such vital importance that there is no danger of its continuance being endangered through a lack of funds. The money given for this purpose is practically the only outright donation we are asked to make with the exception of that for the maintenance of the Red Cross. Liberty Bonds and Savings Certificates are an investment and we are entitled to no credit for employing them as a means for saving money. Failure to secure all that one can possibly pay for would indicate a lack of business judgment almost as great as the lack of patriotism.

But at that any money given to the Welfare organization is the best investment, although it will pay no cash returns. It will make our boys better fighters while on duty and provide them with every care in case of their being sick or wounded. There is hardly a man or woman in the United States but who will be glad to give one dollar and seventy cents toward a cause so important. We could hardly do less for those who are doing so much for us.

A BUSINESS REASON.

The people of this country oversubscribed the Third Liberty Loan at a time when the two previous issues were quoted at considerably below par. Even so they were urged to invest in the securities because of the investment advantages they held out. Now conditions have changed, as is noted by the St. Paul Dispatch in the following:

"If the prospective investors in the next Liberty bond issue—which should mean everybody—require an admixture of business reasoning with their patriotims to stimulate subscriptions, they may find it in the generally improved condition of the bond market. It is perhaps the most favorable augury of the success of the fourth loan that with the opening of subscriptions only a matter of three weeks distant and with the certainty that the bonds will seek out the dollar in every nook and corner, yet other securities have found a higher price level. Financial authority, looking for the cause, is almost a unit in ascribing it to the favorable turn of the war. This would account at least for the rise in value of the war bonds of the Allied countries which has been marked. Increasing probability of the redemption of these bonds, with prompt interest payments in the meantime naturally would strengthen the market. But our own war loans have kept even pace, the 3½s moving higher above par and the 4s creeping close to the 100 per cent mark. No authority has had the temerity to intimate that the market discount on Liberty bonds was due to a possibility of national inability to pay them off! In any case, the general bond market is looking up, so it is as good loyalty as ever and better business than ever to subscribe for the next Liberty loan to the limit."

Items of Interest Reprinted From Files of the News and Press of 10 and 20 Years Ago

Twenty Years Ago.

News was received from St. Paul of the death of Fred McDermott, one of the men who enlisted from Thief River Falls for service in the Spanish-American war. He died of typhoid.

Rev. Francis Willis, Episcopalian missionary at the agency, passed through the city the first of the week on his way to the White Earth agency where he expected to spend the winter.

A boy was born to Mr. and Mrs. T. P. Hamre.

Senator Nelson was scheduled to deliver a campaign speech in the city on Sept. 28.

Preparations were under way for holding a grand reception for the Thief River Falls boys when they returned from the war.

Thief River Falls people were preparing to take part in the celebration in honor of the opening of the Fosston branch of the Great Northern railroad, which was to be held at Duluth on the 20th.

Oscar Thomas, Great Northern station agent in this city for a number years, was tranferred to Red Lake Falls and his place taken by Van Sante, formerly of Crystal, N. D.

The Knox school had an enrollment of 84 and Supt. Todd was calling attention to the need for more room. The central schol had an enrollment of 159.

Ten Years Ago.

Hans R. Kolseth, accused of stealing a team of horses from his uncle in Wyandotte township, was captured by Soo railroad trainmen and brought to this city.

An interesting letter was received from Dr. H. B. Schaleben, formerly of this city, who left to take charge of a reindeer station in Alaska for the government. He found that many of the natives about Iliamna remembered Dr Gambell very well, he having been a resident among them some years previously.

A call for a meeting of the board of county commissioners on Sept. 26 stated that the business to be taken up would be the matter of removing the county seat from Red Lake Falls to Thief River Falls.

A meeting was held at Germantown for the purpose of considering the advisability of aiding the project of securing a railroad from Thief River Falls to Roosevelt. W. G. Hunt was president of the company and promotor of the enterprise.

Mrs. August Yonke, a pioneer resident of the city, died after a long illness. Mrs. Yonke was a survivor of the Indian massacre near New Ulm in 1862.

Owing to the burning of a number of bridges on the line of the Canadian Northern all transcontinental traffic of that road was routed over the Winnipeg division of the Soo for a number of days.

Miss Annie Prestebak and George Holt were married at the home of the bride's mother.

Paul Bergie was in the city and announced that the Hazel Mercantile company had opened their new store for business.

Mrs. H. B. Newell arrived from Brandon, Sask., for a few days' visit with her husband, who expected to leave shortly to continue his work at the Chicago Veterinary college.

A number of farewell receptions were given by friends of Mr. and Mrs. Winton, who expected to leave within a short time to make their home in Minneapolis.

Teachers in the Thief River Falls schools for the ensuing term were as follows: J. H. Hay, superintendent; high school—Blanche Goodward, principal; Maria Bloxrud, normal; Elizabeth Dewey, commercial; Clarice Grindeland, English; L. L. Dahl, science and mathematics; first grade, Emma Backe; second, Gertrude McCrum; fourth, Rachael Schraenel; fifth and sixth, Tilla Johnson. Central school—Primary, Myrtle Wold; first, Grace Laughlin; second, Vera Wilhelm; third, Mary McGinn; fourth, Gertrude Knoff; fifth and sixth, Emma Hoff; seventh, Anna Esposeth and Clarabelle Friedheim. Knox school—Primary, Emily Lakin; first, Lulu McCrum; second, May Paine; third, Alice McCabe; fifth and sixth, Stella Cipra; seventh and eighth, Hilda Eckholm.

Mr. and Mrs. W. S. Sylvester of Crookston formerly of this city arrived the first of the week for a short visit with friends.

Mr. and Mrs. J. M. Kenyon, who have been guests of Mrs. Kenyon's parents, Mr. and Mrs. W. E. Furstnau, for a week, left Saturday morning for Steiner to visit with relatives during the day. They returned Saturday evening.

Sgt. Ebert L. Jones of Oslo, Pte. Edward Hooey of Fairdale, N. D., and Pte. Jerry Hart of Ardock, N. D., visited with friends in this city last evening enroute to Camp Custer where they are receiving training. They have been on a thirty day farm furlough.

L. N. Wemin arrived from Cincinnati, Ohio, Friday evening on a thirty-day furlough from the United States Navy. Mr. Wemin is a guest at the G. H. Sandum home while in this city. He will also visit with friends and relatives at Roseau before returning to the navy.

Pat Horton arrived last week from Virginia for the purpose of assisting his father, J. Horton with the harvest on his farm four miles east of this city. Mr. Horton purchased his farm here early this spring and his wife and the other children will arrive later to make their new home here.

Mr. and Mrs. S. D. Rouze of Goodridge visited with friends in this city Tuesday. They left Tuesday evening for Pleasantville, Iowa, where they will visit at the parental home of Mr. Rouze until September 19th, when he will enter Dunwoody Institute. Mrs. Rouze will remain in Minneapolis for the present.

Mr. and Mrs. J. A. Bernards of Greenbush and Rev. A. O. Nesset of Middle River were guests at the home of Mr. and Mrs. J. J. Weeks, while visiting their Seminary classmate, Earl R. Weeks and his bride Monday afternoon and evening. Other guests at the six o'clock dinner were Rev. and Mrs. I. T. Aastad and Mr. and Mrs. Will Sponheim.

Misses Clara and Cora Brown, who spent a six weeks' vacation with their parents, Mr. and Mrs. August Brown, 211 Conley avenue south, left last Thursday evening for Minneapolis to attend the fair and to visit relatives. Miss Clara Brown will remain in Minneapolis to resume her duties as a nurse. Miss Cora Brown departed Sunday evening for Mountain Lake, Minn., where she is instructor in the public schools.

A baby boy was born to Mr. and Mrs. G. Olson on Friday of last week.

Miss Esther Lindberg of Oklee visited with friends here on Thursday of last week.

N. J. Jorgenson of Goodridge attended to matters of business in this city Tuesday.

R. and G. N. Potter of Shilling, visited in this city on business the first of the week.

Herman Engelman of Baudette, visited in this city Monday and Tuesday on business.

Miss Mable Johnson of Argyle, Minn., arrived in this city Sunday for a brief visit with friends.

Andrew Howert of Holt visited in this city the first of the week and attended to business matters.

J. Flannigan, dredge contractor, was in the city Friday and Saturday to attend to business maters.

Miss Olga Flutnes left Saturday morning for Alsen, N. D., where she will teach in the public schools this winter.

Mr. and Mrs. Roy O. Westley and baby, of Crookston, visited with friends in this city on Thursday of last week.

Miss Mary Caldwell left Tuesday evening for Minneapolis where she will spend her two weeks' vacation with friends.

Mrs. L. E. Larson left Saturday morning for Egeland, N. D., where she will be the guest of her brother for a month.

Miss Lucy Wakie, who has been a guest of Mrs. Elmer Olson since Monday, returned to her home in Holt Wednesday morning.

Miss Lena Helstad, who has been visiting friends at Russell, N. D., was a guest of Mr. and Mrs. Erling Dahl Tuesday evening.

Elmer Tandberg, accompanied by Roy Miller of this city, motored to Grand Forks last week for a brief visit. They returned Monday.

Fred Ristau arrived in this city last evening from Enderlin, N. D., to visit at the home of his parents, J. W. Ristau, who live east of here.

Hotel Dyckman is Minneapolis' newest downtown fireproof hotel. 300 rooms; each room has its own private bath. Rates $1.75 to $3.50 per day. —a-8-tf.

Miss Helen Larman of Middle River, arrived in this city Tuesday evening from Lancaster for a brief visit with friends before returning to her home.

Mrs. Otto Rupprecht left Wednesday morning for Steiner to visit at the home of her daughter, Mrs. Otto Simonson. Mrs. Rupprecht will return next week.

Miss Doris Breese of Middle River who has been visiting her sister, Mrs. Ray Thibodo of Stephen, visited with friends in this city last evening enroute to her home.

Mrs. H. A. Truner of Seattle, Wash., Mrs. H. J. Mackay and Mrs. J. E. Hamilton of Vancouver, British Columbia, Can., visited in this city for a short time the first of the week.

Miss Rose Parenteau, of The Times printing force, left Sunday morning for a week's vacation spent with friends and relatives at St. Vincent, Minn., Emerson, Manitoba, and Pembina, N. D.

Miss Elizabeth Kleppe arrived from her home at Newfolden Friday enroute to Warren to attend the Teachers' Institute. While here Miss Kleppe was the guest of her sister, Miss Martha Kleppe, who teaches in the Central school.

Miss Esther Kellberg, who lives a few miles west of this city, arrived Tuesday evening to attend the Teachers' Institute, which is being held here this week. While here Miss Kellberg is the guest of her sister, Miss Theresa Kellberg.

Miss Alice Hanson arrived in this city yesterday morning from her home at Henning, where she spent her summer vacation. Miss Hanson, who has attended the local high school during the past three years will begin her senior year.

Mr. and Mrs. Ole Landro of Grygla visited with friends in this city Monday and Tuesday. Mr. Landro, who has for a number of years been in the hardware business in Grygla, is contemplating moving his family to this city in the near future.

H. N. Hager, F. G. Wells and Mrs. O. A. Bishop returned the first of the week from a visit to the state fair. They went by auto over the Jefferson highway and had a very enjoyable trip. The roads were very good for the greater part of the distance.

Clarence Swan, son of Mr. and Mrs. Swan of Holt, arrived in this city Monday for a short visit with his uncle and aunt, Mr. and Mrs. O. L. Cronstrom. Clarence is on a thirty day furlough from Norfolk, Va., where he is stationed on the U. S. S. Kansas.

Lloyd Ralston who is a member of the crew aboard the U. S. cruiser "Georgia" left Tuesday evening to resume his duties in the United States navy after a sixteen day furlough. Mr. Ralston visited at the home of his parents, Mr. and Mrs. A. D. Ralston.

Mrs. H. J. Vangsness and children arrived last Thursday evening from Dooley, Mont., where she visited at the home of her parents. She was the guest of friends in this city for several days before leaving for her home in Superior, Wis. Mrs. Vangsness formerly lived here.

On Tuesday evening of this week at the home of Mr. and Mrs. J. J. Weeks, 322 Second street west, a number of friends gathered and pleasantly surprised Rev. and Mrs. E. R. Weeks who were recently married. The affair was in the nature of a shower and Rev. and Mrs. Weeks were the recipients of many beautiful gifts. The guests of the evening were the Misses Ida and Esther Tandberg, Lena Evenson, Thora Hanson, Edna Larson, Dora Holmes, Gena Granum; Messrs. Alvin Tanberg and Henry Aastad; Mr. and Mrs. Gaston Ward and Mr. and Mrs. Will Sponheim.

Clifford Orme left Friday evening for the Twin Cities for a few days' visit at the state fair.

Mrs. H. J. Cady left Friday afternoon for Sunnyside, Wash., to attend the funeral of her daughter.

Miss Esther Lindberg of Oklee arrived last Thursday evening for a few days with friends in this city.

Miss Rose Hance left Friday afternoon for Red Lake Falls, near where she will teach school this winter.

Mrs. J. H. Hardesty left this morning for Iowa where she will visit with friends and relatives in the southern part of the state.

George Brink and Henry Halstrom motored to this city last evening from their homes in St. Hilaire for a brief visit with friends.

Miss Rocille Hanson, who has been the guest of her little friend, Dorothy Barnard for about three weeks, returned to her home at Henning last Thursday.

Mr. and Mrs. James Farley left last Thursday evening for the Twin Cities to attend the state fair and to visit with Mr. Farley's sister at Minneapolis.

Mrs. Chas. Nason returned last Thursday evening from Duluth where she attended the funeral of her brother, who passed away Sunday night, at that place.

Mrs. Ole Brenna returned to her home at Middle River last Thursday after spending a week at the home of her daughter, Mrs. John Gustafson in this city.

Mrs. John Bergstrom, of Federal Dam, arrived last Thursday evening enroute to her home at Elmore, Minn. She was the guest of Mrs. Effie Hoppe between trains.

Mrs. James Boyle who has been a guest of her mother, who resides a few miles out of this city for five weeks, returned to her home at Thayer, Ill., last Thursday.

Miss Belle Peterson, who has been visiting for five weeks at the home of her parents who reside on a farm out of this city, left Friday morning for Washburn, N. D., to attend school.

Mr. and Mrs. Theo. Salverson, accompanied by their two children, motored to this city Sunday and were guests during the day at the home of Mr. and Mrs. O. H. Nelson. They returned to their home at Ada, Monday.

Miss Mable Knutson and Miss Ruby Swan, who had been receiving medical treatment at the local hospital, returned to their home at Holt last Thursday. Miss Swan was a guest at the home of her uncle, O. L. Cronstrom while here.

Mrs. Andy Hanson and little son, who have been visiting at the home of Mrs. Hanson's parents at Grygla, arrived here last Thursday evening enroute to her home at Grand Forks, N. D. While here she was the guest of Mrs. Carl Vicker.

Mr. and Mrs. C. W. Barden returned last Thursday morning from Grand Forks, N. D., where they had been visiting for a week at the home of Mrs. Barden's parents. They were accompanied to this city by Mrs. Barden's sister, Mrs. B. W. White who was their guest during the past week.

Miss Florence Cote returned to her home in this city last Thursday after a two weeks' visit with friends at Clearbrook.

Mrs. T. Torgerson, who was a guest at the home of Mrs. Anna Dock for several days last week, returned to her home at Greenbush Friday.

L. C. Tilton, formerly a resident of Thief River Falls, who is now making McKinley his home, was in the city last week looking up old acquaintances. Mr. Tilton was at one time employed on the old News during the time it was published by J. A. Eastman. He says that things were never so prosperous as at present in the iron country.

Mr. and Mrs. Spink Enlist.

Mr. and Mrs. H. H. Spink left Thursday evening for White Bear at which place Mrs. Spink will remain with the parents of her husband while the latter enters the military service. This has for a long time been the desire of Mr. Spink, but as he was engaged in business in this city and could not until lately dispose of it to advantage, he has been obliged to stay. As soon as his business affairs were put in order, however, he at once offered himself, in spite of the fact that he was in a deferred class and thus would not have been compelled to do so at this time. Having had considerable military training, both while at college and as a sergeant of the home guard company in this city, he will no doubt find a place provided for him upon enlistment, although he will take his chances on this and start in the ranks the same as anyone else. Mrs. Spink expects to engage actively in Red Cross work, for which she is peculiarly fitted, having had previous training as a graduate nurse besides the experience gained while a member of the Pennington county chapter.

Mr. and Mrs. Spink were among the best known and most popular of the younger married set in the city and their going will be deeply regretted while at the same time their stand in wishing to do their utmost for the nation at this time is most heartily commended. Everyone will wish them the best of luck and hope that they will again make their home in Thief River Falls after the war.

Card of Thanks.

We wish hereby to express our sincere thanks to the many citizens of Thief River Falls who so willingly came to our assistance during the trying time immediately following the sudden death of our mother and sister, Mrs. Frank Stone. Particularly do we wish to thank the authorities for the prompt assistance and the sympathetic interest displayed by them in the troubles of those who were total strangers in their midst.—The Stone Children, J. W. Graves. s-12.

GOVERNMENT MAY CONTROL GASOLINE

UNLESS SUPPLY IS CONSERVED DRASTIC MEASURES WILL BE EMPLOYED.

While a number of autoists in Thief River Falls undoubtedly observed the government's order against joy riding on Sunday, there were some who noticeably did not. That this Sunday observance of the no-gasoline order is an important matter is evidenced by the following letter received by Secretary Scott Laird of the Thief River Falls Automobile club from C. G. Winningham, chief of the gasoline section, United States Fuel administration:

"Unless the wasteful methods in the handling and use of gasoline are at once corrected, it will undoubtedly be necessary for the government to control the distribution and uses made of gasoline. Automobilists would then be made to conform to the more severe control, and, therefore, it is to the automobilists that we must go with a campaign of education that will point out to all users of oil and gasoline that wasteful usage must be stopped.

"We hope for co-operation of your club in giving support to the questions of oil and gasoline conservation. Anything you can have published will be greatly appreciated by the United States Fuel administration and will have a helpful effect in averting the necessity of more drastic control. There is no desire to put the country on a fuel ration but it is necessary that all users discontinue all wasteful uses of fuel oil, gasoline, kerosene and all other oil products.

"Motorists should not run their engines when their car is not in motion. They should avoid overfilling tanks and see that no oil or gasoline is spilled or allowed to leak. Carburetors should be adjusted to operate on the thinnest mixture. All unnecessary driving—especially Sundays—should be discouraged.

"If sufficient oil and gasoline cannot be saved from what is now wasted in the ways above suggested, then such mandatory control as will assure the quantities needed for the conduct of the war will be inevitable."

Y. W. C. A. Campaign.

Mrs. H. W. Froehlich returned last week from St. Paul where she had been for the purpose of attending a state meeting of the Y. W. C. A., as representative of the women of Thief River Falls. She announces that there will be a nation-wide campaign carried on during the months of September and October for the purpose of acquainting the people with the work being done by the organization. President Wilson has himself asked that this campaign be undertaken as he recognizes the great amount of good that is being accomplished by the association directly and through its influence both at home and among our soldiers in Europe.

Bought Out Partner.

S. K. Dahle this week purchased the interest of Andrew Gunderson in the Central hotel and will hereafter conduct the place as sole owner.

PHONE GIRLS CAN'T GIVE TIME OF DAY

GOVERNMENT ISSUES ORDER PUTTING STOP TO BOTHERSOME PRACTICE.

In line with the policy of the government to conserve labor and materials for war needs, the former practice of the telephone company of giving the time of day was discontinued September 1.

When a telephone subscriber asks: "What is the time, please?" it takes as much time on the part of the operator and an equal use of telephone equipment as would be required to complete an ordinary telephone call. In Thief River Falls more than 350 requests for the time are made daily over the telephone, so when this practice is discontinued nearly 400 more important telephone calls can be handled with the same operating force and same equipment.

The telephone operators have also been instructed to courteously decline to give information regarding other matters not directly relating to the furnishing of telephone service. One quite common practice which has been eliminated is the calling of people in the morning. Requests for this service have been made in larger numbers than most people realize, particularly by people without alarm clocks or those who desired to be sure of being awakened in the morning.

Weeks-Brandt.

Rev. Earle R. Weeks, son of Mr. and Mrs. J. J. Weeks of this city, was married on August 28th to Miss Jennie Brandt of Grove City, Minn., in the Lutheran seminary chapel at St. Paul. Rev. and Mrs. Weeks left Wednesday afternoon for Grove City where Mr. Weeks is pastor of the Norwegian Lutheran church; after a few days' visit at the home of the former's parents here.

Non-Layers Get the Ax.

Three million Minnesota hens have been sentenced to death.

All are slackers.

While their appetites for needed grains haven't diminished in the slightest, they have proved themselves slackers in egg laying.

The food administration announced today that a campaign will be begun at once in counties of Minnesota to have all non-laying hens killed and placed on the market.

It is estimated that 3,000,000 hens in Northern Minnesota alone will meet the hatchet.

Of Interest to Farmers.

Dr. Frederick A. Cook, the arctic explorer, now head of the Rocky Mountain Sheep association, was in St. Paul last week and interested some of our citizens in a project he is advancing. It is the aim of the Rocky Mountain association to assist all who wish to go into the sheep business to get a start. The plan as understood is as follows: The company will supply farms with flocks of 25 sheep each to start with. The farmer can either pay for them or they will place them in his care on shares. The demand for wool has grown so pressing that every effort must be made to increase the supply. Dr. Cook's idea may be worth looking into.

Big Membership Drive.

During the week of Dec. 16 to 23 there will be inaugurated the greatest drive in the history of the world. An attempt will be made to enroll every man, woman and child in the United States as a member of the Red Cross, which is some undertaking. Last year the drive netted a total membership of 30,000,000 and it is the hope that over twice as many will result this time.

Less than 25 per cent of the population of Pennington county is included in the Red Cross membership. The drive last year resulted in securing about 2,200 members, 1,500 of whom are residents of the city and the balance members of the auxiliary organizations. That this can be largely increased is certain and every attempt will be made to include the entire citizenry.

Harold Bjornson.

Harold Bjornson, the three year old son of Rev. and Mrs. H. Bjornson of Kratka, Minn., died at his home Monday evening after an illness of but a short time. Death was caused from Ileo-Colitis, a complaint formerly known as "summer complaint." This strange disease, which has recently been diagnosed by physicians as Ileo-Colitis, has claimed fifteen children in Grand Forks and according to reports it has also appeared in other cities.

The deceased was the youngest of eight children in the Bjornson family. The funeral services will be held this afternoon beginning at 3:00 o'clock, from the Telemarken church at Kratka, of which Rev. Bjornson is pastor, with Rev. I. T. Aastad, pastor of the Synod church in this city and Rev. E. O. Sabol of Grygla, assisting. The remains will be laid to rest in the cemetery at Kratka.

American Wisdom.

Never give advice to a woman who is setting forth on a matrimonial voyage. . . . A woman very rarely asks an opinion or requires advice on such an occasion until her resolution is formed. The plain English of the application may be summed up in these words: "I wish you to think as I do; but if unhappily you differ from me in opinion, my heart, I must confess, is fixed."—George Washington.

Giant Tulip Trees.

There are tulip trees in South Pasadena, Cal., nearly 2 feet in trunk diameter with an immense spread of top, very fine trees for summer shade and allowing the winter's sun to warm the soil. In the list of eastern deciduous trees of good value it stands near the top.

Found a Better Way.

A. S. Sapero wishes to express his appreciation of the business extended his firm by the women on the farms of the Northwest and speculated quite awhile on the best way of doing it. He considered mailing out circular letters, but realized that he would perhaps not reach all in this manner. After studying the subject for some time he asked to see the subscription list of The Times. This being at all times open to anyone who has any legitimate right to ask for it, he was accommodated. He found that there is hardly a farm house in Pennington county, the southern tier of townships in Marshall county or the northern half of Red Lake county into which the paper does not find its way and consequently decided that he could not do better than to employ this most direct means of reaching its readers. He therefore addressed an open letter to the women on the farms and it is safe to say that it will be read by more people than would any other form of publicity he might have selected. The letter appears in this issue and is worth reading.

At the Princess.

One of the greatest spectacular productions of the year will be shown at the Princess tonight. It is Herbert Brenon's masterpiece, "The Lone Wolf." There is a hair-raising race between two air planes, the leap of an auto off a draw bridge and the biggest fire scene ever filmed. A good comedy finishes off one of the biggest bills ever presented, with no advance in prices.

Wallace Reid comes on Friday night in "Less Than Kin." Wallace is a sort of overgrown boy whom everyone likes, besides being one of the cleanest and cleverest actors in the business. In this play he attempts to live another man's life.

The devotion of America's manhood to the cause of humanity is depicted in the wonderful war play, "Her Boy," in which Effie Shannon and Niles Welsh are co-stars and which will be the headliner on Saturday's bill.

A big special bill will be presented on Sunday and Monday evenings when the wonderful play, "Womanhood, or the Glory of a Nation," will be presented. This is a big patriotic special, the theme for which was furnished by Theodore Roosevelt. This picture has been showing at the city theatres at prices ranging from 50 cents to $1.50 and has caused more comment than anything that has appeared since "Intolerance." Mr. Lawrence has placed the admission at his theatre at only 25 cents for adults and 15 cents for children.

William S. Hart comes on Tuesday night. His new play is called "The Bargain, or the Two Gun Man." It is cast in the regulation Hart style and nothing need be said concerning its popularity and excellence.

House Peters, one of the actors who is not seen in this city nearly often enough, comes on Wednesday night in "The Heir of Ages." There is a particularly good two reel comedy also on the bill for that evening.

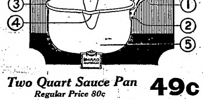
Two Big Specials for Next Week Only
Starting Monday, Sept. 16th

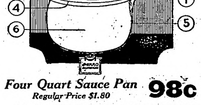


Two Quart Sauce Pan 49c
Regular Price 80c

Here's a Mirro Aluminum Sauce Pan offered for a short time only at about half the regular price to acquaint you with the remarkable qualities of this famous line of aluminum that reflects good housekeeping.

See these Mirro features: (1), the cool, hollow steel handle; (2) the sturdy flat-headed rivets which keep the handle everlastingly firm and secure; (3), the tightly-rolled sanitary beads; (4), the twin lips for added convenience in pouring; and (5), the famous Mirro finish.

This is the same celebrated aluminum ware you see advertised in The Saturday Evening Post and other national publications. Get your sauce pan now while this limited offer holds.



Four Quart Sauce Pan 98c
Regular Price $1.80

It's a Mirro Aluminum Sauce Pan, and that says everything. Note, (1), the inset cover which prevents boiling over; (2), the no-burn knob; (3), the cool, hollow steel handle; (4), the solid, tightly-roled sanitary beads; (5), the scientifically shaped sides which hold solids in when pan is tilted to drain off liquids; and (6), the famous Mirro finish.

Star feature 2 belongs exclusively to Mirro Aluminum.

Stamped from a single sheet of pure aluminum of unusual hardness. No seam, solder or joint. This is the same famous aluminum ware you see advertised in The Saturday Evening Post and other national publications. This unusual offer is made for a short time only to acquaint you with the superb quality of the Mirro line.

MULRY'S BAZAAR - - Thief River Falls, Minn.

The Public Forum

Readers of The Times are invited to make free use of this column to express their ideas on topics of general interest, but discussion of sectarian religious differences as well as personalities are barred. All communications must be signed, not necessarily for publication, but in order to show the good faith of the writer. In thus throwing open its columns to the public, The Times assumes no responsibility for the opinions expressed, nor is it to be assumed that their tenor necessarily corresponds with the policy of the paper.

The Potato Question.

Just at this time, when our potato crop is about to be harvested, the question arises in the minds of those who have raised more than is required for their own use, what shall we do with the excess? Few have proper storage room for any great amount and it is almost imperative to get rid of them before the cold weather comes on and destroys them.

While the produce men in Omaha are paying $2.40 per hundred for good Minnesota potatoes and while the sacks and freight will not cost over fifty cents a hundred still the individual farmer is at a loss to make proper arrangements to get his potatoes to that market.

The Minneapolis Journal quotes the price as $2.25 per hundred and it costs 19c per hundred to ship them. Even then, tho the distance is short, what farmer can find time to dispose of his stock in the Minneapolis markets?

Farmers have united on other propositions and why not on this, a very important question? We can raise as fine potatoes in northern Minnesota as can be raised in the world. Our Early Ohios and Irish Cobblers cannot be beaten when it comes to table use. As for seed, when the proper care is given them, they can easily be raised free from disease.

The whole United States is short of a crop. It is reported that there is a shortage of five million bushels. Buyers from New York and Chicago are coming to Minneapolis and purchasing carload lots, not only for immediate consumption, but are placing them in storage, for the demand that will soon come.

If the potato raiser has a good potato, he should demand a dollar a bushel for his product, and even at that it is the cheapest food on the market. One dollar is not very much when we consider that the purchasing power of the dollar is less than one-half of what it was a year ago. At this time, when the farmer is so busy with his work, he should have a place to store his potatoes and not be forced to sacrifice them.

The farmer should be encouraged to grow more potatoes. When we look at the crops of wheat this year that have been grown on potato ground it does not need much of an argument to convince us that the potato and the cultivating of the ground is good for the soil.

How better can we encourage the farmer to plant more potatoes than by leaving in his hands money which, in a measure, represents the value of his product?

There is no reason why the farmers and potato raisers could not organize, if the right influences are brought to bear and work out a plan to build and operate a large potato storehouse, so that they could realize what they should from their crop.

This question should be taken up now while the need is urgent. It might not be done this year, but all that is needed could be done now ready for next year's crop.

F. H. GAMBELL.

Editor, The Times,
Thief River Falls, Minn.
Dear Sir:

Actively engaged as I have been in Red Cross matters for over a year now I am certainly surprised at the attitude shown by a large number of the citizens of Thief River Falls and Pennington county as a whole in regard to the observance of the request of the National Fuel administration.

Owners of autos in the states east of the Mississippi river (which includes Minnesota), as you well know, have been asked to discontinue using their autos on Sundays under penalty of an order being issued depriving them of that right if the request is not observed. The gasoline supply must be conserved in every way possible so that our boys "over there" will not suffer.

People here were using their spect to this matter. Nor are any of the officials doing anything to stop the use of autos on Sundays. And some of these people are men who have been active in Liberty Loan, Red Cross, Y. M. C. A., K. of C., and similar enterprises having to do with the successful winning of this war for democracy.

People here were using their autos very extensively the past two Sundays for pleasure purposes, despite the request of the Fuel administration as published in the daily papers for two weeks.

Are we so pro-German in this part of the state that we think we do not have to observe the law or the requests of the government and are immune to the penalties?

I wish to call the attention of the public to an urgent appeal from the Fuel administration which was sent me as secretary of the local Auto club. This is for the auto owner, and I hope that he will read every word of it. It is to be found elsewhere in this issue.

SCOTT LAIRD.

Shop and Railroad News

Two New Clerks—The difficulty experienced in getting male help for clerical positions was emphasized this week when two young women were placed in positions heretofore occupied by men. Miss Bertha Leimers was appointed as clerk in the office of Master Mechanic J. H. Hendry, while Miss Alvina Jonas will fill a similar position in the office of Car Foreman G. J. Conklin. Victor Polman, the former clerk in the master mechanic's office, has been called for service in the army and left for his former home in New London, Minn., Tuesday, while Oscar Eggerud has been transferred back to his old position as car repairer.

Enthusiastic Co-operation—In concluding his report to the President on the operation of the railroads during the past seven months, Secretary McAdoo makes his acknowledgements "to the officials and employees who have worked with such loyalty and zeal to accomplish what has already been done," and adds that "it is a constant satisfaction to be associated with them." "You can," he assures the President, "rely upon their patriotic enthusiasm and alacrity in the work of winning the war, in which they, as well as the soldiers at the front, have enlisted with such laudable determination and patriotism."

Grain Arriving Regular—Shipments of grain have not been large during the past week but a brisk resumption is expected from now on. This is always the case at the opening of the grain season. All available empties are loaded as soon as the threshers get to work and then there is a lull of about a week until the cars are again returned. In a very short time the traffic in both directions will be regulated and then the movement will continue without interruption.

Embargo on Grain—Notice has been received by the railroads in this city ordering no more grain to be sent to Minneapolis for the present. The stocks are accumulating at that terminal faster than they can be taken care of and receipts will have to stop in order to avoid congestion. Wheat is being sent to the head of the lakes and other markets as a consequence.

Visited the Fair—Quite a number of Soo employes were visitors at the state fair during the past week. Among those who enjoyed a short vacation were John Sagvold, engineer; Oscar Helo, wiper; Carl Ryan, carman; Clarence Vevea, machinist's helper; John M. Skog, machinist; Leonard Ellefson, coach cleaner and Edward Hance, carman.

Cattle Movement Lighter—The unusual movement of cattle from Canada has become considerably lighter during the past week. For some time at least a carload a day passed thru this city for the big packing centers but the traffic has again resumed about the normal proportions.

New Firemen Here—A quartet of locomotive firemen arrived this week from Gladstone, Mich., and have been placed on runs to help out the rush incident to the wheat movement. They are A. H. Webb, H. H. Schulke, Albert LeGault and James F. Carmien.

Hand Infected—Herman Moline, foreman at the Soo freight house, is laid up with an infected hand. It was only an insignificant scratch to begin with but has developed into rather a serious matter.

Division Jottings.

L. J. Jedlicka has been made station helper at Ogema.

Dispatcher R. E. Fillmore visited with friends in Minneapolis over Sunday.

Miss Olga Gulrud of the superintendent's office, spent Sunday with her sister at Winnipeg.

Trainmaster H. D. Keene and Dispatcher A. J. Odin, with their families motored to Crookston on Sunday.

F. L. Kidd, formerly of Kenmare, has been appointed night janitor at the passenger station of the Soo in this city.

Earl Develling, clerk in the general offices, spent two days at the state fair this week, accompanied by Mrs. DeVelling.

Vincent Colene, formerly of Detroit, has been added to the storeroom force as an assistant to Ingvald H. Fossum.

Julius Knutson, carman, has been notified that his turn in the draft list has arrived and that he will be called for duty shortly.

Miss Esther Gjertsen, cashier at the Great Northern, left Tuesday to visit for a few days at the home of her parents in Sandstone.

William C. Flemming has been put on as warehouseman at Alexandria, vice Rexford Eilers, who quits the position to continue his schooling.

Miss Selma Simonson, day ticket agent at the Soo, spent Tuesday visiting friends at Cass Lake. Her place was taken by Mrs. H. A. Pratt.

Gilbert Gulden returned from his threshing expedition the first of the week and has resumed his position as call boy at the Soo. Fred Will goes on the night shift, relieving Harold Langlois, who has been working as extra.

The City Churches

St. John's Lutheran Church, F. J. Seltz, Pastor—Services at Thief River Falls next Sunday forenoon at 10:30; at Holt in the afternoon at 2:30.

Christian Science—Service at public library auditorium Sunday at 10:45 a. m. Subject: "Substance." Sunday school immediately follows the service. All are cordially invited to attend.

Norwegian Lutheran Church, I. T. Aastad, Pastor—There will be no services next Sunday. Sunday school at 9:30. Young Peoples' League Thursday evening at 8 p. m., Sept. 19th. Confirmants meet Sept. 21st at 10 a. m.

Methodist Episcopal Church, James A. Orrock, Pastor—The regular services will be held Sunday, Sept. 15th as follows: 10 a. m. Sunday school; 11, preaching, "Accounting For Stewardship." Evening, Epworth League at 7. Preaching at 8, subject: "The Rich Fool. You are invited.

Our Savior's Lutheran Church, A. N. Skogerboe, Pastor—English service next Sunday at 11 a. m., and Norwegian service at 7:45 p. m. Service at Mavie at 3 p. m. Our Savior's Young Peoples society meets Friday evening, Sept. 13, at 8 o'clock. Miss Ina Stageberg and Miss Virginia Aga entertain. The Ladies' Aid meets next Wednesday, Sept. 18, invited by Mrs. J. E. Nelson and Mrs. C. H. Sjoberg.

Zion Lutheran Church, Geo. Larson, Pastor—Service at Rindal at 11 a. m. Service at Norden, 2:30 a. m. Service in City, 8 p. m. Sunday school at 10 a. m. Zion Young Peoples' society meets this evening at 8 p. m., entertained by Miss Clara Anderson and Olive and Grace Skramstad. Zion Ladies' Aid will meet Thursday, Sept. 15th at 3 p. m. Mrs. Ole Bakke and Mrs. Ole Mellum will entertain with lunch. Confirmants meet in the church basement Saturday, Sept. 14th at 10 a. m. Congregation Quarterly meeting meets Monday, Sept. 16 in church basement at 8 p. m.

Presbyterian Church, R. L. Barackman, Pastor—The accustomed work of this church will continue on Sept. 15. Bible school at 10 o'clock a. m. Morning worship at 11. Juniors at 3 p. m. Young People at 7 p. m., and evening worship at 8 p. m. Tuesday afternoon is Red Cross afternoon. A reception will be given at the church on Thursday, Sept. 12 in the evening. All members and friends of the church and strangers or newcomers, especially those connected with our public schools, are cordially invited. The Ladies' Aid society will meet on Friday with Mrs. Horeen, 703 Duluth Ave. N. The choir is getting worked into form and will provide special music for each service from this time. They alone are worth the effort to attend the services.

Hold Your Liebrty Bonds.

The effort to separate Liberty Bond holders not familiar with stock and bond values from their Liberty Bonds has taken a new turn. The manipulators instead of offering to buy the bonds at inadequate prices offer in exchange for them the stocks and bonds of various wildcat corporations, whose face value is large but whose actual value is little or nothing.

The safest investment in the world is a Liberty Bond. For a patriotic American, Liberty Bonds are the best investment in the world. It is not only a wise thing to hold them it is a patriotic thing to do. The soldier that takes a trench and then voluntarily gives it up is not to be compared with one who takes a trench and holds it against the enemy. An American who buys a Liberty Bond and then sells it is not so good an American as one who buys a bond and holds it. This does not apply, however, to one who sells his bond because of real necessity; there is legitimate trading in Liberty Bonds which the Treasury recognizes.

It was a wise and patriotic old colored American who refused to sell his $100 Liberty Bond for $96, because he would not give up the United States' promise (his bond) to pay him $100 with interest for the United States' promise (currency) to pay him $96, and who refused to sell the same bond for $102, because, he said, that the $102 must be counterfeit or else the would-be purchaser would not be willing to give it for only $100. It is safe to say that there are no gold bricks or wildcat securities among that American's assets.

Wants

FOR SALE

FOR SALE—Pure bred Poland China boar pigs, sired by Northern A. Wonder No. 285689. O. K. Sevre, St. Hilaire, Minn.—a29-s-5-12-pd.

ST. HILAIRE

Mrs. Fred McKosh and children arrived from Crookston Thursday for a visit of a few weeks at the home of Mrs. McKosh's parents, Mr. and Mrs. Gust Johnson of River Falls township, after which they will remove to Duluth, where Mr. McKosh is employed by the Kelly, Howe, Thompson Hardware company.

Miss Christena Pederson left Thursday for Ada, where she is to be employed at a bank.

After a week's stay with her mother, Mrs. Gustav Anderson, Mrs. Wm. Goodman left Thursday evening, via Thief River Falls, for her home at St. Paul. She was accompanied by her mother, who has disposed of her property in this village and will make her future home with Mr. and Mrs. Goodman at St. Paul.

Miss Clara Pederson recently went to Silver Lake, N. D., where she will teach a term of school.

Mr. and Mrs. Glenn Martz returned the latter part of last week from an auto trip to the Twin Cities where they visited friends and attended the state fair.

S. J. Amble accompanied his granddaughters, Vivian Lang, Nina and Evelyn Purvis to their homes at Grand Forks, Thursday. They had spent part of their summer vacations at the S. J. Amble home.

Leo Knutt, a prosperous farmer residing several miles southeast of the village, purchased a Studebaker car from G. J. Follman Friday.

Miss Hannah Miller of Black River township, left early this week for Salmon, Idaho, where she will teach during the coming year.

Joe Martz had the misfortune of losing a valuable colt last Friday. In some unknown manner the animal suffered a broken leg which necessitated its being killed.

H. E. Ives called on old-time friends in the village Monday.

After a brief visit with her home folks, Miss Grace Hall, left Friday for Powers Lake, N. D., where she has been engaged to teach. Miss Hall recently returned from a two months' visit at the home of her brother, A. F. Hall at Hawick, Minn.

N. J. Hyberg, a former resident of Polk Centre township, arrived Monday from his present home at St. Peter to transact business and visit relatives and friends in that community.

Miss Huldah Gigstad left Friday for Moorhead where she entered the state normal for the fall term, lacking only a couple of credits of having completed her diploma from that institution.

Mr. and Mrs. J. Jepson of Beresford, S. D., arrived Thursday for a visit at the H. Jepson home in River Falls township.

Miss Olga Fricker returned Wednesday evening of last week from Bemidji, where she has been employed during the summer.

Jake Sloff of Red Lake Falls came up Thursday on a business mission.

Mrs. G. Motherhead left Thursday for Minneapolis to consult a doctor. She returned Saturday.

Ethel Benson returned Friday from a week's visit at the O. L. Larson home in Sanders township.

Mrs. Mike Olson passed away Friday at her home in River Falls township after suffering for some time from ailments caused by a tumor in the head. The deceased is past middle age and though she has resided in this community for a number of years she is not widely known, for home duties occupied most of her time. To those who knew her she was an example of kindness and consideration. She is survived by her husband and three children, who will feel keenly the loss of a kind devoted wife and mother. The sympathy of the community is extended to the bereaved survivors in their time of sorrow. Funeral services were conducted at the home Monday afternoon by Rev. C. M. Grimsrud. Interment was made in the Eastside cemetery.

Lillian Hoff of Blackduck arrived recently to attend school in this village during which time she will stay at the home of her aunt, Mrs. C. Swanson.

Mr. and Mrs. J. Maakrud and children, Miss Ruth Roy and her brothers, Paul and Edwin, were guests at the John Hanson home, Sunday afternoon.

Miss Lulu Allen, who attending school at Thief River Falls, arrived Saturday for a brief visit with her home folks. Her parents, Mr. and Mrs. H. R. Allen, took her back to Thief River Falls Sunday.

Mrs. E. Burton, who is a guest at the home of her sister, Mrs. M. Fricker, was at Thief River Falls between trains Saturday to shop and visit.

Miss Lilly Gunstad left Saturday morning for Badger at which place she has been engaged to teach a term of school.

Mrs. F. Brown and children of Grygla, autoed down Sunday for a visit at the J. Barnum home.

Mr. and Mrs. H. A. Olson autoed to Thief River Falls Friday evening. On their return they were accompanied by the Misses Esther Fricker, Selina Simonson and Gladys Olson, who are attending school in that city. Mr. Olson took the young ladies back to Thief River Falls in his auto Sunday evening.

N. A. Nelson received a letter early in the week from his son, Carl, stating that he is in a hospital "somewhere in France" and is recovering nicely from his recent severe scalp-wound.

Mr. and Mrs. D. Lazar and son, Selmer, autoed to Grand Forks Friday evening, returning Monday morning.

Miss Olga Fricker went to Thief River Falls Monday to attend the Teachers' Institute.

Mrs. P. H. Stensong of Spooner, returned to her home Monday after a brief visit at the home of her parents, Mr. and Mrs. C. Adolphson of Polk Centre township.

Miss Ida Engh, who recently visited in this community, is engaged at nursing at St. Luke's hospital at Fergus Falls, instead of returning to Hillsboro, N. D.

School opened Monday and most of the children were eager to have it re-open for another year. The summer's vacation had given them ample time in which to play and rest, so school duties and school routine were welcome now. Miss M. T. Daniels is principal, the Misses Jennie Scott, Christine Bergebakken and Theresa Goodman have charge of the grammar and intermediate grades, while Miss Blanche Hoff has charge of the primary work.

Mrs. E. Burton and children of Bigger, Canada, who have visited at the M. Fricker home in this village and with other relatives at Thief River Falls during the past two months, left for their home, Monday.

Mrs. Otto Johnson and Miss Emma Johnson went to Bemidji Monday for a short visit at the A. Berg home.

Miss Nora Just, who spent the greater part of last week at the home of her sister, Mrs. Oscar Carlson of Black River township, returned home Friday.

Miss Esther Hoppe returned Saturday from a shopping and visiting tour to Thief River Falls.

ROSEWOOD

Monday.

Miss Emma Sorenson left this morning for North Dakota where she will be employed in a cook car this fall.

A. Baker and family of Strandquist were in town yesterday to visit with the F. O. Doles family and see the latter's visitors from the southern part of the state who left in the evening for their home.

Miss Lilly Gunstad returned to her home in St. Hilaire this evening. She will leave the latter part of this week for Badger, where she will teach next winter.

Mrs. John Sorenson and son returned to Thief River Falls today, while her daughter, Irene, will remain here for a week to visit among friends.

Swen Swenson left this evening for Thief River Falls to escort his wife home, who has been at the hospital there the last week.

Miss Bertha Rommem returned to her home at Thief River Falls this evening.

The 18-45 registration in the township will be held in the East Dist. No. 34 on Thursday, Sept. 12. Town Clerk John Halvorson is the registrar.

Tuesday.

Mrs. O. Johnson, accompanied by her baby, arrived from Warren this evening to visit with her parents, Mr. and Mrs. H. Sevaldson.

Adolph Raftesoth and Alex Helquist have been employed at the Even Anderson farm this week assisting with grain stacking.

Willie Hagen is at Warren today to be examined for war service.

A soldiers' farewell party was tendered this evening to the four boys, Selmer Haugen, Jalmer Raftesoth, John Thompson and Olof Hagen, who will leave tomorrow to enter training at Camp Grant, Ill. The party was arranged by the local Farmers club, but as the president was unable to be present, John Batten acted as chairman of the evening. The following program had been arranged by a few of the girls and was presented to the audience by Miss Marie Helquist:

Song, "America," by Audience.

Recitation, "My Dear Flag," by Gladys Sagmoen.

Song, "Will My Boy Return From There?" by Hannah Helquist and Isabel Sagmoen.

Recitation, by Ella Nelson.

Song, "We're Going Over," by Roscoe Batten.

Reading, "Sammies Part and Your's" by Hannah Helquist.

Song, "While I Wait Until You're Coming," by Isabel Sagmoen and Hannah Helquist.

An appropriate speech was given by John Batten and the program ended with the singing of the two songs: "America, My Country, by Roscoe Batten and "My Soldier's Farewell," by Alfred and Jalmer Raftesoth, Hannah Helquist and Isabel Sagmoen. Following this, Mr. Batten upon request of the crowd sang several of his so admired humorous and patriotic songs and was in this assisted partly by Thor Sevaldson. Jalmer Raftesoth, voicing the feelings of himself and his three companions, in a few fitting sentences thanked the partakers and arrangers for all congeniality in their behalf and although it felt sad to bid farewell to all friends and youthful companions, it was with a feeling of justified pride that they entered the service of their country. Coffee and cake was served by midnight and the evening was ended with a number of parlor games and dances.

Wednesday.

Mrs. John Berglund and daughter have spent this week visiting a brother, Peter Mellem and family out north.

Mrs. Carl Stromberg, who arrived in company with her husband by car from Forest River, last Sunday, stayed over here and has spent the week visiting with her parents in town and with her brother, John Raftesoth in the country.

Legal Notices

Notice of Mortgage Foreclosure Sale.

Take notice that default exists in the conditions of that Mortgage given by Mark Carmickle and Vivian Carmickle, his wife, Mortgagors, to Geo. G. Johnson, Mortgagee, dated June 12th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on June 12th, 1915, at 11:00 o'clock A. M., in Book 53 of mortgages on page 236; which mortgage was duly assigned by the said Geo. G. Johnson to Hoag Security Company, a Minnesota corporation, by written assignment dated June 18th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on September 4th, 1918, at 1:00 o'clock P. M., in Book 56 of mortgages on page 634. The amount claimed to be due on said Mortgage with interest to this date is $72.58, and for interest paid on prior mortgage by this Assignee is $73.04, a total of $145.62, claimed to be due this date by virtue of said Mortgage indebtedness. The premises described in said Mortgage and situated in Pennington County, Minnesota, are to-wit: The Northeast Quarter (NE¼) of Section No. Thirteen (13) Township No. One Hundred Fifty-four (154) North of Range No. Thirty-nine (39), West of the 5th P. M. By virtue of the power of sale contained in said mortgage, and pursuant to the statute, and no action in law or otherwise having been instituted thereon, same will be foreclosed by the sale of the said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the front door of the Court House in the city of Thief River Falls, Minnesota, on Saturday the 26th day of October, 1918, at 10:00 O'clock A. M., to satisfy the amount then due on said Mortgage (with the interest, taxes if any, and costs of this action, including $25.00 attorney fees as stipulated for in said Mortgage.

Dated at Minneapolis, Minnesota, this 9th day of September, 1918.

Certain-teed
Roofing

"Service" and "Conservation" are written in italics across the war-time record of *Certain-teed* Roofing.

It has *given* vitally needed shelter for munition plant, barrack, shipyard, factory, barn and granary.

It has *taken* nothing of military value in its manufacture,—waste rags and asphalt are its principal components, and both are useless for war purposes.

Its manufacture is accomplished largely by machinery, conserving labor; by water power, conserving fuel; by women workers, conserving man-power.

Certain-teed endures under all conditions. It is weatherproof, waterproof, spark proof and fire retarding. Rust cannot affect it. The heat of the sun cannot melt it or cause it to run. It is not affected by gases, acids, fumes, smoke, etc. These qualities have made *Certain-teed* the choice everywhere

for factories, warehouses, stores, hotels, garages, office buildings, farm buildings and out-buildings.

In shingles, red or green, it makes an artistic roof for residences.

Certain-teed Roofing is guaranteed 5, 10 or 15 years, according to thickness.

Sold by good dealers, everywhere.

COAL!

These crisp mornings remind us that the question of fuel for the winter will soon be one of great importance. It does not matter much to us whether you fill your coal bin now or later, but it may make all the difference in the world to you. We can supply you at present but are absolutely unable to give any guarantee for the future. Neither can any other fuel dealer.

Play safe! Order your bin filled today. We are now in excellent shape to take care of you.

We have the lumber for that job of repairing you intended doing this fall.

Games were played until five o'clock when Mrs. Thorsen, assisted by Miss Gretta Gulrud, served luncheon to the little folks. Miss Eunice received a number of pretty presents. Those present were: Florence Halverson, Genevieve Ferdinandson, Alice Stephenson, Edith Gunderson, Opal Halverson, Ruth McDonald, Vivian, Eunice and Hazel Thorsen.

Has New Buildings.

Jerry Race, one of the enterprising farmers in the country east of Goodridge, is doing considerable building on his place this summer. He is putting up a residence 24x28 feet and besides is building one of the largest and most modern barns in that section of the county. Mr. Race is one of those whose faith in the future of eastern Pennington has never wavered and he is backing up this faith by making permanent improvements on his farm as fast as possible.

FARMERS LOOKING FOR MORE CATTLE

DAIRYING RECEIVES GREAT IMPETUS THROUGH LOCATION OF CREAMERY.

The Goodridge Co-operative creamery has been in operation for only about one month, but it already boasts 171 patrons. These are scattered over a district about 30 miles in extent and it is certain that the circle will grow larger. Buttermaker Geo. Larson states that he is sending about 2,400 pounds of butter to New York every week, the product finding ready sale in the metropolis. This is an average of 400 pounds a day and is certainly a record to be proud of when the length of time the plant has been in operation is taken into consideration.

Farmers in the Goodridge neighborhood are constantly on the outlook for more and better crows and Mr. Larson predicts that within six months the output of the creamery will have doubled.

NEARLY EVERY MAN REGISTERS TODAY

ONLY THREE IN VILLAGE OF GOODRIDGE OUTSIDE THE AGE LIMIT.

Goodridge being a young community is also a community of young men. This is proven today when practically the entire male population of the village is registering and consequently admitting that they are within the ages making them eligible to military service under the new draft law. It has been figured out that only three citizens will escape putting their names down on the records. These are the senior Messrs. Tvedt, Christianson and Ferdinandson. They are the only ones who can claim exemption on the ground that they have passed their forty-sixth birthday.

Over in the township of Highlanding it has been figured out that there are only two men who will escape. Should the government be forced to issue a general call without attaching any exemption clause it would practically depopulate large sections of Pennington county. But the country has not yet come to such a pass.

ROY LUTTERALL IS NEW SCHOOL HEAD

TERM WILL NOT COMMENCE UNTIL MONDAY, SEPTEMBER SIXTEENTH.

Because of the labor situation on the farms in the vicinity of Goodridge the school board of consolidated District No. 24 has decided to postpone the opening of school until Monday, Sept. 16. The larger boys and girls are busy helping with the harvest and threshing and it would be an item of considerable importance to take them away from their occupations and place them in school at this time.

Everything is in readiness for the opening. The board has been fortunate in securing the services of Roy Luttrell, formerly superintendent of the Grygla schools, to take charge of the work. He is a man of wide experience in school matters and instructors of this class are decidedly hard to secure this year.

O. A. Halverson the former superintendent, has decided to quit school work for banking and has accepted a position as assistant cashier in the Goodridge State bank.

The corps of teachers for the year have been selected as follows: Miss Theresa Giefer will assume charge of the primary department for the third consecutive term; Miss Stella Arnt of Highlanding will be instructor of the Sixth and Seventh.

Clerk Nick Buhdhund states that he expects the enrollment to be about the same as last year.

Another Joins Army.

Sam Rouse will be the only Goodridge boy to leave for the army with the next contingent from Pennington county, and his departure will about clean up the available Class 1 men in the village. Ten or twelve have already preceded him, not counting those who volunteered early in the war.

WHEAT YIELD GOOD IN EASTERN SECTION

COUNTRY ABOUT GOODRIDGE CARRIES FINEST CROP IN ITS HISTORY.

The wheat crop in the eastern half of Pennington county will average better than 25 bushels to the acre. At least this is the estimate justified by reports thus far submitted by the threshermen. This section, which is perhaps the best adapted for wheat raising of any in northwestern Minnesota, is this year going to do considerable better than furnish its share of the grain necessary in feeding the world. Yields of 35 bushels to the acre are by no means unusual and none have been reported below 25.

The section about Erie seems to have been particularly favored. Olaf Omlid reports 35 bushels to the acre on his farm while Morgan Vaughan had not finished threshing but stated that the wheat was running like oats.

Ben Rustad, residing near Erie, reports 27 bushels of the finest quality

WHEAT YIELD GOOD IN EASTERN SECTION

(Continued from page 10.)

of wheat to the acre on his place and others are as fortunate. Harvy Bly, who was among those visited by hail last month, secured 18 bushels per acre from a field that looked like a loss just after the storm.

The entire region is bound to experience a regular boom next spring, according to those who are best able to foretell things of this kind. With the price of wheat for another year assured a larger acreage than ever will be seeded next spring. In preparation for this many farmers have already started the plowing of old fields and it is certain that much new land will be broken up this fall.

Another thing that helps the situation out very materially is the fact that fodder for cattle is this year plentiful, whereas for the past two seasons there has been a decided scarcity. This has had the effect of stimulating the interest in live stock, something which the location of a good creamery at Goodridge has also helped along.

Farmers and merchants are alike looking forward to the best season in the history of the section.

Good Coffee---Good Trade

We have found in our line of business that good coffee brings good trade. We have just received a big shipment of good fresh, clean coffee which we would like to have you try. Our prices on our coffees are as follows:

A. B. Brand, steel cut, per lb. 35c
Natural Brand, steel cut, per lb. 30c
Bengal Brand, steel cut, per lb. 30c
Peaberry per lb. 25c

Also have a big special sale on one of our best 25 cent sellers at 23 cents a pound or 5 pounds for $1.00. Get your coffe at this big coffee sale. Will also have in a big shipment of fresh peaches in crates.

NEW RULES FOR USE OF WHEAT FLOUR

Mr. Hoover Changes Regulations—Puts Americans on An Equality With Allies.

TWENTY-EIGHTY RATIO INSTEAD OF FIFTY-FIFTY

This Means That Only 20 Per Cent of Substitutes Are Required Now.

In the new wheat flour regulations recently announced by Herbert C. Hoover, United States food administrator, in a message to A. D. Wilson, federal food administrator for Minnesota, it is declared to be the intention to place the United States, England, France, and Italy all on an equality as to war breads, that all may "share and share alike." Consequently it is provided that the wheat bread of all shall contain 20 per cent of other grains than wheat.

In line with this plan, the new regulations call for the use and sale of *flours to be known as "Victory Mixed Flours"* and to be labeled with the ingredients in the order of their proportion. The mixed flours, however, must be mixed and milled in accordance with the standards of the food administration. The rules for mixing the Victory Mixed Flours follow:

> Mixed wheat and barley flour shall be in the proportion of four pounds of wheat flour for every pound of barley flour.
>
> Mixed wheat and corn flour shall contain the proportions of four pounds of wheat flour to one pound of corn flour.
>
> Mixed wheat, barley and corn flour shall contain eight pounds of wheat flour to one pound of barley and one of corn flour.
>
> Mixed wheat and rye flour shall contain the proportions of three pounds of wheat flour to two pounds of rye flour.
>
> Whole wheat, entire wheat, or graham flour or meal shall contain at least 95 per cent of the wheat berry.
>
> All of these mixed flours may be sold without substitutes, but at no greater price from the miller, wholesaler, or retailer than in the case of standard wheat flour.
>
> Present stocks of mixed flours, containing 20 per cent or more of substitutes, may be sold without substitutes until exhausted. If they contain less than 20 per cent of substitutes, a pound of substitutes must be sold with every four pounds of the mixed flours.
>
> Pancake and self-rising flours containing substitutes may be manufactured only upon special permit from the food administration, and may be sold without substitutes if they contain 20 per cent or more of substitutes other than rye.

Fifty-Fifty Rule Suspended.

The new regulations do away with the 50-50 rule. The retail dealer, selling standard wheat flour is required to carry in stock either barley flour, corn meal, or corn flour, and with every sale of wheat flour must sell in combination one pound of substitute for every four pounds of standard flour. The following flours may also be sold in combination: Kaffir flour, milo flour, feterita flour or meal, rice flour, oat flour, peanut flour, bean flour, potato flour, sweet potato flour, buckwheat flour. Pure rye flour or meal may be sold as a substitute in the proportion of at least two pounds of rye to three pounds of wheat flour.

Baking Rules Changed.

The following changes have been made in the rules governing the baking trade:

> Rule 1 A, requiring that the consumption of wheat in bakery products shall not exceed 70 per cent of the 1917 consumption, is rescinded.
>
> Rule 2 A, with regard to wheat flour substitutes remains as heretofore except as to rye, which will be a substitute when used upon a basis of not less than 40 per cent, or two pounds of rye flour to three pounds of wheat flour. If less than this proportion of rye flour is used the difference between the amount used and 40 per cent must be made up from other substitutes.
>
> Rule 6 A will now require bakers to use one pound of substitutes for every four pounds of wheat flour in all products save Class 3 A Crackers, in which only 10 per cent of substitutes other than rye will be required.

The use of the word "Victory" will be allowed in naming all products complying with any of the foregoing requirements.

All limits on quantity sales to consumers, including the thirty days' supply to consumers and supplies for a specified period to farmers on exchange transactions are removed. The food administration expects the consumer, however, to purchase with moderation and practice conservation with great care.

Manufacturers of Victory Mixed Flours must take out internal revenue licenses and pay special taxes as heretofore.

On all custom and exchange transactions, mills, elevators, or grain dealers must either deliver to the farmer whole wheat, graham or prescribed mixed flours or sell him the required proportion of substitutes in combination with standard wheat flour, except that the federal food administrators, with the approval of their zone committees, may authorize in their states the usual certificate to be accepted from the farmer showing that he has purchased or ground the required amount of substitutes.

SAVE SUGAR FOR THE MAN WHO FIGHTS

MANY REFUSE TO CLAIM EXEMPTION

GEN. CROWDER WARNS DEPENDANTS TO PROTECT THEMSELVES AGAINST THIS.

There are any number of men residing in Thief River Falls who intended to waive all claims for exemption when the questionnaires for today's registrants reached them. Many of those who intended taking their chances of going to war are men with families, but they figured that the folks would somehow be taken care of and that if they were needed to fight they would take their chances with the rest. That this attitude is general throughout the country is made plain by the fact that Gen. Crowder has found it necessary to issue a warning to dependents dealing with the matter. He recognizes the patriotic impulse back of the decision and commends it, but believes that men with dependants can better serve their country by remaining where they are for the present. A dispatch from Washington dealing with this subject says:

"Because many men of the new draft ages are expected to refuse to claim exemption of military service, regardless of the need of them at home the provost marshal general's office has suggested that employes or interested dependents should not fail to file formal claims in such cases. It was pointed out that the form of the questionnaire purposely leaves the exemption claim open to be filled by others than the registrant himself. General Crowder's staff feels that failure to present legitimate exemption claims for sentimental reasons will almost certainly work a hardship and injustice, especially since the local boards are now being asked to conduct the classification at top speed."

General failure to have such claims filed will serve to slow up the work, it was declared.

Kill the Slacker Hen.

Three million Minnesota hens have been sentenced to death.

All are slackers.

While their appetites for needed grains haven't diminished in the slightest, they have proved themselves slackers in egg laying.

The food administration announced today that a campaign will be begun at once in counties of Minnesota to have all non-laying hens killed and placed on the market.

It is estimated that 3,000,000 hens in Northern Minnesota alone will meet the hatchet.

Civil Service Examinations.

Examinations every Tuesday for stenographers and typewriters entrance salary $1,100. with promotion to $1,200 after three months' satisfactory service.

Clerks (male and female) departmental service, salary $1,000 to $1,200, examinations September 12, and October 16, 1918.

Further information and application blanks may be had from T. S. Brokke, local secretary of the Civil Service board at the post office.

Notice of Hearing Upon Petition of Freeholder.

WHEREAS, A petition signed by Annun Ewindson, a freeholder of School District No. 68, in this County, representing that he is the owner of the following described lands, situated in said District, to-wit:

N½ of Section 12, Township 153 and Range 41.

And that the school house in District No. 68 is located two and one half miles from his residence, and that in District No. 66 one mile from his residence; that it is a hardship for him to send his children the additional distance to school in the District to which he belongs now; has been presented to the County Board of Pennington County; and asking that his said lands may be set off from said District No. 68 to said District No. 66 and the said Board has appointed a time and place for hearing thereon. Therefore

NOTICE

Is hereby given that said petition will be heard by said Board, at a session thereof, commencing on the 14th day of September A. D. 1918, at two o'clock in the afternoon, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said Board will hear the evidence and the arguments of all persons interested, for or against granting the prayer of the petitioner.

Dated at Thief River Falls Aug. 10th, 1918.

By order of the County Board.
T. P. ANDERSON,
County Auditor and Ex-Officio Clerk of Board
(Seal.) s-5-12.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage containing a power of sale, dated April 15th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of April, 1915, at 1:00 o'clock P. M., in Book 3 of Mortgages at page 381, executed by Samuel Johnson and Tabeta Johnson, his wife, as Mortgagors, to The Crookston Building and Loan Association, a Minnesota corporation, as Mortgagee, and mortgaging the following described real estate situated in Pennington County, Minnesota, to-wit: Lots Twenty-one (21) and Twenty-two (22) of Block Twenty-two (22) of the Original Townsite of Thief River Falls, Minnesota, according to the recorded plat thereof; and no action or proceeding having been brought to recover any part of the debt secured by such mortgage, and there is claimed to be due upon such mortgage at the date hereof the sum of One Thousand One Hundred Eighty-four Dollars, against which amount the mortgagors are entitled to a credit of Two Hundred and Thirty-seven Dollars and twenty cents, the current value of ten shares of stock in the said mortgagee subscribed for by said mortgagors as a part of said mortgage and the debt secured thereby, leaving the amount actually due and claimed to be due upon the said mortgage at the date of this notice the sum of Nine Hundred and Forty-six Dollars and Eighty cents, ($946.80).

Now, Therefore, Notice is Hereby Given, That by virtue of said power of sale, said mortgage will be foreclosed and said premises sold at public auction by the sheriff of said county on Saturday the 19th day of October, 1918, at Ten o'clock in the forenoon of that day, at the front door of the Court House in the City of Thief River Falls, Minnesota, to pay the said debt and interest, and the attorney's fees, and the disbursements allowed by law.

Dated August 27th, 1918.

The Crookston Building and Loan Association, (a Corporation)
Mortgagee.
W. E. ROWE.
Attorney for Mortgagee,
Crookston, Minnesota.

EXEMPTIONS ARE MORE NUMEROUS

BANKERS, FIREMEN, POLICE AND RED CROSS WORKERS TO BE SPARED.

NO GENERAL APPLICATION

EACH INDIVIDUAL MUST PROVE NECESSITY FOR HIS BEING RELEASED.

Much broader grounds for the establishment of claims for exemption from military service are provided in new regulations being worked out by Provost Marshal General Crowder to govern the classification of men between 18 and 45, who are registering today.

Important modifications are based on the change of a few words in the original draft law made in passing the new man power act.

Exemption Changed.

The term "industrial occupation" is eliminated and the law now provides persons may be given deferred classification when engaged "in occupation or employment, including agriculture, which can be established as necessary to the military establishment or the maintenance of the national interest."

This section, officials have pointed out, with the regulations construing it, will definitely allow district exemption boards to exempt bankers and essential bank employes, men engaged in necessary commercial enterprises and necessary workers for Red Cross and kindred organizations.

Must Prove Importance.

Since the requirement that a man exempted because of his occupation must be of such importance as to threaten the continuance of the enterprise to which he is attached has been retained, however, the sum total of exemptions is not expected to seriously affect the net man power which finally will be placed in Class 1.

District boards, in applying occupational exemption regulations, will have the assistance of three advisers, industrial, commercial and agricultural, who will be nominated in every district.

Police in Class 3.

Only minor changes are incorporated in the revised questionnaire which the registrants of September 12 will be required to fill out. It strikes out the requirement that city police and firemen be in service three years before being entitled to deferred classification, and allows them to be placed in Class 3 without regard to their length of service. It establishes also three new divisions in Class 5.

The questionnaire still requires that each registrant who desires exemption to make formal claim and present detailed facts substantiating it.

Hunting Season Opens Monday.

Everyone in this section who owns a gun is oiling it up and getting ready for the duck hunting season, which opens Monday. They are buying ammunition—a little ammunition, as at present prices it is not likely that anyone will buy a great deal—and are prepared to play havoc with the game, which is reported as being fairly plentiful.

HOMER L. CASTLE

BIG TEMPERANCE RALLY ON TUESDAY

HOMER L. CASTLE WILL SPEAK AT AUDITORIUM IN THE EVENING.

The Minnesota Dry Federation will conduct a number of what they term county cavalcades thruout Minnesota during the next few weeks. Every city and most of the villages will be visited by auto and addresses made urging the people to vote for the dry amendment to the constitution. This will be presented at the next election and while there is no doubt but that it will receive a great vote, yet it is necessary for it to have a majority of all the votes cast, not only of those cast upon the amendment, in order to carry.

Homer L. Castle is the speaker assigned to this district and he will be in Thief River Falls on the evening of Tuesday, Sept. 17. This city is one of the few in this section given an evening date, most of the addresses being short ones delivered in the afternoon. Mr. Castle will be at St. Hilaire on the afternoon of the Wednesday following, and also at Red Lake Falls and Terrebonne.

Home on Furlough.

Frank McCrum, son of Mr. and Mrs. W. I. McCrum of Smiley township, is home on a short visit. He is one of Uncle Sam's navy men and has made four trips across the ocean aboard war vessels conveying transports. He admits having had some rather interesting experiences on some of the voyages but does not say anything about them. Navy men are very careful of what they say—much more so than men in the army—as it is considered at headquarters that they might very easily give out something that would be of value to the enemy. This young man likes the life in the navy very much and looks hale and contented.

Notice For Bids.

Bids will be received up until 8 o'clock p. m. of Monday, Sept. 23, for hauling contract:

The transferring of wood from the piles on the school grounds and placing same in the basements of the different school buildings.

Board reserves the right to reject any and all bids.

SCHOOL BOARD DISTRICT 18,
S-12-19 P. O. Myhrum, Clerk.

Corn Meal, Corn Flour, Oat Flour, Rice Flour, Buckwheat Flour, Potato Flour, Barley Flour.

All above 1 lb. substitute to 4 lbs. flour. Rye flour—2 lb. substitutes to 6 lbs. flour.

F. H. HERRICK, Chairman.

Masons Resume Meetings.

The next meeting of Northern Lodge A. F. & A. M. will be held on Monday evening, Sept. 23, and it is desired that all members who are in the city make it a point to attend. Work for the fall and winter months will be begun and there are a number of matters that require immediate attention.

Political Announcement.

The undersigned begs leave to announce his candidacy to succeed himself to the Office of Superintendent of Schools of Pennington County.

I have endeavored in the discharge of my duties to give full service to the schools. I shall, at the pleasure of the citizen voter, do no less in the future. No question as to qualification is raised and none can be raised.

Your support and vote for re-election at the General Election, Nov. 5th will be greatly appreciated.

Respectfully,
E. A. MOSTUE.

Institute Notes

The Teachers' Institute for Pennington county is now in session and will close on Friday evening. The faculty instructors are: Miss Avis Wescott, state institute conductor; Miss Coral Osborne, rural education department, Moorhead Normal and Miss Poole, University of Minnesota.

Program
9:00-10:00—Language.
10:00-10:15—Recreation.
10:15-11:00—History.
11:00-11:15—Recreation.
11:15-12:00—Language.

The Normal Training class of Thief River Falls high school:

Cora Russel, principal; Julia Costello, ass't. principal; Ina Stageberg, Grace Loken, Frances Culver, Mamie M. Zavoral, Clara Sorenson, Belle Blair, Anna Kotlan, Ruth Anderson, Selma Zakariason, Helena Norquist, Christine Lundberg, Ruth Lonson, Bertha Olson, Adelia Maland, Anne Barstad, Gladys Olson, Selma Simonson, Lulu Allen, Esther Fricker, students.

It is a matter of extreme satisfaction to note the enthusiasm of the conductors and the intense interest taken by the student teachers in this work of the institute. Teachers are here from Red Lake, Beltrami and Polk counties as well as the greater per cent from our own county.

Emphasis has been laid especially on patriotic activities as necessitated by the war conditions. The study of U. S. history will this year be supplemented by teaching of loyalty and citizenship. The boys and girls in our schools ought to know and will know the privilege as well as the duty of being a member, a citizen of this great nation.

The work of the institute will, I am sure, promote efficiency in the work of our schools. More than ever will it be necessary for the schools to work for that standard of efficiency and good citizenship which will lay a sure foundation for the development of the individual, and the strength of the nation.

Let each one, individuals as well as schools and those who direct the destiny of the nation, do our share in pulling at the oars, so that the nation can weather the storm, the crisis that is now upon us.

E. A. MOSTUE,
County Superintendent.

If you have a second-hand hunting coat for sale, bring it to The Times office today or tomorrow.

Hauling in Potatoes.

Potato digging is now going forward in a highly satisfactory manner. The yield is good and the stock seems uniform and of excellent quality. The Tessum company hauled in 317 bushels on Wednesday and placed same in their new warehouse. The potato transferring machinery was found to work in excellent shape and the wagons were unloaded quickly and without hitch. This concern does not want the potatoes brought to its plant in sacks, preferring to handle them loose. This is also a matter of considerable importance to the grower, saving both time and money.

NEW PRINCESS THEATRE
Always the Best and Latest Pictures

Thursday, Sept. 12—
Big Special Attraction Matinee and Night. Herbert Brennon's great masterpicture
"THE LONE WOLF"
In 8 thrilling reels with HAZEL DAWN and BERT LYTELL. SEE the great aeroplane races; The auto leap 50 feet off a draw bridge; The big conflagration. EXTRA—a comedy at no advance in prices.

Friday, Sept. 13—

Also two reel comedy.

POTATOES

OUR POTATO WAREHOUSE, which is equipped with the latest and most up-to-date machinery, is now open.

Do Not Sack
Your Potatoes

IT IS NOT NECESSARY. Haul them in loose, right in from the field. Your load will be dumped just like a load of grain. No shoveling, no sacking, no waiting. It all runs by machinery.

If you can't haul your potatoes to Thief River Falls, drop us a line and we will be glad to make other arrangements to handle your supply.

Callers are always welcome and we will be pleased to take them through our new warehouse at any time.

Give us a trial. We are here to stay and will serve you right.

VOL. 8 $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, SEPTEMBER 19, 1918 12 PAGES NO. 29

BOND ALLOTMENT REDUCED $70,000

AMOUNT TO BE ASKED FROM PENNINGTON NOT OVER $350,000.00.

DRIVE MAY CLOSE OCT. 3

TWO MORE WEEKS DEEMED SUFFICIENT TIME FOR WORK IN NINTH DISTRICT.

If the amount to be raised in the United States through the Fourth Liberty Loan is six billion dollars the allotment of Pennington county will be $350,000. If the total sum asked for is only five billions the country's share will be cut to $335,000.

The allotment of Pennington county, according to the first figures published was $420,000, an increase over the Third loan of 120 per cent. In the opinion of those whose duty it will be to see that the sum is raised this demand could never be met by our people and it was decided to see if a reduction could not be secured. Accordingly Chairman C. L. Hansen, Vice President L. A. Lampert and George G. Johnson, chairman of the previous campaign, made a trip to St. Paul for the purpose of conferring with A. T. Rogers, in charge of the campaign in Minnesota. At first he would listen to no argument presented in favor of a reduction but was finally brought to see that the demand was hardly just and that it would be practically impossible to meet it.

A Reduction of $70,000.

So ably and persistently did the Pennington county men present their case that Mr. Rogers finally saw the force of their argument and agreed to reduce the allotment $70,000, which will bring the sum to be raised down to $335,000 if the total is for five billions, or $350,000 if it is for six billions. Everything considered, our people should be able to subscribe this amount.

$19,000 More Than Before.

In the Third loan Pennington county subscribed $316,000 against an allotment of $165,000. This large oversubscription no doubt had its effect when it came to making the allotments for the Fourth loan. Nineteen thousand dollars was added to the amount raised in the previous campaign, or $235,000 more than was asked at that time. Reports of excellent crops and the good showing made by the banks of the county were also responsible for the idea that there was no limit to the amount of money that could be raised here. Certain local conditions had to be explained before the error in this calculation was apparent to the state chairman.

Will Do It Quick.

Pennington county went over the top on the first day of the previous campaign. It will be the aim to repeat this performance. The drive will open on Saturday, Sept. 28, and in the Ninth district will close on Thursday, Oct. 3. In some sections of the country the campaign will continue for a somewhat longer period but it has been thought best to make it short and snappy in the Northwest. This section reported first in the other drive and its oversubscription was the largest in the entire country. Nothing is to be gained by stretching the matter out over a month and the quicker it is over the better it will be for everyone.

Appointing Solicitors.

Chairman Hansen has appointed his district chairmen and these will select their own assistants. The work is under way and the machinery will be ready and in good working order when the campaign opens. It is hoped that by one whirlwind effort the sum required will again be raised on the first day.

WAR RELICS PROVE OF VAST INTEREST

ESTIMATED THAT 9,000 PEOPLE VISITED EXHIBITION WHILE IN THE CITY

Old timers who have been present when occasions of special interest called for exceptional crowds in Thief River Falls claim that the gathering on Friday evening was the largest they have ever seen. Frank H. Nutter, who was in charge of the war relic exhibition for the State Safety commission, made an attempt at counting the mob, and figured out that from seven o'clock until eleven between eight and nine thousand people passed through the cars. It is probable that a number went through twice, but even at that the interest displayed was remarkable.

The train arrived shortly after seven o'clock over the Soo, its approach being heralded by the blowing of whistles and ringing of bells. The home guard marched to the depot, where the company was joined by the naval band from Great Lakes and a tour made of the principal business streets. Arriving at the cars the guards formed in line for the purpose of holding the crowds back and stayed there until near midnight, the press at times being so great as to tax their patience and muscles.

The exhibit itself was well worth seeing, containing everything in the line of war material that the people have been reading about. There were machine guns, trench mortars, hand grenades, depth bombs, cannon of different calibre, gas guns, gas masks—everything and anything that the visitor might be interested in.

Mr. Nutter stated that the interest shown here had not been exceeded in any city visited by the exhibit. A number of addresses urging the people to buy Liberty Bonds were made, and Sergt. O'Connor told some very good trench and battle tales. The excellent band helped keep the crowd entertained, continuing to play until midnight. From here the cars went to Warren over the Great Northern by way of Crookston, returning to the latter city the following evening.

TEACHERS' PARTY TOMORROW NIGHT

RECEPTION TO INSTRUCTORS AT LINCOLN SCHOOL AUDITORIUM

The annual reception tendered the faculty of the public schools in the city by the board of education will take place on Friday evening in the auditorium of the Lincoln high school. A general invitation has been extended to all adults to attend, it being particularly desired that parents be present.

These receptions are an annual event and have been found very helpful in getting parents acquainted with those who will have the instruction of their children in charge. Many of the present teachers are strangers in the city and this affair will give our people an opportunity to become acquainted with them.

FIRST MAN KILLED IN ACTUAL BATTLE

ERIC SEVERSON, ERIE, MEETS DEATH ON FIRING LINE IN FRANCE

The casualty lists this week carried the names of three men who may be regarded as belonging in Pennington county. One of these, Eric Severson, whose home address is given in the dispatches as Erie, made the extreme sacrifice, he being listed among those killed in action. Diligent inquiry has failed to reveal the identity of this man. He was not among those drafted and no record can be found of his enlistment. It is thought that he was an itinerant farm laborer who gave his last place of employment as his home address.

Two Pennington county boys were also included among those wounded or missing. Will Bartleson, who formerly worked for John Christenson, was reported as missing in action. His home address was given as Minneapolis but he was one of the first to volunteer from this county and all those who went at that time were set down as hailing from Minneapolis because that was their point of enlistment.

Mrs. Hannah Lane, who is here on a visit to the home of M. H. Connelly, received word that her son, Melvin, has been missing since July. He was with one of the regiments reaching France early. This young man spent the greater part of his life in Pennington county, leaving here about a year ago. He enlisted from Montana.

SEPTEMBER 28 IS FIXED AS LOAN DAY

GOV. BURNQUIST IN PROCLAMATION ASKS FOR FITTING OBSERVANCE.

Governor Burnquist has issued a proclamation designating Saturday, September 28, as Liberty Loan subscription day.

He urges co-operation of all citizens and suspension of such business as nessary to make an excellent showing in the new loan drive.

"On September 28 will be begun another intensive campaign for Liberty Loan subscription. In most sections of the country the campaign will extend to October 19, but in our district the plans contemplate October 3 as the closing date.

"The amount of Minnesota's allotment for this campaign is somewhat larger than that for the Third Loan. The portion assigned to us, however, should be easily raised, for Minnesota's crops have this year been bountiful and will tend to increase the prosperity of all of our people. A most critical time in the progress of the war has been reached. A quick and generous response to the solicitation of bonds will add new courage to our fighters, strengthen the morale of ourselves and our Allies and give another severe blow to the Central powers."

Blom is Recaptured.

Axel Blom, the young man committed to the state asylum at Fergus Falls from this county and who escaped from the guards a couple of weeks ago, has been recaptured and taken back to the institution. He was found at Langdon, N. D.

1363 IN COUNTY OF SERVICE AGE

CITY CONTAINS 501 BETWEEN YEARS SPECIFIED IN NEW CALL.

THIRTEEN MILLION TOTAL

REGISTRATION EXCEEDS ESTIMATE IN NEARLY EVERY STATE IN UNION.

Pennington county has a total of 1363 men coming within the requirements of the latest selective draft order. Of this number 290 are between 18 and 21 years of age, the remainder, or 1073, within the 32-to-45 inclusive classification. Three men have become 21 since the last registration on August 25, 98 are 18 years old now, 104 have reached their nineteenth birthday and 85 are 20 years old.

Big Majority Natives.

A considerable majority of all registrants are native born, their number being 899, as against only 277 naturalized citizens. The number of those who have acquired citizenship by reason of their father having taken out his naturalization papers before their twenty-first birthday is 110, 54 are declarents who have taken out their first papers, and 23 are nondeclarent aliens. There is one Negro registrant and one Oriental.

Five Hundred in City.

The total registration in the city of Thief River Falls was 501, divided among the wards as follows: First, 145; Second, 151; Third, 67; Fourth, 138. In the townships the registrations showed the following results: Bray, 28; Black River, 15; Cloverleaf, 27; Deer Park, 46; Goodridge, 25; Highlanding, 43; Hickory, 41; Kratka, 44; Mayfield, 21; North, 92; Norden, 38; Numedal, 20; Polk Centre, 19; River Falls, 33; Rocksbury, 59; Reiner, 44; Sanders, 35; Silverton, 38; Smiley, 50; Star, 50; Wyandotte, 31. The village of Goodridge had 22 registrants and the village of St. Hilaire 45.

Largest Number 36.

In the higher age limits the most popular figure is 36, while smallest number of men registered were 32 years of age. The falling off here is so marked as to indicate to a certainty that enlistments must be responsible for the figures. Within the years from 32 to 45 the number of registrants is as follows: Thirty-two, 53; 33, 85; 34, 86; 35, 91; 36, 97; 37, 93; 38, 80; 39, 68; 40, 60; 41, 74; 42, 75; 43, 71; 44, 70; 45, 70.

Drawing Oct. 2.

It is understood by the local draft board that the drawing of numbers in Washington for the new draft army which registered Thursday, will be held October 2.

An effort has been made to simplify the system by which a registrant knows his serial number, which is to be placed on the questionnaire he gets from his draft board.

ARE BUSY SENDING OUT QUESTIONNAIRES

ORDERED TO HAVE MEN READY FOR INDUCTION WITHIN 100 DAYS

The first of the registrants of Sept. 12 to receive questionnaires will be those 18 to 21 and 31 to 35 years old inclusive, according to the orders received by T. P. Anderson, clerk of the local registration board. Mr. Anderson began sending out the documents yesterday afternoon and will go through the list at the rate of ten per cent per day until all have been reached. There are 604 registrants within the ages specified in the county, which means that 60 questionnaires per day will have to be sent out. The registrants have seven days in which to fill out the papers and return them to Mr. Anderson, failure to do so within the time prescribed subjecting the delinquent to severe penalties.

That it is the intention to rush this matter through is indicated by the order of the provost marshal general which gives all local boards but 100 days in which to have their registrants classified, examined and ready for induction into the service.

The Times will next week publish a complete list of the registrants in Pennington county.

23 MORE TO LEAVE EARLY IN OCTOBER

MOST OF THEM WILL HAVE TO COME OUT OF 1918 LIST

Pennington county has been ordered to furnish 23 men for general service during the week of Oct. 7. This contingent will go to Camp Grant, Ill.

More than two-thirds of the number will have to come from the list of those registering during 1918. Only Class 1 men are wanted and but seven are now available from the 1917 registration. This does not interfere with matters in the least as more than a sufficient number of the later registrants have signified their willingness to go at any time—the sooner the better. For this reason the board will take 18 of these to fill out the call. This will still leave a few in the 1917 class, but these are nearly all so situated that the board is loath to call them until such time as they absolutely have to go. So long as there are others who wish to take their places it is figured that no harm is done while in many cases actual benefit is conferred.

Young men in the later registrations besiege the office of the clerk every day for opportunities to go into the service and they are being sent as fast as the demand for them comes.

Three young men left for the purpose of receiving special training at the university of Minnesota this morning. They are Sam Rouse of Goodridge, Ernest H. Johnson of Wylie and Ben Borgen of Thief River Falls.

COUNTY HAS 80 SCHOOL HOUSES

THEIR TOTAL VALUE IS MORE THAN QUARTER MILLION DOLLARS

RECEIPTS NEAR $200,000

NEW BUILDINGS, LAND AND EQUIPMENT DURING YEAR COST $40,448.

The people of Pennington county have over a quarter million dollars invested in school buildings, according to the report of County Superintendent E. A. Mostue, which will be submitted soon to the state board of education. There are 76 districts and 80 schools, six being of the high and graded class and 74 rural. The value of the former totals $186,500 while the rural buildings represent a value of $69,471. The average rate of taxation for the coming year is 32.81 mills, 23.5 mills going to the districts containing the advanced schools and 9.34 mills plus to the rural districts.

Good Shape Financially.

The report shows that the total receipts from all sources during the year was $196,499.41, of which the high and graded schools received $106,835.52 and the rurals $89,663.89. The amount raised for school maintenance by special tax was $71,617.23, of which the advanced schools received $45,210.58 and the outside districts $26,406.65. The amount of cash on hand at the close of the year was $39,400.82, divided $11,374.34 to the high schools and $28,026.48 to the rural districts.

The Expense Account.

About one-third of the total expenditures during the year are represented by teachers' salaries. These amounted to $67,447.44 and were quite evenly divided between the graded and high school districts and the rurals, the former accounting for $36,764.01 and the latter $30,683.43. Next in size in the disbursement list comes the amount paid for land, new buildings and equipment, which amounted to $40,448.88. The districts with the high schools took the high schools are charged with far the greater part of this, their requirements totaling $28,603.94. In the one item of transportation of pupils the rural schools have a considerable lead, the bill being $1,925.63 out of a total of $2,255.23. Operating expenses were $15,600.31, the high school districts being responsible for $13,467.37 of this amount. Maintenance cost $2,744.97 in the city and $1,860.25 in the country.

Districts Are Small.

There are but three districts in which the pupils are transported. In ten districts there are less than ten pupils enrolled, while in 22 districts there are less than 20.

DRAFTED MEN MAY SOON CHOOSE NAVY

CALL FOR JACKIES AND MARINES IS EXPECTED WITHIN SHORT TIME.

Provost Marshal General Crowder Wednesday announced orders to local draft boards which will permit the voluntary induction of draft registrants into the navy and marine corps and the permission for drafted men to be assigned if the voluntary inductions are not sufficient to fill the demand. Calls for the navy are expected to be out at the end of this month and the marine corps contingents will be called within a few weeks.

Third Fire of Series.

The residence of Ole Morben on Columbia avenue was totally destroyed by fire last Thursday afternoon shortly after dinner. The loss is about $1,800, with insurance at $1,300. The origin of the fire is unknown. The building was located outside the city limits near the Greenwood cemetery and the department could do little except help in saving the furniture. This was the third fire alarm sounded within as many days.

BIGGEST STOCK SALE OF SEASON

WILL BE HELD IN THIS CITY ON OCTOBER 16 AND 17

PURE BREDS AND GRADES

LIST SHOWS A TOTAL OF 168 HEAD, 107 OF WHICH ARE CATTLE

The first annual sale of the Pennington County Live Stock Breeders association will be held at Thief River Falls on Wednesday and Thursday, October 16 and 17. County Agent R. P. White has just completed the sales list, which shows that a total of 168 head of stock of all descriptions will be offered. Of this number 107 are cattle, 53 sheep, seven hogs and one Shetland pony. In the list of cattle seven are pure bred, 56 grade Holsteins; 10 pure bred and three grade Shorthorns; three pure bred and 28 grade Guernseys. Among the sheep offered are three pure bred Shropshires, the remainder being grades of the same breed. All the seven hogs are pure breds.

All of Fine Quality.

The greatest interest will naturally center in the cattle division. Among the individuals to be sold are some of the finest in the Northwest, prize winners at county and district fairs being included in the list. Besides some splendid cows there will be offered for sale a number of young bulls of a highly desirable type. These will be in great demand by the farmer who is just beginning to get a start in the live stock or dairying business or who is anxious to secure a new animal to head his herd. Complete records will be furnished with all thoroughbreds and the purchaser may be sure of getting exactly what he pays for.

Best Herds in County.

Practically every stock man in the county will have one or more animals at this sale. The names of the breeders in the following list are in themselves a guarantee that the stock that they are offering is of the best as they have for a long time been recognized as the leaders in the industry in this section. Those whose herds will be represented at the sale are:

Holsteins—Hans Anton, Fred Beerbauer, V. C. Noper, Hans Rude, Will Korstad and C. L. Rud. Guernseys—W. J. Bell, F. B. Conklin, E. F. De Velling, Peter Engelstad, Ole O. Howard and Albert Johnson. Shorthorns—J. W. Denhart, Jens Letness and R. L. Muzzy. Mr. Conklin will also offer Berkshire hogs, while Duroc Jerseys have been listed by K. T. Delager. The sheep exhibitors are Ole O. Howard and S. E. Hunt.

Many Visitors Expected.

The sale will take place at the Ramstad barn and all the arrangements usually made for an event of this kind will be looked after. A large number of buyers from other sections are expected as the fame of Pennington county cattle has spread all over the Northwest.

STOCK MEN MEET HERE ON SATURDAY

TO DISCUSS MATTER OF NEW BUILDING FOR NORTHWEST SHOW

A meeting of the live stock breeders of the section sponsoring the annual farm crops exhibition at Crookston will meet at the Commercial club rooms in Thief River Falls on Saturday evening at eight o'clock for the purpose of discussing the matter of new stock buildings at the Northwest fair grounds. It is expected that delegates will be present from Roseau, Marshall, Red Lake and Polk counties, as the subject under discussion is one that concerns them all.

It has for some time been evident that with the remarkable development of the live stock and dairying industries in this section it would be absolutely necessary soon to provide better accommodations for the stock exhibited and the matter has now reached a point where some action should be taken. Polk county has offered to raise one-half of the money necessary for the building if the other counties will pledge the balance.

The farmers and business men of Pennington county are as much interested in this matter as anyone and it is particularly urged that they be present at the meeting Saturday evening.

KEEPING TAB ON SUNDAY AUTOISTS

AGENTS OF STATE SAFETY COMMISSION SLEUTHING ABOUT HERE SUNDAY

Should the Thief River Falls automobile owners who neglected to observe the request not to use their machines for pleasure riding on Sundays find their names in the Twin City papers they need not be surprised. An agent of the State Safety commission was in the city last Sunday and is said to have secured the numbers on 63 different autos, the owners of which failed to comply with the request. No one was wise to the sleuth until he was ready to take the train for St. Paul in the evening.

He stated before leaving that he would make it his particular business to see that the names of the auto owners were published in the Twin City papers, but although a very close watch has been kept these have not been discovered there.

As he has the numbers of the machines it will be an easy matter for him to discover the owners. All he has to do is to get the license records in the office of the secretary of state.

Our people did not realize that this order was such a serious matter, but it looks as if the commission intended to have it obeyed.

BOARD MEMBERS TO BE PAID FOR WORK

MEN IN CHARGE OF ARMY REGISTRATION WILL RECEIVE COMPENSATION

After having devoted a good share of their time to the war work of the government during the past year and a half free of charge, a ruling has been made to the effect that members of registration boards are to be compensated for their labor. The ruling provides that the board members shall receive pay at the rate of one dollar per hour for the time actually put in on the duties prescribed in the regulations, the amount not to exceed $10 per day nor $200 in any one month. This is to be divided as agreed upon between the board members and is not the sum to be paid each one. One dollar is also to be paid for each man inducted into the service between July 1 and Aug. 1, and 30 cents for each registrant on June 5 and Aug. 24, to whom questionnaires shall have been mailed and who has been classified. No pay will be received for men sent from the county who were later rejected on final examination at the camps.

Under this ruling the local board will receive in the neighborhood of $450 as back pay. This means for the board as a whole, not for each member.

HEAVY WAR TAX ON WOMEN'S APPAREL

NEARLY EVERYTHING SHE WEARS TO BE INCREASED IN PRICE NOV. 1.

The government has levied upon practically every department of man's endeavor in its effort to keep up with the expenses of the war, and now woman's domain is to be invaded. On the first day of November she will be required to pay a tax of 20 per cent on nearly everything she wears, and this will bring her annual dress bill considerably higher than ever before. The articles to which this tax applies are enumerated in the advertisement of Loken Brothers this week.

This price raise, like all those that have gone before, will be met with the best grace possible. Practically everything required to keep going these days is subject to some kind of a tax, and it is all the kaiser's fault. Railroad travel costs more, so does automobiling. Whether you go away or stay at home, it is all the same—the increased cost is there. Such masculine necessities as tobacco have been hit hard and everyone knows that there is hardly an item of any kind that has escaped. This new tax hits the better grade of women's goods, being designed to throw the burden on those who can most easily bear it.

Your Subscription, When Does It Expire?

Look at the yellow address label which is pasted on the front page of your paper, which shows you the date your subscription expires.

THE WAR INDUSTRIES BOARD at WASHINGTON, issued the following ruling:

"ALL NEWSPAPERS MUST DISCONTINUE SENDING PAPERS AFTER DATE OF EXPIRATION UNLESS SUBSCRIPTION IS RENEWED AND PAID FOR."

Times readers should watch their date labels and renew promptly before their subscription expires, thereby not missing a single issue.

Look at Your Label and Renew Today

All Subscriptions are Stopped the Day They Expire.

The Times Company

EMBARGO ON ALL GRAIN SHIPPING

TERMINALS UNABLE TO CARE FOR TREMENDOUS AMOUNT BEING RECEIVED

MUST BE HELD ON FARMS

COUNTRY ELEVATORS WILL BE FILLED WITHIN A VERY SHORT TIME

Railroad officials in Thief River Falls have been notified that grain shipments hereafter will be regulated jointly by the railroad and food administrations through a system involving issuance of shipping permits by committees in different grain zones. This step was taken to prevent overloading of storage facilities at primary markets and seaboard terminals congested by the tremendous flow of grain this year, stimulated by an abundant crop and stable prices.

The local committees will consist of representatives of the food administration and railroad men.

"Shippers will be furnished with cars," said the statement, "and permitted to ship to the capacity of all the markets to take care of and properly unload the grain."

The railroad administration reported that 75 per cent of winter wheat has moved from the farms, while spring wheat and oats are just beginning to move.

Fill Country Elevators.

Neither railroad officials, elevator men nor farmers in this section believe that the embargo will be of long duration and the general opinion seems to be that while the big terminals may temporarily be glutted, the move was also made for the purpose of releasing cars for other and more perishable products. The potato movement, for instance, will soon be in full swing and this may have had something to do with the order. Grain can be held a great deal more safely than potatoes and as both are products most urgently needed the one most most liable to deterioration or damage may have been to some extent given the preference.

Farmers Must Store.

After the country elevators are filled, which will be within a very short time, the farmers will have to provide storage facilities until such time as the movement is again normal. Those with ample granary room will not even be inconvenienced and will lose nothing by the delay as the price will be the same no matter when the grain is shipped.

PUT SOLDIERS ON MINNESOTA FARMS

MEETING TO FORMULATE PLAN TO BE HELD IN CROOKSTON SOON

A meeting will be held at Crookston the evening of Wednesday, Sept. 25, in the assembly room of the Crookston Association, for the purpose of considering and developing plans for entering aid to the federal government in the matter of providing land for returning soldiers.

At this meeting a committee to cooperate with a state committee will be named and one member delegated to represent this section upon the committee, which is to be comprised of five members elected by the various sectional organizations.

In addition to the officers and directors of this association, all interested in the matter are cordially invited to attend and present plans or suggestions.

This is a matter in which Pennington county is as much interested as any county in the state and the Thief River Falls Commercial club should be represented officially. That a number of our people will attend on their own initiative is certain, but it would add to their standing if they were to carry the credentials of the most important civic organization in the county.

Stole Lloyd's Ducks.

Ed. Keiffenheim and his brother, both of Red Lake Falls, went duck hunting out at Goose Lake on Tuesday. Lloyd Crown was also out there hunting. He managed to shoot five mallards and placed them in his auto while he went to see if he had not overlooked a few. When he came back his ducks were gone. He had the Keiffenheim boys arrested, charged with having stolen his game. They were brought to this city and before Judge N. W. Tarrant in municipal court, where they pleaded guilty. Five dollars and costs.

Fire at Grand Forks.

Fire, which started in the basement of the Empire building at Grand Forks Monday afternoon, did damage to the extent of approximately $50,000. The origin of the blaze is unknown. The stage and settings of the Grand theatre were practically wiped out, the seats charred, and the projecting machines lost. Both the women's apparel stores, the "Apparel Shop" and "La Vogue," were damaged mostly from water and from moving goods out.

Letters from the BOYS

LESSONS OF THE GREAT CONFLICT

WILL WELD AMERICANS TOGETHER AND CREATE NATIONAL SPIRIT.

BEN BOTHUN WRITES HOME

SAYS RED CROSS IS DOING WONDERFUL WORK FOR MEN IN ARMY.

Among the many interesting letters received from the boys at the front lately is one written to Scott Laird by Benjamin E. Bothun, formerly a reporter of The Times and now a member of the 20th engineers in France. After telling of having a holiday by reason of its being Bastile day this soldier goes on to say:

"I would not take anything in the world for the wonderful experience I am going through. This great war is teaching the young men of America the meaning of real brotherhood. True to her humanitarian ideals, America is welding together her sons from every state, of every nationality, professing every creed, imbued with widely differing thoughts and teachings that they may look into the better nature of their fellow-men. We cannot lose when Democracy is at stake. And just such men as America has trained through her great melting pot are the ones to whom the world will be indebted for the safety of posterity.

The Soldier's Bugaboo.

"Letter-writing, with certain exceptions, is the bugaboo of an enlisted man's experience. Our ink intrudes to beat the band upon our leisure time and Friend Censor will allow us to write only about our weather, and as for the latter, if I attempted to describe it I would be guilty of using language unbecoming a soldier and a gentleman.

Work of the Red Cross.

"I have for a long time labored under the delusion that I understood the extent of Red Cross activities. Some time ago I had the pleasure of hearing a lecture on the civic work of the society. This talk was a revelation to me. The Red Cross is helping all the people over here whose former homes are on the battle fields—all the people who have been driven from their homes by the proximity of big shell fire; all the old people who have lost those upon whom they were dependent for their support, and all the poor orphans. The Red Cross is working in conjunction with the French government to supply food, clothing and the best of medical attention to all of these. It is a large undertaking and a great and merciful work. They are spending big sums of money and giving a great deal of hard, intelligent volunteer service. Every one of us is proud of our American Red Cross and sincerely hope that its support will continue. Another thing is the Red Cross tobacco issue for the boys. It sure is appreciated although there is the regular O. D. tobacco issue every ten days by the government.

Fourth of July All the Time.

"There are many things I suppose you would like to know, but I can't say much. Anyway I am glad I am here to do something to bring this war to an end and drive the Hun back to his border, where he will stay 'put' once and for all. Soon big things are going to happen—when all the fighting Yanks are here. All they want is a chance to get at 'em and then go back home. It's the Fourth of July here all the time. Guns booming and airplane battles every day. The anti-aircraft guns give old Fritz a hot reception and he is either brought down or forced to go so high he can observe nothing. Several machines have been brought down right here.

Propaganda by Balloon.

"The other day the Huns thought they pulled a good one. You've heard about the distribution of Wilson's message over their lines by airplanes. Well, the other day Fritzie thought we were out of reading matter and politely made a newspaper raid over us. We sighted a large red balloon coming over the hill and after several shots were fired into it, it came down in our neighborhood. Tied onto the balloon were several newspapers printed in French and addressed to 'The French Soldats.' It told about the only obstacles to peace and a lot of other bunk about being deceived, etc. They also had a few words about 'Monsieur Wilson.' I am sending you a piece of the balloon as a souvenir.

In Good Health.

"I have told you about all I can think of right now. I am in the pink of condition and have been so since joining the army. Only on one day coming over that old rocking got me, but I wanted to have that experience, too. As luck would have it I was on guard and it was our first day out at sea.

"The ocean is some sight, but give me land every time. I couldn't regain my land legs for some time after landing.

Met Old Friends.

"A funny thing happened at our debarkation camp. I was watching a ball game one day when I turned around, and who do you suppose I bumped into? Coach Johnson, formerly of our high school. It was sure some meeting as I said to Johnson when he left Thief River Falls: 'Well, I'll see you in France.' Another morning I came out of the wash house and was wiping my face when someone yelled from the line: 'Hello, Ben.' I looked out from under my towel and there stood 'Chesty' Halbert, a member of the 33rd engineers. We had a regular Thief River reunion.

"My other Thief River friends, Burns and Paulson, are in another company and are now 'somewhere in France'—I don't know where."

This soldier's complete address is: Ben E. Bothun, Co. F, 10th Batt., 20th Eng., A. E. F., via New York.

WRITES 220 WORDS ON A POSTAL CARD

CARL GULRUD DOES NOT BELIEVE IN WASTING PAPER THESE TIMES.

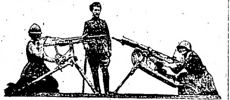
There is such a thing as getting altogether too economical and Carl Gulrud, a Thief River Falls soldier, seems to have just about reached the limit. On Aug. 19 he wrote a little note of 220 words to W. E. Baker, city agent of the Great Northern, and he crowded the entire message into a space two and a quarter inches by five and a quarter. It was written on a postal card of ordinary size but the Y. M. C. A. emblem and heading took up more than one-third of the available space and Carl had to crowd somewhat. Every word is legible, however, the following being the communication in full:

"Somewhere in England, Aug. 19, 1918. Friend Baker: Just a line to you. Am having a fine time although a long ways from Thief River Falls.

"You ought to be railroading here. They have box cars about 12 feet long, ten tons capacity, with only four wheels, hand brakes, chain couplers and small engines. But they sure can ramble over the rock ballasted road bed. All roads cross the tracks by overhead bridges and wrecks are few. Wish I had our car or even a bicycle to enjoy the crushed rock roads all over the country. Everything here is old-fashioned. Villages near here are hundreds of years old. Saw people threshing with an old portable steam engine and hand-feed separator the other day.

"Started to work last Sunday in shops helping overhaul motors for British airplanes and expect to take a ride soon. Art Liden, Max Goldsmith and I are in the same squadron, besides a number who went to school in Pittsburg. Spent the Fourth of July in New York city and left shortly after that. Sure took life easy for awhile and tip the scales at 13 stone 10 ponds, or 192 pounds, according to the scales here. Hello to everyone. (Signed) Private Carl Gulrud, 705061, 315th Aero Squadron, Am. Exp. Forces, 35 Eaton Place, London, England."

Machine Guns From the Battle Front



Everybody who sees the war trophy exhibits now touring the Ninth Federal Reserve district in the interests of the Fourth Liberty Loan is interested in the machine guns.

These two guns are part of the biggest war exhibit on wheels. The gun, which has been perforated by shell fire, is the German type and the girl wears a German helmet. The other is a French gun and the girl wears a French helmet. Both are Liberty Loan girls who have given their services to the Ninth District headquarters at Minneapolis and the one who wears the German helmet wants it explained that she is no Hun, but a loyal American. These girls had not arrived to take their places at the time the war exhibit was at Thief River Falls, but will do so shortly.

ONE CROP NEAR PAYS FOR FARM

T. K. RYNESTAD GIVES $12,000 AND TAKES $9,000 OFF FIRST YEAR.

ANOTHER 40 BUSHEL YIELD

JOHN MYERS RECEIVES NEARLY $1,200 FOR WHEAT ON 13 ACRES.

T. K. Rynestad this week received a check for $9,623.07 from the Silverton elevator for the wheat grown on 230 acres of his farm in North township, Pennington county, and he still has in the neighborhood of 500 bushels to market. Mr. Rynestad's farm is one of the largest in this section, containing 540 acres. Besides this wheat he has 130 acres of barley, 140 of oats and 40 of flax.

The total wheat yield was 5,106 bushels, or a little over 22 bushels to the acre. Oats did not do so well in proportion, the total yield for the 140 acres being 6,017 bushels, or 43 bushels per acre. The barley yielded 6,000 bushels, or practically 30 bushels per acre. The flax has not yet been threshed.

A Paying Investment.

While Mr. Rynestad had always been one of the "big farmers" of the section he decided this spring to add to his original holdings of 300 acres and purchased a neighboring farm of 246 acres, paying $12,000 for it. The crop grown on his new acquisition this year will bring a gross return of almost exactly $9,000, or three-fourths of the entire price of the plot.

Thirteen Acres, $1,100.

John Myers, who is farming the M. C. Burns place just north of the city on shares, is going to come out pretty well on the season's investment. He recently threshed and sold the wheat of 13 acres and received therefor a check for $1,191.97. This is at the rate of $91.69 per acre and shows that the yield was over 40 bushels. Mr. Myers also had an oat crop of 897 bushels to help out during the winter.

Mr. Burns, a year or two ago, sold 20 acres off this same farm for $90 per acre.

Quality is Fine.

The grade of the wheat grown in Pennington county this year is exceptionally good. Mr. Burns states that while his threshing job measured out 519 bushels at the machine it was found to total 575 bushels when it was weighed out at the elevator. He has resided in this section for 38 years and has never seen a season when grain turned out so satisfactory in quantity, quality and price.

MAKE CHARGE FOR INSTALLING PHONES

A NUMBER OF NEW RULINGS REGARDING SERVICE IS EXPLAINED.

The Northwestern Telephone company has received an order from the Postmaster General of the United States, under whose jurisdiction the telephone companies have been placed during the war, notifying it to charge for installing new telephones, and also to have subscribers pay the cost of moving their telephones.

Installation charges ordered are as follows: Where the monthly rate is $2.00 or less, $5.00; where the rate is more than $2.00, but not exceeding $4.00 a month, $10.00, and where the rate is more than $4.00 a month, $15.00.

The charge to subscribers for moving telephones from one location to another will be the cost of labor and material necessary for making the change.

The cost of installing telephones has heretofore been borne by the company in this city, although it was recognized that this was an unfair system. The expense is chargeable to general operating cost the same as any other item and makes the person who has his telephone in one position for years pay the cost of installation for the party who moves every two or three months. The government has simply decided to make the user pay for the service actually furnished him.

Asking the Time of Day.

There has been considerable kicking done on the phone service in Thief River Falls since the new company took charge and Manager C. L. Sterns asks to have the matter explained. In the first place the government now takes the entire revenue from the phones and the operating of the systems must be along lines of the most rigid economy. For instance, it has been declared no part of a telephone operator's duty to inform the general public of the correct time of day. As an example of the amount of unnecessary work caused by this habit on the part of our people, Mr. Sterns states that a record was kept of the calls for one day. During the 24 hours just 360 such inquiries were answered, or one every four minutes. This is quite a percentage of service for any kind of an institution to carry free of charge and the government has put a stop to it.

The Fire Alarm Calls.

Mr. Sterns says that ligitimate inquiries concerning the location of fires will be answered but that some system will have to be devised whereby only the persons directly interested can be accomodated. As soon as a fire alarm is sounded every number on the switchboard drops and the operators find it impossible to answer all, even though they devoted their attention to nothing else. Very often central does not know where the fire is located but the person phoning seems to be affronted when so informed. The other evening when the fire whistle announced the arrival of the war trophy special in the city, is a case in point. Central knew nothing of any fire and so stated. The service came in for a generous measure of cussing just the same.

Mr. Sterns believes that if the people will acquaint themselves the regulations now governing telephone service they will that neither local officials nor ployes are to blame for any inconvenience the changes may entail.

Hot or Cold This Winter? Think Back to Last Winter

Did you keep as warm as you cared to be?
If you had used a genuine Round Oak,
you'd have been as warm as toast.

Remember

A faulty heating apparatus not only means continual discomfort, but the excessive fuel consumed will prove a source of constant and unnecessary expense, that can easily be avoided, if you install a ROUND OAK heater. You should be shown the exclusive features of the Round Oak, before investing in a less known line.

Phillips-Laing Hardware Company

Grocery Specials for Saturday

We are going to make it an additional object for people to do their trading at this store on Saturday. We have cut our usual low prices still further for this occasion and it will prove an exceptional opportunity to stock up. Note the following prices and compare them with those charged by others:

Mascot Soap, a standard article always sold at a much higher price, six bars for - - - 25c

Summer Sausage, new fresh stock, per pound	26c
Fancy Breakfast Bacon, none finer found anywhere, lb.	30c
Golden Rod or Star Naptha Washing Powder	5c
Bengal Baking Powder 1 pound can	15c
Vermicelli, fresh-made and sealed, 3 for	25c
Tryfosa Jello, fine quality, all flavored, 3 for	25c
Home brand Leaf Hops the standard	10c
Baker's Cocoanut, the the genuine	10c

Ostby's Grocery

One Need Not Pay a High Price For a Coat

We have just received 100 New Winter Coats to sell for less than $25.00

One lady remarked, "I did not think I could buy as good looking a coat as that for so little money", and that is what you will say when you see these warm winter coats; they come in all the new colors and materials.

When these are gone, there will be no more to be had at any price. So we advise you to choose now.

$19.75 $23.75 $25.00

If you are not ready to buy now, a small deposit will keep it for you until wanted.

Plenty of Beautiful All Wool and Plush Coats

$29.50, $33.75, $35.00 and 39.50

Exclusive Cloth Coats

The best the market affords and the best is none too good for our trade, in beautiful silvertones, heavy Velours, Pom Pom, Bolivias, Duetone and genuine Kersey. They come in the new shades, reindeer, taupe, beet root, etc., and best of all only one of a kind, no duplicates.

$45.00, $47.50, $55.00, $59.50 up to $98.00

A Word About Our Suits

Our Suits are the most beautiful Suits we have ever shown in the Fall and the showing is equal to that usually shown in the larger cities. Suits of velvet, either plain or fur-trimmed, Silvertone Suits, Velour Suits, Serges and Poplins; over 100 to choose from.

You should invest in a suit this Fall as next season we know we will be unable to obtain such beautiful materials.

$35.00, $39.50, $45.00, $45.00, $49.50 up to $95.00

GERMAN PEACE FEELER SPURNED

ROUND TABLE DISCUSSION OF TERMS ON ALLIED PROGRAM

ANSWER SHORT AND SHARP

HUNS REFERRED TO PRESIDENT WILSON'S STATEMENT ON THE SUBJECT

The United States, as was fully expected, has unconditionally rejected Germany's peace feeler. In doing so the government has spoken for all the co-belligerents.

Almost immediately after receiving the Austrian government's note from the minister from Sweden, Mr. Eckengren, Secretary Lansing issued this formal statement:

"I am authorized by the president to state that the following will be the reply to the Austro-Hungarian note proposing an unofficial conference of belligerents:

"The government of the United States feels that there is only one reply which it can make to the suggestion of the imperial Austro-Hungarian government. It has repeatedly and with entire candor stated the terms upon which the United States would consider peace and can and will entertain no proposal for a conference upon a matter concerning which it has made its position and purpose so plain."

Answered Within Half Hour.

Mr. Lansing's statement was given t within half an hour after he had ived the Austrian proposal. It d have been forthcoming almost diately upon the delivery of the ian note had it not been found ary in order to avoid the possiof grave error to make a careful comparison between the official and that which was received in s dispatches last night from Amrdam.

hus emphasis was added to the ilination, if any were needed, the ckness of the reply indicating the istence of no shadow of doubt in e mind of the administration as to what it should be. As soon as Mr. Lansing's reply can be put in form it will be handed to the Swedish minister for transmission to Austria.

The Swedish minister notified the state department early in the afternoon that it had received the note and that it would be presented as soon as it could be decoded and tranlated from the French. This consumed several hours and it was not until 6:30 o'clock that Mr. Eckengren appeared.

Sounded Note For Entente.

There is some reason the believe that the secretary acted with this unprecedented promptness in a matter of such great importance with the decision not only to indicate clearly the position of the United States government but perhaps to anticipate and prevent as far as possible newspaper discussion of the Austrian proposition, which might convey to the enemy a misleading impression that there was any considerable element in the United States willing to consider a negotiated peace, such as the "n-binding" discussions, proposed y Austria, might develop.

Also, it is understood, there was a purpose to sound the note which the Entente powers might repeat in their own answer.

All these powers had gone on record formally as accepting the conditions of peace laid down by President Wilson as their own.

New Live Stock Building.

At a recent meeting of the Red River Valley Live Stock Exhibitors association steps were taken for the campaign to raise funds for a $20,000 live stock exhibit building. One-half of this was pledged by Crookston and Polk county, leaving the other half for the other counties of the valley. The graduates and former students of the Northwest School of Agriculture have organized a campaign to raise one thousand of this amount. Committees are being appointed in each of the counties for the campaign of raising the funds. The shares are $10 each and it is hoped that there will be a large number willing to assist in building this necessary live stock exhibit and sales building.

LAME EVERY MORNING.

A Bad Back is Generally Worse in the Morning. Thief River Falls People are Finding Relief.

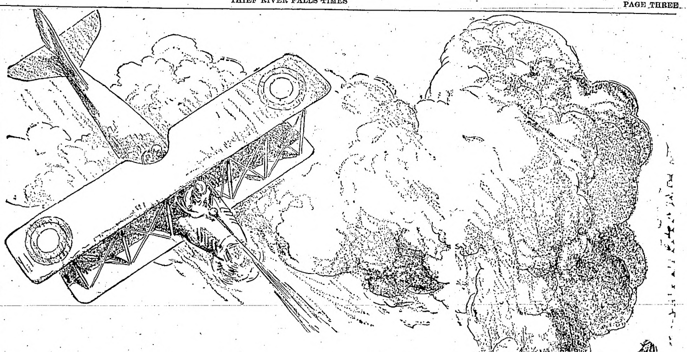
A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

You can't get rid of kidney backache, until you reach the cause—the kidneys. Doan's Kidney Pills are especially prepared for weakened or disordered kidneys—have been gratefully recommended by thousands.

Testimony of Thief River Falls people proves the merit of Doan's.

H. C. Liden, 424 Davis St., N., Thief River Falls, says: "Not long ago I began to have trouble from my kidneys. My back pained most all the time and mornings, I was sore and lame. Often I had to have my shoes pulled on for me because I couldn't stoop to get them on myself. My kidneys didn't act regularly; sometimes they acted too freely and then again the secretions were scanty. I got Doan's Kidney Pills at Curtis' Drug Store and two boxes entirely ended the troubles."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Liden had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.



Whose Limit Is All That He Can

(1)
This is the song of the plane—
The creaking, shrieking plane,
The throbbing, sobbing plane,
And the moaning, groaning wires:
The engine—missing again!
One cylinder never fires!
Hey ho! For the plane!

(2)
This is the song of the man—
The driving, striving man,
The chosen, frozen man:
The pilot, the man-at-the-wheel,
Whose limit is all that he can,
And beyond, if the need is real!
Hey ho! For the man!

(3)
This is the song of the gun—
The muttering, stuttering gun,
The maddening, gladdening gun:
That chuckles with evil glee
At the last long dive of the Hun,
With its end in eternity!
Hey ho! For the gun!

(4)
This is the song of the air—
The lifting, drifting air,
The eddying, steadying air,
The wine of its limitless space:
May it nerve us at last to dare
Even death with undaunted face!
Hey ho! For the air!

"OBSERVER, R. F. C."

The eyes of the army. The airplanes are going over, thousands of them. There must be more to follow, thousands of them. Let us turn our own eyes inward—search our own hearts—and see that no selfish slacker dollar remains unconsecrated to the service of the men we love.

Would We Not Die for Them—Our Fighting Men in France?

Then let us BUY for them—all the bonds we can—with the same great unselfishness with which they fight and die. This is the spirit with which they and we—fighting—working—saving together—will as God sees us, inevitably WIN!

THIEF RIVER FALLS TIMES
THE TIMES COMPANY, Inc. - - - Publishers

An Independent Legal Weekly Newspaper Published Every Thursday at 105 Second Street East, Thief River Falls, Minnesota.

R. H. ROSS - President and General Manager
T. J. AUSTAD - - - Secretary and Editor

Entered as second-class matter at the Postoffice at Thief River Falls, Minnesota.

WE CAN IF WE WILL.

Pennington county is being asked to raise $40,000 more for the Fourth Liberty Loan than was subscribed for the Third Loan. This is only about four dollars for each one of us.

If anyone were to try and convince us that the county as a whole is not four dollars per head more prosperous now than it was six months ago we would immediately take him in hand and with pencil, paper and voluminous argument show him that there was something wrong with his calculating apparatus. We would point to the fact that at the time of the former loan our farmers had not finished seeding and only had the promise of a very good crop because the season happened to be earlier than usual.

Now that promise has been fulfilled and the crop is harvested. The farmers will get more money for it than they ever received in their lives before, this being due to the liberal price guarantee fixed by the government.

The railroad employes, whose numbers make up a considerable percentage of our population, are also better fixed now than ever before, this also being due entirely to the liberal advances in wages made since the operating of the railroads became a national undertaking.

Our government now asks to borrow a little of this surplus wealth. It is absolutely necessary that the money shall be thus loaned as we have a job on hand that cannot be finished without it.

Are we going to let it be said that when things looked dubious our people went the limit in oversubscribing a Liberty Loan, and then when they found themselves in the midst of prosperity they failed to even come up to their allotment? Not much, we're not.

You all remember how proud of your city and county you were on that first day of the previous drive. Thief River Falls subscribed its quota before noon. The county went over the top before the end of the day. By the time the campaign closed we had pledged $120,000 more than was asked of us. Then the entire state patted our collective shoulder and pointed with pride to our achievement.

And when the reports came in from the farming districts and we found that every one would receive an honor flag to hoist over their respective town halls or school houses as a sign that they had gone over the top, don't you remember how you swelled up and pointed out to all and sundry that you guessed our farmers were in this war with their dollars as well as with their boys and their wheat, and how you stood willing to go to the mat with any stranger who dared to even intimate that there was a more loyal or liberal community in this country than Pennington county?

Let's bring about that condition again. We can if we will. Make up your mind that on Saturday, Sept. 28, you will be ready to meet the solicitor with a broad grin and the glad hand, prepared to put your name down on a card for all you can possibly carry.

Bear in mind that the boy over in the trenches will hear of what you have done. It will make a considerable difference to him whether he finds you backing him to the limit or merely stalling along while he is risking his life for you. Even if taking another bond at this time should prove a little inconvenient you want to remember that things are not always exactly pleasant for him either. He is fighting Germans and vermin, sleeping on the wet ground, eating when he can, facing death every minute of the day and night. You are at home making more money than you ever made before. That boy can't keep on fighting for you unless some of that money is loaned to the government.

What are you going to do about it?

OUR FIRST STOCK SALE.

The first annual sale of the Pennington County Live Stock Breeders' association will be an event of more than ordinary importance. In a way it places the community on the map as a livestock center and will call the attention of outsiders to the rapid strides made in this industry during the past few years.

It was not so very long ago that cattle were considered a sideline of rather dubious value in this section of the country, the general impression being that nothing of more importance than grain growing could ever be hoped for. As land increased in value, however, it was discovered that while grain no doubt would continue to play a most important part, dairying and stock raising must more and more become the mainstay of the population. Natural adaptability had more to do with bringing about this change than any inclination on the part of those who had always followed grain farming.

Of late years it has been noted that the man who has placed his dependence in cattle is the one who has prospered. Poor crops or low grain prices have had but slight effect on him. The result is that the industry has fairly boomed.

The aim has not alone been for more stock. Improving the quality early engaged the earnest study of progressive farmers and in this direction no section has made more rapid progress. This is evidenced by the fact that 168 head of stock of all kinds have been listed for this first sale. The cattle to be offered alone number 107 head, many of which are thoroughbreds and the balance of high quality.

This will offer an excellent opportunity for the farmer who is just starting in the stock business to improve his herd. A number of very fine sires are offered, the present owners deeming it advisable to secure another head for their herds in order to escape the results of continuous inbreeding. In some instances high grade cows are offered, this being generally for the reason that feed shortage makes it necessary for the owner to reduce his holdings. These cows are worth much more as milkers than they would be for beef and the sale offers an excellent opportunity for keeping them in the productive class.

The date of the sale is Oct. 16 and 17 and it it certain that cattle men from all over the Northwest will be present. The good reports spread broadcast by competent judges who have had an opportunity to inspect the stock on Pennington county farms have had the effect of creating a considerable interest in our native stock and many will take this opportunity to come and see what we have to offer.

THAT GASOLINE REQUEST.

It would seem almost as if people residing in this neighborhood are more willing to forego many of the things heretofore regarded as necessities of life than yield to the government's request that they curtail their pleasures for the good of the cause. At any rate the suggestion that all automobile joy riding on Sunday be stopped for awhile has not met with the instant response characterizing former demands for speeding up or slowing down, as the case might be.

Our people evidently failed to understand the matter correctly. A request was made that Sunday riding be stopped in all states east of the Mississippi river—which for governmental purposes seems to include Minnesota and Louisiana—but no regular order to that effect was issued. Many of our citizens considered themselves as residing west of the Mississippi and for that reason thought they were immune. Others, it must be admitted, knew just what the government meant, but because of the comparatively small amount of notice given the subject, believed that it was not of much importance.

The State Safety Commission, however, seems bent on having the suggestion followed out. Last Sunday an agent of that body was in the city and it is stated that he secured the numbers of about seventy cars that should have remained in the garages instead of being on our streets. It will be an easy matter for this agent to discover the owners of these cars by reference to the license records in the office of the Secretary of State and it would not be at all surprising if a number of citizens came in for a mead of rather unpleasant notoriety.

The auto owners of Thief River Falls are as patriotic as any in the land, and if it is the wish of the government that no cars shall be run on Sunday they will comply without a murmur. This is more of a hardship in a busy agricultural section than in the larger cities, as Sunday is about the only time available for an auto trip. However, that has nothing to do with it. If no gasoline is to be used on Sunday for the reason that what is thus saved will help win the war, we will simply do no more riding on Sunday, that's all.

THEY QUIT TOO SOON.

No one seems to be able to explain just why the city council ordered discontinued the work of surfacing our business thoroughfares with gravel taken from the river bed. The one block treated with a coating of this material is easily the best in the city, a fact that will become more and more apparent as the wet season advances. This one block is always in good shape, no matter what the weather conditions, and it is a pity there are not more like it. Dragging has even been found unnecessary on this particular stretch, the roadbed resisting the wear of heavy traffic as if it were a pavement.

The work should have been continued. It would make a great deal of difference to the appearance of the town if the surfacing contract had been extended so as to apply to Third street from Main avenue to the Soo tracks, the last named avenue between Second and Third streets and the corresponding block on LaBree avenue. This would cover the most heavily traveled strets in the city and would be a decided improvement all around.

Some day we will have to pave, but conditions are such that any discussion of this is futile just now. After the war and when things have again assumed their wonted course it will be soon enough to seriously discuss that matter. Until then we should certainly do the next best thing, and this seems to be surfacing with river gravel.

It is said that the work was stopped because of the criticism directed against it, but if the council waits for all critics to be silenced before doing anything the entire city will be at a standstill before many moons.

The housewife who makes her purchases without first consulting the "Fair Price List" published every week in The Times will have no reason to complain if she should get the worst of it. A committee of business men meets every week for the purpose of adjusting the prices on food supplies of all kinds and are giving their very best efforts toward seeing that the consumer is charged no more than is right and proper. A comparison of the Thief River Falls list with those published in other localities shows that food prices are fully as low here as elsewhere, many articles being quoted lower than in the large cities. It is a valuable service this committee is performing.

Harold S. Berg, who for the past year and a half has been the lessee and editor of the Middle River Pioneer, has turned the paper back to the former owner, R. D. V. Carr, and will enter the Students' Army Training Corps at the University of Minnesota as a preparation for doing his bit in the war. Mr. Berg has given the people of Middle River a newspaper to be proud of while in charge of the Pioneer and was making a decided success of his first business venture when the call to duty came.

Twenty Years Ago.

H. W. Lee still continued his efforts to have the charter of the city annulled and the community placed back in the village class. He had been defeated in all minor courts and appealed his case to the supreme court of the state.

The city was divided into two camps over the fact that the Meehans were hauling shavings from their planing mill and dumping it as a fill on First street. Some claimed that it was a good thing while others maintained that the thoroughfare was being ruined.

A report from the board of tax levies was read suggesting that the city rate be placed at the maximum allowed by law.

Miss Nellie Curran was engaged as teacher in the Rogers district.

A telegram was received announcing that Miss Clara LaBree was dying at Merrill, Wis.

Rev. Liening of this city, rode his bicycle to Argyle, a distance of 80 miles, for the purpose of holding services.

Rev. U. M. Creath preached his farewell sermon in the M. E. church and left with his wife for Indiana, where he had accepted a call.

The boys of the 14th Minnesota were expected in St. Paul during the week from Knoxville, Tenn. Preparations for the reception of those who went from Thief River Falls were going forward.

Ten Years Ago.

The interest in the primary campaign centered in the fight for place on the legislative ticket. There were three candidates, Opsahl, Funkley and Ives, and the former carried the county.

W. E. Baker and Leon Bourque bought the skating rink in this city from Roberts & Kalstad.

The Northwestern Telephone company asked permission to install six long-distance telephones in the city.

Philip Zeh moved his confectionery store into the Meehan block from its former location on the south side of Second street.

The last log drive of the year was on its way down to the mill in charge of William Herron.

The D. N. Winton family left for their future home in Minneapolis. Just before leaving the men employed at the saw mill gave a farewell reception to Mr. Winton in the millyard and presented him with the new furniture necessary for his new Minneapolis office.

Iver Howick was in from his claim during the week making preparations for presenting his final proof.

Judge Page Morris passed through the city enroute to his home in Duluth, after having put in a week hunting in the vicinity.

R. D. Sullivan, roadmaster for the Soo on this division, was severely injured when his speeder jumped the track near Halma.

Miss Katherine Dunn of Kratka, visited at the home of her sister, Mrs. Ben Erickson and at the Ed. Evenson home last week. While in this city Miss Dunn attended the Teachers' Institute which convened here last week.

W. C. T. U. Convention.

Mrs. J. O. Sether, president of the Thief River Falls W. C. T. U. left Tuesday morning to attend the forty-second annual convention of the union, which is being held in Duluth this week. The program for the week includes a Hoover supper, a patriotic song service with flag raising, and an address by the national pre[illegible] Miss Anna A. Gordon. There [illegible] a complete report of the wo[illegible] ties of the Minnesota branc[illegible] war victory supper for the [illegible] and vice presidents. On Thu[illegible] evening there will be an address [illegible] Mrs. Josephine Sizer.

Keeps Bathtub Hygienically Clean

Merely cleaning the bathtub with soap is not sufficient. It must be sterilized—made sanitary—to rid it of the poisons which bathing removes from the body. You can easily keep your bathtub both shiny and sanitary with

20 MULE TEAM BORAX

It will cut off dirt and soap grease instantly, without scrubbing. And its antiseptic properties sterilize and cleanse *hygienically*. 20 Mule Team Borax will keep all metal parts bright; and poured down drains and pipes cuts away dirt and destroys disease germs. Endorsed by all health authorities.

Common Sense and Potato Prices

Experience has shown that when a fair price is offered for potatoes, that is the time for the grower to dispose of them. Many a man has lost good money thru thinking that he knew more about potato conditions than the men who make a business of handling them.

Much money was lost last year right in this neighborhood by persons who would not sell for a good price in the fall. They wanted an unreasonable price for their crop and would not let go for less although they were warned. The result was that they sold for much less than was offered or did not find a market at all.

The present price is fair and in accordance with market conditions. If you sell now YOU get the money and we take the risk. If you hold onto the crop YOU take the risk even if we do not get the potatoes.

There is good money in potatoes at the price we are able to offer at this time. It may be a little better later on, but we do not know this. The crop may be larger than now seems likely, in which case the price will go down. YOU ARE TAKING THAT RISK BY HOLDING ONTO YOUR SUPPLY.

By marketing now the grower avoids the loss due to shortage, and this is at least 3 per cent during the first 30 days and 2 per cent for the 30 days thereafter.

Bring your potatoes to us now. Bring them right in the wagon box from the field. Never mind the trouble and expense of sacking them. You will get as much for them without that extra work.

We will pay the highest price possible. We can handle the crop better than anyone else in this section and will give you the benefit of the saving. No one can pay you any more than we can at the present time, and it is doubtful if they will be able to do so later on. The man with good common sense will market now.

A Furniture Sale that Spells Opportunity

You can get Furniture of quality right here and now at far lower prices than you can hope to see again for a long, long time.

Many Furniture factories are now doing war work, cost of labor and materials climb higher each day, and the government is cutting down the use of certain lumber.

These circumstances all tend to make the immediate purchase of quality Furniture, such as we offer, about the best paying investment of the day.

Come in and see these wonderful values; note the fine woods used, inspect the careful workmanship and the beauty of the new designs. You will have to admit that every piece we show is the best that money could buy.

The prices prove you can furnish your home in the very best of good taste at a comparatively small expenditure.

Larson Furniture Company
221 Main Ave. North

Mrs. Augusta Peterson, who had been a guest at the A. Halseth home in this city, returned yesterday morning to her home at Donaldson.

Palmer Hanson of Hazel arrived in this city Saturday evening for a visit with his sister Miss Esther Hanson and his brother Oscar Hanson.

J. W. Granger, assistant superintendent of the Great Northern arrived Monday morning and will take charge of the special Liberty Loan car.

Miss Evelyn Tessum returned Sunday evening from Lancaster where she visited for a few days at the home of a schoolmate, Miss Helen Dahlquist.

Mrs. W. L. Kords and son of Crookston arrived Monday morning for a few days' visit with her husband who is attending to business matters here.

Ole Bergland, who a few years ago was a resident of Grygla, has returned to this part of the state and will probably again make his home at Grygla or in that vicinity.

Rev. R. L. Barackman, accompanied by his daughter Miss Helen, motored to Middle River Sunday morning where he conducted the services in the Presbyterian church of that place.

Mrs. Jake Aga and son Grant left Sunday evening for their home in Ridgeway, Ia., after a short visit with Mrs. Aga's nephew, Orlando Aga who resides a few miles south of this city.

Mrs. Oscar Hanson who visited with her sister, Mrs. Johnsrud and brother Christ Odegaard of Erie, left for her home in Blooming Prairie, Ia., Sunday evening after a brief visit in this city.

Bart Anderson who is employed in the shipyards at Superior, Wis., visited in this city last week returning Sunday evening to resume his employment. While here he registered for military service.

Geo. C. Albrecht, temporary pastor of the Presbyterian church of Middle River arrived in this city Saturday evening of last week. Mr. Albrecht occupied the pulpit in the Presbyterian church of this city during the absence of Rev. R. L. Barackman.

Nelson-Arneson.

On Thursday evening of last week Miss Petrena Arneson of Glenwood, Minnesota, who for the past year has been employed in this city, became the bride of Charles Nelson of Glenwood. The wedding ceremony was performed by Rev. I. T. Aastad, pastor of the Lutheran Synod church, at the church parsonage. The wedding was a quiet affair and their only attendant was a sister of the bride, Mrs. Colman Bougn.

Mr. and Mrs. Nelson left Friday evening for Glenwood where they will make their home, Mr. Nelson being car foreman on the Soo at that place.

Sold His Dray Line.

Ed O'Hara, the veteran Thief River Falls dray man, has sold his entire outfit to Swartz & Johnson and will at once begin making a fortune on his fine farm. The purchasers of the dray line have also taken over the coal and wood business conducted by Mr. O'Hara for many years. Swartz & Johnson now have two auto trucks in service besides a number of teams and have another gasoline wagon coming. The dray office has been moved from Third street to the Holt & George Plumbing shop, 120 LaBree avenue north.

At the Princess.

Tonight—Alice Brady in "Her Silent Sacrifice."

20 Per Cent War Tax Goes Into Effect on Nov. 1st

OUR advice is to buy all your fall and winter requirements in Merchandise now. First, because our entire stock is ready and complete. Second, to-day's prices are far lower than they will be in the next 30 or 60 days. Third, commencing on Nov. 1st, you will be required to pay the following tax on all Merchandise that comes within its classification:

LUXURY TAXES.

Merchandise Included in New Bill—How Tax Will Be Collected.

(By the Economist Correspondent.)

Washington, D. C., Sept. 4, 1918.—The war revenue tax bill was formally reported to the House yesterday. It contains many new provisions. Among these features the taxes that are to be assessed upon so-called luxuries are of particular importance to department stores and retail merchants generally. Although these have been referred to from time to time in this correspondence, the exact rates of taxation as finally reported to the House are given herewith for the benefit of the trade. There were a few changes during the final hours of consideration of the measure and some modifications of rates previously tentatively agreed upon. The rates as given below, while official, are not yet final.

How Tax Will Be Collected.

In its final shape the bill provides that the tax of 10 per cent assessed against articles classified as luxuries per se is to be paid by the manufacturer, producer or importer. In the second group, where articles are held to be luxuries because of the price at which they are sold, the tax is to be collected from the purchaser by the merchant and turned over to the Government. This requires that accounts be kept of such transactions and monthly reports made to the Commissioner of Internal Revenue under regulations to be prescribed by him.

Collected by the Retailer.

On all items heretofore mentioned the new taxes become effective on the day following the passage of the bill. But, on and after Nov. 1, 1918, the 20 per cent luxury taxes become effective. These taxes are to be paid by the purchaser to the seller, who is required to turn them over to the Government, making monthly returns under oath, in duplicate to the collector of the district in which his place of business is located. The returns shall contain such information and be made in such manner as the Commissioner of Internal Revenue may by regulation prescribe. The seller or "vendor," as described in the bill, so far as these 20 per cent luxury taxes are concerned, includes any tailor or dressmaker making up women's or misses' suits, cloaks, coats or dresses.

Every article enumerated in the law upon which this 20 per cent luxury tax is assessed is sold in a department store. The provision sets forth "that on and after Nov. 1, 1918, there shall be levied, assessed, collected, and paid a tax equivalent to 20 per centum of so much of the amount paid for any of the following articles as is in excess of the price hereinafter specified as to each such article, when such article is sold for consumption or use."

Carpets and rugs, including fiber, on the amount in excess of $5 per square yard.

Picture frames, in excess of $10 each.

Trunks, in excess of $50 each.

Valises, traveling bags, suit cases, hat boxes used by travelers, and fitted toilet cases, in excess of $25 each.

Purses, pocketbooks, shopping and hand bags, in excess of $7.50 each.

Portable lighting fixtures, including lamps of all kinds and lamp shades, in excess of $25 each.

Umbrellas, parasols, and sunshades, in excess of $4 each.

Fans, in excess of $1 each.

House or smoking coats or jackets, and bath or lounging robes, in excess of $7.50 each.

Men's waistcoats, sold separately from suits, in excess of $5 each.

Men's and boy's suits or overcoats, not including uniforms or officers in the military or naval forces of the United States, in excess of $50 each.

Women's and Misses' suits, cloaks, and coats, in excess of $50 each, or when made up by a tailor or seamstress, in excess of $50 in value each.

Women's and Misses' dresses, on the amount in excess of $40 each, or, when made up by a tailor or seamstress, in excess of $40 in value each.

Women's and Misses' hats, bonnets, and hoods, in excess of $15 each.

Men's and boys' hats, in excess of $5 each.

Men's and boys' caps, in excess of $2 each.

Men's, women's, misses' and boys' boots, shoes, pumps and slippers, in excess of $10 per pair.

Men's and boys' neckties and neckwear, in excess of $2 each.

Men's and boys' silk stockings or hose, in excess of $1 per pair.

Women's and misses' silk stockings or hose, in excess of $2 per pair.

Men's shirts, in excess of $3 each.

Men's, women's, misses' and boys' pajamas, night gowns and underwear, on the amount in excess of $5 each.

Kimonas, petticoats, and waists, in excess of $15 each.

This 20 per cent tax does not apply to picture frames, trunks, valises, purses, lighting fixtures, umbrellas, or fans, or any of their varations as before given, if such articles are made of, or ornamented, mounted or fitted with precious metals or imitations thereof, or ivory. In such cases, owing to their enhanced value, they take the 10 per cent tax.

Loken Bros.' Fall and Winter Catalog Is Drawing Orders as It Never Did Before

Increase in volume of business done during August over August last year, a trifle over 60 per cent. Increase first half of September this year over first half of September last year, 41 per cent. There is a reason for this---and one only---and that is that the people know they can buy Merchandise, quality for quality, for less money here than from any other source. The following comparison table taken at random from present wholesale prices out of Sears Roebuck & Co. catalog, and from our own Catalogue, proves why we are making such large gains every month this year. Study this table carefully. It's dollars in your pocket if you do, of course providing you buy your merchandise from us.

	Present Wholesale Price		Sears Roebuck Price			Loken's Catalog Price		
Article	Dozen	Price Ea. or Per Yd.	Page	No.	Price Ea. or Per Yd.	Page	No.	Price Ea. or Per Yd.
Woman's Apron	$15.00 dozen	$1.25	324	38N8396	$1.60	27	1825	.89
Oil Cloths	$4.50 per 12 yd. role	.38	562	6358	.35			.35
36-in. Percale		.30	587	36N492	.29	43		.28
Serpentine Crepe		.28	591	36N5014	.32	42		.30
Silk Poplin		.95	627	14N8508	$1.05	40		.99
	Total	$3.16			$3.61			$2.81

These five items just give you a small sample of what you may expect to save on everything you buy right through the store.

We not alone carry in stock the highest grade and the largest variety of new Merchandise, but we will guarantee to save you money on your purchases whether large or small. We invite you to compare our values with the values of whoever you wish. We know that buying at Loken's means saving to you.

Price

$35.00

LOKEN BROTHERS
Thief River Falls Minnesota

Shop and Railroad News

Changes Are Very Few—Railroaders are hanging onto their jobs these days and there are fewer shifts of all kinds than has been the case in any previous year in the history of railroading in this section. The men seem satisfied to stay and the companies are only too glad to have them do so. At that the predicted labor shortage has not materialized and all roads, in this section at least, have had no trouble in keeping full crews. The ore-hauling season at the head of the lakes has not yet come to an end and the men depended on to be released by range roads are still busily at work. In fact it looks very much as if the ore roads are in worse shape as concerns competent help than are the grain carriers. Open pit mining will probably have to cease when extreme cold weather sets in but there are vast stock piles to fall back on and it is certain that the iron will be needed almost as badly as the wheat.

The Grain Embargo—There is considerable speculation among railroad men in this city as to just what will be the effect of the government's order stopping all grain shipments until further notice. The railroads had managed to find sufficient help to take care of the enormous traffic incident to the moving of the crops of the Northwest and if grain is now held up the most natural thing to expect is that these crews will find themselves without steady employment. That the grain terminals will remain checked for any length of time is considered unlikely, however, and there is enough for the railroads to do for awhile even if this particular commodity is temporarily hung up. The country elevator men and farmers are far more liable to feel the effects of the embargo than are the railroaders.

Brakeman Injured—R. A. Marr, a brakeman on the north-bound local freight, was injured on Monday when stepping off his train at Lancaster. The platform was slippery from the early morning frost and the supposition is that he fell and rolled toward the slowly moving train. He was probably struck by one of the oil boxes and forced out of the way or he might easily have been thrown under the wheels. He is now at the Physicians' hospital in this city and outside of a number of bad bruises and a general shaking up it is thought that the damage is slight.

Railroading in Siberia—The railroaders who left this city for the purpose of engaging in the work of helping solve the Russian railroad muddle, are again in Siberia after having put in the greater part of the summer awaiting their chance in Nagasaki, Japan. E. F. Dolan received a letter from them this week stating that they are now at work on the Chinese Eastern railway, which is the name of the Chinese extension of the Trans-Siberian system. All are well and apparently determined to stick it out, although the outlook for doing so must have been decidedly discouraging at times.

A Costly Freight Wreck—An extra freight train, west-bound from the head of the lakes on the Soo, went off the track near Gonvick on Monday. The damage to equipment was rather extensive but no one was hurt. The cause of the trouble is not known, but from appearances railroaders are of the opinion that a tank car jumped the track without any just provocation.

Division Jottings.

Fireman M. O. Standberg is back from a short visit to Minneapolis.

Berger Wold, car repairer, was a Minneapolis visitor the first of the week.

Engineer John Saevold made a business trip to Minneapolis the first of the week.

Miss Nettie Ove returned to her post in the general offices this week after having spent her vacation at Minneapolis and Kansas City.

Charles Conner has been put on as night yard clerk during the grain season rush.

John S. Burch has been appointed warehouseman at Alexandria, vice William C. Flemming, resigned.

Miss Esther Gjertsen returned on Monday from a four-day vacation, spent at her home in Sandstone.

Traveling Auditors Kennedy and Gilhausen are off on their annual vacation and their places are being filled by Auditors Hunter and Tonolli.

Mr. and Mrs. L. H. Barnard left the first of the week for Lancaster where they will put in a few days hunting. Mr. Barnard is a machinist at the Soo shops.

Peter Parenteau, who has been employed at Adams as steam shovel watchman, returned the first of the week and will go to work here.

Charles Bartlett, machinist's helper, and George Erickson, boilermaker, autoed to Minneapolis the first of the week, returning a couple of days later by train.

Tom Houfek, engine dispatcher, is at the Physicians hospital undergoing treatment for an injury sustained while at work in the roundhouse here. It is nothing serious and he is getting along all right.

MUST GRADE SPUDS BEFORE SHIPPING

WILL BRING BETTER PRICES TO GROWER THAN IN PREVIOUS YEARS.

The grading of potatoes at primary shipping points is required by the food administration. A. C. Brown is the representative of the food administration who is looking after these regulations.

The regulations fix two grades of potatoes—potatoes of the round varieties that will go over a one and seven-eighths inch screen or potatoes of the long varieties that will go over a one and three-fourths inch screen are graded No. 1. Potatoes of any kind that will go over a one and one-half inch screen are graded No. 2.

Mr. Brown says only a small percentage of potatoes grade No. 2 and that the average price of the two grades gives the producers higher prices than they have received for the field run in previous years which have given a crop of like quantity.

PERSONAL JEWELRY THAT PLEASES
AND SO UNIQUE
ISN'T THAT A MOST BEAUTIFUL WAIST SET

The City Churches

Presbyterian Church, Rev. R. L. Barackman, Pastor—Sept. 22. 10 a. m., Sunday school holds an interesting session. The Christian Endeavor maintains a special class to which all young people are cordially invited. Morning worship is held at 11 a. m. The morning sermon and special music are the features of the hour. At 3 p. m. the Juniors of the church meet for study and drill under Mrs. Barackman as superintendent. The Young People meet at 7 p. m. and conduct a meeting for the instruction, development and inspiration of those who are in attendance. Evening worship at 8 p. m., when the sermon theme will be practical and the singing of the congregation a happy experience. On Tuesday afternoon our women are expected for work at the Red Cross rooms. On Thursday at 8 p. m. a meeting for intercession and praise is held in the church. On Friday, Sept. 20th the Woman's Missionary society meets with Mrs. R. L. Barackman at 518 Main avenue north.

Swedish Lutheran Church—Ladies' Aid will be entertained in the church basement Wednesday, Sept. 25th, by Mrs. Leonard Peterson. The Luther League will meet at the same place in the evening.

Scandinavian Ev. Free Church, Nut Nyborg, Pastor—Services will be held Sunday forenoon at 10:30 and Sunday evening at 8:00. A spiritual service will be held for the children at 9:00 a. m.

Sw. Ev. Mission Church—Rev. O. J. Lundell, Pastor—Sunday school next Sunday, Sept. 22, at 10 a. m. Morning service at 11:00. Evening service at 8 p. m. A cordial invitation is extended.

The Branch House Man

This is one of the Swift & Company Branch House Men.

They are all pretty much alike in the way they feel toward their work—and that is what this ad is about.

They know that most people couldn't get such good meat promptly and in good condition if it weren't for the branch houses of which they are in charge.

They know that the branch house is one of the most important links in the chain of preparing and distributing meat for a nation.

They know that Swift & Company must have its branch houses run at the highest notch of usefulness; that even a Swift & Company branch house won't run itself, and that it is up to the branch house man to run it properly.

Any branch house man who doesn't see his work in this light is transferred to some other place with Swift & Company to which he is better adapted.

They are picked men, these branch house men. Every time you sit down to a steak or chop, or cut of roast, you can give a grateful thought to the whole crew of them.

And remember, in a general way, that everything that makes life smoother and more convenient for you, is the result of the thoughtfulness and effort of a lot of people of whom you have never heard.

Swift & Company, U. S. A.

Neighborhood NEWS

ROSEWOOD

Monday.

The T. and C. Mellem families motored to Strathcona last Sunday to visit with the Henning Backlund family.

Misses Andrea Ness and Celoa Olson and two other girls from out north boarded the morning train here destined to work in North Dakota.

Misses Clemens and Isabel Sagmoen left for Thief River Falls this evening to shop and visit between trains.

Justice Olof Opseth is spending the day at Thief River Falls attending to various business affairs.

The Sorenson young folks motored to Warren yesterday to visit with the G. Anderson family.

Tuesday.

Mrs. Selmer Haugen is staying at her parental home since her husband was called to service.

Mrs. Nina Anderson and sons spent most of last week at Peter Mellem's farm visiting and assisting with fall work.

Mrs. S. Rafteseth is an afternoon guest at the A. T. Thoreson home.

Adolph Rafteseth goes to Thief River Falls this evening on a brief business mission.

Wednesday.

Mrs. Peder Alby and children and Miss Alby arrived from Thief River Falls this morning to stay over Thursday and to attend the funeral of Mrs. Solbeck.

Benhard Hanum who is employed threshing in the town of North came home this morning for a short stay with his family. The nocturnal rain made shock threshing in the forenoon impossible.

Mrs. Carl Mellem and daughter Alice left this morning for Warren to attend the teachers' session and visit with relatives for several days.

Gladys Swenson returned this morning from Thief River Falls where she has been the last week as guest with the Ole Nyhus family.

Henry Sagmoen came home from Park River, N. D., this evening to register and will return in the evening.

Thursday.

Joe Alby returned from North Dakota where he is employed this evening to attend the funeral of his sister, Mrs. Solbeck.

Irene Sorenson came from Thief River Falls this morning to visit with the Sorenson and Haugen families until Sunday.

Registration of all not previously registered men between the ages of 18 and 46 is carried on today at the Dist. No. 31 schoolhouse.

Henry Lappegaard left this evening for Thief River Falls where he will spend some days on business.

A. Opseth and Mrs. H. Norwick were among this morning's arrivals from the east.

Mrs. Chas. Sagmoen returned from her visit at Anita this week.

Friday.

The following left this morning for Nekoma, N. D., to seek employment: Axel Larson, Chas. Sagmoen, Thor Sevaldson and Adolph Rafteseth.

Miss Clara Sorenson who attends the high school at Thief River Falls, arrived this morning to spend Sunday here with Miss Synneva Sorenson. Miss Laura Kron is also home from school at that place to spend the week end with her parents.

A baby daughter was born to Mr. and Mrs. John Sagmoen this evening.

The remains of Mrs. Kasper Solbeck were laid to rest this afternoon in the Rindal cemetery. Rev. Geo. Larson of Thief River Falls officiated.

Saturday.

The Rosewood Farmers' club met this evening at Rosebank. President A. Vorseth being absent, Vice President Alec Helquist had direct charge of the meeting. Unfortunately the program committee, Miss Westby, was out of town and there had been no program arranged. After the brief business session Alfred Rafteseth was elected as program committee for the next meeting, and Marie Helquist and Ella Meyers as lunch committee. It was voted that the next meeting is to be held at the same place on Saturday, Oct. 12, but it is very likely that the officers will change the date to either Saturday, Oct. 5, or Friday, Oct. 11, as the school building must be prepared for the opening of school on Monday, Oct. 14. Lunch was served after the meeting and parlor games played.

Two of the Uland boys and Miss Anna Bloom autoed from Nekoma, where they are employed, to spend Sunday with their folks.

Miss Marie Helquist returned today from Viking where she has been since last Tuesday assisting the Flodstrom folks during threshing.

Mrs. Albert Vorseth and daughter Elsie who have spent this summer with a brother at Waterville, Iowa, returned home today.

Miss Lyda Batten, teacher at the Northrup school in Thief River Falls, spent Sunday with her father, John Batten.

Arthur Bloom left today for Nekoma to seek employment.

A baby boy was born to Mr. and Mrs. Peter Mellem on Saturday, Sept. 7th.

Sunday.

The following visited at the Alsor home recently: Mr. and Mrs. John Bloom, Mrs. S. Rafteseth and Mr. and Mrs. T. Mellem.

Forenoon services were conducted at the Rindal hall today by Rev. Geo. Larson.

Albert Vorseth motored to Middle River this morning on a combined business and pleasure trip.

Gust Opseth will arrive with his oil threshing rig the middle of this week and will work east of this village.

Alex Helquist will go to Warren tomorrow to have dental work done.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of a certain mortgage containing a power of sale, dated April 15th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 23rd day of April, 1915, at 1:00 o'clock P. M., in Book 3 of Mortgages at page 331, executed by Samuel Johnson and Tabeta Johnson, his wife, as Mortgagors, to The Crookston Building and Loan Association, a Minnesota corporation, as Mortgagee, and mortgaging the following described real estate situated in Pennington County, Minnesota, to-wit: Lots Twenty-one (21) and Twenty-two (22) of Block Twenty-two (22) of the Original Townsite of Thief River Falls, Minnesota, according to the recorded plat thereof; and no action or proceeding having been brought to recover any part of the debt secured by such mortgage, and there is claimed to be due upon such mortgage at the date hereof the sum of One Thousand One Hundred Eighty-four Dollars, against which amount the mortgagors are entitled to a credit of Two Hundred and Thirty-seven Dollars and twenty cents, the current value of ten shares of stock in the said mortgagee subscribed for by said mortgagors as a part of said mortgage and the debt secured thereby, leaving the amount actually due and claimed to be due upon the said mortgage at the date of this notice the sum of Nine Hundred and Forty-six Dollars and Eighty cents, ($946.80).

Now, Therefore, Notice is Hereby Given, That by virtue of said power of sale, said mortgage will be foreclosed, and said premises sold at public auction by the sheriff of said county on Saturday the 19th day of October, 1918, at Ten o'clock in the forenoon of that day, at the front door of the Court House in the City of Thief River Falls, Minnesota, to pay the said debt and interest, and the attorney's fees, and the disbursements allowed by law.

Dated August 27th, 1918.

The Crookston Building and Loan Association, (a Corporation)
Mortgagee.

W. E. ROWE,
Attorney for Mortgagee,
Crookston, Minnesota.

Citation for Hearing on Petition for Probate of Will.

Estate of A. E. Anderson.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of A. E. Anderson, Decedent.

The State of Minnesota to Karin Anderson, Clara Oxelia Scholin, Emil Larson, Betsy Sandberg, Thomas Larson and Richard Larson, and all persons interested in the allowance and probate of the will of said decedent: The petition of Clara Oxelia Scholin being duly filed in this court, representing that A. E. Anderson, then a resident of the County of Pennington, State of Minnesota, died on the 20th day of March, 1918, leaving a last will and testament which is presented to this court with said petition, and praying that said instrument be allowed as the last will and testament of said decedent, and that letters testamentary be issued thereon to Clara Oxelia Scholin.

NOW THEREFORE, you, and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms in Thief River Falls, County of Pennington, State of Minnesota, on the 27th day of September, 1918, at 10 o'clock A. M., why the prayer of said petition should not be granted.

Witness the Honorable Wilhelm Michelet, Judge of said court, and the seal of said court, this 3rd day of September, 1918.

WILHELM MICHELET,
(Court Seal) Judge.

O. A. NAPLIN,
Attorney for Petitioner.
s-5-12-19.

Citation for Hearing on Final Account and for Distribution.

Estate of Molly Jewlson.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Molly Jewlson, Decedent:

The State of Minnesota to James Harry Jewlson and all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled; Therefore, You, and each of you, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms, in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 30th day of September, 1918, at Ten o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 29th day of August, 1918.

WILHELM MICHELET,
(Court Seal.) Probate Judge.

J. M. BISHOP,
Attorney for Petitioner.
s-5-12-19.

Citation for Hearing on Final Account and for Distribution.

Estate of Sigurd Steen.

State of Minnesota, County of Pennington, In Probate Court.

In the matter of the estate of Sigurd Steen, decedent.

The State of Minnesota to Christian Steen, Jens Steen and Selma Steen all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled;

Therefore you, and each of you, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 14th day of October, 1918, at 10 o'clock a. m., why said petition should not be granted.

Witness, the Judge of said Court and the Seal of said Court, this 16th day of September, 1918.

(Court Seal) WILHELM MICHELET,
Probate Judge.

G. HALVORSON,
Attorney for Petitioner. S-19-26-O-3

STATE OF MINNESOTA, Department of Insurance, Office of State Fire Marshal, State Capitol, Saint Paul.

In the matter of the condemnation by the State Fire Marshal of a building owned by K. A. and John Sundahl, and located upon the East Fifty (50) Feet of Lots Thirteen (13), Fourteen, (14), Fifteen (15), Sixteen (16), Seventeen (17), and East Fifty (50) Feet of North Fifteen (15) Feet of Lot Eighteen (18), Original Townsite of Thief River Falls, Pennington County, Minnesota, according to the recorded plat thereof on file and of record in the office of the Register of Deeds in and for said County and State.

ORDER.

WHEREAS, the state fire marshal upon inspection of the building known and described as a vacant frame barn and situated upon the above described property, has found and determined that the said building is a large vacant livery barn of great age; that the roof is shingled and that said shingles are warped and loose and that roof is badly caved in; that the windows and doors are broken; that the flooring is decayed; that the sills are decayed and as a result the walls bulge and lean, that the general condition of said building is one of age and dilapidation, and is adjacent to other buildings of value, and that by reason of the above facts, said building is especially liable to fire, and, in his judgment, is dangerous to other buildings or property in the vicinity and to human life and limb.

NOW, THEREFORE, by virtue of the authority conferred upon the state fire marshal and pursuant to the laws of the State of Minnesota, said building is hereby condemned and it is ordered that it be demolished and the materials therefrom removed from the premises within Thirty days from the date of the service of this order and notice upon the owner thereof.

IN WITNESS WHEREOF, the foregoing order is made and signed in duplicate by the state fire marshal at St. Paul, Minnesota, this 28th day of June, 1918, with the direction that the same be filed forthwith in the office of the clerk of the district court in and for the county of Pennington, State of Minnesota as by law required.

JOHN B. SANBORN,
State Fire Marshal.

NOTICE.

To K. A. and John Sundahl, Thief River Falls, Owner of the building described, order.

You will please take notice of the foregoing order, a duplicate original of which was filed in the office of the clerk of the district court in and for the county of Pennington in the State of Minnesota on the 1st day of July, 1918, and you are hereby directed to comply therewith as required by law, and in the event that you fail so to do and do not file an answer and objections with the clerk of court and serve the same upon the State Fire Marshal within twenty days from the date of the service of this order and notice upon you, the state fire marshal, under the direction of said court, will proceed to enforce said order and your said property will be charged with the expense thereof and the penalties prescribed by law.

JOHN B. SANBORN,
State Fire Marshal.

Notice of Mortgage Foreclosure Sale.

Take notice that default exists in the conditions of that Mortgage given by Mark Carnickle and Vivian Carnickle, his wife, Mortgagors, to Geo. G. Johnson, Mortgagee, dated June 12th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on June 12th, 1915, at 11:00 o'clock A. M., in Book 53 of mortgages on page 236; which mortgage was duly assigned by the said Geo. G. Johnson to Hoag Security Company, a Minnesota corporation, by written assignment dated June 15th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on September 4th, 1915, at 1:00 o'clock P. M., in Book 56 of mortgages on page 634. The amount claimed to be due on said Mortgage with interest to this date is $72.58, and for interest paid on prior mortgage by this Assignee is $73.04, a total of $145.62, claimed to be due this date by virtue of said Mortgage indebtedness. The premises described in said Mortgage and situated in Pennington County, Minnesota, are to-wit: The Northeast Quarter (NE¼) of Section No. Thirteen (13) Township No. One Hundred Fifty-four (154) North of Range No. Thirty-nine (39), West of the 5th P. M. By virtue of the power of sale contained in said mortgage, and pursuant to the statute, and no action in law or otherwise having been instituted thereon, same will be foreclosed by the sale of the said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the front door of the Court House in the city of Thief River Falls, Minnesota, on Saturday the 26th day of October, 1918, at 10:00 O'clock A. M., to satisfy the amount then due on said Mortgage with the interest, taxes if any, and costs of this action, including $25.00 attorney fees as stipulated for in said Mortgage.

Dated at Minneapolis, Minnesota, this 9th day of September, 1918.

HOAG SECURITY COMPANY,
Assignee of Mortgage.

L. M. HOAG,
Attorney for Assignee of Mortgage,
Minneapolis, Minnesota.

Mrs. Victor McLeod leaves Thursday evening for Indianapolis, where she will visit with her husband, who is in camp there taking special training in gas engines. After her visit there she will go to the home of her parents at Antwerp, N. Y., to make her home until Mr. McLeod returns from war.

SAVE SEED CORN WITH EXTRA CARE

This the Slogan of One Million Bushel Seed Corn Drive in Minnesota.

It Insures Rapid Drying and Leaves the Corn Ready for Testing in Early Spring.

(Published by the Federal Food Administration for Minnesota, Prepared in the Office of Publications, University Farm.)

In the 1,000,000 bushel seed corn drive to be carried on in Minnesota during Seed Corn Time, September 10-20, the farm bureaus of Minnesota in co-operation with the Agricultural Extension Division of the University of Minnesota and the Federal Food Administration, are putting great emphasis on three things:

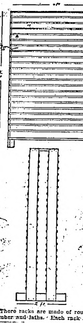
Method of selection.
Curing.
Storing.

In selecting seed corn, corn growers are urged to choose, from standing stalks in the field, medium-sized well shaped ears of a variety that has been grown in the locality for some time; ears nearly as large at the tip as at the butt, with straight rows of uniform well-shaped kernels and not more than 16 or 18 rows of kernels to the ear; ears with kernels that fill all the space on the cob.

In curing farmers are urged to put their seed corn in a warm dry place each day as it is picked, in order to avoid danger of exposure to freezing weather. For curing, it is also urged that the corn be placed upon racks or hangers of some kind so that the air may circulate freely about each ear, and thus enable it to dry thoroughly before freezing weather can injure it.

Seed corn should be stored in the attic, in some unused second story room which is well ventilated, or in a cellar in which there is a heating plant.

Both for curing and storing a simple wooden rack has been devised by Knute Bjorka, county agricultural agent of Isanti county. Drawings giving end and side views of this rack follow:



These racks are made of rough 1x4 lumber and laths. Each rack is four feet wide, six feet tall and two feet across at the base, and calls for the following material: two, 2 inch x 4 inch x 2 feet; four, 1 inch x 4 inch, x 6 feet, and two bundles lath. The total cost for lumber and nails should be about $1.40.

They are simply and easily put together at slight expense and give opportunity for the best possible curing and drying of seed corn. Moreover, they leave the corn arranged in such a way as to be tested with ease in the winter and early spring. Both for the handling of the corn and the keeping of records of results obtained from individual ears, or corn from special plots, they offer advantage.

GOODRIDGE CLUB PICNIC ON SUNDAY

OUTING WILL BE HELD AT THE CHRIS URDAHL PLACE WEST OF THE VILLAGE

If the weather man is favorably inclined and does not provide a nasty, rainy day next Sunday, the Goodridge Commercial club will hold its monthly meeting at the Chris Urdahl farm, one mile west of the village. This meeting will take on the nature of a community picnic and a general invitation has been extended to everyone, and especially members of other clubs to attend. Senator D. P. O'Neill will deliver an address and the community singing will be led by Miss Marion Murray. A picnic dinner will be served and such other necessities provided as are generally found on occasions of this kind.

Citizens of Goodridge have been generous in their attendance at picnics and the like given in other sections of the county and the neighbors can now show their appreciation and good will by returning the call.

An advertisement in The Times is sure to bring the desired result. It is the real business tonic.

Quite a few attended the services in the new church Sunday.

Misses Gunhild and Emelia Renala have been cooking for threshers at Anton Johnson's this week.

Miss Thelma Hovet is visiting with her sister, Mrs. O. Sunden this week.

Miss Emma Qualey has been keeping house for John Peterson the past two weeks.

Mr. and Mrs. T. Hovet of Erie, Mr. and Mrs. O. Sunden, Mr. and Mrs. O. Anderson and Miss Emma Qualey were guests at the Ben Kveste home on Sunday.

Miss Gertrude Olson of Fisher arrived Saturday and began teaching in District No. 52 on Monday morning.

STEINER

Misses Alice Solum, Celia and Evelyn Saugen, were visitors at the home of Mr. and Mrs. John Christiansen Sunday afternoon.

Rev. O. J. Lundell of Thief River Falls spent Sunday afternoon visiting with relatives in this vicinity.

August Koglin was a business visitor at Thief River Falls last Thursday.

Misses Celia and Evelyn Saugen spent Sunday afternoon visiting at the home of Mr. and Mrs. Peter Solum.

P. Liden and daughter Mathilda and Miss Alice Solum of this place and Rev. O. J. Lundell of Thief River Falls motored to Viking Sunday afternoon where they visited the Chas. Tangquist family and attended the dedication of the service flag in the Mission church in the evening.

Rev. J. Orrock of Thief River Falls will conduct services at the Steiner schoolhouse next Sunday, Sept. 22.

EXCEL

Here we are again after a long rest.

Mr. and Mrs. N. E. Muzzy are the proud parents of a baby boy born to them last Tuesday.

John Baker and son, Lawrence, of Thief River Falls spent last Sunday at the John Riedl home north of Steiner.

Miss Amy Whitman has started her school at Steiner.

Gilbert Johnson, who has been making his home in Montana for the last three years, arrived last week for a visit with his parents, Mr. and Mrs. A. A. Johnson, who reside east of this place.

Mrs. Walker and children, who have been visiting for a few weeks with the former's sister and brother-in-law, Mr. and Mrs. Aug. Koglin, left for their home at Lansford, N. D., on Friday of last week.

Mrs. Otto Hopprecht of Thief River Falls is spending a few days at the home of her daughter, Mrs. A. C. Simonson.

A crowd of Steiner young folks motored to Rosewood last Saturday night to attend the meeting of the Farmers' club held there.

Mr. and Mrs. A. G. Sauter and son, Leander, of Thief River Falls, are spending a few days at the Nick Baker home.

Misses Frances and Lena Riedl, accompanied by some of their friends, autoed to Thief River Falls last Tuesday night to take in the sights.

Miss Stella Malberg left last Saturday for Strathcona, where she is to teach a term of school.

Ed. Meyer, who is making his home his parents north of here, autoed to Thief River Falls last Saturday for a visit with his sister and brother-in-law Mr. and Mrs. Percy Lamb.

Miss Lida Muzzy is assisting her sister-in-law with the work this week.

Miss Thora Skomedahl left Saturday for Hendon, Minn., where she is to teach a term of school.

Chas. Lanaman of Thief River Falls has accepted a position from Arno Steinhaur to build a granary.

Mr. and Mrs. Omer Warring spent last Saturday in Thief River Falls on business.

Mrs. T. Brokke and son are spending a few days with Mr. and Mrs. J. P. Swanson, south of Steiner.

G. L. Leisner, accompanied by Nick Baker, autoed to Thief River Falls last Tuesday night to attend to business and take in the sights.

Miss Eva Saugen, who is attending high school in Thief River Falls spent Sunday with her parents.

GERMANTOWN

The Misses Olga Overby and Caroline Melby attended the Teachers' convention at Thief River Falls last week returning on Monday.

Mr. and Mrs. Emil Ludtke are visiting at Mrs. Ludtke's parental home, Mrs. DuChamp. Pte. Ludtke is home on a thirty day furlough from Camp Grant.

Mr. and Mrs. Conrad Klapenback of Thief River Falls were visiting at the Frank Kalutz home the first of the week.

Miss Bessie Roller was assistant postmaster last week when Miss Olga Overby attended the convention at Thief River Falls.

John Clausen and father, who recently returned from western Washington are visiting with friends in this locality.

Mr. and Mrs. Christ Nelson of Agder visited with Mr. and Mrs. Olaf Tharaldson on Sunday.

Miss Marie Muldoon returned home from Mavie where she has been employed at the Nelson home.

Miss Anna Peterson was a caller at Plummer over Sunday.

Miss Mabel Moe of Grygla has been visiting with her sister, Mrs. A. Rhror this week.

Hans Dahl was at Cottonwood last week putting in rye on his homestead.

Mrs. Clarence Wayne was a business caller at Thief River Falls, accompanied by her son who is ill.

Mrs. Hans Dahl called at the Bendickson home one day last week.

Oscar and Robert Rambec were callers in this vicinity one day last week.

Martin Overby returned last week from Canada where he has been employed for over a year.

John Clausen was employed at the Aandahl home last week.

Henry Dau and Benard Bendickson were trying their luck on the day the hunting season opened.

Miss Esther Bendickson was a guest of Mrs. John Aandahl on Sunday.

HAZEL

Mrs. J. Evenson called on Laura Larson Wednesday afternoon.

Misses Mabel Nelson, Harriet Howard, Laura Larson, and Messrs. John Hansen and John Nelson were callers at the A. Nelson home Monday evening.

Mrs. O. Halvorson and children visited at the J. M. Larson home Thursday.

Misses Laura Larsen, Harriet Howard and Mabel Nelson, and Messrs. J. Hanson and Robert Nelson motored to Thief River Falls Thursday evening.

Miss Emma Nelson left Wednesday for Johnstone, N. D., for a visit with relatives.

Miss Harriet Howard, who has spent the past two months at the J. M. Larson home, returned on Thursday to her home at Hillsboro, N. D.

Mr. and Mrs. J. Evenson and children and Misses Laura Larson and Harriet Howard were Hazel visitors Monday.

A picnic was held near Highlanding Sunday complimentary to John Hansen and John Nelson, who expect soon to be in the service of Uncle Sam. The party was composed of John Hanson, John Nelson, Palmer Hanson, Misses Ruth Larson, Laura Larson, Esther Hanson, Harriet Howard and Mabel Nelson. A most enjoyable time is reported.

Misses Mabel Nelson, Laura Larson, Messrs. J. Hanson, R. Nelson and J. Nelson spent Monday at Thief River Falls.

ROUTE NUMBER TWO

Shock threshing and stacking are nearly completed in this locality, and prospects are good.

S. O. Svenkeson left with his threshing rig Monday for Green Stump Lake after completing a shock run near here.

Elias Stokke of Silverton was a visitor at the S. Moe home Sunday.

Mrs. S. Torgerson is suffering from injuries sustained by falling down the cellar stairway last week. Her friends hope for a speedy recovery.

Misses Laura Johnson, Amanda Skomedahl, Thea Gutterud and Thora Moe, who are attending high school at Thief River Falls, spent Saturday and Sunday at their homes here.

Oliver Molstad, who was enroute to Camp Grant, Ill., last week was given a permit to remain at home to finish harvesting his crops and will not be called into military service until a later date.

Mr. and Mrs. S. Moe received word stating that their son, Simon, is now stationed at Culebra in the Panama Canal Zone.

S. J. Kalvig and Mr. Sampson motored up from their home at Kanahwa, Ia., last week and were looking after the former's farm interests at this place, and returned on Sunday. Halvor Moe has rented the farm.

Knute Ose received a letter from his son, Ole, stating that he had arrived safely overseas.

Mrs. S. Moe and Mr. and Mrs. Chas. Schwartz were pleasantly entertained at the Molstad home on Sunday.

Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corn Is Doomed!

When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'"!

of the world's magic and only genuine corn-peeler, "Gets-It." Then, and then only, will you be sure that your corn will loosen from your toe so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," razors and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It."—There's only one like it in the world—that's "Gets-It." Millions have tried and O. K'd it for years. It never fails.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Thief River Falls and recommended as the world's best corn remedy by J. P. Curtin.

$100 A Month

Young women and men with a business education are wanted in large numbers. If you are earning less than $100 a month, you are foolish not to get this training at once. Write to the Union Commercial College, Grand Forks, N. D., for a free catalog and find out how little it costs to prepare.

GROCERS ASKED TO HELP GATHER PITS

MATTER IS OF MORE IMPORTANCE THAN AT FIRST SUPPOSED

In a few days cards and receptacles will be placed in all of the grocery stores by the county food administrator, F. H. Herrick, asking the people to save fruit pits and nut shells for the government for making carbon in the use of gas masks for the United States soldiers.

Mr. Herrick has been requested by the United States food administrator to ask all grocers to place a receptacle in a conspicuous place in their buildings with a sign urging the people to drop the fruit pits and shells in it.

Only the best gas masks will save the boys "over there" from a painful death. These gas masks can not be made without good charcoal. Wood charcoal has proved deficient and it has been found that the necessary charcoal can be made from pits and shells. The United States government is asking American citizens to help save the soldiers' lives by saving their pits, which should be thoroughly dried in the sun or an oven before depositing. Following are the pits and shells which should be saved: Peach stones, prune, plum, apricot, olive and cherry pits, date seeds, and Brazil, hickory, walnut and butternut shells.

Last week Mayor Penney had a barrel placed at the Auditorium as a receptacle for pits and shells, but this does not answer the purpose very well as it is out of the line of travel for many of our citizens. By employing the grocery stores as collecting points the housewives will have their attention called to the matter, and it is to these that the appeal particularly applies.

Teachers Meet at Crookston.

The executive committee of the Northwest Educational association made the general arrangements for the annual meeting which will be held on October 31, and November 1 and 2. The meeting will be held in Crookston.

The entire Northwestern section of the state is included, and all teachers, both in the city and the rural schools attend. Large numbers of school officers and others interested in education are also in attendance each year. The enrollment last year when the meeting was held in Thief River Falls, was about 800.

The committee in charge consists of A. I. Jedlicka, Mahnomen, Pres.; Mrs. Quesnell, county superintendent, Red Lake county, Vice Pres.; Charles H. Geise, Crookston, Secy-Treas. and Supt. Ambrose Hays, Hallock, and Supt. J. H. Hay, Thief River Falls.

Warning Against Fires.

It has been ordered by the Minnesota Commission of Public Safety that from and after April 15, for a period of six months, no person shall kindle or set any fire in grass, stubble, peat, brush, slash or woods, or kindle any fire, except for domestic or industrial purposes in the following counties: Cook, Lake, St. Louis, Carlton, Itasca, Kanabec, Koochiching, Beltrami, Aitkin, Pine, Cass, Crow Wing, Clearwater, Hubbard, Becker, Mahnomen, Mille Lacs, Morrison, Todd, Wadena, Ottertail, Clay, Norman, Polk, Red Lake, Pennington, Marshall, Roseau, Kittson.

The order does not apply to fields around which an ample firebreak has been freshly plowed, or to fires kindled or set by the State Forester, or under his direction, regulation or permission.

RESOLUTIONS

Passed at the Close of the Teachers' Institute Held in Thief River Falls, September 9 to 13, 1918:

We, the teachers assembled in Institute at Thief River Falls, Pennington county, Minnesota, Sept. 9-13, resolve as follows:

1st—That we pronounce this institute to be one of the very best ever held in the county in respect of the Problem Method presented by Miss Coral Osborn, in history and geography, and in the vivid presentation of patriotic activities in club work. We resolve to carry out these suggestions and to live up to the sentiments as expressed in the "American Creed" in our schools.

2d—We commend the work of Miss Avis Wescott for her keen sense of humor and her stick-to-it-iveness, her talent for story-telling and her ability for planning and organization of the work.

3d—We solemnly resolve to carry all—or as much as will stay with us—of the humor and wisdom of these instructors into the work of our schools so as to make our schools congenial and happy; fruitful in progressive work and devoted to the cause of our country. We extend to our instructors our hearty thanks for the instructions and aid given.

4th—We extend our heartfelt thanks to Supt. E. A. Mostue for his untiring efforts in aiding teachers and instructors in their difficulties and his readiness to co-operate in any measure which will promote and help the country boy or girl.

5th—We extend our thanks and appreciation to the instructors of the normal training department of the Thief River Falls high school for the interest taken in the work of the Institute by their presence and assistance, as well as the presence of the members of the training department, and to the members of the Alumni for their splendid entertainment in the form of an out-door picnic at Squaw Point.

6th—We wish also to express our thanks and appreciation to the citizens of Thief River Falls for their efforts in our behalf by making everything pleasant for us during our stay through the Institute week.

(Signed) Chairman Elva Bartlett, Katharine Dunn, Lena Gullingsrud, Alma Anderson.

NOTICE TO SURGICAL DRESSINGS WORKERS

Our allotment for September is completed. The work-room will be closed until we get our next allotment.—Mrs. Thos. A. Way, Superintendent.

New Clerk For Board.

Clifford Logan, whose home is at Ada but who has been at Fort Snelling since his induction into the army, is the new clerk assigned to the Pennington county registration board. He arrived on Monday and has entered upon his duties. Room 1 on the second floor of the court house has been fitted up for the exclusive use of the board.

County Auditor T. P. Anderson has acted as his own stenographer and clerk since the first registration more than a year ago but the work has now assumed proportions where it takes too much of his time away from the general duties of the auditor's office and an assistant was asked for and granted.

The board membership remains the same as before, Mr. Logan's duties being exclusively clerical. He is a limited service man who failed to pass the physical examination for first line work but who will remain in the service in some other capacity.

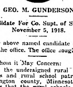
Physicians Hospital Notes.

Those who entered the Physicians hospital during the past week for medical and surgical attention are as follows: J. W. Michl, city; Miss Tillie Nyberg, Holt; Donald Fiterman, city; Mrs. Lena Solberg, Erie; Mrs. Gerda Martinson, Fosston; Miss Florence Hofrus, Plummer; Mamie Votava, city; Leonard Knodle, city; Harold Knodle, city; Mrs. Mary Gilbertson, Hazel; Thomas Houfek, city; Ole Kuan, Erie; Mrs. Minnie Ralstad, city, Mrs. G. H. Jones, city; Baby Harvey Nicka, Middle River; Mrs. Kate Cooper, city; Richard A. Mar, Bemidji; Helen Lormoe, Middle River; Joseph Essalin, Oklee; Eva Vandrin, city; Fred Lundquist, Newfolden; Mamie Kortan, Plummer.

Sticks to Steenerson.

(The Sunbeam.)

A new party usually takes the position that any official elected by the older parties should be retired from office. We consider this a mistaken idea. Take our present Congressman Steenerson for instance. It would be an absolute impossibility to find a man that has labored more earnestly in Congress for the advancement of the best interests of the farmers of this district than he has, and he has the ability to accomplish what he sees is for our best interest. Granting that the Nonpartisan League would place a man in his place that would work and serve the best interests of the farmers, it would take him from two to four years to get acquainted so that he would have the influence that Congressman Steenerson has. We watch the actions of both the members of the Legislature and Congress, and when we see a member of either body that is not working for the best interest of the common people we believe in hitting him on the head with a vote club that will put him out of business. But as long as Congressman Steenerson keeps up his present record in Congress, in the interest of the Northwestern farmers, we will make an aggressive fight against his retirement, without regard to the name or color of the party that would try to defeat him.



GEO. M. GUNDERSON

Candidate For Co. Supt. of Schools November 5, 1918.

The above named candidate did not seek the office. The office sought him.

To Whom it May Concern:

We, the undersigned rural school officers and rural school patrons of Pennington county, Minnesota, believing that the rural schools should be supervised by a rural school man, a man thoroughly acquainted with rural school work, conditions and needs, respectfully urge Geo. M. Gunderson of Silverton township, Pennington county, to file his affidavit of intention to run for the office of county superintendent of schools of said county.

Being personally acquainted with the said Geo. M. Gunderson and knowing him to be fully competent to attend to the numerous duties of said office if elected, we hereby tender him our influence and support in the coming campaign.

This petition signed by nearly one hundred voters of Pennington county. Names or signatures furnished on request to any voter in the county.

(Prepared and circulated by H. P. Rued, Thief River Falls, Minn., personal campaign committee for Geo. M. Gunderson, candidate for County Superintendent of Schools, Thief River Falls, Minn.)

Public Reception.

A public reception for the faculty of the Thief River Falls schools will be held at Lincoln high school Friday evening of this week. This event is under the auspices of the Board of Education. All adults in the city, and especially the parents, are cordially invited to attend. A musical program will be given and refreshments served.

s-19 Board of Education.

NORTHWEST TO UPHOLD RECORD

People of Ninth Federal Reserve District Led Nation in Third Loan Drive.

EXTRA EFFORT NEEDED

Amount to Be Raised in Fourth Liberty Loan Campaign Probably Twice That of Last Canvass—Men, Women and Children to Aid.

The people of the Ninth Federal Reserve District, comprising the states of Minnesota, North Dakota, South Dakota, Montana, part of Wisconsin and the Northern Peninsula of Michigan, have proven themselves to be real Americans.

They have responded promptly and generously to each demand made upon them by their Government in this hour of its need. From the homes of these great Northwest states have gone thousands upon thousands of young men, cheerfully ready to do whatever they were called upon to do and many of them have already been called upon to make the greatest sacrifice.

The men, women and children of these states have given their time, their money and themselves to aid in the great work being done by the Red Cross, the Y. M. C. A. and other organizations. The rich, the well to do, and the poor have marched shoulder to shoulder in the financial army that is carrying out every order issued by those in command at Washington.

In fact, the people of the Ninth District have been so well organized and have responded so loyally that they have put this district in a class by itself. During the Third Liberty Loan campaign, this district started its campaign last, finished it first, exceeded every other district in oversubscription of its quota, and, in the sale of bonds, secured a better percentage of distribution than any other part of the United States. Surely the people of this district have very great reason to be proud of their record.

The peculiarly effective plan of organization adopted and successfully carried out throughout the Ninth District is undoubtedly responsible to a large extent for the fine record made. The natural energy and clear-sighted Americanism of the great majority of its citizens is responsible for the balance. Whatever the cause, the results have put this district in a class by itself. The managers of other districts look to the Ninth Federal Reserve District for information and inspiration. They want to know how it was done. Many of the rules laid down by the Government for the Fourth Liberty Loan campaign in other districts are admitted to be unnecessary in the Ninth. The authorities in charge at Washington admit that the men and women of the Northwest will do what is asked of them in their own way, but will do it promptly and efficiently.

From all this, it is evident that a great deal will be expected from the Ninth Federal Reserve District in the Fourth Liberty Loan campaign. The standard set is so high that it will take extra effort to maintain it. That means that all those who worked hard during the Third campaign will have to work harder during the Fourth campaign and that they will have to be aided by many hundred recruits. There will have to be more intensive organization so that more individuals will be impressed with the necessity of doing their part and each individual will have more to do.

The amount to be raised in the Fourth Liberty Loan has not been officially announced. It is commonly thought, however, in official circles that the amount will be six billion dollars. This is twice the amount asked by the Government for the Third loan.

What will this mean? It will mean that there will have to be an increase in the average amount given by individual subscribers and also a largely increased number of subscribers. For the people of the Ninth District to raise $200,000,000, it will be necessary for every man, woman and child to make an effort, to sacrifice, to give up many things they would like to do or buy, and not only to do their full duty, but make it their business to see that every other man, woman and child does his or her duty.

The Ninth District occupies a very enviable position among the districts of this great country. The Ninth District must retain this position. In order to do so, there must be put forth a united, whole-hearted effort "of all the people, by all the people, and for all the people."

INTERNATIONAL FRIENDS.

This jolly Marine from North Dakota loves these two French kiddies because they remind him of some he left at home; they love him because he is kind to them, laughs and is big and strong. Instinctively they know he is fighting their battles. These are the kind of American soldiers who will make Germany pay for the outrages she has committed.

QUARTET OF ALLIES FOR LIBERTY.

Complete harmony exists among all branches of the forces fighting civilization's battles in France. The above picture shows an absolutely friendly group and was taken during the Memorial Day celebration in Paris. It's easy to recognize the American, Englishman, Hindu and Frenchman and it's very evident they are friends. In the Fourth Liberty Loan we will be called to do our share in financing all of the forces these men represent.

Food

QUESTIONS ANSWERED

CORN.

What American crop is most valuable measured by its food value and production per acre?

Corn. One acre of corn gives nearly 150 pounds of digestible protein and more than 3,000,000 units of energy.

Why did we not send much corn to the Allies at first?

Partly because they lacked the facilities to handle it, and partly because they were unfamiliar with it and unready to take a strange foodstuff.

Are we shipping much corn now?

As much as possible.

Is it true that corn meal does not keep well?

It does not keep as well as wheat.

Why do the Allies take corn now?

Because they have been educated to the use of corn.

What has this education accomplished?

In 18 months they have learned to use more corn products than we have learned to use in years.

In what form is corn shipped?

In the grain, as flour, and as meal.

How much is used by the Allies in their breadstuffs?

From 25 per cent to 40 per cent.

Why is corn so important?

Because it is valuable food with food by-products such as corn oil, sugar, and starch; it is a good substitute for wheat, and a splendid food for live stock.

Is corn as nutritious as wheat?

Yes.

What are the various corn foods?

Corn, corn meal, corn flour, cornstarch, corn syrup, corn oil, hominy, grits, samp.

DEALERS.

Does the Food Administration ask the co-operation of dealers and handlers of foodstuffs?

Yes; every one from producer and middleman to consumer is asked to co-operate.

What have food merchants done?

Representatives of all branches of food merchandising in the country have conferred with the administration and pledged their loyal support.

How is the problem of distribution dealt with?

By conference and by licensing.

What is accomplished by conference?

The members of a trade agree on fair prices and practices; they agree to make short stocks go as far as possible, and to keep supply steady and prices even.

What are the six trades that are called upon to bear the brunt of food saving?

Grocers, butchers, bakers, hotel and restaurant men, dealers in confectionery and ice cream, flour millers.

How have these classes helped in food conservation?

1. Grocers have limited sales and urged use of substitutes.
2. Butchers have limited sales and have meatless days.
3. Bakers have had profits kept down to pre-war basis. They have been cut in fancy breads, pastries, etc., and they are making Victory products. The prices of the ingredients of bread have risen 150 per cent, but price of bread less than 50 per cent.
4. Hotel men have helped to observe wheatless, meatless, and porkless days and have conserved in every way.
5. Confectioners were cut down to 50 per cent of their normal amount of sugar, since raised to 80 per cent.
6. Flour millers have done away with all gradings and done away with "fancy" flours. They all mill on the same basis.

What methods of economy have been successfully practiced in these businesses?

The "cash-and-carry" plan; standardizing prices and profits; eliminating waste; eliminating duplication of service; shortening store hours.

How can the housewife help the merchant in other ways?

By patronizing stores which display the merchants' pledge, by reporting unreasonable charges to her county or state Federal Food Administrator, who will take action under the law.

What is the merchant's pledge?

"We pledge ourselves to give our customers the benefit of fair and moderate prices, selling at no more than a reasonable profit above cost to us."

How to Save on Two Pounds of Sugar a Month.

Seven Ways for Daily Sugar Saving:

1. Use fresh fruits without sugar.
2. Cook dried fruits without additional sugar; they already contain sugar.
3. Can more fruit without sugar; put up fewer jams and jellies.
4. Use less sugar in tea and coffee; you will soon learn to like it better.
5. Avoid such sugar luxuries as candy, cakes, chewing gum, sweet drinks and sodas.
6. Use honey, maple sugar and syrups and other sweeteners when available.
7. Cut out all desserts or other dishes that require much sugar.

Substitutes For Wheat Flour.

Corn Meal, Corn Flour, Oat Flour, Rice Flour, Buckwheat Flour, Potato Flour, Barley Flour.

All above 1 lb. substitute to 4 lbs. flour. Rye flour—2 lb. substitutes to 3 lbs. flour.

F. H. HERRICK, Chairman.

Nearly Five Million Men.

An army of 4,800,00 by next July after allowances have been made for casualties and rejections is what the large American military program calls for, General March explained to the house appropriations committee in discussing the new seven billion dollar estimate. Now about 3,200,000 men are under arms he said, and it is planned to call 2,700,000 of the new draft registrants to the colors between now and July.

WYANDOTTE

O. B. Gunderson and family visited at the Oscar Wilson home Sunday.

John Jorgenson is erecting a new barn on his farm.

Geo. Grant's sale was well attended and what was sold, brought a good price.

Palmer Hansen visited with his sister Esther and his brother Oscar at Thief River from Saturday until Monday.

T. Berghdal, eBn Mares, T. Halvorsen and Sam Hansen, brought cattle to Plummer Saturday to be shipped.

Mrs. Isaac Wilson and Mrs. Ed. Hallaway were business callers at Plummer last Friday.

Oscar Wilson, while threshing, got a barley beard stuck in one tonsil, causing inflammation. He has consulted a number of doctors but is improving very slowly.

Harold Haugen and Esther Hansen autoed to Thief River Falls Monday night to see the war trophies from the Front.

Claude Bartlett autoed out to Isaac Wilson's Monday to get his sister Elva. He just returned from the Pacific coast on a five day furlough.

Theo. Berghdal visited at Thief River Falls Monday.

John Gullingsrud visited in this community this week.

Unclaimed Letters.

The following is a list of the unclaimed letters at the post office of Thief River Falls, Minn., for the week ending Sept. 14, 1918. If not called for in two weeks from the above date they will be sent to the Dead Letter Branch at Washington, D. C.

Aasen, Miss Mary.
Ackerman, C. W.
Carlson, Mr. Arthur.
Carlson, Mr. C. W.
Dahl, Rev.
Helle, Mr. Oscar.
Hilmar, Miss Doris.
Interstate Colonization Co.
Lappegord, Miss Mabel.
Klappenbach, Ed.
Lash, Eli.
Parnow, Willie.
Szolowicz, Mr. J. A.
Urness, Mr. Alfred J.

When calling for the above letters please state that they were advertised. JOHN MORGAN, P. M.

ADDITIONAL WANTS

Too Late to Classify

FOR SALE CHEAP—Quarter section of land in Beltrami county, seven miles east of Espleo, and about the same distance from Grygla, on the SW¼ of Sec. 16, Twp. 155, Range [illegible]. This is a splendid piece of land; ditched on the west line and has a nice grove of five or six acres. Will sell for $1500 if taken in the next two weeks. Write Otto H. Lidstrand, owner, Jamestown, N. D.—9-19-29-p.

FOR SALE—Velie touring car completely equipped; five tires, two extra inner tubes. $350 cash takes it. Worth $650. Will demonstrate. Can be seen at Northwestern Auto Co. Garage. H. T. Swenson, Thief River Falls.—s-12tf

THIEF RIVER FALLS TIMES

WITH WHICH IS CONSOLIDATED THE THIEF RIVER FALLS NEWS-PRESS

VOL. 8 $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, SEPTEMBER 26, 1918 8 PAGES NO. 30

SIX BILLION IS NEW LOAN SUM

WHICH MEANS THAT THE SHARE OF PENNINGTON COUNTY IS $350,000.

EVERYTHING IN READINESS

CAMPAIGN STARTS SATURDAY MORNING IN ALL SECTIONS.

The campaign for the Fourth Liberty Loan will open all over the country on Saturday morning.

In Thief River Falls the solicitors will meet at the Commercial club rooms at nine o'clock for final instructions by Chairman C. L. Hansen, after which they will begin the active campaign in their alloted districts. This was the plan followed at the time of the Third Loan and so well was it organized that the quota was subscribed on the first day.

The undertaking should be even less difficult at this time. The people understand more fully than ever the necessity for coming to the aid of the government and they will respond liberally and with enthusiasm. Chairman Hansen has retained the former corps of solicitors, these having proven their ability and willingness in such unmistakable manner that superceding them would be a serious mistake at the outset.

Is For Six Billions.

Six billion dollars is the minimum amount which the people of the United States are asked to subscribe to this Fourth Loan. This means that the amount to be raised by Pennington county is $350,000, or about $40,000 more than for the Third Loan. Constrasting conditions now with those which at that time confronted our people would lead to the conclusion that the raising of the additional sum should not prove difficult. The district chairmen and solicitors have looked their fields over carefully and are of the opinion that the sum required will be forthcoming without any pressure being brought to bear, but they doubt if the oversubscription will be proportionately great. In order to do as well as in the third campaign it would be necessary for our peole to subscribe in the neighborhood of $600,000. No attempt will likely be made to reach any such figure. Nor is it necessary. It is necessary, however, that the quota be reached with something over for good measure.

Railroaders are Extra.

Specific amount will be alloted the railroad men the same as other citizens, but although the sum secured from this source will be credited to the county in the final accounting it will not be taken as part of the $350,000 to be raised. In other words, the county must secure subscriptions aggregating the entire allotment without counting the railroad men's quota.

Details of the Loan.

Ten per cent of the Fourth Liberty Loan subscriptions will be required on application instead of five per cent as in past loans, it is announced. Twenty per cent is due November 21; 25 per cent December 19; 20 per cent January 16 and 25 per cent January 30.

This is the first time that more than three installments have been arranged. The initial payment was increased as in other loans some were in the habit of making the initial payment and then failing to make any others. The setting of the last installment of 30 per cent as late as January 30 was interpreted as assurance that the fifth liberty loan will not be floated before late in February or possibly March. The initial payment, although due at the time of pledging, need not be paid until Oct. 19.

The installment dates do not interfere with the plan of many subscribers who bought bonds through banks or agencies and paid ten per cent a month for approximately ten months. That arrangement, officials explain, is a transaction between the banks and their customers and the treasury is not involved.

18 ENTER STUDENT TRAINING SCHOOLS

MEN EQUALLY DIVIDED BETWEEN COLLEGIATE AND VOCATIONAL BRANCHES.

Four young men have already gone from this city for the purpose of enrolling with the Students' Army Training school at St. Olaf college, and four more will leave for the University of Minnesota for the same purpose within a very few days.

The four who went to St. Olaf left last Sunday evening. They are: Alvin Tandberg, Milton Weeks, Reuben Aga and Reuben Teslow. All will be entered in the collegiate branch. Those who expect to go soon and who will take up work in the same division at the university are: Rufus Barackman, Roy Miller, Alvin Holzknecht, Roy Brown, Hobson Rogers, Milford Sorenson, John Steen and Mervil Kromer, while the following will enter the vocational field: Leslie Provencher, Hugh McDaniel, Fred A. Haug, Elmer Larson, Howard Sandum, Grant Ohm, Archie Dahl and Charles Bartlett.

All but one or two of the above are graduates or students at the Thief River Falls high school. They will from the outset be soldiers in the United States army and placed on full active duty, will receive $30 per month the same as a soldier in actual service and will at all times be under strict military discipline. Regular uniforms must be worn at all times and the men will be housed in barracks. Housing, subsistance, uniform and equipment will be provided by the War Department.

ACCIDENT REDUCES TIMES TO 8 PAGES

For the first time in many months The Times this week reached its readers in eight-page form. A regular old-fashioned print shop disaster is responsible for this. Last evening as the pressmen were placing the forms for the first run of four pages on the press they forgot to lock the fastening clamps, with the result that when the press was started the pages slid out onto the floor. One need not be particularly well versed in printery lore to understand what happened. Among the matter "pied" was the editorial page and that containing the list of registrants for Pennington county. The editorials will likely not be missed, but the registration list would have proven of interest. Some of the advertisements were salvaged but most of them had to be reset in a hurry. With a press run of 4,000 copies it was impossible to get out 12 pages and keep within the time limit, so everything had to be crowded into eight.

It's bad business, but if you don't like it, just imagine how we feel. There had a whole lot of hard work and considerable expense gone into those pages. These things will happen, however, and there is no sense in cussing anybody but the kaiser.

ELMER J. ECKLUND KILLED IN ACTION

THIEF RIVER MAN AMONG THOSE WHO FELL FIGHTING ON JULY 26.

The first actual resident of Thief River Falls to be reported killeld in action while fighting in France is Elmer J. Ecklund, news of whose death reached here on Tuesday evening. He was the son of Mr. and Mrs. Anton Ecklund, residing in Rustad's addition, and the news came in the shape of a telegram addressed to the father.

The young man registered in this city on June 5, 1917, but later joined the army by enlistment at Sturgeon Bay, Wis., before he was called into the service. He had been in France for some months and fell in the fighting on July 26. No particulars were given in the telegram sent to his parents by the war department.

The dead soldier leaves one brother and one sister, besides his parents.

ACRE OF POTATOES BRINGS OWNER $193

THIS IS RECORD FOR FIVE-ACRE PLOT ON ALFRED BENSON FARM.

Everyone is so enthusiastic over grain yields in this section that another item of importance is almost entirely overlooked. The man with a few acres in potatoes is also doing quite well, thank you, the only kick he has, being that he failed to plant more acres.

Alfred Benson, farming near St. Hilaire, had a five acre plot from which he dug 1075 bushels of spuds which at 90 cents per bushel would bring him $967.50, or at the rate of $193.50 per acre.

Mort Mortenson was down from Waneska in Roseau county the other day and reported that he had secured 54 bushels of potatoes from one-fifth of an acre. This is equivalent to 432 bushels to the acre and at present prices this would mean $388.80.

While the above instances are exceptional, a yield of between 150 and 200 bushels, which is common, means a good profit for the grower.

They Like Thief River Falls.

Miss Frances W. Brink, superintendent of nurses for the state board of health, has written Mrs. H. W. Froehlich a letter in which she highly compliments the people of Thief River Falls and Pennington county for the interest they displayed in the child welfare movement. Miss Brink states that the clinic held here was the most efficiently organized and best advertised of any conducted in the state thus far, and that the results prove this to be the case. She incidentally testifies to the pulling power of announcements appearing in The Times, requesting that copies of all papers containing articles on the work carried on during the campaign be sent her as she wishes to use the material in stimulating interest in other sections.

PICK POTATOES FOR RED CROSS

SMALL ARMY OF BOYS AND GIRLS DONATE VALUABLE SERVICES.

NET RETURNS OVER $600

ALL GROUND AND MUCH LABOR DONATED BY H. G. BORDEN FAMILY.

The working capital of the Pennington County Chapter of the American Red Cross was this week increased by $627.98, handed over by P. J. Keating as the returns from ten acres of potatoes dug from a plot donated by the H. G. Borden family, residing just north of the city. Mr. Keating also sold the products of a war garden for $2, which brings the total received by the Red Cross from the activities superintended by him up to within two cents of $628.

An Army of Hustlers.

First and foremost among those who should receive credit for this substantial donation comes Mr. Borden: He not only gave rent-free this piece of land from which the returns averaged $62.80 per acre, but he also furnished much of the seed without ever a hint of payment therefor. His horses and machinery were used in planting and he gave the services of three teams in hauling and two more for the digger when it came time to harvest. Mr. Keating, who has gone to a vast amount of trouble and contributed much hard work to the success of the enterprise, says that if the country was full of people like the Borden family we would have the kaiser licked long ago.

Some Overseer's Job.

When it came time to dig the spuds volunteers were called for among the school children and the response was most gratifying. Every school in the city furnished its quota, and the youngsters did their work well, even if it did take Mr. Keating all his time to keep them rounded up. He has given the names of those who donated their services in the arduous task of picking the crop, and while he is unable to state that all are included in the following list, he has tried conscientiously to get the record complete. The boys and girls who furnished this highly appreciated help to the Red Cross are:

Sixty-nine of Them.

Knox school—Irene Roemhildt, Ernest Giard, Evelyn Michaels, Ira McMahon and Thomas Melgaard.

Washington school—Clayton Snyder, Lena Amon, Lillie Roberts, Viola Baker, Anna Amon, Elizabeth and Helen Keating, Almira Langseth, Clifford Bjorkman, Veona Fillmore, Catherine Bakke.

Central school—Adlynn LaBree, Ruth Knutson, Edward Lundberg, Viola Buringsrud, Irwin Myrin, Esther Sands, Lucy Phelps, Helen Burgraf, Gertrude Conklin, Earl Anderson, Ethel Erickson, Palma Langseth, Mabel Johnson, Mayme LaCoe, Harriet Morgan, Robert McGinn, May Roberts, Hilda Peterson, Alma Savig, Margaret Windoms, Eveleth Rundtom.

Northrup school—Herbert Keene, Lawrence Mulry, Alice Gobler, Ella Monsebroten, Aeriel Kinghorn, Lois Peck, Marie Vevea, Marjorie Hoppa, Beatrice Sandum, Irene Pfeffer, Esther Granum, Amelia Rietz, Allan Sorenson, Evelyn Soderberg, Esther Bennes, Lloyd Bennes, Dagmar Anderson, Keith Craik, Evelyn Buringsrud, Walter Melum, LeRoy Shetler, Evangeline Robarge, Sina Johnson, Pearl Field, Thomas Scanlan, Georgia Frissell, Lloyd Lockrem, Elizabeth Lockrem, Kenneth Shetler, Grace Mostue, Edmund Keene.

Receive Officers' Thanks.

Chairman Thomas A. Way, Secretary Scott Laird and Farm Supt. Keating issued a signed statement on behalf of the Red Cross, thanking the boys and girls for the excellent work accomplished. They are entitled to a good deal of credit and it is not being withheld.

The Finishing Touches.

On Monday Mr. Keating gathered another bunch of volunteers and proceeded to clean up the premises. Those who assisted at this job were: Mrs. Keating, Mrs. P. J. Michaels, James Cosgrove, Louis Cruse, James Bartlett, Ole Johnson, Hubert Jacobson, Roy Lambert, Arthur Dahl, John Wangler, L. A. Sutton and Henry Falk.

ASSIST A SOLDIER TO SECURE BALLOT

WILL BE ALLOWED TO VOTE IF THERE IS STILL TIME.

The Times has a limited number of applications for ballots to be sent soldiers of the United States which, when properly filled out, will enable men in the service to receive a regular election ballot and cast their vote on November 5.

The Minnesota Commission of Public Safety has by an order provided that any person in the military or naval service of the United States who is absent from his election district on November 5, 1918, whether within or without the United States, may vote by mail.

In order to vote by mail either the absent soldier or sailor, or any voter of such absentee's election district, or any relative of such absentee residing in Minnesota, must first make "Application for Ballots" on a form provided for that purpose. The person signing the aplication must also subscribe to the oath printed on the back of the form and mail or otherwise deliver the application and accompanying oath to the county auditor of the county in which the absent soldier or sailor is entitled to vote.

The time before election is short. If you are interested in having a soldier boy cast his vote come to The Times office and secure one of these applications, present it to County Auditor Anderson as explained above and he will mail a ballot to the absent party.

Sheriff W. J. LaBree of the local board is giving particular attention to seeing that relatives and friends of soldiers are made acquainted with the new ruling.

BAN IS PLACED ON NEW CONSTRUCTION.

C. A. Pitkin, Pennington county chairman of the State Safety Commission, this morning received the following telegram from D. R. Cotton, St. Paul, regional advisor:

Advise all dealers in building materials in your county that no new construction of any kind, no matter what the cost, may be undertaken or materials supplied for same without owner first securing government permit. Writing full details today.

FIVE OUT OF 56 HAVE NO EXCUSE

NUMBER OF REGISTRANTS CLAIMING EXEMPTION IS SURPRISING BOARD.

FARMS AND DEPENDANTS

ONLY ABOUT 135 AVAILABLE IN ENTIRE LIST AT THIS RATE.

Only 56 of the 534 questionnaires sent out by County Auditor T. P. Anderson have so far been returned but this is enough to show that claims for exemption are the order of the day. Out of the 56 there are but five who are eligible to military service, from their own point of view. The total number of registrants between the ages of 31 and 36 is 613 and if this ratio of exemption claims is maintained thruout the list it will produce about 31 Class 1 men. If the same percentage should obtain in all age classifications of the late registrants it would mean that out of the 1363 on the list there would be only about 135 men in the county who would come under the provisions of the law.

Farms and Dependents.

The exemption claims are about equally divided between dependencies and agricultural occupations. The latter must all be placed in Class 1 by the local boards but this order may be later reversed by the district board.

Mr. Anderson expects to have all questionnaires sent out by the end of the week and that they will be returned in greater numbers from now on.

Instructions to proceed with general classifications have been received from Maj. J. F. Snyder, chief draft aid, in response to authorization from Washington.

No men will be inducted into the army even though they waive exemption until after the drawing has taken place at Washington and each registrant's place on the list ascertained.

America First Meeting.

Chairman John Morgan of the America First association has called a meeting of the members for Friday evening at the Commercial club rooms. Committees will be appointed to make arrangements for a Liberty Loan Booster Night and Loyalty Demonstration on the evening of Saturday, Oct. 12. A program of speeches and music will be arranged and it is the intention to make this an event in which the entire section will participate.

Notice to Students.

A meeting of those interested in preparation for vocational or similar service will be held at the Lincoln high school building on Friday, September 27th, at 8 p. m.

Evening classes will be organized if a sufficient number manifest an interest in undertaking a course of study which will prepare for civil service or for some form of mechanical or other industrial employment, either of a private character or under the government.

S-26 J. H. HAY, Superintendent.

WARSHIP NAMED FOR THE COUNTY

THIS HONOR WILL BE OURS IF WE BUY ENOUGH LIBERTY BONDS.

DISTRIBUTION IS THE TEST

GREATEST NUMBER SOLD IN PROPORTION TO POPULATION WINS.

"The American warship Pennington late yesterday overhauled a German submarine and after a short, sharp engagement managed to send the reptile to the bottom. The Pennington was named in honor of the Minnesota county which was one of the four in the district having the largest distribution of Fourth Liberty Loan Bonds."

How would it seem to have a news item like the above greet the American people when they opened their newspaper some morning? Rather a worth-while honor, it must be admitted.

Can Easily be Ours.

We know for certain that there are German submarines that ought to be sent to the bottom and we can have the warship named Pennington in our honor if we want it. All we have to do is to be one of four counties in the state getting the largest number of subscribers to the Fourth Liberty Loan. The following telegram to County Chairman Hansen from State Chairman A. T. Rogers explains the whole thing:

"C. L. Hansen, Thief River Falls, Minn. We have just received a telegram from Washington granting to Ninth Federal Reserve district the privilege of naming four warships and ten tanks and we have decided that the ships shall be named after the four counties having the largest percentage of distribution of Fourth Liberty Loan Bonds and that the tanks shall be named after the ten having the next largest distribution of bonds. Award is to be based on estimated population figures now on file in this office. This award is independent and apart from the opportunity just offered your state to have a battle ship named after her, the details of which plan your chairman will inform you of immediately. Here is a chance for the people of your county to see their ship possibly sinking a submarine or of their tank going through the Hun line. Get busy and secure the prize. Must move quick; time short."

What Are the Chances?

Do not get the idea that this warship is beyond Pennington county's reach. We were pretty well at the head of the list as regards distribution in the Third Loan and a little hustling will easily make us the leaders. George G. Johnson, who was chairman of the committee having the former campaign in charge, stated at its close that he believed nearly every home in Pennington county had a bond. If such was the case then it is certain that we can do even better now.

It Looks So Easy.

On the books of the state committee Pennington county is down as having a population of 10,000. That's pretty high, but let it go at that. In the last campaign there were just about 2,200 subscribers, which is practically one bond for every four and one-half of the population. This record in itself is exceptional, but we can do better. At that time we were after volume and paid very little attention to distribution. Now we will go after volume and distribution both with the result that we will get some more money and a great many more subscribers.

We can have a tank named after us without much of an effort, but as we are given our choice we might as well have the ship. There is already a warship named Minnesota so they will have to subscribe something else as a prize for the state.

FORMER RESIDENT KILLED IN FRANCE

LIEUT. GRACIE OF BEMIDJI, SPENT BOYHOOD YEARS IN THIEF RIVER FALLS.

Another young man whom many will recall as having been a resident of this city some years ago, has made the supreme sacrifice on the battlefields of France. He was Ralph Gracie, son of Daniel Gracie, now of Bemidji but river foreman for the Wintons for years during the saw mill days. The family left Thief River Falls about 16 years ago, Ralph being at that time about 14 years of age. Lieut. Gracie's father received notification of his son's death in the following telegram from Lieut. S. B. Eckert, commander of the unit to which the young man was attached:

"Your son, Lieutenant Ralph D. Gracie left this aerodrome with the other members of the squadron on August 12, 1918. While at about twelve miles over the line they encountered a strong enemy formation and in the encounter which ensued the wings of one of our planes was seen to give way and the machine fell into the sea, the wing spars no doubt having been splintered by bullets.

"When the squadron returned, Lieutenant Gracie was missing, and I fear that it must have been he who fell into the sea.

"It will, I am sure, be a comfort to you to know that your son was loved by us all and universally admired for his character as a man and his oft proved bravery."

CLOTHING WANTED FOR SUFFERING BELGIANS

An urgent appeal has been sent out to the churches, schools and newspapers of the country to give all publicity to the necessity for at once providing additional clothing for the destitute Belgians. In Pennington county this collection will be made on Friday, Saturday, Monday and Tuesday, Sept. 27 to Nov. 1, inclusive.

Do not send summer clothing at this time as nothing but the heavier garments can be used. There is a great need for infants' wear of all kinds.

If it is inconvenient to bring the goods to the collection point, notify Mrs. J. J. Richter, telephone 506, and it will be called for.

Overhaul your belongings in the way of clothing and give whatever you can spare to the cause. No case was ever more urgent. Unless American men, women and children come to the rescue again, thousands of Belgians of all ages will freeze to death during the coming winter.

Give liberally and act quickly.

ACCEPTS CALL TO WESTERN CHURCH

REV. G. O. PARISH ARRIVES TO CLOSE UP AFFAIRS IN THIS CITY.

Rev. George O. Parish, who for two and one-half years previous to his going on the speakers' platform for the Minnesota Dry Federation this spring, was pastor of the Methodist Episcopal church in this city, has accepted a call from the congregation at Kellogg, Idaho, and expects to leave for his new home on Saturday. In company with his brother, Rev. H. H. Parish, he has been working for the dry amendment in the southern part of the state, at times making seven speeches a day. This work has now been finished, so far as his dates are concerned and he has requested to be transferred from the Northern Minnesota to the Pacific Coast conference. He will preach the opening sermon for his new congregation on Oct. 6. Mrs. Parish, who with her little daughter has been spending the summer at the cottage of her father at Little Wolf lake in Cass county, will accompany her husband on his trip westward.

At the time Rev. Parish left here he only intended to ask for a leave of absence, expecting to take up the work again at the close of the temperance campaign. Circumstances have so shaped themselves, however, that he deems it advisable to accept the western call. He was very popular with all classes of our people and the people at Kellogg are assured that they have acquired a citizen who will serve them untiringly and with marked ability.

MARKET RED CROSS GRAIN WITH REST

NOT PRACTICAL TO HOLD SPECIAL SALE FOR THE PURPOSE.

It has all along been the intention to hold a Red Cross market day in the county at which time all those who donated produce might bring this in and dispose of it, but the plan has been found impractical and County Agent R. P. White has this week sent the following notice to all contributors:

"You have donated (amount) acre of (product) to the Red Cross. At the time the pledge was made it was the plan of the committee in charge to have a big Red Cross Market Day in each of the towns thruout the county at which time all would be requested to market their crop, but realizing that some will not have threshed their grain until very late in the fall and others are very anxious to market their grain as soon as possible, also realizing the inconvenience it would cause the farmer to lay aside his work and make a special trip to town on a specified day to market his crop, the committee has decided that in justice to the farmer this plan should not be carried out, and instead, we wish to request that you market your crop in the usual manner before Oct. 10th, if possible, and the proceeds be turned over to this office where it will be credited to your account, audited and sent to the Chapter to which it has been donated. In this way it will not be necessary for you to make a special trip to town and should you desire to purchase the crop yourself, all that will be necessary will be to send a check for the market value of the crop."

ALL MILCH COWS MUST BE TESTED

FEDERAL VETERINARIANS TO AID IN FIGHT AGAINST TUBERCULOSIS HERE.

ORDERS OF HEALTH BOARD

CITY COWS WILL BE EXAMINED ON SEPTEMBER 30, OTHERS LATER.

Elsewhere in this issue will be found a notice of a ruling by the board of health which requires all dairymen peddling milk in the city to have their cows tuberculin tested and be able to show a health certificate for them on or before October 15.

Three Federal veterinarians, Dr. J. N. Holzer, Dr. J. G. Veenstra and Dr. C. B. Lloyd, are now working in this neighborhood and will make tests of all cattle in and around Thief River Falls at Ramstad's barn on Monday, Sept. 30.

The owners of all the larger herds supplying milk to the citizens of Thief River Falls will have the test made at once. The Pennington County Farm bureau has made arrangements for having the tests for city-owned cows made on the above date and all owners should notify the agent, Ross P. White, of their intention of bringing their cows in at that time. The testing is free of charge when done by the government's inspectors while the service will have to be paid for if this opportunity is not taken advantage of. The order must be complied with and anyone who continues to sell milk to the citizens of Thief River Falls without having complied is liable to severe penalties.

Testing Outside Herds.

The Live Stock Breeders association, co-operating with the farm bureau has made arrangements for the testing of thirty-eight herds in this locality. Others will be added if the time of the veterinarians will permit.

Our local breeders are following the plan outlined by the Federal government, under which their herds will be placed on the government and state Certified Tuberculosis Free List. This is accomplished after having two tests made, each test showing the herd free from disease, these tests coming a year apart. In the case of a reaction on the application of the first test, two successive tests showing the herd free are required before certification.

The owners who are cooperating in the test have agreed to add no stock to their herds until they have passed a tuberculin test, applied by a State or Federal veterinarian or one receiving authorization from the State or Federal department. This means that they will be able to buy stock only from those who have had their herd tested within a year, or in case of purchasing from others, the stock must be given the tuberculin test before it can be added to his herd.

Results on the testing in this vicinity will be published when the work has been completed.

Has Clerical Position.

T. D. Scanlon has received a letter from his son, Fred, who was reported wounded in action last June. The young artillery man has been transferred to Paris where he is engaged in clerical work at American army headquarters. He was gassed in the engagement which placed him among the non-combatants and he is kicking like a steer. Deep disgust is his portion. He asks how it could very well be different under the circumstances. Having trained for a long time and waited patiently to get a crack at the enemy and then be laid out at the opening of the first battle is what he considers the hardest kind of luck.

Heard From Three Sons.

Phil Zeh has this week received letters from all three of his sons now in the service. Ambrose has been transferred from Purdue University to Camp Colt, Getttysburg, Pa., where he has entered the tank school. He is now a corporal. A postal card announced the safe arrival of Elmer in France. Lloyd has been transferred from San Antonio, Tex., to the air service training station at West Point, Kentucky. He has also acquired his corporal's stripes.

Goodridge Boy Injured.

Harry McDonald, 13 years of age, son of the depot agent at Goodridge, was on Tuesday brought to the Physicians' hospital in this city with a fractured skull. He was driving a team hitched to a dray wagon when the horses became frightened and ran away. The boy was thrown against a hitching post with the above result. A companion on the wagon at the time escaped without injury.

Meeting of Alumni.

There will be a meeting of the alumni of the normal department of the Thief River Falls high school in the office of Municipal Judge N. W. Tarrant on Saturday evening, Sept. 28. Dr. O. F. Mellby will speak on "First Aid."

Letters from the BOYS

BEING A GUIDE IS NICE QUIET CINCH

WHEN THEY BLOW YOUR ROAD OFF THE MAP YOU MERELY FIND ANOTHER.

Ben Rosendal has received a letter from Craven (Red) Callaway, from somewhere in France, which shows that the young fellow is keeping up his end of this fight against the kaiser's hordes. Like most letters arriving from the front, this one starts out with a scolding because home friends and neighbors do not write often enough. "Red" is a guide and as such, seems to be having his share of excitement. He says:

"About two months ago I received a letter from you in which you stated that you would write every week, but have not heard from you since. Were you trying to kid me? You *must have forgotten your old* pal, I guess, but I'll still be patient and hope that I may get a letter telling all about the crops and everything else. You know I am a long ways from my old boyhood playground and anything from that neighborhood is most interesting to me.

"I am all right as far as I know. At present I am guide for a pack train carrying rations up to the boys and I have also been in the trenches quite a while. The past few nights have been altogether too light as there has been a full moon. When I go over the trail it seems as if I loom up like a house. Night before last I covered 200 yards in nothing flat, while the lead from a German machine gun was sprinkling the ground all around me.

"It's quite a game, all right. That night I had to go over a new trail as when I reached my old one I found that it had been blown to h--l, with trees and buildings and everything else across it, so I hunted up another and dangled on.

"We hug the shady places and rocks, but there are spots where there is nothing but shell holes and open fields, and here the moon looks bigger and brighter than any other place on earth. It seemed particularly brilliant at that time, just because your red headed pal was in that spot, but he is still all here.

"When I think of some of the real friends I left behind it seems as if the whine of the bullets is not so sickening, for we all expect to be back with you some day. After every fracas there is always a lot of joshing as to which one of us ran the fastest, etc., but that is part of the game.

"The other night I was awakened by an awful racket and looking up saw a great big rat wearing a gas helmet and dragging a pair of hip boots down the road. My pal said the rat had two service stripes, so he must have been an old one. I am going to lay for him with a hand grenade some night. I'd give a whole lot to have Dewey with me. Say, he could have a lively time. Percy, my brother, is not so very far away from where I am located, but I have not seen him. After I have been here six months I will get a foreign service stripe and a seven day furlough, I think, and I will locate him then if I can.

"Saw a German plane fall a few days ago. It sure is exciting to watch an air battle. I am sending you a little photograph taken after we had returned from the line. It will show you I am still all in one piece. My gas mask is strapped about my chest and my 'Panama' hat is plainly visible. I certainly look most keen in it.

"Say, boy, I've got the cutest little red mustache you ever saw—a regular bird, I say. Mac, my pal, claims there are six whiskers in eight rows and that there are two rows with nothing what ever sprouting. By careful training, however, I think these rows may be filled in the near future.

"Well, Ben, I just had supper. There are five of us here, besides the mess sergeant—four guides and one man who was shot through the thigh. He cooks for us. We are back in a ways behind the lines at a sort of supply base and I am just about ready to hit the trail again."

Address: Craven Callaway, Co. D, 139th Inf., A. E. F.

THIS CITY SENDS RESPECTS TO HUNS

IN THE SHAPE OF 750 OUT OF 1,000 SHELLS FIRED BY BATTERY.

Hardy Bothun is one of the Thief River Falls boys who entered the war early and who has consequently managed to get into the thick of it. He is a member of a battery in which there are three other lads belonging here, all of whom seem to be getting along very well. He writes:

"I have an alibi for not writing sooner, and this time it is a good one. When I wrote, which I did twice, they would not accept mail. Then when they would accept it for a while I had no stationery.

"We have been doing some pretty hard fighting, as you will have seen by the papers, but we are in for a rest now, and we are sure thankful. We deserve it.

"We have earned a reputation that history will never forget, and, father, you will never have to be ashamed of the part your son has played in this war. Many a brave fellow has made the supreme sacrifice but not as many as on the other side.

"I am writing this on the ground near our big gun, using my knee for a desk. I am in the gun squad at last. All of us have names for the pieces we serve. The one I am on is called the 'Lizzie Clutch,' in honor of the famous Henry Ford. The second piece is called 'Waliwai,' the third gun, with which Martin Langseth is stationed, is called 'Baby Pluto' because it has the same effect on the Huns as Pluto water. The fourth, which is Harold Provencher's is known a. 'Madeline,' this being the name given by the French to a waitress in a cafe.

"Every time the battery fires four shots Thief River Falls has representatives on three of them. Every time we fire 1,000 rounds, 750 are from Thief River Falls—or more correctly, one-fifth of this number because there are five men to a gun. That ought to encourage the folks back home to buy more Liberty Bonds so as to keep us in ammunition.

"A bunch of mail just arrived and if the people at home could hear the boys cheer whenever this happens they would write oftener. And if they could see how busy we are at times they would not expect an answer on the next mail.

"We are back so far now that we hardly hear the guns but expect to get to the front again soon."

WORK AND STUDY; QUICK PROMOTION

L. C. NIELSEN IS NOW A SERGEANT AT FT. LEAVENWORTH, KAS.

The young men who have been able to take advantage of the special courses open to them seem to be making good generally. L. C. Nielsen was one of those selected for training in mechanics at Dunwoody a short time ago and he is now a sergeant at Camp Leavenworth. In a letter to The Times he says:

"Left Dunwoody last week and I want to thank you for sending me The Times. I am down here in Kansas now and I wish you would continue to send the paper. It always contains the best news I can get.

"Everything is fine down here. Pretty warm daytimes with awfully cold nights. This place has no camp. It is called a post and is a training place for the signal corps. There are between seven and eight thousand men here at the present time from all over the United States. Was promoted to sergeant today, which was a decided surprise to me. If one will study and work in the army he will get ahead pretty quick. The food we get is A No. 1 and could not be better.

"Everyone coming here is going overseas. It is a sure station for those who are soon going across. I expect to be called in another month and wil be glad of it.

"I should like to see old Kaiser Bill before he gets killed. Would like to get near enough to turn his head around just once and there would be nothing left for others to attend to.

"Best regards to everyone and thanks for the paper."

Charles Carpenter Wounded.

Mrs. Mary S. Carpenter, 301 State avenue, last week received word from her son, Charles, stating that he had been wounded in the knee on Aug. 14 and at the time of writing was getting along well in a London hospital. This young man grew up in Thief River Falls, but enlisted from Winnipeg with a Canadian contingent last March.

Card of Thanks.

We wish to thank our friends and neighbors for their aid during the illness of our husband and father and also for the beautiful floral offerings.
Mrs. Ingebor Iverson and family.—S-26p

If you have hesitated to have your shoes repaired

On account of looks, you don't know the kind of repairing we do. We promise in advance to make your old shoes look almost as good as new ones—and at a very reasonable cost. Unless you have all kinds of good shoe money to throw away, you should MAKE THE OLD ONES LAST AS LONG AS POSSIBLE. Let us show you how we make old shoes look like new ones.

Fall Furniture Exhibit

With the season fast approaching wherein we must spend the greater part of our time indoors, this Fall Furniture Exhibit is indeed timely and interesting for those who desire to make their homes more attractive and more inviting for the coming "indoor" season.

The government has now practically taken over the greater part of the better lumber output of this Country and the Army demands are reducing the number of available expert workmen to such an extent that obtaining good furniture is a problem of considerable weight for both the furniture maker and the householder. But a keen knowledge of the furniture market together with a broad foresight that caused us to contract for deliveries far ahead of the usual buying season, enables us to assure our many patrons that for quality and economy, this Fall exhibit is second to none. Come and see it. No obligations to buy.

LOCAL PRODUCT GAINS IN FAVOR

ECON-O-KLEEN GIVEN VALUABLE BOOST BY AUTOMOBILE DIGEST.

CARBON TROUBLES SOLVED

MAJOR CLARKSON ALSO ADDS HIS ENDORSEMENT TO A GROWING LIST.

Every man knows that space in any of the nationally circulated periodicals costs money these days and he should also be pretty well convinced that when an article is put on the market that brings forth the praise and is the general subject of discussion to the extent of that accorded Econ-O-Kleen,—a product manufactured in Thief River Falls for the removal of carbon in motors and the saving of gasoline—the preparation must have a remarkable degree of merit. It is safe to say that nothing brought out for the benefit of auto owners in many years has received so much attention from writers on automobile subjects. That there is a reason for this must be apparent.

A Fine Free Puff.

The American Automobile Digest is a magazine circulating all over the United States and Canada. When a publication of this kind finds something worthy of such favorable comment as that contained in its issue for September it is safe to assume that the subject has attracted some attention. The notice reads:

"Very few motorists know that last year 'the little carbon devils' knocked millions of dollars out of the value of automobiles. It is estimated that they cost automobile owners' more than twenty-six million dollars in carbon-cleaning cost and in the gasoline wasted. This year, on account of the preponderance of used cars, the wastage will be more.

"The majority of auto owners are beginning to realize that these immense losses must be eliminated; they are keen for some means for preventing carbon formation, saving gasoline and getting the greatest amount of efficiency out of their cars.

Worth Serious Consideration.

"A carbon remover that has proven by actual test to be worth serious consideration, that will make even the poorest gasoline burn without leaving a trace of carbon in the motor, is a solution called Econ-O-Kleen, manufactured by the Econ-O-Kleen Fuel company, Inc., Thief River Falls, Minn.

"Carbon is the bugaboo that every car owner must face. Do you remember how steady, powerful and full of pep your car was when it was new? What was a hill to you then? Or mud? Or sand? That was just what you liked. It gave you a chance to show what she could do. But after a few thousand miles, what then? Did your car still jump out from under when you 'stepped on it?' Was she still full of pep and map? Would she still run all day long on a 'pint of gasoline and a spoonful of oil?' Not quite! Not by a long ways! 'The little carbon devils' were beginning to get in their dirty work.

"We would suggest that every reader of the American Automobile Digest send his address to the Econ-O-Kleen company, asking for a copy of their little book, entitled 'Carbon—The Ashes of Gasoline.' It will be sent free and is crammed full of information about carbon and is prevention that is both interesting and helpful."

Maj. Clarkson's Tribute.

Maj. J. D. Clarkson, general manager of the Jefferson Highway association has given Econ-O-Kleen a severe test and has the following to say concerning the results:

"I have been using Econ-O-Kleen in my motor for over a year, with great satisfaction. I use low grade gasoline entirely when Econ-O-Kleen is available. Putting Econ-O-Kleen in the gasoline has more effect on the motor than advancing the spark and almost as much as stepping on the accelerator. It obviates the necessity for going back into second on many bad hills.

"Recently I made a trip from Kansas City to Smithville, Mo., over very hilly roads, with five passengers, each weighing over 200 pounds, without shifting gears or causing the motor to labor."

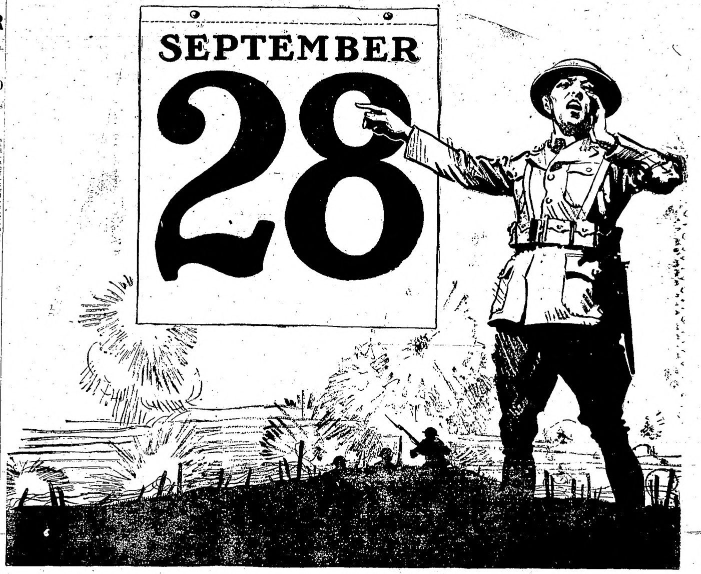
Endorsed by Farmers.

For the farmer Econ-O-Kleen seems to be filling a long-felt want. Located a considerable distance from garages as a general rule, he cannot appeal to an expert every time carbon trouble has put his car on the blink and is therefore most thankful for anything that will obviate it. The gasoline saving is also a considerable item with him.

W. A. Moulton, living near South Park, Minn., secured a trial can of Econ-O-Kleen through Farwell, Ozman, Kirk & Co., of St. Paul, and this is his testimony: "I have obtained very satisfactory results from the use of Econ-O-Kleen in my Ford. My average mileage has been 23 miles per gallon and have not been bothered with carbon since I started using Econ-O-Kleen."

Asking For Booklets.

Manager Scott Laird states that he is receiving numerous requests for booklets from farmers, particularly those residing in the Northwest. Econ-O-Kleen is now sold wherever there is a garage located and is thus easily secured. The farmers want to know something about it, however, and the little book tells it in an interesting manner. Any person who will write Dept. X, Econ-O-Kleen Fuel company, Thief River Falls, will receive a copy free of charge.



DO IT THE FIRST DAY

By Wilbur D. Nesbit

You *know* you are going to buy Liberty Bonds.
You wouldn't be square with *yourself* if you didn't.
You couldn't take off your hat to the flag with half the sense of *ownership* if you didn't.
You couldn't cheer the marching line of troops with half the *thrill* if you didn't.
You couldn't watch the Jackies go by with half the *pride* if you didn't.
You couldn't glimpse a battleship off the coast with half the *joy* if you didn't.
You couldn't read the war news with half the eager *faith* if you didn't.
You couldn't be 100% *American* if you didn't.
You know the Fourth Liberty Loan starts September 28th.
You know that buying a Liberty Bond is not making a *gift*.

You know you are simply lending your money to your Government—to the best *friend* you and your mother and wife and sister and daughter have.
You *know* what *security* is back of your loan—security that means good interest and that your money will be paid back to you.
You know all of that—you know the *business* side as well as the patriotic side of it.
Then, buy *your* Liberty Bonds the very first day of the Loan. Don't wait. Do your thinking beforehand. You don't need to consider it; you don't have to be *argued* into it—you *know* you will buy Liberty Bonds.
Be one of the first to get the *badge of honor*—the Liberty Bond button.
Get *yours* on the first day—September 28th.
You *know* what an example that will set.
Make September 28th *your* Liberty Bond day.
Could you do a better thing right now?

U. S. Government Bonds **Fourth Liberty Loan**

We Trim Hats Free

A famous chapeau modiste was asked by a pupil:

"Madam, what is the best material to use for trimming a hat"?

"Good taste," was the answer.

We know how. We take a plain shape for a start. We flip the brim a bit, and give the hat the first essence of personality. The flash of a ribbon here—the relief of a rosette or a spangle—and here the long, graceful sweep of a feather. And your shape is a creation. It is not a hat any more, it is your hat, fitted to your personality.

We do it FREE for our patrons— providing all materials are purchased from us—and we know how.

LOKEN BROS.

Certain-teed
Roofing

Certain-teed renders a war service.

Certain-teed saves war supplies, because it is made of materials which have *no* use in war products. It serves war needs because it provides our armies, and peoples everywhere, with efficient, economical roofing.

Certain-teed saves war transportation, because it is so compact that it takes minimum car space, and so easy to handle that it requires the minimum time to load and unload.

Certain-teed saves war labor. It can be laid in less time than any other type of roof; and no skill is required—anyone who will follow the simple directions that come packed in the center of roll can lay it correctly.

The durability and economy of *Certain-teed* are recognized the world over, as proved by its enormous sale. It is now the standard roof

for factories, office buildings, hotels, stores, warehouses, garages, farm buildings, etc.

Guaranteed 5, 10 or 15 years, according to thickness. Sold by best dealers everywhere.

This Winter! Perfect Heat--- Contentment

Perfect heat means uniform heat hour after hour, day and night, if necessary, from any kind of fuel, hard coal, soft coal, coke, wood, or cobs. A perfect heating stove will also hold the fire overnight, not only the first year, but every winter evening for a generation.

You have a right to expect these advantages in the heating stove you are going to buy. They are always a part of the service rendered by GENUINE ROUND OAKS.

The reasons why are distinctive. You will want to see them. We should like to show them to you.

Phillips-Laing Hardware Co.

The new Gossard Brassieres just arrived. The Sapero Co.—s-26.

H. C. Rowberg of the Federal Farm Loan bank of St. Paul, was a guest at the A. H. Akre home last week.

$100 A Month

Young women and men with a business education are wanted in large numbers. If you are earning less than $100 a month, you are foolish not to get this training at once. Write to the Union Commercial College, Grand Forks, N. D., for a free catalog and find out how little it costs to prepare.

Are You Building This Fall ?

Building material will never again be as low in price compared with other things. You can do more building for a bushel of wheat or a gallon of cream right now than ever before. Do not postpone any work you may have to do. Your time is valuable, we know, but it cannot be put to better use than improving your premises or building for the future right now.

An inquiry as to the probable cost of any work you may have in hand will please us. We can supply you with everything you need in the material line and will do it at the right price.

You will not have done the right thing by the dollars you intend to spend until you have found out how far they will go at this new and up-to-date lumber yard.

ENJOY THEMSELVES AT ANNUAL PICNIC

GOODRIDGE TOWNSHIP PEOPLE HOSTS AT DELIGHTFUL GATHERING.

The Goodridge Community picnic was a grand success in every respect. A few accepted the wonderful opportunity to eat a picnic dinner out of doors and in an ideal spot, but the majority came in the afternoon.

First on the program was several selections by the Goodridge band, followed by community singing, led by Miss Marian Murray. Everyone sang with all their might, even to the latest, "Good Morning Mr. Zip Zip Zip." Mr. Records of Crookston gave a very interesting talk and Hon. D. P. O'Neill told the people all the joys and liberty of farm life and how very trustful the country people were in comparison to the city folks. He also told what a wonderful work the Community picnic was doing in bringing together the farmers and town people and taking away all petty jealousy. The program closed with a few more selections by the band *and a number of songs.*

WILL INSTALL NEW GOODRIDGE PASTOR

The installation of the new German Lutheran pastor for the congregations at Germantown and Esplee will take place in the Norwegian Lutheran church, Goodridge, next Sunday at 10:30 a. m. Rev. A. W. Moehring, until recently of Wolseley, Sask., is the new pastor of the congregations and Rev. F. J. Seltz of Thief River Falls will preach the installation sermon and administer the oath of office. In the afternoon at three o'clock there will be English services at the Erie church.

Goodridge Local Items

Mr. and Mrs. Sam Rouze returned Tuesday evening from a week's visit at Pleasantville, Ia.

Anton Jensen of Thief River Falls was a caller in town a short while Wednesday.

J. A. McEnally shipped in a carload of sheep from South St. Paul, last Wednesday.

Legal Notices

ice of Mortgage Foreclosure Sale.
efault having been made in the itions of a certain mortgage con ing a power of sale, dated April , 1915, and recorded in the office he Register of Deeds of Pennington County, Minnesota, on the 23rd ay of April, 1915, at 1:00 o'clock P. M., in Book 3 of Mortgages at page 381, executed by Samuel Johnson and Tabeta Johnson, his wife, as Mortgagors, to The Crookston Building and Loan Association, a Minnesota corporation, as Mortgagee, and mortgaging the following described real estate situated in Pennington County, Minnesota, to-wit: Lots Twenty-one (21) and Twenty-two (22) of Block Twenty-two (22) of the Original Townsite of Thief River Falls, Minnesota, according to the recorded plat thereof; and no action or proceeding having been brought to recover any part of the debt secured by such mortgage, and there is claimed to be due upon such mortgage at the date hereof the sum of One Thousand One Hundred Eighty-four Dollars, against which amount the mortgagors are entitled to a credit of Two Hundred and Thirty-seven Dollars and twenty cents, the current value of ten shares of stock in the said mortgagee subscribed for by said mortgagors as a part of said mortgage and the debt secured thereby, leaving the amount actually due and claimed to be due upon the said mortgage at the date of this notice the sum of Nine Hundred and Forty-six Dollars and Eighty cents, ($946.80).

Now, Therefore, Notice is Hereby Given, That by virtue of said power of sale, said mortgage will be foreclosed and said premises sold at public auction by the sheriff of said county on Saturday the 19th day of October, 1918, at Ten o'clock in the forenoon of that day, at the front door of the Court House in the City of Thief River Falls, Minnesota, to pay the said debt and interest, and the attorney's fees, and the disbursements allowed by law.

Dated August 27th, 1918.

Citation for Hearing on Final Account and for Distribution.
Estate of Sigurd Steen.

State of Minnesota, County of Pennington, in Probate Court.

In the matter of the estate of Sigurd Steen, decedent.

The State of Minnesota to Christian Steen, Jens Steen and Selma Steen all persons interested in the final account and distribution of the estate of said decedent: The representative of the above named decedent, having filed in this Court his final account of the administration of the estate of said decedent, together with his petition praying for the adjustment and allowance of said final account and for distribution of the residue of said estate to the persons thereunto entitled:

Therefore you, and each of you, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 14th day of October, 1918, at 10 o'clock a. m., why said petition should not be granted.

Witness, the Judge of said Court, and the Seal of said Court, this 16th day of September, 1918.

(Court Seal) WILHELM MICHELET,
Probate Judge.

G. HALVORSON,
Attorney for Petitioner. 8-19-26-O-3

STATE OF MINNESOTA, Department of Insurance, Office of State Fire Marshal, State Capitol, Saint Paul.

In the matter of the condemnation by the State Fire Marshal of a building owned by K. A. and John Sundahl, and located upon the East Fifty (50) Feet of Lots Thirteen (13), Fourteen, (14), Fifteen (15), Sixteen (16), Seventeen (17), and East Fifty (50) Feet of North Fifteen (15) Feet of Lot Eighteen (18), Original Townsite of Thief River Falls, Pennington County, Minnesota, according to the recorded plat thereof on file and of record in the office of the Register of Deeds in and for said County and State.

ORDER

WHEREAS, the state fire marshal upon inspection of the building known and described as a vacant frame barn and situated upon the above described property, has found and determined that the said building is a large vacant livery barn of great age; that the roof is shingled and that said shingles are warped and loose and that roof is badly caved in; that the windows and doors are broken; that the flooring is decayed; that the sills are decayed and as a result the walls bulge and lean; that the general condition of said building is one of age and dilapidation, and is adjacent to other buildings of value, and that by reason of the above facts, said building is especially liable to fire, and, in his judgment, is dangerous to other buildings or property in the vicinity and to human life and limb.

NOW, THEREFORE, by virtue of the authority conferred upon the state fire marshal and pursuant to the laws of the State of Minnesota, said building is hereby condemned and it is ordered that it be demolished and the materials therefrom removed from the premises within Thirty days from the date of the service of this order and notice upon the owner thereof.

IN WITNESS WHEREOF, the foregoing order is made and signed in duplicate by the state fire marshal at St. Paul, Minnesota, this 28th day of June, 1918, with the direction that the same be filed forthwith in the office of the clerk of the district court in and for the county of Pennington, State of Minnesota as by law required.

JOHN B. SANBORN,
State Fire Marshal.

NOTICE

To K. A. and John Sundahl, Thief River Falls, Owner of the building described, order.

You will please take notice of the foregoing order, a duplicate original of which was filed in the office of the clerk of the district court in and for the county of Pennington in the State of Minnesota on the 1st day of July, 1918, and you are hereby directed to comply therewith as required by law, and in the event that you fail so to do and do not file an answer and objections with the clerk of court and serve the same upon the State Fire Marshal within twenty days from the date of the service of this order and notice upon you, the state fire marshal, under the direction of said court, will proceed to enforce said order and your said property will be charged with the expense thereof and the penalties prescribed by law.

JOHN B. SANBORN,
State Fire Marshal.

s19-26. o-3.

Notice of Mortgage Foreclosure Sale.

Take notice that default exists in the conditions of that Mortgage given by Mark Carmickle and Vivian Carmickle, his wife, Mortgagors, to Geo. G. Johnson, Mortgagee, dated June 12th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on June 12th, 1915, at 11:00 o'clock A. M., in Book 63 of mortgages on page 236; which mortgage was duly assigned by the said Geo. G. Johnson to Hoag Security Company, a Minnesota corporation, by written assignment dated June 18th, 1915, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on September 4th, 1918, at 1:00 o'clock P. M., in Book 56 of mortgages on page 634. The amount claimed to be due on said Mortgage with interest to this date is $72.58, and for interest paid on prior mortgage by this Assignee is $73.04, a total of $145.62, claimed to be due this date by virtue of said Mortgage indebtedness. The premises described in said Mortgage and situated in Pennington County, Minnesota, are to-wit: The Northeast Quarter (NE¼) of Section No. Thirteen (13) Township No. One Hundred Fifty-four (154) North of Range No. Thirty-nine (39), West of the 5th P. M. By virtue of the power of sale contained in said mortgage, and pursuant to the statute, and no action in law or otherwise having been instituted thereon, same will be foreclosed by the sale of the said premises at public vendue to the highest bidder for cash, by the Sheriff of Pennington County, Minnesota, at the front door of the Court House in the city of Thief River Falls, Minnesota, on Saturday the 26th day of October, 1918, at 10:00 O'clock A. M., to satisfy the amount then due on said Mortgage with the interest, taxes if any, and costs of this action, including $25.00 attorney fees as stipulated for in said Mortgage.

Dated at Minneapolis, Minnesota, this 9th day of September, 1918.

HOAG SECURITY COMPANY,
Assignee of Mortgage.

L. M. HOAG,
Attorney for Assignee of Mortgage,

NOT COMPELLED TO STOP JOY RIDING

GOVERNMENT WOULD APPRECIATE SUCH ACTION HERE, HOWEVER.

Persons residing in Minnesota, outside the Twin Cities, will not be put in jail if they continue to run their automobiles on Sunday, but as they are good, patriotic American citizens they will not do so anyway when they undertsand the necessity for saving gasoline. The matter has never been correctly understood in Thief River Falls and while the citizens generally have complied with the request on the supposition that they were included, yet there have been some who have taken the opposite stand and continued to use their automobiles as before. The matter has now been put squarely up to them. As a matter of patriotic duty they are asked to save gasoline whenever possible, and it is left to their own choice. This will have the effect of making unnecessary riding on Sunday more unpopular than would be a violation of a strict order. Scott Laird, secretary of the Thief River Falls Automobile club, wanted to get the matter absolutely straight and sent a query to the fuel administration at Washington, receiving the following answer:

"Scott Laird, Thief River Falls, Minn. While the gasolineless Sunday request did not include Minnesota but did include the Twin Cities, its observance is greatly appreciated. Gasoline is needed. Every gallon saved helps toward carrying our army nearer Berlin."

Stereoptican Lecture.

On Sunday evening, Sept. 29th, Dr. F. H. Gambell will deliver his lecture on "Alaska and Its Inhabitants" in the Presbyterian church. The doctor has secured about 100 lantern slides and these will be shown for the first time in Thief River Falls at this service. The slides show the inhabitants of Alaska, the scenery, the methods of travel, the reindeer and its use and other features of interest. The people of the city are invited to attend this entertaining and interesting meeting.

A Company Smoker.

The officers and members of Company C enjoyed a pleasant evening at the Hotel Evelyn last Thursday after drill. The affair was in the nature of a smoker and general get-together meeting. One of those lunches for which the Evelyn is famous, was served and a general good time had.

District Manager Here.

W. E. Morris, in charge of county agent work for the government in the Red River valley, was in the city the first of the week conferring with County Agent R. P. White. He said that the work throughout the Northwest was progressing most satisfactorily. Mr. Morris was greatly pleased with the steps that had been taken to increase production of all kinds of crops.

Commissions For Civilians.

Civilians from 18 to 46 years old may now apply for admittance to the central officers' training schools. The war department has said such applications must be made to army officers at the various educational institutions. Men in Class one-A and those given deferred classification on other occupational grounds may apply for commissions.

George Werstlein Enlists.

Although physically disqualified for active service, George Werstlein discovered a place in the army establishment where he would just fit. He is an expert stenographer and applied for such position under the special service ruling. He was accepted and left on Saturday evening for Fort Snelling, from which point he expects to go to France within a short time. It is understood that he will be connected with the judge advocate's office.

No Drill Tonight.

Because of the meeting of Fourth Liberty Loan solicitors this evening, Capt. W. B. Fuller has posted notices stating there will be no home guard drill tonight. All the officers and many of the members have been drafted into the service of putting the loan across and will make this their chief aim during the next week or so.

Notice to Cattle Owners.

Notice is hereby given that after Oct. 16th, 1918, all owners of cattle within the city of Thief River Falls or cattle from which milk is offered for sale within the city, will be required to show certificates that their cattle have been given the tuberculin test.

By order of Board of Health.

O. F. MELLBY,
Health Officer.

State Veterinairns will be in Pennington county from Sept 23 to Oct. 1st. For information see County Agent R. P. White, Auditorium.—s26

Reward Offered.

The undersigned will pay the sum of $10 for the arrest and conviction of person or persons who wilfully and without any provocation discharged a load of bird shot into a dog belonging to him.

Whether or Not You and Your Family Keep Warm This Winter Depends Entirely Upon Yourself

You have been warned as to what the coal situation is liable to be and if you do not heed the warning there will be no one to blame but yourself if you cannot be supplied when cold weather sets in. Coal will cost just as much later on, even if it is to be had, which is doubtful. Why, then do you hesitate and take chances of being left without fuel in the dead of winter?

Order Now From Our New, Clean Stock

We are making deliveries as fast as we are able to get supplies. Do not wait until the last minute. The man with his bins filled is better off than his neighbor who only has money in the bank. You can always deposit money; it may be impossible to get coal.

MINNES HISTOR SOCIE

LESS THAN HALF OF FOURTH LOAN

ONLY ABOUT $160,000 REPORTED IN COUNTY UP TO LAST EVENING.

CITY BEHIND IN ITS QUOTA

PRESENT CAMPAIGN SEEMS TO LACK ENTHUSIASM OF FORMER ATTEMPTS.

Unless something is done to get a little energy into the Fourth Liberty Loan campaign the entire enterprise will fall far short of expectations, so far as Pennington county is concerned. Up to last evening only about $160,000 of the $350,000 needed had been secured. Many township chairmen had not yet reported, but the first four days—which should have carried the county over the top—fell far below the required amount.

Poor Start to Blame.

The campaign got away to a poor start. Many things which should have been explained to the people before any attempt was made to secure their subscriptions were left until after they had been allowed to get the idea that they could subscribe or not just as they pleased. Before they thoroughly understood the situation they were brought face to face with coersive measures—and became resentful. Things are being straightened out again and the county will meet its quota, but considerable ill-feeling has been engendered, all of which was entirely unnecessary.

Employed No Tact.

When it became apparent that there might be some difficulty in meeting the requirements and just when the local committee was busiest explaining to the farmers that they were simply asked to do what other Americans are doing, A. Bernstein was sent from headquarters to help matters along. Mr. Bernstein called the farmers in and found that misunderstanding was at the root of the trouble in many cases. He was very firm in explaining that the allotments must be met and did not display as much tact as a man in his position should have shown. Mr. Bernstein did not place the blame on the farmers alone, however, stating that their attitude towards the Third loan proved them to be loyal and willing to aid in every way possible. He was not at all backward in stating where he thought the trouble lay, and it was not entirely with the farmer.

Over $100,000 Short.

Including the railroad employes' subscriptions, the total amount pledged up to last evening was about $200,000. The city of Thief River Falls accounted for exactly one-half of this sum, the remainder being divided between the townships of Silverton, Rocksbury, Smiley, Norden and North. No reports had been received from the remainder of the county. The city was some $16,000 behind its record in the Third loan, while most of the townships heard from were also short in varying sums. A special effort will be made to get the reports in before this evening in order that steps may be taken to insure the quota being met, in case it is discovered that there is still danger of the county's falling behind.

REGULAR MEETINGS WILL BE RESUMED

WOMAN'S CLUB TO HOLD FIRST SESSION OF SEASON MONDAY AFTERNOON.

The Woman's club of Thief River Falls will begin the regular winter program of meetings next Monday afternoon with a session at the Commercial club rooms. The gathering is called for three o'clock.

The club starts out with every promise of a successful season. There are 20 applications for membership to be taken up at the first meeting and assurances have been given that more will follow. There will be a short musical program and light lunch served. An informal discussion of the work to be taken up during the season will be held and as new matters of interest to women are constantly being brought forward, particularly in connection with war work and civic improvement, it is expected that the club will display greater activity than at any former period of its history. A general invitation has been extended to the ladies of the city to attend this opening meeting.

WOMAN'S SUFFRAGE BEATEN IN SENATE

TURNED DOWN IN SPITE OF PRESIDENT WILSON'S URGENT REQUEST.

Woman suffrage was beaten in the senate on Tuesday by vote of 53 to 31. The senate failed to give the two-thirds majority necessary to adopt the resolution passed by the house submitting to states the Susan B. Anthony suffrage amendment to the federal constitution. Before the vote was announced Chairman Jones of the Woman Suffrage Committee, changed his vote from aye to no in order to ask that the vote be reconsidered and the resolution left pending.

Before the vote was taken President Wilson supplemented his address of the previous day in its support by sending personal letters to several democrats who were regarded as opponents, urging them to give the measure their vote.

Red Cross Election.

The annual election of directors for Pennington County Chapter of the American Red Cross will be held at the Commercial club rooms Monday evening at eight o'clock. All Red Cross members in the county are entitled to vote at this election and it is hoped that the auxiliaries will send large delegations.

COUNTY AGENTS TO MEET HERE MONDAY

WILL GO OVER PEAT WORK OF PAST SEASON WITH DR. ALWAY.

The agricultural agents of Red River valley counties will hold an important session at the Commercial club rooms in Thief River Falls next Monday afternoon. The meeting is in the nature of a conference called for the purpose of going over the peat land experimental work conducted during the past season on the Dahl farm in Golden Valley township. Dr. F. J. Alway, soil expert of the University of Minnesota department of agriculture, will be present with complete data of the results obtained on the plots, and Supt. C. G. Selvig of the Northwest School of Agriculture, Crookston, will also be present.

The conference is expected to last all day and will be most important in its results. The experiments on the Dahl farm last summer proved of such unusual interest that steps will no doubt be taken to extend the work next year.

Great interest will center in the reports submitted by Dr. Alway. A number of agricultural agents of the district were at the station during the growing season and were astounded at the progress that had been made in reclaiming sections heretofore considered of little or no value. It is certain that they will avail themselves of this opportunity to find out just what was accomplished as well as the methods employed.

Farmers and citizens generally are invited to this conference.

ASK $1000 TOWARD EXHIBIT BUILDINGS

MATTER WILL BE DISCUSSED AT MEETING HERE SATURDAY NIGHT.

Great interest is being taken in all of the counties of northwestern Minnesota with regard to the proposed live stock sales pavilion and exhibit building which the Red River Valley Live Stock Breeders' association is promoting.

The cost of the building is estimated at $20,000. Of this amount $16,500 has already been pledged by live stock and business men of Polk, Marshall, Norman, Red Lake, Kittson and other counties. The other counties that have been invited to co-operate in this are Roseau, Pennington, Clay, Becker, Mahnomen, Clearwater, Wilkin and Ottertail. In addition the graduates and former student of the Northwest School of Agriculture have pledged to raise $1,000.

The amount Pennington county will be asked to raise is $1,000. A committee consisting of Paul Engelstad, Fred Beerbouer and Ben Rosendahl of Thief River Falls, will co-operate with the live stock association in Pennington county. They have called a meeting of live stock breeders for Saturday evening.

Polk county is bearing one-half of the expense. Marshall county has pledged $2,000, Norman, $1,500 and the others from $1,000 to $500 each.

Residence Destroyed.

The residence of N. K. Nelson, 1202 Nora street, burned to the ground last Sunday morning, the fire starting from some unknown cause. Mrs. Nelson had left the city the night previous for a visit with friends in another part of the state and no one was in the building when the fire started. Located on the outskirts of town and a considerable distance from the nearest hydrant it was impossible to do much to check the blaze. Quite a lot of the household goods and furniture was saved.

Patrolman Resigns.

Roy Morgan last week tendered his resignation as night patrolman to Mayor Penney. Mr. Morgan has accepted a position more to his taste at the Soo roundhouse where he has been made stationery fireman. The night policeman's star has this week been worn by Deputy Sheriff Paul Midderigh.

REJECT TWO OF 81 COWS TESTED

INSPECTION PROVES CITY MILK SUPPLY SAFE FOR ALL PURPOSES.

WORK WILL BE CONTINUED

HERDS FROM WHICH MILK IS FURNISHED CITIZENS WILL BE GONE OVER.

Following the order of the board of health, which required that all cattle within the city of Thief River Falls and all from which milk is offered for sale within the city, be tested to prove their from tuberculosis by October 16, the farm bureau made arrangements with Dr. J. N. Holzer, one of the federal veterinarians now working in this territory, to test the town cows at the Rumstad barn on Monday. Eighty-one head of stock were brought in for the test, which was completed the following day. Only two cows were rejected, one of which was owned by Romio Louze, the other being from the herd of E. F. DeVelling. Both of these animals will be appraised and sent to South St. Paul where they will be sold to the butcher subject to post mortem examination by a government inspector. Because the above parties co-operated with the state in making this test, they will be reimbursed for the animals condemned.

Following is a list of those who had cattle tested: A. Angell, Martin Benson, Mrs. Bang, Martin Bothun, Louis Borgen, Aug. Brown, C. J. Bugge, Arthur Belland, B. Dan Bjorkman, Aug. Carlson, F. L. Comstock, C. A. Chelin, Henry Carlson, Joe Dustah, Chas. Dickens, Olaf Dahl, Ed. DeVelling, John Egge, Pete Elinson, Emil Gripstein, A. P. Gordon, Alfred Holmgren, Ed. Hance, Fred Holzknecht, Jacob Hermanson, Andrew Hedling, T. P. Hornseth, Hoken Johnson, O. F. Johnson, Martin Johnson, John A. Jacobson, Jacob Jonas, P. A. Kolden, Romeo Louze, Rev. Geo. Larson, Ed. Langevin, Sandy Miller, Aug. Nordlund, Olaf Olson, Martin Owen, John Olson, Ed. Peterson, S. M. Poston, Jim Petence, Mrs. Pfeffer, S. O. Quammen, Ole Rebaxl, M. Runel, A. B. Remmem, Nels Rye, A. J. Sanden, Mrs. P. Skjolsvold, A. N. Skogerboe, A. Stenberg, Mike Smith, Chas. Schuster, Olaf Thompson, Joe Valesta, Joe Votava, Gust Wollen, A. L. Westin, John Zavoral.

Response Was General.

The above list does not include all the cows falling under this order. A few owners made arrangements for their test at the same time as some of the nearby farmers bring their cattle.

The fact that we have the tubercular cattle in the territory, and even in the city limits, should be warning to all. Care should be taken in regards to the source from which the milk supply of the home is secured. Milk from any of the above herds is safe, but it is dangerous to use milk from an untested cow or herd of cattle.

Anyone knowing cattle owners who are not in the list above should notify Dr. O. F. Melby, chairman of the local board of health, or County Agent Ross P. White, so that arrangements can be made for having them tested at once.

Woman's Club Aided.

Much of the credit for having brought about this inquiry into milk conditions in Pennington county is due to the Woman's club of Thief River Falls, the members of which have co-operated with the farm bureau in the securing of the experts as well as in the eduation of our people in the necessity for having this work done. The club officers express high appreciation of the bureau's work in this matter and believe that it will make for a healthier and safer community.

SECTION GETS FIRST FORDSON SHIPMENT

THIS VICINITY SELECTED AS DEMONSTRATION GROUND FOR FARM MACHINES.

The first carload of Fordson tractors sent to Minnesota will be consigned to the McFarland Auto company of Thief River Falls. This information was given M. T. McFarland last week by an officer of the company and also the concern's state agent, both of whom were in the city. There has been an unexpected demand for these tractors since the demonstration was conducted here about two months ago, the factory having received letters from farmers and business men asking when a sufficient supply would be available. They are now informed that the first carload shipped to the state on a general commercial basis will be received by the McFarland company.

The Fordson men were accompanied on their trip by the inventor of the plow attachment to the tractor and the party made several tours of inspection into the outlying section. After investigating farming conditions and prospects near Thief River Falls they stated that the neighborhood would hereafter be made the testing grounds for this section of the country. They had found conditions just right for this purpose, a search disclosing nearly every kind of soil in which tractors and plows can be used.

The visitors were enthusiastic over the future of this section and said they doubted very much if the people living here at the present time fully appreciated the many advantages under which they are living.

Is First to Fall in Actual Battle

ELMER J. ECKLUND

The above photograph of Elmer J. Ecklund was taken shortly after his arrival at the training camp. He was the son of Mr. and Mrs. Anton Ecklund, residents of the North side, and registered in this city on June 5, 1917, but later waived all rotation claims and enlisted at Sturgeon Bay, Wis. Private Ecklund fell in the fighting on July 26 on the west front.

ASK THAT WHEAT BE SET AT $2.50

PRESENT PRICE INSUFFICIENT, SAY SENATORS AND WHEAT GROWERS.

FIGURES ARE PRESENTED

MAXIMUM PRODUCTION CANNOT BE ASSURED AT FORMER GUARANTEE.

Senators and representatives from wheat growing states and officials of the National Wheat Growers' association, in conference this week at Washington, decided to appoint a special committee to urge upon President Wilson immediate action fixing the price of wheat for 1919 at $2.50 a bushel.

The president will be told that this price is necessary for the protection of most wheat growers over the country, who under the present price of $2.20 a bushel, plus the freight differential, will not be able to raise wheat at a profit.

Will Investigate.

Appointment of a special committee to investigate the cost of wheat production also will be requested, it was announced, but in the meantime an increased price will be sought.

Dr. William J. Spillman, chief of the office of farm management of the department of farm agriculture, presented to the committee figures compiled by his office designed to show that a price of $2.50 a bushel is essential if the maximum production is to be attained next year.

President Misinformed.

Speakers insisted that the president had been misinformed as to the cost of flour that would result from $2.50 wheat. They said the added cost on a barrel of flour would be ninety cents instead of the $2 estimated.

Senator Gore of Oklahoma, author of the $2.50 amendment to the annual agricultural appropriation bill, told the conference that the estimated $50,000,000 increase in the cost of wheat to the allies at the $2.50 price could and should be absorbed by the American government.

In vetoing the agricultural appropriation bill recently because of the Gore amendment the president said the proposed increase would cause disruption of economic conditions not alone in the United States, but in the allied countries.

In Best Branches.

It is strange how every soldier, sailor, marine or flyer heard from insists that his particular branch of the service is the only one in which a sane man would volunteer. F. J. Stebbins has this week received a letter from Frank Grundy in which that young man gives his opinion of the rotation in which they should be placed. Frank, who was born in Thief River Falls, has been in the Canadian army for three years and has seen them all in action. He states that the aviation service is without doubt the pick of the bunch. After that comes the heavy artillery and then the infantry. The latter he regards as having very much the worst of it. This young man injured an eye in this city when a kid and has been doing clerical work during the greater part of his enlisted period.

FIRST PLACE IN NEW DRAFT LIST

MIKKEL G. JORDE, FARMER IS NO. 322 IN PENNINGTON COUNTY.

ONLY 100 ARE ANNOUNCED

OF THIS NUMBER BUT NINETEEN ARE COVERED BY LOCAL LIST.

With the completion yesterday of the third great military lottery since the nation went to war, machinery of the provost marshal general's office was set in motion to finally check the master list and mail copies to the 156 district draft boards over the country, which are to make them immediately available to the newspapers within their area and to post them for the public. Plans were to begin the mailing this evening.

First 100 Made Known.

The first 100 names drawn were telegraphed to the country at large, but this plan would prove enormously expensive as well as entail a heavy burden on the already overtaxed telegraph equipment. It was therefore decided to mail the result of the drawing to the newspapers when the work had been completed. It is doubtful if the results will be known before the end of the week.

First Number is 322.

The first number removed from the great bowl was taken out by President Wilson himself. The little slip of paper bore the figures 322, and the men holding this number all over the country are the first to answer the call for the third selective draft.

Mikkel G. Jorde, farmer, residing just east of Thief River Falls, held the lucky number in Pennington county. Mr. Jorde's occupation would in all likelihood exempt him in any event, but he is also a man of family and there is no probability of his having to serve.

Gets Nineteen Here.

Out of the 100 names made known, 19 apply to Pennington county. The remainder of the figures were all above 1363, which was the total registration here. Following is a list of those to whom the draft figures apply so far as these have been made public. The first figure represents the serial number by which each man will hereafter be designated, while that at the end is the registry number appearing on the records of the local board:

1	Mikkel G. Jorde, R. 1, city	322
2	Tellef Bretland, city	1027
3	Oscar P. Sobjonson, city	438
4	William A. Parbst, city	904
5	Joseph J. Baker, city	1240
6	Carl G. Lindquist, Wylie	20
7	Bohumel Hruby, Eric	739
8	William G. Moeller, St. Hil.	535
9	Martin Melhouse, Rudell	219
10	Axel G. Stark, St. Hilaire	625
11	John H. Swanson, Rhoda	72
12	Jacob Aga, St. Hilaire	832
13	Henry O. Loken, city	964
14	Alfred H. Mork, city	348
15	Emil Larson, Wylie	4
16	James B. Johnson, Good'g	134
17	Jacob A. Funk, city	395
18	Carl J. Angell, city	657

Few in Class One.

County Auditor Anderson, clerk of the board, says that out of the 18 names in the list he does not expect that more than five will be Class 1 men. The majority have families dependent upon them and will no doubt set up exemption claims. In this they are perfectly right, the government asking that all who have legitimate claims for exemption present them at once in order that the work of the local boards be not delayed by having to consider them at a later date. Dependents may file claims for exemption in cases where the selected man fails to do so himself.

$1800 IS FARMER'S LIMIT IN BUILDING

Charles A. Pitkin, Pennington county member of the State Commission of Public Safety, this week received supplementary instructions on the building material order issued a short time ago. According to latest advises the edict against the employment of building material did not apply to ordinary farm construction, as this would in many cases entail a greater loss than the saving of material could possibly effect. Farm construction is to be permitted providing the expense incurred for material does not exceed $1800. Should more extensive work be desired a permit will have to be secured from the state board through the county chairman. Construction work of all other kinds can only be done on a permit, no matter what the expense involved.

Own Half of County.

Andrew Hovland came up from Mahnomen for a short stay last week, returning Saturday morning. Mr. Hovland has been working in the neighboring town all summer, being engaged in carpentry. He is one of a large crew of men who are putting up buildings and clearing land for Chicago parties who will cultivate one of the largest single holdings in the Northwest when everything is in readiness. He says that there are 2800 acres in one piece which is to be used for general farming, while a tract of 8,000 acres has been set aside as a sheep ranch. It is one of the largest farming undertakings in the history of the state.

Mr. Hovland has a son who was employed on the Panama canal and who has now joined the American army in France.

Dr. Cole is Delegate.

Dr. Charles H. Cole, medical director of Oakland Park sanitarium, Thief River Falls, and Sunny Rest sanitarium, Crookston, has been appointed a delegate to the Mississippi Valley Conference of Tuberculosis by Gov. Burnquist.

Upon his return Dr. Cole will continue the Thursday afternoon clinics at the sanitorium. These clinics are held for the benefit of those desiring chest examinations and no charge is made for the service. A large number of persons who wish to satisfy themselves concerning any suspicious indication of chest troubles have taken advantage of these free clinics and been given the very best advice obtainable.

TAX LEVY REMAINS AS FOR LAST YEAR

COUNCIL PLACES SUM TO BE USED IN DIFFERENT FUNDS AT $39,500.

In spite of the increased cost of everything, the city council is going to try and keep the municipal expenses within the bounds set for last year. It has been decided that $39,500 will cover all necessary outlay, this being the same as was provided a year ago. The figures have been turned over to County Auditor Anderson for incorporation into the general tax division.

The current fund is asked to get along with $2,500 less than a year ago. The sum thus gained has been added to the local improvement fund. Five hundred dollars has been taken from the hydrant rental fund and added to the auditorium fund, otherwise the figures are the same as a year ago.

Following is a comparison of the levy for the two years:

	1918	1917
Current fund	$ 9,500	$12,000
Auditorium fund	2,000	1,500
Local Imp.	10,000	7,500
Sinking fund	2,000	2,000
Poor fund	2,000	2,000
Interest fund	2,000	2,000
Library fund	3,000	3,000
Cemetery fund	1,500	1,500
Hydrant rent	2,000	2,500
Street Light	5,500	5,500

TAX FIGURES NEED BUT FEW CHANGES

STATE BOARD FINDS REAL ESTATE ASSESSMENT ALL SATISFACTORY.

The several township assessors and members of the board of equalization for Pennington county this week received the compliments of the state board for the thorough manner in which the assessment work had been accomplished this year. Not a single change was made in the real estate assessments and but few in the personal property valuations. Household goods were increased ten per cent over the sum set by the board as were also poultry, adding machines, cash registers and typewriters. Cattle one year old and under two were increased 20 per cent, the same raise also made in the item of bulls.

There is perhaps not another county in the state where so few changes in the assessment rolls were found necessary and speaks well for the conscientious care taken by everyone who had anything to do with their preparation.

Your Subscription, When Does It Expire?

Look at the yellow address label which is pasted on the front page of your paper, which shows you the date your subscription expires.

THE WAR INDUSTRIES BOARD at WASHINGTON, issued the following ruling:

"ALL NEWSPAPERS MUST DISCONTINUE SENDING PAPERS AFTER DATE OF EXPIRATION UNLESS SUBSCRIPTION IS RENEWED AND PAID FOR."

Times readers should watch their date labels and renew promptly before their subscription expires, thereby not missing a single issue.

Look at Your Label and Renew Today

All Subscriptions are Stopped the Day They Expire.

The Times Company

PURE BREDS ARE PLACED ON SALE

SOME OF THE FINEST ANIMALS IN COUNTY WILL BE OFFERED NEXT WEEK.

CHOICE HEIFERS INCLUDED

YOUNG SIRES FROM BEST STRAINS IN AMERICA MAY ALSO BE SECURED.

The biggest sale of pure bred and high grade cattle ever held in northwestern Minnesota will take place in this city October 16 and 17. The sale is under the auspices of the Pennington County Live Stock Breeders association and includes Holstein, Shorthorn, Guernsey and Jersey stock of the very finest quality. County Agent R. P. White, who is in charge of the preliminaries, has listed a total of 107 head of cattle in the following classifications: Holsteins—Seven pure breds and 56 grades. Shorthorns—Ten pure breds and three grades. Guernseys—Three pure breds and 28 grades. These cattle are from the herds of the following wellknown breeders: Hans Anton, W. J. Bell, Bred Beerbower, F. B. Conklin, J. W. Denhart, E. F. DeVelling, Peter Engelstad, Ole O. Howard, Albert Johnson, Will Korstad, Jens Letness, R. L. Muzzy, V. C. Noper, Hans Rude, C. L. Rud, Hans Skogstad, Will Smith, B. E. Tieman, C. Werner and Harry Woolson. K. T. Delager will offer several head of pure bred Duroc Jersey hogs, while S. E. Hunt and O. O. Howard will place on sale a choice lot of Shropshire sheep.

Pure Bred Bulls.

The sale will present an unusual opportunity for the man who wants to secure a pure bred or fancy grade bull as a head for his herd. Animals of this kind are offered from the Beerbower, Rud, Noper, Rude and Weiner herds.

Among the cows and heifers are 11 head from the famous Highlanding Holstein herd of Will Korstad. In the pure bred Shorthorn division the herds of Jens Letness, Willie Smith, B. E. Tioman, Hans Skogstad, J. W. Denhart and R. L. Muzzy are represented. Harry Woolson, J. W. Bell and O. O. Howard offer pure breds in Guernseys and Jerseys. F. B. Conklin and T. K. Delager will place on sale a number of Berkshire hogs of pure breeding, while O. O. Howard and S. E. Hunt will offer pure bred Shropshire sheep. Mr. Hunt will also sell one Shetland pony.

Some Famous Animals.

Among the more famous progenitors of the young animals to be placed on sale at this time are to be found Pinehurst Glen and Duke Spaulding, owned by Fred Beerbower. Ideal Fobis Polka Dot, the herd sire of Casper Weiner, has in his pedigree many 40 pound records. Ormsby Beauty Clotilde heads the herd of C. L. Rude and is a member of one of the most famous families in America. Magna Dolly's Dandy Boy is a fine sire owned for some time by O. O. Howard. Gouvernant's Governor of Silverton is the property of Harry Woolson. This sire is from state championship strain. The herd of Hans Anton is headed by Mercedes Butterboy and is of a family of which 54 members are A. R. O. daughters. Robert's Criterion of Rockstone is the head of the Peter Engelstad herd, one of the most famous in this section.

The original intention was to hold the sale on but one day, but the entries were so numerous that this would not allow sufficient time. Wednesday and Thursday were therefore selected and it is probable that even this will leave but little to spare. The sale will start promptly at 10:30 on Wednesday. A transfer of registry will be furnished with every pure bred animal sold. Anyone desiring further information should write at once to Ross P. White, County Agent, Thief River Falls, Minn.

Sailor Lad is Home.

Haakon Olson, who before his enlistment in the navy was a barber in the employ of Gus Crown, is paying a visit to friends here this week. Olson is stationed at a Pacific port and is firmly of the opinion that he selected the greatest branch of the service. So far his seagoing experience has not been extensive, but he hopes to see more service later on.

Dies in Montana.

Word was received in this city last week of the death of Charles Madison of Bearpaw Mountain, Mont. Deceased was a brother of Mrs. R. B. Shetler of this city, where his aged mother also resides. Deceased was taken to the hospital at Big Sandy from his mountain home, dying there of brain fever on the 18th. He was 42 years old and leaves a wife and three small children, besides the Thief River Falls relatives.

Interests Creamery Men.

The movement to place a minimum price on butter while the product is in such great demand in order to insure the producer against loss is creating considerable interest here. Dairymen generally seem of the opinion that for the protection of themselves as well as of the public generally some such measure should be adopted.

Letters from the BOYS

FOUND GERMANS CHAINED TO GUN

CORP. RAYMOND STAGEBERG OF THIS CITY VERIFIES GENERAL REPORT.

SHOT DOWN BY OFFICERS

FATE OF HUN SOLDIERS WHO GIVE INDICATIONS OF FALTERING.

The story published a short time ago to the effect that Yankee soldiers had found German gunners chained to their pieces when the batteries were taken was perhaps not very generally credited at the time. It sounded considerably like a "war story" to which but slight credence should be given. A verification of the report is now forthcoming direct from one of the Thief River Falls soldiers who has himself seen that such is the fact. Corp. Raymond A. Stageberg, son of Mr. and Mrs. T. O. Stageberg, 318 Kinney avenue north, writes from a hospital in France, where he has for some time been laid up with a shattered leg, and this information is part of the very interesting matter contained in the missive. He says in part:

Time Seems Long.

"Just received your letter of July 22, and believe me, it was one long looked for. The time does not pass so swiftly lying in bed in the hospital as it does when fighting the Hun and I regard your intention of sending me one or more letters every week as a 'peach.'

"Since I wrote you last I have had some real experience, as you know we Yanks have all had of late. But I suppose you first of all want to know how I am feeling and how I was wounded, which is something I will make a short story of. Should have written before as you may have worried about my condition after you received word of my having been put out of commission, but I want to tell you that after a Yank is in the hands of the American Red Cross he is sure to live in spite of the kaiser and the fatherland.

Praises Red Cross.

"The Red Cross is doing some wonderful work over here. I am a long distance back of the lines and never hear the noise of the big guns and shells, which was almost deafening when I left. I didn't think the Fritzies would ever get me as I had a lot of close calls before they finally handed me one, and I had begun to think I was too lucky to stop a bullet. But I'll get back at them again before long, I hope, as this game is getting mighty interesting.

Wounded in Thigh.

"I was wounded in the fight of July 23. A bullet struck me in the left thigh about four inches above the knee. The bone was fractured and I am afraid the injury is going to keep me in bed for some time. I am feeling fine, however, and getting the best of treatment, so this is more like a long rest. The only trouble I have is that I can't sit up very much because my leg is on a splint and I can't bend my knee.

Accounts For Three.

"Dad said he would like to go over the top. Well, I can account for three of the boches—how many more I do not know—and if I go back and do that well again I guess there will be no need of men of Dad's age doing any of the fighting over here. Every one of the boys are sure doing SOME execution, many of them having taken as high as 70 prisoners lone-handed. We have captured a great many and they all say that the Americans are very good fighters, not in the least afraid of machine guns; which they had in trees and everywhere else that would afford any shelter. One prisoner said that nothing would stop us.

Chained to the Guns.

"We found some of the German gunners chained to their pieces. Others said their officers threatened to shoot them if they did not stay by the guns.

"It sure was hard for me to leave the boys. They had the enemy on the run the last I saw of them—and they're still going. The French like to go over the top with the Yanks. They do everything they can to please us.

"Am getting tired and will write more later on."

The remainder of the letter is devoted to personal matters.

Complete address: Corp. Raymond Stageberg, Base Hospital 13, A. P. O. 753, A. E. F.

NOW AT CAMP COLT IN TANK SERVICE

AMBROSE ZEH DOES NOT UNDERSTAND TRANSFER, BUT IT'S ALL RIGHT.

If there is an American training camp that doesn't contain a Thief River Falls representative The Times has been unable to learn of it. Letters have been received from every assembling point for soldiers in the country, but the following from Ambrose Zeh is the first that has reached The Times' office from Camp Colt, located at Gettysburg, Pa. This young soldier writes:

"Just a word this evening to let you know my whereabouts and also to inform you that I have received the paper quite regularly.

"We have been in Camp Colt for two weeks and like the place fine, although it still puzzles us Purdue men why we should be transferred to the tank corps after receiving a technical training at LaFayette, but we will be placed where Uncle Sam sees fit to place us. At present we're light tank men.

"Ted McGinn and Ivan Erickson are still up at the casual camp awaiting transportation to a company and battalion. There is only one tank in camp, that being used for testing purposes. Last week 15 of our heaviest men were picked to demonstrate tanks in the Liberty Loan drive at Detroit, so our auto mechanics experience at Purdue will help us considerably, tank mechanism being on the same plan as the automobile.

"In light tanks there are three men and two machine guns, while in the heavy tanks there are 11 men and four machine guns.

"Arthur Guy Empey is now a private in our corps and he spoke to us the first night. Since then he has been to New York recruiting for our branch. Whatever is necessary to bring in the recruits Empey is able to furnish. He gave us a very interesting talk, stating that the tank was the highest branch of service and that all the work next spring would be accounted for by tanks. We feel honored by having him in our presence. He certainly looks fine—a scar on the left cheek being the only indication of a wound noticeable. If it were not for this you would never know he had passed through the experiences he recounts. We expect him back in the ranks almost any day.

"Advancement is certainly possible in the tank corps. To a company of 117 men there are 17 officers and 45 non-coms. I have been acting sergeant, teaching the new men gun maneuvers, etc. The home guard drill certainly gave me quite an advantage over the new recruits.

"There is an entertainment tonight and as the racket is growing steadily I will close."

HE LIKES ENGLAND BUT IT'S NOT HOME

CLARENCE JOHNSON IS ALSO SATISFIED TO REMAIN ON DRY LAND.

None of the boys have yet been disappointed in what they have found on the other side so far as scenery and treatment goes, but every one of them will be glad to get back again. Clarence M. Johnson, who is with the 338th Aero Service Squadron, likes England well, however, as will be seen by the following letter written to a young lady friend in Thief River Falls:

"It will be quite a while, I suppose, before I can hear from you again. I am now in England and enjoying army life fine.

"Our trip across didn't bother me much, although I was rather seasick the first couple of days. They can have all the sailing they want for me—I'd rather stay on land. Am now in first-class condition.

"Wish you were here. The scenery is beautiful and I am sure you would enjoy it. Have taken quite a number of walks around the country and found a number of interesting things. Saw the ruins of one old castle that was built in the year 1100. The people build all their houses of brick and stone, the roofs being mostly covered with straw or grass. They have a big flower garden and it seems like they all try to make their places look as beautiful as possible. I would really like to live here, but there's no place like the good old U. S. A."

Boys Already at Work.

Ernest H. Johnson, Benjamin H. Borgen and Samuel D. Rouse, the three Pennington county boys who left about a week ago for special training at Dunwoody Institute, have already entered upon their new duties. A letter from Johnson this week states that he has signed up with the carpenter division and will also join the band as soon as the instruments arrive. All are feeling fine and well pleased with their surroundings.

FRANCE O.K. BUT "AMERICA FIRST"

GEORGE LOKEN SEEMS TO BE HAVING A PRETTY GOOD TIME AT THAT.

COST OF LIVING IS HIGH

PRICES IN THIS COUNTRY LOW WHEN COMPARED WITH OVER THERE.

George F. Loken is a member of the band at headquarters of the 352nd infantry in France and has had time to take more note of his surroundings than some of the other Thief River Falls boys. In a letter to his brother, H. O. Loken, he says:

"Our regiment is billeted out and we take hikes and rehearse every day. Yesterday we took our band over to a village and played at a so-called carnival—a new one on me, more of a church affair than a carnival. We watched the French people celebrate in their own way, but give me the good old U. S. A. fashion for mine every time.

Stores Not Modern.

"Their merchandising is done on a small scale here. Of course in the big cities they are quite up-to-date, but nothing like the stores at home. It is sure interesting to note the different ways of different peoples. The money here is peculiar to handle but I have learned to count their way now. Five centimes are equal to one cent in our money and one franc is about 20 cents.

Prices Are High.

"Everything is high in price here. Eggs bring 72 cents per dozen, grapes 15 cents a pound, and the dry goods are very high, due to the war. Chickens sell for $2.50 apiece. Can you beat it? Tobacco is very scarce but we get ours issued so we are O. K.

"The country is hilly with lots of trees. The roads are solid rock and very good. Wish I had a car here. One could enjoy riding on the fine highways. But gasoline is at an exhorbitant price.

People Are Very Kind.

"The people as a rule are very kind and as generous as they can be. They think the Americans are some wonderful sight. We give concerts every day and they sure do appreciate the music.

"The towns are close together and there are just as many inland as on the railroads. The funny part of the buildings is that they are all made of stone—roofs and all. It must have taken some work. The railways are modern and they are now using quite a few U. S. mogul engines—they travel, too. The passenger coaches are in compartment and looked odd at first but we are getting used to everything now and they are a common sight.

Castles and Canals.

"The castles owned by the more wealthy people are beautifully constructed and costly, too. Both exteriors and interiors are works of art. The canals running thru them and by them, with flowers and plants on each side, are like those I used to read about. But I will gladly leave all this behind when I set sail for the good old U. S. A.—which may not be so many months away.

"We get very little news here. You folks are better posted on what is going on over here than we are. Of course we hear all the important news nearly every day, when there is any.

Don't Like the Wine.

"The people here use and sell wine in every town, but it is sour stuff and I do not care for it. Give me water every time. This wine is all that is sold, however, and it is not intoxicating.

"The French girls are anxious to learn, and we are always ready to read for them. No danger of my owning one of them, though. I believe in patronizing home industry.

"Hope business is good. I will be in shape to dig in when I get back. Going to try to get all the window ideas I can.

"We have to wait a long time for mail—nearly six weeks—so write plenty when you do write."

GERMANY'S GUILT EXPOSED IN BOOK

D. P. O'Neill, representative of the America First association in Pennignton county, has arranged for 1000 copies of Prince Lichnowski's famous document to be mailed thruout this county, direct from New York.

The guilt of Berlin in throwing the entire world into war in 1914, is proven in a 185 page book, printed in the original German, as written by the prince, with English translation.

This famous document has caused much internal strife in Germany, where the original copies were seized by the police in February of this year. However, it was later printed in Sweden and the matter given to the world.

"The Lichnowski memorandum will doubtless attract increasing attention because it demonstrates the guilt of Berlin, the truth of which is slowly filtering through the minds of many who had heretofore accepted the German legends," said Robert W. Hargardine, Secretary of the America First association.

Political Announcement.

The undersigned begs leave to announce his candidacy to succeed himself to the Office of Superintendent of Schools of Pennington County.

I have endeavored in the discharge of my duties to give full service to the schools. I shall, at the pleasure of the citizen voter, do no less in the future. No question as to qualification is raised and none can be raised.

Your support and vote for re-election at the General Election, Nov. 5th will be greatly appreciated.

Respectfully,
E. A. MOSTUE.

AFTER THE FIRE!

If you buy any clothes this fall---maybe you wont need to---be sure you get the best quality. All wool fabrics are just as certainly "best" now as ever; good tailoring is as important and valuable as ever. Don't be satisfied with less than the best.

Hart Schaffner & Marx clothes save

YOU'VE been asked to save---food, labor, resources and you want to do it. When you buy clothes this fall, you can save labor and wool, if you buy right. The good quality in Hart Schaffner & Marx clothes saves for you. We feel that we're fortunate to be able to give you such service.

All Wool Mackinaws, Shirts and Pants

We are still selling all wool Mackinaws, Shirts and Pants priced at no more than you need reasonably expect to pay. You get more wear and satisfaction for every dollar you spend than in any other shop around if you will compare, but always compare qualities—mere prices are not safe measures. Get quality whenever possible—it pays.

Get the quality in the fabrics

Fine wool fabrics are scarce; but Hart Schaffner & Marx use no other. Their policy seems to be—"If we cant make good clothes, we wont make any." You'll find greys and blues, browns and tans; you'll find plain colors, stripes, plaids, checks; and many combinations of color and pattern.

WITHDRAW FROM SOIL OF FRANCE

FRANK H. SIMONDS BELIEVES GERMANS WILL FIND THIS NECESSARY.

DECISIVE HOUR AT HAND

ANY BLOW NOW MAY CAUSE GENERAL BREAKUP OF ENEMY FORCES.

The news from all battle fronts during the past week has been uniformly good. The Germans are not defeated but the tide has turned against them so decisively that the end of the struggle has been brought very much nearer.

The removal of Bulgaria from the list of belligerents was a severe blow to the Germans. To make matters worse for them Turkey is now placed in a most precarious situation and it would not be surprising to find that the sultan's government has decided that to continue the war can only make the general disaster greater in the end.

Americans on the western front have been playing a most important role in the week's developments. It only remains now for the people at home to subscribe heavily to the Fourth Liberty Loan. Any report that this had failed would bring cheer to the enemy in the darkest hour he has experineced since he started the war.

Germans Breaking Down.

Frank H. Simonds, the military expert of the New York Tribune sizes up the situation as follows:

There can be no mistaking the fact that Foch's battle has reached its climax.

Within a brief period, perhaps of hours, certainly days, a German retirement out of Northern France is assured.

German resistance, tremendous and sustained in certain sectors, is breaking down completely in others.

Perhaps the most amazing single incident of recent days has been the Belgian success about the old Ypres salient.

In a single day, with insignificant losses, the Belgians have retaken all the ground which the British spent five months and 500,000 casualties in taking one year ago.

This can mean only one thing; that the German army, as a whole, is breaking down.

The "Event" Now in Sight.

Foch's tactics are now clearly revealed. The period of maneuver is over.

The moment in the battle has arrived when a decision is to be sought and from the Yser to the Meuse, Foch is throwing in his last reserves.

The pace cannot be long maintained, the "event," to use the Napoleonic term, is in sight.

It is no longer one offensive, but half a dozen, all co-ordinated. In Belgium, King Albert and General Plummer are winning the battle of Ypres; in French Flanders and Artois, Horne, Byng and Rawlinson are fighting victoriously the battle of Cambrai. Above the Aisne, Mangin is winning the contest only partially won by Petain in 1915.

Finally, the famous fields about Verdun are behind Pershing and he is advancing over ground which has seen no Allied soldier since August, 1914.

All the old hopes long postponed are being realized. The Allies are everywhere advancing.

Any Blow May Cause Retreat.

Perhaps Foch does not yet know where the decisive break will come.

But it seems certain that one of the many blows will achieve the first objective, to compel a general German retreat out of France, away from the Hindenburg line.

And the second objective is to crush the retiring armies; to turn the withdrawal into a rout; to break the military power of Germany, to do it this year, and in the present battle.

This is the single purpose.

We are seeing today a battle of France, a battle in extent of front, in numbers engaged, in material employed, and, unhappily, in casualties, unexampled in human history.

BARTELSON ALIVE AT LAST ACCOUNTS

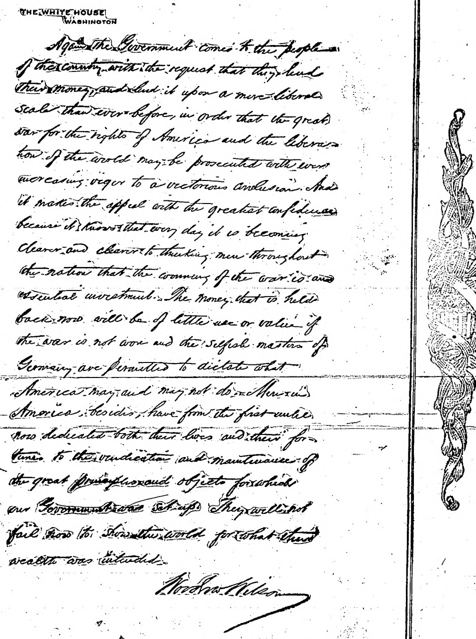
SOLDIER REPORTED MISSING LAST WEEK IN HOSPITAL ON SEPT. 2.

In the list of soldiers reported wounded or missing in last week's dispatches was the name of William Bartelson of Thief River Falls. The date of the engagement in which he was wounded was not given, but it must have been previous to Sept. 2, as the William A. Parbst family this week received a letter from him bearing that date. He was then in the hospital at Chatel Guyon, France. He says:

"Should have written to you before but have not had time. I am now in the hospital, having been wounded in the right arm. Am nearly well now and having a fine time. The Red Cross has a canteen here and there are movies nearly every night, so you see a fellow can pass the time away.

"I am not able to write very much as my arm is still pretty sore."

This soldier gives his address as Base Hospital No. 20, A. P. O. 740, Co. C, 58th Inf., A. E. F.



THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

HAVE THE WRONG IDEA.

A man in the service of the Federal Government who was in Thief River Falls this week for the purpose of seeing how the Liberty Loan campaign was progressing, stated that our people had been permitted to get away with some decidedly wrong notions. While the city residents were found most willing to subscribe the quotas alloted to them, the farmers were surprisingly backward. This state of affairs astounded the managers and a man was sent up for the purpose of looking into the matter.

He found that people had been permitted to believe that participation in this loan was a matter of choice; that if a man preferred not to buy a bond he could refuse to do so and nothing would be done about it. This error was promptly corrected and those who failed to meet their allotment know better now. No severe pressure was necessary as soon as the matter was correctly understood, but it is too bad that anything but the simple request was needed.

Of all men the farmer is the one who should be willing to come to the assistance of the government at this time. He has just sold one of the best crops in the history of the country for the biggest price ever received. Also he has been guaranteed the same price for the 1919 crop and with conditions anywhere near normal he cannot help but have a profitable season. He is as much interested in the outcome of this war as anyone and is at bottom just as patriotic. He simply permitted himself to drift into a state of feeling where he preferred to have others do his bit for him.

Nothing of the kind can be permitted at this time. The farmer must carry his share of this war burden the same as the banker, merchant and laborer.

The amount of bonds every man should purchase was decided after his circumstances were carefully considered. If a mistake was made it will be corrected, but there is no escaping taking the quota alloted unless the county committee is convinced that an injustice has been done.

TAKING IT FOR GRANTED.

No one questions the fact that a vast majority of the citizens of Minnesota favor a dry state, but at that there is a possibility of the state-wide prohibition amendment being lost at the polls in November.

It is no easy matter to secure an amendment to the Constitution in this state. Perhaps it was made thus difficult by those who anticipated a vote on this very question would some day be taken and wished to make the adoption of any change as difficult as possible. However that may be, the fact remains that the voters' negligence in failing to acquaint themselves with the law has often prevented amendments for which there was a general demand from becoming law. A determined minority can thus often overrule the will of the majority for years. There is not the slightest doubt but that the liquor interests are placing their dependence on this very contingency at the present time.

It is not enough for a proposed amendment to receive a majority of all the votes cast on that particular proposition. Every man voting on the subject may have declared himself in favor of it, yet unless a majority of all the votes cast at the election were recorded in its favor it would fail of passage. For instance, if there were 300,000 votes cast for governor or some other state officer, and only 100,000 on the amendment, every one of the latter votes might be in favor of its passage and still it would not carry. In order to go through it would have to have 150,001 votes, or a majority of all the votes cast at the election, regardless of how many persons voted on the amendment itself.

The only thing that can prevent Minnesota from becoming a bone dry state in the near future is a failure on the part of friends of prohibition to cast their votes for the amendment on election day. There are enough of them to carry it through with a whoop, but if they fail to vote their ballot will count as having been cast in opposition.

GERMAN KULTUR—WHAT IT MEANS.

(By Rudyard Kipling.)

Nothing else under Heaven matters today except that the war shall go on to Victory. The money we lend to the Government helps to set our land and our world free. Our security is the whole of civilization, which has pooled its resources in men, money and material to carry on this war to Victory.

What is the personal aspect of the case for you and me? We are fighting for our lives and the lives of every man, woman and child here and everywhere else.

We are fighting that we may not be herded into actual slavery, such as the Germans have established by force of their arms in large parts of Europe.

We are fighting against 18 hours a day forced labor under lash or at the point of the bayonet, with a dog's death and a dog's burial at the end of it.

We are fighting that men, women and children may not be tortured, burned and mutilated in the public streets. And we will go on fighting till the race which has done these things is in no position to continue or repeat its offense.

If, for any reason whatever, we fall short of Victory—and there is no halfway house between victory and defeat—what happens to us? This:

Every relation, every understanding, every decency upon which civilization has been so anxiously built up will go, will be washed out, because it will have been proved unable to endure. The whole idea of democracy—which at bottom is what the Hun fight against—will be dismissed from men's minds, because it will have been shown incapable of maintaining itself against the Hun.

It will die, and it will die discredited, together with every belief and practice that is based on it.

The Hun ideal, the Hun's root notion of life, will take its place throughout the world. Under that dispensation man will become once more the natural prey, body and goods, of the better armed neighbor. Women will be the mere instrument for continuing the breed—the vessel of man's lust and man's cruelty—and labor will become a thing to be knocked on the head if it dares to give trouble and worked to death if it does not. And from this order of life there will be no appeal, no possibility of any escape. This is what the Hun means when he says he intends to impose German kultur—which is the German religion—upon the world. This is precisely what the world has banded itself together to resist.

It will take every ounce in us; it will try us out to the naked soul. Our trial will not be made less by the earnest advice and suggestions that we should accept some sort of compromise, which means defeat, put forward by Hun agents and confederates among us. But be sure of this:

Nothing, nothing we may have to endure now will weigh one featherweight compared with what we shall most certainly have to suffer if for any cause we fail of victory.

BUY LIBERTY BONDS AND MAKE VICTORY SURE.

DON'T BE SUCH A SUCKER.

Should a sleek stranger approach with the suggestion that you exchange your Liberty Bonds for stock in an automobile company or a mine or an oil well, set the dog on him. The chances are ten to one that his proposition is either purely a fake or contains so many elements of risk that it does not appeal to the wise ones who make a business of investing in legitimate enterprises of this kind.

The Times has been advised that agents for projects of problematical value have been trying to induce the farmers of the Northwest to part with their Liberty Bonds, taking in exchange the stock of certain corporations. It may be that the stock is often all right, but no matter how sound, it is not as good as Uncle Sam's bond.

These sleek gentlemen do not insist upon getting the cash. Oh no, a Liberty Bond will be taken at face value—just as if the government's paper was of no particular importance anyway and something that any person ought to be glad to get rid of. They point out the fact that the bonds pay only 4¼ per cent interest, whereas the stock they are handling is guaranteed to make the holder wealthy within a year or two. The stock aforesaid may not have paid a cent in dividends up to date, but that is only because the particular person then being solicited has not had time to get his money into the business. As soon as this little detail has been properly attended to—through the exchange of the Liberty Bond for a beautifully lithographed stock certificate—the enterprise will at once be brought onto a paying basis and the returns will begin coming in so fast that the stockholders will not be able to count their wealth.

The state of Minnesota is getting somewhat particular about the arguments used in selling stock, so it is explained that the entire sum will not go into the business of manufacturing or mining or drilling, but that a certain amount will be used for publicity work—that is, in getting more farmers to part with their Liberty Bonds for more stock.

Leave these propositions severely alone. They may be all right but they are not as good as government bonds at 4¼ per cent. Keep all you have of the latter and acquire as many more as possible. If at any time you must part with them, go to your banker. At least see him before you put your money into something you know nothing about.

CHEERFULLY ADMITTED.

Our county seat paper, commenting on the splendid crops in this locality, says: "The territory around St. Hilaire seems to be especially favored this year." In connection with the above we might say that the crop this year was no better than the average. This territory, comprising the cream of the land in Pennington county, raises a good crop every year and this one was no exception. While yields on some places are very heavy, these same places have raised larger crops before. This territory is not favored to any great extent. The crop raised was no better than was expected when one considers that the best farm land in northern Minnesota is in the territory tributory to St. Hilaire.
